5 don't really know the extent to which this might inhibit the
6 testimony or the timing of it.

7 I will say that I'm not totally impressed by the
8 timing of when this issue was brought to our attention; it
9 could have been much earlier, based on the evidence that
10 I've seen; the fact that none of the doctors' notes are
11 signed, let alone verified, which is the typical way that
12 this kind of thing is brought to a court's attention, and
13 the doctors' notes aren't even addressed to the Court;
14 they're addressed to his employer, which is a different
15 analysis of whether somebody can be a full-time employee
16 versus the ability to be a witness in, obviously, an
17 extremely important case.

18 On the other hand, the State's suggestion that it's
19 torpedoing their case to not have the testimony essentially
20 all be one time, I think, is a little overblown, frankly.
21 Like I said the other day, there's a difference in my mind
22 between if it has to be, you know, sort of split in two
23 pieces as opposed to eight pieces, where it really does
24 torpedo the case.

25 I understand, though, you know, that there is a

1724

1 desire to have your witnesses go in the order you wanted
2 them to go. Sometimes things happen. And regardless of
3 what the evidence is, ultimately, if I have a witness who is
4 struggling to -- for health reasons, I'm going to
5 accommodate that, one way or the other. It's sort of
6 obvious to me.

7 So, putting aside my initial, sort of, whining
8 about all of this, I just want you all to make the best of
9 it. I'm -- like I said, I -- my principal concern is the
10 jury's time and that nothing that we do in connection with
11 this testimony is going to extend their service. So we need
12 to work it out.

13 And, you know, I trust that Mr. LaPierre will give
14 his very best efforts and will let me know, either himself
15 or through counsel, whether we need breaks during the
16 testimony, and we'll go from there.

17 You know, I -- I -- it's a difficult thing for a
18 judge to try to evaluate these medical letters, which are
19 written for a different purpose. I'm just going to have to
20 see how it goes, you know, and whether, if it -- if it
21 somehow wastes time, you know, how that's divided, and how
22 that excess time is divided is something I'll have to think
23 about. But I don't envision it making this jury stay
24 longer.

25 MR. CORRELL: Your Honor, if I may address the

1725

1 issue, briefly ...?

2 First of all, I apologize for not raising the issue
3 earlier. Obviously, it's a sensitive matter, and personal
4 health is -- particularly for a high-profile person -- is
5 something that you don't necessarily have -- want to get
6 into unless you have to.

7 The fact is that Mr. LaPierre started an intensive
8 regimen of ten medications at the end of the year, and as is
9 often the case where a patient undergoes intensive
10 medication, it had profound effects and to such an extent
11 that the doctors expressed concern.

12 I'd be happy to ask the doctors to turn their
13 letters into an affidavit or to a letter to you; happy to do
14 that. If the Court wants to ask Mr. LaPierre to take the
15 stand and -- under oath -- and describe the symptoms he's
16 experiencing, he's happy to do that. If the State wants to
17 conduct a remote deposition with doctors to satisfy
18 themselves that there is sufficient basis for a reasonable
19 accommodation, we're happy to do that.

20 There a couple things that are quite troubling to
21 me. At ten o'clock last night, they sent a -- this letter
22 and then, at one o'clock, they sent an exhibit list with 127
23 exhibits, telling us that they want him to testify tomorrow
24 morning. That makes it physically impossible for any
25 person, much less a man in the medical condition he's in, to

ALAN F. BOWIN, CSR, RMR, CRR

Proceedings

1726

1 review 127 documents and prepare for testimony.

2 I would say, that was -- I would suggest that we
3 schedule him for Friday morning in hopes that he can go as
4 long as he can. Typically, he's able to go through lunch.
5 We might be able to make it through the afternoon break.
6 And I think that would be -- give us the optimal chance of
7 having uninterrupted testimony from him, and we could resume
8 with him on Monday, and I think that would be enough to
9 finish his testimony.

10 MS. CONNELL: Your Honor, what the State requested
11 here was nothing extraordinary.

12 To have last-minute notice that Mr. LaPierre may
13 have significant limitations on his testimony, we just asked
14 for the kind of showing that is normally required by a court
15 to substantiate the same.

16 Of course, we agreed; we agreed, on the record,
17 when it was first raised last Thursday; and notably, your
18 Honor, last Thursday, we had hoped to get to Mr. LaPierre
19 maybe even that Friday afternoon. He has been on the list,
20 coming up for some time and, in fact, has been on the list
21 as being behind Mr. Cotton for some time, so that shouldn't
22 have been a surprise. We knew the trial had slowed down and
23 he had been pushed back some, but all we did was ask for the
24 type of substantiation that is normally required.

25 We have absolutely no objection to taking

ALAN F. BOWIN, CSR, RMR, CRR

Proceedings

1727

1 reasonable breaks, as the witness needs, or regular
2 accommodations.

3 But what we did say is, if it does, as your Honor
4 said, turn into something where we're being stretched out
5 for a long period of time, there should be some
6 substantiation of that. I don't think there's anything
7 unfair or unreasonable, particularly given, as you pointed
8 out, that these notes were from January 3rd and we weren't
9 told then, and they reflected, I think, a last doctor's
10 appointment of December 11th. If at any time we had been
11 given a heads-up, we could have perhaps broken it up or
12 brought him in sooner or something like that.

13 So, your Honor, that's -- that's that.

14 THE COURT: Well, your reference to him as an "apex
15 witness" -- oftentimes, I take that to mean he was going to
16 be the last one. Is that not your plan?

17 MS. CONNELL: No, your Honor. We were not planning
18 on taking him as the last witness. The last witness, we
19 believe, will be Eric Hines, plaintiff's expert.

20 But an apex witness, for us, means one of the
21 parties; it's an important witness and we're building up to
22 him.

23 So we had been planning to take him this week, no
24 questions asked.

25 THE COURT: So how -- just logistics, right? Today

ALAN F. BOWIN, CSR, RMR, CRR

Proceedings

1728

1 is going to be Lieutenant Colonel North.

2 MS. CONNELL: Yeah.

3 THE COURT: We're going to start with that.

4 MS. CONNELL: Yes.

5 THE COURT: And is that going to be most of the
6 day?

7 MS. CONNELL: I hope not, your Honor. I really
8 endeavored to keep his direct quite, quite short. I'm going
9 to try to keep it moving. I can't speak to how long the
10 crosses are going to be.

11 We're then going to return and, hopefully, finish
12 Mr. Cotton. We then have a nonparty witness, Mr. Winkler,
13 who is going to appear. And then we hope to move on to
14 either -- we could move to Mr. Spray's deposition or --
15 designations -- or we could move to Mr. LaPierre.

16 THE COURT: All right.

17 Well, look, I agreed to a 24-hour notice period and
18 whatever you gave them last night would be consistent with
19 that, so I'm not going to call a foul on that.

20 So we'll assume -- you know, I think Friday is
21 still -- you know, if that's the day you're talking about or
22 is it tomorrow?

23 MS. CONNELL: No, I think we could get to
24 Mr. LaPierre tomorrow afternoon.

25 MR. CORRELL: Your Honor, the afternoons are the

1 problem for Mr. LaPierre. He gets very fatigued in the
2 afternoons. His eyes will not stay open. He has difficulty
3 reading. He has a neurological disconnect which keeps him
4 from understanding documents that he's viewing. And that
5 is -- if the Government is trying to take advantage of a
6 witness' medical condition, that's not the Government that I
7 know.

8 THE COURT: Yeah, I am not going to assume that.

9 Look, I do think there should be affidavits; that's
10 just normal process, and it also can be directed to things
11 that are not in the current letters, as you just said, in
12 terms of time of day or whatever, and at least I'll be able
13 to evaluate it. I don't want to spend court time on this,
14 but I do want to be fair to both sides, and so I think you
15 should get that in as quickly as you can.

16 And, look, the Government's going to have to make
17 its call here. I mean, we won't really know, until you call
18 him, whether there's an ongoing issue. You know, again, I'm
19 not going to make an evaluation -- that's not my expertise,
20 frankly -- as to whether a particular time of day is going
21 to be the issue. But that's what I'm hearing.

22 MS. CONNELL: Your Honor, if Mr. LaPierre is only
23 able to testify in the mornings, if that's what I'm hearing,
24 and again, we don't really have substantiation for that,
25 then we think we should start with him after we conclude

1 Mr. Winkler, if he goes over into the morning, tomorrow
2 morning; and then --

3 THE COURT: Mister ...?

4 MS. CONNELL: Winkler, from Ackerman McQueen;
5 William Winkler.

6 THE COURT: Okay.

7 MS. CONNELL: And then he could finish in the
8 morning and we could move to the next witness and then take
9 him Friday morning, as well.

10 THE COURT: All right.

11 Well, look, you guys can talk during the day. If
12 there's a way to -- that Mr. LaPierre can go in the morning
13 tomorrow or the morning Friday, that sounds like it will
14 maximize the chances of success. But, you know, perhaps you
15 guys can talk during a break to work out exactly how
16 that's -- how that's going to play out.

17 MS. CONNELL: Your Honor, may I raise two issues
18 regarding the witness this morning? I know we --

19 THE COURT: If we can do it quickly, because I'd
20 like to --

21 Well, actually, they're all here?

22 All right. So let's move on -- move it quickly.

23 MS. CONNELL: When we had Phil Journey here, who is
24 a judge, your Honor directed not to use honorifics, which is
25 completely understandable. We have a couple in this case, I

1 think, on both sides; a couple of witnesses who are retired
2 military. Can we refer to them as "Colonel" or whatever, or
3 not?

4 THE COURT: I have less concern about that than the
5 "judge" part.

6 MR. CORRELL: Your Honor, the proper address for a
7 lieutenant colonel is "Lieutenant Colonel," not "Colonel,"
8 and I'm happy to use that honorarium, having been a colonel.

9 MS. CONNELL: I understand Colonel North is
10 "Colonel North," but he can correct me if I'm wrong. I'll
11 ask him that, actually.

12 THE COURT: I think, in the prior case I had, they
13 were very specific about "Lieutenant Colonel."

14 MS. CONNELL: Okay.

15 THE COURT: But you can use whatever term the -- is
16 appropriate. That's -- I think, in the courtroom, calling
17 somebody "judge" is a slightly different --

18 MS. CONNELL: I agree.

19 THE COURT: -- different thing. I don't --

20 MS. CONNELL: And the other issue, your Honor, is:
21 Just to the extent that when he takes the oath, he needs to
22 give an address, can Lieutenant Colonel North not give his
23 home address, for security reasons? Can he use -- he has
24 counsel (indicating). Can we use the counsel's address or
25 something else like that?

ALAN F. BOWIN, CSR, RMR, CRR

Proceedings

1732

1 MR. CORRELL: Your Honor, if you give that
2 instruction, I would ask that the Court instruct the jury
3 that it's being done for security reasons.

4 THE COURT: Well, that I'm not going to do.

5 But I think he can say, you know, "care of my
6 attorney." I'm not going to get into any substance on this,
7 but you can let him know that he can say, care of his
8 attorney at X address. That's okay.

9 MS. CONNELL: Thank you.

10 THE COURT: And if any -- you know, if others need
11 to do that -- I've never really fully understood the need
12 for the address as part of the oath, anyway, but that's just
13 the way it's always been, so I haven't rocked that
14 particular boat. But I'm fine with it.

15 All right, let's get the jury.

16 (Pause.)

17 COURT OFFICER: Court ready to receive the jury,
18 your Honor?

19 (The Court nodded.)

20 COURT OFFICER: All rise. Jury entering.

21 (The jury entered the courtroom.)

22 THE COURT: Good morning, everyone. Have a seat.

23 Okay. Counsel for the State, do we have a witness

2 DIRECT EXAMINATION

3 BY MS. CONNELL:

4 Q Good morning, Lieutenant Colonel North.

5 A How are you?

6 Q Good, thank you.

7 It's "Lieutenant Colonel" rather than "Colonel";
8 correct?

9 A Yes, ma'am.

10 Q Thank you.

11 THE COURT: Can you just bring the microphone a
12 little closer to you?

13 THE WITNESS: Yes, sir.

14 (The witness did so.)

15 MS. CONNELL: Alan, can you hear me okay?

16 COURT REPORTER: I can.

17 Q Colonel North [sic], can you again state your name for
18 the record?

19 A Oliver, O-l-i-v-e-r; middle initial, L.; last name,
20 North, N-o-r-t-h.

21 Q Lieutenant Colonel North, are you married?

22 A Yes.

23 Q And how long have you been married?

24 A Fifty-five years and three months.

25 Q Do you have children?

ALAN F. BOWIN, CSR, RMR, CRR

1735

1 A Yes, we do.

2 Q Grandchildren?

3 A Eighteen of them.

4 Q And where do you live? Not the street address, please.

5 A We live in Clarke County, Virginia.

6 Q And you're retired from the military?

7 A Yes, ma'am.

8 Q How long did you serve in the military?

9 A A total of 25 years, counting my time at the Naval
10 Academy.

11 Q Okay. Lieutenant Colonel North, are you an NRA member?

12 A Yes.

13 Q How long have you been an NRA member?

14 A Well, as a youngster, I was an NRA member as a kid; my
15 brothers and I all were, I think. And then I brought -- I came
16 back in the NRA in 1988 because a famous Marine Medal of Honor
17 recipient, president of the NRA, recruited me, and I think he
18 paid for my Life Membership in 1990.

19 Q So is it your understanding, you have two Lifetime
20 Memberships?

21 A I do. I have two Life Membership cards, with different
22 numbers on them.

1 Q Colonel North, do you know Wayne LaPierre?

2 A I do.

3 Q How long have you known him for?

4 A Exact number of years, I don't know, but I do know that
5 I was in his wedding back when that took place in Virginia.

6 Q What was the nature of your relationship with Colonel
7 North until recently -- I mean, excuse me, with Mr. LaPierre
8 until recently?

9 A We're friends. Close friends. We saw each other a
10 good bit. I would see him at events that he was attending or I
11 was attending. Did a whole bunch of things for the NRA unpaid
12 when I was working for a news network, and was glad to do so
13 cause we were close friends.

14 Q Great.

15 MS. CONNELL: Can the jury hear Lieutenant Colonel
16 North?

17 THE JUROR: Barely.

18 Q Could you get closer to the microphone.

19 A Go like that to me and I'll speak up.

20 Q Lieutenant Colonel North, at some point did you become
21 an NRA board member?

22 A Yes, I did.

23 Q How did you become a board member?

24 A My recollection is that when LaPierre encouraged me to
25 become a board member. I think it was at his admonition I do

LAS

Direct-North-Connell

1737

1 so. I was -- I was already a life member and the nominating
2 committee, I think the nominate committee for the post.

3 Q And were you elected by the members of the NRA?

4 A Yes.

5 Q And re-elected?

6 A Each time the term expired, yes.

7 Q At some point did you become NRA president?

8 A I did.

9 Q Can you describe for the jury how that came about?

10 A I was asked by one of Wayne's aides if I would consider
11 it. And I said I -- I'm really not looking for that kind of
12 assignment. But I knew that the then president of the NRA was
13 not going to serve for a second term. Wayne came to me and
14 said, I've got to have you as the next president of the NRA, and
15 I can make that happen. And so after several days of discussing
16 it with my friends, my employer, I said okay. I'll do it. And
17 at the end of that Wayne said, I'll take care of it.

18 It also included several other things. That I could
19 not be without a job. And I knew that I was not going to be
20 able to work as a combat correspondent or as a documentary
21 filmmaker or as a historian or has a host of a show while I was
22 president of the NRA. Effectively meaning I would have to leave
23 my employment.

24 Q So, let me break that down a little. You said I think
25 that you knew the then president of the NRA was not going to run

LAS

Direct-North-Connell

1738

1 for another term, is that accurate?

2 A Correct.

3 Q Who was the president at that time?

4 A Pete Brownell. The Brownell family has been big
5 supporters of the NRA for as long as I have been alive, I think.
6 So, I talked to Pete and said -- he said, I just can't run.
7 There were issues being presented that said that the NRA was
8 somehow complicit in helping a Russian spy, those kind of
9 things. So Wayne was making the point to me consistently, only
10 you can do this job for us. You're an American patriot. You're
11 well known. We need somebody like you, and there is nobody else
12 like you.

13 So, after a period of time and I talked to the folks at
14 Fox and they reassured me if you're going to be the president of
15 the NRA you cannot be at Fox.

16 Q When he said "We need somebody like you", what did you
17 understand him to mean?

18 A Well, actually I think they put that in one of the
19 resolutions validating my employment, but they wanted someone
20 with high visibility. A record of being a patriot. A person
21 who was comfortable in the media. And they wanted me to make
22 sure that I could fulfill those kinds of, if you will, roles as
23 the president of the NRA.

24 Q At the time that Mr. LaPierre approached you, were you
25 employed?

LAS

Direct-North-Connell

1739

1 A Yes.

2 Q And what were you doing at that time?

3 A I was employed by Fox News. I had been employed by Fox
4 News since 1980 or thereabouts. And I was the host of a TV show
5 called Wars Stories. I was a combat correspondent for them for
6 -- I did 60 some embeds with U.S. military and allied military
7 and war on terror. In fact, 9/11/01 kind of changed my role
8 with Fox. I've been hired early in the year and they came to me
9 and said can you go embed with various units that are fighting
10 this war in terror. In October of that year my role at Fox was
11 added to do the war correspondent aspect of it.

12 Q Lieutenant Colonel North, at the time Mr. LaPierre
13 approached you to potentially become NRA president, you had a
14 career at Fox News, is that right?

15 A I did. Fox paid me a lot more to get shot at than the
16 Marine Corps. did. I was grateful for it. They made it
17 possible for me to publish books with the Fox logo on it. I
18 paid royalties to Fox for the books we sold. We did, without
19 any hubris did very, very well.

20 Q What was your initial response to Mr. LaPierre's
21 request?

22 A I'm sure that I said at some point something like, Make
23 me an offer I can't refuse, but knowing that I was going to have
24 to leave my job at Fox. And that Fox job not only came with
25 very lucrative income and other residual effects of that, like

LAS

Direct-North-Connell

1740

1 the books and speeches and those kinds of things, but it also
2 meant that I was not going to have insurance unless I was an
3 employee.

4 Q Why was insurance important to you at that point?

5 A Because my wife had already been diagnosed initially
6 with a very serious terminal illness, and eventually over the
7 course of the next year plus I took her to Mayo Clinic, who
8 confirmed it wasn't what a lot of other people thought, but it
9 was a terminal illness. I was going to have enormous expenses,
10 medical expenses, which turned out to be true.

11 Q And given that, did you tell Mr. LaPierre you couldn't
12 take on the role of president?

13 A I told him I couldn't take on the role unless I was an
14 employee who would receive the benefits. Over the course of
15 several weeks of negotiations back and forth with Fox, they
16 allowed me to retire not resign, which was very important to be
17 able to retain the benefits that I had gotten from Fox,
18 particularly the medical care, medical insurance. And so
19 eventually that was worked out in discussions with my attorneys
20 who represent me for my media contracts and the like. A
21 contract was drafted up. I think it was somewhere around May,
22 mid May, the initial conversations with Wayne had been and with
23 several others had been in April. And once that was ironed out,
24 I said I can do that.

25 Q When you say "April", what year were you talking about?

LAS

Direct-North-Connell

1741

1 A I think we're talking 2018.

2 Q Okay. And you said you had conversations with Wayne
3 and several others. Do you remember who you were having
4 conversations with besides Mr. LaPierre?

5 A Well, I mean initial negotiations were Wayne and I just
6 talking to each other. At some point in that process I
7 presented to Wayne a term sheet that had been offered to me by
8 Melanie Montgomery at Ackerman McQueen. No one told me about
9 becoming president of the NRA. 2016 Melanie sent me a draft of
10 what a term sheet would be that included pay and it included the
11 insurance for my wife or my family. My dependents I guess is
12 the best way to put it.

13 Q Lieutenant Colonel North, if you retired from Fox News
14 were you able to retain your health benefits through Fox News,
15 your health insurance?

16 A No.

17 Q So when you were discussing potentially becoming the
18 president with Mr. LaPierre, were you -- did you indicate to him
19 you needed to be able to get health insurance through some other
20 means?

21 A I made it very clear, yes.

22 Q And in regard to employment -- Strike that. When you
23 told Mr. LaPierre you would need employment and health
24 insurance, what was his response, if any?

25 A Well, broadly, obviously, lots of issues in a contract.

LAS

Direct-North-Connell

1742

1 We're talking about the contract I had with Ackerman McQueen.
2 Separate from becoming the position of president of the NRA is,
3 as everybody I think knew, is not a compensated position. So, I
4 was -- I needed an employer who would help me with one, a
5 paycheck and number two, the insurance, which was very important
6 to me.

7 Q So, the position of the NRA under the bylaws is a
8 volunteer position, right?

9 A Correct.

10 Q It's unpaid, correct?

11 A Yes.

12 Q And did you make it clear to Mr. LaPierre you could not
13 take that position unpaid and volunteer?

14 A Well, I made it clear to him that I had to be employed
15 by someone who was going to give me the insurance I needed for
16 my wife and myself, but mostly my wife, because it is a terminal
17 illness.

18 Q Right. And what happened next?

19 A At some point I -- I sent the term sheet to either -- I
20 think I handed Wayne a copy of it. In any event, the term sheet
21 included the fact that I needed the insurance. That I needed to
22 be employed. I couldn't get it as a consultant. I couldn't get
23 it as an outside contractor. I had to have that. Wayne's words
24 were to me, I'll take care of that as long as you'll agree to
25 become president of the NRA, and I did.

LAS

Direct-North-Connell

1743

1 Q Okay. So, did you run for the position of president of
2 the NRA?

3 A No. I never ran for a board position. I never ran for
4 any of that.

5 Q Did you submit -- Did you campaign to become president
6 of the NRA in 2018?

7 A No. No.

8 Q Did you meet with the nominating committee to get the
9 nomination for president of the NRA in 2018?

10 A No. Wayne told me he would take care of that.

11 Q Did you in fact become president of the NRA in 2018?

12 A I did.

13 Q And did you come to have employment in 2018 not with
14 Fox News?

15 A Correct. I -- I -- Again, I think it was May 15th or
16 thereabouts that the contract, we agreed that this was the
17 effective date, I think it was May 15th.

18 Q And who were you employed by under that contract?

19 A Ackerman McQueen.

20 Q And what role, if any, did Mr. LaPierre play in
21 securing that employment for you with Ackerman McQueen?

22 A Well, I do know at one point he had a friend of mine
23 that talked to every member of the audit committee to validate
24 and confirm that what we were doing was the right thing. I
25 think the word was used, You, Richard, go in there and you tell

LAS

Direct-North-Connell

1744

1 every member of the audit committee that Oliver North is worth
2 every penny.

3 Q When you say "Richard", to whom are you referring?

4 A Richard Childress who at the time was the first vice
5 president. In the normal process of the NRA, it's in the
6 bylaws, you -- the presidential term is a year. And the
7 nominating committee would reaffirm that they want you to stay
8 another year. And there is provisions for that in the bylaws.

9 Q So in the normal course of events of the NRA is it
10 correct to say that the second vice president would be elected
11 for a one year term and then re-elected for a second year term,
12 right?

13 A Correct.

14 Q That would be true of the first vice president?

15 A Yes.

16 Q And the president?

17 A Yes.

18 Q So when Mr. Brownell stepped down after one year that
19 was unusual?

20 A I -- I don't know it's all that unusual. I know that
21 some people like Charlton Heston served for multiple terms. So,
22 waivers were given to those provisions of the bylaws that said
23 you could only do one year. Your term is only going to be one
24 year at a time. You would have to be renominated each time.
25 And then I don't if other people campaigned for the job or not.

LAS

Direct-North-Connell

1745

1 I don't recall. But I didn't. I didn't have to, 'cause Wayne
2 had said, I'll take care of it, and he did.

3 Q Did you and Mr. LaPierre discuss Charlton Heston at
4 that time?

5 A I don't think it was then. I think I had a question or
6 two about how Charlton Heston had been compensated not by the
7 NRA directly but by others and serve multiple terms. I mean,
8 and he -- I don't remember the specifics of the conversation.
9 In fact, I still don't know how Mr. Heston was compensated.

10 Q So, Lieutenant Colonel North, I would like to direct
11 your attention to tab 22 in the binder that's next to you.

12 MS. CONNELL: This is PX 2569. Your Honor, I have
13 not received any objections to this exhibit.

14 A Which tab am I looking at?

15 Q Twenty-two, please.

16 MS. ROGERS: No objection.

17 THE COURT: It's admitted.

18 A Employment agreement, right?

19 Q Yes, sir. Lieutenant Colonel North, have you seen this
20 document before?

21 A (Examining). Oh, yes.

22 Q What is it?

23 A This is the employment contract I had with Ackerman
24 McQueen.

25 Q And directing your attention to page 10, is that your

LAS

Direct-North-Connell

1746

1 signature on the contract?

2 A (Examining). Yes. It is.

3 Q And who else signed this agreement?

4 A I'm sorry. Who else signed it?

5 Q Yes.

6 A That is the signature of Revan McQueen, who was the
7 chief executive officer of Ackerman McQueen at the time.

8 Q And so under this agreement you became an Ackerman
9 employee, is that right?

10 A Yes.

11 Q Why did you become an Ackerman employee?

12 A So that I would have most importantly the insurance and
13 income that I needed for my wife's healthcare.

14 Q Did you ever discuss with anyone potentially serving as
15 an independent contractor?

16 A Someone at some point raised that as an option, and my
17 response to that option was I can't do that, because I -- I have
18 to be employed by someone who would provide as part of my
19 benefits the medical insurance.

20 Q Did you take any steps to confirm that with Ackerman
21 McQueen, that you would have to be an employee?

22 A Oh, yes. I know that my agent, my counsel, who was
23 serving as my agent for all of my media contracts, had put that
24 in there.

25 Q Okay. To your knowledge was this contract shared with

LAS

Direct-North-Connell

1747

1 Wayne LaPierre?

2 A Oh, yes. Before it was approved.

3 Q Okay. And, sir, if we turn back to page 1 of this
4 contract, what was the effective date?

5 A Effective date is May 15th, 2021. I'm sorry.

6 Q 2018 I think you're looking at there.

7 A Page 1?

8 Q Yes, page 1, the effective date.

9 THE COURT: It's also highlighting on the screen in
10 front of you.

11 Q That may help you.

12 A Oh, yes. Good. There it is. I was looking too far
13 down the page. Yes. This agreement, effective as of May 15th,
14 2018.

15 Q And if we can turn to page 2, please, and look at
16 bullet point four, "compensation".

17 A Yes.

18 Q Under this agreement you were suppose to receive
19 compensation in each of three years, right?

20 A Correct.

21 Q So you were to receive how much in each year?

22 A The first year would be 2.1 million. Second year,
23 2.3 million. And 2.5 million in year three.

24 Q Okay. Lieutenant Colonel North, just to be clear, why
25 did you enter into this employment agreement with Ackerman

LAS

Direct-North-Connell

1748

1 McQueen?

2 A Because it contains the provisions necessary for me to
3 be compensated and most importantly my wife would be covered by
4 health insurance.

5 Q Is it your understanding that under this agreement you
6 had to perform work?

7 A Yes.

8 Q And what work did you understand you would be
9 performing?

10 A I would be doing TV type work for NRA TV. It included
11 similar duties to what I had at Fox. Fox had not, in the way
12 they handled all of this very graciously, instead of saying I
13 resigned from Fox, Fox said I was retiring from Fox. And,
14 therefore, I was not barred from taking other media assignments,
15 which are very commonplace in this business. And noncompete is
16 the term that's used. And they didn't do that to me. They let
17 me retire. They let me collect my 401(k). They let me, until I
18 actually went to work for Ackerman McQueen, they continued to
19 pay -- provide for the health insurance.

20 Q And so to your knowledge Mr. LaPierre was fully aware
21 of this agreement when you executed it?

22 A I'm absolutely certain he was fully aware. He had a
23 copy of it at the big pow wow we had down in Texas where this
24 was discussed in a room full of people.

25 Q When you say "big pow wow" in Texas, what are you

LAS

Direct-North-Connell

1749

1 referring to?

2 A I'm referring to one of the annual meetings held in
3 Dallas. We actually went to the office of either Revan McQueen
4 or his father who was the CEO. Revan was COO at that point.

5 Q Do you recall who else was present at that time?

6 A I know Ms. Montgomery was there. I know Wayne was
7 there. Millie Hallow was there. Revan McQueen was there. I
8 think Mr. Winkler, who was their HR person with whom the
9 negotiations had taken place over many weeks. Obviously, I was
10 there. I think several other people came and went from that
11 meeting.

12 Q Did you amend this contract at any time?

13 A Yes.

14 Q Why did you amend the contract?

15 A Well, because at the time, this is well after I became
16 president of the NRA, we were going through all kinds of
17 sessions of meetings within the leadership, within the board
18 meetings about the fact the NRA was in serious financial
19 trouble. We were -- I was, as the president of the NRA,
20 encouraging people at the NRA headquarters and folks who I
21 worked with out in the field on Friends of the NRA events, I was
22 encouraging them to tighten their belts. And my experience as a
23 leader, and I thought I was a leader in the NRA, as the
24 president was you don't ask your troops to do something that you
25 as the leader can't or won't do. So, I went into conversations

LAS

Direct-North-Connell

1750

1 with Ackerman McQueen and my agent to reduce my pay from 2.1
2 million and then 2.3 and 2.5. Over the three year period just
3 give me a flat rate of 1.75, which is roughly a 30 percent
4 reduction in pay. But I got to keep the insurance, okay,
5 because my wife by then was increasingly ill.

6 Q In this same exhibit could you turn to page 11.
7 Page 11. The numbers are at the bottom center of the page.

8 A Yes, ma'am. This is the amendment.

9 Q This is the amendment. Do you know what date you
10 signed this amendment on?

11 A Normal habit is to date my signature. I did. 24
12 December 2018.

13 Q To your knowledge was Wayne LaPierre aware of this
14 amendment?

15 A Well, I don't know if he's aware of the amendment. He
16 was aware of my decision that I was going to cut my pay one, to
17 set the example and number two, to actually help the NRA, which
18 was broke. And so he objected to it vehemently. Came into my
19 office at the NRA headquarters and said, You can't do this.
20 Now --

21 Q When you say, I'm sorry, Lieutenant Colonel North, you
22 mean you can't cut your own pay?

23 A Right.

24 Q Did he say anything else about it at the time?

25 A It was not a friendly meeting. In fact, it probably

LAS

Direct-North-Connell

1751

1 was the first time he and I had really crosswords with each
2 other. He sent me several notes over time when I started asking
3 questions that were appearing in the media and the like which
4 were not helpful to the NRA. And when my goal was one, I have a
5 fiduciary duty. Number two, I'm a big supporter of the NRA. I
6 know what Article 2 of the NRA bylaws are. Here's what our job
7 is. And we're being hounded about trying to do our job the
8 right way. The press was all over us. It was hurting
9 membership. And Wayne reassured me, Look, your job as the
10 president of the NRA is to help us raise money and members. I
11 spent most of my time doing that. I also knew that I was not
12 spending as many hours as I originally intended on NRA TV. I
13 was still doing a lot of it, but there was a feature length show
14 on Fox was 48 minutes long. I didn't think we needed to do
15 that, social media being what it is and that's how NRA TV was
16 seen most of the time. Half hour is -- is a lot. A lot of time
17 for people to sit and watch a podcast kind of thing.

18 Q Am I correct in understanding in December of 2018 you
19 had been working for NRA TV? You had been doing some work?

20 A Oh, yeah. I did some 90 appearances on NRA TV over the
21 years without being paid a penny by Ackerman McQueen. News-
22 casts, commercials that would be run on NRA TV. That kind of
23 thing. I done a lot of that.

24 Q Under the contract had you produced any of the shows
25 that you were obligated to produce?

LAS

1752

1 A Yes. Several of them were already done and broadcast,
2 and unfortunately I didn't have the time to go back. I'll give
3 you an example. At the annual meetings we had a feature at the
4 annual meetings of the law officer, the American Law Officer of
5 the Year. Okay. And I loved putting those together. I love
6 keeping company with heroes. I would go personally on those
7 interviews, and I would help participate in the editing of them,
8 which you have to do. Two hours worth of interviews with
9 somebody. And I know this from war stories. You got to cut
10 that down, in our case 48 minutes, in this case cut it down a
11 lot. So, I would actually participate hours at a time with the
12 editing that was being done in the offices of Mercury Group in
13 Alexandria, Virginia which, is a subsidiary of Ackerman McQueen.

1 Q You also did some other work for NRATV, besides the
2 show?

3 A Oh, yeah, a lot of other work.

4 Q Lieutenant Colonel North, can I direct your attention,
5 please, to tab 13, which is PX 1222?

6 MS. CONNELL: Your Honor, I have not received an
7 objection to this.

8 MS. ROGERS: No objection.

9 MR. CORRELL: No objection.

10 MR. FLEMING: No.

11 THE COURT: Okay, it's admitted.

12 (Image displayed.)

13 Q Lieutenant Colonel North, you can look in your binder
14 or you can look on the screen.

15 A I see it.

16 Q Okay. Have you seen this document before?

17 A Yes. It's from me. And it's to Wayne LaPierre, Revan
18 McQueen, Brandon Winkler, from me. It's the modification to my
19 employment contract, and this is a conversation I'd had with
20 Wayne:

21 "Brandon, in [accord] with our conversation this
22 morning, please amend my employment contract to reflect my
23 annual compensation to 1.7 million, effective on 1 January,
24 2019, through the expiration of said contract, which is a
25 three-year contract."

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1754

1 So I cut my pay, not just for one year, but for all
2 three years.

3 Q Colonel North [sic], did you have any concerns about
4 being employed by an NRA vendor while you were an NRA officer?

5 A No.

6 One, what I was assured -- Wayne's words -- when all
7 this began, and reiterated many times thereafter, was, "I will
8 make this happen." And so, one of the requirements you have if
9 you're employed by a vendor like Ackerman McQueen -- and you
10 have to reveal that in your financial disclosures, which I did.
11 There was a question, at one point, about the financial
12 disclosure for the year 2018 that was actually filed about what
13 we were doing in 2017. And so I fully disclosed, at the
14 appropriate times, this (indicating) information.

15 And, of course, we had a contract drawn up to actually
16 amend the terms of my employment.

17 Q And --

18 A Which, by the way, if I may, were also submitted, but
19 late -- it was after I'd done it -- it was submitted to the
20 Audit Committee.

21 Q So your employment contract with Ackerman McQueen was
22 submitted to the Audit Committee; is that correct?

23 A Yes.

24 Q When you say, "but late," what do you mean?

25 A Well, you know, I was supposed to send -- I was

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1755

1 supposed to send in a -- any modifications or amendments to my
2 contract. Should have been part of going to them first and
3 saying, "This is what I want to do and this is -- we either
4 approve it or disapprove it." I couldn't imagine anybody was
5 going to disapprove of my cutting my pay by 30 percent, not just
6 for one year but for all three, and yet, I got objections from
7 Wayne: "You can't cut your pay. I -- only I can do that."

8 Q But, Colonel North, going back to your original
9 contract, the original employment agreement effective as of May
10 15th, 2018, was that agreement submitted to the Audit Committee,
11 to your knowledge?

12 A Yes.

13 Q And was that committee --

14 Was that agreement submitted to the Audit Committee in
15 advance for approval, to your knowledge?

16 A I believe so.

17 Q It was submitted before you signed it?

18 A I think so. I -- again, I think I signed it at -- at
19 or near the meeting that we had down in Dallas, Texas --

20 Q Okay.

21 A -- in -- in May of 2018.

22 Q Sir, I'd like to direct your attention to tab 4, which
23 is PX 2983.

24 MS. CONNELL: Your Honor, I have received no
25 objections in regard to this exhibit.

ALAN F. BOWIN, CSR, RMR, CRR

1 MS. ROGERS: No objection.

2 MR. CORRELL: No objection.

3 THE COURT: All right. Hearing none, it's
4 admitted.

5 (Image displayed.)

6 Q Colonel North, I'm showing you what has -- the
7 September 8th to 9th 2018 report of the Audit Committee of the
8 NRA.

9 A Yes.

10 Q Do you see this?

11 A I do.

12 Q Okay. And to move down, I'd like to direct your
13 attention to the bottom of that page, in regard to the Audit
14 Committee meeting on September 6, 2018. Do you see that?

15 A I do.

16 (Image scrolled.)

17 Q So the Audit Committee met on September 6, 2018; right?

18 A Right.

19 Q And if we turn to page 2 of this document --

20 (Image scrolled.)

21 Q -- it will reflect that the Audit Committee considered
22 your agreement; correct?

23 A Yes.

24 Q On September 6th, 2018.

25 A Correct.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1757

1 Q So does that refresh your recollection as to whether
2 the Audit Committee considered your contract before you signed
3 it?

4 A Yes.

5 Q And did the Audit Committee approve your contract
6 before you signed it?

7 A I believe -- yes.

8 Q If we can look back -- I'm sorry to do this to you,
9 Lieutenant Colonel North: If we can look back at your contract,
10 which was PX -- I mean it's tab 22.

11 (Image displayed.)

12 A Yes.

13 Q And the effective date of that contract was May 15th,
14 2018; right?

15 A Yes.

16 Q And if you look at page 10 of that contract -- oh, you
17 don't -- it doesn't have a signature date, but this contract was
18 entered into on or about May 15th, 2018; right?

19 A Yes.

20 Q Okay. The Audit Committee considered this contract for
21 the first time in September 2018; correct?

22 A Right.

23 Q So, does this refresh your recollection as to whether
24 the Audit Committee considered and approved your contract before
25 or after you executed it?

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1758

1 A It -- it was approved afterwards.

2 Q That's right.

3 Do you understand, or do you currently have an
4 understanding, as to whether that contract was required to be
5 approved in advance by the Audit Committee?

6 A I do now.

7 Q And what is your understanding?

8 A That this -- obviously, that this was not submitted
9 before it was, quote, taken care of by Mr. LaPierre.

10 Q And do you understand now whether it should have been?

11 A It should have been, yeah.

12 Q Okay.

13 A I mean, clearly, that's -- that's the rules.

14 Q Lieutenant Colonel North, did you take part in -- or
15 any part -- in this September 6th meeting of the Audit
16 Committee?

17 MS. CONNELL: If we can turn back to PX 2983 ...

18 A Which is tab 4, right?

19 Q Yes.

20 A No.

21 (Image displayed.)

22 Q That's at the fall board meeting; correct?

23 A Yes.

24 Q And did the Audit Committee reach out to you to ask for
25 any information about your agreement?

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1759

1 A Not that I recall at this point.

2 Q Did you make your agreement with Ackerman McQueen
3 available to people within the NRA prior to this meeting?

4 A Yes.

5 Q And to whom did you make it available?

6 A Well, I know it was made available to Mr. LaPierre,
7 because he had one -- one of the original copies of it. Okay?
8 That's number one. Number two, the general counsel and
9 secretary, right down the hall from me at NRA headquarters, and
10 I showed copies of that to -- to John and -- and got no blowback
11 whatsoever.

12 Q You're talking about John Frazer?

13 A Yes.

14 Q Okay. And did you ever refuse to show anyone at the
15 NRA who asked a copy of your employment contract before this
16 meeting?

17 A Well, there is a confidentiality clause in the contract
18 and before I violated that, I -- I wanted to confirm, does my
19 employer agree with me making this public?

20 Q Um-hmm.

21 A And so, at various points along the line -- and they --
22 they generally said yes, but I could never get a piece of paper
23 from Mr. Brewer that his side had agreed that -- because he was
24 one of the people asking for it. I know that the board lawyer,
25 Steve Hart, had -- had seen it and took to this -- this

ALAN F. BOWIN, CSR, RMR, CRR

1760

1 (indicating) meeting we're talking about right here and made a
2 presentation, but I have no idea what it was.

3 The bottom line of it is, they retroactively approved
4 my contract.

5 Q Right. So you had provided --

6 You knew that the contract -- that Wayne LaPierre had a
7 copy, right?

8 A He had -- he -- I don't know what he did with it, but I
9 know he had a copy of it in that meeting that took place at the
10 Ackerman McQueen headquarters in Dallas, Texas.

11 Q And you had made the contract available to John Frazer
12 and to Board Counsel Steve Hart?

13 A Yes.

14 Q And, again, were you called to testify or speak to the
15 Audit Committee about this contract?

16 A No.

17 Q Did they ask you any questions about the contract?

18 A No.

19 Q And they ratified the contract.

20 A They did indeed. And their -- and their resolution
21 says that (indicating).

22 Q That's right.

23 And, Colonel North, I'd like to direct your attention
24 to the actual ratification, on page 2 --

25 A Yep.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1761

1 Q -- of the Audit Committee meeting report.

2 (Image displayed.)

3 Q Do you understand what factors were considered by the
4 Audit Committee?

5 A Well --

6 Q Well, I direct your attention to the third "whereas"
7 clause.

8 A "Factors considered by the Committee in its analysis
9 included: 1. Lieutenant Colonel North's unique leadership
10 qualities, proven fund-raising record, and experience in the
11 field of television reporting and production; and 2. In light
12 of the foregoing, the absence of alternative candidates for
13 Lieutenant Colonel North's role," and it goes on from there.

14 Q Okay. So the Audit Committee ratified your agreement
15 with the NR -- with Ackerman but it imposed some conditions,
16 right?

17 A Correct.

18 Q And what were those conditions?

19 A My recollection is, there were two of them: One is
20 that Lieutenant Colonel North shall abstain from participating
21 in any deliberations or votes regarding Ackerman McQueen, and
22 any material change in the terms of the AMC contract for duties
23 under the AMC contract be disclosed to the committee.

24 Now, I -- I never communicated with Ackerman McQueen
25 about anything to do with contracts that they had, things that

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1762

1 they were doing. I only conferred with them about: "Here's the
2 law officer of the year that we have identified and I'm going to
3 do a documentary about him to put up at the annual meeting."
4 That kind of thing. I would confer to them -- they would pick
5 up the phone and call me and say, "Can you do an ad that will
6 appear on our website, suggesting that a certain nominee to the
7 Supreme Court is going to be a supporter for the Second
8 Amendment?" and I would do those ads and they would run them
9 wherever they -- they could and did. I would make appearances
10 on TV, talking about issues -- on regular TV and NRATV -- about
11 things that were important to the future of the NRA.

12 I -- I -- I think it's important -- I did not want to
13 harm the NRA. In fact, what I was doing throughout this period
14 of time was trying to protect the NRA and Wayne LaPierre and
15 exercise my fiduciary responsibilities.

16 Q So let's talk about that now. Let's shift from the
17 contract to your service as president:

18 In May of 2018, you were elected NRA president;
19 correct?

20 A Yes.

21 Q And can you describe for the jury how you approached
22 being NRA president?

23 A Well, I -- I went to work there every day that I wasn't
24 traveling somewhere for NRA.

25 Q Okay.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1763

1 A I mean, if I -- if I was in town, I would go there.

2 Apparently, that did not happen often and -- and I was
3 told that by several of the people who had supported previous
4 presidents. I would go in -- my place of work became the NRA
5 headquarters. I would drive there every morning.

6 Q I'm sorry, Lieutenant Colonel North.

7 So you would show up to the NRA headquarters when you
8 weren't traveling; is that right?

9 A Correct.

10 Q Could I just take one step back to the Ackerman
11 contract? You knew that the NRA was paying Ackerman for your
12 contract; correct?

13 A Oh, yes. Yes.

14 Q And, to your knowledge, Mr. LaPierre knew that as well;
15 right?

16 A It was his idea, going all the way back to Genesis on
17 this thing. Look, at various meetings, Wayne would assure me,
18 "I will take care of that." That included going to the
19 Nominating Committee, it included going to the Audit Committee,
20 and it included going to Ackerman McQueen saying, "You need to
21 hire this guy."

22 Q Okay.

23 So, going now -- switching back -- I'm sorry for the
24 interruption -- to your term in the presidency, you -- would you
25 say, it's fair to say that you were a hands-on president?

1 A Very much so.

2 Q Okay.

3 A Apparently too much so.

4 Q Did there come a time when you became concerned about
5 conditions within the NRA itself?

6 A Yes.

7 Q And can you describe what concerns you had?

8 A Well, when I -- I spent a lot of time on the road; I
9 spent a lot of time at the headquarters. People would come by
10 to say to me: "How could we be hurting this much in our budget?
11 How come we're not raising the kinds of members and -- and money
12 that we really need to do our mission, which is stated right
13 there in the bylaws, Article II?" We were cutting back on all
14 kinds of things. And, of course, part of that cutback was what
15 I responded to by cutting my pay, to set the example.
16 Leadership never asks those who follow him to do that which the
17 leader would not or could not do.

18 Q And when you heard these concerns about cutbacks, what,
19 if anything, did you do?

20 A Well, I went out and assured everybody that the
21 expenses we were having were pretty much the consequence of
22 outside interference. There were all kinds of newspaper
23 articles and -- and, you know, this whole accusation about the
24 NRA participated, somehow illegally, with a Russian spy; that
25 kind of stuff. And so, I wanted to reassure those people with

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1765

1 whom I was speaking out on the circuit, if you will, that what
2 we were doing was, one, the right -- the right kind of thing;
3 thinking, A, we're doing the right thing by the NRA charter, by
4 our fiduciary duties, which I had inherited by becoming a board
5 member; and to help my friend Wayne LaPierre.

6 Q What did you do within the NRA to make sure you were
7 comfortable making those representations?

8 A Well, I -- I would do things like -- I'd get there
9 early in the morning -- right? -- because my -- Marines do that,
10 and I'd go down and have breakfast and I'd walk out with my
11 trays -- I paid for my meals, by the way -- and sometimes buy
12 some of them meals, and I'd sit down and talk to 'em. I'd say:
13 "John, how's your day? What do you do? How do you do it?
14 Where do you do it? Are you having fun? Are you working? Are
15 you happy with what you're doing?" Those kinds of things like I
16 would do with my troops when I was a platoon commander or a
17 company, all the way up the line. And it's what I knew to do as
18 a leader. And so I wanted to set the example.

19 And I had no idea that my taking a pay cut was going to
20 be so offensive to people that I didn't get it approved by the
21 man who said, "I can take care of it."

22 Q Did you ever ask for financial information -- ask or
23 obtain financial information -- about the NRA once you began to
24 have concerns?

25 A Yes, I did.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1766

1 Q And --

2 A I asked, specifically, about what was -- why the legal
3 expenses would show up on our budget -- I think it's "legal
4 expenses"; I might have the title wrong -- but in the budget had
5 grown dramatically over the course of time since Wayne and I
6 started to talk about this back -- earlier in the year; that
7 previous year by '19.

8 Q And what response did you get in regard to your
9 concerns about the legal spending?

10 A Well, I had noticed that the numbers had grown
11 dramatically, some of which could be explained by the number of
12 lawsuits that were already being pursued.

13 At one point, and I don't recall the time frame for it,
14 Chuck Cooper, who had represented the NRA for years -- in fact,
15 Chuck Cooper and I were both at Mr. LaPierre's wedding, and he's
16 a friend; I've known him since the Reagan Administration. And
17 so, at some point along the line, that -- the particular court
18 case he was working on for the NRA was taken away from him and
19 given to Mr. Brewer. But the -- the numbers I was seeing --
20 gross numbers -- I was not allowed to do an audit.

21 I didn't want to do an audit. I wanted an outside,
22 independent party to come in and do a full audit on everything.
23 Mr. Brewer claimed many times that he was doing that for the NRA
24 and yet, when I asked to see the numbers for Mr. Brewer, I -- I
25 specifically remember a time when -- when it was recommended, I

1767

1 think, by Steve Hart, "You ought to look at the numbers, because
2 I'm the lawyer for the board." Right?

3 And so, I went and asked John Frazer: "Can I have the
4 numbers? I'm on my way on a trip out of town. When I get back,
5 can I -- can I see the actual numbers?" And -- and I think
6 Mr. Spray is the one who gave me the gross numbers that show a
7 dramatic increase in cost. But by the time I got back from my
8 trip and I went to see John Frazer, a regular day at the office,
9 I was told, Wayne's changed his mind; you can't see the details
10 of what those expenses are."

11 Q So you had asked to see the details of legal spending;
12 you'd ask Mr. Frazer for that?

13 A Yes.

14 Q And you were refused.

15 A Yes.

16 Q And you were told it was at Mr. LaPierre's direction.

17 A Yes.

18 Q Lieutenant Colonel North, I'd like to show you tab 3,
19 which is PX 334.

20 MS. CONNELL: Your Honor, I've received no
21 objection to this document.

22 MS. ROGERS: No objection.

2 Q Lieutenant Colonel North, I'm showing you a March 31st,
3 2019, letter that you wrote to Mr. LaPierre. Do you see this?

4 A Yes.

5 Q This letter sets out steps that you had already taken
6 in regard to digging down into legal spending; correct?

7 A Yes.

8 Q I specifically direct your attention to the second and
9 third paragraphs.

10 (Image modified.)

11 Q So what steps had you taken, specifically?

12 A Well, it -- I have them right here (indicating):

13 "On February 5th, 2019, I requested, both oral and in
14 writing, that John Frazer provide me," as president of the NRA,
15 "with copies of the Brewer firm's voices, which I understand to
16 make up the bulk of the legal fees paid by the NRA, and I was
17 told that you were instructed by Mr. Frazer not to let me see
18 the Brewer bills."

19 That's what I just referred to a moment ago.

20 Q Okay. And if we go to the next paragraph --

21 (Image scrolled.)

22 Q -- you weren't the only one raising these concerns,
23 right?

24 A Correct.

25 Q Who else was raising these concerns within the NRA?

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1769

1 A "On February 26th, 2019, I, along with the First and
2 Second Vice President of the NRA, wrote to you regarding the
3 contract with the Brewer firm, which had not been 'properly'
4 executed in accord with the board's policy, which requires the
5 approval of the President and either the First or Second Vice
6 President. We indicated in that letter that 'we have fiduciary
7 obligations that need to be urgently addressed.'"

8 Q So who was the first vice president and second vice
9 president of the NRA at that time?

10 A First vice president was Richard Childress, of NASCAR
11 fame and a dear friend; and the Second was Carolyn Meadows, who
12 was a very influential person from Georgia.

13 Q And you hadn't received a response from Mr. LaPierre;
14 correct?

15 A Well ...

16 Q If you look further down in this paragraph, it
17 indicated that you received a letter from Mr. LaPierre; right?

18 A Yes: "You responded with a letter that same day
19 refusing to make the Brewer bills available, and requesting
20 again that I kindly cease and desist" -- a phrase that
21 Mr. LaPierre came to use a lot with me -- "you cease and desist
22 from any further involvement or communications relating to these
23 matters."

24 Q Did Mr. LaPierre verbally tell you anything about --
25 Did you ever verbally discuss your concerns about legal

1 spending?

2 A Yes.

3 Q And what did he say to you?

4 A At one point -- again, I don't know the exact date, but
5 multiple times over the course of the time, probably after this
6 (indicating), I would say something like: "The Brewer bills are
7 astronomical. I know a little something about legal bills and
8 this is extraordinary," and Wayne would say things like, "Brewer
9 is the only person who's going to be able to keep me out of
10 jail."

11 Number two, he would say things like, "Brewer's the
12 reason why I'm not going to spend the rest of my life in an
13 orange jumpsuit."

14 This is my friend, okay? I took those words to mean,
15 "How can we help you?" And Richard Childress and I -- and I
16 think Carolyn initially did -- would say to him, "We're trying
17 to throw you a lifeline by bringing in outside, independent
18 review of not just the Brewer bills, but all of this stuff that
19 we're being accused of -- of not being right about, not doing
20 the right things." And we wanted to bring in a -- a reputable,
21 outside, independent audit of not just Brewer bills, but the
22 whole mess. We just were trying to help the NRA survive,
23 because there were people saying and writing at the time, the
24 NRA could and should, in the minds of some, lose its tax-exempt
25 status.

1 Q Lieutenant Colonel North, I'd like to direct your
2 attention to page 2 of this exhibit, PX 334, which is tab 3 in
3 your book and it's on the screen as well.

4 A Yes.

5 (Image displayed.)

6 Q Why, in particular, were you concerned about legal
7 billing?

8 A Well, because, as I traveled around the country raising
9 money for the NRA, people would say to me, "What the hell's
10 going on" -- forgive me -- "What the Dickens is going on with
11 the legal bills for the NRA?"

12 And this is why they were looking at things like this.
13 Some of them took active steps to find out more. I was the,
14 quote, lead person, and this (indicating) was all I could get.
15 So here's \$19,260,452.28, total, raised over the course of the
16 previous 11 months. Stunning.

17 Q And your attempt to dig down into the basis for this
18 spending was frustrated, right?

19 A Totally.

20 Q Okay.

21 A It was forbidden.

22 Q Lieutenant Colonel North, I'd like to direct your
23 attention to page 5 of this letter --

24 A Yes, ma'am.

25 Q -- and, in particular, the last two paragraphs --

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1772

1 A Um-hmm.

2 Q -- and ask you, again, what was your intention? Were
3 you -- were you trying to unseat Wayne LaPierre as executive
4 vice president?

5 A No, I -- what we were trying to do was to throw him a
6 lifeline. That -- that comment: "Wayne" -- this is a very
7 personal letter to Wayne; I understand that it got wider
8 distribution -- "I'm urging you. I'm pleading with you, based
9 on our long friendship and our shared strong belief in the
10 mission of the NRA. Please agree that the Audit Committee
11 should conduct an outside, independent review."

12 And that's -- that's a friend talking to a friend.

13 I mean, the last paragraph sums it all up, too.

14 Q You were not asking to have personal approval or review
15 over the bills, per se; right?

16 A No. I -- I wanted someone who was smarter than me,
17 more educated, more -- more familiar with it, someone who's a
18 professional who could do this, and they're a dime a dozen in
19 Washington.

20 Q Lieutenant Colonel North, I'd like to direct your
21 attention to tab 8.

22 MS. CONNELL: Your Honor, I have received no

2 (Image displayed.)

3 Q Lieutenant Colonel North, may I direct your attention
4 to this March 22nd, 2019, memo to the Audit Committee?

5 Do you see this?

6 A Yes, I do.

7 Q And who signed this agreement?

8 A It's signed by me, as the president; by First Vice
9 President Richard Childress; and by Carolyn Meadows, the NRA's
10 second vice president.

11 Q And did you have permission to --

12 MS. CONNELL: Strike that.

13 Q Do you know whether this is Ms. Meadows' original
14 signature or electronic signature?

15 A I -- I'm guessing. That's probably an autopen. But I
16 can assure you of this: The person who held the key to that
17 autopen was the special assistant, Nick Perrine, who sat right
18 outside my office on the sixth floor of the NRA building, and
19 Richard -- and there is absolutely no way that Mr. Perrine would
20 ever have put an autopen on a piece of paper without permission.

21 Q And to your knowledge, you always had permission to put
22 Carolyn Meadows' signature on any document submitted with her
23 signature by you; right?

24 A I never asked that anybody, not just Carolyn Meadows --
25 I asked that no one have the autopen used without their

1 permission. It didn't matter about my permission.

2 Q Okay. And you were asking the Audit Committee --

3 What were you asking the Audit Committee to do?

4 A Well, "Given the need to fulfill our" --

5 It's all the way at the bottom of that first page:

6 "Given the need to fulfill our fiduciary
7 obligations, we are simultaneously notifying Mr. Brewer that
8 the NRA intends to conduct an outside, independent review of
9 Brewer Attorneys & Counselors fees and expenses and we
10 appreciate his cooperation. We are also informing
11 Mr. Brewer that the NRA needs to enhance the documentation
12 of the scope of his work for the NRA through separate
13 engagement letters," which are required in the normal
14 process of doing all these kinds of things. "This
15 documentation is required to comply with existing NRA
16 policies, procedures, and any engagement that was going to
17 cost more than a hundred thousand dollars."

18 Q Okay. Thank you.

19 MS. CONNELL: You can take that down, Jesse.

20 (Image removed.)

21 Q Lieutenant Colonel North, while this was going on, were
22 you performing work for the NRA? What were you doing as NRA
23 president, besides engaging in -- in this --

24 A I was making public appearances; I was traveling all
25 over the country, trying to raise money and members. I was

1 doing little commercial stuff that needed to be done to present
2 not just on NRATV, but on other networks, as well.

3 Q Okay. I would like to direct your attention now to tab
4 18, which is PX 1683.

5 MS. CONNELL: Your Honor, I believe, um ...

6 No, I have no objection to this.

7 THE COURT: I assumed you didn't have any objection
8 to it, but any --

9 MS. CONNELL: I'm sorry. I've received no
10 objection to this. I, personally, have no objection, but I
11 also have not received any.

12 MS. ROGERS: We have no objection.

13 THE COURT: All right. In the absence of other
14 objections, it's admitted.

15 (Laughter.)

16 (Image displayed.)

17 Q Lieutenant Colonel North, is this a letter that you
18 prepared and sent to Mr. LaPierre?

19 A Yes, I did.

20 Q Okay. And what's its date?

21 A The date is March 31st, 2019.

22 Q And you, again, were trying to get his help in regard
23 to looking at legal fees; right?

24 A Correct.

25 Q Mr. LaPierre had told you that you should not involve

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1 yourself in this; is this accurate?

2 A Oh, yeah: "Stay in your own lane, stop doing this,
3 stop asking these questions."

4 Q Did he tell you to stay in your lane?

5 A Oh, yeah. It was an expression he used a couple of
6 times.

7 Q I'd like to draw your attention to the final paragraph
8 on page 2.

9 A This one begins with: "You and Mr." --

10 Q Oh, I'm sorry. Page 3. Excuse me. Page 3.

11 Had Mr. LaPierre given you any reason for why he
12 believed you shouldn't be raising these concerns?

13 A Well, I want to make sure we're all on the same sheet.

14 Q It's actually on the screen, the paragraph I'm
15 directing your attention to. That may be easier.

16 A "You and Mr. Brewer have indicated that I should stay
17 out of this because I have a 'conflict.' That is nonsense. I
18 don't have to be a lawyer to know that my employment by Ackerman
19 McQueen for work on NRATV and my work as President of the NRA,
20 which you originated and I accepted, does not prevent me from
21 seeing the Brewer firm's bills. Nor does it eliminate my
22 fiduciary responsibility as an officer and director of this
23 non-profit organization. As President of the NRA, I have
24 fiduciary duties I cannot ignore."

25 And those fiduciary duties were explained to -- very

ALAN F. BOWIN, CSR, RMR, CRR

1777

1 carefully -- to me and to Richard Childress and to Carolyn
2 Meadows by Steve Hart, who was the attorney for the board.

3 Q Okay. Colonel North, did you believe that your
4 contract with Ackerman prevented -- presented a conflict that
5 prevented you from looking at legal billing in this case?

6 A Absolutely not, because I had already pledged that I
7 was not going to interfere with any Ackerman McQueen business in
8 any way, except for what I was doing to fulfill my contract; in
9 other words, make those commercials, do those -- those short,
10 you know, blivets that we were putting together and, hopefully,
11 some, if you will, larger -- larger pieces that we would put up
12 on NRATV.

13 Some -- by the way, some of -- I know that
14 everybody's -- well, some of what we did with my small team of
15 NRA and Ackerman McQueen cameramen -- camera -- yeah,
16 cameramen -- and producers took many hours to make sure that
17 they all came ought right. I mean, I can read from a
18 TelePrompTer, but I sometimes muffle it up and we have to four
19 takes.

20 But the bottom line of it is, that's all I talked to
21 anybody at Ackerman McQueen about. I never talked to Ackerman
22 McQueen about billing, about issues with Brewer family members
23 or any of that kind of stuff. The bottom line of it was, I'd
24 complied with all the terms of my contract.

1 Q So, I would like to draw your attention to page 4 of
2 this and specifically the second full paragraph.

3 THE COURT: You're referring to the page numbers at
4 the bottom again?

5 MS. CONNELL: I am. I am referring to the page
6 numbers next to the exhibit number just for ease of
7 reference, because they are uniform throughout, your Honor.

8 Q Lieutenant Colonel North, was it your understanding
9 that in response to concerns that had been raised the audit
10 committee consulted a firm with regard to the retention of the
11 Brewer firm?

12 A Yes. Morgan Lewis as I recall.

13 Q Was it your understanding that the audit committee ever
14 audited the Brewer firm billing?

15 A No.

16 Q Or legal spending at all?

17 A No.

18 Q Okay. And, in fact, did you raise concerns about the
19 remaining need for an independent audit with Mr. LaPierre?

20 A And anybody else who would listen, yes.

21 Q And did you have an understanding of whether Morgan
22 Lewis had said that might be a good thing for the NRA to do?

23 A Well, Morgan Lewis read a multipage document, and in it
24 they agreed that the Brewer bills were high. I used the word
25 astronomical. They said, and I'm quoting now, that "The Brewer

LAS

Direct-North-Connell

1779

1 firm rates fall within a reasonable range", but Morgan Lewis
2 never said Brewer rates were reasonable. Instead Morgan Lewis
3 wrote quote "While high, they are not unheard of in the context
4 of high stakes corporate litigation. It may well be in the
5 association's interest to obtain a full accounting of the Brewer
6 firm's time charges to date." In other words, they never looked
7 at those charges. They didn't audit them. They agreed with
8 what I was trying to do. And that's an outside, independent
9 audit so that Wayne LaPierre could keep his job. The NRA would
10 go on and continue to do good things for the American people.
11 And thwarted at every turn even by people like Morgan Lewis.
12 They even acknowledged that the bills were high. I used the
13 word astronomical. They also agreed that an outside audit might
14 be a really good idea, and we still didn't do it.

15 Q Did you have an understanding as to whether Morgan
16 Lewis found your concerns about the retention of the firm
17 were -- were -- had a foundation?

18 A Well, they did say it may well be in the association's
19 interest to obtain a full accounting of the Brewer firm's time
20 charges to date.

21 Q So, Lieutenant Colonel North, did this answer your
22 concerns with regard to legal spending at the NRA?

23 A No. No. It didn't stop. It kept on going. I mean,
24 the charts that are in that letter just show the totals from
25 March 18 to February 2019. Okay. March 18 is when Brewer got

LAS

1 hired. Okay. And total is 19,260,452. Stunning.

2 Q Lieutenant Colonel North, I would like to have you look
3 at tab 15 as amended.

4 MS. CONNELL: Your Honor, I will note that I did
5 receive an objection to page 1 of tab 15, and we have
6 amended it in compliance with a request by the NRA to admit
7 page 1.

8 MS. ROGERS: Page 1 was hearsay, but the rest is
9 fine.

10 MR. CORRELL: Same position.

11 THE COURT: Okay. So, the actual exhibit you're
12 using starts with page 2?

13 MS. CONNELL: Yes. And it will appear in our
14 admitted exhibit list as PX 1313A to show that it was
15 amended.

16 THE COURT: Okay. So, with that PX 1313A is
17 admitted.

18 MS. CONNELL: Thank you, your Honor.

19 Q Actually I would like to start on what is page 3 of
20 this, according to the numbers on the bottom. Colonel North,
21 did you write this document?

22 A (Examining). No.

23 Q I'm sorry. You didn't write this -- this?

24 A I'm sorry. The document on the following page. Yes.
25 Yes, I did.

LAS

Direct-North-Connell

1781

1 Q Yes. Actually you can see it on the screen as well.

2 A Right.

3 Q Did you seek as president of the NRA to form a crisis
4 management committee?

5 A Yes.

6 Q Why did you seek that?

7 A This is -- I knew, by the time I wrote this late that
8 night and gave it to Richard to read to the board, I knew that I
9 was finished, okay. Wayne had acknowledged in a meeting the day
10 before that he had called every member -- well, Richard said at
11 this meeting, Richard said to Wayne, You've called every member
12 of the nomination committee. North and I are not going to be
13 renominated. Wayne lied and said, I don't know what they are
14 going to do. Richard responded, That's B.S. He didn't pull any
15 punches. That's B.S. I know because you've talked to every
16 single member and told them not to renominate. In other words,
17 we're fired.

18 Q So, am I correct in saying that at the time that you
19 wrote this communication it was about the time of the NRA's
20 annual members meeting in the spring of 2019?

21 A Correct. In Indianapolis.

22 Q And you were now knowing that Wayne LaPierre would not
23 support your nomination for a second term as president of the
24 NRA, correct?

25 A Not just not support. Wayne actively intervened with

LAS

Direct-North-Connell

1782

1 the nominating committee. If the nominating committee doesn't
2 nominate you at the NRA, it doesn't matter what you're saying.
3 It doesn't matter what you're doing. You will not be nominated,
4 okay. And so Wayne had already, before this meeting, the day
5 before I wrote this, probably the morning of, Wayne had already
6 told the audit committee, Childress and North are not going to
7 be renominated. That's it. That's firing. Okay.

8 Q You said he had told the audit committee?

9 A I'm sorry. The nominating committee. Excuse me.

10 Q So at the time you wrote this communication you knew
11 that your term as president of the NRA was over functionally?

12 A Absolutely right. Yes.

13 Q All right. So you were forwarding to Mr. Frazer and
14 Witt Davis a document you wanted to be circulated, a
15 confidential document you wanted to be circulated to the
16 executive committee, is that accurate?

17 A Yes.

18 Q And Witt Davis, who is Witt Davis at that time?

19 A He replaced Mr. Hart, who had already been fired.

20 MS. SACCO: I'm sorry. I didn't hear you.

21 A If you can repeat the question.

22 Q Who is Witt Davis?

23 A Mr. Davis was appointed to replace Mr. Heart, who had
24 been fired just maybe a day or two before this.

25 Q Steve Hart who was the previous counsel for the board?

LAS

Direct-North-Connell

1783

1 A The previous counsel for the board.

2 Q Do you know why Mr. Hart was fired?

3 A You would have to ask the man who fired him. What I
4 understood was he was being fired for having sent to the board
5 letters from Ackerman McQueen, which I had not seen before.
6 Knew nothing about them. Was stunned to read them, because
7 these are not just about financial issues with legal. These are
8 about personal issues, the man who had been my friend.

9 Q When you say the man who fired board counsel, to whom
10 are you referring?

11 A Wayne LaPierre.

12 Q So Mr. LaPierre fired the counsel to the board?

13 A Yes.

14 Q Okay. And Mr. Davis was his replacement?

15 A Yes.

16 Q Did you know Mr. Davis?

17 A No, I did not.

18 Q Did you have any role in hiring Mr. Davis?

19 A No. I don't know who on the board, if any, were
20 actually contacted.

21 Q Okay. If we can turn to what is page 5 of this
22 exhibit, using the numbers at the center and the bottom. Is
23 this a memorandum that you wrote?

24 A (Examining). Yes. This is shortly before the one that
25 we had up there a few moments ago. Yes.

LAS

Direct-North-Connell

1784

1 Q And you were, even as you left the presidency, asking
2 for a formation of a crisis management committee?

3 A Yes. This is my Hail Mary pass. I knew I was gone.

4 Q Mm-hmm.

5 A And I suggested this is a way of even after I'm gone,
6 please do these things to protect the NRA as an institution.

7 Q Okay.

8 A That's what this is really all about. That's our
9 fiduciary duty. Not to lose tax exempt status. Not to be
10 pillorated every turn by various people. Remember every state,
11 it's my understanding, every state has rules about nonprofits.
12 And some are different than others. And it's the job of the
13 person preparing the 990 form, the federal tax form, to make
14 sure they are all up and running the right way. I'm familiar
15 with that process.

16 This was a way of saving the NRA as I'm on the way out
17 the door. 'Cause I know I'm done, okay. So one of the things
18 that the president of the NRA can do, there are a lot of things
19 he can't do, but one of the things the president of the NRA can
20 do, they can create special committees. It's right there in the
21 bylaws. So this is -- it's my last act going out the door.
22 That's what it was.

23 Q Thank you, Colonel North. Can you stay a little closer
24 to the microphone to make sure we can hear you.

25 A I'm sorry. Thanks.

LAS

Direct-North-Connell

1785

1 Q Thank you very much. Directing your attention to the
2 first page of this memo, which is page 5, using the numbers on
3 the bottom. Were you only concerned at this point with legal
4 spending?

5 A No. No. There is a whole array of issues raised by
6 various periodicals and by responses that we were receiving from
7 Ackerman McQueen to charges. Remember Ackerman McQueen was
8 getting fired at the same time, right. So, this -- this
9 mentions the lawsuits, the New Yorker magazine. The lawsuits
10 filed in Virginia against Ackerman McQueen alleging that
11 Ackerman failed to provide financial information.

12 On the 22nd of April Ackerman responds to the lawsuit
13 requirements with a series of letters making allegations against
14 Wayne. I knew nothing about these charges. I was stunned by
15 it.

16 Q So, if I can direct your attention to the -- the bottom
17 of page 2, which is page 6 of the exhibit. "The crisis
18 management committee will do the following."

19 A Correct.

20 Q What did you want the crisis management committee to
21 look at?

22 A Well, at that point the very recent New Yorker article,
23 "Supervise a confidential, privileged internal investigation to
24 determine whether there is substance or validity to the
25 allegations set forth in the New Yorker article and other

LAS

Direct-North-Connell

1786

1 publications, The New York Times, the Wall Street Journal,
2 particularly to remediate any issues with NRA's compliance with
3 rules, regulations and law applicable to nonprofit
4 organizations", because remember there were people writing in
5 various periodicals that the NRA was perhaps violating its
6 nonprofit status.

7 Q You weren't saying that all of the allegations in these
8 articles were true, right?

9 A No. I did not say that.

10 Q What were you suggesting be done?

11 A I was suggesting that -- I'm creating a committee.
12 Here's what the committee should be doing to protect the NRA.
13 Okay. And there is what, five, six -- seven items that would
14 obtain to what this committee should do once it's formed. I
15 make a note. I'm working to appoint members to this committee,
16 because that's within the power of the now outgoing president.

17 Q And directing your -- your attention to points two or
18 paragraph 2, you wanted an investigation into letters from
19 Ackerman McQueen, is that right?

20 A Yes.

21 Q What letters are you referring to?

22 A These are the letters that were sent to Mr. Hart by
23 Ackerman McQueen responding to some of the charges made when the
24 NRA was taking a lawsuit against Ackerman McQueen and here's
25 their responses. Two different issues, some of which were -- I

LAS

Direct-North-Connell

1787

1 was absolutely stunned. It had to do with clothing. Had to do
2 with hundreds of thousands of dollars in travel. In other
3 words, it's called corruption.

4 Q So, you believed letters from Ackerman McQueen set out
5 allegations of corruption within the NRA?

6 A Yes. By the way, didn't make any judgment as to
7 whether they were true or not. I'm just saying oh, my goodness,
8 this is going to be awful, and it turned out to be.

9 Q And so were you asking to have any involvement in that?

10 A No. I knew I was on my way out the door.

11 Q What were you asking for?

12 A Supervise, confidential, privilege, internal
13 investigation about what's in the letters. Examine the process
14 that lead to the NRA's filing a lawsuit against Ackerman,
15 including who authorized the filing of that lawsuit, 'cause it
16 didn't come to the committee. It didn't come to the board.
17 Didn't come to me. And were there any directors advised or
18 consulted prior to filing the lawsuit. I had already recused
19 myself from any of these kinds of discussions. Richard
20 Childress hadn't. Carolyn Meadows hadn't. And I called various
21 members of the board and said, Did you know these guys were
22 going to file a lawsuit, because that's something that has to be
23 approved by the board. It wasn't.

24 Q Colonel North, you were an employee of Ackerman at this
25 time, right?

LAS

Direct-North-Connell

1788

1 A Correct.

2 Q So, doesn't this present a conflict for you to ask for
3 an investigation in your mind into the commencement of
4 litigation against Ackerman and whether there is a way to
5 resolve disputes?

6 A Well, if I was still employed at that point by Ackerman
7 McQueen or I was still NRA president, it would certainly be a
8 conflict. But I was out the door as president and Ackerman
9 McQueen had already been fired. They filed -- filed a lawsuit
10 against them. All this I thought a lot about. I was still
11 conflicted. I behaved as if I were, but I knew I wasn't. So,
12 that's why the committee was going to do this. I wasn't going
13 to be the chairman of this committee.

14 Q Was your intention to stop any lawsuit between Ackerman
15 and the NRA?

16 A No. No. My concern was the overall latitude that was
17 given. There were all kinds of things that Ackerman McQueen had
18 nothing to do with that were being done by Mr. Brewer's law
19 firm. I mean, we're talking money that is astronomical in all
20 of what he was doing, okay. It goes way beyond Ackerman
21 McQueen. Ackerman McQueen was the only one that I had recused
22 myself from getting engaged in. But a committee certainly could
23 look into those kinds of things. So this is, as I said, it's my
24 -- my Hail Mary pass at the end of my tenure. The clock is
25 running out on the scoreboard.

LAS

Direct-North-Connell

1789

1 Q So, did you have any concerns about the NRA having a
2 public dispute with Ackerman McQueen?

3 A Of course. I mean, none of that was helpful. I mean,
4 the NRA bringing lawsuits is nothing new. NRA bringing lawsuits
5 against a company that's been a vendor for the NRA for decades
6 is certainly new. It was generating a lot of press, which by
7 the way, they accused me of doing. I never said a word to
8 anybody in the press. That was part of their -- their eventual
9 retribution against me.

10 Q You attached to this letter, to this memorandum the
11 letters from Ackerman McQueen to Mr. Hart, correct?

12 A Yes. He had also circulated to other board members.

13 Q Okay. And those letters alleged that it had paid for
14 Mr. LaPierre's personal expenses, correct?

15 A Yes.

16 Q Okay. And what was your reaction to those allegations?

17 A I was stunned. I said, This smacks of corruption,
18 okay. I didn't know anything about it. I was still trying up,
19 until this kind of stuff was coming up, I was still trying to
20 save Wayne LaPierre, my friend's job. That's why we used,
21 Richard and I, often used, We're throwing you a lifeline. This
22 outside, independent audit is what you desperately need. Didn't
23 happen.

24 Q At the time you wrote this memo, the annual meeting was
25 taking place, is that accurate?

LAS

Direct-North-Connell

1790

1 A Yes. Yes.

2 Q Was there anything going on in regard to the letters
3 Ackerman delivered to Steve Hart at the annual meeting?

4 A I don't -- I don't -- I left before the annual meeting
5 of members. Not out of hubris but out of -- I believe humility
6 was important. What I was about to be was humiliated. That's
7 different. That's why I left the meeting before the annual
8 meeting with members of the subsequent board meeting. This is
9 action for the board to do after I'm gone.

10 Q Right.

11 A That's why the cover memo refers to it as it does.

12 Q You also asked for a governance expert, right?

13 A Yes.

14 Q And you asked for other relief in regard -- that the
15 committee undertake other steps?

16 A Yes. Yes. They are all listed right there.

17 Q Are you aware of allegations that you engaged in a coup
18 attempt to overthrow Wayne LaPierre at the NRA?

19 A I've certainly seen documents to that effect. It never
20 happened. It's a bald-face lie. I, at one point, on the day
21 before I was leaving, knew that I had not been renominated in
22 that meeting. Wayne lied to Richard about it. And the question
23 became one of -- I'm trying to respond to your question the
24 right way here -- was I -- was I looking out for anything other
25 than the NRA, no.

LAS

Direct-North-Connell

1791

1 Q Did you deliver an ultimatum demanding that Mr.
2 LaPierre step down as executive vice president of the NRA?

3 A No. I know there is pieces of paper that have been
4 circulated since. What actually happened is I received a phone
5 call from a fellow board member named Dan Boren. Boren knew
6 information apparently about what was in -- was coming from
7 Ackerman McQueen about Mr. -- Mr. -- call it what it is, Mr.
8 LaPierre's corruption about personal benefits to him and had
9 been done through Ackerman McQueen. So, I was trying to relay
10 that to Wayne.

11 What I had been told by Mr. Born was there is --
12 Ackerman is going to respond to them firing you. They are going
13 to be terribly embarrassing to you personally. Okay. And they
14 want you to leave. And they -- they want to make sure that
15 everybody sees these letters. Okay.

16 I had not received them yet at that point. Mr. Boren
17 is on the phone with me from wherever he was. I tried then to
18 relay this threat to Millie Hallow and to Carolyn Meadows,
19 whoever else was in that room. So, they took that to mean I was
20 making a threat. These letters are going to come in because of
21 North that you're going to be accused of, and they want you to
22 step down. So, I relayed that as accurately as I could
23 subsequently.

24 I think he also had a conversation with Mr. Cox. And
25 he and I didn't collude on any of this stuff. I just said, You

LAS

Direct-North-Connell

1792

1 need to call Dan Boren back as soon as you can. I'm in the
2 middle of a pretty important meeting.

3 Q Was your purpose to -- to help convince Mr. LaPierre to
4 step down?

5 A No. In fact I, at one point in this conversation, I
6 had with his deputies, I kept calling him to tell him myself
7 what I just heard. Now I'm relaying what I heard from Mr. Boren
8 through others, okay. I didn't want it to be misinterpreted and
9 it clearly was. I was not trying to pull a coup. I was doing
10 nothing to get Mr. LaPierre fired. Didn't expect him to retire.
11 All of those were things that were raised on that phone call. I
12 tried to relay to Wayne. I'll volunteer, I'll give up meeting
13 with the president of the United States tomorrow, get on an
14 airplane and get down to Dallas and see if I could stop this
15 circular firing squad. I mean, it's terribly damaging to us.

16 Q When you say "circling firing squad", what do you mean?

17 A You got people -- There is board members, you know,
18 from Ackerman McQueen. There is employees from Ackerman McQueen
19 who were working -- in fact, putting together a lot of the
20 visual stuff that goes on in these annual meetings. I mean,
21 this is devastating to us. Cease fire. If you tell me to go
22 down, I'll see if I can get Ackerman to delay stop doing this
23 while we're in our annual meeting with hundreds of thousands of
24 people coming to visit the site at the convention center in
25 Dallas.

LAS

Direct-North-Connell

1793

1 Q Okay.

2 A I'm sorry. In Indianapolis.

3 Q Indianapolis. So, Lieutenant Colonel North, you did
4 not stay for the members meeting I think you said?

5 A I did not. I asked Richard to read into the record why
6 I was not there.

7 Q And if we look at page 2 of tab 15, which is PX 1313.
8 Is this the statement you asked Mr. Childress to read into the
9 record?

10 A (Examining). Yes.

11 Q And Mr. Childress did read it into the record?

12 A Yes.

13 Q Okay. So after the annual members meeting in
14 Indianapolis in 2019 you returned home, is that right?

15 A I did.

16 Q Were you still a board member at that point?

17 A Oh, yes. Yeah.

18 Q And did things return to normal in regard to your
19 service as an NRA board member?

20 A Oh, certainly not. What had started at the NRA
21 headquarters, all of this -- this -- I don't know the proper
22 word for it, but all this are theory, because I was experiencing
23 -- first of all, you're not getting renominated. All of that
24 continued on well after I came back to -- back home and knew I
25 had been fired, right. They then went after every -- every

LAS

Direct-North-Connell

1794

1 possible way they could affect retribution against me they did,
2 okay. They got me fired. They created a review of my original
3 contract. They reconvened the original contract and found what
4 they already agreed to was no longer valid, because I really
5 was -- I guess wasn't abiding by the terms of my contract. They
6 went after me ethically. Demanded an internal investigation,
7 because New York law says the NRA can deny indemnification. You
8 know, I've got serious lawyer bills already 'cause I have gotten
9 my advice from my counsel about was I doing the right thing,
10 okay. And so they denied that. And the judge found that the
11 NRA, I did not know this at the time, but the NRA doesn't have
12 to provide indemnification. Doesn't have to pay the lawyer
13 bills of people who are being falsely accused of things, okay.

14 So, you got this -- various steps that are occurring
15 after I come home. I'm no longer on the board. Nick Perrine
16 and I packed up my belongings from the president's office, and I
17 left the NRA and never came back again.

18 THE COURT: Are we at a point for a morning break?

19 MS. CONNELL: I think this is a good point.

20 THE COURT: All right. We're going to take our
21 morning break. Be back in a few minutes.

22 THE COURT OFFICER: All rise. Jury exiting.

23 (Whereupon the jury panel departed the courtroom.)

24 MS. CONNELL: You can leave that there.

25 THE COURT OFFICER: If I can have the witness step

1 out.

2 MS. CONNELL: You can come step down.

3 MR. FARBER: Do you want to remind the witness.

4 THE COURT: During the break you're essentially
5 still on the stand, so you shouldn't discuss your testimony
6 with anybody including counsel.

7 THE WITNESS: Aye aye, sir.

8 THE COURT: Thank you.

9 (Whereupon a recess was taken.)

10 THE COURT OFFICER: All rise. Jury entering.

11 (Whereupon the jury panel entered the courtroom.)

12 THE COURT: Welcome back. Have a seat. Okay.

13 Ms. Connell, you may continue.

14 MS. CONNELL: Thank you, your Honor.

15 Q Lieutenant Colonel North, we were talking about your
16 return to Virginia after the annual meeting and steps you
17 mentioned that the NRA had taken against you. You indicated
18 that they reviewed your original contract, is that correct?

19 A Yes. The re-reviewed.

20 Q Re-reviewed. Can you please look at tab one, which is
21 PX 517.

22 MS. CONNELL: Your Honor, I have not received any
23 objections to the admission of this exhibit.

24 MS. ROGERS: No objection.

25 MR. CORRELL: No objection.

LAS

Direct-North-Connell

1796

1 THE COURT: All right. Hearing none, it's
2 admitted.

3 Q Lieutenant Colonel North, I'm showing you the May 30th,
4 2019 report of the NRA's audit committee.

5 A Right.

6 Q Do you see that in front of you?

7 A (Examining). Yes, I do.

8 Q I would like to draw your attention to the bottom where
9 it says "Oliver North Ackerman Contract". Do you see that?

10 A I do.

11 Q Is it your understanding that on May 30th, 2019 the
12 audit committee revisited the same contract or the same
13 agreement it had reviewed in September of 2018?

14 A Yes.

15 Q Okay. And do you know what the outcome of that review
16 was this time?

17 A Well, this is -- Yeah. The outcome was that they said
18 that what they originally agreed to.

19 Q So what was the outcome of this, if you know?

20 A They rescinded their original approval and found that I
21 was -- I think I'm looking for the wherefore and therefore.

22 Q I can direct your attention to page 3 --

23 A Right.

24 Q -- from the exhibit.

25 A Yep.

LAS

Direct-North-Connell

1797

1 Q The final whereas clause before "Now therefore be it".

2 A "Now therefore be it resolved that the audit committee
3 September 6th's resolution approving Lieutenant Colonel North's
4 continuing participation in the Ackerman contract during the
5 services of the NRA director and officer is hereby rescinded in
6 full."

7 Q And if you look at the paragraph above, does that
8 inform why or do you understand that to state why the audit
9 committee was -- was making this new determination?

10 A "The audit committee determined that Lieutenant Colonel
11 North's relationship with Ackerman creates an irreconcilable
12 conflict of interest with respect to Lieutenant Colonel North's
13 services as fiduciary of the NRA, which conflict cannot be
14 resolved by recusal or other such procedural safeguards."

15 Q Lieutenant Colonel North, it indicates on page 2 of
16 this document, in the third paragraph from the bottom, that
17 Ackerman had delivered only three episodes of American Heros.
18 Do you see that?

19 A (Examining). I do.

20 Q To your knowledge had you failed to deliver services
21 under your contract with Ackerman?

22 A I had not done as many full length episodes as I
23 originally intended.

24 Q Mm-hmm.

25 A I simply had not had the time to do it. It's not like

LAS

Direct-North-Connell

1798

1 I was sitting at home or going to the beach. I was working hard
2 and acknowledged that at the time when I had cut my pay. I
3 simply did not want people to think I wasn't working hard. And
4 that I was going to help solve some of the financial problems by
5 cutting my pay by a significant amount.

6 Q And did you do other work for Ackerman besides work on
7 American Heros?

8 A Sure. I did, even before I became president of the
9 NRA, way before I had been doing numerous things for Ackerman
10 McQueen, the Mercury Group, which is where I reported for duty
11 as a TV person, okay. So, I did a lot of that stuff. I even
12 took a couple of their cameramen with me on Fox deployments as a
13 combat war correspondent.

14 Q So, you were familiar with Ackerman McQueen before you
15 entered into the contract with them in 2018?

16 A Oh, yes. Absolutely.

17 Q But why did you enter into a contract with them in
18 2018?

19 A Because I needed to be employed in order to get the
20 kind of insurance coverage, for health insurance weren't
21 available to contractors. It was only by being an employee. I
22 made that very, very clear to everybody.

23 Q Had you been employed by Ackerman McQueen prior to that
24 2018 contract?

25 A Not employed, no.

LAS

Direct-North-Connell

1799

1 Q Okay.

2 A I mean, I did a lot of stuff pro bono. And I think at
3 some point along the line, almost a hundred episodes of various
4 things for them without any -- they didn't even cover my
5 traveling. Didn't ask them to.

6 Q Focusing your attention on your performance under the
7 2018 contract, did you do work that was not full episodes of
8 American Heros?

9 A Oh, yes. Lots of it.

10 Q Can you describe that for the jury?

11 A I think I may have already mentioned the fact that we
12 did, every year we would do a law officer of the year. So, I
13 would go down to interview the officer that had been selected by
14 one of our committees and interview him. The other eyewitness
15 accounts of those engaged in whatever heroic activity it was,
16 and we would make that a show that we would put on after the
17 annual meeting. It would air on NRA TV on a regular basis and
18 it did.

19 Q Before you began raising concerns about the operation
20 of the NRA, had you received any complaint about the amount of
21 work you were doing under the contract?

22 A I have never had anybody complain about me not doing my
23 duty, working very, very hard. I mean, I spent my career in the
24 military. Every job I had since. You know, I formed several
25 corporations that went out and made things like body armor for

LAS

Direct-North-Connell

1800

1 law enforcement in the military. I would be the first person,
2 unless we were doing three shifts a night, sometimes we did, but
3 unless I was working three shifts, I would be the first one in
4 the office in the morning and the last one to leave at night.

5 Q Colonel North, before you read this May 30th, 2019
6 audit committee report, had the NRA or Ackerman communicated to
7 you that it believed you were not performing under the
8 agreement?

9 A Absolutely not.

10 Q I think you also mentioned that there was an ethical
11 complaint made against you within the NRA, is that accurate?

12 A They concocted -- In order to ensure that I was not
13 eligible under the rules for protection under the whistleblower
14 rules of New York, where the NRA is incorporated, that I had
15 committed ethical violations, one of which was that I
16 participated in an attempted coup against Mr. LaPierre. There
17 were several other ludicrous charges made by this thing. But
18 that was done by them to make sure that I could not be
19 appropriately indemnified. I couldn't have my legal bills paid
20 if they accused me of an ethical violation. This whole thing
21 was concocted along the lines of being a coup participant and
22 spreading ugly rumors about Mr. LaPierre, which is the last
23 thing in the world I wanted.

24 Q What steps did you take within the NRA once that
25 ethical complaint had been filed?

LAS

Direct-North-Connell

1801

1 A Well, my counsel went back and said this is untrue. I
2 mean, all these were accumulating legal bills for me, right.
3 It's not because of something I've done. It's because something
4 that the NRA wanted to stick it to me one way or the other.
5 This is really -- It's wrong.

6 Q So did you have to fight that internal ethical
7 complaint?

8 A Yes.

9 Q Okay.

10 A We were never invited to attend the session on which
11 the audit committee reversed their earlier agreement on my
12 contract. I was not given any opportunity to respond to that.
13 We did respond internally to the NRA, the false charges being
14 made by this so-called ethical complaint.

15 Q And do you consider yourself a whistleblower?

16 A I certainly became one. I did not start this process,
17 which we have now gone over extensively. I did not start this
18 with the intention of becoming a whistleblower. There were
19 already whistleblower complaints, not just about Wayne LaPierre,
20 but about other things going on, okay. I started out thinking I
21 can do everything possible to comply with the law, comply with
22 our rules and regulations and save my friend. And turns out I
23 was right.

24 He's now in a situation I never wanted him to see him
25 in before I learned about the corruption and all of that. I'm

LAS

Direct-North-Connell

1802

1 just saying that my goal was to exercise my fiduciary
2 responsibilities. Number two, save the NRA enormous costs.
3 Number three, help my friend. Didn't turn out that way.

4 Q You mentioned indemnification. Did you incur
5 attorneys' fees as part of your work as an NRA board officer?

6 A Oh, yes.

7 Q And board member?

8 A Yes.

9 Q And --

10 A And president.

11 Q And did you ever actually ask the NRA to pay for your
12 attorneys' fees?

13 A No. And that's -- Not to go beyond your question.
14 This law firm has represented me since the 1980s.

15 Q You're referring to Williams and Connolly?

16 A Williams and Connolly Law Firm. They have got lawyers
17 there, they did all my media contracts, all had that same kind
18 of confidentiality clause that they talked about. And every
19 time I had an issue, a legal issue within the NRA, I conferred
20 with them. Am I doing the right thing. Is this what I -- Steve
21 Hart would give me that advice. My personal counsel would give
22 me that advice. Am I doing what's right to save the NRA. To
23 comply with the law. Exercise my fiduciary responsibilities.
24 And help my friend.

25 Q And after you were no longer NRA president but you were

LAS

1 still a board member, did you incur legal fees in connection
2 with your work as an NRA board member?

3 A Certainly. In fact, they continued four and a half
4 years later. They continued to this very day. I mean, there is
5 still a stay on one of their lawsuits against me to decide
6 whether or not I'm truly a whistleblower. To decide whether I'm
7 truly entitled to indemnification of the NRA like all other
8 corporations. You know, provide for the board. Provide for the
9 directors. Provide for their officers. To be indemnified. D&O
10 insurance, directors and officers insurance.

1 Q Just to break that down a little bit: You're -- am I
2 correct in understanding that your attorneys sent the NRA
3 communications indicating that they reserved the right to seek
4 indemnification?

5 A I -- I don't know. I -- I don't think that they ever
6 sent a bill to anybody -- I know that they didn't give me a
7 bill, and that's how it normally would happen. I do know what
8 the accumulated cost has been, however.

9 Q Right. But did your attorneys seek -- communicate to
10 the NRA, in any way, that they reserved the right to seek
11 indemnification?

12 A Oh, absolutely, and that's part of one of the lawsuits
13 against me that still has been stayed.

14 Q So, Colonel North, the NRA commenced a lawsuit against
15 you relating to indemnification; right?

16 A Yes.

17 Q And what was the outcome of that lawsuit?

18 A It's been stayed.

19 Q The indemnification lawsuit.

20 A Correct.

21 Oh, no. They -- they decided the NRA -- the court
22 decided that the NRA has at its discretion whether to pay legal
23 expenses or not.

24 Q Okay. And the NRA could exercise that discretion not
25 to pay yours?

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Direct/Connell

1805

1 A And they did.

2 Q Okay. I think you mentioned another lawsuit. Did the
3 NRA commence a lawsuit with regard to your membership in the
4 NRA?

5 A Yeah. The -- one of the other things they did was:
6 "Resign from the NRA"; in total. Not just as president, not
7 just as a board member, but resign from the NRA, and we said,
8 "No." You know, I'm -- I haven't done anything wrong.

9 Q So the NRA wanted to oust you as an NRA member.

10 A Correct.

11 Q Okay. And what is the status of that lawsuit, if you
12 know?

13 A That has been stayed, waiting -- pending the outcome
14 of --

15 I'm not trying to tell your Honor something.

16 But I -- as I understand it, it's pending the outcome
17 of this case.

18 Q Lieutenant Colonel North, are you still an NRA member?

19 A Yes.

20 Q And do you still believe in the mission of the NRA?

21 A Absolutely, Article II of the bylaws.

22 MS. CONNELL: Thank you, sir.

23 I pass the witness.

24 MS. ROGERS: I'm sorry, your Honor (indicating).

25 THE COURT: It's out of batteries again?

ALAN F. BOWIN, CSR, RMR, CRR

1 MS. ROGERS: One second.

2 Is this working? I think it's working now.

3 THE COURT: No.

4 MS. ROGERS: Wait.

5 Is it working? Here we go.

6 THE COURT: Yes.

7 MS. ROGERS: All right.

8 CROSS-EXAMINATION

9 BY MS. ROGERS:

10 Q Lieutenant Colonel, good morning.

11 A Good morning.

12 No, it's afternoon now.

13 It's still morning.

14 A It's still morning. You're right.

15 Q It's -- it's -- I'm getting to the age where this is
16 starting to be afternoon for me.

17 (Laughter.)

18 Q And when you've been sitting in court, it can feel that
19 way, too.

20 A That's true. Felt like afternoon to me, too.

21 Q Lieutenant Colonel North, earlier this morning, with
22 Ms. Connell, you testified that the Audit Committee had approved
23 your Ackerman contract before you entered into it; and then we
24 looked at the dates on those two documents, the contract and the
25 approval, and we realized that testimony was false.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1807

1 Do you recall that?

2 A Well, I -- I do remember correcting that it was
3 approved retroactively, but it had been approved.

4 Q Right.

5 Before we start cross-examination, is there any other
6 testimony you gave this morning that might be false which you'd
7 like to correct for the jury (indicating)?

8 A Not that I know of.

9 Q All right, let's get started.

10 You testified that you weren't elected to your
11 position, but that Mr. LaPierre "took care of it." Do you
12 remember that?

13 A Yeah.

14 Q But, in fact, you were elected to the -- to a vice
15 president -- a vice presidential position at the NRA, at its May
16 2018 board meeting, by acclamation; right?

17 A Well, I'm not familiar with the date that you're giving
18 me, but the bottom line is, I was -- I -- I became president
19 because Wayne LaPierre had said, "I'll make it happen."

20 Q But you became president because you were vice
21 president and the president stepped down, right?

22 A Well, I -- it was described, by everybody/everything
23 that I saw that I recall, as "president-elect," because I still
24 did not have my contract arrangements finished with Ackerman
25 McQueen and my previous employer.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1808

1 Q And so, if the NRA's board minutes were to indicate
2 that you were elected to that position, you'd agree with me that
3 that's probably true and any testimony to the contrary is
4 probably false; right?

5 A Well, I'm not -- I'm not acknowledging anything I said
6 is false, but what I'm suggesting to you is that Wayne LaPierre
7 said he would take care of it. Those were the words that were
8 used: He would take care of the contract with Ackerman McQueen
9 and he would take care of me being the -- the president of the
10 NRA.

11 Q During your time as president of the NRA, you spent a
12 considerable amount of time working at NRA headquarters; right?

13 A Oh, yes.

14 Q You would bring your dog. You'd come in a few days a
15 week, right?

16 A I'd bring my dog in every time I could. She's a great
17 hunting dog.

18 Q And during that time, you made sure you were familiar
19 with the NRA's bylaws; right?

20 A Oh, yeah.

21 Q And its rules, right?

22 A Certainly.

23 Q Did you take any of the board compliance seminars?

24 A Did I take the board compliance seminar? I do recall
25 a -- a session or two, maybe -- maybe three, with Steve Hart,

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1809

1 who was the board counsel, on what the responsibilities were,
2 what -- what constituted fiduciary duty; those kinds of things.
3 If that's what you're referring to, yes, I did.

4 Q You referred to this person named Steve Hart a few
5 times as "board counsel." On what are you basing your testimony
6 that Steve Hart was board counsel?

7 A I think that's what he was. That's why I referred to
8 it that way.

9 Q Were you aware that in the summer of 2018,
10 whistleblowers who came forward against Ackerman McQueen alleged
11 that Steve Hart had tried to intimidate and retaliate against
12 them?

13 A I'm not.

14 Q So -- all right. So we're talking about the NRA's
15 rules and its compliance environment, and you knew that under
16 the NRA's conflict disclosure policy, potential conflicts
17 should -- potential conflicts had to be -- disclosed in advance
18 of any transaction being entered into; right?

19 A Yes.

20 Q Okay. And on May 15th, 2018, you entered into a
21 seven-figure employment contract with Ackerman McQueen; right?

22 A That was the effective date of that contract.

23 Q Right.

24 And --

25 A That was agreed to by Mr. LaPierre.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1810

1 Q Right.

2 And let's look at that contract. Let's bring it back
3 up. That was PX 2569.

4 A And what tab is that in this (indicating)?

5 Q It should be ...

6 (Pause.)

7 Q Tab 22 in your Attorney General binder.

8 A Okay. "Employment Agreement."

9 (Image displayed.)

10 Q Okay. All right. So, Colonel North, you testified
11 earlier -- I know you're not a lawyer, but you testified about a
12 legal concept called "fiduciary duty." Do you remember that?

13 A Oh, yes.

14 Q You're a fiduciary --

15 You were, on the board, a fiduciary to the NRA; right?

16 A Yes.

17 Q And that meant, you had a duty to put the NRA's
18 interests first; right?

19 A Correct, above my own.

20 Q But under this contract, you're actually a fiduciary of
21 Ackerman McQueen (indicating); right?

22 A No.

23 Q Well, let's look at the language the jury is viewing,
24 which is at the top of the second page of your contract.

25 Did you read this language before you signed it?

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1811

1 A I sure did.

2 Q Do you see that under "(ii)," you're only permitted to
3 participate in charitable or civic activities or personal
4 activities to the extent that they don't violate your fiduciary
5 duty to Ackerman McQueen (indicating)?

6 A I -- I see that, yes.

7 Q Okay. Now, under the NRA's conflict policy, you had a
8 clear duty to disclose this to the Audit Committee before you
9 signed; right?

10 A Well, it turns out that -- yes, but hearing Wayne
11 LaPierre saying, "I'll take care of it" at the meeting down in
12 Dallas is clearly not sufficient to satisfy that (indicating),
13 yes.

14 Q I agree; it was not sufficient.

15 And if we look at section 3-B of your contract, it's
16 true -- right? -- that you contracted to make 12 episodes, over
17 the course of 12 months, of an NRATV show called "American
18 Heroes"?

19 A Right.

20 Q Okay. When did you first notify the NRA that you had
21 not delivered the 12 episodes?

22 A I'm -- I'm entirely uncertain as to whether that
23 actually happened. I -- I do know that at some point when I
24 decided to cut my pay, I did not notify them in advance that I
25 was doing that, but that one of the reasons I was cutting my pay

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1812

1 is because -- because of all the other things I was doing at the
2 direction of Mr. LaPierre: go out there and raise members and
3 money. I was doing more of that than I was my TV business, yes.

4 Q If I were to represent to you that in April 2019,
5 almost a year into this contract, you disclosed, for the first
6 time, that you had made three out of 12, would you have a
7 recollection inconsistent with that?

8 A I'm not going to dispute that. I don't recollect it.

9 Q All right.

10 So you talked about how you needed this contract
11 because you needed insurance for your wife and your family,
12 right?

13 A Yes.

14 Q But in addition to health insurance for your wife, this
15 contract also entitles you to \$2.1 million in your first year,
16 cash to you; right?

17 A Yes.

18 Q And then, in the second year, it was going to go to up
19 2.3 million; right?

20 A Right.

21 Q And then, in the third year, 2.5 million; right?

22 A Yes.

23 Q Were you aware that that made you, indirectly, the
24 NRA's highest-paid officer in the history of the NRA?

25 A No. No one ever told me that.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1813

1 MS. CONNELL: Objection, your Honor; no foundation
2 in evidence.

3 MS. ROGERS: Well, I'm asking if he has an
4 understanding. If he doesn't --

5 A I do not.

6 MS. ROGERS: -- then I'll withdraw it.

7 Q And isn't it true that you started negotiating this
8 contract in April 2018?

9 A Yes.

10 Q And isn't it true that the total expected cost to the
11 NRA of this contract was approximately \$5 million a year?

12 A No.

13 Q Do you recall having budget discussions with Ackerman
14 about the number of staff that would be hired for this TV show
15 that you promised to make?

16 A Oh, yes. Yeah, we -- we had -- I was going to be
17 assigned a camera crew and a production crew and all -- all
18 kinds of people who make television. That's what I've been
19 doing for, at that point, nearly 20 years.

20 MS. ROGERS: Let's put up DX1-005.

21 And I'm going to show this -- it's not in evidence
22 yet but I only want to publish it for the witness and
23 counsel, for the time being.

24 THE COURT: Wait a second. We have to turn that
25 (indicating) off.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1814

1 MS. CONNELL: Which number was that?

2 MS. ROGERS: DX1-005.

3 THE WITNESS: Can somebody give me a tab number?

4 MS. ROGERS: You don't have a tab number, but it
5 will come up on your screen.

6 THE WITNESS: Okay.

7 THE COURT: Okay. Can you put it up?

8 MS. ROGERS: Here we go.

9 BY MS. ROGERS:

10 Q Colonel North, do you recall --

11 MS. ROGERS: And is there any way we can switch the
12 orientation so he doesn't have to lean ...? Can we make the
13 document right side up? Great.

14 THE WITNESS: Thank you.

15 Q Colonel North, do you recall this budget that Ackerman
16 prepared for your show?

17 Do you recall seeing this in your deposition?

18 A I do not -- I not recall seeing this document.

19 Q Does looking at this document refresh your recollection
20 about the total cost to the NRA of your Ackerman contract?

21 A No.

22 Q Okay. But you would agree with me -- right? -- that
23 having experience in television as you do, that with a \$2
24 million cash salary to you and the hiring of eight to ten people
25 to work on the show, the annual cost of the show was going to

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1815

1 run at least three or four million dollars; right?

2 A I -- I did not know that at the time, no.

3 Q And did you know whether Ackerman was charging a 55
4 percent overhead and a 16 percent profit surcharge on your show?

5 A No.

6 Q Charges borne by the NRA?

7 A No, because I had agreed that I was not going to
8 intervene with Ackerman McQueen on any other issue, other than
9 what I'm doing out there, shooting a show in Kansas or whatever.

10 Q All right.

11 And then, in August 2018, you filled out your mandatory
12 Conflict Disclosure Form and you indicated no financial
13 relationships with any NRA vendors; right?

14 A Yes, because that -- that form applied only to what I'd
15 spent or what I'd -- disclosing for 2017.

16 MS. ROGERS: So I'd like to put this form into
17 evidence, and I have copies for everyone, but I don't think
18 it's on the screen.

19 MS. CONNELL: Your Honor, can we take this exhibit
20 down if it's not being admitted?

21 MS. ROGERS: Yeah, we can take this (indicating)
22 down.

23 (Document handed to Ms. Connell.)

24 MS. CONNELL: Thank you.

25 MS. ROGERS: A copy for the Court and for the

ALAN F. BOWIN, CSR, RMR, CRR

1816

1 witness (handing).

2 THE COURT: Are you marking this?

3 You want the court reporter to mark it?

4 MS. ROGERS: Yeah. We'd like to mark this as DX --

5 THE COURT: Before you give it to the witness,

6 let's give it to the court reporter.

7 You want to mark it as what?

8 MS. ROGERS: DX1-1086.

9 (Exhibit so marked for identification, then handed
10 to witness.)

11 BY MS. ROGERS:

12 Q Lieutenant Colonel, do you recognize this as your
13 Conflict Disclosure Questionnaire for 2018?

14 A I -- I don't know this is 2018. It says: "Unless a
15 quotation states otherwise, have you ever ... you only need to
16 answer with respect to calendar year 2017." It says that right
17 at the top.

18 THE COURT: Let's not read from the document just
19 yet.

20 You want to --

21 Is there any objection to this exhibit?

22 MS. ROGERS: Any objection to this?

23 MS. CONNELL: No objection, your Honor.

24 MS. ROGERS: Okay.

25 THE COURT: This can be --

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1817

1 You want to move it into evidence?

2 MS. ROGERS: Yes, let's move it into evidence.

3 THE COURT: All right. DX1-1086 is admitted.

4 We can turn the screens back on.

5 (Exhibit so marked, then handed to witness.)

6 (Image displayed.)

7 BY MS. ROGERS:

8 Q And let's turn to the final page of the document.

9 Do you recognize your signature?

10 A I do.

11 Q Dated August 22, 2018?

12 A Yes.

13 Q And you certify there that you've read, understood and
14 complied with the NRA's conflict policy; right?

15 A Yes.

16 Q And at the time you filled out this questionnaire and
17 signed it, you were already getting paid about \$400,000 a month
18 by Ackerman McQueen; right?

19 A Not in 2017, I wasn't.

20 Q But at the time you signed this, on August 22nd, 2018
21 (indicating), at the time you certified that you were complying
22 with the NRA's conflict policy, you were getting about \$400,000
23 cash a month from Ackerman; right?

24 A No.

25 Q No?

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1818

1 A Again, I did learn to read, counsel. It says: "Unless
2 a question states otherwise; e.g., 'have you ever,' you need
3 only answer with respect to calendar year 2017." It's right at
4 the top of the form.

5 Q So -- we're on a clock here, so I'm going to ask
6 narrow, yes-or-no questions and ask for narrow, yes-or-no
7 answers; and you'll have time to talk more with the attorney
8 general, if you'd like, since you're here testifying for them.
9 But my question isn't what the questionnaire says on the first
10 page. My question is about your signature on the last page, and
11 my question to you is this:

12 On August 22nd, 2018, were you or were you not getting
13 paid about \$400,000 a month by Ackerman McQueen?

14 A I was being paid by Ackerman McQueen. I -- I don't
15 want to debate over how much it works out to every month with
16 taxes taken out, etcetera.

17 Q But you were getting paid in that original \$2 million
18 salary scheme, right?

19 A 2.1.

20 Q 2.1.

21 All right. Now, you testified with the attorney
22 general that you didn't talk to the Audit Committee yourself
23 about this contract but you were certain that your friend
24 Richard had talked to each member of the Audit Committee? Is
25 that your testimony?

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1819

1 A What -- what I was told was that Wayne had instructed
2 him to call the Audit Committee, every member of it, and tell
3 them that North is worth every penny of what he's about to be
4 paid.

5 Q Did you have any understanding that your friend Richard
6 had conveyed a copy of your contract to any member of the Audit
7 Committee?

8 A I don't know.

9 Q But, in fact, later that summer, when the NRA's lawyers
10 first asked for a copy of your contract, you said, "Sure"; you
11 consented.

12 A Yes.

13 Q And you testified earlier that no one reached out to
14 you from the NRA and asked for that contract; but, in fact, on
15 September 1st, 2018, you received a letter from the Brewer firm
16 requesting that contract on behalf of the NRA.

17 Do you recall that?

18 A I don't recall it.

19 Q All right, let's look at the letter.

20 (Document's handed by Ms. Rogers to counsel.)

21 THE COURT: Does this need to be marked by the
22 court reporter?

23 MS. ROGERS: I'm going to refresh his recollection
24 with it and then --

25 Does the Court need a copy?

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1820

1 THE COURT: Okay. So you don't need it marked yet.

2 MS. ROGERS: Not yet.

3 BY MS. ROGERS:

4 Q Colonel North, do you recall that --

5 MS. CONNELL: I'm sorry.

6 THE COURT: Yes?

7 MS. CONNELL: I object to this (indicating).

8 There's not even a Bates number on it. This was
9 never produced in discovery. I don't believe it should be
10 used now.

11 MS. ROGERS: I'm not sure if it was produced in
12 discovery, but it's being used for impeachment. It wasn't
13 an exhibit. It's an exhibit now because we didn't expect
14 contrary testimony from Colonel North.

15 MS. CONNELL: It's not a matter of whether it was
16 an exhibit, your Honor. It's something that should have
17 been produced and it was withheld.

18 THE COURT: May I have a copy of it?

19 (Document handed to Court.)

20 MS. ROGERS: The attorney general subpoenaed both
21 the NRA and Ackerman; it also subpoenaed Colonel North, and
22 if none of those subpoenas returned a copy of this document,
23 it's probably because it evaded electronic search protocol
24 in each instance. But the document is clearly relevant for
25 impeachment.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1821

1 MS. CONNELL: Your Honor, you know that Lieutenant
2 Colonel North is identified as "Dissenter No. 1
3 Whistleblower" in the complaint. We asked for information
4 regarding this, squarely, in multiple of our document
5 demands. It was never produced. There's no Bates number.

6 This is an improper use of a document that should
7 have been produced years ago.

8 THE COURT: Well, for now, all you're doing is
9 showing it to the witness --

10 MS. ROGERS: Right. That's correct.

11 THE COURT: -- and seeing if it refreshes his
12 recollection? That's okay.

13 MS. ROGERS: Okay.

14 BY MS. ROGERS:

15 Q Lieutenant Colonel, do you have a copy in front of you?

16 A No.

17 Q Okay. He can have my copy (handing).

18 (Document handed to witness.)

19 Q Lieutenant Colonel, do you recall receiving this
20 letter?

21 A May I read it first?

22 Q Of course.

23 A Thank you.

24 (Pause.)

25 A Well, I do not recall this specific piece of

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1822

1 correspondence, but it does make note that the NRA wishes to
2 review the North contract. "For the avoidance of any concern
3 regarding confidentiality," which was the concern, "the NRA has
4 communicated directly with Lieutenant Colonel North and obtained
5 his consent to review the contract."

6 What it does not say is, Lieutenant Colonel North wants
7 assurances that he's not violating the confidentially --
8 confidential clause -- of the contract. Okay?

9 Q Right.

10 A And that's what we kept waiting for.

11 Q All right.

12 A All right?

13 Q So I want the jury to understand that. So your
14 Ackerman contract had, basically, a nondisclosure clause in it;
15 correct?

16 A Correct.

17 Q And you were afraid that if you let the NRA see the
18 multimillion-dollar contract you had signed with its largest
19 vendor, under which the NRA would be paying you, you were afraid
20 that you'd be breaching an obligation to Ackerman; right?

21 A No. I was -- I was not afraid of anything, counsel.

22 Second, I did not want to violate the confidentiality
23 clause of my contract with Ackerman, just like I've had with
24 every other media contract. Okay? Those are mostly imposed by
25 the employer, not the employee. And so, I went out and I -- I

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1823

1 suggested that what we do is, we get counsel to -- to collect up
2 the agreements, that this revelation that North's about to make
3 of the entire contract is not a violation of the confidentiality
4 clause.

5 It's -- that's very simple. And it didn't happen
6 until -- until very late in the game. I know that copies of
7 that document were provided to the Audit Committee and to other
8 people who were asking for it.

9 Q Very late in the game.

10 But we are talking now about September 2018 --

11 A Okay, but I --

12 Q -- and I'm going to try to keep my questions narrow and
13 I'm going to ask you to keep your answers narrow.

14 A I do not recall ever seeing this document.

15 Q Okay. But you do recall consenting, on or about
16 September 1st, 2018, to the NRA's review of your contract;
17 right?

18 A And I think the NRA had already done so. I know that
19 Mr. LaPierre had a copy of it the day that it was executed --

20 Q But you --

21 A -- in Dallas, Texas.

22 Q Right. You testified to that earlier. But you
23 testified that -- well, let's clarify: Your friend Richard
24 didn't hand out copies to the Audit Committee, right?

25 A I -- it's my understanding, he gave a copy, yes.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1824

1 Q Oh, so -- so -- I didn't get that from your earlier
2 testimony. So who do you think that Richard delivered a copy
3 to?

4 A I would guess it was Mr. Cotton. I don't know.

5 Q Yeah? Well, what do you -- what's that guess based on?

6 A Just the way things worked around the NRA headquarters.

7 Q If Mr. Cotton testifies later that that is a complete,
8 whole-cloth fabrication and he never received a copy of this
9 contract from Richard Childress, should the jury credit that
10 testimony?

11 A Look it: I don't -- I don't know what you're trying to
12 prove here. All I know is that I sought to get confirmation
13 from Ackerman McQueen that I could reveal this -- this
14 solicitation for the contract --

15 Okay?

16 Q Now -- right.

17 A -- and an agreement from those who would receive it
18 that they would respect the confidentiality clause. Very
19 simple.

20 Q But, in fact, while you were trying to get consent from
21 Ackerman McQueen to reveal the contract, Ackerman McQueen was
22 claiming it couldn't reveal the contract because it needed
23 consent from you; right?

24 A I don't -- I don't recall that.

25 Q Well, let's look at another document.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1825

1 MS. ROGERS: (To counsel) This one is a deposition
2 exhibit; you've seen it before (handing).

3 Copies for the witness and the Court (handing).

4 MS. CONNELL: This was the deposition in --

5 MS. ROGERS: That's why it's got --

6 THE COURT: All right, you need to --

7 Counsel, you need to have this marked by the court
8 reporter for identification?

9 MS. ROGERS: Right now, I'm refreshing his
10 recollection with it, and then -- unless you'd like me to
11 mark it first.

12 THE COURT: Okay.

13 MS. CONNELL: Your Honor, this, again, has no Bates
14 number. This, to my knowledge, was not produced in this
15 action. Again, we object to pulling out this document at
16 this point.

17 MS. ROGERS: I think all the deposition exhibits
18 were produced, but we can check that on a break.

19 Q Colonel North, you remember being deposed about this
20 e-mail; right?

21 A Do I recall being which?

22 Q Deposed.

23 You took a deposition in the NRA's Ackerman litigation,
24 right?

25 A Yes.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1826

1 Q Okay. And you were shown this e-mail in that
2 deposition. Do you recall that?

3 A I don't know. I haven't seen the e-mail yet.

4 MS. ROGERS: Did we not hand a copy to the witness?

5 (Document handed to witness.)

6 THE WITNESS: Thank you.

7 (Pause.)

8 A I do not recall this document.

9 Q Well, do you -- does looking at the document refresh
10 your recollection that after you told the NRA's lawyers you
11 consented that the NRA could see your contract and the NRA
12 contacted Ackerman and said so, that Ackerman replied,
13 "Actually, we talked to Colonel North's lawyers and it turns
14 out, you can't"?

15 MS. CONNELL: Objection, your Honor.

16 Q Does that refresh your recollection about any of this?

17 A No.

18 THE COURT: Hang on a second.

19 Objection is based ...?

20 MS. CONNELL: Your Honor, this is a largely hearsay
21 document. I haven't had the time to review it all, but it
22 all appears to be hearsay. The witness has said he has
23 never seen it or he doesn't recall seeing it, so how it
24 could be used to refresh his recollection, I don't know.

25 MS. ROGERS: Well, we have sworn deposition

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1827

1 testimony from the witness about documents, so we can play
2 some of that later.

3 MS. CONNELL: Then use the deposition testimony.

4 THE COURT: Yeah. This is not in evidence, and I
5 agree with the objection.

6 BY MS. ROGERS:

7 Q So, Colonel North, your testimony is that during
8 September 2018, you had no knowledge that at the same time that
9 you were conditioning your disclosure on -- of the contract --
10 on Ackerman's approval, saying, "Ackerman needs to consent,"
11 that Ackerman was pointing the finger back at you and saying,
12 "We want to give you the contract but Colonel North needs to
13 consent." You have no recollection of that?

14 A What -- what I recall, counsel, is, I solicited
15 confirmation from those who would see the contract that they
16 would hold it to be confidential, as is required in the
17 contract.

18 Q Um-hmm.

19 A That's what I sought.

20 Q Okay. And you were never, ever made aware that
21 Ackerman was refusing to produce the contract because you hadn't
22 consented to share it?

23 A Because I what?

24 Q Because you hadn't consented to share it.

25 A No, I consented.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1828

1 Q Well, I thought you consented.

2 And you were never made aware that Ackerman was
3 representing otherwise.

4 A I -- no, I'm not sure I understand what you're saying.

5 When I was asked by someone in this process, and I
6 think it was Brewer, himself --

7 Q Himself, yeah.

8 A Okay?

9 -- I said, "I -- I would consent to anything you wanted
10 to do, as long as all the parties who had access to the -- the
11 document would profess their commitment to maintain the
12 confidentiality of it." That's -- that's all. It wasn't just
13 Ackerman; it wasn't just Brewer; it wasn't just my law firm. It
14 was anybody. Okay? And I don't think it's unfair to have the
15 person who's -- the contract is with have that kind of
16 protection.

17 Q Okay. And so, it's your testimony that neither Brewer
18 nor the NRA nor the Audit Committee would agree to keep your
19 contract confidential?

20 A I didn't say that.

21 MS. CONNELL: Objection.

22 (No audible ruling.)

23 A I said that I wanted to make sure that all parties who
24 had an interest in this matter would give me a -- a firm
25 agreement to maintain the confidentiality, as is called for in

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Rogers

1 the document -- in the agreement.

2 Q Now, when the NRA's general counsel, John Frazer, asked
3 for a copy of this contract, you also invoked your
4 confidentiality obligation to Ackerman and wouldn't give it to
5 him; right?

6 A No, I -- it's my recollection that John Frazer was
7 allowed to read the whole darn thing and made notes on it in.

8 Q In February 2019, right?

9 A I don't know. I --

10 Q Late in the game, you said; right?

11 That's when that happened?

12 A I don't know when it was.

13 Q Do you recall being deposed under oath in the NRA's
14 lawsuit against Ackerman McQueen on September 15th, 2021?

15 A I recall that I did testify under those circumstances,
16 yes.

17 Q Do you recall being asked about your refusal to share
18 this contract with John Frazer earlier on, when it was first
19 sought?

20 A I don't recall that, no.

21 Q Okay.

22 MR. ROGERS: Let's play the excerpt of Colonel --
23 of Lieutenant Colonel -- North's deposition testimony, dated
24 September 15th, 2021, at page 126, lines 6 through 15.

25 A This is where in the tabs?

ALAN F. BOWIN, CSR, RMR, CRR

1 Q It won't be on a tab; it will be on your screen.

1 Q Okay. In fact, you did not pick up the phone and call
2 Ackerman and communicate your consent to sharing the contract or
3 ask Ackerman to share the contract correct?

4 MS. CONNELL: Objecting, your Honor.

5 THE COURT: Overruled. You can answer.

6 A Would you please repeat the question.

7 Q Sure. During the September timeframe all the
8 squirmishing is going on with the NRA, trying to get a copy of
9 the contract, you never picked up the phone and called Ackerman
10 and communicated to them your consent that it be shared, right?

11 A I did not. You're right.

12 Q Eventually the audit committee reviewed your contract
13 without seeing it, right?

14 A Who?

15 Q Well let's look at Plaintiff's Exhibit 2983. This is
16 already in evidence. It is the report of the audit committee
17 dated September 6th.

18 A Tab number please. There it is.

19 MS. ROGERS: All right. Now let's turn to the
20 portion dealing with Colonel North's contract.

21 Q All right. Now it's true that when the audit committee
22 met in September, it approved your relationship with Ackerman
23 subject to conditions, right?

24 A Correct.

25 Q And one of those conditions communicated to you by

LAS

Cross-North-Rogers

1832

1 Charles Cotton was that the NRA had to finally get its hands on
2 a copy of this contract, right?

3 A That's what it says.

4 Q Okay. And it also says that a condition of this
5 approval is that you keep your hands off of matters involving
6 Ackerman McQueen, right?

7 A I don't see that in this part.

8 Q So under the resolved clause, there is two clauses,
9 number one and two.

10 A Right.

11 Q And number one says that you have to abstain from
12 deliberations or voting or participating in any votes regarding
13 Ackerman. Do you see that?

14 A Deliberations or votes, yes.

15 Q And that's good because you were a fiduciary and you
16 didn't want to be conflicted, right?

17 A Well, that's -- the goal was to make sure everybody
18 understood I knew my fiduciary duties as a consequence of this
19 contract. I also new my fiduciary duties to the NRA as the
20 president.

21 Q Right. That meant that you would not be involved in
22 matters at the NRA pertaining to the NRA's relationship with
23 Ackerman, right?

24 A Which is point number two.

25 Q Right. And point number two is that if any of the

LAS

Cross-North-Rogers

1833

1 material terms of the contract change, the audit committee gets
2 notified, right?

3 A Yes.

4 Q Okay. All right. Ackerman did not, at any time in
5 September or October or November of 2018, provide a copy of that
6 contract to the NRA, to your knowledge, right?

7 A I don't know.

8 Q And you did not, in September or October or
9 November 2018, provide a copy of that contract to the NRA,
10 right?

11 A Not that I recall. No.

12 Q Okay. Did you recall becoming aware in September 2018,
13 in response to whistleblower complaints made to the audit
14 committee, the NRA conducted an audit of Ackerman's books and
15 records? You're not aware of that?

16 A No.

17 Q Okay. And were you not aware that in December the NRA
18 hired a third party forensic accounting firm to do a second
19 audit of Ackerman's books and records?

20 MS. CONNELL: Objection, your Honor. Not in
21 evidence.

22 MS. ROGERS: I'm asking if the witness is aware.

23 Q Did you have any understanding that the NRA hired a
24 firm, not a law firm but a forensic accounting firm, in
25 December 2018 to do a second audit of Ackerman's books and

LAS

Cross-North-Rogers

1834

1 records?

2 THE COURT: Hang on. Hang on. Hang on.

3 MS. CONNELL: Objection, your Honor. I think
4 that's a misstatement of what occurred and a misstatement of
5 the review that was done.

6 THE COURT: Is this evidence that's going to come
7 in at some point that hasn't come in yet?

8 MS. ROGERS: It hasn't come in yet. I'm not trying
9 to introduce it unless the witness knows about it.

10 THE COURT: Are you asking it in a question? The
11 assumption is that you have an evidentiary basis for it.

12 MS. ROGERS: I do. Yes.

13 THE COURT: Okay.

14 MS. ROGERS: The witness might not know but other
15 witnesses will.

16 Q Colonel North, did you have any understanding in 2018
17 that in late 2018, in December the NRA hired forensic
18 accountants from a firm called Forensic Risk Alliance to do
19 another review of Ackerman's records?

20 A No.

21 Q But between the time that Ackerman refused to provide
22 your contract in September and the time the forensic accountants
23 went in in December, you changed the contract to cut your pay,
24 right?

25 A I had.

LAS

Cross-North-Rogers

1835

1 Q When you cut your pay, did you ask Ackerman to give
2 back any of the money the NRA had already paid for episodes of
3 American Heroes that were not delivered?

4 A The terms of that amendment are very clearly stated in
5 the record.

6 Q All right. Now later in the game you say, I think you
7 said later in the game, in February of 2019, the NRA's general
8 counsel was finally allowed to review your Ackerman contract,
9 right?

10 MS. CONNELL: Objection, your Honor. Misstates
11 evidence.

12 MS. ROGERS: I thought I said "later in the game".
13 You can correct me if I misstated that.

14 THE COURT: I think the objection is probably to
15 the word "finally", because he had testified that some other
16 parts of the NRA received it earlier than that. That's a
17 question for him.

18 MS. ROGER: Okay. I'll ask it differently.

19 Q Lieutenant Colonel North, you understand in February of
20 2019 John Frazer, the general counsel, was given access to a
21 copy of your contract, but he couldn't take it with him, right?
22 He was only allowed to look at it and take notes, did you
23 understand that?

24 A I don't -- I don't necessarily agree to the date in
25 which all of this transpired. Yes, it came to my attention that

LAS

Cross-North-Rogers

1836

1 he had been allowed to go in, look at and make notes on the
2 contract. But the copy of it could not be taken out of the room
3 or whatever.

4 Q Right.

5 A I don't even know where this took place though. I was
6 informed about it afterwards.

7 Q Right. And you also testified I think this morning
8 that no one ever gave you the numbers or gave you access to the
9 invoices for the Brewer firm. Do you recall that testimony?

10 A The actual invoices that showed hour-by-hour
11 breakdowns, no. No recollection of ever being able to see any
12 of that.

13 Q Isn't it true that John Frazer told you explicitly in
14 February of 2019 that you could have all of the Brewer invoices?
15 You could have them. You could look at them except for three
16 invoices pertaining to legal matters that involve you?

17 A I -- I don't recall that conversation whatsoever.

18 Q All right. Let's refresh your recollection.

19 MS. ROGERS: I need a copy for the AG.

20 THE COURT: Are you --

21 MS. ROGERS: I'm showing it to him to refresh his
22 recollection now.

23 THE COURT: Okay.

24 Q Colonel North, do you recall receiving this e-mail on
25 February 26th, 2019?

LAS

Cross-North-Rogers

1837

1 A Let me read it first, if I may.

2 Q Sure.

3 A (Examining).

4 Q Lieutenant Colonel, do you recall receiving this
5 e-mail?

6 A I don't specifically recall it, but clearly I did
7 because I answered it.

8 Q Okay. And this is your e-mail address. I'm not going
9 to read it into the record. That's your e-mail address, right?

10 A Yes.

11 MS. ROGERS: I move to admit this document into
12 evidence.

13 THE WITNESS: Pardon?

14 MS. ROGERS: I move to admit this document into
15 evidence.

16 THE COURT: She's talking to me. Any objection?

17 MS. CONNELL: We would ask that personal e-mail
18 addresses be redacted. Other than that, no.

19 MS. ROGERS: No objection to redacting it.

20 MS. CONNELL: What's the number?

21 MS. ROGERS: It's going to be DX 1-1087.

22 THE COURT: So we need to --

23 MS. ROGERS: I'm happy to help mark it if that
24 helps.

25 THE COURT: Hand it back to the court reporter to

LAS

Cross-North-Rogers

1838

1 mark.

2 (Whereupon the e-mail chain was marked received in
3 evidence as Defendant's Exhibit 1-1087 as of this date.)

4 Q All right. Lieutenant Colonel North, looking at this
5 e-mail chain, we see at the top that John Frazer offers you
6 access to --

7 THE COURT: Wait. Are you intending to have this
8 be on the screen?

9 MS. ROGERS: Do we have an electronic copy?

10 THE COURT: Okay.

11 MS. ROGERS: Let's redact his personal e-mail from
12 the screen. Thank you.

13 Q Lieutenant Colonel North, you would agree with me that
14 on February 26th, 2019 John Frazer, the general counsel, said
15 you can look at all of the Brewer invoices except the three
16 where you have a conflict. Do you recall that now looking at
17 this e-mail?

18 A I don't recall it, but I can see it's in the e-mail.

19 Q Okay. This is an e-mail chain, and John Frazer's
20 replying to an e-mail you sent on February 25th asking for
21 copies of the invoices, right?

22 A It appears to be, yes.

23 THE COURT: Counsel, so you know, it's still not up
24 on the screen.

25 MS. ROGERS: I thought it was.

LAS

Cross-North-Rogers

1839

1 THE COURT: They were doing the redaction.

2 MS. ROGERS: Okay. Well, I don't want his personal
3 information shared, so this is good. Let's scroll down.

4 Q And we'll see John Frazer is replying to a request that
5 you made Lieutenant Colonel, right, for copies of these
6 invoices?

7 MR. FARBER: There are other redactions that need
8 to be made.

9 MS. ROGERS: Yes, of his e-mail address as well.

10 Q I'll just ask this. Lieutenant Colonel, do you recall
11 the date on which your Ackerman contract was first made
12 available to John Frazer at the NRA?

13 A I do not.

14 Q If I represent to you that it was on or about
15 February 25th, 2019, would you have a recollection inconsistent
16 with that?

17 A I don't have one that's consistent or inconsistent. I
18 don't know.

19 Q Isn't it true that you never demanded copies of outside
20 counsel's invoices until the NRA got its hands on a copy of your
21 contract and you thought that was fair?

22 A No.

23 Q Okay. All right. Now, you were at NRA headquarters
24 often, right?

25 A Very.

LAS

Cross-North-Rogers

1840

1 Q And your office as president was on the 6th floor,
2 right?

3 A Yes.

4 Q And that's right across from John Frazer's general
5 counsel's office, right?

6 A A few feet a way.

7 Q A few feet a way?

8 A Yeah.

9 Q You never walked a few feet to look at all these legal
10 invoices that you thought posed a threat to the NRA, that you
11 had demanded to see? You didn't walk a few feet and take a look
12 at them, right?

13 A No. I spent a good bit of time in and out of John
14 Frazer's office, don't get me wrong.

15 Q Right.

16 A I do not recall specifically asking for the Brewer
17 invoices, because I pledged in my contract to avoid all contact
18 with Ackerman McQueen on anything except the productions of what
19 I was suppose to be doing.

20 Q So your testimony is that you don't recall asking for
21 copies of the Brewer invoices?

22 A I do not recall asking. That's why I kept asking for
23 an outside, independent audit being done. That's what I was
24 asking for.

25 Q So in your e-mail --

LAS

Cross-North-Rogers

1841

1 A I'm not asking to show them who invoices to me. I'm
2 asking them to appoint an outside, independent counsel who would
3 review all of what we're doing.

4 Q All right. Let's read your e-mail. "So, further I
5 made an oral requests to you for all invoices submitted by
6 Brewer attorneys and counselors", right? And your verbal reply
7 was, "I could examine those invoices in the office of Mr.
8 Spray", right? Do you see that? And then you say where you
9 want the invoices sent. You say, let's scroll to the next page,
10 "I expect those records to be delivered to my office." And we
11 can black out the office address, but that is your office, sir,
12 that's not the address of an outside, independent auditor with
13 no connection to Ackerman McQueen, right?

14 A Correct.

15 Q Okay. All right. We looked later at a memorandum from
16 you that itemized fees by the Brewer firm which you thought were
17 astronomical, right?

18 A It did not itemize it. It listed the monthly payments
19 being made to Brewer.

20 Q And you testified that the outside, independent review
21 you proposed of the legal fees was never performed. That was
22 your testimony, right?

23 A I proposed what now?

24 Q You testified that you proposed an outside, independent
25 audit of the Brewer fees, right?

LAS

Cross-North-Rogers

1842

1 A Correct.

2 Q And you testified to the Attorney General that that
3 never happened, is that right?

4 A That I knew of never happened.

5 Q Right.

6 A I still don't know what happened.

7 Q When you wrote that memo, did you inquire whether there
8 had been an outside, independent review by any other law firm?

9 A I -- I've never been told that one had been done.

10 Q You knew that a portion of those fees was being
11 reimbursed by the insurance company though, right?

12 MS. CONNELL: Objection, your Honor. No
13 foundation.

14 A Yes. That was --

15 MS. ROGERS: It's talked about in his memo and he
16 says --

17 A That was announced at a board meeting.

18 Q Right.

19 A Because the issue, as I recall it, the issue was, did
20 the NRA recover enough of what Mr. Brewer said he was going to
21 do, which my recollection today is it was over \$60 million from
22 Lockton, the insurance company, that had backed away from their
23 contract with us.

24 Q Right.

25 A And I was a participant in that conversation, because

LAS

Cross-North-Rogers

1843

1 it occurred right in the middle of a board meeting.

2 Q Right. In formulating your view that the NRA's outside
3 counsel were charging too much and needed to be audited, did you
4 inquire or learn whether the insurance company reimbursing the
5 bills was already auditing them?

6 A I don't know if I knew about it at the time, but I
7 certainly learned about it later on.

8 Q In forming your view that outside counsel's fees were
9 excessive and needed to be audited, did you inquire or learn
10 whether the fee amounts you listed had been discounted at all?

11 A One of my memos going forward actually puts those items
12 in one of my letters to the management.

13 Q So, did you -- did you inquire or learn the amount of
14 the discount that was being applied?

15 A I think it's listed right there in the document.

16 Q Let's look at it.

17 A There were several of those documents. I mean, there
18 was one letter on the 18th.

19 Q Yes.

20 A Another one on the 25th.

21 Q Right. Let's look at tab five. Tab five is one of
22 these. It encloses a memorandum. Actually hold on. Maybe tab
23 five is not the best. That's -- (pause). Okay. Sorry. Let's
24 look at tab 18 of the Attorney General's binder, which is PX
25 1683.

LAS

Cross-North-Rogers

1844

1 THE COURT: Is that in evidence yet?

2 MS. CONNELL: Yes, your Honor.

3 THE COURT: Okay. It is.

4 Q All right. Colonel North, when you get there, confirm
5 for me that this is one of the memos you're talking about.

6 Right?

7 A (Examining). Yes. There is another one, which is
8 based on more information. It actually shows the tabulation of
9 what Lockton reimbursed the NRA for versus what Brewer just
10 billed for.

11 Q Right. I'm not asking about the Lockton reimbursement
12 now. I'm asking something different. You've dealt with
13 Williams and Connolly you said for decades, right?

14 A Oh, gosh, yeah.

15 Q Would you say they are an expensive law firm?

16 A I don't know.

17 Q You don't know?

18 A No.

19 Q Do you think they are more expensive than most law
20 firms?

21 A I really don't know. I've never asked them, okay. I
22 know what I paid --

23 Q Right.

24 A -- okay, over the course of five years of litigation.

25 Q Understand.

LAS

1 A And it was a lot less than what Mr. Brewer was
2 charging.

3 Q Right. But does Williams and Connolly ever apply a
4 discount to your bill, ten percent off or something like that?

5 A Absolutely.

6 Q They do. Did you ever inquire or learn in the course
7 of disputing my law firm's bills whether my law firm was
8 discounting these amounts at all?

9 A Well, there was nothing in the record that I was
10 provided that indicated that.

11 Q And you didn't ask, right?

12 A Well, actually we did. We suggested, for example, that
13 there ought to be an issue exploring whether the NRA was getting
14 a nonprofit discount, which is commonplace within, you know, law
15 firms representing charities. A 501(c)(3) is a public charity.

16 Q In the course of disputing these law firm bills, did
17 you ever inquire or learn what portion of these fees were
18 recoverable when the NRA prevailed in court?

19 MS. CONNELL: Objection, your Honor.

20 THE COURT: Overruled.

21 A I never -- Ask me the question again.

22 Q I'll break it down. So, you know that a couple of
23 these cases are cases against the government, right?

24 A A couple of these cases. I don't have cases listed.
25 I've got monthly amounts spent on page 2. Monthly money owed by

2 Q You knew that one of the cases Brewer was working on
3 was a First Amendment lawsuit against the State of New York,
4 right?

5 A A case that originally had been worked on by Chuck
6 Cooper.

7 Q What is that testimony based on, sir?

8 A Pardon?

9 Q What is that testimony based on, that that case was
10 originally worked on by Chuck Cooper?

11 A Well, at the time Chuck Cooper was exploring whether to
12 be retained on that, that's why.

13 Q If I represented to you that I wrote that complaint,
14 that that lawsuit was brought by me, and that Chuck Cooper
15 joined as co-counsel, would that refresh your recollection as to
16 who brought that lawsuit?

17 A Yes.

18 Q Okay.

19 A Thank you.

20 Q Thank you. It's nice to get credit where credit is
21 due.

22 A There you go.

23 Q It's a good lawsuit. Are you aware that the lawsuit I
24 worked on with Chuck Cooper is going to be heard by the United
25 States Supreme Court on March 18th of this year?

1 MS. CONNELL: Objection, your Honor.

2 THE COURT: Sustained.

3 Q Did you form a view as to whether, if the NRA prevailed
4 at the Supreme Court, these fees would become recoverable,
5 reimbursed to the NRA pursuant to federal law?

6 A No. I had nothing to do with that case.

7 MS. CONNELL: Objection, your Honor.

8 THE COURT: Overruled.

9 Q All right. Throughout 2018 and early 2019, when you
10 were demanding an audit and an investigation of the NRA's
11 outside lawyers, did you ever demand or suggest an audit or
12 investigation of Ackerman McQueen?

13 A No.

14 Q What about an audit or investigation of any other NRA
15 vendor?

16 A No. What I was suggesting was --

17 THE COURT: It was just a yes or no.

18 Q Just a yes or no, sir.

19 A No.

20 Q Okay. Now, when the audit committee re-reviewed
21 your -- Strike that. Would you agree with me that the NRA's
22 relationship with Ackerman changed between September 2018 and
23 May 2019?

24 A Well, I have no doubt that it changed.

25 Q Right. In fact, it would be fair to say metaphorically

LAS

Cross-North-Rogers

1848

1 by May 2019 the NRA and Ackerman were in a shooting war, right?

2 A I described it as a circular fire squad.

3 Q Right, exactly, a firing squad. Firing at each other.

4 And, in fact, I think you testified earlier that the NRA

5 demanded you resign not only from the board but resign as a

6 member of the NRA, is that -- is that your intended testimony?

7 A That is my recollection.

8 Q But in fact what the audit committee did, right, was

9 they gave you a choice, team NRA or team Ackerman. They asked
10 you to resign from Ackerman, right?

11 A I think they said either or.

12 Q Right. And you refused?

13 A I did.

14 Q Okay. You testified that there was no -- no coup
15 ultimatum at the April 2019 annual meeting, right?

16 A What I testified to is that I never initiated a coup or
17 a replacement for Mr. LaPierre or early retirement or any of
18 that garbage, okay. That is a story concocted over my effort to
19 alert Wayne to what I had been told by Mr. Boren.

20 Q You would agree with me that there was an ultimatum at
21 least relayed, right?

22 A I will not agree with you that I gave an ultimatum. I
23 agreed that I did try to tell Wayne that he was -- that there is
24 going to be a lot of bad stuff coming out as a consequence of
25 what Steve Hart is receiving. I hadn't gotten it yet. It's not

LAS

1 going to be helpful. I'll be glad to go from Texas, excuse me,
2 from Indianapolis to Texas to meet with and stop the gunfight.
3 That's what I was willing to do.

4 Q Right. But you would agree with me that even if you, I
5 think the words you used on direct were, that you didn't make
6 the threat, right?

7 A I did not make the threat. I tried to forward what Mr.
8 Boren told me, I tried to get it to Wayne and ask him to please
9 call me back.

10 Q So you didn't make the threat. You relayed, you
11 conveyed Ackerman's message that if Wayne didn't step down at
12 EVP and drop the lawsuit against Ackerman, that they were going
13 to publically and personally embarrass him, right?

14 A Yes. I want to make sure, I was told that by Mr.
15 Boren. I don't know what the conversation was with -- between
16 Boren and the audit committee, Ackerman McQueen's leadership. I
17 don't know. He articulated it as such. They are going to try
18 to embarrass the dickens out of you, Wayne. I don't know if I
19 said dickens.

20 Q You also testified that they, they commenced an ethics
21 proceeding against you within the NRA. Do you recall that?

22 A Who? Say that again.

23 Q Well, who was going to be my question. So, I think
24 that you testified on direct, you said they. That they had
25 brought an ethics complaint against you in the NRA to try to

LAS

Cross-North-Rogers

1850

1 kick you out of the NRA, right?

2 A Oh, yeah.

3 Q Who is they?

4 A Well, I don't know who initiated it. There was an
5 ethics complaint filed as a means of assuring that I had
6 committed some wrong. They quoted again this false story about
7 a coup, a conspiracy to shove Wayne aside and that. I had
8 actually taken that phrase out of one of the drafts that I was
9 preparing for the audit committee.

10 Q Which -- Sorry. Which phrase did you take out?

11 A I took out the fact of trying to get rid of Wayne
12 LaPierre. I didn't want to get rid of Wayne LaPierre.

13 Q Who prepared the draft that you edited that had a
14 clause in it about getting rid of Wayne LaPierre?

15 A I received that from counsel.

16 Q Which?

17 A A draft. I mean, there were several drafts of this
18 initiative.

19 Q Which counsel?

20 A Williams and Connolly.

21 Q And, in fact, these documents were being drafted and
22 passed around in the week leading up to the annual meeting?

23 A I don't know.

24 Q Okay. On a separate topic. Sorry. Sorry. One more
25 thing.

3 MS. ROGERS: Let me -- I have less than two minutes
4 of additional questions on this topic and then another tiny
5 one. And if I can't finish, I'll let the jury go to lunch.

6 Q Lieutenant Colonel North, you said that they brought an
7 ethics complaint. But actually in the NRA bylaws any NRA member
8 has a right to bring that kind of complaint, right?

9 A Say that again.

10 Q Sure.

11 MS. ROGERS: Let's put up PX 606 that's already in
12 evidence.

13 Q These are the NRA bylaws which you testified you
14 reviewed and knew as NRA president.

15 THE COURT: It's not in the binder. They are going
16 to put it on the screen.

17 MS. ROGERS: It will be on the screen.

18 Q And it is a familiar document to you.

19 MR. ROGERS: All right. Let's turn to exhibit
20 page 13 of the bylaws. Okay. All right. So at the bottom,
21 which is bylaw page 9, exhibit page 13, we see a section
22 titled "Involuntary Termination of Membership and

1 Q So, you would agree with me, Lieutenant Colonel, that
2 under the bylaws any member, any of the NRA's millions of
3 members has the right to file a complaint if he thinks another
4 member of the association has done something unethical, right?

5 A Yes.

6 Q And is it your understanding that you said you don't
7 know who filed a complaint against you?

8 A I know who filed the complaint.

9 Q It was another director of the NRA, right?

10 A Yes.

11 Q It wasn't Wayne LaPierre?

12 A No.

13 Q It wasn't Charles Cotton?

14 A No.

15 Q Wasn't any member of the audit committee?

16 A I have no idea who saw it before I got it.

17 Q It was another member of the NRA who had the right to
18 file that complaint. And once the complaint is filed, the
19 ethics committee --

20 MS. ROGER: Let's scroll. All right. Let's stop
21 here. Let's look at number four.

22 Q You would agree with me, Lieutenant Colonel, that once
23 an NRA member decides to file one of these complaints, the audit
24 committee shall, it's not may, it doesn't have the option, it's
25 an obligation, the ethics committee must determine whether,

LAS

Cross-North-Rogers

1 assuming everything in there is true, you don't know if it's
2 true, but assuming it's true, if proved would warrant a penalty.
3 You agree with me that's what the bylaws require, right?

4 A I understand completely what section 4 says, yes.

5 Q You would agree with me once this complaint is filed,
6 assuming everything in there is true, the NRA has no choice but
7 to commence the ethics hearing process?

8 A The word "shall" is operative.

9 Q Right. And in fact the NRA, in assuming those
10 allegations were true and referring you to the hearing process,
11 was just doing what the bylaws required, right?

12 A Sure.

13 Q Okay. All right.

14 MS. ROGERS: I can finish before lunch. I'm going
15 to try to do it.

16 Q You were also on the board of an organization, a
17 charity called Youth for Tomorrow, right?

18 A Yes.

19 Q You're on that with Susan LaPierre, right?

20 A Well, I was there before Susan was.

21 Q But you were both there together for quite a while,
22 right?

23 A Yes.

24 Q Do you think there is anything improper about the NRA's
25 occasional support for Youth for Tomorrow?

LAS

6 A I did.

7 Q And you didn't think -- You're not paid to be on the
8 board of Youth for Tomorrow?

9 A Right.

10 Q As far as you're aware, Susan LaPierre does not get a
11 cent to be on board of Youth for Tomorrow, right?

12 A I don't believe she does.

13 Q And you never thought that created any conflict of
14 interest, right?

15 A I never what?

16 Q You never thought that being on the board of Youth for
17 Tomorrow and the board of the NRA created a conflict of
18 interest, right?

19 A For me?

20 Q For you.

21 A No. I've been on the board of Youth for Tomorrow since

1 A f t e r n o o n S e s s i o n :

2 THE COURT: All right. Yeah, let's bring the
3 witness in.

4 While they're getting everybody together:

5 I'm hopeful not to see any more obviously
6 responsive documents show up that haven't been shared in
7 discovery. I am not sure what the reason for that is, but,
8 you know, at the moment, it hasn't been too much of an
9 issue. But even if something slipped through the screen of
10 word searching, if people found it, in fact, it should have
11 been produced. So I'll leave open for now, what to do if it
12 comes up again.

13 (The witness resumed the stand.)

14 MS. CONNELL: Your Honor, there's one other issue,
15 if I may raise it.

16 THE COURT: Do you want the --

17 MS. CONNELL: Not with the jury.

18 THE COURT: No, do you want the witness to be here?
19 All right, go ahead.

20 MS. CONNELL: It has to do with representations
21 about audits or -- and what was done, and I think it --
22 there's not going to be evidentiary support; evidentiary
23 support was not given to us; and these representations, even
24 though the jury will ultimately be instructed that questions
25 of counsel are not evidence, are damaging, and I'm concerned

ALAN F. BOWIN, CSR, RMR, CRR

1857

1 about that.

2 THE COURT: Well, some would say that that's a gift
3 from the other side. If they make representations and
4 there's no evidence, that's a good thing to say in closing,
5 if it happens. Now, again, I'm relying on, maybe, people's
6 definition of what "audit" means, and that will be a fight.

7 But, you know, I have a representation from counsel
8 that they're going to put in evidence of whatever it is
9 they're referring to.

10 MS. ROGERS: And that's correct, your Honor; we
11 will.

12 MS. CONNELL: Your Honor, I -- again, I'm -- with
13 the witness present, I'm a little hesitant to say this, but
14 it -- there's not going to be admissible evidence. There
15 wasn't admissible -- there wasn't evidence produced to us
16 about it.

17 MS. ROGERS: There's been testimony about it, and
18 we just discussed this. But I think the Court -- I agree
19 with the Court that -- let us prove up what we've said we're
20 going to prove up and if we can't, that's a matter for the
21 jury. We will.

22 MS. CONNELL: Obviously, your Honor, having -- you
23 know, it can undercut counsel's credibility with the jury if
24 they don't prove up what they say they're going to prove up.
25 But this is a very fact-intensive case. I'm assuming no

ALAN F. BOWIN, CSR, RMR, CRR

1858

1 party wants to do seven-hour closings and pointing out every
2 in -- every failure to support something is not accurate --
3 is not a good use of time.

4 And the fact is that some of this stuff that
5 counsel's been embedding in questioning is not going to be
6 admissible in this case and was not the subject of
7 disclosure to us.

8 THE COURT: Well, I can't really evaluate all that.

9 This happens a lot in cross-examination, where
10 people make reference to things that they are going to prove
11 up in their case; and, you know, at some point, I have to
12 have some trust in -- in counsel when they tell me that
13 there's going to be evidence of something.

14 So I mean, otherwise, I'd just be taking your word
15 for it that there isn't anything.

16 So we'll see.

17 MS. CONNELL: Right, your Honor.

18 But I --

19 THE COURT: I think it's best not to --

20 MS. CONNELL: Sure.

21 THE COURT: -- talk in too much detail about it.

22 I understand your point and -- but I -- I suspect,
23 if -- if you conclude that they made a representation in
24 front of everybody and that they -- they didn't come
25 through, then you'll make use of that.

1 MS. CONNELL: Absolutely, your Honor.

2 I'm raising it for a failure to disclose and/or, in
3 some cases, assertions of privilege; the sword-and-shield
4 matters we've raised before you a number of times.

5 THE COURT: Oh.

6 Well, again, I assume, Ms. Rogers, if -- if the
7 audit that you're talking about is -- is not something that
8 is privileged, then you're not going to be able to put
9 evidence in about it.

10 MS. ROGERS: Right.

11 We, obviously, aren't making representations in
12 questions that allude to privileged information that we've
13 withheld. The fact that the insurance company reviewed the
14 invoices or their lawyers reviewed the invoices is the
15 subject of testimony in open court in the bankruptcy that
16 they have had notice of for more than two years.

17 THE COURT: Well, is that what you're considering
18 an audit?

19 MS. ROGERS: Well, it's a -- it's a review.

20 So he used the words "outside, independent review";
21 "outside independent audit." I guess, different people use
22 the term "audit" differently. It's a -- it's a review for
23 reasonableness of fees.

24 MS. CONNELL: In one action, your Honor; in one

4 So I'm not throwing a penalty flag at this point.
5 Let's put it that way.

6 MS. CONNELL: Okay.

7 THE COURT: We'll see.

8 All right, let's get the jury.

1861

1 Q I want to recap some of your testimony from this
2 morning:

3 You signed a contract with Ackerman McQueen on May
4 15th, 2018; correct?

5 A I think those are the dates, yes.

6 Q I didn't hear you; I'm sorry.

7 A I believe those are the dates, yes.

8 Q Okay. Now, were you aware that as early as July of
9 2018, the NRA and John Frazer were seeking that contract?

10 A I -- I -- I'm, at this point, not sure what was taking
11 place on a particular day, on a particular issue.

12 Q So you --

13 Just to get your testimony clear --

14 A Sure.

15 Q -- because I want to be very clear for the jury:

16 You're not aware, one way or the other, whether the NRA
17 and/or John Frazer were looking for -- to see your contract.

18 A I -- I do know that they -- there was a point in time
19 when that happened; I just can't say which happened first
20 (simulating).

21 Q Now, were you aware that in July -- late July -- of
22 2018, whistleblowers from the NRA's Financial Services Division
23 came forward?

24 A I don't recall whether I knew it at the time. I
25 certainly knew, in -- in the course of this long travail, that

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Fleming

1862

1 that had happened.

2 Q Now, whether you know the date of the whistleblowers
3 coming forward, you know the fact of them coming forward; is
4 that fair?

5 A Well, I -- yes.

6 Q And were you aware that one of their concerns was not
7 having contracts available to them to ensure that what they were
8 paying was appropriate?

9 A I don't know that -- I don't recall the specifics of
10 what they knew or alleged.

11 Q Now, that was July of 2018. I'd like to now go forward
12 to February of 2019. So it's about seven months; would you
13 agree?

14 A Yes.

15 Q Okay. In February 2019, were you aware that John
16 Frazer was still looking to see your contract?

17 A I don't recall being aware of that at the time, but I
18 do know that that -- that's been referred to, yes.

19 Q Now, on your direct testimony, I believe you said that
20 you walked into John's office and handed him a copy of the
21 contract. Do you recall the testimony?

22 A My recollection today is that I, at some point, showed
23 John a copy in my office or his office, because they were right
24 next to each other on the same floor.

25 Q Okay. But you -- so you would agree with me that if he

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Fleming

1863

1 was looking for the contract in February 2019, he had not seen
2 it before then.

3 A I -- I can't tell you what was going on in his mind.

4 Q Well, do you --

5 You know John, right?

6 A Yeah.

7 Q Do you know him to be the type of person who would have
8 a copy of your contract and still be looking for a copy of your
9 contract?

10 A Well, I -- I -- I can't put myself in someone else's
11 head, so I can't tell you the answer to that.

12 Q Of course you can -- you cannot.

13 Of course you cannot, but does it stand to reason that
14 a human being would be looking for a contract if they already
15 had it (simulating)?

16 A Well, sir, there's a lot of very unreasonable things
17 that occurred in all of -- this entire discourse, so ...

18 Q Do you -- do you view John Frazer to be unreasonable?

19 A Um, I -- my concern was that John Frazer was not doing
20 his job as it needed to be done.

21 Q That wasn't my question. My question was: Do you --
22 You know him, right?

23 A Well, I -- I thought I did.

24 Q All right. Well, you know who he is.

25 A Certainly.

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Fleming

1864

1 Q Okay. And you spent time with him, right?

2 A Oh, yeah.

3 Q All right. Do you have a conclusion about whether he
4 is unreasonable, in your view?

5 A I'm -- I'm trying to think of some specifics, but there
6 were many, many unreasonable things done in the course of this
7 entire process.

8 Q I'm asking about John Frazer.

9 A Well, John Frazer, as the general counsel for the NRA,
10 had to be somehow supporting the inquisition into me and my --
11 what I did or failed to do about things like: Was there a
12 threat being made by North to have Mr. LaPierre removed?

13 Q So you viewed John to be unreasonable; is that fair?

14 A That's fair.

15 Q Okay.

16 Now, you're aware --

17 Because you worked right down the hall from him, right?

18 A Yes.

19 Q You're aware that he came into your office on numerous
20 occasions --

21 A Oh, yes.

22 Q -- and said, "I need to see your contract." Right?

23 A I don't -- I don't believe it was numerous occasions.

24 I -- my recollection was that there was a point in time when

25 John Frazer was granted access -- not necessarily in my office;

ALAN F. BOWIN, CSR, RMR, CRR

1 it could have been -- to take notes about the contract, to
2 satisfy the -- the desires of others that I really did have a
3 contract that said the following things.

4 Q Well, we'll get to the reasons why in a second.

5 But your testimony is that at some point, he saw the
6 contract; right?

7 A Correct.

8 Q And I'm asking you: Before that point, whenever it
9 was, do you dispute that he came into your office and said he
10 needed to see your contract?

11 A No, I don't dispute that, sir.

12 Q That's it. Okay?

13 A I just said, I don't recall that.

14 Q I just want to be clear for the jury. Thank you.

15 Now, did he ever explain to you that the reason he
16 wanted to see your contract was because the NRA had obligations
17 with respect to disclosures on the Form 990?

18 Did he ever say that to you?

19 A I do not recall that conversation.

20 Q Did you ever know that to be true, of your own mind?

21 A Well, I -- I -- I know what's true is that there are
22 certain things that have to be disclosed and complied with on
23 990s in order to satisfy the local law of the state in which
24 you're operating, the county law in some cases, to all the
25 things that go on a 990. So I know that from other experience.

ALAN F. BOWIN, CSR, RMR, CRR

1866

1 Q Okay. And did you understand that your contract fell
2 into the realm of what needed to be reported, possibly, on the
3 Form 990?

4 MS. CONNELL: Objection, your Honor.

5 MR. FLEMING: I'm asking his understanding.

6 THE COURT: Well --

7 MS. CONNELL: A legal conclusion, your Honor. It's
8 a contract between Colonel North and Ackerman.

9 THE COURT: Yeah.

10 If you're asking for this witness' legal conclusion
11 about it, that's one thing. If you're asking if he was ever
12 advised or told about that, that's a different question;
13 that's a fact question.

14 MR. FLEMING: That's what I'm asking: if he was
15 either advised, told or had -- knew about it on his own.
16 Those three things.

17 THE COURT: Well, "knew about it on his own" means
18 applying what he understands the law to be.

19 MR. FLEMING: I think it's less of a legal
20 question, your Honor, than a factual question. At least
21 it's how I intended it.

22 THE COURT: That some things are required to be
23 included on a government form?

24 MR. FLEMING: Whether he understood that his
25 contract was potentially irrelevant to a Form 990 reporting

1 need.

2 THE COURT: Well, why don't you start by asking if
3 he had an understanding, from any source, as to whether
4 that's the case.

5 BY MR. FLEMING:

6 Q Did you have any understanding, from any source, as to
7 whether the Form 990 might require reporting with respect to
8 contracts between directors of the NRA and vendors of the NRA?

9 A Not per se on the NRA. I do know, because I founded
10 and headed a 501(c)(3) organization. It still exist to this
11 day; it still does great things for wounded American veterans
12 and Gold Star families and their kids. Okay? I know what Form
13 990s are; I make sure that -- when I was in charge of that
14 organization, having founded it and served as its chairman and
15 then turned those responsibilities over, I know what 990s do.

16 So there's no reason for me to suspect that the NRA was
17 exempt from all those kinds of things. Had someone raised that
18 issue, I'd have said, "Certainly." But I don't recall anyone
19 raising that specific issue with me in regards to my contract.

20 Q Okay, thank you.

21 Now, did Mr. Frazer or anyone explain that seeing your
22 contract was important from an Audit Committee disclosure
23 perspective?

24 A Forgive me. It sounds like a yes-or-no answer. Ask me
25 that question again, please?

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Cross/Fleming

1868

1 Q Sure.

2 Did you understand that your contract might be
3 important to disclose to the Audit Committee?

4 A If the Audit Committee wanted to see my contract, I
5 agreed that the Audit Committee should see my contract.

6 Q Well, I'm not asking -- I'm not asking that question.
7 I'm asking whether you understood that disclosure of your
8 contract was an important thing to do for the Audit Committee.

9 The Audit Committee needed to see your contract, right?

10 A That's what -- that's the claim, yes.

11 Q Okay. Now, do you recall, on or about February 20th --
12 between February 20th and February 26th -- of 2019, learning
13 that John Frazer was finally going to see your contract?

14 A I don't recall.

15 MS. CONNELL: Objection, your Honor.

16 THE COURT: Overruled.

17 Did you answer?

18 A I -- I do not recall anyone telling me that.

19 Q Okay.

20 MR. FLEMING: I'd like to --

21 Can I post JFX 118 for identification, not for the
22 jury?

23 THE COURT: Hang on a second.

24 MR. FLEMING: Unless ...

25 MS. CONNELL: We object to the hearsay portions of

1 this, your Honor.

2 Would you like to see a copy? We just got it.

3 THE COURT: It would probably be easier for me to
4 assess the objection if I knew what it was.

5 MS. CONNELL: I think so.

6 (Document handed to Court.)

7 MR. FLEMING: Well, your Honor, it's going to come
8 up on-screen; and, at a minimum, it's to refresh his
9 recollection.

10 MS. CONNELL: Your Honor, he's not cc'd on it.

11 MR. FLEMING: Huh?

12 MS. CONNELL: He hasn't indicated --

13 He's not cc'd on this (indicating). This --
14 there's no evidence that he's seen this document.

15 BY MR. FLEMING:

16 Q Lieutenant Colonel North, do you know who Steven Ryan
17 is?

18 A I do not.

19 Q Do you know the law firm McDermott Will & Emery?

20 A Well, I know of it. I don't know anybody in it, I
21 don't think, unless he is.

22 Q Did you have any understanding about whether they
23 represented Ackerman McQueen?

24 A I do not. My -- my dealings with Ackerman McQueen had
25 never brought that to my attention. Let's put it that way.

ALAN F. BOWIN, CSR, RMR, CRR

1 Q Do you recall having any discussions with Ackerman
2 McQueen representatives, in or around February 20th to February
3 26th, about John Frazer seeing your contract?

4 A I do not. I don't -- I don't recall ever having seen
5 this (indicating) particular document before.

6 Q Regardless of whether you saw the document, are you
7 familiar with its contents, which talk about Mr. Frazer seeing
8 your contract on February 26th?

9 MS. CONNELL: Objection, your Honor.

10 THE COURT: Sustained, at this point.

11 I mean, I don't really ... If he's he never seen
12 this document, he's not on it, how can it --

13 MR. FLEMING: The question was independent of the
14 document.

15 THE COURT: All right. Well, then take it down.

16 MR. FLEMING: Yeah, you could take it down.

17 (Pause.)

18 Q Do you recall ever talking to Ackerman or its
19 representatives about Mr. Frazer finally seeing your contract
20 between -- on February 26th -- being told that on February 26th,
21 he was going to see your contract?

22 A I do not recall that.

23 MR. FLEMING: If I could call up the Brewer counsel
24 tab 8 from this morning ...? Which is in evidence, I
25 believe.

2 (Discussion outside the hearing of the reporter.)

3 MR. FLEMING: Can we pull it up? It's the one from
4 this morning.

5 MS. STERN: What's the exhibit number?

6 MR. FLEMING: I think it's DX 1-1087, if I'm not
7 mistaken.

8 THE TECHNICIAN: I have it. One moment, please.

9 THE COURT: Oh, that was -- that was during the
10 cross.

11 MR. FLEMING: Right.

12 THE COURT: That was the second one, I think;
13 right? Okay.

14 MR. FLEMING: And this is in evidence, I believe.

15 MS. CONNELL: I'm not sure. I don't actually know.

16 THE COURT: I think it was for --

17 I can't recall whether it was just for --

18 I thought -1086 was admitted and -1087 was for
19 refreshing recollection, but I'm not a hundred percent sure.

20 MR. FLEMING: Do you have an objection to it?

21 MS. CONNELL: I'm sorry, your Honor. Our records
22 were not clear. Let me take a look at it. I think we
23 objected before.

24 I don't have it as being admitted in our notes,
25 your Honor, but no objection.

ALAN F. BOWIN, CSR, RMR, CRR

1872

1 THE COURT: No objection to its admittance now?

2 MS. CONNELL: Yes; no objection to its admittance.

3 THE COURT: Admission, I should say.

4 Okay, it's admitted.

5 And that's DX 1-1087?

6 MS. ROGERS: That's right.

7 COURT REPORTER: Is that something we need to
8 physically mark, your Honor, or no?

9 THE COURT: I'm going to ask the counsel to make
10 sure this thing is properly marked, because we've already
11 used it, so you can -- you don't have to worry about marking
12 it now, Alan, but the lawyers are going to do that for us.

ALAN F. BOWIN, CSR, RMR, CRR

Cross-North-Fleming

1873

1 Q So, Lieutenant Colonel North, do you recall seeing this
2 document today?

3 A (Examining). Vaguely, yes.

4 Q And you recall being asked questions about Mr. Frazer
5 communicating to you that he was making available to you all the
6 Brewer invoices with the exception of two as to what you had a
7 conflict?

8 A Well, that's what this says, yes.

9 Q And do you recall questions about that today?

10 A It came up, yeah.

11 Q Okay. Now, subsequent to February 26th, and we went
12 through a lot of documents today, there were memos written by
13 you about the Brewer invoices. Do you recall those memos?

14 A Yes.

15 Q They were written through March and April, correct?

16 A Yes.

17 Q Of 2019?

18 A Yes.

19 Q Okay. Now during that time that you're writing these
20 memos, did you ever have occasion to walk down the hall to Mr.
21 Frazer's office and say, You know, I'm writing this memo about
22 Brewer invoices. Can I please see them?

23 A I don't -- I recall conversations similar to that, I
24 would like to see the Brewer invoices, because we had the gross
25 numbers. I did not have any of the detail. And I referred to

LAS

Cross-North-Fleming

1874

1 those gross numbers in the memorandum that we discussed this
2 morning.

3 Q But you would agree with me that while you were writing
4 these memos in March and April, you did not go to Mr. Frazer's
5 office and ask to see them, right?

6 A I don't recall one way or the other.

7 Q 'Cause he had them in his desk, right?

8 A Well, I don't recall him ever walking into my office
9 and saying, You need to read these things.

10 Q Well, he wrote you an e-mail. And my question to you
11 is, you never went to his office to go see them, did you?

12 A I don't remember.

13 Q You chose instead to write memo after memo after memo
14 about the Brewer invoices, correct?

15 A Yes. And in those memos I asked for, as I've done so
16 repeatedly, for an outside, independent audit about what those
17 invoices were about, because none of that shows in the gross
18 numbers that I got from the finance office.

19 Q Now, on February 26th, the very day that Mr. Frazer
20 looked at your contract and the very day he told you, Here are
21 the Brewer invoices except for two matters, that on that day you
22 wrote a memo raising an issue about violation of the procurement
23 policy. Do you recall that?

24 A I don't -- I don't recall that being a subject of it.
25 I think did we properly institute, did we properly carry out the

LAS

Cross-North-Fleming

1875

1 procedures that should be done to authorize the expenditure of
2 more than \$100,000 for anything.

3 MR. FLEMING: Can we cull up PX 2263. It's at tab
4 21 of your book from this morning. I believe this is in
5 evidence too. Do you guys know?

6 MS. CONNELL: What are we talking about?

7 MR. FLEMING: 2263.

8 MS. CONNELL: I don't think this is in evidence,
9 but we have no objection.

10 MR. FLEMING: May I publish it to the jury?

11 THE COURT: It's admitted.

12 Q Lieutenant Colonel North, if you could turn to page 2
13 of this exhibit.

14 A Yes.

15 Q Is that your signature there?

16 A (Examining). Yes, it is.

17 Q Okay. And the date, can you tell the jury the date?

18 A I signed it on the 26th, as did Mr. Childress, the
19 first vice president and Carolyn Meadows, the second vice
20 president.

21 Q Okay.

22 A The 26th.

23 Q Okay. And if you scroll back down. In the second
24 paragraph it says, "We have determined that the retainer
25 agreement dated 7 March 2018 with Brewer attorneys and

LAS

Cross-North-Fleming

1876

1 counselors is not properly executed and is therefore not valid."

2 Do you see that?

3 A (Examining). I did.

4 Q Okay. This is the first time you raised this issue,
5 correct?

6 A It was the first time for me raising a lot of issues.
7 I may have raised that earlier.

8 Q Well --

9 A Clearly I did so on the 26th.

10 Q You raised issues about the Brewer invoices and their
11 size, correct, before this?

12 A Yes.

13 Q Okay. But on February 26th is the first time you
14 raised the issue of the retainer agreement not being properly
15 executed, correct?

16 A Very likely I had just discovered that or we had just
17 discovered that.

18 Q Whether it's very likely, this is the first time you've
19 mentioned it, correct?

20 MS. CONNELL: Objection.

21 A I have --

22 THE COURT: Overruled.

23 A It's the first time I've ever mentioned it, I can't
24 believe that.

25 Q Were you aware that Mr. Frazer immediately reached out

LAS

Cross-North-Fleming

1877

1 to look into this issue? Are you aware of that?

2 A No.

3 Q Have you ever heard the law firm Morgan Lewis?

4 A Oh, yes.

5 Q All right. And were they contacted by the NRA to look
6 into this very issue about whether the retainer agreement had
7 been properly executed?

8 A I do not know who retained them for that purpose, nor
9 do I know how much was paid to them to do it.

10 Q You don't know whether Mr. Frazer did that?

11 A I don't.

12 Q You were aware, were you not, that Morgan Lewis issued
13 an opinion on this issue within three weeks?

14 A I don't know what it was within, but I do know that
15 they issued an opinion in which they acknowledged that they had
16 not done a full audit, and the bills were very high, and that
17 the recommendations that I had made for an outside, independent
18 audit might be a pretty good idea. I do remember that part of
19 it.

20 MR. FLEMING: Can we cull up from tab 28 this
21 morning PX 658 for identification, I believe.

22 MS. CONNELL: We have no objection to its
23 admission.

24 MR. FLEMING: Can I publish it to the jury, your
25 Honor?

LAS

Cross-North-Fleming

1878

1 THE COURT: This is not the same one we saw this
2 morning. Okay. Any objection?

3 MR. CORRELL: No objection.

4 MS. ROGERS: No objection.

5 THE COURT: All right. PX 658 is admitted.

6 Q So first, Lieutenant Colonel North, do you recall
7 seeing this document before?

8 A (Examining). I saw it this morning.

9 Q Okay. And it's dated March 21st, 2019?

10 A Yes.

11 Q A few weeks after your February 26th raising of the
12 issue?

13 A Three days later, yes.

14 Q Okay. Now, if I could direct your attention to the
15 second to last paragraph on the first page. It says, "In the
16 event that the board officers believe it is in the best
17 interests of the association to terminate the existing
18 engagement with the Brewer firm, they should obtain an
19 authorizing resolution of the board of directors or the
20 executive committee withdrawing management's authority to engage
21 the Brewer firm." Do you see that?

22 A (Examining). Yes.

23 Q And you're a member, are you not, of the board of
24 directors at this time?

25 A Yes.

LAS

Cross-North-Fleming

1879

1 Q Okay. Did you ever go to the executive committee to
2 raise this issue?

3 A I think we sent them a memo to that effect.

4 Q You sent a memo to the audit committee, is that right?

5 A I don't know. Let's go back and look at it again.

6 Where is that?

7 Q I don't have that. Did you try or did you not try to
8 obtain an authorizing resolution from the executive committee
9 terminating management's authority to hire the Brewer firm? Did
10 you do that?

11 A I don't recall doing that. No. Specifically, no.

12 MR. FLEMING: I have nothing further. Thank you.

13 THE COURT: Okay. Anything on redirect?

14 MS. CONNELL: Yes, your Honor.

15 REDIRECT EXAMINATION

16 BY MS. CONNELL:

17 Q Lieutenant Colonel North, you were just asked whether
18 you had ever submitted a memorandum to the executive committee,
19 right --

20 A Yes.

21 Q -- by Mr. Fleming?

22 MR. FLEMING: Objection.

23 MS. CONNELL: I think he was asked regarding the
24 executive committee.

25 MR. FLEMING: I didn't ask about a memorandum, your

LAS

Redirect-North-Connell

1880

1 Honor.

2 THE COURT: I'm sorry.

3 Q You were just asked whether you submitted your
4 complaints about the Brewer firm to the executive committee, is
5 that correct?

6 MR. FLEMING: Objection.

7 THE COURT: Whatever he was asked about, you can
8 ask the question anew.

9 Q Did you submit -- Did you ever raise concerns about the
10 retention of the Brewer firm to the NRA's executive committee,
11 sir?

12 A I believe I did.

13 Q Can I direct your attention, please, to tab six, which
14 is in evidence as PX 4945. And if you can look at page 2,
15 please, sir.

16 (Whereupon the witness complied with the above
17 request of counsel.)

18 A The question is management committee.

19 Q Lieutenant Colonel North, does this refresh your
20 recollection as to whether you ever raised concerns regarding
21 the Brewer firm --

22 A Yes.

23 Q -- with the executive committee?

24 A Yes.

25 Q Is this a memo you prepared and submitted to the

LAS

Redirect-North-Connell

1881

1 executive committee?

2 A This is the last memo I did as an officer of the NRA.

3 Q If we draw your attention back to the bottom of page 3
4 of this exhibit.

5 MS. CONNELL: I'm sorry. Oh, I'm sorry, your
6 Honor. If we could wait one second.

7 THE COURT: Screens aren't working or that screen
8 is not working? Hang on a second. What's -- what's -- Are
9 you having trouble with the jurors screens? Yes.

10 MS. STERN: Yes.

11 THE COURT: Do we need to call our IT folks? Okay.
12 Let's give them a call. All right. We called the calvary,
13 but we have to wait a minute or so.

14 MS. CONNELL: I don't have a lot of questioning.
15 It does require showing the jury some documents. There we
16 go. We're in business.

17 THE COURT: It's the happiest I've seen this room
18 all day.

19 Q Lieutenant Colonel North, we were just looking at PX
20 4945. This is a memo you wrote to the executive committee,
21 right?

22 A Yes.

23 Q And if we turn to page, what's PX 4945, page 3 at the
24 bottom.

25 A Yes.

LAS

Redirect-North-Connell

1882

1 Q We went over this earlier. These are things that you
2 asked that the crisis management committee do?

3 A That's four of them, but there are three more.

4 Q On the next page isn't it true that you asked that they
5 supervise an independent assessment of the Brewer firm's
6 billing, correct?

7 A Yes. Correct.

8 Q Okay. Earlier today Mr. Fleming and Ms. Rogers showed
9 you a document that has been marked DX --

10 MS. CONNELL: You can take this down. Thank you,
11 Jesse.

12 Q -- DX-1087. Do you recall that?

13 MS. CONNELL: Can we bring that up?

14 THE COURT: I think it's actually DX 1-1087.

15 MS. CONNELL: I'm sorry, your Honor. DX 1-1087.

16 Q Just one second. It should be up for you to review.

17 THE COURT: DX 1 is just a reference to the NRA as
18 a defendant. The other ones are using initials. The
19 company that it actually has initials is using one.

20 Q Colonel North, if you look at the e-mail that's on the
21 bottom of this first page, that's an e-mail from you, correct?

22 A Yes.

23 Q To Mr. Frazer, correct?

24 A Yes and others.

25 Q And others. Indicating you made an oral request for

LAS

Redirect-North-Connell

1883

1 all invoices, right?

2 A Yes.

3 Q On what date?

4 A This is sent on Monday, February 25th.

5 Q And right above that Mr. Fleming and Ms. Rogers drew
6 your attention to Mr. Frazer's offer to give you those invoices
7 or let you see them, right?

8 A They did make reference to that.

9 Q And they said you could just walk across the hall and
10 view them, right?

11 A Well, that's what they said but I -- I -- I do not
12 recall the specific circumstances, even if I was in the
13 building, because I did e-mails from all over the country as I
14 was traveling.

15 Q So, Lieutenant Colonel North, I would like you to look
16 at tab three in your notebook, which has been admitted as PX
17 334, please, of our notebook.

18 A It's marked 31st.

19 Q Do you recognize this document, sir? It's also on the
20 screen if that makes it easier.

21 A (Examining). Yes.

22 Q I would direct your attention to the bottom of page --
23 of paragraph 2 and the top of paragraph 3. Do you see that?

24 A (Examining). Yes.

25 Q And you indicated there that on February 25th you

LAS

Redirect-North-Connell

1884

1 requested both orally and in writing that John Frazer give you
2 copies of the invoices, right?

3 A Yes.

4 Q And what was the response that you got to your request?

5 A Well, my recollection today is that I was told, after I
6 returned from a trip, that Mr. Frazer said Wayne had changed his
7 mind and I would not be allowed to see the details of the Brewer
8 bills.

9 Q Thank you.

10 MS. CONNELL: You can take that down.

11 Q I would like to call your attention to tab 20, which is
12 PX 2262, which is not yet in evidence.

13 MS. CONNELL: I received an objection to this
14 because -- to this exhibit, because of a redaction. And we
15 agree to the admission of the unredacted version, which I
16 believe is PX --

17 MS. ROGERS: 390, I think.

18 MS. CONNELL: -- 390. So I don't have a paper
19 version that's not redacted, but I can bring that up.

20 THE COURT: So without the redaction there is no
21 objection?

22 MS. ROGERS: Without the redaction, no objection.

23 THE COURT: Okay. PX 390, which is not in your
24 book, is admitted.

25 MS. CONNELL: Thank you, your Honor.

LAS

1 Q Lieutenant Colonel North, have you seen this document
2 before?

3 A (Examining). I've certainly seen it here, yes.

4 Q This is a letter to you from Wayne LaPierre, correct?

5 A Yes. Yes.

6 Q And was it your understanding that in this letter Mr.
7 LaPierre was asking you to cease and desist from the conduct you
8 had been engaged in, like asking for invoices?

9 A Yes.

10 Q Okay. Thank you.

11 MS. CONNELL: You can take that down, Jesse.

12 Q I'm sorry. What's the date of that invoice, I mean,
13 that letter?

14 A 26th of February 2019.

15 Q Earlier today you were shown, and just for the point of
16 being clear on this, you were shown a document marked DX 1-1086,
17 correct?

18 MS. CONNELL: Can we bring that up.

19 THE COURT: You can take her word for it. I didn't
20 get the sense that he remembered the digits quite.

21 Q You don't have them memorized?

22 THE WITNESS: Thank you, your Honor.

23 MS. CONNELL: If we can bring that up.

24 THE COURT: Welcome to my world.

25 THE WITNESS: My heart goes out to you, sir.

2 A (Examining).

3 Q Colonel North, this is your financial disclosure form
4 which you signed on August 22nd, 2018, correct?

5 A Yes.

6 Q But if we look back at the first page, it was your
7 financial disclosure form for 2017, correct?

8 A Yes.

9 Q Okay. Thank you. You can take that down. Colonel
10 North, Lieutenant Colonel North, earlier today Ms. Rogers
11 questions implied that there had been an audit of the Brewer
12 firm's legal invoices. Do you recall those questions?

13 A I do.

14 Q Were you, as president of the NRA, ever told of any
15 alleged audit of the Brewer firm's invoices?

16 A No.

17 Q Okay. Ms. Rogers also implied that there had been a
18 forensic review of Ackerman McQueen invoices. Do you recall
19 that?

20 A I recall that.

21 Q Were you, as president of the NRA, ever informed of
22 this review?

23 A No.

24 Q Do you know whether the board, during the term you were
25 president, was ever informed of this review?

LAS

Redirect-North-Connell

1887

1 A I do not believe they were.

2 Q Do you know what the results of that review were?

3 A No.

4 Q Okay. Earlier today Ms. Rogers' questions implied that
5 as a condition of the board's ratification or the audit
6 committee ratification of your contract, it was dependent upon
7 the audit committee obtaining a copy of your contract. I'm
8 talking about the ratification in 2018. Do you recall those
9 questions?

10 A I do.

11 Q I would like to draw your attention to tab four, which
12 is PX 2983.

13 MS. CONNELL: If we can go to page 2, please,
14 addressing Lieutenant Colonel North.

15 Q Lieutenant Colonel North, are you aware of any
16 limitation in this ratification that made it contingent upon
17 your producing a contract at some future event? At some future
18 time? Excuse me.

19 A I do remember being admonished not to do things like
20 cut my pay without getting audit committee approval first.

21 Q Right. But the only conditions put on this
22 ratification are the two identified at the bottom, is that
23 accurate?

24 A Yes.

25 Q Okay. And Ms. Rogers implied that you had hid your

LAS

1 contract from the NRA, right?

2 A Right.

3 Q Counsel questioned you as to whether you hid your
4 contract from the NRA, is that right?

5 A I hope I said no.

6 Q Do you believe that you hid your contract from the NRA?

7 A No.

8 Q And why do you believe that you did not hide your
9 contract from the NRA?

10 A Because I went very carefully back to everybody who was
11 demanding these kinds of things and saying, I'm asking anybody
12 who can interfere with the confidentiality clause to tell me
13 why, I'm summarizing many different conversations, but I want
14 anybody who has any kind of authority over it to stop relying on
15 the confidentiality clause and let me give copies. I have
16 nothing to hide.

17 Q And to your knowledge Wayne LaPierre had a copy of that
18 contract, right?

19 A Yes.

20 Q And --

21 A Let me come back to that very clearly so I didn't
22 misspeak. Wayne LaPierre helped draft that agreement. Wayne
23 LaPierre was the person who told me in the presence of others,
24 I'll take care of it. "It" being getting a nomination to be the
25 next president of the NRA and authorizing, granting relief to my

3 A McQueen, thank you. So that I could have a job and we
4 could get the insurance I need for my wife.

5 Q Lieutenant Colonel North, you were not on the audit
6 committee, right?

7 A No, I was not.

8 Q You did not make a determination to ratify your own
9 contract, right?

10 A No, I did not. I did not appear before the audit
11 committee, even though I volunteered to do so.

12 Q And the audit committee in September 2018 did ratify
13 your contract, right?

14 A Yes, they did.

15 Q I would like to draw your attention to page 1 of this
16 document, PX 2893, at the bottom. Your contract was ratified at
17 a September 6th, 2018 meeting, correct?

18 A That's what it says.

19 Q And the members of the audit committee were present at
20 that meeting, right?

21 A Yes, they were.

22 Q Including Charles Cotton?

23 A Apparently.

24 Q David Coy?

25 A Again, I was not there.

LAS

Redirect-North-Connell

1890

1 Q Okay.

2 A So, I'm believing all those names there were actually
3 there as reported.

4 Q And the other members of the committee, right?

5 A Yes.

6 Q Okay. And if we look at the bottom line, Mr. Hart was
7 there, right?

8 A Yes.

9 Q To your knowledge had Mr. Hart seen your contract?

10 A I don't know that he did or didn't.

11 Q Okay. And Ms. Rogers was present at that meeting of
12 the audit committee, right?

13 A Apparently so.

14 Q Okay. And yet the audit committee voted to ratify your
15 contract, correct?

16 A Yes, they did.

17 MS. CONNELL: Thank you very much, Colonel North.

18 THE COURT: Anything further?

19 MS. ROGERS: Just a bit.

20 RECROSS EXAMINATION

21 BY MS. ROGERS:

22 Q Now it's the afternoon. So, good afternoon.

23 A It is afternoon. You and I will agree on that.

24 Q So a moment ago you were shown tab three in your
25 binder, which is PX 334.

LAS

Recross-North-Rogers

1891

1 MS. ROGERS: Let's pull that back up.

2 Q All right. And this is a letter where you recount that
3 on February 25th you asked to see the legal invoices, and that
4 request was rebuffed. And you write in this letter that Wayne
5 LaPierre told Mr. Frazer not to let you see the Brewer bills.
6 Do you recall that?

7 A That's what -- what Mr. Frazer told me.

8 Q Right. When I questioned you earlier, I'm not sure you
9 could remember Mr. Frazer telling you that. Now you do have a
10 current specific recollection that you did walk into his office
11 and he did say, Nope, can't see them?

12 MS. CONNELL: Objection, your Honor.

13 A I'm not agreeing it was in his office or mine or the
14 hallway or the boys room. I'm saying Wayne LaPierre -- Excuse
15 me. Mr. Frazer told me before this that I could see them. When
16 I came back from a trip, and I don't remember the dates, I then
17 asked to see them, and he said, Wayne has changed his mind. You
18 cannot have them.

19 Q And you write in your letter that this happened on
20 February 25th, 2019, right?

21 A Right.

22 Q Okay. So let's look back at PX 390.

23 MS. ROGERS: What tab number is that for him? It
24 will be on the screen.

25 MS. CONNELL: Tab 20.

LAS

Recross-North-Rogers

1892

1 MS. ROGERS: Thank you very much.

2 Q So, this is February 26th. And there was a portion of
3 this that was redacted in the copy you were shown. I want to
4 make sure we talk about the copy the jury is seeing, which is a
5 complete version of this letter.

6 Now in the third paragraph, which the Attorney General
7 highlighted for you, Mr. LaPierre tells you to "Cease and desist
8 from any further involvement relating to these matters." Do you
9 see that?

10 A (Examining). Yes.

11 Q Okay. And in the paragraph above we see what matters
12 he's talking about, right? We see a reference to the Brewer
13 firm tasked with investigating vendor concerns including
14 Ackerman. Do you see that?

15 A Yes.

16 Q And the same day, February 26th, the same day you
17 received this letter, you receive an e-mail that's been marked
18 as DX 1-1087.

19 MS. ROGERS: Let's pull that back up.

20 Q All right. And in this e-mail which you received the
21 same day, the same day that Wayne LaPierre says back off of the
22 Ackerman matters, you receive an offer from John Frazer to come
23 see the invoices that relate to the other matters, right?

24 A I don't know that it was the same day. As we all know,
25 you can send an e-mail out I might not see for days or hours or

LAS

Recross-North-Rogers

1893

1 weeks. That's the date it was sent to me.

2 Q You would agree that the date on this e-mail and the
3 date on the letter we just looked at are the same, right?

4 A Those are the dates.

5 Q Okay. Ms. Connell asked you when you were president if
6 you were ever informed about an outside review of the Brewer
7 invoices. You knew there was an insurance reimbursement process
8 taking place, right?

9 A You're talking about Lockton?

10 MS. CONNELL: Objection, your Honor.

11 Q What did you say?

12 A Refresh my recollection.

13 Q Sure. I'm sorry. So, Ms. Connell asked you a moment
14 ago, she said that I implied that there was an outside review or
15 an audit of the law firm invoices, right? She said Ms. Rogers
16 implied. And she asked you if as president you were ever
17 informed about one. Do you recall that?

18 A Well, I -- I think I said yes to the document that she
19 had on the screen in front of me.

20 Q Right.

21 A But that's not what -- that's not a real audit.

22 Q Right.

23 A That doesn't go through the kind of forensic things
24 that I've been through as the head of a corporation when there
25 were conflicts of any kind. So, it's not the kind of full

LAS

Recross-North-Rogers

1894

1 fledged outside independent audit that I had been asking for for
2 weeks or months at this point.

3 Q And when you said the document on the screen wasn't a
4 real audit, you were talking about the Morgan Lewis analysis of
5 the retention letter, right?

6 A Yes.

7 Q But you knew that, entirely separate from Morgan Lewis,
8 you knew there was a Lockton insurance reimbursement process
9 going on, right?

10 A Oh, yeah.

11 Q Did you ever ask or try to inform yourself as president
12 about what kind of analysis was being done to ensure those fees
13 were reimbursable?

14 A Well, I know that in this enormous stack of documents
15 there is one of my documents that I sent forward as -- pursuing
16 this idea of an outside, independent review that does show the
17 Lockton reimbursements that are made.

18 Q It shows the amount that's reimbursed, right?

19 A Yes.

20 Q But not how that amount is determined?

21 A Exactly.

22 Q Okay. All right. Now, Ms. Connell also said that I
23 implied that there was a forensic review of Ackerman's expenses.
24 Do you recall that questioning?

25 A Yeah.

LAS

1 Q Okay. And she asked you whether as president you ever
2 heard of such a thing, right?

3 A I don't know exactly what she asked me. Referring
4 specifically to this issue?

5 Q Yes.

6 A Morgan Lewis did not do a forensic analysis of an
7 audit, like an outside, independent auditor would do nor to my
8 knowledge was one done on any other issue.

1 Q So I understand. So we're talking about three
2 different things here: So we're talking about -- we talked
3 about the Morgan Lewis review of the Brewer engagement; that's
4 number one. Number two, I asked you about an insurance-related
5 review of the Brewer bills; that's a second thing. And now I'm
6 asking about a third thing, which is, I'm asking about a
7 forensic review of the Ackerman McQueen expenses.

8 Ms. Connell said that I implied one was conducted and
9 she asked you if you'd ever heard of one being conducted.

10 Do you recall that questioning, just a minute ago?

11 A Yes.

12 Q As president, you knew that the NRA was engaged in an
13 ongoing dispute with Ackerman; right?

14 A Well, I certainly knew it after the NRA sued Ackerman
15 McQueen, yes.

16 Q Did you -- before the NRA sued Ackerman McQueen, did
17 you have an understanding as to whether there were ongoing
18 efforts to obtain a review of Ackerman's documents?

19 A Yes, and I recused myself from all those discussions,
20 even when they were held in the midst of a board meeting; not --
21 not a big public meeting but a board meeting. I would get up
22 and leave the room.

23 Q So, because you were recused, you might not know if
24 there was a forensic audit of those records; right?

25 A I think somebody would have told me, but they -- they

2 Q Okay.

3 MS. ROGERS: No further questions.

5 RECROSS-EXAMINATION

6 BY MR. CORRELL:

7 Q Good afternoon, Lieutenant Colonel North. I'm Kent
8 Correll. I represent Wayne LaPierre.

9 A Yes, sir.

10 Q You testified a few moments ago that Wayne LaPierre had
11 a copy of the contract, but then you seemed to say, "Well, let
12 me clarify: He helped draft that agreement."

13 Do you remember that testimony?

14 MS. CONNELL: Objection.

15 Q Did I get that right?

16 A What -- what I ...

17 THE COURT: You can answer.

18 A What I want -- what I want everybody to know is: Wayne
19 LaPierre helped draft the document; he was handed a copy of the
20 document that I eventually -- I signed -- I think it was later
21 that day -- and he had a copy, walking out of that meeting that
22 we had in Dallas.

23 Q So let's talk about how he helped draft that agreement.
24 What did he actually do?

25 A Well, he made it happen. I mean, I -- I was not

ALAN F. BOWIN, CSR, RMR, CRR

North - by Plaintiff - Recross/Correll

1 looking for a job at Ackerman. Ackerman had offered me a job
2 back in 2016, I --

3 Q Sir, I'm asking you what he actually did with respect
4 to the drafting. Did he sit down at a desk and write out the
5 terms of the agreement?

6 A I -- I don't know exactly what --
7 I made very clear to him --

8 Q Sir, did -- that was a yes or no: Did he sit down at a
9 desk and write out --

10 A I don't know. How I would know? I wasn't at his desk.

11 Q So you didn't see him write anything down; correct?

12 A No. The things that he and I had discussed in the
13 drafting of that were incorporated in that document.

14 Q Sir, let me ask you a couple simple questions:

15 A Sure.

16 Q Have you ever seen Wayne LaPierre use a computer?

17 A No.

18 Q Have you ever seen him sit down and write out any
19 document?

20 A I've seen Wayne LaPierre sit in his office, in the
21 midst of meetings, writing madly on yellow tablets just like
22 that (indicating).

23 Q On yellow tablets?

24 A Yes.

25 Q Did he hand you a yellow sheet with the terms of your

1 contract on it?

2 A No, but it came back -- from the multiple times that it
3 was submitted and reviewed, various things were changed each
4 time and Wayne LaPierre knew what those things were.

5 Q Sir, you don't know whether he knew what those things
6 were, or not, because you weren't there when they were written
7 down; correct?

8 A No, but --

9 MS. CONNELL: Objection, your Honor.

10 THE COURT: You can answer.

11 A The fact of the matter is, he was there the day that
12 was discussed in Angus McQueen's office in Dallas and agreed to
13 it.

14 Q So you're assuming that he knew what someone else wrote
15 down on a piece of paper; correct?

16 A I -- I certainly read the contract. He read the
17 contract. Everybody in the room read the contract.

18 Q And you didn't give him the contract when they asked
19 for it; correct?

20 A Wayne LaPierre did not walk into my office or call me
21 on the phone or see me anywhere and say, "I need a copy of that
22 damned contract right now."

23 Q That's right. John Frazer did; correct?

24 A No, that's not what John -- John certainly didn't put
25 it that way, because he wouldn't do that. Wayne would do that.

3 done in that meeting in Angus McQueen's office in Dallas, Texas,
4 and everybody in that room had a copy of that contract.

5 Q Who did it? Who handed him the contract?

6 A I don't -- I -- all I know --

7 Q You don't recall; is that it? Is that the fair answer?

8 A That -- that's fair.

9 Q You don't recall.

10 MS. CONNELL: Objection, your Honor.

11 He should be allowed to answer.

13 Q Is that your answer? You don't recall?

15 don't know.

18 MR. FLEMING: Thank your Honor. One question.

4 is -- there's a --

5 THE COURT: The page numbers are at the bottom.

6 Q The bottom.

7 A Got it. Thank you.

8 Q Okay. Mr. Cotton, before we broke yesterday, we were
9 discussing a transaction -- a conflict transaction -- that
10 involved HomeTelos. Do you recall that?

11 A Yes, sir, I do.

12 Q Okay. And the reason that that transaction had not
13 been reviewed before was because Mr. Phillips failed to disclose
14 that to the Audit Committee; correct?

15 A Well, we -- we didn't have it, so I presume that's the
16 case.

17 Q Right. And you did believe, though, that it should
18 have been disclosed before the transaction was entered into;
19 right?

20 A Yes, sir. Our policy requires you do it beforehand.

21 Q Right. And the Audit Committee did retroactively
22 approve the HomeTelos transaction --

23 A Yes, sir.

24 Q -- correct?

25 A Yes, sir.

1 Q You don't recall, though, do you, whether or not the
2 Audit Committee reviewed the actual contract between the NRA and
3 HomeTelos when it ratified the transaction in September 2018?
4 Do you?

5 A I don't believe we did. I talked to Tony Hayes, our
6 head of IS, and I don't think he showed it to me, either.

7 Q Right. And that's not the --

8 The fact that the Audit Committee did or did not review
9 the contract's not reflected in the minutes or the report that
10 you have in front of you, right?

11 I can rephrase that: There's no reference to the
12 contract being reviewed in the report of the Audit Committee
13 that you have in front of you, right?

14 A You're correct, yes, sir.

15 Q Okay. And at this meeting, the Audit Committee also
16 addressed another conflict-of-interest situation with
17 Mr. Phillips; isn't that correct?

18 A Yes, sir.

19 Q Okay. And that involved the trip that Mr. Phillips had
20 taken on Mr. McKenzie's yacht? Do you recall that?

21 A Yes, sir. That's correct.

22 Q Okay. And that was a yacht -- that was a
23 conflict-of-interest transaction, or situation, because the
24 yacht was owned by Mr. McKenzie and his entities, which
25 controlled a large vendor for the NRA; right?

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1 A That's correct.

2 Q Okay. And Mr. Phillips failed to seek advance approval
3 of taking that trip, right?

4 A I presume so, because we didn't have it prior to this
5 date.

6 Q Right. And the Audit Committee also approved that
7 situation, as well; right?

8 A Yes, sir, we did.

9 Q Okay. And it did so even though -- it approved the
10 transactions with Mr. Phillips -- even though he had failed to
11 disclose both of them in advance; right?

12 A Yes, sir.

13 Q Okay. Were there any consequences to Mr. Phillips for
14 failing to disclose those transactions in advance?

15 A Other than being chastised about it and saying, "Don't
16 let it happen again," no, sir.

17 Q Okay. So was he chastised?

18 A Well, if you look at the -- look at the final paragraph
19 in that -- in that report that you're looking at, that -- that
20 went to the entire board and, if I remember correctly, I think I
21 even read that paragraph in that board meeting.

22 Q Okay. So, then, let's take a look at that paragraph.
23 On page 7? Is that what you're referring to?

24 A Yes, sir.

25 Q Okay.

2 Q And that's, I think, where --

3 You're talking about the first sentence or so of that
4 last paragraph?

5 A I'm talking about -- I'm talking about the
6 next-to-the-last paragraph, the entire paragraph.

7 Q Yeah. I apologize. You had it right. I was -- it's
8 the large paragraph.

9 (Image modified.)

10 MR. SHIFFMAN: Oh, the one below that, to
11 "Resolved," Jesse.

12 (Image modified.)

13 Q There it says: "The Audit Committee noted several
14 instances in which transactions that posed potential conflicts
15 of interest, and thus should have been disclosed and approved in
16 advance, were disclosed after the fact." And then it lists a
17 few of the transactions that were disclosed after the fact,
18 rather than prospectively, and those include ones with
19 Mr. North, Ackerman McQueen, Ms. Hammer, and Mr. Phillips, as
20 well as Josh Powell; right?

21 A Yes, sir.

22 Q Okay. And you were not happy that all these
23 transactions had not been presented to the Audit Committee in
24 advance, right?

25 A That's -- that's putting it mildly. The entire

1 committee was upset that we were having to do them -- having to
2 evaluate them -- after the fact.

3 Q Okay, thank you.

4 Do you recall that Mr. Phillips was going to retire in
5 2018?

6 A I mean, he did.

7 Q Um-hmm.

8 A I don't know that I had advance notice. I just --
9 or -- or when I found out. I guess, that would be a more
10 accurate way to say it.

11 Q Okay, fair enough.

12 Let's turn to tab 23, please, PX 2493.

13 MR. SHIFFMAN: This, I believe, has already been
14 admitted.

15 (Image displayed.)

16 Q Mr. Cotton, do you recognize this exhibit?

17 A Yes, sir, I recognize it.

18 Q Okay. And this is a post-employment consulting
19 agreement between the NRA and Mr. Phillips, right?

20 A That's correct.

21 Q Right. And pursuant to this agreement, Mr. Phillips
22 was going to be paid \$30,000 a month for his post-employment
23 consulting services?

24 A That's what he was going to be paid, yes, sir.

25 Q All right. And this contract, though, had never been

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1909

1 presented to the Audit Committee before it had been signed; is
2 that correct?

3 A Correct. It was after -- after the fact, and we
4 rejected it.

5 Q Right. And you actually, I think, testified that if it
6 had been presented to the Audit Committee in advance, you would
7 not have approved it; right?

8 A That's correct.

9 Q Right. And --

10 A That's --

11 Q I'm sorry?

12 A I'm sorry.

13 Q No, go ahead. I didn't mean to cut you off.

14 A No, I ...

15 Q Okay. And the reason you didn't think you would have
16 approved it was because it called for a flat fee without any
17 clear deliverables; isn't that right?

18 A Because it called for a flat fee, yes, sir. That
19 was -- that was something we didn't think was appropriate.

20 Q Okay. Let's return to the September 28th meeting,
21 which is -- September 2018 meeting. Excuse me. At that
22 meeting, you also -- the Audit Committee -- also addressed a
23 number of other related-party transactions; right? We just
24 referred to some of those. Do you recall that? With
25 Mr. Powell, Ms. Hammer?

ALAN F. BOWIN, CSR, RMR, CRR

1910

1 A Are we back --

2 Q Back to 24 again, yes.

3 A Back to 24? Yes, sir.

4 (Image displayed.)

5 Q Do you recall that the Audit Committee approved two
6 transactions retroactively with respect to Mr. Powell; two
7 conflict-of-interest transactions with respect to him?

8 A Yes, sir. One of -- yes, sir. There were two.

9 Q Okay. And one involved McKenna?

10 A Yes, sir.

11 Q Okay. And the other one involved Mr. Powell's father;
12 his photography company?

13 A That's correct.

14 Q Okay. And both of those had been presented to the
15 Audit Committee for approval retroactively, right?

16 A Yes, sir.

17 Q And for both of those, again, the Audit Committee did
18 not review any contracts in connection with its review; right?

19 A That's correct.

20 Q And with respect to the McKenna contract -- I'm sorry.
21 With respect to the McKenna arrangement, did the Audit
22 Committee inquire into, you know, how that arrangement came to
23 be?

24 A Yes, sir, we did.

25 Q Okay. Did it inquire how Mr. Powell's wife came to

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1911

1 work for McKenna?

2 A Yes, sir, we did.

3 Q And when did it do so?

4 A During this Audit Committee meeting.

5 Q Okay. Did it -- did the Audit Committee -- obtain any
6 information about whether McKenna was passing on Ms. Powell --
7 Mr. Powell's wife's salary and the cost of that salary to the
8 NRA?

9 A It was our understanding that they were not. She
10 worked in a different area.

11 Q Do you recall testifying that you didn't ask about that
12 information, when you were deposed in this matter?

13 A That could be. It may be something I've learned after
14 my deposition. I'm not sure.

15 Q Okay. So, if you learned it after your deposition,
16 that would also mean -- have meant -- that you learned it after
17 the September 2018 meeting. Wouldn't that be true?

18 A That would be true, yes, sir.

19 Q Okay. And at this meeting, the Audit Committee also
20 considered a retroactive transaction with respect to Ms. Hammer;
21 isn't that right?

22 You can take a look there (indicating) -- that's on
23 page 3 of 7 in the agreement.

24 (Image scrolled, then modified.)

25 A Yes, sir, that's correct.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1912

1 Q Okay. And the contract -- excuse me.

2 Excuse me.

3 The contract with Ms. Hammer was a consulting contract;
4 isn't that right?

5 A Yes, sir.

6 Q Okay. And, in particular, the fees that Ms. Hammer was
7 receiving under her consulting contract were being increased by
8 more than \$50,000 a year; right?

9 A Yes, sir.

10 Q Okay. I don't want to make you do too much math, but
11 it went up from 168 to 220; right?

12 A Yes, sir.

13 Q Okay. And that transaction -- that increase -- had not
14 been brought to the Audit Committee in advance; right?

15 A That's corr -- excuse me. That's correct.

16 Q And the Audit Committee, at this meeting when it
17 approved that contract, did not ask to see the actual contract,
18 did it?

19 A That's correct.

20 Q Okay. And there's no reference in the Audit Committee
21 report to what information the Audit Committee reviewed when it
22 approved this contract, is there?

23 A I'm sorry; would you ask that again?

24 Q There's no information in this report about the
25 specific materials that the Audit Committee reviewed when it

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1913

1 approved Ms. Hammer's contract, is there?

2 A Make sure I'm correct here: You're asking for the
3 specific materials, not the information; is that correct?

4 Q The specific materials that the Audit Committee
5 reviewed.

6 A You're correct.

7 Q Okay. Do you know how long the consulting contract was
8 for?

9 A If I remember correctly, I think it was the -- the --
10 the specified term was ten years, but it had a 30-day
11 cancellation period, so ...

12 Q Okay. Do you know how old Ms. Hammer was at the time
13 of this contract?

14 A No, sir. In the late seventies; eighty, maybe?

15 Q Yeah. And there's no indication in the Audit Committee
16 report about the length of the contract, is there?

17 A No, sir.

18 Q Okay. When the Audit Committee considered the
19 consulting fee increase to \$220,000, did it consider how much
20 time Ms. Hammer would be working for -- to earn that fee?

21 A Well, the specific hours, no, sir.

22 Q Did you have any --

23 Did you have any view as to whether it would be a
24 full-time consulting job or whether it would just be for
25 specific tasks? Did the Audit Committee consider anything like

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1914

1 that when it approved this increase?

2 A I'm trying -- trying to remember that meeting.

3 I had information but I can't tell you, at that
4 meeting, so, again --

5 Q There's nothing -- I'm sorry.

6 And there was no -- there's no indication in the report
7 about the amount -- what would be the deliverables that would be
8 required of Ms. Hammer for that fee; right?

9 A You mean, beyond being available as a consultant?

10 Q Right. Well, it --

11 Beyond being available as a consultant, yes.

12 A That's correct.

13 Q And was there any requirement about how much [sic]
14 hours or what specific deliverables she would need to do as a
15 consultant?

16 A Not set forth in -- in this (indicating) report, no,
17 sir.

18 Q Okay. And so, it was just a flat-fee agreement?

19 A Yes, sir.

20 Q Okay. Were you aware that Ms. Hammer also had another
21 full-time job, in addition to this consulting arrangement?

22 A She had a -- I'm sorry?

23 Q Were you aware that Ms. Hammer had a full-time job for
24 which she was paid in addition to the consulting arrangement
25 that's covered by the -- that's referred to in Exhibit 2983?

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1915

1 A Well, I'm -- we knew that she runs the Unified
2 Sportsmen of Florida --

3 Q Um-hmm.

4 A -- the state affiliate of the NRA. I -- I -- if that's
5 the one you're talking about, then, yes, sir. If there's
6 something else, I -- I don't know.

7 Q Then, sir, did the Audit Committee consider how much
8 time she would devote to that work in connection with approving
9 the consulting fee here?

10 A As a comparison between the two? No, sir.

11 Q Do you know how much she was paid by the Unified
12 Sportsmen of Florida?

13 A I do not.

14 Q Okay. Would that have been relevant to your analysis
15 of approving her consulting fee?

16 A She was -- whether she was paid by the -- we call it
17 the "USF." Whatever she was paid by the USF, I don't see why
18 that would be relevant, as I sit here now. They're two --
19 they're two different functions.

20 Q Well, this exhibit also refers to the contract between
21 Mr. North and Ackerman McQueen; right?

22 Do you see that on pages -- on page 2?

23 (Image scrolled.)

24 A Yes, sir.

25 Q Okay. And Mr. North and Ackerman McQueen had entered

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1916

1 into a contract in May of 2018; is that right?

2 A Yes, sir.

3 Q Okay. And the Audit Committee approved Mr. North's
4 participation in that contract at this meeting; isn't that
5 correct?

6 A We did, provisionally, yes, sir.

7 Q When you say "provisionally," what do you mean by that?

8 A Well, it's stated in the approval itself.

9 Q Okay. And there's two conditions there; correct?

10 Two --

11 (Simultaneous speaking.)

12 Q I'm sorry. I didn't mean to speak over you.

13 A I'm sorry. I'm as guilty as you are. I'm sorry.

14 Q There are two provisions, underneath the word --
15 underneath the paragraph -- that says "Resolved," that has the
16 conditions upon which the approval was based; isn't that
17 correct?

18 A Those are the two written provisions, yes, sir.

19 Q Okay. And those two written provisions reflect
20 Mr. North not participating in deliberations or votes regarding
21 Ackerman McQueen, right?

22 A Yes, sir.

23 Q One of them.

24 And the other was that if there are material changes in
25 the contract, it -- they needed to be disclosed to the Audit

ALAN F. BOWIN, CSR, RMR, CRR

1 Committee; correct?

2 A Yes, sir.

3 Q Okay. And the Audit Committee did not actually review
4 Mr. North's contract -- the actual document -- when it approved
5 this relationship at the September 2018 meeting; correct?

6 A We didn't review the actual contract because he refused
7 to give it to us.

8 Q That wasn't my question.

9 You didn't review the contract, did you?

10 A That's correct.

11 Q Right. And you didn't mention anything in this
12 (indicating) report about the approval being conditioned on the
13 review of the contract, did you?

14 A That's the reason I said earlier, the only written
15 provisions are in the document.

16 Q Okay. So the written --

17 The Audit Committee, by its charter and by the rules
18 of the policy manual that we looked at yesterday, requires the
19 Audit Committee to write and document anything that was
20 important to its decision in its report; isn't that correct?

21 A Looking back on it now, I wish we had put that in
22 there; yes, sir.

23 Q That's not what I asked you, sir.

24 I said, it's required to document anything that's
25 important to its consideration; correct?

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1918

1 A That should have been documented, yes, sir.

2 Q It was not, though.

3 A Correct.

4 Q Okay.

5 Let's go to tab 9, please, PX 592.

6 MR. SHIFFMAN: I don't believe there are any
7 objections to this document.

8 MS. ROGERS: No objection.

9 MR. CORRELL: No objection.

10 MR. FARBER: May I have one moment just to look at
11 it?

12 MR. SHIFFMAN: Sure.

13 (Pause.)

14 MR. FLEMING: No objection from me.

15 MR. FARBER: No objection.

16 THE COURT: PX 592 is admitted.

17 MR. SHIFFMAN: Thank you, your Honor.

18 (Image displayed.)

19 Q This document refers to an April 29th, 2019 report of
20 the Audit Committee; right?

21 A Yes, sir.

22 Q And one of the related-party --

23 Do you recall that at this -- this refers to a couple
24 of different meetings. The first one is from February 6th,
25 2019? Do you see that on the very top of the document?

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1919

1 A That's correct.

2 Q Okay. And at that February 6th, 2019 meeting, the
3 Audit Committee approved a related-party transaction with David
4 Butz; isn't that right?

5 A That's correct.

6 Q Okay. And prior to that April 2019 meeting, the NRA
7 had been paying Mr. Butz a flat fee of \$150,000 a year; isn't
8 that right?

9 A That's -- prior to that meeting, yes, sir. I don't
10 know -- I don't know at what point it changed, but, yes, sir,
11 prior to that meeting.

12 Q Okay. And the agreement to pay Mr. Butz that flat fee
13 of \$150,000 a year had not been approved by the Audit Committee
14 in advance, right?

15 A I don't think that -- I don't think that arrangement
16 had been brought to us, but as I sit here now, I can't -- I
17 can't say "yes" under oath. I just don't remember.

18 MR. SHIFFMAN: Let's play the June 17th, 2022
19 transcript, please, at page 406, line 5, to line 16, please,
20 Jesse.

21 (Video played.)

22 Q And, Mr. Cotton, with respect to the contract with
23 Mr. Butz, you didn't know how many hours of his time he was
24 supposed to work for the NRA in order to earn that \$150,000 a
25 year, did you?

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1920

1 A There was no specific number of hours. It was a --
2 what -- several -- whenever events would come up, he would
3 appear.

4 Q And there was no specific number of events that he was
5 required to work in order for him to earn that fee, either, was
6 there?

7 A That's correct.

8 Q Okay. And then, in April 2019, the Audit Committee did
9 approve an arrangement for a fee with Mr. Butz; isn't that
10 right?

11 A Yes, sir.

12 Q Okay. But it didn't approve a \$150,000-a-year flat
13 fee. It approved a \$7,000-per-event fee; isn't that correct?

14 A That's correct.

15 Q Please turn to page 6 of this exhibit; again, the --
16 we're using the exhibit pages at the very bottom.

17 (Image scrolled.)

18 A Okay.

19 Q And on page 6, you'll see, if you look towards the top,
20 that it's a report from a different meeting that's included in
21 here, and that's from the April 28th, 2019 meeting?

22 At the very top on the screen there (indicating), you
23 can see that.

24 A Yes.

25 Q Do you recall, at that meeting, that the Audit

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1921

1 Committee again considered a transaction with respect to Marion
2 Hammer? And this is on page 9 of the exhibit.

3 (Pause.)

4 A Yes, sir.

5 Q Okay. So you see, on page 9, that the report reflects
6 the committee's ratification of a series of annual grants to the
7 United [sic] Sportsmen of Florida?

8 A Yes, sir.

9 Q Okay. United Sportsmen of Florida is also referred to
10 as "USF" in this exhibit; is that correct?

11 A That's correct.

12 Q And so, here, the committee was both ratifying past
13 grants as well as approving future grants; right?

14 A Yes, sir.

15 Q Okay. And so, the NRA had begun making grants, at
16 least according to this exhibit, in 2000 to United Sportsmen of
17 Florida; right?

18 A That's correct.

19 Q Okay. And the grants were \$120,000 a year in 2000;
20 they rose, over the years, to 216,000 in 2010 and then stayed
21 steady at that rate; isn't that correct?

22 A Steady until 2019, where it dropped to 36,000.

23 Q Well, actually, in 2016, it -- if you look at the next
24 paragraph, it's still an annual grant.

25 But I think, if you -- you can correct me if this is

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1922

1 not what it states, but I think that 39,000 refers to the fact
2 that 30,000 had already been paid in 2019, at the time of this
3 meeting, but that the grant, going forward, was going to be
4 216,000; or the annual grant was going to be 216,000.

5 Does that refresh your recollection, sir?

6 MR. CORRELL: Objection, your Honor.

7 The counsel is testifying.

8 THE COURT: True.

9 Why don't you just ask him if he has a ...

10 MR. SHIFFMAN: Well, I'm just trying to refresh his
11 recollection by the document. He said that --

12 THE COURT: Well, you can refresh it with the
13 document but not the explanation.

14 MR. SHIFFMAN: Okay.

15 Q Well, in the next paragraph, on -- which has now been
16 highlighted, the first line under the where -- I'm sorry -- next
17 to the "whereas" clause, says: "NRA provides USF an annual
18 grant of 216,000."

19 Do you see that?

20 A I see that.

21 Q And does that refresh your recollection that the grant
22 for 2019 was going to be 216,000?

23 A No, sir, it doesn't, because if it was going to be 216,
24 I don't know why we would have put "36,000" for 2019.

25 Q Okay. Do you see, in the very last paragraph there, it

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Direct/Shiffman

1923

1 says: "Resolved that the support extended to USF is fair,
2 reasonable and in the best interests of the NRA, that it be
3 approved and ratified accordingly, and that the future support
4 at substantially the same levels is also approved, subject to
5 any material change that would compel this Committee to
6 reevaluate such a report?"

7 Does that refresh your recollection that the grant,
8 going forward, was going to be \$216,000?

9 A It refreshes my recollection that we would approve
10 future grants in that same range, but, again, all I can do is
11 look back to the --

12 Q Okay.

13 A -- document that said "36,000."

14 Q And at this meeting, the Audit Committee did ratify
15 both the past grants and the future grants.

16 A Yes, sir.

17 Q Okay. But yet, you didn't -- you didn't know how much
18 Ms. Hammer was paid by USF, did you?

19 A No, sir.

20 Q Did you know whether or not the NRA paid all or
21 substantially all of the revenue for USF; United Sports --
22 Unified Sportsmen of Florida?

23 A I'm sorry?

24 Q Did you know whether or not the NRA paid all or
25 substantially all of the -- of the revenue for Unified Sportsmen

ALAN F. BOWIN, CSR, RMR, CRR

1 of Florida at the time that the Audit Committee approved this
2 grant?

3 A I don't know what revenue that -- that member

1 Q The Unified Sportsmen of Florida is a not-for-profit
2 organization, right?

3 A I believe that's correct.

4 Q If you look at the very last line of the first
5 paragraph there it refers to that fact.

6 A Yes, sir, you're correct.

7 Q Okay. And did the audit committee look at Unified
8 Sportsmen of Florida's 990 when it considered the approval of
9 these grants?

10 A No, sir.

11 Q Okay. You can put that down, sir. Mr. Cotton, the
12 audit committee held a meeting on July 30th or so of 2018, where
13 several members of the NRA's financial services division came
14 forward and were invited to present their concerns about some
15 issues that arose in the management and with respect to internal
16 controls at the NRA, do you recall that?

17 A Yes, sir.

18 Q Okay. And you considered the members of the financial
19 services department that came forward then to be whistleblowers,
20 right?

21 A We didn't talk -- we didn't -- we didn't label them
22 that way at that time. They didn't label themselves that way
23 either. They were providing information that would, if it
24 was -- if you look at our whistleblower policy, that would
25 constitute that type of information, questioning. We just

LAS

Direct-Cotton-Shiffman

1926

1 didn't use that term.

2 Q Today do you consider them to be whistleblowers that
3 came forward with their complaints?

4 A Yes, sir.

5 Q It was the audit committee's responsibility to review
6 the whistleblowers' complaints, correct?

7 A Yes, sir.

8 Q Okay. And it did so in accordance with its
9 whistleblower policy which it had and it was also required to
10 have, right?

11 A Well, we considered their complaints, yes, sir.

12 Q Okay. And you knew in advance of the July 30th meeting
13 that the whistleblowers would be making their presentation at
14 that meeting, right?

15 A Yes, sir. I had already talked about the material that
16 they were going to present.

17 Q Okay. And you are the chair of the audit committee at
18 that time?

19 A I'm sorry?

20 Q You were the chair of the audit committee at that time?

21 A Yes, sir.

22 Q Okay. But you weren't present at the meeting when the
23 whistleblowers made their presentation, were you?

24 A When they made that presentation, correct.

25 Q Ms. Meadows was also on the audit committee then,

LAS

Direct-Cotton-Shiffman

1927

1 wasn't she?

2 A Yes, sir.

3 Q What was her position at the NRA at that time?

4 A That's embarrassing. 2018 she would have been second
5 VP.

6 Q Okay. One of the officer positions at the NRA?

7 A Yes, sir.

8 Q Okay. She also was not at the meeting at the time the
9 whistleblowers made their presentation, isn't that correct?

10 A Yes, sir. We both had to leave to catch flights.

11 Q Okay. You didn't change the agenda for the meeting in
12 order to enable the whistleblowers to make their presentation
13 when you and Ms. Meadows were there, did you?

14 A We didn't expect the meeting to go as near as long as
15 it did. We didn't see a need to change it. We never
16 anticipated it was going to run as long as it did.

17 Q Okay. When you knew that you wouldn't be there, you
18 didn't reschedule the whistleblowers' presentation, did you?

19 A Didn't reschedule it, no, sir. I'm sure they would
20 have been offended had we done so.

21 Q Did you later learn that the whistleblowers presented a
22 list of their top concerns to the audit committee after you left
23 the meeting?

24 A Yes, sir.

25 Q Okay. And you later received a copy of that document,

LAS

Direct-Cotton-Shiffman

1 correct?

2 A Yes, sir.

3 Q I'm going to just show you that document. This is one
4 that was at tab 12. I want to use the admitted version of it,
5 which is PX 2605.

6 MR. SHIFFMAN: Your Honor, if I can approach, I can
7 give you a copy, although the only difference is the cover
8 page.

9 THE COURT: Yeah. That's fine.

10 MR. SHIFFMAN: Okay.

11 Q And, Mr. Cotton, I put a copy of the admitted version
12 in the front pocket of your binder. There you go. So if you
13 take a look at this document, it's actually the second and third
14 pages which are the top concerns memo. Do you recall that being
15 the document that you were given?

16 A (Examining). Yes, sir. This is it.

17 Q Okay. And it's true that many of the related-party
18 transactions that we just discussed that were considered at the
19 September 2018 meeting were raised by the whistleblowers in July
20 of 2018, isn't that right?

21 A I'm trying to remember what we just went over. I don't
22 recall those specifically. They're not in this document, you
23 know, as we discussed them. Perhaps by category.

24 Q Well, you see the number -- the very first category is
25 financial conflicts of interest at the senior management and

LAS

Direct-Cotton-Shiffman

1929

1 board of directors level?

2 A Well that's -- that's the -- that's the label for the
3 subparts A through D.

4 Q Right. So that was one -- one concern that was raised
5 at that meeting -- at that meeting and in this memo, correct?

6 A The specific items A through D were raised, yes, sir.

7 Q If you look at A, we see, "Woody Phillips, payments
8 made to significant other"?

9 A Yes, sir.

10 Q And do you understand that to be a reference to the
11 HomeTelos transaction?

12 A Yes, sir.

13 Q Okay. And "Josh Powell, wife recently hired at top
14 vendor. Father paid by a top vendor with fees." Do you see
15 that?

16 A Yes.

17 Q That's a reference to Josh Powell's wife's arrangement
18 with McKenna that we just discussed and his father's photography
19 arrangement?

20 A Yes.

21 Q So does that refresh your recollection that a number of
22 the issues that were raised in this memo were ones that were
23 also discussed at the September 2018 meeting?

24 A I knew that initially. All I was saying was they're
25 not listed there by name the way we discussed it.

LAS

Direct-Cotton-Shiffman

1930

1 Q Okay. Fair enough, sir. Do you recall that -- Strike
2 that. You considered the issues that the whistleblowers raised
3 in this memo to be important concerns, right?

4 A Yes, sir.

5 Q All right. And -- But you never provided a copy of
6 this document to the NRA's auditors, did you?

7 A The document itself?

8 Q Yes, the document.

9 A I don't recall doing that. No, sir.

10 Q Okay. And you were not aware of anyone else on the
11 audit committee providing a copy of that document to the NRA's
12 auditors either, right?

13 A You're talking about the document versus the
14 information?

15 Q I'm talking about the document, the list of concerns.

16 A To my knowledge, no, sir.

17 Q Okay. And the audit committee did not investigate the
18 whistleblowers' concerns itself, did it?

19 A You mean the members of the audit committee?

20 Q Yes.

21 A The members of the audit committee I can't say
22 investigated. I talked to a lot of people about each one of
23 these.

24 Q Okay.

25 MR. SHIFFMAN: Can I just have a moment. Pass the

LAS

Cross-Cotton-Rogers

1 witness, your Honor.

2 THE COURT: Okay. Thank you, Mr. Cotton.

3 THE WITNESS: Thank you, sir.

4 MR. SHIFFMAN: I appreciate it.

5 THE COURT: Bear in mind those mikes stay on when
6 you are over there.

7 MR. SHIFFMAN: Thank you, your Honor.

8 THE COURT: And it's still on by the way.

9 CROSS EXAMINATION

10 BY MS. ROGERS:

11 Q Good afternoon, Mr. Cotton. Is mine on? I think it
12 is. Okay. Did the NRA change its approach to flat fee
13 contracts sometime during 2018?

14 A We did.

15 Q Can you describe for the jury what that change was and
16 why you made it?

17 A We had some -- Can I set this aside (gesturing)?

18 Q Yes, please.

19 A We had -- we had some of the concerns that counsel and
20 I talked about earlier. We wanted something more definitive so
21 we could have a better handle on frankly what we were getting
22 for our money.

23 Q You mentioned earlier that there were certain written
24 provisions or written conditions on which the audit committee
25 approved Colonel North's Ackerman relationship. Do you recall

LAS

Cross-Cotton-Rogers

1932

1 that testimony?

2 A Yes, ma'am, I do.

3 Q Were there unwritten conditions?

4 A Yes, ma'am. I've spoken to Colonel North and told him
5 I said, Look, we've got to have a copy of that contract. We had
6 relied upon information that was provided by then board counsel
7 Steve Hart as to the terms of the contract. I said, We've got
8 to see the contract.

9 Q Why wouldn't you write down something like that? Why
10 are we hearing that there are these documents considered and
11 information considered that weren't written up in detail in the
12 audit committee report?

13 A I guess the most candid answer I could give you is
14 frankly we trusted the lawyer that we hired. We trusted Colonel
15 North. And frankly I didn't anticipate sitting in this witness
16 chair. If I had, if we had known any of the problems that
17 subsequently came about, we would have documented everything.

18 Q I'm going to ask you not to testify about any advice
19 any lawyer gave you. I am going to ask which lawyer you're
20 referring to.

21 A Steve Hart.

22 Q What do you think of Mr. Hart sitting here today?

23 A He did not have the best interests of his client at
24 heart. No pun intended.

25 Q We learned that the audit committee ratified a couple

LAS

Cross-Cotton-Rogers

1933

1 of contracts without seeing copies of them, like the HT
2 Solutions contract, right?

3 A I recall that, yes.

4 Q Why treat the North contract differently?

5 A I'm sorry. Say it again.

6 Q Why would the NRA treat the HT Solutions contract
7 differently from the Oliver North, Ackerman contract when it
8 comes to seeing a copy of a condition of approving it?

9 A There was -- with the -- with the -- You're talking
10 about the Ollie North contract with Ackerman?

11 Q Right. Why would you want to see a copy of one and not
12 put an emphasis on seeing a copy of the other?

13 A There was a concern, number one, we needed to know how
14 much money we were talking about. There was also a concern, we
15 wanted to make sure that he was in fact a 1099 subcontractor
16 rather than an employee because of the potential divided loyalty
17 that would have -- frankly would have violated New York law as
18 well as our -- our policies.

19 Q Can you describe the NRA's approach to giving grants to
20 state level gun lobbying organizations?

21 A Yes, ma'am. Our state affiliates, and they are not --
22 they are not subsidiaries of the NRA, they are standalone
23 organizations, they are a major element in the NRA getting its
24 training programs out. People tend to think of the NRA as just
25 legislation, elections and litigation. We have I think it's a

LAS

Cross-Cotton-Rogers

1934

1 170 programs that have nothing to do with any of that. Our
2 state affiliates are important in getting that to the members in
3 their respective states. So, we look to see how active they
4 are. We look to see what is the situation in the state
5 legislatures there, because we expect them to -- to help promote
6 our -- our legislative agendas as well.

7 Q Are most of the state level -- Strike that. Do most of
8 the state level affiliates that receive grants employ any of the
9 directors of the NRA?

10 A Most of them do not.

11 Q You mentioned that the NRA changed its approach to flat
12 fee contracts and shifted to an hourly or a per event or per
13 work basis. But we just saw evidence from the Government that
14 the audit committee did continue to approve one flat fee
15 contract to Marion Hammer. Do you recall that?

16 A Yes, ma'am.

17 Q Why is that contract different?

18 A Marion Hammer is -- is unique to say the least. What
19 she accomplished in terms of promoting the NRA legislative
20 agenda in Florida was kind of a beacon to the other states.
21 They -- If we had something we wanted to get going, like conceal
22 carry was -- was -- Florida was the first state to do it in
23 1987. Marion -- Marion -- Marion had no peer. She had no
24 equal. She was a phenomenal lobbyist. That's the reason. She
25 garnered that kind of respect in the Second Amendment community

LAS

Cross-Cotton-Rogers

1935

1 and within the NRA.

2 Q You testified earlier that you don't remember
3 forwarding a copy of the whistleblower concerns list to the
4 NRA's outside auditors. Do you recall that?

5 A Yes, ma'am.

6 Q Can you describe the communications you did have with
7 the auditors regarding the whistleblower issues?

8 A Part of the audit planning process is typically the
9 partner in charge, but it could be the audit manager, someone
10 with that group, typically the partner as I said, is going to
11 contact the chair of the audit committee and the vice chair of
12 the audit committee and that's -- we talk about things. We talk
13 about concerns that may be coming up. So, it's my
14 information -- it's my belief, my understanding I should say
15 that Vice Chairman Coy talked with the auditors. I've talked --

16 MR. SHIFFMAN: Objection, your Honor. Hearsay.

17 MS. ROGERS: I'll ask the witness to testify to his
18 understanding.

19 Q You can testify to your understanding. And the jury
20 will know this is what you understood.

21 A It's my understanding that Vice Chairman Coy spoke
22 to -- again, I'm not sure if it was the partner in charge or
23 not, I suspect it was. Talked to him about the items that the
24 financial services group were concerned about.

25 MR. SHIFFMAN: Objection. He's telling about what

LAS

Cross-Cotton-Rogers

1936

1 Mr. Coy -- he's testifying about Mr. Coy's conversations
2 with the auditors.

3 THE COURT: Yeah. I mean, is the only basis for
4 you knowing that is he told you that he met with them?

5 THE WITNESS: Yes, your Honor.

6 THE COURT: So that would be hearsay. So,
7 sustained.

8 Q Mr. Cotton, when you were determining what information
9 to communicate to the auditors, was there any other -- was there
10 anything else you had in mind that informed your decision not to
11 forward them a copy of that list?

12 A Sorry, Ms. Rogers. You lost me.

13 Q Sorry. I'm convoluting myself to get around the
14 hearsay issue. You would agree with me that when you were
15 communicating with the auditors, you had in the back of your
16 mind things that you thought or heard that others had told them,
17 right?

18 A Yes, ma'am.

19 Q Was there any, apart from Mr. Coy's conversation that
20 you heard him say he told the auditors, was there anything else
21 you had in mind when you communicated with the auditors about
22 these concerns?

23 A I -- I can't recall the specific conversations. It's
24 been too long ago.

25 Q Okay.

LAS

Cross-Cotton-Rogers

1937

1 A I would have told -- I would have told Al Weber what we
2 knew at that point.

3 MR. SHIFFMAN: Objection. Speculation. He's not
4 testifying to what he did or what he actually --

5 MS. ROGERS: Just asking about the witness'
6 recollection.

7 THE COURT: Sustained. He said he didn't recall.

8 Q I do only want you to testify if you have a current
9 recollection and not guess.

10 A I'm sorry.

11 Q So tell me what you have a current recollection of and
12 don't guess.

13 A I have a current recollection of talking to Al Weber
14 periodically during the audit process. I can't tell you
15 specifically what I said about those, the concern list.

16 Q Okay. Yesterday the Attorney General asked you
17 questions about a bankruptcy proceeding that the NRA commenced
18 in 2021 in Texas. Do you recall that?

19 A Yes, ma'am.

20 Q And you were on the special litigation committee that
21 was consulted before that bankruptcy was filed, right?

22 A Yes, ma'am.

23 Q Did you support the decision to file?

24 A I did.

25 Q Why?

LAS

Cross-Cotton-Rogers

1938

1 A As I said earlier, we were really concerned. At that
2 time in this particular case the State was trying to dissolve
3 the NRA which, you know, is legal --

4 MR. SHIFFMAN: Objection, your Honor.

5 THE COURT: You can continue.

6 Q You can continue.

7 A -- is legal parlance for put us out of business, shut
8 down the NRA. That was a big concern. We had already filed
9 suit against the former Governor Cuomo who had instructed --

10 MR. SHIFFMAN: Objection. It's irrelevant.

11 MS. ROGERS: The witness is testifying why he
12 supported the decision.

13 THE COURT: Overruled.

14 A We had already had to file a First Amendment case
15 against former Governor Cuomo as well as the former
16 superintendent of the New York Department of Financial Services
17 for what we called the black list campaign, the letters that
18 were sent to all financial institutions and insurance companies
19 doing business in New York that caused us a great deal of
20 concern. So, we were -- we were concerned about a hostile
21 environment. And because of that, and it was our understanding
22 that if we filed bankruptcy in Texas that the bankruptcy court
23 judge had the authority to let us reincorporate or transfer the
24 -- I'm not sure of the proper terminology. I never did
25 bankruptcy court. We could actually become a Texas corporation.

LAS

Cross-Cotton-Rogers

1939

1 It would not stop this case. That was not our goal. We were
2 trying to -- we were trying to keep from getting dissolved and
3 we wanted to incorporate in Texas.

4 Q You would agree with me though that for a financially
5 healthy organization to file bankruptcy is a drastic decision,
6 right?

7 MR. SHIFFMAN: Objection. Leading.

8 MS. ROGERS: It's just a setup question.

9 THE COURT: Okay.

10 MS. ROGERS: All right. Well then I'll withdraw
11 that question.

12 THE COURT: That's why it's leading.

13 MS. ROGERS: Well, it wasn't the meat of the
14 testimony that I was trying to get at.

15 Q Mr. Cotton, can you describe any communications the NRA
16 had with the government of Texas about this choice?

17 A Yes, ma'am. The Attorney General came out in favor of
18 it several --

19 MR. SHIFFMAN: Objection. Again this is hearsay
20 and it's also irrelevant.

21 THE COURT: Overruled.

22 Q You can answer.

23 A Several --

24 THE COURT: It's not hearsay.

25 A Several congressmen and senators even made a video. We

LAS

Cross-Cotton-Rogers

1940

1 had nothing to do with the video, but they made a video, Welcome
2 to Texas. I mean, the whole -- the governor wanted us there.
3 It was perceived to be a very friendly environment in addition
4 to being a very good economic environment, because we have over
5 400,000 members in Texas.

6 Q Can you describe your recollection of the board meeting
7 during which the board approved the bankruptcy after it was
8 filed?

9 A Oh, yes, ma'am. We went into -- we went into executive
10 session, and we had bankruptcy court counsel there to describe
11 the process, answer any questions that board members had. And
12 they had, you know, quite a few. And I think the -- the
13 resolution was voted on.

14 Q Did you witness any retaliation against anybody at that
15 meeting?

16 A No, ma'am.

17 Q Did you witness Judge Journey, Phil Journey speak at
18 that meeting?

19 A I'm pretty sure -- I'm pretty sure Mr. Journey spoke,
20 but I believe -- I don't remember if he abstained from voting,
21 because he had filed -- he intervened in the bankruptcy and was
22 seeking, again I'm short on bankruptcy court terminology, I
23 think it was not an investigator, but something like that. He
24 had sought that, which put him squarely adverse to the
25 association.

LAS

Cross-Cotton-Rogers

1941

1 Q And for the members of the jury who aren't lawyers --

2 MR. SHIFFMAN: Objection, your Honor. This is
3 beyond the scope.

4 MS. ROGERS: I thought this was within the scope.

5 MR. SHIFFMAN: I didn't ask him about Mr. Journey I
6 don't believe.

7 MS. ROGERS: All right. We don't have to talk
8 about this now.

9 THE COURT: Okay.

10 Q Mr. Cotton, do you recall then board member Lieutenant
11 Colonel North approaching you with concerns about outside
12 counsels' invoices?

13 A You don't mean at that meeting?

14 Q Not at that meeting. Let's say in 2019.

15 A He did. He did contact me about that. He sent a
16 letter and he called me -- he called me twice asking about his
17 contract.

18 Q When you say "his contract", you don't mean outside
19 counsels' contract, right?

20 A I'm sorry. I'm sorry if I misled you. Asking about
21 his -- the audit committee approving his contract with Ackerman
22 McQueen.

23 Q Okay.

24 MS. ROGERS: Nothing further. Thanks.

25 THE COURT: Any other questions from the defense?

LAS

2 MR. FARBER: May I proceed, your Honor?

4 CROSS EXAMINATION

5 BY MR. FARBER:

6 Q Good afternoon, Mr. Cotton. My name is Seth Farber,
7 and I represent Mr. Phillips.

8 A Good afternoon.

9 Q You've known Mr. Phillips for a long time I take it?

10 A I've known Woody, I'm sorry, Mr. Phillips for 22 years.

11 Q And just to start with. Are you from Texas, sir?

12 A Yes, sir.

13 Q And you were asked some questions by Mr. Shiffman
14 about, a few moments ago, about the NRA's bankruptcy, excuse me,
15 by Ms. Rogers I believe about the NRA's bankruptcy filing. Do
16 you recall those questions?

17 A Yes, sir.

18 Q And where exactly did you file for bankruptcy court?

19 A Bankruptcy court in the northern district of Texas.

20 Q In what city?

21 A Dallas.

22 Q Dallas?

23 A Yes, sir.

24 Q Do you know why you chose Dallas?

25 A Well, we hoped to have our new headquarters in north

LAS

Cross-Cotton-Farber

1943

1 Texas, in the Dallas, Fort Worth area. It's kind of where we
2 were focusing everything.

3 Q You were asked some questions by Mr. Shiffman about
4 some of the transactions that the audit committee reviewed that
5 involved Mr. Phillips. Do you recall those questions?

6 A Yes, sir.

7 Q And I believe he showed you some of the audit committee
8 reports relating to those transactions. Do you recall that?

9 A Yes, sir.

10 Q And I would like to go back and look a little more
11 closely at a couple of those. Do you still have that huge
12 binder in front of you?

13 A Yes, sir. You're talking about tab 24?

14 Q Well, let's start -- Give me one second, sir. Yeah.
15 Let's start with tab 24, which is PX 2983.

16 MR. FARBER: If we could bring that up on the
17 screen, please.

18 Q So, this is the September 8th through 9th, 2018 report
19 of the audit committee, is that right?

20 A (Examining). That's the date of the entire report,
21 yes, sir, but it covers other meetings.

22 Q And I think if you go down to the bottom paragraph on
23 this page, it says --

24 MR. FARBER: We could stop there.

25 Q -- that the audit committee met at the Westin,

LAS

Cross-Cotton-Farber

1944

1 Arlington Gateway, Arlington, Virginia, September 6th, 2018, is
2 that right?

3 A Yes, sir.

4 Q And it talks about the committee members who were
5 there. And you're there, "Charles L. Cotton, Chairman", right?

6 A Yes, sir. I'm there.

7 Q Okay. And -- and it also notes that Mr. Spray was
8 there, chief financial officer, do you see down further?

9 A Yes, sir.

10 Q And a number of others. Mr. Brownell was there.
11 Ms. Meadows. Mr. Coy. A number of people, correct --

12 A Yes.

13 Q -- from the NRA. Now, if you'll -- let's look at the
14 specific transactions that Mr. Shiffman went over with you. Why
15 don't we start with on page -- it's three of seven in your book.
16 And it's Roman numeral IV under the heading "Woody Phillips"?

17 A Yes, sir.

18 Q Okay. And that says, "July 2018 sailing trip". And
19 Mr. Shiffman referred to this as a conflict of interest
20 transaction. Do you recall him using those terms?

21 A Yes, sir.

22 Q And the first thing it says at the end of that
23 paragraph, in that paragraph it says, "Upon review of material
24 facts regarding the participation by the NRA's treasurer, Wilson
25 Phillips, in a July 2018 sailing trip", and then it describes

LAS

Cross-Cotton-Farber

1945

1 it. And then it says, "The audit committee determines that it's
2 fair, reasonable and in the best interests of the NRA to approve
3 and ratify Mr. Phillips' participation in the trip." That was
4 the determination that your committee made, correct?

5 A Yes, sir.

6 Q Okay. Then if we turn that page there is some items
7 listed that were the conversations that the audit committee had
8 in reaching that determination, am I correct?

9 A That's correct.

10 Q And I'm not going to go through all of them. One of
11 them, item two, is that "The trip imposed no cost on the NRA",
12 is that correct?

13 A That's correct.

14 Q Item four is that "Mr. Phillips paid for his
15 participation in the trip by making a 25,000 donation to Raise
16 to Erase MS", multiple sclerosis. That was another
17 consideration?

18 A Yes, sir, it was.

19 Q The audit committee also found that "Mr. Phillips
20 disclosed the trip to outside counsel before embarking upon it",
21 correct?

22 A That's correct.

23 Q Okay. And then it says, "And formally disclosed the
24 trip to the audit committee shortly upon his return". Do you
25 see that, Mr. Cotton?

LAS

Cross-Cotton-Farber

1946

1 A That is correct.

2 Q And finally it says, "The circumstances surrounding the
3 trip do not otherwise give rise to an appearance of improper
4 influence." Isn't that right?

5 A That's correct.

6 Q And so the result of this was that your committee
7 resolved that "Mr. Phillips' participation in the July 2018
8 sailing trip disclosed pursuant to a September 2018 conflict
9 questionnaire was ratified and approved." That was the
10 resolution you all made and approved, correct?

11 A That's correct.

12 Q And you personally were in favor of that?

13 A I'm chairman, so I don't get to vote unless there is a
14 tie.

15 Q You didn't disapprove of it?

16 A I did not.

17 Q And you believe that was correct?

18 A Yes, sir.

19 Q Okay. And then the next item there is HomeTelos. Do
20 you see that, sir?

21 A (Examining).

22 Q B. It's right beneath what we were just --

23 A Oh, yes, sir.

24 Q And that was another item that Mr. Shiffman referred to
25 as a conflict of interest transaction, isn't that right?

LAS

Cross-Cotton-Farber

1947

1 A That's correct.

2 Q Okay. And here too, if you look at the bottom of the
3 first paragraph there it says, "The audit committee has
4 determined that the engagement was fair, reasonable and in the
5 best interest of the NRA when undertaken." Is that correct?

6 A That's correct.

7 Q Okay. And the first factor that your committee
8 considered in determining this, can you read number one to the
9 members of the jury, sir, please?

10 A "That although Mr. Phillips maintains a longstanding
11 personal relationship with a HomeTelos executive, that person is
12 not a relative of Mr. Phillips as defined by the NRA's conflict
13 of interest and related-party transaction policy. Thus, this
14 transaction was disclosed to the audit committee out of an
15 abundance of caution."

16 Q And what does an "out of an abundance of caution" mean?

17 A I guess it means different things to a lot of folks.
18 He felt he disclosed it to us, even though he didn't think it
19 was technically necessary.

20 Q Well, in fact, your committee concluded that it wasn't
21 covered, the person wasn't covered by the NRA's conflict of
22 interest and related-party transaction policy, that's what the
23 committee resolved, isn't that right, sir?

24 A Our resolution is -- is -- doesn't say that. The
25 resolution itself simply says that it -- that it is hereby

LAS

Cross-Cotton-Farber

1948

1 ratified and approved. The items you're talking about there are
2 the information that was provided to us. It certainly was
3 considered in the deliberation.

4 Q That was a factor that you considered, correct?

5 A Yes, sir.

6 Q And, in fact, the NRA's conflict of interest and
7 related-party transaction does not include significant others,
8 isn't that correct, sir?

9 A You're talking about the definition of relative,
10 correct?

11 Q Under the NRA's related transaction policy, sir.

12 A I don't believe the term significant others is in the
13 policy, no, sir.

14 Q Okay.

15 A I'm sorry. In the definition of a related party.

16 Q And if you go down, you'll see the other factors that
17 the NRA considered was in item three that "The NRA's managing
18 director of information services, Tony Hayes, had advised
19 counsel that he interviewed HomeTelos before engaging it", is
20 that correct, sir?

21 A That's correct.

22 Q And Mr. Hayes determined that HomeTelos' proposal was
23 satisfactory, and that its pricing was reasonable relative to
24 the pricing of similar services, is that correct, sir?

25 A That's correct.

LAS

Cross-Cotton-Farber

1949

1 Q And, in fact, Mr. Hayes wasn't influenced by the fact
2 that Mr. Phillips had a relationship with -- Excuse me -- that
3 Mr. Phillips had had a longstanding personal relationship with a
4 HomeTelos executive in entering into this arrangement?

5 MR. SHIFFMAN: Objection. Foundation.

6 THE COURT: Sustained. You asked him a fact
7 question as opposed to what the committee concluded.

8 MR. FARBER: Your Honor, I believe I can ask him
9 what's his consideration.

10 THE COURT: That's not the way you asked it.

11 MR. FARBER: I'll ask a different question.

12 Q So, in item four, okay, the -- your committee noted
13 that "Mr. Hayes was unaware when he agreed to engage HomeTelos
14 of the relationship between Mr. Phillips' friend and HomeTelos",
15 is that correct?

16 A That's correct.

17 Q So -- And that was true of you too as a member of that
18 committee, is that correct?

19 A Yes, sir.

20 Q Okay. So your understanding in ratifying this
21 transaction was that Mr. Hayes was unaware of the relationship
22 between Mr. Phillips' friends and HomeTelos at the time that Mr.
23 Hayes agreed to engage HomeTelos, is that correct?

24 A That was a fact that was known to us, and it really
25 impacted more when it was disclosed rather than what would have

LAS

Cross-Cotton-Farber

1950

1 been the result. That's a terrible way for me to word that. We
2 would not approve or disapprove this transaction based on that
3 knowledge alone, but it was relevant to when we received it.

4 Q Right. It's one of a number of factors upon which you
5 based your decision to approve the transaction, correct?

6 A Yes, sir.

7 Q It's one of six factors, right?

8 A Yes, sir.

9 Q Okay. And in addition, you also noted that "Mr. Hayes
10 reported that HomeTelos satisfactorily performed the serves for
11 which it was engaged", isn't that correct?

12 A That's correct.

13 Q Okay. And can we turn to the last page of this
14 document, page 7 of 7.

15 A Yes, sir.

16 Q So, if you go down, around the middle of the paragraph
17 you see the audit committee -- it states here that "The audit
18 committee's review of circumstances surrounding these
19 transactions suggest while there had been no intentional
20 wrongdoing in these issues, there had been a misperception
21 shared by several directors and officers. Conflict
22 questionnaires need only be submitted annually." Is that what
23 your committee determined?

24 A Yes, sir. That's precisely what we determined.

25 Q So, is it fair to say then that you concluded that Mr.

LAS

Cross-Cotton-Farber

1951

1 Phillips didn't engage in any intentional wrongdoing?

2 A That's correct about all of these, that we evaluated.
3 And to be candid, we knew this was going to be presented to the
4 entire board. As I testified earlier, even read that paragraph,
5 because we wanted it to be a warning to everybody. Hey, start
6 getting these things done prospectively rather than
7 retrospectively.

8 Q Let's -- let's look for a moment now at -- there was
9 another audit committee report I would like to go over with you,
10 sir, that I'm not sure that Mr. Shiffman discussed.

11 MR. FARBER: And if we could pull up for
12 identification DX 1258, please. Your Honor, may I approach?

13 THE COURT: You're not going to put it up on the
14 screen?

15 MR. FARBER: We can put it up on the screen.

16 THE COURT: He has to turn off the screen.

17 THE WITNESS: What tab is it?

18 THE COURT: It's not in the book. Do you need to
19 have it marked for identification?

20 MR. FARBER: It's -- it's been premarked as DX
21 1-258.

22 THE COURT: Premarked is good. Thanks.

23 MR. FARBER: Do you want a hard copy?

24 THE COURT: Sure.

25 MR. FARBER: May I give one to the witness, your

LAS

Cross-Cotton-Farber

1952

1 Honor?

2 THE COURT: Yes.

3 Q Mr. Cotton.

4 A Thank you, sir.

5 MR. SHIFFMAN: No objection.

6 THE COURT: Who was that from?

7 MR. SHIFFMAN: No objection I said.

8 MS. ROGERS: No objection.

9 THE COURT: Any objection?

10 MR. CORRELL: No objection.

11 THE COURT: Do you want to have this admitted?

12 MR. FARBER: I'll offer it.

13 THE COURT: It's admitted, DX 1-258.

14 Q So, Mr. Cotton, can you take a look at what you have as
15 DX 1-258. And do you recognize this document?

16 A (Examining). It appears to be an audit committee
17 report probably covering multiple -- yes, sir, covering multiple
18 meetings. Yes, sir.

19 Q Okay. And this -- At the time of this report you were
20 still chairman of the audit committee, is that correct?

21 A Yes, sir.

22 Q Okay. And if you turn to the last page. Is that your
23 signature on it as chairman?

24 A (Examining). Yes, sir.

25 Q Okay. And one of the items that you discussed in

LAS

Cross-Cotton-Farber

1953

1 your -- excuse me -- the audit committee considered was the
2 consulting contract that Mr. Phillips entered into. Do you
3 recall that, sir? Turn to page 6 at the bottom.

4 (Whereupon the witness complied with the above
5 request of counsel.)

6 Q It's item Roman numeral IV.

7 A Yes, sir. I'm looking to make sure it's the same one
8 we were talking about before. (Examining). Okay. This is a
9 different contract than we talked about before. Did you want to
10 talk about this one?

11 Q Well, which contract is this referring to, sir?

12 A I'm sorry?

13 Q Well, let's just take a look at what you -- the audit
14 committee approved here.

15 A Okay.

16 Q So, this is referring to a consulting contract with
17 Mr. Phillips?

18 A Yes, sir.

19 Q Okay. And in the first whereas clause you say,
20 "Whereas Wilson H. Phillips served as chief financial officer
21 and treasurer of NRA until his retirement in 2018", is that
22 correct?

23 A Yes, sir.

24 Q Okay. And then there are a couple of other whereas
25 clauses that -- that follow this. And in the next one you

LAS

Cross-Cotton-Farber

1954

1 recite that "Whereas in the course of his serves Mr. Phillips
2 developed valuable relationships and expertise as well as
3 knowledge useful to the NRA in connection with its prosecution
4 and defense of anticipated litigation matters." Do you see
5 that, sir?

6 A Yes, sir.

7 Q And was that correct?

8 A Yes, sir. To my knowledge.

9 Q But that's what your committee believed, correct?

10 A Correct.

11 Q Okay. And you too?

12 A I'm sorry?

13 Q And did you believe that as well?

14 A Yes.

15 Q Okay. And then in the next clause it says, "Whereas
16 since retiring Mr. Phillips has accordingly continued to serve
17 the NRA including by dedicating substantial time to meet with
18 NRA's counsel, inform the NRA about facts and assist the NRA in
19 locating documents, which further the NRA's objectives in
20 connection with its legal matters." Do you see that, sir?

21 A Yes, sir.

22 Q Okay. And did you -- Is that what the committee
23 concluded?

24 A Based on the information we were provided, yes, sir.

25 Q Okay. And you too, isn't that right?

LAS

Cross-Cotton-Farber

1955

1 A Correct.

2 Q Okay. Now, in the next whereas clause it begins,
3 "Whereas prior to Mr. Phillips' retirement, a consulting
4 contract was drafted which allowed the NRA to avail itself of
5 Mr. Phillips' expertise and services. However, the contract
6 departed from NRA guidelines with respect to such consulting
7 arrangements and was never approved by the treasurer, executive
8 vice president or the audit committee." Do you see that, sir?

9 A That's correct.

10 Q Okay. And that was referring to the consulting
11 contract that Mr. Shiffman asked you about, isn't that true,
12 sir?

13 A Yes. The one that had -- the flat fee contract for
14 \$30,000 a month, that's the one it referred to.

15 Q Let's go back for a moment and look at that contract.
16 I believe it's tab 23 in that large book that you have, sir.

17 THE COURT: Heads up, that we're running into the
18 end. If you have a few more questions, otherwise we'll have
19 to bring Mr. Cotton back for the morning.

20 MR. FARBER: I think I can get this done in a few
21 minutes, your Honor.

22 THE COURT: Okay.

23 MR. FARBER: Thank you.

24 Q This is the contract that's referred to in that clause,
25 isn't that right?

LAS

Cross-Cotton-Farber

1956

1 A (Examining). Yes, sir. That's it.

2 Q Okay. And can we turn to page 5 of 6 of that contract,
3 please. At the bottom.

4 A Yes, sir.

5 Q Just the bottom. That was signed by Pete Brownell,
6 isn't that correct?

7 A That's correct.

8 Q Mr. Brownell was the -- was he the president at the
9 time of the NRA?

10 A Let me check the date on this one. Yes, sir. He
11 was -- Wait a Minute.

12 Q In 2018. You can go to the last page, please.

13 A I'm trying to get my people lined up. December of
14 2018.

15 Q I believe the date is May of 2018, if you look at the
16 signature lines on the top of page 6.

17 A I'm looking. Are we on the same document then? I'm
18 looking at December 31st, 2018 is on the top of tab 23.

19 Q Made as of December 31, 2018.

20 A Yes, sir.

21 Q If you look at the signature lines on the last page and
22 see when it was signed.

23 A (Examining). I'm not seeing a date.

24 Q Do you see on the last page under there is a sign and a
25 signature and then there are two dates underneath there. Do you

LAS

Cross-Cotton-Farber

1957

1 see that, sir?

2 A Oh, I'm sorry. It's on the back page.

3 Q The last page. I'm sorry.

4 A Okay. I was looking at the signatures.

5 Q My apologies.

6 A Yes, sir, May 5th, 2018.

7 Q Mr. Brownell was president then?

8 A Yes.

9 Q Carolyn Meadows signed as well?

10 A That's correct.

11 Q Okay. And if you go back to DX 1258 for one minute,
12 please.

13 A Is that this one (indicating)?

14 Q Yes. The piece of paper.

15 A Yes, sir.

16 Q And in that -- at the end of that the committee
17 resolved that "Subject to the satisfaction of signature
18 requirements and if applicable business case requirements, as
19 set forth in the NRA policy manual, the proposed consulting
20 agreement with Wilson H. Phillips presented to the audit
21 committee at the January 9, 2020 meeting is hereby approved",
22 isn't that right?

23 A That's what it says, yes, sir.

24 Q Okay. Mr. Cotton, you worked with Mr. Phillips for a
25 number of years, isn't that right?

LAS

Cross-Cotton-Farber

1958

1 A From 2001 until he retired in 2018.

2 Q And when you were chair of the audit committee, part of
3 your job was -- was supervising him, isn't that correct?

4 A Well, not supervising him in the -- in the sense we
5 normally think of supervisors. We're not on site all the time.
6 I worked with Woody, I'm sorry, Mr. Phillips. I'd see him at
7 finance committee meetings three times a year, some but not all
8 of the audit committee meetings. It depended on whether or not
9 there was an issue that he was going to address. So that's --
10 that's when I would see him and work with him.

11 MR. FARBER: Judge, I have about five more minutes.
12 Should I finish?

13 THE COURT: Are any of the other counsel going to
14 be asking questions? So, there is going to be some other
15 questions anyway. We'll have to unfortunately ask you back
16 for tomorrow. We'll reconvene tomorrow at 9:30.

17 Same instructions about not discussing your
18 testimony with any counsel. Folks, we'll see you tomorrow
19 at 9:30.

20 THE COURT OFFICER: All rise. Jury exiting.

21 (Whereupon the jury panel departed the courtroom.)

22 THE COURT: So, counsel just a quick update on
23 tomorrow. So we're going to finish with Mr. Cotton and then
24 have you concluded who the next witness is?

25 MS. CONNELL: Your Honor, we have Mr. Winkler,

LAS

PROCEEDINGS

1959

1 William Winkler, which should be a very, very quick witness
2 in the morning. Pretty short. Then we wanted to go on to
3 Mr. LaPierre.

4 THE COURT: Okay. That's fine.

5 MR. CORRELL: Your Honor, that doesn't work for us.
6 I have contacted the physicians. We have signed letters
7 coming. We have affidavits coming. And they are available
8 by phone.

9 THE COURT: Your point was that?

10 MR. CORRELL: Afternoons are not good.

11 THE COURT: If I was hearing it right it would be
12 still in the morning.

13 MS. CONNELL: Yeah. We'd hope to get him started
14 in the morning if the cross is short. Your Honor, we would
15 like to get him started in the morning and see how it goes.
16 That's where I thought we left off.

17 THE COURT: Yeah. I think that is correct. I'll
18 certainly review that and, you know, while -- you know,
19 presumably there is -- maybe they are going to have some
20 kind of very specific precision as to certain hours of the
21 day that will or will not work, but I thought the idea would
22 be to, you know, start in the morning. See how things go
23 and see how he's feeling.

24 MR. CORRELL: Your Honor, the late dumping at
25 1:00 a.m. this morning of 127 exhibits on us makes it

LAS

PROCEEDINGS

1960

1 virtually impossible for Mr. LaPierre to review the
2 documents. He can barely read at this time of day. His
3 eyesight gets bad. There is no way he can look at those
4 documents before tomorrow morning.

5 THE COURT: Look, my assumption, all these
6 documents have been in this case for four years.

7 MS. CONNELL: Absolutely, your Honor. They are all
8 NRA documents, almost all of them. They have all been
9 produced more than a year to two years ago.

10 THE COURT: I would proceed on the assumption if
11 we're up to Mr. LaPierre, that it's, you know, maybe time to
12 call the next witness and, you know, if there is some
13 specific reason why we can't go forward, you know, we'll
14 figure it out. I'm not going to in advance say because it
15 might be late morning and he might need to review some of
16 these documents, you know, prior to then, which I would be
17 shocked if they are not documents he's seen many times
18 before, I have not sort of just agreed to a wholesale
19 excusal of testimony based on time of day. I'll look at
20 what you send me. And if I change my mind, I will take that
21 into account.

22 MR. CORRELL: Your Honor, if I may address a couple
23 of points. First of all, the Government has indicated they
24 wanted to play Craig Spray, which they could do, and we
25 accommodated Mr. North today. And if 127 documents that the

LAS

PROCEEDINGS

1961

1 Government want to commit to questioning on the first five
2 or ten, that might be a reasonable compromise so that Mr.
3 LaPierre will actually have an opportunity to --

4 THE COURT: I would encourage the Government to, if
5 they can, give the first set so that it's some subset of the
6 120, if that will make life easier. So it's clear, I have
7 not yet made any ruling to -- for either side to deviate
8 from their preferred order of calling witnesses. And I'm
9 just going to see how this one plays out. I haven't seen
10 the medical information yet. And like I said, I intend to
11 be reasonable and make sure that nobody is put in a position
12 where they can't be, you know, able to -- to provide
13 truthful testimony. So, like I said, we'll see how things
14 go tomorrow and proceed from there.

15 MS. CONNELL: Your Honor, one thing. I never let
16 you get off that bench that quick. I want to flag the
17 business certification issue. We submitted a letter on
18 January 20th. I just wanted to raise that, because we may
19 raise that at some point tomorrow, okay.

20 THE COURT: That was to reply to objections that
21 had been made to prior certifications.

22 MS. CONNELL: Yes. That's right, your Honor. We
23 had done business record certification sometime ago.
24 Defendants objected. We submitted --

25 THE COURT: Have there been subsequent objections?

LAS

1962

1 MS. ROGERS: Your Honor, there is a letter that we
2 intend to submit either tonight or tomorrow replying. They
3 changed some of the certifications and we have replies to
4 some of their arguments.

5 THE COURT: I'll look at all of it in my copious
6 time.

7 MS. CONNELL: Sorry. Thank you, your Honor.

8 THE COURT: Thanks.

9 MS. ROGERS: Thank you, your Honor.

PROCEEDINGS

1965

1 THE COURT: Good morning, folks. Just a couple of
2 preliminary things from my nightly mailbox. First of all,
3 with respect to the Spray bankruptcy hearing designations,
4 the one hearsay thing that continues to be less clear to me
5 in the AG's letter, yes, in the letter in describing his
6 testimony pages 95 to 101, you -- the letter says that "He
7 testifies to his attempts to eliminate nonessential first
8 class travel absent written approval. His discovery that
9 this was still occurring in an e-mail he wrote regarding NRA
10 business." And the part that I wanted to focus on is, what
11 he's actually asked is:

12 "And then you found out in fact in November 2020
13 that it was still going on is, that right?

14 "ANSWER: Verbal approvals were going on.

15 "And you had one of your staff track down which
16 board members in fact that applied to?

17 "ANSWER: We were able to have the travel agent run
18 a report which revealed this.

19 "And you found that at least three board members
20 were flying first class or business class without written
21 approval?"

22 And then it goes on. And the part that wasn't
23 clear to me is whether he is reporting on what others in his
24 office found, which, you know, raises at least a potential,
25 if he's testifying live, you can ask foundational questions,

LAS

PROCEEDINGS

1966

1 are you just telling us what somebody told you. I can't
2 really tell from the transcript. That's really the exchange
3 that I was focused on.

4 So, I don't know that I want to spend the time for
5 a full argument about that. But the rest of it I'm -- I'm
6 fine with subject to the discussion we had about, you know,
7 the possibility of telling the jurors that it's only
8 admissible against the NRA. But that one your letter says
9 that he found -- he discovered something. And that's not
10 quite what he says.

11 MS. CONNELL: Your Honor, I believe that the e-mail
12 chain that is attached to it, I'm going to try to locate it
13 while we're working this morning, is that he asked about it
14 and that it was confirmed by staff of the NRA. And that
15 that's in the e-mail chain where he says, Come on guys, this
16 has to stop. Where they found exact instances. Those are
17 NRA employees reporting it to him as part of the NRA
18 business.

19 THE COURT: So you're saying you can lay the
20 foundation by showing the underlying documents to me?

21 MS. CONNELL: I believe so, your Honor. I want to
22 just check that before I make that representation.

23 THE COURT: All right. The next one. I got the
24 information about the certifications of business records
25 which is usually -- usually a pretty straightforward affair.

LAS

PROCEEDINGS

1967

1 I haven't seen any objection letter at this point, but just
2 based on the face of them, they all seem to me sufficient.
3 One that was a little puzzling is I have a financial
4 institution who in their verification references a different
5 financial institution, an unrelated one. I was -- I think
6 you have to fix that, because as it stands on its face, it
7 doesn't verify that the records are those of the right
8 financial institution. So, whether you can get -- I mean in
9 context it's clearly a typographical error because the
10 person doesn't work for the financial institution that they
11 referenced. So, if you can either get confirmation that
12 it's a typographical error from the signer or just a new
13 verification, then I think that would suffice. But the rest
14 of it, you know, we count on these kinds of certifications
15 to avoid having to parade bunches of witnesses in here to
16 testify about pretty straightforward things. And I thought
17 that your letter described the other issues that at least
18 you represent the defendants had raised, and I was
19 satisfied. And I haven't seen any other letters from the
20 defendants. So, based on what's in front of me right now,
21 except for that one financial institution, which I would ask
22 to at least have that fixed, I'm -- I think they suffice
23 under CPLR 3122-a and CPLR 4518-a. All right.

24 MS. CONNELL: Thank you, your Honor.

25 THE COURT: I'm sure there is other mail I haven't

LAS

PROCEEDINGS

1968

1 responded to.

2 MS. ROGERS: There is one forthcoming letter on
3 that issue. So, the summary evidence intended to be offered
4 in consistent part of these business records that were
5 reportedly certified before and part of others that are
6 described in an expert report. And we don't object to all
7 of them, but we have objections to a few. One I wanted to
8 flag for your Honor is there is the Corporate Aviation
9 Services business record certification, where the person is
10 not certifying records he produced. He said, I reviewed
11 someone else's document production, and it looks like my
12 records, which does not seem to be what the CPLR provision
13 contemplates. And the document production he reviewed is by
14 someone who under oath in deposition she said she wasn't
15 sure where the records were stored. Someone got it off her
16 computer. We'll put in a letter so we could use our time
17 efficiently.

18 THE COURT: That's fine. The CPLR takes a very
19 practical approach, because in the modern world you're not
20 going to find an individual who is going to know everything.
21 So 3122-a talks about to the best of the affiant's knowledge
22 after reasonable inquiry. So, it presupposes that you're
23 going to have to -- you're able to rely on a corporate
24 representative who can -- won't necessarily have personal
25 knowledge immediately over every document produced.

LAS

PROCEEDINGS

1969

1 So, I think we all take a pretty practical view of
2 how that works. So, I mean, follow whatever you want but,
3 you know, if the end result of it is the only way to get
4 business records in from nonparties is to call everybody
5 whose documents they are to come in, that's not the rule.
6 Okay.

7 All right. So, Mr. Cotton is still at the tail end
8 hopefully of his testimony.

9 MR. CORRELL: Your Honor, if I may, sorry, if I may
10 be heard just briefly. Mr. LaPierre is -- is present in the
11 courtroom, and he is feeling well enough to proceed. If the
12 AG would like to put him on now, he's happy to go on now,
13 otherwise he's available for as long as he can.

14 THE COURT: Okay. Great. Good to hear. Thank
15 you. I assume you want to finish the witness who is on.

16 MS. CONNELL: Yes, your Honor. We're hoping
17 Mr. Cotton can go quite quickly. Hope stays alive. We do
18 have a nonparty witness who has been here and needs to leave
19 and he cannot wait until the afternoon. He has the last
20 flight out to Oklahoma City. We would like to do him. He
21 would be quite quick from our end as well and proceed to Mr.
22 LaPierre and see how we go.

23 THE COURT: That was the plan, and we'll stick with
24 it.

25 MS. CONNELL: Thank you.

1 MR. FLEMING: Just to be upfront, your Honor. I
2 don't know how long I will have with Mr. Cotton. I don't
3 imagine it will be excessively long, but it won't be short
4 either.

5 THE COURT: Well, I would have been disappointed if
6 you said it was going to be excessively long. But look, I
7 mean, people use their time where they think it's most
8 useful. So, I assume you're aware of that. Let's get the
9 witness, please.

10 MS. CONNELL: Thank you. Your Honor, can I just
11 draw one attention. I filed a letter last night. We may
12 withdraw the Hallow deposition, so I didn't want you or
13 Mr. Blaustein working on those further, just because as a
14 time constraint I wanted to draw your attention to that.

15 THE COURT: Okay. Thank you. We're still waiting
16 for one juror. We can still bring Mr. Cotton down. Well,
17 actually they're not even here yet. We haven't heard from
18 them. Why don't you hold off on Mr. Cotton until we have
19 the last juror, okay. No reason for him to be sitting here.

20 MR. PETERS: While we're here, may I ask, is there
21 a hard stop with Mr. Winkler?

22 THE COURT: When does Mr. Winkler need to leave?

23 MS. CONNELL: I believe his flight is at like 6:20
24 from LaGuardia. I mean, hopefully Mr. Cotton doesn't take
25 too long. We can get him out well in advance of that.

LAS

PROCEEDINGS

1971

1 THE COURT: 6:20 at LaGuardia, I think you're fine.

2 MS. CONNELL: I think we're fine too. I know no
3 one is going to do an excessively long cross but, you know.
4 And we anticipate our direct will be half an hour perhaps.

5 THE COURT: He's not planning to walk to LaGuardia,
6 right?

7 MS. CONNELL: No. I don't think so, your Honor. I
8 think a car, he may take a black car service or something
9 like that.

10 THE COURT: I forgot there was one other thing in
11 Ms. Connell's letter I didn't address. On the counter
12 designations, I did make judgment calls as to which counter
13 designations I thought were legitimate counter designations
14 and those which if the defendants want to use them should be
15 in their case in chief. So, I think one can disagree with
16 my calls on those, but I did make them. So, the entirety,
17 my view is the entirety of the back play of the depositions
18 is part of plaintiff's case. And to the extent defendants
19 want to use the parts that I excluded on scope grounds when
20 they play -- if they play it on their case, that will count
21 on their side. And same rule. If you have counter
22 designations, those counter designations will apply to the
23 defendants at that time.

24 What made those difficult is because the
25 depositions were so long, sometimes the counter designations

LAS

1972

1 happened at a later part, but I still thought in my view
2 anyway they were legitimate to round out the testimony that
3 the plaintiff had chosen.

4 Counsel, can you come up for a minute.

5 (Whereupon a side bar conference was held.)

6 THE COURT: Just briefly summarize. One juror is
7 running late for a personal reason. And so after discussion
8 with counsel, as I said the last time a juror was going to
9 be fully absent, the choices are to either excuse the juror
10 and be down one, to one less alternate or to wait. And
11 given that the estimate at this point is roughly 11 o'clock
12 when the juror expects to be here, collectively the view was
13 that it's worth holding onto a juror to wait an hour and
14 then it will be one less break and we'll go from there.

15 So, that's what we're going to do. I will, you
16 know -- I would recommend staying in the courtroom if you
17 can or at least be nearby. So we'll let you know as soon as
18 we have a full jury, and then we'll get started, okay.
19 We're off the record.

1 COURT OFFICER: All rise. Jury entering.

2 (The jury entered the courtroom.)

3 THE COURT: Okay. Have a seat, please.

4 Just initially, just a brief word of thanks,
5 first, to all the jurors for their patience.

6 And, for the juror who had a scheduling issue this
7 morning, I want to pass along my thanks, first, for staying
8 in contact with us, so that we knew what the schedule was,
9 so we could make our decisions; and as someone who has heard
10 more than their share of folks find various ways to not show
11 up for jury duty, to have someone literally run across the
12 Brooklyn Bridge to get here is extraordinary. So, thank you
13 very much for that.

14 And I know it's -- the day has gotten off to a
15 difficult start, but I really do appreciate it.

16 All right. So, given the schedule, we're going to
17 advance another witness who also has a travel issue. So,
18 the ever-patient Mr. Cotton is going to finish his testimony
19 after this next witness.

20 And so, the next witness is ...?

21 MR. WANG: Your Honor, plaintiff calls William
22 Winkler.

23 THE COURT: Okay. If we can bring Mr. Winkler
24 in ...

25 (The prospective witness entered the courtroom and

2 THE COURT: Good morning, sir.

3 MR. WINKLER: Good morning.

4 W I L L I A M F. W I N K L E R, J R., called as a
5 witness by the plaintiff, having been first duly sworn/affirmed,
6 was examined and testified as follows:

7 THE CLERK: State your name.

8 THE WITNESS: William F. Winkler, Jr.

9 THE CLERK: Spell your last name.

10 THE WITNESS: W-i-n-k-l-e-r.

11 THE CLERK: Do you have a business address? If
12 not, then I need your home address.

13 THE WITNESS: Business address is 1133 North
14 Robinson Avenue, Oklahoma City 73103.

15 THE CLERK: Thank you.

16 You may be seated.

17 (Witness seated.)

18 THE COURT: Thank you, sir.

19 Just, if you can sit reasonably close to the
20 microphone ..., it's not as sensitive as I'd like it to be.

21 All right, Mr. Wang, you may proceed.

22 MR. WANG: Thank you, your Honor.

23 DIRECT EXAMINATION

24 BY MR. WANG:

25 Q Good morning.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Direct/Wang

1975

1 A Good morning.

2 Q What is your name, sir?

3 A William F. Winkler, Jr.

4 Q And how are you employed?

5 A I'm the chief financial officer for Ackerman McQueen.

6 Q What kind of company is Ackerman McQueen?

7 A Advertising, public relations, broadcast production,
8 media buying.

9 Q And are you familiar with a company called Mercury
10 Group?

11 A Yes.

12 Q What was Mercury Group?

13 A It was strategic planning, crisis management, and PR.

14 Q Did Ackerman McQueen ever do business with the National
15 Rifle Association?

16 A Yes, they did.

17 Q During what period of time did Ackerman McQueen do
18 business with the NRA?

19 A From 1981 through June of 2019.

20 Q Who terminated the relationship?

21 A We did.

22 Q Who managed the relationship between the NRA and
23 Ackerman from the NRA's side?

24 A Wayne LaPierre.

25 Q How would you describe Wayne's involvement in the

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Direct/Wang

1976

1 relationship?

2 A He and Angus McQueen, who is our CEO, talked almost
3 every day; very involved.

4 Q Did Mr. LaPierre regularly attend meetings with
5 Ackerman McQueen?

6 A He did, with Angus. There were some other employees,
7 but I was not in many of those meetings.

8 Q Was Mr. LaPierre involved in budgeting?

9 A Yes.

10 Q Who did Mr. LaPierre communicate with most frequently
11 at Ackerman McQueen?

12 A Angus McQueen.

13 Q And what was Angus McQueen's role at Ackerman McQueen?

14 A He was the CEO.

15 Q Was Mr. Phillips involved in the NRA-and-Ackerman
16 relationship?

17 A Yes, he was.

18 Q How was Mr. Phillips involved?

19 A He worked with billing issues, budget issues.

20 Q During the course of Ackerman's relationship with the
21 NRA, did you ever correspond with Mr. LaPierre in writing?

22 A No.

23 Q Did you have an understanding of whether Mr. LaPierre
24 corresponded with Ackerman McQueen in writing?

25 A He never did, that I knew of.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Direct/Wang

1977

1 Q And in the regular course of business between Ackerman
2 McQueen and the NRA, did -- would Ackerman incur expenses in the
3 course of that relationship?

4 A Yes.

5 Q And can you describe those expenses?

6 A Well, the largest line item would have been media being
7 purchased on their behalf. There was also an out-of-pocket job,
8 which was for travel, entertainment, meals; and then there was,
9 obviously, production costs that would go against jobs that we
10 were working on.

11 Q You mentioned an "out-of-pocket job." Can you describe
12 how that process worked?

13 A The out-of-pocket job was a -- primarily -- a single
14 line item. It involves, probably, four categories. It would
15 be: travel for Tony Makris, travel for Nader Tavangar, travel
16 for Tyler Schropp, and charges incurred at Landini's.

17 Q Were there ever any other expenses that Ackerman
18 McQueen bore on the account of the NRA and passed through to the
19 NRA via an invoice?

20 A It -- yeah, it could be.

21 Probably, the only other major line item would have
22 been hair and makeup for Susan LaPierre; it would have gone
23 through that job, also.

24 Q And when you described travel by Tony Makris and Nader
25 Tavangar, who is Tony Makris?

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Direct/Wang

1978

1 A Tony Makris was the president of Mercury Group.

2 Q And did Mr. Makris have a relationship with
3 Mr. LaPierre?

4 A Yes, he did.

5 Q Can you describe the relationship between Mr. Makris
6 and Mr. LaPierre?

7 A As far as I knew, they probably talked on a regular
8 basis. I don't know how much strategic planning they did
9 together; I was never in those meetings.

10 Q Who is Nader Tavangar?

11 A He was an executive VP at Mercury Group and he was
12 responsible -- he did a lot of travel coordination with Wayne.

13 Q And when there were travel expenses for Mr. Makris or
14 Mr. Tavangar, at whose direction did they travel?

15 A I would think, Wayne LaPierre's, because he's usually
16 with them.

17 MS. CONNELL: Excuse me, your Honor. I'm sorry to
18 interrupt Mr. Wang.

19 It's sometimes hard to hear Mr. Winkler.

20 Q Can you speak closer to the microphone, Mr. Winkler?

21 A I've never had that problem before.

22 Q And actually kind of angle it?

23 (The witness did so.)

24 A How is that? Is that better?

25 THE COURT: Move it a little closer, too. Just

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Direct/Wang

1979

1 move the whole thing.

2 (The witness did so.)

3 THE WITNESS: Okay. Is that good? Thank you.

4 MR. PETERS: I would -- I would move to strike his
5 last answer, because it's clear it wasn't based on personal
6 knowledge. He says, "I would think, Wayne LaPierre."

7 THE COURT: Well, he said what he said.

8 Overruled.

9 BY MR. WANG:

10 Q Mr. Winkler, you also mentioned an individual named
11 Tyler Schropp. Who is Tyler Schropp?

12 A He was the Director -- or is the Director -- of
13 Advancement for NRA.

14 Q You mentioned that Mr. Schropp would incur travel
15 expenses that Ackerman McQueen would pay for; is that right?

16 A That's correct.

17 Q How would Ackerman McQueen pay for those expenses?

18 A We had actually given him a credit card.

19 Q Ackerman McQueen had issued an NRA employee a credit
20 card; is that correct?

21 A That's correct.

22 Q At whose direction did Ackerman McQueen issue that
23 credit card?

24 A Wayne LaPierre's.

25 Q And Mr. Schropp's Ackerman Amex card would be paid for

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Direct/Wang

1980

1 by Ackerman McQueen?

2 A That's correct.

3 Q And would those expenses then be invoiced and billed to
4 the NRA?

5 A Yes.

6 Q And the NRA would pay those.

7 A Yes.

8 Q Do you know why a credit card was issued to an NRA
9 employee through Ackerman McQueen?

10 A You know, the -- the terms that we used on a constant
11 basis were "security and confidentiality." I, personally, think
12 that it probably had more to do with, Wayne didn't really trust
13 his accounting department with the sensitive nature of the
14 charges.

15 Q What do you mean by "sensitive nature of the charges"?

16 A Well, they were going on trips either -- ranging from
17 Wayne travel, which was in Tony's instance and Nader's instance.
18 In Tyler's instance, he may be going to a location seeking
19 donors.

20 Q Do you know who Gayle Stanford is?

21 A Yes.

22 Q Who is Ms. Stanford?

23 A She's a travel agent that also went through the
24 operating -- "out-of-pocket job." It was billed through the
25 out-of-pocket job.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Direct/Wang

1981

1 Q And for whom did Ms. Stanford arrange travel?

2 A Wayne LaPierre.

3 Q How much in Ms. Stanford fees would Ackerman incur and
4 then bill to the NRA?

5 A It varied over time, but at the end it was \$4,000 a
6 month.

7 Q Do you understand --

8 Do you have an understanding as to why Ackerman McQueen
9 was billing the NRA for Ms. Stanford's services?

10 A It was at the request of either Wayne or Woody, but I
11 know that it was requested from one or the other of them.

12 Q You also mentioned the word "Landini's" in your prior
13 response. What is Landini's?

14 A It is a restaurant very close to our office at Mercury
15 Group.

16 Q What city is Landini's located in?

17 A Alexandria, Virginia.

18 Q And were charges for NRA employee meals charged to
19 Ackerman at Landini's and billed to the NRA?

20 A Yes.

21 Q How did this arrangement work?

22 A They would go in and, at the end of the meal, they
23 would tell Landini's to bill it to Tony Makris' credit card and
24 Tony would bill it through to the NRA.

25 Q Did you ever have any concerns about Ackerman McQueen

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Direct/Wang

1982

1 incurring expenses on behalf of NRA employees and then billing
2 those expenses back to the NRA?

3 A The main reason we didn't is, as part of all this
4 process, we requested that they come in and audit, which they
5 did from 2004 all the way through 2018.

6 Q When you say --

7 A They audited line-item expenses for the operating job
8 and for other jobs.

9 Q When you say "they," who are you referring to?

10 A Primarily Rick Tedrick. At the end, we had -- Woody
11 would come in, I think -- in 2014 and '15, I think, Woody may
12 have looked at the out-of-pocket job for those two years and
13 then Steve Hart looked at it for 2016 through 2018.

14 Q Were there ever any concerns raised by the NRA audits
15 of the Ackerman out-of-pocket job?

16 A Only one. In 2012, Rick wanted to take some documents
17 with him back to the office.

18 Q When you say "Rick," are you referring to Rick Tedrick?

19 A That's correct.

20 Q Can you describe the experience when Mr. Tedrick asked
21 to take documents back to his office?

22 A I told him I'd have to check with Wayne, went up and
23 talked with Angus. Angus got Wayne on the phone and said, "Rick
24 wants to take some documents back with him" and Wayne said,
25 "No."

ALAN F. BOWIN, CSR, RMR, CRR

2 I think that's hearsay.

4 Overruled.

5 He's not offering it for the truth of it; just that
6 it was said.

7 MR. CORRELL: Thank you.

8 THE COURT: Overruled.

9 Q Was Mr. Tedrick allowed to take documents concerning
10 out-of-pocket job expenses back to NRA headquarters?

11 A No, he was not.

12 Q And who did not -- who prevented Mr. Tedrick from
13 taking those documents back to the NRA headquarters?

14 A I did, because of the conversation I overheard with
15 Angus and Wayne.

16 Q I'm going to direct your attention to tab 1, which is
17 PX 3150. It is a large document. I'm not going to ask you to

22 A And what page is this?

13 And at the bottom, there is a PX 3150 number and
14 there are page numbers at the bottom.

15 Q Does this compilation of documents look familiar to

17 MR. PETERS: Ours doesn't have the --

18 THE COURT: 496 is the first page.

19 MR. WANG: Correct. And there is -- there are page

21 THE COURT: No, no. I'm sorry. When you asked to

2 THE COURT: 515 is the last three digits.

3 MR. WANG: Correct.

4 Q Does this compilation of documents look familiar to
5 you, Mr. Winkler?

6 A Yes, it does.

7 Q What is it?

8 A This would have been the backup provided to the
9 auditors for the out-of-pocket job.

10 Q And if I can ask you to turn to page 20 of PX 3150 --

15 A Yes, it does.

16 Q What is it?

17 A This is for Gayle, travel coordination.

18 Q When you say "Gayle," are you referring to

19 Ms. Stanford?

20 A Yes.

21 Q I'll ask you to turn to page 47 of the same document.

2 A It's an invoice for the out-of-pocket expenses.

3 Q The invoice provides out-of-pocket expenses but no
4 further description. Do you see that?

5 A That's correct.

6 Q Did anyone ask you to prepare the invoices in this
7 manner?

8 A The answer is yes, the client asked us to. I would
9 assume it came from Wayne LaPierre, because most things did.
10 And once again, that's one of the reasons why we requested that
11 they come in and audit every year.

12 THE COURT: The questions really are personal
13 knowledge. So assumptions and the like is -- I think the
14 questions are asking, at least correctly asking, is for your

16 THE WITNESS: Okay.

17 THE COURT: Not asking you to assume or speculate.

18 MR. CORRELL: Objection, your Honor. Move to

20 THE COURT: Sustained.

21 Q I'll ask you to turn to page 99 of PX 3510.

3 Q This was an expense that was included in the Ackerman

5 A That's correct.

6 Q Was this paid for by Ackerman McQueen?

7 A Yes, it was.

8 Q And was this a cost that was passed through to the NRA?

9 A Yes, it was.

10 Q I'll ask you to turn to tab two, which is another
11 compilation of invoices. It's PX 3151, and it is tab two of

21 A It is once again the backup for the out-of-pocket job
22 for 2016.

LAS

1 A (Examining). Yes, it does.

2 Q What is it?

3 A Once again it's for makeup and hairstyle for Susan
4 LaPierre.

5 Q And do you know who Debbie Dover is?

6 A She's just a stylist that we use. I don't know
7 anything more than that.

8 Q Was this amount paid for by Ackerman McQueen?

9 A Yes, it was.

10 Q Was this amount billed through to the NRA through the
11 out-of-pocket job?

12 A Yes, it was.

13 Q To the best of your knowledge did the NRA pay this
14 amount?

15 A Yes, they did.

16 Q I'll ask you to turn to tab three of your binder. It
17 is PX 3152. It is another compilation of invoices.

18 MR. WANG: I have not received any objections to
19 this document as well.

20 MR. PETERS: No objection.

21 MR. CORRELL: No objection.

22 THE COURT: Hearing none, PX 3152 is admitted.

24 A (Examining). Yes, it does.

25 Q What is it?

LAS

Direct-Winkler-Wang

1 A It's the backup for 2017 out-of-pocket expenses.

4 A Okay.

5 Q Does this document look familiar to you, Mr. Winkler?

6 A Yes, it does.

7 Q What is it?

8 A This would be a Tony Makris expense report that
9 included tips.

10 Q Can you explain how this tips process worked?

11 A Tony would often travel with Wayne or in his travel and
12 he was required, he had tips that he gave out to various
13 personnel to make sure that things went very smoothly.

14 MR. CORRELL: Objection, your Honor. Hearsay.

15 THE COURT: Do you want to follow up on the basis
16 for his knowledge.

17 Q How do you know that this was a tip -- this was an

19 A Because I would literally with Rick, or whoever came in
20 and audited, sometimes he would get Tony on the phone to explain
21 to him what these were for.

22 MR. CORRELL: Objection. Hearsay.

23 THE COURT: Overruled.

1 McQueen?

2 A Yes.

3 Q Are you familiar with the April 2019 lawsuit?

4 A Yes.

5 Q What was the nature of that lawsuit?

6 A The -- It was filed saying we had improper
7 documentation.

8 Q Following the initiation of that lawsuit, did you take
9 any action with respect to the relationship between Ackerman and
10 the NRA?

11 A Yes. The answer to the question has to involve the
12 audits. So, if it's okay, I'll go and describe the last audit
13 which was FRA.

14 Q What do you recall about the FRA audit?

15 A The auditors -- That was actually the third audit that
16 was performed. There was one performed in September of '18.
17 Another one in October -- Pardon me -- November of '18. And
18 then FAR came in in February of '19.

19 Q And were there issues raised at the end of the FAR
20 audit?

21 A The only items that we knew were issues from Jessica
22 Bradley, who was the lead auditor on -- at the location. She
23 had asked us for receipts on Tyler Schropp, which we did not
24 have them. She asked for receipts on Landini, which were

1 on Tyler's credit card, she was asking if anyone else had ever
2 had a credit card. So we went back through our records and
3 realized Wayne had had a credit card for two months. Then she
4 asked for any gifts for -- that Ackerman gave to any NRA
5 employee.

6 Q And what was the answer to that last question?

7 A The answer was yes. There is only one gift that I knew
8 of.

9 Q And did you ever receive any final work product or
10 conclusion from this FRA audit?

11 A No.

12 Q I'm going to direct your attention to tab five of your
13 binder. It is PX 444. It is a two page document.

14 MR. WANG: I have not received an objection to this
15 document.

16 MR. PETERS: No objection.

17 MR. CORRELL: No objection.

18 THE COURT: Okay. It's admitted.

19 Q Mr. Winkler, does this document look familiar to you?

20 A (Examining). Yes, it does.

21 Q What is it?

22 A This is on the 444 as we are requesting from Gayle a
23 copy of all of the travel that she coordinated for Wayne.

24 Q Is this document an accurate summary of your request
25 for documentation related to Gayle Stanford's expenses paid for

1 by Ackerman McQueen and billed through to the NRA?

2 A Yes, it was. And it should be noted I left out that
3 one of the things that the FAR auditors asked for was a copy of
4 her contract, which we did not have.

5 Q I'll ask you to turn to tab six of the binder. And
6 this is PX 445.

7 MR. WANG: I've not received an objection to this
8 document.

9 THE COURT: Counsel?

10 MR. PETERS: No objection.

11 MR. CORRELL: No objection.

12 THE COURT: All right. It's admitted.

13 Q Mr. Winkler, does this document look familiar to you?

14 A (Examining). Yes, it does.

15 Q What is it?

16 A This is a listing of all the credit card charges that
17 Tyler incurred on his credit card.

18 Q On the exhibit I'll ask you to turn to page 2. The
19 charges begin in May of 2013 on the document. Do you see that?

20 A (Examining). Yes.

21 Q And these are charges that Mr. Schropp incurred on his
22 AmEx credit card, is that correct?

23 A That's correct.

24 Q And if you turn to page 18 of PX 445, the charges run
25 through September of 2018. Do you see that?

LAS

Direct-Winkler-Wang

1993

1 A (Examining). That's correct.

2 Q And then I'll direct your attention to the letter,
3 which is the last page of the document, page 53 of PX 445. This
4 is a letter that you wrote to Mr. Schropp, is that correct?

5 A (Examining). That's correct.

6 Q And is this an accurate summary of Mr. Schropp's
7 expenses paid for by Ackerman McQueen and passed through to the
8 NRA?

9 A Yes, it is.

10 Q Why did you write this letter to Mr. Schropp?

11 A The lawsuit had been filed and we were -- it was
12 improper documentation. We had no results from the lawsuit
13 itself. And so I met with Angus and I said, There is only these
14 areas that they asked for that we didn't have any of the
15 receipts. So, we wrote these letters to get the receipts so
16 hopefully the lawsuit could go away.

17 Q Who would have had the receipts in question?

18 A In this instance, Tyler Schropp.

19 Q Why?

20 A Because he was the one that incurred them as he was
21 using the credit card.

22 Q I'll ask you to turn to tab seven of your binder, which
23 is PX 446.

24 (Whereupon the witness complied with the above
25 request of counsel.)

4 MR. CORRELL: No objection.

5 THE COURT: Hearing none, it's admitted.

6 Q Mr. Winkler, does PX 446 look familiar to you?

7 A (Examining). Yes, it does.

8 Q What is it?

9 A This is a copy of the receipts for Wayne LaPierre's
10 clothing.

11 Q Directing your attention to the second and third pages
12 of the document. What do these dates and totals represent?

13 A They total where he went in and purchased clothing.

14 Q Were these clothing purchases at Zegna?

15 A Yes.

16 Q Were these purchases -- were these clothing purchases
17 charged to Ackerman McQueen?

18 A Yes, they were.

19 Q Were they billed to the NRA?

20 A No, they were not.

21 Q Directing your attention to page 4. Was this a letter
22 that you sent to Mr. LaPierre?

23 A (Examining). Yes, it was.

24 Q And is this letter an accurate summary of Mr.
25 LaPierre's AmEx -- Mr. LaPierre's Zegna suits paid for by

2 A Yes, it is.

5 request of counsel.)

6 MR. WANG: I have not received any objection to
7 this document.

8 MR. PETERS: No objection.

9 MR. CORRELL: No objection.

10 THE COURT: Hearing none, that Exhibit PX 447 is
11 admitted.

12 Q Mr. Winkler, is PX 447 familiar to you?

13 A (Examining). Yes, it is.

14 Q What is it?

15 A It's for charges that were billed from Gayle to
16 Ackerman on Wayne's behalf and credit card charges that Wayne
17 was given a credit card from Ackerman that he used for
18 approximately one month. I don't think it was longer than that.

19 Q Did Ackerman McQueen issue a credit card for Mr.
20 LaPierre?

21 A Yes.

22 Q And did he use that credit card?

23 A Only for one month but yes.

24 Q Are those charges reflected on page 3 of this document,
25 section A?

LAS

Direct-Winkler-Wang

1996

1 A Yes, they are.

2 Q And those charges related to travel to Budapest?

3 A That's correct.

4 Q Directing your attention to section B of page 3. Do
5 you know what II and IS is?

6 A That's Gayle Stamford.

7 Q And I'll direct your attention, it's a little hard,
8 because this is a spreadsheet that has been converted to PDF.
9 If you look at the middle section of page 5, are those the
10 corresponding charges to section BII and IS on page 3?

11 A That's correct.

12 Q And were these amounts in 2013 and 2014 paid for by
13 Ackerman McQueen and billed through to the NRA?

14 A That's correct.

15 Q And were these amounts for travel to the first -- the
16 first row for the Bahamas?

17 A Yes.

18 Q And the last row, is this for travel to Budapest and
19 Brescia?

20 A Yes.

21 Q And directing your attention to page 2 of this
22 document, your letter to Mr. LaPierre.

23 A Yes.

24 Q Is this letter an accurate summary of Mr. LaPierre's

2 A Yes.

3 Q And were these expenses paid for by Ackerman McQueen
4 and passed through to the NRA?

5 A Yes, they were.

6 Q Mr. -- You can take this off the screen, and you can
7 stop looking at this document. Are you familiar with a company
8 called Wbb Investments?

9 A Yes.

10 Q What is Wbb Investments?

11 A It was put together to -- to purchase a safe house.

12 Q Who -- who was going to reside in the safe house?

13 A Wayne and Susan.

14 Q Did there come a time when a \$70,000 invoice was
15 issued?

16 A That's correct.

17 Q What was that \$70,000 for?

18 A Well, first of all, the partnership itself, 99 percent
19 of the partnership was NRA. So it's an important feature to it.
20 It really was an investment that the money was there for a down
21 payment on a house if needed.

22 Q I'll ask you to look -- open up tab 11, which is a two
23 page document.

24 (Whereupon the witness complied with the above

5 MR. PETERS: No objection.

6 MR. CORRELL: No objection.

7 THE COURT: Okay. It's admitted. There may be
8 another copy of this somewhere as well, I think, but go
9 ahead.

10 Q I'll ask you to turn to the second page. There is the
11 front of a check and a back of a check, is that correct?

12 A That's correct.

13 Q And is that your handwriting on the back of the check?

14 A Yes, it is.

15 Q Do you recall receiving this check?

16 A Yes, I do.

17 Q And you deposited this check?

18 A That's correct.

19 Q And on the first page of this document this is a
20 deposit slip, is that correct?

21 A Yes.

22 Q And is that your handwriting at the top of the deposit
23 slip?

24 A Yes, it is.

25 Q This indicates that you deposited the \$70,000, is that

LAS

1 correct?

2 A That's correct.

3 Q What was the anticipated cost of the house in Dallas
4 that was meant as a safe house?

5 A \$6 million.

6 Q And did this anticipated house purchase, was this ever
7 finalized?

8 A No, it was not.

9 Q Why not?

10 A From my standpoint there was correspondence between
11 Susan and Melanie Montgomery, where Susan was asking for a
12 social membership at a country club. I saw that. I immediately
13 went up to Angus' office and I said, Wait a minute. Everything
14 about this -- We were suppose to be getting a house that nobody
15 knew who lived there. It was a safe house. Country club
16 membership is not going to have nobody knows who they are or
17 where they are at. Angus looked at me and said, I'll deal with
18 it. The deal was basically done within 24 hours.

19 Q I'll ask you to turn to tab 12 of your binder.

20 MR. WANG: I've received no objection to this

2 Q Does this document look familiar to you, Mr. Winkler?

3 A (Examining). Yes, it does.

4 Q What is it?

5 A It's a list of things that she wanted to have happen at
6 the house, and it also includes the social membership at the
7 golf and country club.

8 Q Directing your attention to page 2. Right at the
9 bottom it says, "We need to discuss how to acquire a social
10 membership to the club." Is that the club that you were
11 referring to in your testimony?

12 A Yes.

13 Q And this deal didn't happen after that, right?

14 A No, it did not.

15 Q I'm going to direct your attention to the middle of
16 2019. Did there come a time when Ackerman McQueen was sued by
17 the NRA in federal court in Dallas?

18 A Yes. I don't remember the exact date though.

19 Q And that was a different litigation than the litigation
20 we talked about earlier in April of 2019, is that correct?

21 A That's correct.

22 Q And this federal litigation, that litigation ended,
23 correct?

24 A That's correct.

25 Q And a monetary --

LAS

Direct-Winkler-Wang

1 MR. PETERS: I'm going to object to this line of
2 questioning, because I see that this is going towards trying
3 to get a confidential settlement into evidence and we object
4 to that.

5 MR. WANG: Your Honor, I'm asking a leading line of
6 questioning just to get to the same points that you ruled on
7 with respect to the -- Mr. Cox arbitration. And I'm going
8 to elicit the same limited testimony that you ruled on on
9 this same issue that we've discussed with you previously.

10 THE COURT: Okay. This is, as far as I can tell,
11 is not an adverse witness. So, the leading shouldn't really
12 be necessary.

13 MR. WANG: Okay.

14 Q How did that litigation end, Mr. Winkler?

15 A It ended in a settlement.

16 Q And was there a monetary amount that was paid by the
17 NRA to Ackerman McQueen?

18 THE COURT: Without stating the amount.

19 THE WITNESS: Yes.

20 MR. WANG: We'll pass the witness. I'm sorry.

21 THE COURT: Almost got away.

22 Q We talked about your out-of-pocket job, Mr. Winkler.

23 A Yes.

24 Q How long did that out-of-pocket job last?

25 A It stopped in the fall of 2018.

LAS

Direct-Winkler-Wang

2002

1 Q And NRA paid those expenses throughout that entire
2 period, is that correct?

3 A They actually paid them. They audited them. And when
4 they came in and changed their procedures, the out-of-pocket job
5 went away.

6 Q With respect to the charges at Landini's restaurant,
7 what was included in those charges?

8 A Usually meals. People would -- I think there would be
9 personnel that would go over there and basically have a meal.
10 Sounded like a business luncheon, but they would charge it to
11 Tony's account, and we pass it through to the NRA.

12 Q That restaurant, was it located close to the NRA
13 headquarters?

14 A It was close to the Mercury Group headquarters. I'm
15 not sure is the answer. I've been there once.

16 Q During the period of time that you sent out-of-pocket
17 bills to the NRA, did the NRA ever object to receiving those
18 bills?

19 A No.

20 Q And next to Landini's there was a cigar bar. Do you
21 recall that?

22 A Yes.

23 Q And were those charges also paid for by Ackerman
24 McQueen and passed to the NRA?

25 A In some instances. Not all instances.

LAS

Direct-Winkler-Wang

2003

1 Q Can you describe -- can you describe the instances
2 where they would have been paid and they would not have been
3 paid?

4 A I'm not totally clear. Normally Tony would drive that,
5 whether -- what the meeting was for, et cetera.

6 Q Can you speak closer to the microphone.

7 A Absolutely.

8 Q I'm sorry. Thank you. You mentioned Mr. Makris'
9 travel would be billed by Ackerman and passed through to the
10 NRA. Was Mr. LaPierre's travel also billed by Ackerman and
11 passed through to the NRA?

12 A Very seldom.

13 Q And was Mr. -- Who directed Mr. Makris to engage in
14 that travel?

15 A Probably discussion between Tony Makris, Angus McQueen
16 and Wayne LaPierre.

17 Q I think you said this already, but how many years did
18 the out-of-pocket job last?

19 A I can tell you when it stopped. And I would probably
20 say it started somewhere around 2004, because that's when Rick
21 began his audits. But I'm not exactly sure of when it started.
22 I know that Rick's audits started in 2004.

23 Q When did Rick's audits end?

24 A The audits that the NRA came in and did went all the
25 way through 2018.

LAS

Cross-Winkler-Peters

2004

1 Q But Mr. Tedrick at some point stopped performing those
2 audits?

3 A In 2015, I think. The out of pocket, the last two
4 years were audited by Woody.

5 MR. WANG: I'll pass the witness.

6 THE COURT: The first successful use of a binder in
7 order. I have to congratulate you for that.

8 CROSS EXAMINATION

9 BY MR. PETERS:

10 Q Good morning, Mr. Winkler. Good morning, Mr. Winkler.
11 My name is Noah Peters. I'm with the Brewer firm. And we
12 represent The National Rifle Association.

13 You previously testified, haven't you, that you never
14 billed back charges to the NRA that you believe were not
15 appropriate business charges for the NRA, didn't you?

16 A That is correct.

17 Q Okay. And you've testified previously that you believe
18 that all of Tyler Schropp's charges were appropriate NRA
19 business charges, isn't that right?

20 A That's correct.

21 Q Okay. Let us go to tab two of the cross binder, which
22 is the services agreement between the NRA and Ackerman.

23 THE COURT: Is this one in evidence?

24 MR. PETERS: This is in evidence. This is PX 3588,
25 if we can get it up on the screen. This was admitted into

LAS

Cross-Winkler-Peters

1 evidence, I think, with respect to Mr. Phillips.

2 MS. CONNELL: Your Honor, I'm sorry. I think it
3 was a different number that it was admitted into evidence,
4 but we don't have an objection to it.

5 MR. PETERS: Great.

6 THE COURT: All right. So I guess we'll go ahead
7 and admit this again.

8 MR. PETERS: Yep.

9 MS. CONNELL: I guess so, your Honor.

10 Q Okay. And you're familiar with this document, aren't
11 you, Mr. Winkler?

12 A (Examining). Yes, I am.

13 Q And this -- Under this agreement, this included a wide
14 variety of different market -- marketing, public relation
15 services that were all geared to promote a positive image of the
16 NRA, isn't that right?

17 A That's correct.

18 Q Okay. And there are references in this contract to
19 providing services based on fair market value of the work. Do
20 you see that on page 2(b) under "advertising creative services"?

21 A Yes.

22 Q Okay. And then there is also a specific -- there are
23 also specific provisions in this contract for billing back
24 expenses to the NRA. Do you see those on page 5 under 3(a)?

25 A (Examining). Yes.

LAS

Cross-Winkler-Peters

2006

1 Q Okay. And could you read 3(a) for -- for us under
2 billing and payment?

3 A "Mailing express charges, long distance telephone
4 calls, photocopies, deliveries, sales taxes, reasonable out of
5 town travel, including transportation meals and lodging" --

6 THE COURT: Maybe just go a little slower so the
7 court reporter can follow you. Go ahead.

8 A -- "et cetera on NRA's express behalf shall be billed
9 at Ackerman's cost."

10 Q Okay. And it says then, "All out of town travel
11 expenses shall require prior written approval, in accordance
12 with written procedures established by the NRA executive vice
13 president or his designee." Do you see that?

14 A Yes.

15 Q Okay. And those written procedures, those don't allow
16 for luxury travel, do they?

17 A Not that I know of. No.

18 Q Okay. And then it goes on to say, "Payment of travel
19 expenses not approved in advance may result in denial of
20 reimbursement." Expenses not listed above shall be considered
21 to be -- "Expenses not listed above shall be considered to be
22 normal business expense of AMC and not billable to NRA unless
23 specifically authorized in writing by the NRA executive vice
24 president or its designee." You're familiar with that
25 provision, right?

LAS

Cross-Winkler-Peters

2007

1 A Yes, I am.

2 Q Okay. And the invoices that Ackerman provided are fair
3 to say were not consistent with that provision?

4 A I'm not sure.

5 Q Okay.

6 A The reason that I'm not sure is this agreement is in
7 2017. We were still billing the out of pocket and it was still
8 being paid as it always had been up until the summer of 2018.

9 Q But you were -- you were, weren't you, billing
10 out-of-pocket expenses to the NRA for which -- that had not been
11 approved in advance, is that right?

12 A I don't know that, because they were being paid.

13 Q Okay. And you weren't getting prior written approval
14 in accordance with written procedures, were you, before billing
15 those back to the NRA?

16 A Once again, I don't know. I just know they were
17 incurred. They were billed and they were paid. So I had no way
18 of knowing that certain systems weren't being followed.

19 Q You knew of this contract though, didn't you?

20 A Yes.

21 Q Okay. In fact, didn't you help negotiate this
22 contract?

23 A Yes, I did.

24 Q Okay. All right. Let's go on to page 9, "Examination
25 of Records". And it says, "During the term of this services

LAS

Cross-Winkler-Peters

2008

1 agreement AMC authorizes NRA, upon reasonable notice, to examine
2 AMC and Mercury's files, books and records with respect to
3 matters covered under this services agreement." Do you see
4 that?

5 A Yes.

6 Q Okay. Seems pretty straightforward, doesn't it, that
7 the NRA can audit the Ackerman's file -- Mercury's files, books
8 and records, right?

9 A They basically did audit every year from 2004 through
10 2018.

11 Q Okay. And then it says here also that "AMC is
12 authorized to act upon written communications received from the
13 NRA executive vice president or his designee. Here his designee
14 are the only persons within NRA who have the authority to issue
15 such communications", that is written communications, isn't that
16 right?

17 A Yes.

18 Q And you -- There were never any written communications
19 altering any provision of this contract except the amendment
20 that we're going to see in a little bit, right, the 2018
21 amendment?

22 A The answer is Wayne didn't really put anything in
23 writing ever. So, a lot of times --

24 Q That's not what I asked. I'm sorry.

25 A Okay.

LAS

2009

1 Q Did you ever get a written communication altering any
2 provision of this contract other than the 2018 amendment that
3 we're about to go to?

4 A We received, I think, two different notices that he
5 changed his designee.

6 Q Okay. Understood. So, in other words, the course of
7 business between the NRA and Ackerman was very clearly that
8 communications are to be in writing, isn't that right?

9 MR. WANG: Objection. Mischaracterizes his
10 testimony.

11 A The answer is no. Very seldom was in writing.

12 Q Okay. But you just testified to written communications
13 between -- changing the designee, didn't you?

14 A Yes.

3 there had been several letters going back and forth and we
4 realized there was a change in their policy.

5 Q Okay. And a letter is also written communication;
6 isn't it?

7 A That's correct.

8 Q All right.

9 So, then, if we go down to 10-D, "Integrated

11 "This Services Agreement, together with any

13 NRA and AMC relating to the matters covered by the Services

18 Did you see that?

20 A Yes.

21 Q Okay. Do you think it's reasonable to rely on previous
22 oral understandings in the face of a contractual provision like
23 that?

6 Q Okay. So you assumed, and it turned out to be wrong;
7 right?

8 A Well, both parties did, because they were still paying
9 their invoices.

10 Q They were still paying.

11 I mean, you were -- you were violating the contract and
12 expecting them to pay for out-of-pocket expenses that were not
13 consistent with this contract; isn't that right?

14 MR. WANG: Objection; misstates testimony.

17 MR. CORRELL: No objection.

18 MS. COUTU: Your Honor, we don't have the document.

19 MR. PETERS: I gave you guys a ...

20 MS. COUTU: No, you didn't.

21 MR. PETERS: Oh, I didn't?

22 (Binder handed to counsel.)

23 MR. PETERS: It's tab 3. I'll give you all a
24 chance to read it.

25 MS. COUTU: Thank you.

1 MR. PETERS: Yeah.

2 MS. COUTU: No objection, your Honor.

3 MR. FLEMING: No objection.

4 THE COURT: Okay. PX 3589 is admitted.

5 (Image displayed.)

6 BY MR. PETERS:

7 Q Okay. Do you remember this amendment to the Services
8 Agreement, Mr. Winkler?

9 A Yes, I do.

10 Q Okay. And you felt it necessary to enter into a
11 written amendment with the NRA to -- in order to -- be able to
12 bill -- to be able to bill more money to the NRA; right?

13 A I'm sorry; I don't understand what you're saying.

14 Q You believed that it was necessary to enter into a
15 written amendment to the 2017 Services Agreement; didn't you?

16 A Yes.

17 Q Okay. And that was because, in this instance, this
18 contract was giving Ackerman more money; isn't that right?

19 A This contract was substantially more and if -- if it
20 was not paid, it was going to leave us vulnerable.

21 Q Okay.

22 A That's what the purpose of the amendment was.

23 Q So, when it's time to protect Ackerman McQueen, written
24 contracts are necessary; right?

25 A That's correct.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2014

1 Q Okay. But not NRA. NRA can be billed all sorts of
2 crap that's not in the contract, right?

3 A Well, it's --

4 MR. WANG: Objection.

5 (No audible ruling.)

6 A Pardon me.

7 It's interesting, because this -- this amendment was
8 not honored.

9 Q Okay. Understood.

10 Let us go -- okay.

11 So you said, at some point, the out-of-pocket job
12 ended; isn't that right?

13 A That's correct.

14 Q Okay. And the out-of-pocket job ended around summer or
15 fall of 2018; isn't that right?

16 A That's correct.

17 Q Okay. And at the time, was Ackerman happy about that
18 or --

19 MR. PETERS: Sorry. Strike that.

20 Q At the time, Ackerman was not happy about that, were
21 they?

22 A You're wrong. I was very happy.

23 Q Okay.

24 MR. PETERS: Let us introduce into -- or if we
25 may -- introduce into evidence DX 1-1092. And we've already

ALAN F. BOWIN, CSR, RMR, CRR

1 given --

2 Do you all have any objection?

3 A Sorry. Where is that?

4 Q Oh, sorry. This is tab 24 in the "Cross" binder, and
5 it's DX1-1092.

6 THE COURT: Any objection?

7 MR. WANG: No objection.

8 THE COURT: Anything from the defense?

9 (Pause.)

10 Q Okay.

11 THE COURT: Absent objection, it's admitted.

12 (Image displayed.)

13 Q Okay. And so, this is an e-mail that you sent to
14 Melanie Montgomery on August 24th, 2018; isn't that right?

15 A Actually, it was addressed to Revan McQueen.

16 Q Okay. It was addressed to Revan McQueen.

17 And you --

18 So, in the e-mail below the top one, Melanie
19 Montgomery -- sorry.

20 Melanie Montgomery is an executive at Ackerman, right?

21 A That's correct.

22 Q Okay. And she's saying: "Tried to call you. I don't
23 think we should do this. Can I call Woody to intervene?"

24 Right? Do you see that?

25 A That's correct.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2016

1 Q Okay. What was --

2 And "Can I call Woody to intervene?" means that -- "Can
3 I call Woody to intervene to stop the NRA's demands for
4 backup?"; isn't that right?

5 A I'm not sure exactly what she intended with that.

6 I don't think it happened, anyway. I think the truth
7 is, Rick got what he wanted.

8 Q Okay. So -- but you --

9 MR. WANG: Counsel, I'm not sure we're on the same
10 document.

11 THE COURT: I'm not sure either.

12 MR. WANG: Tab 24?

13 MR. PETERS: I'm sorry; tab 25.

14 No, tab 24.

15 THE COURT: I don't see that, either.

16 MR. WANG: I'll show you what my tab 24 is
17 (indicating).

18 MR. PETERS: Okay. Yeah, that's different. It's
19 certainly different. Let's make sure that we're on the same
20 page, so to speak.

21 For me, it's 24. There might be different
22 varieties --

23 THE COURT: Can you, maybe, read the --

24 There are a bunch of numbers on the bottom; page
25 numbers.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2017

1 MR. PETERS: Yeah, let's do that.

2 THE COURT: What are the ones that you intend?

3 MR. PETERS: So this is "NYAG-00181388."

4 THE COURT: That's tab 25 in my binder.

5 MR. PETERS: Okay. Tab 25. My apologies.

6 BY MR. PETERS:

7 Q All right. So -- but your response to this
8 communication, at the time, is not to say, "Let's give them the
9 backup"; right?

10 A Actually, it was -- I -- I saw the change that was
11 occurring and I realized it was coming from Rick, which -- once
12 again, he's not the typical person that would have sent that to
13 me. But it did lead to the changes in the system and the
14 out-of-pocket job going away.

15 Q Okay. And to be clear, the change is that the NRA
16 requested backup for the charges that you were sending to the
17 NRA; right?

18 A No. It was a -- it was more that when Craig Spray came
19 in, he said that he didn't want any more Landini's; he wanted
20 Tyler Schropp's card gone; he didn't want -- Tony's travel had
21 to be pre-approved; Gayle Stanford needed to go away. All of
22 that happened within a two-week period --

23 Q Um-hmm.

24 A -- because -- at their request.

25 Q Okay. And --

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2018

1 MR. WANG: Your Honor, I just want to clarify the
2 correct exhibit number that went into evidence. We just
3 want our records clear for what exhibits are admitted into
4 evidence.

5 Was this DX 1-1092, tab 25, of the "Cross" binder?

6 MR. PETERS: It was tab --

7 Understanding that the -- it -- it was the -- the
8 document with the Bates stamp "NYAG-00181388."

9 THE COURT: And what exhibit number for the trial
10 are we putting that under?

11 MR. PETERS: Well, I had put -- we had put --

12 I went a little bit out of order, so if -- if we're
13 going to be going in the correct order of things, it should
14 be DX 1-1088.

15 So let's --

16 THE COURT: Well, is there a version of this
17 document anywhere that has the exhibit number that you want
18 on it? Because, if not, we need to give it to the court
19 reporter and mark it.

20 MR. PETERS: Yeah. Why don't we -- I mean, it --
21 To the extent that this is okay (handing) --

22 THE COURT: You have it already marked?

23 MR. PETERS: Yeah, I have it marked.

24 THE COURT: All right. Well, if it's --

25 Why don't you read in the marking. What's the

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2019

1 number?

2 MR. PETERS: DX I, or 1 -- DX 1-1088.

3 THE COURT: All right. So you are now deputized to
4 make sure that that goes in the official pile of exhibits --

5 MR. PETERS: Okay.

6 THE COURT: -- because you now have the only
7 version of it that's marked.

8 MR. PETERS: Understood. Thank you.

9 MS. COUTU: Your Honor, so, is DX 1-1092 also
10 admitted?

11 THE COURT: No --

12 MS. COUTU: Okay.

13 THE COURT: -- because it's --

14 This is the only document that I was intending to
15 admit, based on the assumption that that was the exhibit
16 number, which seems to be not correct.

17 MR. FARBER: The problem is, 1-1092 is the exhibit
18 that the witness was answering questions about. So --

19 THE COURT: Oh, it is?

20 MR. FARBER: He was asked, you know, "Is this sent
21 to Melanie Montgomery?" and I believe his response was, "No,
22 it's sent to" -- I think it was Revan McQueen. I assume
23 that's because he was looking at the document that counsel
24 directed him to.

25 THE COURT: All right.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2020

1 Well, I have an easy way out of this: The
2 testimony about -1092 -- I think it's pretty clear that what
3 we were trying to do was ask questions about -1088, which is
4 in. -1092 is not in, at least not yet.

5 MR. PETERS: Why don't I -- why don't I hand the
6 document to the witness and have him --

7 THE COURT: No. That document, we have.

8 MR. PETERS: Okay, okay.

9 THE COURT: It's in tab 25. Everybody knows what
10 it is.

11 MR. PETERS: Um-hmm. Okay.

12 THE COURT: Everything's okay now.

13 MR. PETERS: Okay. Good. Excellent. Thank you.

14 BY MR. PETERS:

15 Q All right. As we -- if we could move to DX 1-1004 ...?

16 A Do you have a tab number?

17 Q It's 15 for mine, but let's make double sure that we're
18 on -- that we're having the same exhibit.

19 THE COURT: Yeah. And again --

20 Oh, this one does have a "DX 1" on it.

21 MR. PETERS: Yes.

22 THE COURT: Okay. That's tab 15. That seems to be
23 correct.

24 MR. PETERS: Yes.

25 Okay. May I move this --

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2021

1 Is there any objection to moving this into
2 evidence?

3 MR. WANG: No objection.

4 MR. PETERS: Okay.

5 THE COURT: From the defense ...?

6 MR. CORRELL: No objection.

7 MR. FLEMING: No objection.

8 THE COURT: All right.

9 Hearing none, it's admitted.

10 (Image displayed.)

11 BY MR. PETERS:

12 Q Okay. So it was your testimony before, wasn't it, that
13 Mr. Tedrick would review the books and records at Ackerman
14 McQueen headquarters? Isn't that right?

15 A That's correct.

16 Q Okay. And did Mr. Tedrick ever express any concern to
17 you about the backup that was being provided for the
18 out-of-pocket expenses that were being billed to the NRA?

19 A No, he did not. I did, at the end of every audit,
20 request that if he wanted any changes to the systems or
21 processes, that he would please give it to me in writing and I
22 would make sure that it happened. I never received anything.

23 Q Okay.

24 MR. CORRELL: Objection.

25 Your Honor, move to strike everything after "No, he

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2022

1 did not. "

2 THE COURT: Overruled.

3 Q Okay. So, were you aware that Mr. Tedrick found that
4 the documentation of NRA business purpose [sic] on Tony Makris'
5 receipts was minimal and practically nonexistent?

6 A I was not aware that he had a problem with it, no.

7 Q Okay. Are you --

8 Were you aware that Mr. Tedrick's finding was that the
9 tips are primarily the same on the days of all of his trips and
10 he just cuts and pastes the amount and changes the dates?

11 A I was not aware of that.

12 Q Okay. Were you aware that Tony Makris tended to --
13 that he found that Tony Makris tended -- to utilize a car
14 service when he is out of town, very frequently, rather than a
15 taxi?

16 A I was not aware that Rick had a problem with any of
17 that.

18 Q Okay. And were you aware that he had a problem that
19 Tony's girlfriend traveled with him on certain trips, the
20 majority of which were paid for by the NRA?

21 A He never raised an issue with it, no.

22 Q Okay. Let's --

23 So did you ever -- did Ackerman ever -- take any steps
24 to prevent Mr. Tedrick from auditing the out-of-pocket expenses?

25 A No.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2023

1 Q Okay. Did you --

2 Ackerman never said, "We demand that Woody audit the
3 out-of-pocket expenses"?

4 A No. Rick was very frustrated, after the 2012 or '13
5 audit, that he couldn't take the documents back with him, and
6 Woody audited it after that. I don't know what the discussion
7 was between the two of them.

8 Q Okay. What about before that? Did Ackerman ever take
9 any steps, before that, to frustrate Mr. Tedrick's ability to
10 audit the out-of-pocket -- the backup for the out-of-pocket
11 expenses?

12 A No.

13 MR. WANG: Objection to the characterization.

14 Q Okay.

15 THE COURT: Overruled.

16 MR. PETERS: Now I'd like to move into evidence tab
17 16 of the "Cross" binder, which is DX 1-1005.

18 Is there any objection?

19 MR. WANG: No objection.

20 MR. CORRELL: No objection.

21 THE COURT: Okay. It's admitted.

22 (Image displayed.)

23 Q Okay. So, if you go to page 2 of the document and
24 under "out-of-pocket" --

25 THE COURT: Counsel, have you established what

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2024

1 these documents are? I -- I ...

2 Q So, were you aware that Mr. Tedrick prepared reports of
3 his audits when he would go do audits at Ackerman McQueen?

4 A I was not aware of it until I saw -- heard -- his
5 deposition and I realized that he had done reports all the way
6 back to 2004; but only through his deposition.

7 Q Okay. So you --

8 Were you working at Ackerman McQueen on the NRA account
9 in 2008?

10 A I'm actually the CFO, so I don't really work on any
11 account directly.

12 Q Okay. But you were the CFO of Ackerman McQueen in
13 2008, right?

14 A That's correct.

15 Q Okay. And you were --

16 At that point, you knew about Mr. Tedrick's audits?

17 A Yes.

18 Q Okay. So you were not aware of any efforts to make
19 sure that Mr. Tedrick did not conduct the audits of the
20 out-of-pocket expenses, right?

21 A No. We always opened it up to him.

22 Q Okay. Was there any reason why Woody Phillips would
23 have audited the out-of-pocket expenses, and not Mr. Tedrick,
24 the next year?

25 A In 2013?

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2025

1 Q 2008.

2 A In 2008? I -- if he did, I don't remember him doing
3 it. But sometimes Woody might come in, if Rick's schedule was
4 too busy.

5 Q Okay. You never were part of any conversations with
6 anyone to make sure that Woody did the audits and not Rick
7 Tedrick?

8 A No.

9 Q Okay. So you were aware, weren't you, that at some
10 point, Forensic Risk Assessment [sic] was engaged by the NRA to
11 do an audit of the Ackerman McQueen expenses that were being
12 billed to the NRA? Right?

13 A That's correct.

14 Q Okay. You've just testified to that before.
15 Were you aware of --

16 A Excuse me.

17 I -- to the report?

18 Q Well, were you --

19 What was your awareness of the findings of the Forensic
20 Risk Assessment audit?

21 A I didn't receive any -- the findings. They didn't give
22 me an audit report; they didn't tell me what the audit found.
23 The only thing I knew about were the areas that they had asked
24 for receipts and we didn't have them.

25 Q Okay.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2026

1 A I never received anything else.

2 Q Okay. The purpose of the forensic audit, to your
3 knowledge, was to find out what was the basis for the charges
4 that Ackerman McQueen had been billing to the NRA; right?

5 A I -- all I knew is, they were coming in to audit.
6 Nobody gave me an explanation of what they were looking for or
7 anything else. They just came in and asked for documents.

8 Q Okay. Was your impression of the audit that it was
9 very --

10 Your impression of the audit was that it was very
11 thorough, right?

12 A Yes. It seemed very thorough. Jessica seemed very
13 professional in what she was doing.

14 Q Okay. And at this particular audit, I believe that
15 there were six different auditors who came to look at the
16 documentation for the out-of-pocket expenses; isn't that right?

17 A I'm not sure what all they looked at; we weren't in the
18 room with them.

19 Q Okay. And were --

20 So, did anyone at NRA express concern to you, at that
21 time, that the amounts being expensed to the NRA by Ackerman
22 McQueen were far outside the amounts that had been budgeted?

23 A No.

24 Q You never became aware of that through any of the
25 lawsuits or anything like that?

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2027

1 A No.

2 Q Okay. Did you ever become aware of the finding of the
3 NRA -- or of the auditors -- that the amounts being billed as
4 part of OOP -- as part of the OOP job -- were not consistent
5 with NRA policies?

6 A I'm finding that out right now.

7 But we also had --

8 THE COURT: He just asked a question, so --

9 A Yeah. It's a little bit confusing in -- what you said,
10 because in two thousand -- the fall of 2018, everything changed
11 to what they wanted it to be.

12 Q Okay. You were aware, weren't you, that billing, for
13 example, cigar bar expenses to the NRA was not consistent with
14 NRA policy? Right?

15 A I was not made aware of the NRA policy until they
16 brought in the change in the systems.

17 Q Did you ever ask what the NRA policy was before that?

18 A I -- I did not, due to the fact that they were coming
19 in and auditing and I'm saying, "If there's anything you don't
20 like, please give it to me in writing," and they never did.

21 Q So, even after the NRA sued Ackerman McQueen, you never
22 looked to see what NRA's policy was on reimbursement of business
23 expenses?

24 A We had already made all the changes to our systems.

25 Q I asked a yes-or-no question: Did you look?

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2028

1 A Yes.

2 Q Okay. When did you look?

3 A At the fall of 2018, when the systems all changed to
4 what their system was.

5 Q Okay. At that point, you reviewed NRA policies on what
6 appropriate business reimbursements were?

7 A For travel expenses, yes.

8 Q What about for other expenses?

9 A I don't know that I saw -- I only saw the travel
10 policy.

11 Q Okay. So, for the first time --

12 You had been sending invoices to the NRA for years and
13 years, right?

14 A Correct.

15 Q And you only looked at what the NRA's own policies were
16 for paying reimbursements in the fall of 2018; isn't that right?

17 A That's correct.

18 Q Okay. And this was --

19 And the reason why you didn't look before was because
20 the NRA continued to pay the invoices?

21 A And audit every year, yes.

22 Q Okay. And the -- and the reason -- okay.

23 MR. PETERS: If we go to tab 6 of the plaintiff's
24 exhibit binder --

25 THE COURT: Oh, plaintiff's exhibit binder.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2029

1 MR. PETERS: Right.

2 THE WITNESS: Is there one I don't have?

3 THE COURT: The big one (indicating), from before.

4 THE WITNESS: The big one, from before. Okay.

5 MR. PETERS: This is PX 445.

6 THE COURT: That was admitted earlier?

7 MR. PETERS: Yes.

8 THE COURT: Okay.

9 BY MR. PETERS:

10 Q Okay. So, in this document, you --

11 So you wrote this letter, yourself, on April 22nd,

12 2019; right?

13 THE COURT: Which page?

14 MR. PETERS: Sorry. This is "page 53 of 53."

15 (Image displayed.)

16 A Yes, I did.

17 Q Okay. You didn't have anyone's help writing this, did
18 you?

19 A I'm sure I probably solicited some help from my son,
20 and I probably -- yeah, that's probably it.

21 Q Okay. All right. And Ackerman McQueen had been sued
22 by the NRA at this point, right?

23 A That's correct.

24 Q Okay. And so, you wrote in this letter: "At Wayne
25 LaPierre's request, we issued you an American Express Card with

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2030

1 the intent to keep your business travel confidential and
2 secure."

3 Do you remember writing that?

4 A Yes.

5 Q Okay. But you know that that's not true, right?

6 It wasn't at Wayne LaPierre's request, was it?

7 A From what I knew, yes, it was.

8 Q Well, could we perhaps refresh your recollection with
9 an audiotape?

10 A I -- I've heard the audiotape.

11 Q Okay. How did you hear the audiotape?

12 A It's on the Internet and I just -- somebody just sent
13 me a link to it.

14 Q Okay. What was -- maybe, if we play --
15 And it's your voice on the audiotape.

16 MS. COUTU: Objection, your Honor.

17 It's hearsay, and it hasn't been authenticated.

18 A We -- we also suspect that --

19 THE COURT: Hang on a second, since maybe you all
20 know things I don't.

21 I don't know what you all are referring to, so if
22 there's a dispute about the authenticity of whatever it is
23 you're talking about, that's probably something we should
24 discuss outside the jury's presence rather than going --
25 just going right --

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2031

1 Q Well, can I ask: You listened to the audiotape that
2 I'm talking about, right?

3 A Yes.

4 Q And that's your voice on the audiotape, right?

5 A Yes, it is.

6 Q Do you have any reason to believe that the audiotapes
7 were altered in any way?

8 A I have no way of knowing. I don't remember the
9 conversation. But, more importantly --

10 THE COURT: We're not getting into the details of
11 it until --

12 THE WITNESS: Okay.

13 THE COURT: -- I -- I --

14 You're a couple of steps ahead of me.

15 MR. PETERS: Okay.

16 THE COURT: And so, when I hear objections from
17 your side of the room, over there (indicating), I want to be
18 cautious.

19 MR. PETERS: Okay.

20 THE WITNESS: Okay. Because I've got several
21 questions on it. That's all.

22 THE COURT: Well, we'll do one at a time, but not
23 right now.

24 BY MR. PETERS:

25 Q Do you have any reason to believe that the tape has

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2032

1 been altered in any way?

2 A I would have no way of knowing, because I don't
3 remember the conversation.

4 Q Okay. Well, maybe we can refresh your recollection of
5 what the conversation was by playing you the audiotape.

6 THE COURT: I think we're missing each other a
7 little.

8 MR. PETERS: Okay. All right. So you want to have
9 a sidebar?

10 THE COURT: Well, I -- I -- we're kind of at the
11 breakpoint, anyway. I was going to give you a few extra
12 minutes to try to maximize the chances of getting the
13 witness out for his flight.

14 But can you accomplish anything else or do you --
15 If we need to talk about this, then we need to take
16 a break. That's fine. If you want to -- if this is what
17 you want to do next, then --

18 MR. PETERS: This is what I want to do next.

19 THE COURT: All right.

20 So we're going to break. We will reconvene at
21 2:15.

22 COURT OFFICER: All rise. Jury exiting.

23 (The jury left the courtroom.)

24 THE COURT: So this is one where --

25 I mean, typically, we release the witness when we

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2033

1 talk about things. There may be a voir dire of the witness.
2 I don't -- I'm a little unsure of what you're referring to
3 here. So can you, maybe, just tell me what's going on?

4 MR. PETERS: Yes.

5 So, there was a report written in the Trace a
6 couple weeks ago that included audiotapes of Mr. Winkler,
7 Ms. Montgomery and Mr. Phillips, and they're in the Mercury
8 Group offices in Alexandria; Mr. Winkler is joining by
9 video -- by telephone; and they are discussing the -- this
10 very issue of how Tyler Schropp's expenses --

11 THE COURT: What's -- what information do you have
12 as to -- the "provenance" is what people sometimes use with
13 art. Who made this recording? Is there any human being
14 that can testify as to the circumstances under which it was
15 recorded?

16 I'm asking these questions a little on the fly, but
17 in the era of artificial intelligence, I am familiar with
18 the fact that things are not always what they appear. I'm
19 not saying that's what this is but I -- do you have any
20 witness who was involved in doing the recording?

21 MR. PETERS: We have Mr. Winkler.

22 THE COURT: Not who was in the conversation. That
23 may be relevant, too.

24 MR. PETERS: Right.

25 THE COURT: But the first step, when we talk about

2034

1 recordings and photographs and things like that, is --
2 typically, the foundation is: Where did the recording come
3 from?

4 MS. ROGERS: So, your Honor, our understanding of
5 the Court of Appeals decision in People v. Ely on
6 authenticating audio recordings is that there's four ways to
7 authenticate them and one is by having someone testify to
8 the provenance -- who was operating the recording machine.

9 But, in the absence of that, I believe New York
10 courts have said, if you can get a participant in the
11 conversation to listen to it, to testify that he doesn't
12 detect alterations or splices, then that's an alternative
13 acceptable mode of authentication. That's --

14 THE COURT: What year was that decision?

15 MS. ROGERS: I can't remember. It was -- it was
16 probably before the flourishing of AI, but I'm not aware of
17 any subsequent precedent that alters it and, I think,
18 treatises on the subject are still the same.

19 MR. PETERS: It was 1986.

20 THE COURT: Okay. So I'll have to look at it.

21 But you're saying --

22 And I understand, why you could do it this way is
23 if the person can testify that this is the conversation.
24 Well, this witness testified he doesn't remember the
25 conversation. He can -- so he can't -- so, whatever that

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Cross/Peters

2035

1 method would be would not be this witness.

2 MS. ROGERS: Right.

3 I think -- I think the hope was to play the
4 conversation and that could refresh the witness'
5 recollection; and then, if he says, "I can't detect that
6 this was altered or truncated or spliced, that this seems to
7 be a reproduction of a conversation I had" --

8 THE COURT: Well, but this would be a voir dire
9 outside the jury's presence, then.

10 MS. ROGERS: Right.

11 So we're using it to refresh recollection. It
12 would be the equivalent of publishing it on the screen to
13 the witness (indicating).

14 THE COURT: So I'm okay doing a voir dire outside
15 the jury's presence, if that's what you want to do. It
16 would have the side benefit of me knowing what you all are
17 talking about.

18 (Laughter.)

19 MR. PETERS: Okay, that's fine.

20 THE COURT: So, if you have the recording -- and
21 the witness is still here -- let's do it.

22 MR. PETERS: Okay.

23 MS. COUTU: Your Honor, I would just note, the
24 witness just said that he does not recall the conversation
25 verbatim. The video -- or the recording that's at issue --

1 is alleged to be from, I believe, 2009 and it's about
2 20-something minutes. So, the fact that they're saying --
3 he's not going to be able to -- he has to decipher whether
4 or not -- and he's not a tech expert -- whether or not this
5 was spliced or manipulated, he's not going to be able to
6 tell that. He doesn't recall.

7 THE COURT: Well, the first problem is, we don't
8 have 20 minutes.

9 MS. ROGERS: Right, and we're -- I don't think we
10 intend to introduce -- it's a 20-minute meeting, but there's
11 one contiguous, I think, 30-second excerpt that we intended
12 to play.

13 THE COURT: All right, why don't you --

14 Let's take it one step at a time, before we jump to
15 conclusions. Let's play the part that you would like to
16 question the witness about.

17 MR. PETERS: Okay.

18 MS. CONNELL: Your Honor --

19 THE COURT: What?

20 MR. WANG: I think Mr. Winkler is trying to say
21 something.

22 THE WITNESS: I'm trying to explain something.

23 THE COURT: No. I haven't asked you a question
24 yet.

25 THE WITNESS: I know, but there's -- there's an

1 important component here.

2 THE COURT: Hang on.

3 All right. Well, let me hear --

4 THE WITNESS: This conversation was supposedly in
5 2009, which I don't remember. Tyler Schropp's expenses
6 didn't start until 2013.

7 THE COURT: Well, whether it's relevant to anything
8 in the case or not, I can't really quite get to yet, because
9 he wants to ask you questions about it; I don't know what
10 those questions are going to be.

11 So I understand your point. We have to get, first,
12 to the question of whether they can play this and ask you
13 questions about it.

14 MR. WANG: We would object to playing anything less
15 than the whole tape.

16 THE COURT: Well, for now, let's just start with --
17 because the jury's not here. I'm trying to catch up to all
18 of you, and just play the part that you want to use, and
19 then we'll talk about what else we play.

20 (Audio played in open court.)

21 THE COURT: Okay. It's not the easiest thing to
22 hear. Normally -- if this had been fully vetted, if -- we
23 would normally have some sort of words under it so that
24 people could understand it. Now, we obviously don't have
25 that, I assume.

1 MR. PETERS: We do have a transcription of it.

2 THE COURT: So, apparently, not so off-the-cuff.

3 So, if you want to ask the witness voir dire about
4 that portion ...?

5 MR. PETERS: Yeah.

6 VOIR DIRE EXAMINATION

7 BY MR. PETERS:

8 Q So, you said in this letter that you issued Tyler
9 Schropp an American Express?

10 THE COURT: No, the voir dire is just about this
11 recording --

12 MR. PETERS: Okay.

13 THE COURT: -- and whether you're going to use this
14 witness to satisfy whatever this Court of Appeals case says
15 is a way to get a document admitted into evidence.

16 Q Does that sound like your voice, Mr. Winkler?

17 A Yes.

18 Q Okay. Do you have any reason to believe that that
19 audio clip that we just played has been altered in any way?

20 A I am not qualified to say that. I don't know.

21 Q Okay. But you don't have any reason, sitting here
22 today, to think that that was altered or manipulated in any way
23 to make it sound like you said something you didn't.

24 A That -- probably not.

25 Q Okay.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Voir Dire/Peters (Non-jury)

2039

1 MS. ROGERS: So, as far as you can tell, this is an
2 accurate reproduction of that contiguous portion of your
3 conversation; right?

4 THE WITNESS: I -- I think the question is: What
5 year was that conversation and was it even recorded legally?

6 MS. ROGERS: Well, those -- those are relevant
7 questions for other purposes. But for purposes of the Court
8 of Appeals precedent, I think what we're just trying to
9 establish in this limited examination is that that --
10 that -- that portion of the conversation was completely and
11 accurately reproduced and you're not detecting that your
12 words were altered.

13 THE WITNESS: Once again, I -- I have no way of
14 knowing, one way or another. I do not remember the
15 conversation.

16 THE COURT: It's broader than your words: whether
17 any part of the conversation was altered.

18 MS. ROGERS: Right, your Honor.

19 BY MR. PETERS:

20 Q Is there any part of the conversation that you believe
21 might have been manipu --

22 Is there any part of the conversation that you believe
23 might have been manipulated or altered -- that you just heard?

24 A Once again, I don't remember the conversation, so I
25 can't tell you, one way or another.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Voir Dire/Peters (Non-jury)

2040

1 Q Okay. Does that sound like the type of conversation
2 you might well have had with Melanie Montgomery and Woody
3 Phillips?

4 A Once again, they're saying it's what; 2009?

5 Q Yes.

6 A I mean, you're asking me to remember something -- what
7 is it? -- 16 years ago, 15 years ago? I'm sorry; I just don't
8 remember.

9 Q Okay. You've testified, though, to other things that
10 occurred in that time period, though; haven't you?

11 A Yes.

12 Q Okay.

13 A I just don't remember that conversation.

14 Q Okay. Understood. But you don't --

15 With regard to that audiotape specifically, you don't
16 have any reason to believe that any part of it has been
17 manipulated or altered; isn't that right?

18 THE COURT: For my purposes, leading questions are
19 not helpful here.

20 MR. PETERS: Okay.

21 THE COURT: I'm trying to find out what the witness
22 knows, not have you lead him.

23 MR. PETERS: Okay. Understood.

24 Q So, do you --

25 Would you customarily or routinely have conversations

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Voir Dire/Peters (Non-jury)

2041

1 with Ms. Montgomery and Mr. Phillips at around that time period,
2 of 2009?

3 A You've -- first of all, that's where the whole tape
4 comes into play, because the majority of that discussion was
5 over budgeting and invoicing.

6 Q Okay.

7 A That was -- that was a sidebar to -- from what I could
8 tell, it was a sidebar.

9 Q Do you recognize Ms. Montgomery's voice on that audio
10 recording?

11 A Yes.

12 Q Okay. Do you recognize Mr. Phillips' voice on that
13 audio recording?

14 A Yes. Excuse me.

15 Q So that --

16 In other words, it sounds like Ms. Montgomery and
17 Mr. Phillips in a conversation that you may have had during that
18 time period.

19 A I'm -- I'm trying to be as clear as I can. You're
20 asking me something I don't remember and you're saying, "Because
21 it sounds like you, and was nothing altered, was nothing" -- if
22 I don't remember the conversation, I can't give you the answer
23 that you're looking for, because I don't remember it.

24 I also don't think Tyler got a credit card then.

25 Q Okay. But that's a slightly different issue.

ALAN F. BOWIN, CSR, RMR, CRR

Winkler - by Plaintiff - Voir Dire/Peters (Non-jury)

2042

1 So you listened to this audiotape before coming to
2 court today.

3 A Yes.

4 Q Okay. What were the circumstances around that?

5 A I just -- somebody told me that Trace had an article
6 coming out and I -- that -- or podcast or whatever it is that
7 The Trace does, and so I listened to that.

8 Q Okay. What was your --

9 What was your reaction to hearing it?

10 A Not just -- once again, my first thing is, it was --
11 could have been -- manipulated through AI; it could have been
12 something of that nature. I didn't remember the conversation,
13 so -- and I normally would remember something like that, but I
14 didn't.

15 MS. ROGERS: Your Honor, may I make a suggestion?

16 So, under the Court of Appeals precedent I cited,
17 you know, one way of getting the tape authenticated would be
18 for a participant to testify to its accuracy. If
19 Mr. Winkler is unable to do that, then another way of
20 getting it authenticated would be to have an expert witness
21 listen to it and analyze it for, you know, markers of
22 alteration or splicing. I would suggest that we do that and
23 reserve the right to offer it through our case-in-chief, if
24 we're able to get that testimony.

25 This tape surfaced on the Internet after pretrial

1 disclosure, so, of course, it wasn't produced in discovery.

2 THE COURT: Okay. Well, I will agree to the extent
3 that I don't think this witness can be your authenticator
4 based on his testimony.

5 Can you give me the cite to that case, so I can
6 read it over lunch?

7 MR. PETERS: I can do better; I can give you a copy
8 of it, if you'd like (handing).

9 THE COURT: How do I know this (indicating) is not
10 AI?

11 MS. COUTU: Could we also get a copy, please?

12 MR. FARBER: A citation might be nice for those of
13 us what don't have it.

14 THE COURT: This would be 68 N.Y.2d 520.

15 And it wouldn't be the first case that somebody
16 gave someone that wasn't a real case, but I'm not going
17 to --

18 MR. FARBER: AI can do many things, your Honor.

19 Also, this -- you know, this was all on the record.
20 This -- whatever was played, I think, should be marked as an
21 exhibit; a court exhibit.

22 THE COURT: So we have a record of it.

23 Well, it wasn't actually played with a transcript,
24 so that part wasn't done. So you can't add -- and the court
25 reporter wasn't writing down, I doubt, what the

ALAN F. BOWIN, CSR, RMR, CRR

2044

1 transcription was.

2 MR. FARBER: No.

3 My point just is, your Honor: There should be a
4 record of what the witness was responding to, so the actual
5 tape that was played ought to be more --

6 THE COURT: Yeah, that part I agree with.

7 MR. FARBER: That's all.

8 THE COURT: So you guys will worry about how to --
9 how to do that, mechanically.

10 So we're going to break. I'll see you all at 2:15.

11 And, sir, just during the break: You're still on
12 the stand, essentially, so you shouldn't discuss your
13 testimony -- the substance of it anyway -- with anyone,
14 including counsel.

15 THE WITNESS: Including counsel, okay.

16 THE COURT: Yes.

17 THE WITNESS: Do I have a place that I get to go?

18 THE COURT: We'll find a place for you.

19 THE WITNESS: Thank you.

PROCEEDINGS

2045

1 THE COURT: So the jury is ready. I don't know
2 that we have any more to discuss. I've spent a entertaining
3 lunch hour with my law clerks going through at least the pre
4 AI period where all the audio recordings. But from the last
5 I heard, I think it seems pretty clear that the foundation
6 requirement at least initially set out in the Court of
7 Appeals case that you cited has -- has not been met at this
8 stage. And the case law and the commentary seem to envision
9 a combination of testimony and expert testimony. Anyway,
10 I'll withhold judgment on it. So, there is no questioning
11 this witness on -- on the audio recording. There is no
12 references to the audio recording until such time as we have
13 a hearing to determine admissibility.

14 I will just note that the first sentence of the
15 People versus Ely, E-L-Y case, 68 N.Y.2d 520. Again,
16 remember this is 1986, but still used in the commentary to
17 the jury instructions, at least in criminal cases. Quote,
18 "The predicate for admission of tape recordings in evidence
19 is clear and convincing proof that the tapes are genuine and
20 that they have not been altered."

21 Now, it's been a lot of years since 1986. So both
22 advances in science and in expert testimony and the like.
23 So I have an open mind as to whether you can meet that
24 standard, but for now it's not yet. So --

25 MR. PETERS: Your Honor, may -- you said references

LAS

PROCEEDINGS

2046

1 to the audio tape. Does that preclude us from asking him
2 whether he made statements similar to the ones on the audio
3 tape?

4 THE COURT: Well, not by referencing the tape
5 though. You can say --

6 MR. PETERS: Right.

7 THE COURT: You can ask if he recalls meeting with
8 X, Y and Z. But you can't ask the leading question for
9 which the foundation is the audio tape, because that has --
10 you can only do that if you have an evidentiary basis to ask
11 it. And if your evidentiary basis has already been
12 previewed and found lacking so far, I can't let you do that.
13 So I don't want -- The jury has already heard a little bit
14 about this, which concerns me. So, I -- I think you have to
15 tread very carefully here and just ask, you know -- I think
16 you can ask independently about whether he is -- had any
17 conversations about, you know, how to charge for whatever.

18 I frankly couldn't really understand what was on
19 the tape from what I heard. But I got the general gist that
20 it seems to be about a discussion about methods for charging
21 for certain kinds of things. You've already been asking
22 about that. You can ask about it again but, you know,
23 enlight of what they have already heard and maybe expecting
24 to hear an audio tape, you know, I don't want it to be --
25 remember this tape that we were just talking about. Didn't

LAS

Cross-Winkler-Peters

2047

1 that meeting happen or didn't that conversation happen. So,
2 that's my view of it. You can ask about it as if the tape
3 doesn't exist. That would be my guidepost for you.

4 MR. PETERS: I understood. That's very helpful.
5 Thank you very much.

6 THE COURT: Let's get the jury, please. I'm sorry.
7 The witness first and than the jury.

8 Got your travel clothes ready to go, right. There
9 is never any traffic near LaGuardia, so don't worry about
10 it.

11 THE WITNESS: Do I sit?

12 THE COURT: We're waiting for the jury to come in.
13 You can sit and then stand when they come.

14 THE COURT OFFICER: All rise. Jury entering.
15 (Whereupon the jury panel entered the courtroom.)

16 THE COURT: Welcome back. Have a seat. Okay. Mr.
17 Peters, I think you were in the midst of your questioning,
18 am I right about that, or are you done?

19 MR. PETERS: I am not done. I'm going to ask just
20 a few more questions of Mr. Winkler.

21 CONTINUED CROSS EXAMINATION

22 BY MR. PETERS:

23 Q Good afternoon, Mr. Winkler.

24 A Good afternoon.

25 Q Okay. So, at any point did you instruct someone in

LAS

Cross-Winkler-Peters

2048

1 your accounting department to issue an American Express card to
2 Tyler Schropp?

3 A In 2013, yes.

4 Q Okay. Did you ever --

5 A I'm sorry. One of the problems, that as I started
6 thinking about this at lunch, Tyler Schropp was still an
7 employee of Ackerman in 2009 for part of it. So I think we have
8 to look at what the date on that tape is.

9 MS. COUTU: Objection.

10 THE COURT: I haven't made any ruling on this tape
11 coming in or not. So for now it's not in. It's not going
12 to be referenced or used. He's asking you for your memory.

13 A Yes. At least once.

14 Q Okay. So, you -- And you just noted, didn't you, that
15 Mr. Schropp started -- moved from Ackerman McQueen to the NRA in
16 2009, isn't that right?

17 A I think. I don't have those records in front of me,
18 but I'm pretty sure it was 15 years ago, yes.

19 Q Okay. And -- and you were aware of the -- Strike that.
20 And you authorized the arrangement where Mr. Schropp would have
21 an Ackerman credit card and bill those expenses to the NRA
22 through an OOP, isn't that right?

23 A Timing has to be described here. When he was an
24 Ackerman employee --

25 Q I didn't ask about timing. I asked just generally.

LAS

Cross-Winkler-Peters

2049

1 A He had two different levels that it occurred. When he
2 was an Ackerman employee, he handled Wayne's travel. When he
3 was not, when he was an NRA employee, yes, whatever he put on
4 his credit card we billed back to the NRA.

5 Q Okay. Understood. So, moving now to PX -- to PX 3138,
6 this is tab nine of the plaintiff's exhibit binder.

7 A Okay.

8 THE COURT: Is this in evidence yet?

9 MR. WANG: It's in evidence.

10 THE COURT: Okay.

11 Q So, you -- Did you -- Ackerman's lawyers drew up this
12 agreement, didn't they?

13 A That's correct.

14 Q Okay. Not the NRA's lawyers?

15 THE COURT: Right now the document is not on the
16 screen yet. When you talk about "this agreement", the jury
17 doesn't know what you're talking about yet.

18 Q Okay. So just to ask again. Ackerman's lawyers drew
19 up this agreement, right?

20 A That's correct.

21 Q Okay. Not the NRA's lawyers, right?

22 A I would think they reviewed it, but I don't know that.

23 Q Okay. You're not even sure that the NRA's lawyers even
24 reviewed this, right?

25 A That's correct.

LAS

Cross-Winkler-Peters

2050

1 Q Okay. So there is a reference here to DJ Investments,
2 which I believe if you look at page 9 in -- it says there,
3 doesn't it, that "The sole manager shall be DJ Investments,
4 LLC". Do you see that?

5 THE COURT: What page are you on?

6 MR. PETERS: Page 9. Sorry. Let's go by the
7 number at the bottom, 13 of 34.

8 Q Thirteen of 34. There are two sets of numbers on the
9 page. Yes, there you go. If you look at 3.2, it says, "The
10 sole manager shall be DJ Investments, LLC", right?

11 A Correct.

12 Q DJ Investments, LLC was a company that was comprised of
13 Ackerman employees, right?

14 A That's correct.

15 Q Okay. And so under this agreement DJ Investments would
16 be receiving a management fee, isn't that right?

17 A Had not been determined.

18 Q Okay. And certainly if we go to page 17 of 34 and look
19 at 3.7, the expenses incurred by the -- by the manager would be
20 reimbursed by the company, isn't that right?

21 A I'm sorry. When you say company --

22 Q Well, let's -- let's look at the company. So, company,
23 if you look at page 6 of 34, means Wbb Investments, right?

24 A Yes.

25 Q Okay. That's the company Ackerman set up, right?

LAS

Cross-Winkler-Peters

2051

1 A Yes.

2 Q Okay. And if you look at costs and expenses in 3.7 it
3 says that "Expenses shall be paid by the manager and reimbursed
4 by the company", right?

5 A Correct.

6 Q Okay. So, they would be -- So DJ Investments would be
7 receiving reimbursements from Wbb Investments, right?

8 A If they incurred any expenses, yes.

9 Q Okay. And if we look at the very last page of this
10 document, 34 of 34, DJ Investments, which is comprised of
11 Ackerman employees, would be receiving a one percent interest in
12 this new venture, isn't that right?

13 A Yes.

14 Q Okay. So that means DJ Investments would be profiting
15 off of this venture, right?

16 A Not at this time. It's still too early to know whether
17 it was going to have a profit or not.

18 Q Okay. Fair enough. But if the value of the house were
19 to appreciate, DJ Investments would make money, wouldn't they?

20 A Depending on what the capital accounts were at. That's
21 one of the reasons why it was an LLC. The majority of the
22 investment would have been NRA. So they would have gotten paid
23 back first.

24 Q Okay. Did NRA ever approve this arrangement with Wbb
25 Investments?

LAS

Cross-Winkler-Peters

2052

1 A That's not a question for me.

2 Q Okay. If we go to tab ten of the plaintiff's binder,
3 we see an invoice.

4 THE COURT: Is this in evidence?

5 MR. WANG: Yes, it is.

6 THE COURT: Okay.

7 MR. WANG: 3134.

8 MR. PETERS: 3134, let's get it up on the screen.

9 Q Okay. So, this is an invoice that Wbb Investments sent
10 to the NRA, isn't it?

11 A That's correct.

12 Q Okay. And if we look at the top left, the address 1509
13 Northwest 158th Terrace, Headman, Oklahoma, that was your
14 address, wasn't it?

15 A That's correct.

16 Q So what happened with this invoice was that the -- that
17 the NRA initially paid it, but then the 70,000 was reimbursed
18 back to the NRA, isn't that right?

19 A That's correct.

20 Q Okay. So, did you ever speak to an NRA employee named
21 Portia Padilla?

22 A No.

23 Q So, she's the payables clerk at the NRA, isn't that
24 right?

25 A I wouldn't know.

LAS

Cross-Winkler-Peters

2053

1 Q Okay. Your testimony is you never spoke to her over
2 the phone, is that right?

3 A Not that I remember. No.

4 Q Okay. And you never demanded that she pay an invoice
5 sent by Ackerman?

6 A Not that I remember. No.

7 Q Okay. Did you ever speak with anyone in the NRA's
8 accounting department?

9 A Would have only been either Woody or Rick, nobody else.

10 Q Okay.

11 MR. PETERS: I will pass the witness. Thank you.

12 CROSS EXAMINATION

13 BY MR. CORRELL:

14 Q Mr. Winkler, my name is Kent Correll. I represent
15 Wayne LaPierre. You testified that you're the CFO for Ackerman
16 McQueen, correct?

17 A That's correct.

18 Q And you said that Ackerman McQueen functions in four
19 main areas. Advertising, correct?

20 A Yes.

21 Q Public relations, correct?

22 A Yes.

23 Q Broadcast production, correct?

24 A Yes.

25 Q And media buying, correct?

LAS

Cross-Winkler-Correll

2054

1 A That's what we currently do, yes.

2 Q And when you were -- when you had a relationship with
3 the NRA, were you doing those same four things?

4 A No. We add to it crisis management and strategic
5 planning.

6 Q Are you familiar with the initials WLF?

7 A Yeah.

8 Q Women's Leadership Forum.

9 A Okay. Thank you.

10 Q Do you know what that is?

11 A I've heard of that. I'm not real familiar. Once
12 again, I'm not familiar with all the different things within the
13 NRA. I was not that involved in that aspect.

14 Q What is your understanding of the Women's Leadership
15 Forum?

16 MR. WANG: Objection, your Honor. Outside the
17 scope of the direct.

18 THE COURT: Does it connect to anything?

19 MR. CORRELL: Yes. He talked about hair and makeup
20 invoices. Invoices on hair and makeup.

21 THE COURT: Okay.

22 Q Does that ring a bell?

23 A Yes.

24 Q Okay. And Ackerman McQueen charged the NRA a lot of
25 money to arrange events for Women's Leadership Forum, correct?

LAS

Cross-Winkler-Correll

2055

1 A I wouldn't know exactly, but I'm sure we did.

2 Q Well, you were sending invoices to the NRA for hair and
3 makeup, correct?

4 A Yes.

5 Q You understood the hair and makeup was in connection
6 with an event for the Women's Leadership Forum, correct?

7 A Yes.

8 Q Okay. And a lot of women attended that event, correct?

9 A Correct.

10 Q And it was a high donor event, correct?

11 A Correct.

12 Q And people had to speak on stage, correct?

13 A That is correct.

14 Q And videos were going to be made of it, correct?

15 A Correct.

16 Q And you did the hair and makeup for the -- Ackerman
17 McQueen did the hair and makeup or arranged for the hair and
18 makeup for the event, correct?

19 A Correct.

20 Q And you sent an invoice to the NRA for that?

21 A Yes.

22 Q You never talked to Susan LaPierre about that, did you?

23 A I would not have.

24 Q And you never talked to Wayne LaPierre about that, did
25 you?

LAS

Cross-Winkler-Correll

2056

1 A I did not. Somebody else may have, but I did not.

2 Q You don't know whether anyone else did or not. So you
3 would have to be speculating.

4 A That I recollect.

5 Q All right. You said earlier that Angus McQueen was
6 your CEO, correct?

7 A Correct.

8 Q And you said he talked almost every day to Wayne
9 LaPierre, correct?

10 A I thought he did, but yes, quite often.

11 Q Okay. You didn't talk every day to Wayne LaPierre, did
12 you?

13 A No, I did not.

14 Q The information you got about what Wayne wanted came
15 through Angus McQueen, correct?

16 A That's correct.

17 Q Angus could have said Wayne wanted something, and Wayne
18 might not have wanted that, correct? You had no way of knowing
19 whether what Angus McQueen said to you was something Wayne said
20 to him, correct?

21 A The only verification I would receive is the invoices
22 we sent were paid, but yes.

23 Q And you knew Woody would pay any invoice you sent,
24 correct?

25 A No.

LAS

Cross-Winkler-Correll

2057

1 Q Tell us about a time that it didn't happen that way.

2 A Oh, Woody had problems with invoices. He had problems
3 with things before. I mean, I don't remember specifics, but
4 Woody didn't just rubber stamp everything, no.

5 Q Okay. You would call Woody if there was a problem,
6 correct?

7 A Usually I would call Rick. Woody and I might end up
8 talking if Rick didn't have the answer.

9 Q You wouldn't call Wayne, right?

10 A No.

11 Q You wouldn't call Susan, right?

12 A No.

13 Q You said that Woody Phillips worked with you on billing
14 issues, correct?

15 A Correct.

16 Q Wayne didn't work with you on billing issues, did he?

17 A Not with me, no.

18 Q Okay. And you said Mr. Phillips worked with you on
19 budget issues, right?

20 A Woody actually worked with other people on most of the
21 budget issues, not with me.

22 Q Okay. Did you work with Wayne on budget issues?

23 A No.

24 Q Okay. You talked about travel coordination that --
25 that Nader Tavangar did. Do you remember talking about that?

LAS

Cross-Winkler-Correll

2058

1 A Yes.

2 Q And was that one of the services that you provided for
3 Ackerman McQueen, travel coordination for events?

4 A Yes.

5 Q Did Mr. LaPierre travel a lot?

6 A I don't know.

7 Q You sent out a lot of invoices for travel expenses,
8 correct?

9 A That's correct.

10 Q You could infer from that that he was traveling quite a
11 bit, correct?

12 A But once again, I infer. I did not actually see him
13 travel, which is kind of what you've been asking.

14 Q Did you ever see him make a speech on stage on
15 television?

16 A No.

17 Q Did you ever watch Crime Strike?

18 A No.

19 Q Did you ever watch Under Wild Skies?

20 A No.

21 Q Did you ever go to a convention, an NRA convention?

22 A No.

23 Q So you were pretty much located in Oklahoma doing what
24 you do, which is financial stuff, correct?

25 A Correct.

LAS

Cross-Winkler-Correll

2059

1 Q You had very little interaction with Wayne LaPierre,
2 correct?

3 A That is correct.

4 Q There has been some discussion about the issuance of a
5 credit card. And you talked about -- at one point you testified
6 that a credit card, an Ackerman credit card had been issued for
7 Wayne LaPierre the first time you said two months, correct?

8 A Then I corrected it to one, yes.

9 Q Okay. Then you went to one month, okay. Can you
10 explain to the jury the circumstances around the issuance of
11 that card?

12 A I can only go by what Angus McQueen told me, is that
13 Wayne had high donor events he was going to, and he considered
14 them very highly confidential. And Wayne always had a concern
15 about his security. So, we were doing the travel, arranging the
16 travel and arranging the card for those events.

17 Q Isn't it true that this card was issued for such a
18 short period of time because Wayne had been doxed?

19 A I'm sorry. What does that mean?

20 Q Do you know what doxed means?

21 A No.

22 Q It's when someone hacks you and takes your financial
23 information and credit card so you have to shut everything down.

24 A I wouldn't know that. I understand what you're saying.
25 I wouldn't know whether that happened or not.

1 Q One of the invoices that was flashed before the jury --

2 MR. CORRELL: I'll leave this up, your Honor.

3 THE COURT: Okay.

4 Q One of the invoices that was flashed before the jury
5 had Budapest on it. Did you see that?

6 A That's correct.

7 Q Okay. Wayne LaPierre went to Budapest, correct?

8 A As far as I know.

9 Q And that's when the card was issued, correct?

10 A For that trip, yes.

11 Q That's right. And he was there to do a film with Ugo
12 Berreta who was the head of an Italian family that was involved
13 with Berreta Arms, correct?

14 MR. WANG: Objection, your Honor. Assumes facts
15 not in evidence.

16 THE COURT: I mean, he can ask if he knows.

17 A I don't know.

18 Q Did you know that that was the purpose of the trip?

19 A All I knew is it involved a high donor.

20 Q Okay. And you also -- Did you know he took a side trip
21 to Budapest to meet with people from the official government
22 museum there to arrange for an exchange of firearms?

23 MR. WANG: Same objection.

24 THE COURT: Is this evidence that --

25 MR. CORRELL: It's evidence we can bring in.

LAS

Cross-Winkler-Correll

2061

1 THE COURT: Okay.

2 Q Any knowledge of that?

3 A I did not know.

4 Q So this was a convenience, it was offered by Angus
5 McQueen for a short term when Wayne was in trouble overseas
6 traveling and he couldn't use his own credit cards, correct?

7 A From what you're saying, yes.

8 Q So, there was nothing untort about that, correct?

9 A I didn't say that there was.

10 Q Okay. And if there had been, you would have said
11 something?

12 A Yes.

13 MR. WANG: Objection. Move to strike.
14 Nonresponsive answer.

15 THE COURT: Yeah. At this point he's just
16 testifying to what you said.

17 Q If you had seen -- if you had thought there was
18 anything wrong with issuing a credit card to Wayne LaPierre, you
19 would have said something, correct?

20 A Absolutely.

21 Q And you didn't?

22 A No, I did not.

23 Q Did Tyler Schropp do any good work for the NRA?

24 A I'm not qualified to tell you that one way or the
25 other.

LAS

Cross-Winkler-Correll

2062

1 Q So, you don't know what he did, right?

2 A I'm sorry. You got to remember there is a Tyler
3 Schropp that was an Ackerman employee and a Tyler Schropp
4 director of advancement.

5 Q Let me ask you two question. Did he do any good work
6 as an employee of Ackerman McQueen?

7 A He obviously did. The NRA hired him.

8 Q Do you have any knowledge as to whether he did any good
9 work for the NRA?

10 A I would assume that he did, but I don't know for sure.

11 Q You just testified that he was the head of advancement,
12 correct?

13 A Correct.

14 Q And would you please explain to the jury what
15 advancement means in your world?

16 A In my world I always believed that Tyler was looking
17 for large donors.

18 Q And you understand that that involved traveling around
19 the country, meeting with people, correct?

20 A Yes.

21 Q And that involves a lot of travel, correct?

22 A Yes.

23 Q And that all has to be coordinated, correct?

24 A Yes.

25 Q And there is an expense involved in that travel,

LAS

Cross-Winkler-Correll

2063

1 correct?

2 A That's correct.

3 Q And if you don't make the investment, you don't get the
4 return, correct?

5 A That's correct.

6 Q And as long as he's raising more money than he's
7 spending, that's a good thing for the NRA, correct?

8 MR. WANG: Objection, your Honor.

9 MR. CORRELL: Basis?

10 MR. WANG: Foundation.

11 THE COURT: Overruled. I'm watching our court
12 reporter try to keep pace.

13 MR. CORRELL: I'll slow down, your Honor. Sorry,
14 Lori.

15 Q Let's talk about Zegna. Have you ever been to Zegna?

16 A No.

17 Q Part of the responsibility of Ackerman McQueen in
18 organizing events for Wayne was to give him a proper wardrobe,
19 correct?

20 A Correct.

21 Q If you're going to be on TV, you can't go there in
22 Bermuda shorts and a T-shirt, right?

23 A Correct.

24 Q You got to put on something that's going to look good
25 on TV, correct?

LAS

Cross-Winkler-Correll

2064

1 A Correct.

2 Q And Gus McQueen was a stickler for fashion, wasn't he?

3 A He was a stickler for looking professional.

4 Q He bought Hermes, correct?

5 A I would not know.

6 Q And he bought expensive suits, correct?

7 A Correct.

8 Q He had a way that he thought people should look if they
9 are going to project the image that he was trying to create as a
10 brand image builder, correct?

11 A That's correct.

12 Q And he directed Wayne LaPierre to go to Zegna and get
13 some suits, correct?

14 A That's correct.

15 Q Okay. And the cost of that suit -- of the suits went
16 to Ackerman McQueen, correct?

17 A That's correct.

18 Q And then without Wayne's knowledge they were billed to
19 the NRA, correct?

20 A Incorrect.

21 Q Okay. They weren't billed to the NRA?

22 A They were not billed to the NRA.

23 Q Never?

24 A Ever.

25 Q And no receipt ever went to Wayne, correct?

LAS

Cross-Winkler-Correll

2065

1 A Well, he would receive a receipt when he picked up the
2 suits.

3 Q How do you know that? You just said you've never been
4 there.

5 A I don't. I would assume he would.

6 Q You weren't there. So, it's quite possible that
7 whoever was at the store sent the receipts to Ackerman McQueen,
8 correct?

9 A I would have known if they came to us. We just got the
10 charge that hit the card.

11 Q Whose card?

12 A Ackerman's.

13 Q Okay. And you never checked the receipts to see if the
14 number -- the amount they billed you was reflected by the
15 receipt?

16 A We knew that Wayne told us when he was going shopping,
17 and so we knew that he had gone shopping. And Zegna, we worked
18 very closely with them. I forget what the amount was. And
19 actually what was bought, but not a receipt.

20 Q You told us earlier that you never talked to Wayne.
21 Correct?

22 A I did not.

23 Q Okay. But now you're saying he called you and told you
24 he was going shopping?

25 A I'm sorry. He called Angus and told Angus when he was

LAS

Cross-Winkler-Correll

2066

1 going shopping. I always knew when he was going shopping.

2 Q Angus told you Wayne had called and was going shopping,
3 correct?

4 A Correct.

5 Q Why would he call Angus if he was going shopping for
6 suits?

7 A Giving the heads up that the charge was getting ready
8 to hit.

9 Q Did you go through and add up all the charges for the
10 Zegna suits?

11 A Ultimately yes.

12 Q Why did you do that?

13 A Because the auditors. We had been sued, and the
14 auditors had asked specific question. Were there any gifts
15 given to NRA employees. So, that's why we added it up. We said
16 we want to get this. We're trying to get the lawsuit behind us.

17 Q This was a gift to -- from the NRA to Wayne, is that
18 what you thought it was?

19 A She was asking for the copies of how much it was and we
20 didn't know.

21 Q But the NRA didn't pay for that, correct?

22 A That's correct.

23 Q So how can it be a gift from the NRA to Wayne if the
24 NRA didn't pay for that?

25 A It's -- it was a gift to us.

LAS

Cross-Winkler-Correll

2067

1 Q From you to Wayne?

2 A That's correct.

3 Q Did you tell Wayne it was a gift?

4 A I'm sure we did.

5 Q You're sure you did. Can you -- can you show us a
6 document that says that?

7 A No.

8 Q Did you tell -- Did Angus McQueen tell you that he told
9 Wayne that this was a gift?

10 A Yes.

11 Q He did?

12 A Yes.

13 Q Now Angus McQueen is deceased, correct?

14 A That's correct.

15 Q So that's convenient. So we can't check with Angus
16 McQueen, correct?

17 MR. WANG: Objection, your Honor.

18 MR. CORRELL: This is fair cross.

19 MR. WANG: Argumentative.

20 THE COURT: I believe you're the one who asked him
21 whether Angus McQueen had told you that.

22 MR. CORRELL: Well, I did. I'm trying to examine
23 the credibility of that statement.

24 THE COURT: Okay. The objection is overruled. You
25 can ask that question.

LAS

Cross-Winkler-Correll

2068

1 MR. CORRELL: Thank you.

2 Q Can you tell us where you were when Angus told you
3 that?

4 A In his office.

5 Q Okay. Did all of these suits, were they all purchased
6 at the same time?

7 A No.

8 Q Okay. So every time he would call you occasionally and
9 say we made a gift to Wayne LaPierre?

10 A He would call me every time and say Wayne is going
11 shopping and they are not to be billed for it.

12 Q And did you make a note that you should let Wayne know
13 that that would be a gift and something he should pay for?

14 A I did not, because Angus and I had a debate all the
15 time. Angus wanted Wayne in suits. And he understood if that
16 was going to happen, we were going to pay for it.

17 Q Angus used to want Charlton Heston in suits too,
18 correct? Were you around back then?

19 A I was around, but I don't remember us every buying a
20 suit for Mr. Heston.

21 Q Well, that's because Charlton Heston said he wasn't
22 going to wear the suits, right?

23 A Very possible.

24 MR. WANG: Objection.

25 Q And Angus arranged for suits to be bought anyway, and

LAS

Cross-Winkler-Correll

2069

1 he was mad because Charlton Heston didn't want to wear them, he
2 wanted to wear his own stuff, right?

3 MR. WANG: Objection.

4 THE COURT: What's the basis?

5 MR. WANG: Hearsay. Assumes facts not in evidence.

6 MR. CORRELL: Asking the witness whether he has any
7 knowledge of this. He's testified he had some knowledge.

8 THE COURT: If you have personal knowledge.

9 A I have no knowledge of Mr. Heston. Sorry.

10 Q Did Angus McQueen ever call you and tell you they were
11 making a gift to Charlton Heston, a gift of a suit?

12 A No.

13 Q Okay. You testified at a deposition in connection with
14 a bankruptcy, correct?

15 A Correct.

16 Q And you were under oath at that time, correct?

17 A Correct.

18 Q And you were asked the following question.

19 MR. WANG: Objection, your Honor.

20 Q I'll ask you this. Do you recall being asked a
21 question about Zegna?

22 THE COURT: Hang on.

23 MR. WANG: Objection.

24 THE COURT: Everybody hang on. You can use prior
25 testimony to impeach, of course, but the actual testimony

LAS

Cross-Winkler-Correll

2070

1 just coming in would be hearsay.

2 MR. CORRELL: I think this will impeach.

3 THE COURT: A question you've already asked before?

4 MR. CORRELL: Yes.

5 THE COURT: Okay.

6 MR. WANG: What statement is he impeaching?

7 THE COURT: Well, I'll take your representation
8 that when I hear what you're going to ask him, it's about a
9 question you've already asked.

10 MR. CORRELL: I can speed this up. I know
11 Mr. Winkler is trying to get a plane, so I'll try to
12 accommodate the witness.

13 Q There were some testimony about DDB Investment, do your
14 remember that? I'm sorry. Wbb, do you remember that?

15 A Yes.

16 Q Right. You never talked to Wayne about that, did you?

17 A Yes.

18 Q What did you say?

19 A We -- Okay. This is a story, but we actually met in
20 Dallas with Wayne. He was -- he was extremely scared. Was
21 wearing a hat. I almost didn't recognize him when I came in. I
22 think there were some things that occurred and he was very
23 scared over what was going on. We were talking about the safe
24 house. I was in that room as he was talking about the safe
25 house.

LAS

Cross-Winkler-Correll

2071

1 Q It was Angus McQueen's idea, wasn't it?

2 A Not that I know of.

3 Q Angus McQueen said, Wayne, you look terrible, in words
4 or substance?

5 MR. WANG: Objection.

6 Q You were there.

7 THE COURT: Overruled.

8 A Okay. The answer was I came in after they had had
9 original conversations. Whose idea it was, I do not know. I
10 know that Wayne had already gone house shopping. So he
11 understood that this is what we were looking for is a safe
12 house. Whose idea it was, whether it was Wayne's or Angus', I
13 do not know. Angus just asked me to come down and listen and
14 see if we could figure out how to create an entity that could
15 enter into contracts that wasn't tied as a management company to
16 the NRA.

17 Q So, if Angus had said to Wayne that Look, we invested a
18 lot of real estate in the Dallas area. And I bought a house for
19 my son through a vehicle. And we could do something like that.
20 We would view it as an investment, we could make it available as
21 a safe house. And we can try to work out some terms that would
22 make sense. You wouldn't know that because you weren't there,
23 correct?

24 MR. WANG: Objection. It's hearsay and he's
25 testifying.

LAS

Cross-Winkler-Correll

2072

1 THE COURT: Sustained.

2 A The partnership --

3 THE COURT: Hang on. It's sustained.

4 Q So, you don't know what Angus McQueen said to Wayne
5 LaPierre, correct?

6 A I know that what was ultimately presented to Wayne is
7 that NRA was going to have to basically own the house.

8 Q Correct. And at that point Wayne talked to Steve Hart.
9 And when he found that out, he said, Kill it. I don't want to
10 do. We're not doing it, correct?

11 A That I don't know.

12 Q Okay. So there is a lot you don't know about that,
13 correct?

14 A That's correct.

15 Q Because conversations occurred before you got involved
16 and conversations occurred with other people, correct?

17 A That's correct.

18 Q So you're not in a position to testify about all the
19 facts surrounding that matter, correct?

20 A I thought I was testifying as to what I knew, but I
21 probably know as much as a lot of people, but I don't know
22 everything.

23 Q Have you ever seen Wayne LaPierre smoke a cigar?

24 A No.

25 Q Have you ever seen him take a drink of alcohol?

LAS

Cross-Winkler-Correll

2073

1 A No.

2 Q Have you ever seen him at Landini's?

3 A No.

4 Q You only went there once, right?

5 A Maybe twice, but yeah, not very often.

6 Q So, as far as you know Wayne LaPierre was never hanging
7 out in a cigar bar, right?

8 A Not that I know of.

9 Q And so any expenses that came to Ackerman for cigars
10 were unlikely to be Wayne LaPierre's expenses, correct?

11 A Correct.

12 Q Did you ever see Tony Makris smoke a cigar?

13 A Not at the cigar bar, but I've seen him smoking a
14 cigar.

15 Q Anyone else in that crowd?

16 A You have to name the people. Remember, I didn't hang
17 out with that crowd, so I don't know the members.

18 Q Did you ever speak to Susan LaPierre?

19 A No.

20 MR. CORRELL: No further questions, your Honor.

5 A It just says I'm old.

6 Q And you originally graduated from Oklahoma State
7 University with a degree in accounting, right?

8 A That's correct.

9 Q And you're a certified public accountant?

10 A I have let my CPA lapse, because I was hoping for

12 Q But you were a certified public accountant?

13 A That is correct.

14 Q For how many years?

15 A Forty --

16 Q Approximately.

17 A Forty-five years.

18 Q Okay. And for your department, the accounting
19 department, it wasn't just you, right?

20 A That's correct.

21 Q You had a team of people that were working underneath

23 A That's correct.

24 Q How many people?

25 A Varied by the size. The company at the time. We've

LAS

Cross-Winkler-Coutu

1 had anywhere from four to probably ten.

2 Q Okay.

3 A Depending on the clients that we were managing.

4 Q So in the time period between around 2015 to 2018 how
5 many people would you approximate?

6 A Probably six.

7 Q Okay. And were any of them also CPAs?

8 A Yes.

9 Q How many of them?

10 A Well, on and off we had, at any given time we could
11 have four. We usually almost always had three.

12 Q And did most of them also have accounting degrees?

13 A Yes.

14 Q Okay. And did Ackerman McQueen try to hire people that
15 were qualified?

16 A Yes.

17 Q Do you think they succeeded in that effort?

18 A Sometimes you do and sometimes you don't. The answer
19 is overall I think yes.

20 Q Did you think you had a reliable group in your
21 accounting department?

22 A Yes.

23 Q And, Mr. Winkler, you believe that Ackerman always
24 looked out for the NRA's best interest, right?

25 A Yes.

LAS

Cross-Winkler-Coutu

1 Q And if Ackerman had suspected that there was anything
2 done that did not further the mission of the NRA, Ackerman would
3 have protested that, right?

4 A That's correct.

5 Q And Ackerman McQueen had a multiple decades long
6 relationship and partnership with the NRA, right?

7 A Correct.

8 Q And you had a strong relationship with Mr. Phillips?

9 A Yes.

10 Q And you also had a strong relationship with Mr.
11 Tedrick?

12 A Yes.

13 Q And Ackerman would not have done something it did not
14 believe was in the best interest and further the mission and
15 everything the NRA wanted to do?

16 A That's correct.

17 Q If you saw something that was wrong, you would have
18 spoken up about it?

19 A Yes.

20 Q And then after your team followed their processes for
21 invoices and internal audits at Ackerman, then the NRA would
22 complete their own audits annually, right?

23 A Correct.

24 Q I think you testified earlier that Mr. Phillips and Mr.
25 Tedrick completed some of those audits, right, for the NRA?

LAS

Cross-Winkler-Coutu

2077

1 A Yes. And in the last three years with Steve Hart.

2 Q Steve Hart. Thank you. Now, Mr. Winkler, you also
3 believe that Mr. LaPierre had legitimate security and privacy
4 concerns given his role at The National Rifle Association,
5 right?

6 MR. WANG: Objection.

7 MS. COUTU: What is the basis?

8 MR. WANG: Assumes facts.

10 MR. WANG: He's not a security expert.

11 THE COURT: Overruled.

12 Q You may answer, Mr. Winkler.

13 THE COURT: Not suggesting you are a security
14 expert, but you can answer.

15 A I know once again people keep asking me about my
16 conversations with Angus. Angus made it sound very real,
17 Wayne's concerns over security. Angus believed they were very
18 real, and he presented it to me that way.

19 Q So, Mr. Winkler, for the charges that Ackerman billed
20 to the NRA, you had no reason to believe that the charges were
21 not appropriate business charges for the NRA, right?

22 A That's correct.

23 Q You had no reason to believe it was inappropriate?

24 A That's correct.

25 Q Now earlier you were also asked questions by both

LAS

1 Mr. Wang and by Mr. Peters regarding Wbb Investments. Do you
2 recall that?

3 A I've been asked several questions.

4 Q Several times, right?

5 A Whatever question you have, I think I can field it.

6 Q I'll keep it really, really short. I promise.

7 A Okay.

8 Q So just to get down to the heart of it. Ultimately the
9 house was not purchased by the NRA, right?

10 A That's correct.

11 Q And Wbb returned the money to the NRA?

12 A That's correct.

13 Q The NRA was not out of pocket any money as a result of
14 that transaction?

15 A That is correct. We even paid the legal bills.

16 Q Thank you.

17 MS. COUTU: No further questions.

18 MR. FLEMING: No questions, your Honor.

1 Q Good afternoon, Mr. Cotton.

2 A Oh, good afternoon.

3 Q So you were asked some questions by Mr. Shiffman, which
4 probably seems like a long time ago now, about your views of
5 Mr. Phillips' job performance. You recall that?

6 A Yes, sir.

7 Q I'd like just to ask you a couple of questions about
8 what the job consisted of.

9 So, Mr. Phillips was both the CFO and the treasurer for
10 the NRA for 25-or-so years; correct?

11 A He held both those positions. Like I say, he was there
12 when I was elected by the members in 2001, so I couldn't tell
13 you how long.

14 Q Well, at least 2001 to 2018, when he retired and you
15 were on the board; correct?

16 A Yes, sir.

17 Q What's the range of responsibilities that he had in
18 those jobs? Can you tell the jury what some of the areas that,
19 as CFO and treasurer of the NRA, he would have been responsible
20 for?

21 A Well, I'm not trying to dodge the question. He's
22 probably better to answer that more than me. But what I know
23 of, he's in charge of the entire -- what we call the Financial
24 Services Group. He's in charge of the accounting side of it.
25 He would have contracts that -- that he would know about,

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2083

1 because we have the signoff -- what I call a "Front Sheet" -- we
2 have a sign-off sheet on various contracts. So he would -- he
3 would be involved in that.

4 Q Did he do --

5 A So --

6 Q I'm sorry, sir. I didn't mean to interrupt.

7 A Well, he certainly was involved with the auditors; the
8 external auditors. He met with us when -- I'm sorry; "us" being
9 the Audit Committee -- whenever we had our meetings with the
10 auditors, which were, at a minimum, three times a year,
11 sometimes more than that. He would -- he would be involved in
12 that.

13 He would come to all of the Finance Committee meetings,
14 which, typically, involved four. They would be three, what I
15 would call, regularly scheduled Finance Committee meetings, in
16 conjunction with the -- again, what I call "Committee Week." We
17 have a series of committee meetings before the -- the board
18 meeting, on Saturday, and he would be involved in all of the
19 Finance Committee meetings, and he would give us information
20 about a lot of different financial issues.

21 He would -- he would come to -- he would come to a lot
22 of the Audit Committee meetings. I can't say he came to every
23 one of them, but he came to a lot of them. He certainly would
24 be there anytime there was an issue that the -- that the
25 committee was going to want to talk to our treasurer or CFO to

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

1 get some more information.

2 Q So you mentioned both an Audit Committee and a Finance
3 Committee. Those were separate committees; is that right?

4 A Yes, sir.

5 Q Okay. And you said there'd be approximately four
6 Finance Committee meetings per year; is that right?

7 A Yes, sir. We -- we had the three that I was talking
8 about, the regular ones; and then we would have a Finance
9 Committee meeting, typically, on the first Saturday of December,
10 for several years; and it would be to -- to go over the proposed
11 budget, make any changes or ask for more information or
12 whatever, so that it could be either modified or approved at our
13 regular winter meeting -- winter board meeting -- I'm sorry --
14 and -- and Finance Committee meeting in January.

15 Q And so -- you referenced the "budget." So, was
16 budgeting another area that was under Mr. Phillips?

17 A Yes, sir.

18 Q And the Audit Committee meetings; approximately how
19 many times a year would the Audit Committee meet?

20 A A minimum of three times, for the last six years or --
21 I couldn't tell you -- 10, 12. I mean, we've had -- I'll be
22 frank: With all this going on, we've had a lot more meetings.

23 Q And there was also some testimony about something
24 called the "990 Form." You're familiar with that?

25 A Yes, sir.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2085

1 Q And that was a tax form prepared by the NRA?

2 A Now, I am not a tax guy; I will tell you what I know:
3 It's my understanding that that is a tax return, if you want to
4 call it that, for nonprofit organizations.

5 Q So was overseeing the preparation of the 990, the tax
6 forms, also under Mr. Phillips' organization?

7 A Well, we have had -- we have [sic] a lady in the
8 Financial Services Group for several years that -- that had
9 expertise in that area, but we -- we -- until we got the
10 software to do it ourselves, we always had -- whichever CPA firm
11 that was doing our audit would also do the 990s. So I can't say
12 he was responsible for -- for, you know, getting it -- getting
13 it filled out. I mean, certainly, his -- his people would be
14 involved in it, as well, but we had a CPA firm that -- that
15 filled it out and that would sign the form (simulating).

16 Q All right. It was the people under him who had
17 responsibility for it. Is that what you're saying, Mr. Cotton?

18 A Yes, sir. That -- that -- all the tax stuff falls
19 under the Financial Services Group.

20 Q Okay. And you mentioned, at the Finance Committee
21 meetings, Mr. Phillips would provide a lot of information. Were
22 there written materials that were prepared for you in advance of
23 those meetings?

24 A Well, yes, sir. I mean, written materials were
25 prepared for us, but then he would give an oral presentation, as

2 May I shift this (indicating) over here (indicating)?

3 Q Please do.

4 A I don't want to drop it on the floor.

5 (Binder placed to witness' side.)

6 Q And approximately how many employees were in the
7 Financial Services -- approximately how many employees were in
8 the Financial Services Division during the years that we're
9 talking about, roughly?

10 A I'm not certain. I know the people that I worked with,
11 but they had people under them that I -- so I couldn't tell you
12 a number.

13 Q Does 50 to 60 sound approximately right?

14 A Like I say, I have no idea.

15 Q Okay. Let's pull up, if we could, for a minute, what's
16 in evidence as PX 5073 and turn to what's page 2 of 4.

17 And this will show up on our --

18 (Image displayed.)

19 Q Oh, that is -- yes. In your binder, sir, that is tab
20 26, if you want to pull it out.

21 A 26?

22 Q 26.

23 I told you, you could put that away --

24 A That's okay.

25 Q -- but I was misleading you. I apologize.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

1 A It's no problem.

2 (Pause.)

3 A Okay, I've got it.

4 Q And are you on page 2, sir? It's also on the screen.

5 A Now I'm on page 2.

6 Q Okay. And this is the charter of the Audit Committee
7 that you were the chair of; is that correct?

8 A Well, I had -- I have served on -- as the chair of the
9 Audit Committee for certain years, yes, sir.

10 Q Okay. And under "Mission Statement," it says -- the
11 first sentence:

12 "The primary function of the Audit Committee is to
13 assist the Board of Directors in its oversight of the
14 integrity of financial information, its review of the
15 adequacy of the system of internal controls established by
16 the Association, and its monitoring of the audit process."

17 Did the Audit Committee, when you were on it, perform
18 that function?

19 A Yes, sir.

20 Q And then, in the next sentence, it says:

21 "In performing these functions, the Audit Committee
22 shall review the Association's financial reporting process
23 and internal controls, review and appraise the audit efforts
24 of the Association's independent auditors, and provide open
25 means of communication between the Directors, the

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2088

1 independent auditors, and the financial and senior
2 management of the Association."

3 And did the committee do that, as well, during the
4 years that you were on it?

5 A Well -- excuse me -- as I explained earlier, the
6 individual members don't, but we make sure the job is done by
7 talking to the appropriate financial services people.

8 We have multiple meetings with the auditors. We have
9 a -- what we call our "Planning Meeting" before the audit
10 starts, and we talk about what they're going to do, what we --
11 if there's anything special that we'd like them to do, we talk
12 about that. Then we have a progress meeting with the auditors.
13 Sometimes it was in person; sometimes it was by phone;
14 occasionally, it's both. And then we have a -- what I call -- a
15 "Closeout Meeting," where they go over the results of the audit
16 and whether or not we're going to have what auditors call a
17 clean opinion, which we always have.

18 And then, if there's a management letter, we go over
19 that, as well.

20 So that's what we do to accomplish the -- the mission
21 statement.

22 Q Right.

23 And I didn't mean to suggest that the Audit Committee
24 was actually preparing financial statements. What I'm getting
25 at is: This sentence (indicating) says that you would review

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2089

1 the Association's financial reporting process and internal
2 controls, and the committee performed that review; correct?

3 A There's -- the committee relied upon experts in the
4 field, such as our auditors, to do that.

5 Q Well, and -- but the committee is the one that had the
6 responsibility for oversight; isn't that right?

7 A Oversight; not to -- not to roll up our sleeves and go
8 to headquarters and -- and go into the Financial Services Group
9 and start saying, "Hey, give me your general ledger."

10 Q Right.

11 A That we can't do.

12 Q Right. And it doesn't say anything in here
13 (indicating) about the Audit Committee doing something like
14 that.

15 A No, sir. But perhaps I'm mistaken; I thought that's
16 what you were, kind of, getting to in your question.

17 Q No, no. What I was --

18 What I'm asking you, sir, is just if the Audit
19 Committee had that oversight function for making sure that --
20 for asking questions and overseeing what the management and the
21 staff did. Correct?

22 A Yes, sir.

23 Q Okay.

24 MR. FARBER: And if we can scroll down to where it
25 says "Meetings," at the bottom of the page, please ...?

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2090

1 (Image scrolled.)

2 A Yes, sir.

3 Q And under "Meetings," it talks about: "The committee
4 shall meet at least twice a year or more frequently as
5 circumstances dictate." And, as you've testified, the committee
6 did do that; correct?

7 A Yes, sir.

8 Q And then, in the next sentence, it says:

9 "As part of its job to foster open communication,
10 the Committee should meet at least annually with management
11 and the independent auditors in separate executive sessions
12 to discuss any matters that the Committee or each of these
13 groups believe should be discussed privately."

14 Did the Audit Committee hold those meetings?

15 A Yes, sir. And every meeting that we had with the Audit
16 Committee, we would have a separate executive session just with
17 the auditors and then would have a separate executive session
18 with the management, the folks in the Financial Services Group
19 and one or more of the people that work under them.

20 Q Okay. And Mr. Phillips, as CFO and treasurer, was at
21 those meetings with management?

22 A For the audit purposes, I -- I can't say -- I can't say
23 I recall a time he wasn't, but he certainly would normally be
24 there, perhaps all the time.

25 Q Well, in the times that you recall, were there ever any

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2091

1 questions that you asked him that he didn't answer?

2 A I -- I can't think of a time when Woody -- I'm sorry.
3 I can't think of a time when Mr. Phillips, you know, gave me a
4 blank stare and wouldn't answer my question. No, sir, I can't
5 imagine anything like that.

6 Q Do you recall any answers that he gave you that you
7 felt were inadequate?

8 A As I sit here now, no, sir.

9 Q Okay. Let's go to the next page -- it's 3 of 4 --
10 please.

11 (Image scrolled.)

12 A Okay.

13 Q And then this section's entitled "Roles and
14 Responsibilities"; "Financial Reporting," and under "General,"
15 the second bullet there says: -- and this is the
16 responsibilities of the Audit Committee -- "Ask management and
17 the external auditors about significant risks and exposures and
18 plans to minimize such risks."

19 Did you ever ask Mr. Phillips a question in this
20 category that he didn't answer?

21 A Over a period of 17 years, I have no doubt that I have.
22 As I sit here now, I say -- he hasn't been treasurer since
23 2018 -- I couldn't tell you anything specific. But this is
24 exactly the type of information that we would go over with the
25 auditors.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2092

1 And in case I was misleading when I described the Audit
2 Committee meetings earlier, I described two executive sessions.
3 That -- those two executive sessions -- always came after the
4 joint session where -- where the auditors and the Audit
5 Committee and -- and the folks from -- from Financial Services
6 Group are there and were discussing exactly this type item.

7 Q And when you said a moment ago you had "no doubt that
8 we have," I'm not sure I understood your answer. You have no
9 doubt that you asked Mr. Phillips questions in those meetings?

10 A Yes, sir.

11 Q Okay. And do you recall any instance where he didn't
12 answer your questions to your satisfaction? Do you recall any?

13 A I'm not trying to be flip, but I can't recall the
14 question, so I couldn't recall the answer.

15 Q Okay.

16 And then, just scrolling down here, under "Annual
17 Financial Statements," it says that the committee is supposed to
18 meet with management and the external auditors to review the
19 annual financial statements and the results of the audit.

20 And am I correct that the committee did that?

21 A Oh, yes, sir. That's -- that's what I described as a
22 Closeout Meeting. That's after it's over.

23 Q Okay.

24 And then, under "Internal Controls," it says, one of
25 the responsibilities of the Audit Committee -- in the first

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2093

1 bullet there -- is to "ensure through inquiry whether management
2 is setting the appropriate tone by communicating the importance
3 of internal control and ensuring that all individuals possess an
4 understanding of their roles and responsibilities."

5 Did the committee do that?

6 A We did, but not in the form of sit down and ask this
7 particular question. We had -- there were numerous times when
8 we talked with folks that worked in the Financial Services Group
9 and we're talking about different issues. We'd talk about
10 internal controls. There's a number of things which we talk
11 about on a regular basis and it would certainly cover that
12 type -- that type information.

13 Q Okay. And --

14 A But -- but, again, that is really focusing on -- on the
15 CFO and the treasurer's employees, not the CFO himself. That
16 would -- that would have the CFO grading his own papers, and
17 we're not going to do that.

18 Q Well, it says here that you'd ensure whether management
19 is setting the appropriate tone; right? And that's what the
20 committee did, right?

21 A And you determine that by talking to the people that
22 work for the manager to see what kind of tone is being set: Are
23 they serious about internal controls? Are they prompt? I mean,
24 the -- you know, there's all kind of questions you can ask. But
25 you have to ask that of the subordinates to find out if

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2094

1 management's sending the correct message; you can't ask
2 management that.

3 Q And you asked that of the subordinates.

4 A Well, again, we had numerous meeting -- well, I won't
5 say "meetings" -- interactions with the folks in the Financial
6 Services Group. This is the type information that would be
7 determined from those meetings, though not every single meeting.

8 Q And you were satisfied in the results of that; is that
9 correct?

10 A Up to a point, yes, sir.

11 Q Okay.

12 And then, in the third bullet, one of the other
13 responsibilities for the Audit Committee is to "gain an
14 understanding from auditors and management as to whether
15 internal control recommendations identified by external auditors
16 have been implemented by management, if appropriate."

17 Did the committee do that?

18 A Excuse me. Let me -- I don't want to answer you wrong.

19 Q The third bullet, Mr. Cotton.

20 A Yes, sir. I -- I was rereading it, because there's two
21 ways I can answer that:

22 First of all, "yes" to both of them; okay?

23 We do ask the auditors, "Are you having a problem?" We
24 look at the management letter. If the management letter -- I'm
25 sorry. The management letter that -- that's issued along with

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2095

1 the audited financial statements will list whether or not there
2 are any concerns, I'll call it, from the auditors. So we're
3 going to see that from one year to the next; is it addressed?

4 We also talk to the Financial Services people; our --
5 my vice-chairman routinely talks to the Financial Services
6 folks. He lives close enough that he can drive up there and
7 he -- he sees them more than I do.

8 But, yes, sir, the team -- the audit team -- I'm
9 sorry -- the Audit Committee gets all of that done, yes, sir.

10 Q On an annual basis?

11 A Oh, more than annual. We don't just wait and do it
12 once a year.

13 Q Okay.

14 And then, if we go down under the last heading here,
15 "Compliance With Laws and Regulations" and we look at the first
16 bullet, it says, another responsibility of the Audit Committee
17 is to "review the effectiveness of the system for monitoring
18 compliance with laws and regulations and the results of
19 management's investigation and follow-up, including disciplinary
20 action on fraudulent acts or accounting irregularities."

21 And the Audit Committee did that, as well; isn't that
22 true, Mr. Cotton?

23 A I have a little problem answering that one, because in
24 my view, it covers two areas: it recovers -- it covers -- the
25 legal side and that really is general counsel. But, yeah, we

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2096

1 talk to general counsel. I talked to Mr. Frazer when the law
2 changed in 2016 and he showed -- showed me, I think, three
3 volumes of books (simulating). And he -- he created a new
4 conflicts disclosure -- financial disclosure -- form to comply
5 with that, and that's something the Audit Committee, you know,
6 checked with him to make sure it was being done.

7 On the other -- other side of that -- that question --
8 well, for instance, the 990s. That's the reason we have tax
9 experts; typically CPA's, but now we actually use tax lawyers as
10 well as CPA's; and we want to make sure we're putting -- we're
11 filling that form out the way it should be. We've gone to
12 tax -- to 990 -- software that keeps you from making, you know,
13 clerical errors: you're supposed to check a box and you didn't,
14 or you checked a box that you shouldn't have and you should have
15 checked another one. That takes care of that.

16 So all of those things together, I think, answer that
17 question.

18 Q So, for much of this, you would rely on, whether it's
19 outside experts or internal experts, and legal to ensure that
20 the system for monitoring compliance was effective. Is that a
21 fair statement?

22 A Well, we certainly use experts such as tax counsel, our
23 general counsel, but that's not -- that's not all. Let's say --
24 let me go back to that example of the -- the amended financial
25 disclosure information -- form: Yes, we -- we get the

2097

1 information from John, but then we also get reports from -- I'm
2 sorry -- Mr. Frazer. I -- I didn't mean to do that.

3 Mr. Frazer, he would give us reports as to: "Okay, has
4 everybody got 'em in? If not, who's outstanding?"

5 So, yes, we get information from experts, but then,
6 again, in the interaction I was describing earlier, that's how
7 you're going to find out: Is it actually getting done?

8 Another way is when -- I'm trying to think. I believe
9 every one of us that's on the Audit Committee is also on the
10 Finance Committee, where we get detailed financial documents;
11 you know, financial statements and stuff like that. So we have
12 another chance to look at it at that point.

13 So there's a -- there's no one single thing I can tell
14 you covers that. It's -- it's -- it's a group of functions.

15 Q And the Audit Committee would look at all of that,
16 right?

17 A I'm sorry?

18 Q The Audit Committee would look at all of that and use
19 all those functions; is that right?

20 A As I just described it, yes, sir.

21 Q So --

22 Now, Mr. Phillips, you indicated, was treasurer up
23 until -- from -- he was there at the time you started in about
24 2001, through 2018; correct?

25 A Until twenty-eight -- I'm sorry. You're talking about

ALAN F. BOWIN, CSR, RMR, CRR

1 from when I started. Yes. The whole time I was on the board,
2 up until 2018, he was the treasurer and CFO.

3 Q And --

4 A That's not true. He was the treasurer and in the
5 latter weeks, we had hired Craig Spray to be the CFO, and
6 when --

7 Q I'm just asking about the Treasurer title.

8 A Okay.

9 Q And the Treasurer, he was elected by the board; is that
10 correct?

11 A Yes, sir.

12 Q And was that every year?

13 A Yes, sir.

14 Q Okay. And you were on the board that entire time;
15 correct?

16 A From 2001 until 2018, yes, sir.

17 Q And I take it, you thought Mr. Phillips was doing a
18 good job throughout that whole time period; correct?

19 A That's -- you're asking me, personally?

20 Q Yes, during that time.

21 A That -- that's what I believed at that point, yes, sir.

22 Q Right. And you thought he was doing his best to
23 further the mission of the NRA; isn't that right?

24 A That's a qualitative answer I can't give you. I
25 thought he was doing a good job when I -- when I voted for him.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2099

1 Q Well, you voted for him in each of those years that he
2 was up for election; isn't that correct?

3 A Well, if we're going to get technical, no, sir. Unless
4 there's a contested race. Then, when an officer candidate is
5 put up for election, unless it's a contested race, nobody --
6 there is no vote taken. This -- according to our bylaws and --
7 I'm sorry; not our bylaws, our custom and practice, they are
8 elected by acclamation.

9 Q And were you there during the election by acclamation?

10 A At the vast majority. There were some annual meetings
11 I had to miss because of family health issues.

12 Q But you never opposed him.

13 A I'm sorry?

14 Q You never opposed his being re-elected as Treasurer?

15 A No, sir.

16 Q And the reason -- one of the reasons -- for that is,
17 you thought he was doing his best throughout to further the
18 mission of the NRA; isn't that true?

19 A I can't tell you whether or not he was doing his best.
20 All I can say is, I thought he was doing a good job.

21 Q Okay. Did you think he was acting in good faith
22 throughout?

23 A I had -- I had no reason to think otherwise.

24 Q Okay.

25 THE COURT: Counsel, I don't want to interrupt, but

ALAN F. BOWIN, CSR, RMR, CRR

1 we haven't had our typical break. I've been -- if you're at
2 an ending point --

3 MR. FARBER: I'm almost done.

4 THE COURT: All right. Then we'll break after
5 you're done.

6 BY MR. FARBER:

7 Q And I take it, Mr. Cotton, that no one at the NRA has
8 ever chastised you for the job that you were doing as head of
9 the Audit Committee; is that correct?

10 A Not that I can recall, no, sir.

11 Q No one's accused of you of failing to properly oversee
12 the Financial Services Division as head of the Audit Committee?

13 A I don't oversee the Financial Services Division.

14 Q Okay. Well, no one's ever accused you of not doing
15 your job the way you should on the Audit Committee and
16 fulfilling those responsibilities that we talked about; is that
17 correct?

18 A No one -- no one has come to me and told me, "I don't
19 think you're doing a good job, Charles."

20 Q And, in fact, you're now the president of the NRA;
21 correct?

22 A Yes, sir.

23 Q And you're now serving your third term as president of
24 the NRA; isn't that correct?

25 A That's correct.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Farber

2101

1 Q And am I correct that no one's done that since Charlton
2 Heston?

3 A Oh. You mean, serve more than two terms?

4 Q Yes, sir.

5 A That's correct.

6 Q And Mr. Heston did that the last century; isn't that
7 right?

8 It's been a while; correct?

9 A Yes. Yes, sir.

10 Q And, in fact, the NRA changed its bylaws so that you
11 could have that third term --

12 A Yes, sir.

13 Q -- is that correct?

14 Am I also right that Mr. Shiffman and
15 Ms. Connell(indicating), they haven't brought any enforcement
16 action against you? Is that correct?

17 A No, sir.

18 MR. SHIFFMAN: Objection.

19 THE COURT: Overruled.

20 Q They're not suing you. The New York Attorney General's
21 office is not suing you.

22 A I'm -- I'm not a party to this case, no, sir, or any
23 other case.

24 MR. FARBER: Okay.

25 No further questions, your Honor.

ALAN F. BOWIN, CSR, RMR, CRR

1 Thank you, Mr. Cotton.

2 THE COURT: All right, we're going to take a short
3 break and reconvene.

8 CROSS EXAMINATION

9 BY MR. FLEMING:

10 Q Good afternoon, Mr. Cotton.

11 A Good afternoon, sir.

12 Q I'm William Fleming. I represent Mr. Frazer. First I
13 really appreciate you hanging around for what seems like a
14 really long time. I'm going to ask you some questions about
15 what you testified to today, but also what feels like long ago,
16 when Mr. Shiffman asked you questions.

17 A Okay.

18 Q I believe you just testified that Mr. Frazer played a
19 role of some sort in helping the organization adopt a conflict
20 of interest policy. Do you recall the testimony?

21 A Yes, sir. As I understand it, and I may be wrong, but
22 I think it was 2016 when New York law changed, and John and
23 perhaps other lawyers, I don't know were involved, in creating a
24 new form. Then some point later we actually added more to it
25 because we, I may be wrong, but we were trying to get one single

LAS

Cross-Cotton-Fleming

2104

1 form that would cover what we needed for -- for New York law and
2 other states where we solicit funds and -- and board members
3 have to turn in questionnaires to those individual states.

4 Q When you talk about a form, are you referring to a
5 financial disclosure questionnaire?

6 A Yes, sir.

7 Q Okay. And with respect to the policy itself, are you
8 able to tell the jury what role Mr. Frazer played in either
9 putting it together or getting the board to adopt it?

10 A I know he was -- I know he was involved, to my
11 knowledge heavily involved. I can't say if he had other folks
12 helping or not, but I know he was involved.

13 Q Okay. I would like to show you a document.

14 MR. FLEMING: If we could cull it up. It's for
15 identification PX 1782. And I've spoken with the
16 Government. They have indicated they have no objection to
17 it. I'll let them confirm that.

18 MR. SHIFFMAN: That's 172?

19 MR. FLEMING: 1782.

20 A Mr. Fleming, is there a tab for this one?

21 Q No.

22 A Okay.

23 Q Some will have a tab but many will not. It will appear
24 on your screen.

25 MR. SHIFFMAN: No objection, your Honor.

LAS

Cross-Cotton-Fleming

2105

1 THE COURT: Any objections from the defense?

2 MR. CORRELL: No objection.

3 MS. ROGERS: No objection.

4 MR. FARBER: No objection.

5 MR. FLEMING: May I publish it?

6 THE COURT: It is admitted. You may turn them back
7 on. We could have skipped that whole thing. There you go.

8 Q So, Mr. Cotton, I would like to direct your attention
9 first to your e-mail on the middle of the first page,
10 November 2nd, 2015 at 5:36 p.m. Do you see that?

11 A (Examining). Yes, sir.

12 Q Now, were you chair of the audit committee in 2015?

13 A I believe that's the year I took over as audit chair.

14 Q Okay. And you write, "I'm chair of audit, but I don't
15 anticipate us covering anything specific to that committee." Do
16 you know what committee was being referred to here?

17 MR. FLEMING: You have to let him read the
18 document.

19 A Can we scroll up a little bit. Maybe I could get a
20 hint in the body of it.

21 Q While you're looking at that, do you mind if I ask you
22 a question?

23 A Yes, sir.

24 Q Do you recall a bylaws issues task force in or around
25 2015?

LAS

Cross-Cotton-Fleming

2106

1 A I'm sorry. A bylaw what?

2 Q A bylaws issues task force.

3 A As I sit here now, Mr. Fleming, I don't remember.
4 Sorry.

5 Q Okay. Well, that's the headline of this e-mail or the
6 subject line I should say.

7 A Yes, sir.

8 Q And let me withdraw my prior question to which
9 committee you're referring to and then take you up to Mr.
10 Frazer's response at the top.

11 A If I could add on to my answer the last time.

12 Q Sure.

13 A I think I remember now. Carol Bambery created a task,
14 a bylaw task force to see if any changes were needed in the
15 actual bylaws themselves.

16 Q Okay. And do you recall any role that Mr. Frazer might
17 have played in that?

18 A I barely remember the committee to be honest with you,
19 Mr. Fleming. I don't know.

20 Q It's all right. We're going back a long time. But
21 I'll still direct your attention to the top of page 1 with Mr.
22 Frazer's response where he writes, "Charles, due to recent
23 amendments to New York law", let me stop and say, do you recall
24 in or around this time was when Mr. Frazer alerted you to the
25 changes in New York law that you just testified about?

LAS

Cross-Cotton-Fleming

2107

1 A Yes, sir. That's what I was talking about earlier. I
2 was thinking 2016. Perhaps that's when the change in the law
3 went into effect. I just don't recall at this point, but that
4 would have been the subject I was talking about earlier.

5 Q Okay. And then he finishes that top paragraph by
6 saying, "the audit committee could have an important role in
7 those". Do you see that?

8 A I do see that.

9 Q Do you recall having conversations, I know it's a long
10 time ago, with Mr. Frazer about what he meant by the audit
11 committee's role with respect to conflicts of interest and
12 related-party transactions?

13 A He -- I'm not certain. He may have been talking
14 about --

15 MR. SHIFFMAN: Objection, your Honor.

16 THE COURT: The question is if you have a personal
17 knowledge, actual recollection.

18 A I can't recall any conversations from November of 2015.
19 Sorry.

20 Q That's okay. That's okay. Now, do you recall being
21 asked by Mr. Shiffman about the conflict of interest and
22 related-party transactions policy that the NRA adopted in
23 January of 2016?

24 A Yes, sir.

25 Q Okay. Did the audit committee, after the passage of

LAS

Cross-Cotton-Fleming

2108

1 that policy, have any meetings where it addressed related-party
2 transactions?

3 A I'm sorry.

4 Q Addressed related-party transactions.

5 A After 2016?

6 Q After January of 2016, after the passage of the policy,
7 the adoption of the policy, what did the audit committee do, if
8 anything, with respect to related-party transactions as best you
9 can recall?

10 A Well, we -- we addressed some further related-party
11 transactions as was discussed in various audit committee reports
12 after that date. I know that -- I know that the form was
13 changed. I know that when I, as chair of the audit committee,
14 when I gave the audit committee report to the full board, I
15 stressed the need to be sure folks, you get your form turned
16 into Mr. Frazer. That's all I can tell you at this point.

17 Q Okay. I would like to show you another document which
18 is PX 2622 for identification.

19 MR. FLEMING: Not for the jury. I've been told
20 that the Government does object to this on foundation, I
21 believe, grounds.

22 MR. SHIFFMAN: 26 --

23 MR. FLEMING: 2622.

24 MR. SHIFFMAN: I don't think that was one. Just
25 give us a second.

LAS

Cross-Cotton-Fleming

2109

1 MS. STERN: Was it 206?

2 MR. FLEMING: PX 2622.

3 MR. SHIFFMAN: We object to this, your Honor, as
4 hearsay and lack of foundation.

5 MS. ROGERS: I'm sorry. The plaintiff is objecting
6 to the plaintiff's own exhibit?

7 MR. SHIFFMAN: Yes. Sorry. Your Honor, we
8 identified a number of our exhibits that we would use for
9 various purposes including impeachment. Also things that
10 would be party admissions if used by us against the other
11 side. This is an incomplete document. We were complete
12 in -- Just because we put something in our binders did not
13 mean we intended to use it for the truth of the matter
14 asserted or for any purpose. And particularly when it's a
15 document that can't contain statements only from the --

16 THE COURT: If the objection, first of all, is
17 about foundation, then I can have him ask the witness what
18 it is and if it's about whether it's a business record, so
19 that it would be permissible notwithstanding hearsay, that
20 this may be another witness who can speak to that. So, I'll
21 let them ask questions.

22 MR. SHIFFMAN: Objection is hearsay. It's not
23 complete. It's not a business record.

24 MS. ROGERS: Your Honor, we just note that other
25 documents which appear incomplete or concatenated or have

LAS

Cross-Cotton-Fleming

2110

1 been offered by plaintiff, that's the manner in which they
2 existed in the business files. The same would be true of
3 this record.

4 MR. SHIFFMAN: That's not what I'm talking about,
5 being incomplete on the portion of the document that's
6 presented to the witness. They are headlines, titles with
7 nothing underneath them.

8 THE COURT: Why don't you lay a foundation.

9 MR. FLEMING: I will.

10 Q So, Mr. Cotton, you obviously were on the audit
11 committee in March of 2016, is that right?

12 A Yes, sir.

13 Q Okay. And do you recall an audit committee meeting in
14 or around March 8th, 2016 where related-party transactions were
15 addressed?

16 A I can't recall the exact meeting from 2016. Timing
17 sounds right.

18 Q And was there a secretary of the audit committee?

19 A Yes, sir. Yes, sir, there would always be one. In
20 2016 it could have been one of two people. It could be Rick
21 Tedrick or it could have changed. No. I'm sorry. That's not
22 true. It would have been Rick Tedrick at that point.

23 Q At the beginning or -- Withdrawn. After the conflict
24 of interest policy was adopted by the board in January 2016, did
25 the audit committee undertake an effort to create minutes of its

LAS

Cross-Cotton-Fleming

2111

1 evaluation of related-party transactions?

2 MR. SHIFFMAN: Objection, your Honor. Leading.

3 THE COURT: Overruled.

4 A Two documents. Well, at that time there would have
5 been two documents. There would have been one document that
6 it's titled and we've always referred to it as the report of the
7 audit committee. There were also, it's my understanding, there
8 were also minutes that were taken by the secretary during that
9 particular meeting. Where they go, I'm not sure. All the -- We
10 put in the minutes of the board meeting is the report.

11 Q Understood. But at the time, if you recall, early on
12 in this process, after the passage of the policy, was there a
13 method that was developed by the audit committee to create
14 minutes and review them or have Mr. Tedrick create minutes and
15 review them?

16 A Yes, sir.

17 MR. SHIFFMAN: Objection.

18 A The secretary would -- would create the minutes and
19 then they would be presented at the next audit committee
20 meeting.

21 Q Okay. And do you recall ever seeing these minutes
22 before?

23 MR. SHIFFMAN: Objection. Mischaracterizes the
24 documents as minutes.

25 THE COURT: You can answer.

LAS

Cross-Cotton-Fleming

2112

1 A This particular document, no, sir. I doubt it would
2 have come to us, because there is incomplete information on it.

3 MR. FLEMING: Okay. So, what I would like to do,
4 we can take this down. And I'll move to a second document,
5 which might help establish a foundation.

6 So, can I cull up JFX 52, which is a compilation
7 exhibit, your Honor, of audit committee reports from 2015
8 until 2000 -- January '22. And I've spoken to the
9 plaintiff, and they have indicated -- They can speak for
10 themselves they have no objection to this.

11 MR. SHIFFMAN: We have no objection to this
12 exhibit, your Honor.

13 THE COURT: Anything on the defense side?

14 MS. ROGERS: No objection.

15 MR. CORRELL: No objection.

16 THE COURT: Okay. This compilation exhibit --

17 MR. FARBER: Judge, could I see a copy first,
18 please. Thanks. (Examining). No objection, your Honor.

19 THE COURT: Okay. It's admitted. Did you say this
20 is all the audit committee reports for that entire period?

21 MR. FLEMING: Yes. Would you like to see it?

22 THE COURT: No.

23 MR. FLEMING: So, if I could draw particular
24 attention to the audit committee meeting or audit committee
25 report dated May 23rd-24, 2016.

LAS

Cross-Cotton-Fleming

2113

1 A Yes, sir.

2 Q Are we there? I don't believe we're there yet.

3 MR. FLEMING: May 23rd-24, 2016.

4 Q So, Mr. Cotton, what is this document?

5 A (Examining). It's an audit committee report. I'm
6 looking for the -- It looks like it may be for more than one --
7 No, it's not. It's for one meeting, but it's not May 23rd,
8 24th. It was conducted on March 8th, 2016.

9 Q March 8th. If I could direct your attention down the
10 first page to disclosure of financial interests.

11 A Yes, sir.

12 Q And in particular the second sentence, starting "The
13 majority". I'll read it. "The majority of the matters reviewed
14 either involved minimal dollar amounts or transactions in which
15 directors or their companies made payments to the NRA at fair
16 market value for services received such as advertising and
17 exhibit space or otherwise occurred in the ordinary course of
18 business." Do you see that?

19 A I do, sir.

20 Q Now, do you recognize any of those terms, you know,
21 minimal dollar amounts, ordinary course of business and the
22 like?

23 A Yes, sir. It's in our related party contract. There
24 is some exceptions to the applicability. One of them is de
25 minimus or small, excuse me, small dollar amounts. Others are

LAS

Cross-Cotton-Fleming

2114

1 those that are incurred in the ordinary course of business.

2 Q Okay. And those are exceptions that Mr. Shiffman took
3 you through a couple of days ago. Do you recall that?

4 A I take your word for it, Mr. Fleming.

5 Q Okay. Now the next sentence reads, "With respect to
6 the few transactions that are more substantial, primarily
7 involving consulting contracts, the committee plans to conduct a
8 more detailed review at its September meeting." Do you see
9 that?

10 A Yes, sir. I do.

11 Q Does this refresh your recollection at all about a
12 March 8th audit committee meeting and a consideration of
13 related-party transactions?

14 A I mean, it helps me -- it helps me remember we had a
15 meeting on March 8th and obviously the subject matter that was
16 discussed. I do remember discussing exceptions, because frankly
17 I don't remember -- I remember somebody had missed that line or
18 not about de minimus items, and in the regular course --
19 incurred in the regular course of business. I just don't
20 remember. And obviously we saw some matters that we wanted to
21 review more.

22 Q Do you recall if one of those matters related to Dave
23 Butz?

24 A I do recall that we looked at related-party
25 transactions with Dave Butz twice. I can't tell you for sure

LAS

Cross-Cotton-Fleming

2115

1 that this is what we were thinking of at this meeting.

2 Q Okay. Do you recall being asked by Mr. Shiffman
3 whether the NRA had not addressed in advance any contract
4 involving Dave Butz until 2019?

5 A I remember that subject matter, yes, sir.

6 Q Okay. Now, do you recall, I'm asking you to go back in
7 time so I understand, the September 2016 audit committee
8 meeting?

9 A If you got a document from that date, it might help me.

10 Q I will.

11 MR. FLEMING: Can I, for identical cull PX 1631. I
12 believe there is an objection to this, your Honor.

13 MR. SHIFFMAN: Your Honor, we do object to this
14 document for the same reasons as the previous.

15 MS. ROGERS: Your Honor, we would note that part of
16 the purpose of exchanging exhibit lists is so we have notice
17 what documents plaintiff wants to put in and isn't objecting
18 to. When we get 5,400 exhibits, and they reserve the right
19 to put any of them in, perhaps that affects the analysis of
20 whether they can object to their own documents.

21 MR. FLEMING: Scroll down, please, to the first
22 page.

23 THE COURT: I'll take each objection as it comes
24 up.

25 MS. CONNELL: What was the number?

LAS

Cross-Cotton-Fleming

2116

1 MR. FLEMING: 1631. Is there an objection pending?

2 THE COURT: I think they objected already. Again,
3 if you want to ask foundation questions, you can.

4 MR. FLEMING: Okay.

5 Q So, Mr. Cotton, you see before you PX 1631, which
6 purports to be a related-party transaction review for
7 September 2016. Do you see that?

8 A (Examining). Yes, sir.

9 Q Does this refresh your recollection at all about the
10 consideration by the audit committee of the more substantial
11 transactions that you had deferred in March?

12 MR. SHIFFMAN: Objection, your Honor. A few basis.
13 One, he was not asked that he -- I'm sorry. He did not
14 state he couldn't remember a meeting in March.

15 THE COURT: Well, no.

16 MR. SHIFFMAN: The same.

17 THE COURT: He's not introducing it yet
18 substantively. This is, as I understand it anyway, simply
19 he wants him to read it and see if it refreshes his
20 recollection.

21 MR. SHIFFMAN: That's what I'm saying. I don't
22 think he said that he didn't recollect a meeting in March.

23 THE COURT: Well, no. This the substance of the
24 individual things discussed is what I think he's talking
25 about.

1 MR. FLEMING: And, your Honor, he said several
2 times now that it's difficult to remember back that far.

3 THE COURT: For present purposes, when you're
4 asking if it refreshes his recollection, it means he reads
5 it. And then you ask him the question again and you see if
6 you get an answer based on his refreshed recollection. So,
7 go ahead.

8 MR. FLEMING: Okay. Fair enough.

9 Q Does this refresh your recollection at all about a
10 September 2016 audit committee meeting?

11 A (Examining). I remember addressing related-party
12 transactions for each of the persons that are set forth on this
13 document. What I can't tell you is was it September 2016. They
14 were addressed. That's the best I can tell you.

15 MR. FLEMING: I would move this admission, your
16 Honor.

17 MR. SHIFFMAN: Objection, your Honor.

18 THE COURT: Sustained. You haven't -- This comes
19 in if it's a business record. And there is a way to show
20 what it is, if he either drafted it or oversaw it or knows
21 what this is. But I don't have anything on that front at
22 this point.

23 Q Mr. Cotton, in 2016 was it the ordinary practice of the
24 audit committee secretary to create minutes of audit committee
25 meetings?

LAS

Cross-Cotton-Fleming

2118

1 A It's my understanding that the secretary would keep
2 notes, minutes, whatever you want to call it, to use in creating
3 what I refer to, what board members refer to as the audit
4 committee report that goes to the full board. Some of them --
5 I'm sorry. Some of those reports reference either approval of
6 minutes or perhaps even attached those minutes.

7 Q So the minutes were necessary to create the audit
8 committee report, is that your testimony?

9 MR. SHIFFMAN: Objection. Leading.

10 THE COURT: Sustained. You can ask it differently.

11 Q Did the audit committee use the audit committee's
12 secretary's minutes of the meeting to create its report?

13 A Okay. I think there is -- I apologize. I must have
14 been misleading on that. The audit committee itself does not
15 create the report. The report is created by the secretary of
16 the committee and then it's submitted.

17 Q Okay. It's the ordinary practice of the audit
18 committee secretary to do both things to your understanding,
19 right?

20 MR. SHIFFMAN: Objection, your Honor. Lack of
21 foundation.

22 Q Create minutes and create a report, is that right?

23 MR. SHIFFMAN: And leading.

24 THE COURT: I'll let him answer if he knows.

25 A That is my understanding, yes, sir.

LAS

Cross-Cotton-Fleming

2119

1 Q And is it the ordinary practice of the NRA to maintain
2 records of these minutes and audit committee reports?

3 A Yes, sir.

4 MR. FLEMING: I move its admission.

5 THE COURT: There is one more question you have to
6 ask is whether this is one of them.

7 MR. FLEMING: Fair enough.

8 Q So, looking at these minutes from September 2016, is
9 this one of those documents that is kept in the ordinary course
10 of business?

11 MR. SHIFFMAN: Objection.

12 THE COURT: He can ask if he knows. If he has
13 personal knowledge.

14 MR. SHIFFMAN: I think he already testified to it.
15 If he hasn't, he can do it.

16 THE COURT: You can answer if you know that this
17 document that you're looking at is something that was
18 prepared in the ordinary course of business, and it's the
19 regular course of business for the company to prepare them.
20 So, now you were asked generally about it. Now the question
21 is, is this document in front of you something that's
22 prepared in the ordinary course based on your knowledge.

23 A This appears to be such a document.

24 MR. SHIFFMAN: Objection. Lack of foundation.

25 THE COURT: Keep going.

LAS

Cross-Cotton-Fleming

2120

1 THE WITNESS: Can I finish?

2 THE COURT: Yes, you can.

3 A This appears to be such a document. It might help to
4 look in the next audit report to see if it's referenced.

5 MR. FLEMING: I'm happy to do that.

6 THE COURT: Mr. Fleming, the point is not whether
7 he can do it by reading a bunch of things. There may be
8 another witness who can do it. The person who has to lay
9 the foundation for the business record either has to be the
10 person who prepared it or someone who just knows from the
11 entire process that this document is prepared in the
12 ordinary course of business. I don't know that you can just
13 sort of build up to it. I'm not criticizing this or saying
14 it's not a business record, it's just that the individual
15 you have on the stand right now didn't prepare it. Didn't
16 really recognize it. So, I don't think you can use him to
17 establish it is a business record. You may be able to do it
18 later in the case, not as far as I can tell through
19 Mr. Cotton.

20 MR. FLEMING: If I may be heard for one last
21 moment, and that's the audit committee reports address that
22 the audit committee reviews the minutes from the prior
23 meetings.

24 THE COURT: I get all of that. But you still have
25 to have somebody who says that is what this is. And he's

LAS

Cross-Cotton-Fleming

2121

1 reading it, I don't know whether it's for the first time,
2 but he hasn't certainly indicated that he's seen it before.
3 So at this point the objection is sustained.

4 MR. FLEMING: Okay.

5 THE COURT: I'm not saying it's not admissible with
6 the right foundation.

7 MR. FLEMING: I understand.

8 Q So, Mr. Cotton --

9 MR. FLEMING: If I could cull back up JFX 52. I'm
10 sorry. Can I take that back. I want to do a different
11 document. I apologize. I'll get to that. If I could cull
12 up JFX 78. It's another document about which there is an
13 objection.

14 THE COURT: Which there is an objection?

15 MR. FLEMING: About which there is an objection.

16 MR. SHIFFMAN: I believe there is the same
17 objection to that. If we could have one second to pull it
18 up.

19 THE COURT: JFX 52?

20 MR. FLEMING: Seventy-eight.

21 THE COURT: JFX 78.

22 MR. SHIFFMAN: Yeah. We object. It doesn't appear
23 to be the final version. It's unsigned.

24 THE COURT: Can you scroll back up.

25 MR. SHIFFMAN: On hearsay and foundation.

LAS

Cross-Cotton-Fleming

2122

1 THE COURT: Can you scroll back up to the first
2 page.

3 MR. SHIFFMAN: I also note it doesn't appear in JFX
4 52, which is the complete -- the set that's been offered as
5 a complete settle.

6 MR. FLEMING: Your Honor, it is a draft, that's the
7 whole point of it, which I'm happy to tell you about or ask
8 the witness.

9 THE COURT: All right. Well, if you want to build
10 a record for the draft being admissible, go ahead.

11 MR. FLEMING: Okay.

12 Q So, Mr. Cotton, do you see JFX 78 in front of you?

13 A (Examining). Yes, sir. Yes, sir.

14 Q And is this a draft report of the audit committee that
15 relates to the audit committee meeting held on September 8th,
16 2016?

17 A Since it's not signed, yes, sir it appears to be a
18 draft.

19 Q Okay. I would direct your attention to the section
20 headed "Disclosure of Financial Interests, Related-Party
21 Transactions".

22 MR. FLEMING: And ask that we scroll to the second
23 page for its continuation.

24 MR. SHIFFMAN: Objection, your Honor. To the
25 extent he'll be reading from the document that's not yet

LAS

Cross-Cotton-Fleming

2123

1 entered.

2 MR. FLEMING: I won't be reading. Sorry. Scroll
3 to the second page, please.

4 Q So, Mr. Cotton, without reading from the document, are
5 you able to say whether this highlighted section refreshes your
6 recollection whether the audit committee addressed related-party
7 transactions pertaining to these individuals?

8 MR. SHIFFMAN: Objection. It's incomplete. There
9 is a reference to an attachment.

10 THE COURT: That's a different question. Just so
11 the jury has been sitting here not seeing anything for quite
12 some time.

13 MR. FLEMING: I know.

14 THE COURT: The question is, after you look at
15 this, then look away from it, you now have an independent
16 recollection without looking at it of this meeting and of
17 these topics coming up. That's how you can ask that
18 question.

19 A Mr. Fleming, what I can say is reading these two
20 documents together, it's obvious to me that the first word quote
21 unquote "minutes", that -- that's all I can say.

22 Q I'm sorry. "Quote unquote minutes" what?

23 A Reading these two documents, it's clear to me that that
24 first one are minutes as referenced here in this particular
25 document.

LAS

Cross-Cotton-Fleming

2124

1 Q Well, Mr. Cotton, it's a different question. As the
2 Judge rightly pointed out, sitting here now, having looked at
3 this independently, does it refresh or trigger an independent
4 recollection of that meeting having occurred on September 8th,
5 2016 and those transactions being addressed?

6 A It triggers a recollection of discussing each one of
7 those board members. I remember that quite well. Where I'm
8 having a problem is saying it was on a given date in 2016. I
9 know they were discussed from documents I've seen, from
10 Mr. Frazer before, I believe that to be the minutes. But
11 that's -- as I sit here now I can't see faces in that meeting
12 and hear what they're saying.

13 MR. FLEMING: Your Honor, I would move its
14 admission.

15 MR. SHIFFMAN: Your Honor, we object. I think this
16 is not the right witness for this document, to the extent
17 any witness is.

18 THE COURT: Sustained.

19 MR. FLEMING: Last question on this issue. Putting
20 aside all the documents. You can take them down.

21 Q You testified that you recall addressing the
22 individuals referenced in the document, right?

23 A Yes, sir.

24 Q Okay. So, I'm going to ask you sort of a simple and
25 general question. Were related-party transactions to your

LAS

Cross-Cotton-Fleming

2125

1 knowledge addressed by the audit committee in 2016?

2 A Sometime in that year, yes, sir.

3 Q Okay. Now I would like to show you another
4 objectionable document, your Honor.

5 THE COURT: You might want to phrase that
6 differently.

7 MR. FLEMING: JFX 66, please.

8 MR. SHIFFMAN: I believe we have the same set of
9 objections, but if I could have one moment, please.

10 MR. FLEMING: I won't linger on it long, your
11 Honor. I'm mindful of the time.

12 Q So, Mr. Cotton, what you have up in front of you is a
13 document number JFX 66, which reflects minutes of the audit
14 committee December 7th, 2017?

15 MR. SHIFFMAN: Objection to that characterization.
16 It's an unsigned document. I think it's not really a
17 question. Counsel is testifying.

18 THE COURT: You can ask him what he thinks it is I
19 suppose as opposed to telling him.

20 Q Mr. Cotton, do you recognize this document?

21 A (Examining). Again, these are the minutes -- these are
22 the minutes that are representative of what I have seen several
23 times before we changed our procedure.

24 Q And I'll ask you again. Are these -- Is this a
25 document that is created in the ordinary practice of the NRA?

LAS

Cross-Cotton-Fleming

2126

1 A That's my understanding, yes, sir.

2 MR. SHIFFMAN: Objection.

3 Q Is it the ordinary course of business of the NRA to
4 maintain such records?

5 A Yes, sir.

6 MR. SHIFFMAN: Objection. This is an unsigned
7 document. It's hearsay. And he already testified that he
8 doesn't have the knowledge, the maintenance of the minutes
9 for the audit committee as opposed to the reports.

10 THE COURT: His answers were somewhat different on
11 this one. I mean, there is no rule that drafts of things
12 can't be business records, right. I mean, it doesn't count
13 as final minutes. But I still not yet, at the point where
14 I am, the mechanics of this, which I feel bad the jurors are
15 getting bogged down with me going through all of this, you
16 need someone, and maybe this is the right witness or maybe
17 it isn't the right witness, who could talk through the
18 process through which minutes go through before they are
19 finalized and signed to determine whether statements in
20 connection with a draft that is not signed is something that
21 would constitute a business record. You know, the signed
22 minutes are obviously already in. And so you just -- You
23 know, this witness is not the drafter of this. He's already
24 said that. He is -- I don't even know whether he is saying
25 he's familiar with these drafts or just sort of the concept

LAS

1 of drafts. I mean, I'm just not really -- I think -- Well,
2 I guess the question I have for you is are there factual
3 statements in this one that are not in the signed one that
4 you want to rely specifically on.

5 MR. FLEMING: Yes.

1 MR. FLEMING: Yes.

2 THE COURT: And so, that then leads to the question
3 of understanding what the process of doing drafts are,
4 because what you -- the purpose of this document would be to
5 introduce facts that didn't make it into the final; right?

6 MR. FLEMING: Well, your Honor, I'm not even
7 certain that this is a draft. In fact, I don't think it is.
8 It just happens to be an unsigned final. It's obviously
9 maintained in the business records of the NRA, because it
10 was gathered and produced in this case.

11 And --

12 THE COURT: Well, if you have a witness who can
13 testify that this is the final, that's -- you know, I --
14 I -- I understand the -- the point you're trying to -- to
15 make. And -- but to -- to be able to establish that this --

16 The reason for the Business Record Exception, just
17 now for the jury, is:

18 Even though it's prepared out of court, if there
19 are certain kinds of things that a business puts together
20 for its own uses regularly -- it's part of their business --
21 that you can rely on this stuff, there's a certain amount of
22 reliability that comes with the repetitive nature of -- you
23 know, whether it's tax returns or whatever it is that you do
24 over and over for your business; so there's no reason to,
25 sort of, question it, or it has some indication of it being

ALAN F. BOWIN, CSR, RMR, CRR

2129

1 an ordinary-course-of-business kind of thing.

2 You know, drafts can be prepared in lots of
3 different ways and it just seems to me, without having
4 either the drafter or somebody who can really testify as to
5 the process that goes from the initial drafting to the
6 final, um, I -- it just doesn't sound like this witness is
7 all that familiar with this particular document.

8 So I need something to show me that this is, in
9 fact, a business record, as opposed to just --

10 From all I can see, this could have been taken from
11 anyone's computer, reliable or not. Until somebody says,
12 "Oh, yeah, this is from the book in which we keep our drafts
13 that we've all worked on and then send to you, to the" --

14 You know, so I think there's a way to get it in,
15 maybe. But, you know, maybe Mr. Cotton's a little too high
16 on the chain to know the way the details work.

17 MR. FLEMING: Understood. Fair enough.

18 I'll move on.

19 BY MR. FLEMING:

20 Q Mr. Cotton, did there come a time at the Audit
21 Committee where it addressed related-party transactions in
22 advance?

23 A Oh, yes, sir; there have been times.

24 Q Okay. And in 2016, was that -- were you dealing --

25 MR. FLEMING: Well, withdrawn.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Fleming

2130

1 Q In 2016 was the first time you had evaluated
2 related-party transactions; is that right?

3 A I'm sorry; first time we evaluated --

4 Q Evaluated related-party transactions.

5 A 2016? I don't believe so.

6 Q So tell me about the practice of the Audit Committee
7 before the conflict of -- the new conflict-of-interest policy
8 was passed.

9 A Well, that part of the procedure hasn't changed.
10 The -- the board members have to fill out all the financial
11 disclosure forms, as do officers and -- and employees;
12 everybody's supposed to fill them out, and they go to
13 Mr. Frazer's office. I can't say, you know, they lay on his
14 desk, but they go to his office. He reviews them; he writes
15 notes; he talks to some people so he can bring information to
16 us -- I'm sorry; "us" being the Audit Committee -- and then it's
17 presented at an Audit Committee meeting.

18 That's the general procedure, yes, sir.

19 Q Okay. And before Mr. Frazer was elected Secretary in
20 2015, how did the Audit Committee handle related-party
21 transactions?

22 A Well, that part -- that part of the procedure -- has
23 always been the same. I mean, when I said, "until we changed
24 the procedure," I'm talking about when we started putting what
25 would otherwise be in minutes; we actually started putting that

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Fleming

2131

1 into the report.

2 Q But did you have related-party transactions brought to
3 you to evaluate in 2013, 2012?

4 A I couldn't remember 2016. I'm sorry. I can't help you
5 with that one.

6 Q All right. And did there come a time when the Audit
7 Committee did away with minutes altogether and started putting
8 all of that into its reports?

9 A Yes, sir.

10 Q When --

11 A Okay, let me -- let me qualify the answer: All that
12 information started getting into the reports. Whether or not
13 Mr. Frazer or someone in his office also kept minutes, I -- I
14 don't know.

15 Q Understood.

16 But just to give the jury the flavor:

17 MR. FLEMING: Can we call up DX- -- JFX 52?

18 And if we could turn to the Audit Committee
19 Report --

20 THE COURT: That one's --

21 That one is in evidence; yes?

22 MR. FLEMING: That is in evidence, yes.

23 MR. SHIFFMAN: Yes.

24 MR. FLEMING: The Audit Committee Report dated
25 September 8th and 9th, 2018.

2 MR. SHIFFMAN: Can you point us to a page, please?

3 MR. FLEMING: I don't have a page, but they're
4 (indicating) going to get there. It's just chronological.

5 MR. SHIFFMAN: But what's the date? I'm sorry.

6 MR. FLEMING: September 2018.

7 (Image scrolled.)

8 MR. FLEMING: Okay. And if we could scroll
9 down ...?

10 (Image scrolled.)

11 BY MR. FLEMING:

12 Q So, Mr. Cotton, you can see there where -- we've talked
13 a lot about them in the past few days, but there were -- a
14 related-party transaction, or conflict of interest, relating to
15 Oliver North is addressed. Do you see that?

16 A I do.

17 Q Okay. Do you recall --

18 Well, is this (indicating) Audit Committee Report from
19 September 2018 an example of a new style of report at the Audit
20 Committee, to include the details of its related-party
21 transaction reviews?

22 A Yes, sir.

23 Q Okay. And has the Audit Committee followed that
24 practice ever since?

25 A Yes, sir.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Fleming

2133

1 Q And before that, how did the Audit Committee reflect,
2 or document, its reviews of related-party transactions?

3 A Well, as we discussed earlier, the secretary would take
4 notes of all the discussions and everything and if we approved
5 it or disapproved -- either one -- he would take minutes. Then,
6 at some point in the future -- and I'm not saying a long time;
7 could be a day, could be a week; I don't know. I mean, it
8 varied -- he would then create -- he would then create an Audit
9 Report that referenced either -- well, I mean, the Audit
10 Report's always going to reference accepting the minutes,
11 because if there are any problems, we're going to make them --
12 we're going to have them fixed before we addressed it.

13 Q Okay. Understood.

14 So I'd like to change topics.

15 THE COURT: I have a little bit of time on the
16 clock. Do we have a shot at getting Mr. Cotton out of here?

17 MR. FLEMING: We do.

18 THE COURT: Well, I don't know how much redirect
19 there's going to be.

20 MR. SHIFFMAN: Probably very little, your Honor --

21 THE COURT: Okay.

22 MR. SHIFFMAN: -- or none.

23 MR. FLEMING: I have -- I have, at most, three
24 small topics; maybe two. Maybe I can cut it.

25 Q So, did there come a time in July of 2018 when

ALAN F. BOWIN, CSR, RMR, CRR

4 Q And you testified, did you not, about having to leave
5 that July 30th meeting?

6 A Yes, sir.

7 Q Okay. You had to catch a flight, right?

8 A That's correct.

9 Q All right.

10 MR. FLEMING: Could I call up PX 2062 for

12 (To counsel) I don't think you guys have an

14 MR. SHIFFMAN: I don't believe so. Let me just

22 Do they know what this is?

11 A Yes, sir, that's the e-mail address.

12 Q And do you recall receiving this e-mail from Mr. Frazer
13 on July 30th, in the evening?

14 A I -- I do.

15 Q And do you recall --

16 Well, what do you recall about what, if anything, he

18 A Let me see if I can keep it in -- in correct sequence.

19 Excuse me (coughing.)

20 I had spoken -- I spoke to David Coy; he was my

1 after getting this.

2 Q Okay. And do you recall receiving a package from
3 Mr. Frazer?

4 A I do.

5 Q And what was in that package?

6 A The -- I remember getting a copy of the -- I forget
7 what its title was -- Top Ten Concerns, or something like that,
8 that had been distributed during the meeting with the folks from
9 Financial Services Division that came forward with -- with a
10 list of concerns. I believe there was something else in that
11 package; I think it was a copy of this e-mail, but I may be
12 wrong.

13 Q Well, in the e-mail he writes, does he not, in the
14 second sentence: "They brought a number of additional concerns
15 to the table" --

16 Referring to the whistleblowers, right?

17 A Yes, sir. That's the list I was talking about.

18 Q -- "along with more details or documentation of the
19 issues I outlined. I'm sending each of you a package of
20 information by priority FedEx."

21 Did you receive that FedEx?

22 A I remember receiving a FedEx package from Mr. Frazer,
23 yes, sir.

24 Q Okay. In the interests of time, I'm going to move on,
25 quickly, and show you -- and, hopefully, this objection won't

2 (Pause.)

3 MR. FLEMING: Not for the jury. Sorry.

4 (Pause.)

5 Q Mr. Cotton, did there come a time, in or around April
6 of 2019, when there were press reports about the NRA that
7 presented unfavorable information about the NRA?

8 A Yes, sir.

9 Q Okay. And do you recall having communications with
10 Mr. Frazer about that?

11 A I did.

12 Q All right. And if you look at this e-mail, at the
13 bottom, is that your e-mail address?

14 A Yes, sir.

15 Q And do you recall receiving an e-mail from Mr. Frazer,
16 at or about that time, concerning these issues?

17 A I recall receiving that e-mail; I couldn't tell you --
18 I assume it's that time because that's what's on the e-mail, but
19 I just couldn't -- I don't know when I opened my computer. If I
20 was on the road, it would have taken a little longer.

21 MR. FLEMING: (To counsel) Do you have an
22 objection?

23 MR. SHIFFMAN: I mean, our objection is to lay the
24 foundation and -- and that it's hearsay without a -- to the
25 attachment. I'm sorry; to the attachment to the e-mail.

ALAN F. BOWIN, CSR, RMR, CRR

1 (To counsel) Are you just talking about the e-mail
2 itself or are you doing the attachment, as well?

3 MR. FLEMING: I would like to do the attachment.

4 You guys have it in native form. I've seen it but
5 I don't --

6 MR. SHIFFMAN: We have it.

7 MR. FLEMING: Yeah.

8 MR. SHIFFMAN: Yeah. And our objection was on
9 hearsay and lack of foundation. And --

10 MR. FLEMING: I don't have it. You guys have it.

11 MS. STERN: Oh, you don't have it?

12 MR. FLEMING: I mean, I have it in hard-copy form.

13 THE TECHNICIAN: Excuse me. I have it.

14 MR. FLEMING: You have it. I'm sorry. Can we pull
15 it up? Just not for the jury.

16 Your Honor, I'll be done shortly after this.

17 (Pause.)

18 BY MR. FLEMING:

19 Q And, Mr. Cotton, have you ever seen this list before?

20 A I have.

21 Q And did you obtain this from Mr. Frazer?

22 A Yes, sir.

23 Q Okay. Did this respond to your question to him?

24 A I'm sorry; does it ...? I'm sorry; I missed the
25 question.

5 THE COURT: Overruled.

6 THE WITNESS: Oh, I'm sorry, Judge.

7 THE COURT: Go ahead. You can answer.

8 A I don't know if I asked him to re-send it, but I asked
9 him to put this together and to give it to me, and he did.

10 MR. FLEMING: I ...

11 THE COURT: Okay. Does the NRA have any objection
12 to --

13 MS. ROGERS: No objection.

14 MR. SHIFFMAN: We have objections on hearsay and
15 privilege.

16 MS. CONNELL: There's a waiver of privilege, your
17 Honor, and it includes legal conclusions.

18 THE COURT: It's not your privilege to object to.
19 That's why I asked.

20 MS. ROGERS: To me, this looks like a list of
21 something in news articles, which --

22 THE COURT: I'm looking at the column I.

23 MR. SHIFFMAN: Yes, your Honor; that's what we were
24 looking at, as well.

4 THE COURT: This is a -- this is --

5 This is coming from Mr. Frazer, the general
6 counsel --

7 MS. ROGERS: Just give me one moment, your Honor.
8 I apologize. I'm on an angle, so I couldn't see column I.

9 (Pause.)

10 MS. ROGERS: I'm sorry. We're going to object to
11 this.

12 MR. FLEMING: Okay, fine.

13 Take it down, please.

14 (Pause.)

15 THE COURT: When you bat 300, you're in the Hall of

20 BY MR. FLEMING:

21 Q Mr. Cotton, I'm going to ask you one question: With
22 respect to press reports that appeared in the spring of 2019
23 about the NRA, you testified you had conversations with
24 Mr. Frazer; correct?

25 A That's correct.

ALAN F. BOWIN, CSR, RMR, CRR

1 Q Did you have any understanding of whether he was
2 looking into and/or investigating these issues?

3 MR. SHIFFMAN: Objection; lack of foundation, and
4 leading.

5 A It was -- it was --

6 THE COURT: Overruled.

7 A -- my -- I hesitate to say -- instruction. I'm sorry.
8 Mr. Frazer doesn't work directly for me, but I asked him to look
9 into these, to the extent he had any information. It was that
10 stuff that Ackerman McQueen started spewing out during our, what
11 I call, Convention Week in 2019.

12 Q Okay.

13 MS. ROGERS: I'll caution the witness --
14 Sorry to interrupt.

15 The witness can testify about facts he learned from
16 the media, but not about legal advice that Mr. Frazer gave.

17 THE WITNESS: Yes, ma'am.

18 MR. SHIFFMAN: And we object to the
19 sword-and-shield use of privilege.

20 Q Last topic: Mr. Cotton, you were asked questions about
21 the SLC. Do you recall?

22 A Yes, sir.

23 Q And that's the Special Litigation Committee?

24 A Yes, sir.

25 Q Why was the Special Litigation Committee formed?

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Fleming

2142

1 A It was formed because, at the time, our executive
2 director -- he's actually the CEO in the private sector -- Wayne
3 LaPierre, had been sued individually, as had Mr. Frazer, in this
4 particular lawsuit. And I'm trying to get my timing correct. I
5 believe Mr. -- I believe Mr. LaPierre was a defendant and, you
6 know, battling lawsuits against Ackerman McQueen. I believe
7 they counterclaimed against him at that time. So he would have
8 had a conflict. That would be Mr. Fra -- I mean Mr. LaPierre
9 only; not Mr. Frazer.

10 That's the reason it was created: So that people who
11 had a -- a -- you know, if they had a conflict, we didn't want
12 those folks -- "we" being the board -- didn't want those folks
13 running the litigation.

14 Q Now, as a consequence of this conflict and the
15 formation of the Special Litigation Committee, did the Special
16 Litigation Committee have to take over any responsibilities that
17 Mr. Frazer had been performing up to that point?

18 A The only thing that -- that we would be taking over in
19 terms of --

20 Well, first of all, we took over none of his
21 responsibilities as secretary of the -- you know, the corporate
22 secretary. The only responsibilities we would be taking over
23 from him as general counsel would be those that were related to
24 dealing with -- with the particular lawsuit; either this one or
25 the Ackerman McQueen case.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Fleming

2143

1 Q And did that include reviewing the Brewer firm's
2 invoices?

3 A Yes, sir.

4 Q And prior to this formation of the Special Litigation
5 Committee, did Mr. Frazer have that responsibility?

6 A Well, not solely. He was one -- he was one person who
7 over -- looked over the bills.

8 Q And who else had looked over the billings?

9 A Craig Spray, at the time, was -- was our -- I don't
10 remember if he had been elected treasurer yet, but he was at
11 least CFO; he looked over the bills.

12 I'm trying to remember who else.

13 It was at least those two.

14 Q And were you aware that there was an outside insurance
15 company that was also looking at those bills?

16 MR. SHIFFMAN: Objection; lack of foundation.

17 MR. FLEMING: I'm asking his awareness.

18 A Yes, sir.

19 THE COURT: Overruled.

20 MR. SHIFFMAN: And outside the scope.

21 THE COURT: Overruled.

22 A At that particular time, yes, sir. A third party was
23 reviewing the -- the Brewer bills, as well.

24 Q And had any of those three parties, to your knowledge,
25 ever indicated they thought that the bills were unreasonable?

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Fleming

2144

1 A No, sir.

2 Q And you're a lawyer; correct?

3 A Yes, sir.

4 Q Okay. As part of the Special Litigation Committee, did
5 you take over, in any part, review of those invoices?

6 A When -- when the SLC was created, we had another
7 attorney -- board counsel -- that was reviewing the bills.

8 Q So you did not review them.

9 A At that -- immediately at that point, no, sir. It --
10 later -- pardon me. That board counsel left; he bought property
11 in Portugal -- pardon me.

12 MS. ROGERS: Excuse me. I'm sorry.

13 The witness can testify about facts but not what
14 board counsel advised.

15 THE COURT: I think --

16 THE WITNESS: Yes, ma'am.

17 THE COURT: Go ahead.

18 A When he -- when -- when that attorney bought property
19 in Portugal, he left, we got -- we got yet another one. But in
20 the -- I'm sorry -- another board counsel. In the interim, all
21 the members of the SLC started reviewing the bills.

22 Q Okay. And in that interim period, did you -- you or
23 anyone else at the SLC -- reach a conclusion that the bills were
24 unreasonable?

25 MR. SHIFFMAN: Objection; lack of foundation.

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Cross/Fleming

2145

1 A I -- I did not.

2 THE COURT: Overruled.

3 A And none of the other members of the SLC expressed to
4 me that they did.

5 MR. FLEMING: Nothing further.

6 I am sorry it took so long.

7 MR. SHIFFMAN: Your Honor, we just have a couple of
8 questions.

9 THE COURT: Okay.

10 MR. SHIFFMAN: I thought we were done.

11 REDIRECT EXAMINATION

12 BY MR. SHIFFMAN:

13 Q Mr. Cotton, you --

14 MR. SHIFFMAN: Can you hear me?

15 (The court reporter nodded.)

16 Q Mr. Cotton, you recall, you were asked some questions
17 about a review of some insurance bill -- or insurance company
18 reviewing the legal bills?

19 A Yes, sir.

20 Q Okay. And do you recall that you testified that the
21 review of those bills only covered a period of several months?

22 A That sounds about right, yes, sir.

23 Q All right. And do you also recall that that review of
24 the -- Brewer's bills was only for a portion of the work that
25 was done, not all of the Brewer bills?

ALAN F. BOWIN, CSR, RMR, CRR

Cotton - by Plaintiff - Redirect/Shiffman

2146

1 A Yes, sir; a significant portion. But yes, sir, just a
2 portion. It wasn't everything.

3 Q All right. I'm going to read to you, sir, from your --
4 I believe it's your June 17th, 2022 transcript; page 345, line
5 9, through line 23:

6 "Question: So when you say a third party was
7 vetting Brewer's bills, it was not for all of Brewer's work
8 that was billed to the NRA; correct?

9 "Correct.

10 "It was just for some work.

11 "Yes" --

12 I'm sorry.

13 "Question: It was just for some work?

14 "Answer: Yes, ma'am.

15 "Question: Do you -- can you give me an estimate
16 of the percentage of work that was covered?

17 "Answer: I don't know.

18 "Question: No? Okay. Who would know? Do you
19 know who within the NRA would know the answer to that
20 question?

21 "Answer: I don't."

22 MR. SHIFFMAN: Okay, thank you.

23 We pass the witness.

24 No further questions, and thank you very much,

1 THE WITNESS: Thank you, sir.

2 MS. ROGERS: I might -- I'm sorry. I might have a
3 bit more; five or ten minutes, and if Mr. Cotton could join
4 us in the morning, I wonder if that would be best.

5 THE WITNESS: I'm sorry?

6 THE COURT: Well, first of all, it's Friday.

7 MS. ROGERS: I'm sorry. Not tomorrow morning.

8 THE COURT: It would be Friday morning.

9 MR. SHIFFMAN: Is it limited to this last
10 questioning?

11 MS. ROGERS: Well, it would be limited, but also
12 some items that were brought up by the other defendants.

13 (Whereupon, the witness spoke to the Court outside
14 the hearing of the reporter.)

15 THE COURT: I would like to finish this witness
16 now, even if it means going to ten of or something, but not
17 beyond that.

18 MS. ROGERS: I don't think we would entertain
19 Mr. Cotton further today, so we'll have him back on our
20 direct case.

21 THE COURT: Yeah, that's what I was going to say.
22 You all could call him if you'd like.

23 All right, sir, you're free to go for now,
24 apparently.

2 THE COURT: You don't have to wait in that room for
3 the rest of the time.

4 THE WITNESS: No more juror jails [sic].

5 THE COURT: (To jury) All right, just hang on one
6 second. We're going to be adjourned for the night. We're
7 off tomorrow. We'll reconvene Friday morning at 9:30. See
8 you all then.

9 Just recall your instructions: Do not talk about
10 the case. Do not research anything you've heard. Try to
11 find things -- just relax and we'll see you Friday.

12 COURT OFFICER: All rise. Jury exiting.

13 (The jury left the courtroom.)

14 THE COURT: Counsel, I'm giving you back all these
15 (indicating) binders, so ...

16 All right. Thanks, everyone. See you on Friday.

17 MR. SHIFFMAN: Thank you, your Honor.

Proceedings

1 THE COURT: Good morning, everyone.

2 Well, I see that the result of me giving you a day
3 off is more letters, so I have to -- more and longer
4 letters -- so I have to remember that. But, on the
5 substance, I did receive the letters from the medical
6 professionals and, you know, obviously, we're starting today
7 in the morning and we'll see how the -- how things go.

8 MR. CORRELL: Appreciate the accommodation, your
9 Honor.

10 THE COURT: And, you know, hopefully, we can, you
11 know, with a break for lunch, you know, test out and try to
12 move it into the afternoon as best we can.

13 I haven't really talked to the plaintiffs about the
14 logistics of completing their case and turning it over to
15 the defendants; you know, whether they're going to be able
16 to, you know, hypothetically, if we have to fill the
17 afternoon with other evidence -- I mean, I don't want to
18 spend a lot of time talking about this now, until we know a
19 little bit more about how this is going to play out, but at
20 the moment, I don't know how many other witnesses you have
21 after Mr. LaPierre.

22 MS. CONNELL: Thank you, your Honor.

23 Yeah. We spoke to Mr. LaPierre's counsel
24 (indicating) in terms of today and we're hopeful that if he
25 can make it to the afternoon break, we can play the

1 deposition trans -- the deposition testimony of Craig Spray,
2 which is about, I think, an hour and 20 minutes, an hour and
3 a half. We have one issue to resolve with that, and I have
4 an e-mail to submit to your Honor. That was that one
5 hearsay issue that you wanted to talk about. I think it
6 will be very quick.

7 After that, we hope to move to Mr. Frazer and then
8 we have some short -- relatively short -- deposition
9 testimony and some live testimony to get in, and then we go
10 to our expert, Eric Hines.

11 We hope to wrap up on Tuesday, your Honor.

12 THE COURT: Okay. And do you have a current feel
13 for the relative time between the parties, or you're not
14 ready for that report yet?

15 MS. CONNELL: I do.

16 I think, your Honor -- I just -- let me
17 double-check; I don't want to give you the wrong numbers.

18 Actually, I think, yesterday, the defendants had
19 circulated a time count that we pretty much agreed with,
20 although I'm not seeing it.

21 MS. ROGERS: I circulated it.

22 THE COURT: That's a newsworthy item, in and of
23 itself.

24 MS. ROGERS: Yes.

25 So let's see... All right. So, according to our

ALAN F. BOWIN, CSR, RMR, CRR

Proceedings

2153

1 clock, the AG, as of yesterday -- or as of the day we
2 concluded -- was 27 hours and change, and the defense total
3 is 17 hours and change.

4 THE COURT: Okay.

5 MS. CONNELL: Your Honor, there is one slight issue
6 regarding the testimony today, if you have a moment.

7 THE COURT: I'm just trying to figure out why
8 it's -- what the average per day is.

9 Anyway ...

10 Okay, what's that?

11 MS. CONNELL: Mr. LaPierre --

12 As we had discussed, the plaintiff gave notice to
13 Mr. LaPierre, a few days ago, of what exhibits we intend to
14 use with him. You have the first binder (indicating) of
15 those in front of you. Yes.

16 THE COURT: That's the first binder?

17 MS. CONNELL: The first binder.

18 THE COURT: Okay.

19 MS. CONNELL: But we also let him know the first
20 set of exhibits we intended to go through with him. Those
21 include some invoices from a vendor for whom we have a
22 business record certification. We received objections
23 this -- I think -- this morning or late last night. This is
24 something we previous -- your Honor previously spoke to. We
25 think it's not really an issue but we wanted to raise it,

ALAN F. BOWIN, CSR, RMR, CRR

Proceedings

2154

1 rather than deal with it in front of the jury.

2 THE COURT: Well, look, the principles that were --
3 You're talking about Ms. Rogers' letters from last
4 night?

5 (Ms. Connell nodded.)

6 THE COURT: The legal principle is correct, right?
7 A compilation --

8 Well, is this a compilation exhibit or these are
9 individual invoices?

10 MS. CONNELL: No, your Honor. We're going to be
11 talking about individual invoices for which there's a
12 business record certification.

13 THE COURT: Okay. Well, a lot of the letter was
14 about a compilation, so that's not this issue.

15 But the point she makes is, the individual
16 documents that are in the compilation have to be admissible.
17 And so, is the main issue that the vendor who gave the
18 certification was certifying to records that were in the
19 possession of their client as opposed to certifying to
20 records from their own files? Is that the issue?

21 MS. CONNELL: So, your Honor, I think the issue is
22 that CAA, which is the private-jet source that Ms. Stanford
23 used solely to provide private-jet service for Mr. LaPierre
24 and others at the NRA, would give invoices to her and she
25 maintained those invoices. Rather than Mr. --

ALAN F. BOWIN, CSR, RMR, CRR

Proceedings

2155

1 I forget his name.

2 (Pause.)

3 MS. CONNELL: Darwish.

4 Rather than Mr. Darwish having to go through his
5 paper records which he maintained in a paper format, he
6 reviewed all of the invoice -- invoices -- he had provided
7 to Ms. Stanford. These are invoices the NRA also had; these
8 are invoices Ms. Stanford had; and he looked at them and
9 said, "Yes, those are in fact true and accurate copies of
10 invoices I produced to Ms. Stanford as part of my ordinary
11 course of business." He was an appropriate certifier. He
12 confirmed the records.

13 THE COURT: Right.

14 Now, I think that would -- you know, my view is
15 that there's nothing, in principle, wrong with that. If
16 somebody were testifying, "This is the entirety of our
17 invoices," I don't think that person could look at -- unless
18 they -- unless there was a record showing that they had
19 compared back and forth to say, "This is everything." But
20 as to individual documents, I don't think there's any
21 prohibition on someone being able to review the documents
22 that you have and say, "Yes, those were prepared in the
23 ordinary course, it's in the ordinary course of our business
24 to do it," and all the normal things. But I've had
25 situations, for example, where a bank would say, "Well, I

ALAN F. BOWIN, CSR, RMR, CRR

Proceedings

2156

1 can't testify that you have a complete record based on what
2 you have in front of you; I'd have to get those out of my
3 file."

4 So, if what you're doing today is going to use
5 records that both vendors, I guess, certified are business
6 records but -- you know, including the originating vendor,
7 my lean is that that's sufficient.

8 MS. ROGERS: So, your Honor, just to clarify:

9 There are a couple of layers of issues with these
10 invoices. So, all of the invoices, including the ones
11 certified by the air vendor CAA and the ones certified by
12 the travel agent, Gayle Stanford, all come from the files of
13 Gayle Stanford.

14 THE COURT: I understand that.

15 MS. ROGERS: And the manner in which they were
16 maintained by Gayle Stanford, sort of -- like, I don't think
17 she retained them in a systematic, deliberate way; they were
18 just "in the cloud somewhere," is what she says in her
19 deposition -- makes them unreliable because, as we itemized
20 in our letter, there are instances where a flight is
21 cancelled and rebooked and there are duplicative invoices,
22 and that complicates the summary.

23 And it also means that it's difficult for a witness
24 to look at one invoice, out of context, without comparing it
25 to a calendar or other records and --

1 THE COURT: Well, that's -- that's a different
2 question than whether they are business records. That's
3 what they mean.

4 MS. ROGERS: Well --

5 THE COURT: And they --

6 I get your point, and you can, you know, make
7 whatever arguments you want out of that. But it doesn't
8 mean -- even if various business records were for a flight
9 that was ultimately cancelled and rebooked, that doesn't
10 make the invoice not a business record.

11 MS. ROGERS: Right.

12 I mean, I guess I could quibble with if it was
13 relied on in the ordinary course of business. No one relies
14 on a cancelled invoice.

15 THE COURT: Well, you might.

16 The point is not so much the -- the business record
17 is just to say that there's -- there's something about the
18 manner in which it was prepared and how it fits into the
19 person's business, that it is what it purports to be. So
20 that you're -- you're at least over that initial threshold
21 of: Is this some concocted, after-the-fact, made-up thing?
22 No.

23 Your point is, it may not be an invoice for an
24 actual flight. That's a substantive question about what the
25 invoice means, and both of you can try to make -- you

1 know -- introduce separate proof of that. This is really
2 just to get over the hurdle of: Is this a genuine document?
3 Was it prepared in the ordinary course? And so, that
4 threshold level of admissibility, I think, is --

5 MS. ROGERS: Okay. We understand, your Honor.

6 I think we had separate objections on attempting to
7 summarize and total them up, because some of them are not
8 real. But we understand that's not --

9 THE COURT: That's a slightly different issue,
10 and -- I mean, you make some interesting arguments there
11 about, if the totaling up has got double-counting in it,
12 which is, I think, what I gleaned --

13 MS. ROGERS: That's right, your Honor.

14 THE COURT: -- from your suggestion, I'll certainly
15 want to at least understand what your argument is on that
16 and -- whether it goes to the weight or admissibility of the
17 compilation is the question.

18 All right. So these exhibits are fine, or as
19 individual invoices, subject to you all fighting about what
20 they actually mean.

21 MS. CONNELL: Thank you, your Honor. I just didn't
22 want to have that discussion in front of the jury.

23 THE COURT: Agreed. Thank you.

24 All right. The jury is ready, so shall we get
25 started?

1 MS. CONNELL: Yes, your Honor.

2 The People call Wayne LaPierre.

3 THE COURT: Okay. Yeah, we can wait till the --

4 You may have to say that all over again once the
5 jury is here.

6 MS. CONNELL: Maybe we can have the court officer
7 shout it. He does a good job. I like that; that energy.

8 THE COURT: He's commanding.

9 (Laughter.)

10 (Pause.)

11 COURT OFFICER: Is the Court ready to receive the
12 jury, your Honor?

13 (The Court nodded.)

14 COURT OFFICER: All rise. Jury entering.

15 (The jury entered the courtroom.)

16 THE COURT: Good morning, everyone. Have a seat.
17 Welcome back.

18 All right, Ms. Connell, are you ready to call your
19 next witness?

20 MS. CONNELL: Yes, your Honor.

21 The People call Wayne LaPierre.

22 THE COURT: Okay. Mr. LaPierre ...?

23 (The prospective witness assumed the witness
24 stand.)

25 THE COURT: Good morning.

16 THE WITNESS: Okay.

17 THE COURT: All right, counsel, you may proceed.

18 DIRECT EXAMINATION

11 A Yes.

12 Q You understand that you're not allowed to use your
13 position to unlawfully enrich yourself?

16 interest.

17 A Yes.

19 A Yes.

20 Q And you understand that you're not supposed to
21 self-deal in matters involving the NRA; correct?

22 A Yes.

23 Q And you agree that you have a responsibility to follow
24 the internal policies of the NRA?

25 A Yes.

ALAN F. BOWIN, CSR, RMR, CRR

2162

1 Q And you must act in the best interests of the NRA's

3 A Yes.

4 Q And you agree that it's important to impose high
5 ethical standards on the people who work for you at the NRA;
6 correct?

7 A Yes.

8 Q Since at least 2012, the NRA has paid for you to fly by
9 private charter; correct?

10 A Yes.

11 Q You've previously testified that the NRA requires you
12 to fly by private charter at all times, for security reasons; is
13 that right?

14 A Yes.

15 Q And you claim that this is the NRA's policy because the
16 NRA's former Director of Security, Jim Staples, told you that;
17 is that correct?

18 A Yes.

19 Q Mr. Staples recently retired; yes?

20 A Yes.

21 Q And you hired Mr. Staples as the NRA's Director of
22 Security in 2015; correct?

23 A Yes.

24 Q But you had flown by private charter for several years

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2163

1 A Yes.

2 Q There is no written board policy mandating that you fly
3 by private charter; correct?

4 A No.

5 Q The board has not passed a resolution requiring you to
6 travel by --

7 THE COURT: Hang on, counsel.

8 Sometimes, when the question has a negative in
9 it --

10 MR. CONLEY: Understood.

11 THE COURT: -- and the answer is "no," it's not
12 entirely clear whether the answer is "no" to the question or
13 "no" to the last section which says, "is it correct?" So
14 you might want to be careful about that.

15 MR. CONLEY: Thank you, your Honor.

16 THE COURT: I for one don't know.

17 MR. CONLEY: I'll do that again.

18 Q Mr. LaPierre, isn't it true that there is no written
19 board policy mandating that you fly by private charter?

20 A There is now.

21 Q And when was that put into place?

22 A I believe it was drafted in 2019; it was adopted in
23 2020 by the board, officially.

24 Q Prior to 2020, there was no written board policy
25 mandating that you fly by private charter; is that right?

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2164

1 A Yes.

2 Q And prior to 2020, the board did not pass a resolution
3 requiring that you travel by private charter for security
4 reasons; correct?

5 A Yes.

6 Q You're familiar with Gayle Stanford; correct?

7 A Yes.

8 Q She's a travel consultant?

9 A Yes.

10 Q She made your travel arrangements for about 30 years,
11 right?

12 A Yes.

13 Q And for approximately 30 years, you booked your travel
14 exclusively through her?

15 A Yes.

16 Q Ms. Stanford was never the official travel agent for
17 the NRA, right?

18 A She -- well, she worked for the NRA as -- as a travel
19 agent.

20 Q Right. But the NRA has an official travel agency for
21 NRA employees, right?

22 A Yes.

23 Q And Ms. Stanford isn't that travel agency, right?

24 A Yes.

25 Q And when you made travel arrangements with

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2165

1 Ms. Stanford, you would call her directly; right?

2 A Yes.

3 Q And you didn't communicate with her in writing.

4 A No.

5 Q And when you called her, you would provide her
6 information about when and where you were going; right?

7 A Yes.

8 Q And Ms. Stanford would book your private flights?

9 A Yes.

10 Q And your lodging?

11 A Yes.

12 Q And your black-car services?

13 A Yes, sir.

14 Q And it would be fair to say that given your travel
15 schedule, you would speak with Ms. Stanford frequently; correct?

16 A Correct.

17 Q Fair to say, multiple times a month, on average?

18 A Yes.

19 Q And depending on what was going on, it could be
20 multiple times a week; right?

21 A Yes.

22 Q When you booked private flights with Ms. Stanford, you
23 never discussed the cost of the flights with her; correct?

24 A No.

25 Q I just want to make sure I understand that answer. Yes

ALAN F. BOWIN, CSR, RMR, CRR

1 or no: When you booked private flights with Ms. Stanford, did
2 you ever discuss the cost of the flights with her?

3 A Yes.

4 Q And you tried to tell the truth?

5 A Yes, I did.

6 MR. CONLEY: Jesse, could you pull up the

8 Q When you would book private flights with Ms. Stanford,
9 you didn't know how much the flights cost, right?

10 A No.

11 Q You didn't ask Ms. Stanford how much the flights cost,
12 right?

13 A No.

14 Q And she -- she didn't tell you what the flights cost,
15 right?

16 A No.

17 THE COURT: Counsel, again you're -- you have a
18 negative in the question and a positive in the question, and
19 you're getting a no and I don't --

20 MR. CONLEY: Okay.

21 THE COURT: -- I, for one, don't know whether he is

23 MR. CONLEY: Let me rephrase.

24 Q Mr. LaPierre, when you would arrange private flights
25 with Ms. Stanford, did you know how much the flights cost?

LAS

Direct-LaPierre-Conley

2168

1 A No. No.

2 Q And when you would arrange flights with Ms. Stanford,
3 did you ever ask Ms. Stanford how much the flights cost?

4 A No.

5 Q And when you would book these private flights, would
6 Ms. Stanford ever tell you how much the flights cost?

7 A No.

8 Q And for the travel arrangements that Ms. Stanford
9 provided, she billed the NRA for the cost of the travel?

10 A Yes.

11 Q And this travel wasn't cheap, right?

12 A No.

13 Q We're talking about millions of dollars a year,
14 correct?

15 MR. CORRELL: Objection, your Honor. Assumes facts
16 not in evidence.

17 THE COURT: It's asking about facts. Overruled.

18 A I -- I don't know the total figures. I didn't -- I
19 don't know.

20 Q And to be clear, you are the head of a charity, right?

21 MR. CORRELL: Objection, your Honor. Calls for a
22 legal conclusion.

23 THE COURT: Overruled.

24 A I'm the head of a 501(c)(4) organization.

25 Q Okay. And as the person who oversees a large 501(c)(4)

LAS

Direct-LaPierre-Conley

1 nonprofit, you never asked how much the private flights cost
2 that you were arranging?

3 A I didn't. I was doing my job.

4 Q When you arranged your travel with Ms. Stanford, you
5 would sometime discuss how to invoice your travel, correct?

6 A Pardon me? Could you say that again, counselor?

7 Q When you would arrange your travel with Ms. Stanford,
8 you would sometimes discuss how to invoice your travel, correct?

9 A No.

10 Q Do you recall, Mr. LaPierre, testifying in the NRA
11 bankruptcy proceeding?

12 A Yes.

13 MR. CORRELL: Objection, your Honor. We have an
14 objection to -- that we've discussed before about the
15 bankruptcy proceeding. He was not represented by counsel.
16 Was not given the opportunity to object or cross examine.

17 THE COURT: That might apply to other witnesses but
18 not to himself. So, overruled.

19 MR. CORRELL: Exception, your Honor.

20 Q And you testified you took an oath to tell the truth,
21 right?

22 A Yes.

23 Q And you try to tell the truth?

24 A Yes, I do.

25 MR. CONLEY: Jesse, could you please pull up the

4 A Yes.

5 Q I direct you to the question, "Okay. Did you speak
6 with Gayle about how to invoice your travel?" Do you see that
7 travel?

8 A I do.

9 Q And you -- and the answer, "Occasionally". Do you see
10 that?

11 A I do.

12 Q Okay. Ms. Stanford received a monthly fee for her
13 travel services, right?

14 A Yes. I believe so.

15 Q Why did Ms. Stanford break up that fee into separate
16 monthly invoices that went to NRA, NRA ILA and Ackerman McQueen?

17 A I have no idea.

18 Q But you know that that was done, right?

19 A I did not know that they went to Ackerman McQueen. I
20 assume ILA hired her for something.

21 Q And are you aware that for several years the NRA paid
22 Ms. Stanford more than half a million dollars annually for her
23 services?

24 A I was not aware of the total cost.

25 Q How much did you think the NRA was paying Ms. Stanford?

LAS

Direct-LaPierre-Conley

2171

1 A I wasn't sure to tell you the truth.

5 A Yes. She's my wife's sister's daughter.

6 Q And you consider Ms. Sterner to be family, correct?

7 A Yes, I do.

8 Q And she's an NRA employee?

9 A Yes. That's correct.

10 Q She's been an NRA employee since 2016?

11 A Yes. I believe that's right.

12 Q Your wife Susan recommended that the NRA hire her,
13 correct?

14 A Yes.

15 Q And you supported that, right?

16 A Yes, I did.

17 Q Ms. Sterner lives in Nebraska, correct?

24 A Yes.

25 Q And they have a daughter, right?

LAS

Direct-LaPierre-Conley

1 A Yes.

2 Q And when you would fly by private charter, you would
3 often stop in Nebraska to pick Ms. Sterner up or drop her off,
4 correct?

5 A Sometimes.

6 Q And sometimes Ms. Sterner's husband and daughter would
7 join as well, right?

8 A Occasionally.

9 Q And NRA paid for those private flights, right?

10 A Yes.

11 Q You've been to the Bahamas several times, right?

12 A Yes.

13 Q You and your wife would frequently vacation there in
14 the summers?

15 A Yes.

16 Q And when you would go to the Bahamas, you would take
17 private flights to get there, correct?

18 A Yes.

19 Q And the NRA paid for those flights, right?

20 A Yes.

4 MR. CONLEY: Yes.

5 THE COURT: Invoices. Okay. Are there any
6 objections other than the ones --

7 MS. ROGERS: Preserving the one we made earlier,
8 no.

9 THE COURT: They are admitted, PX 4602, PX 4603 and
10 PX 4605, yes.

11 MR. CONLEY: Yes.

12 MR. CORRELL: Your Honor, Mr. LaPierre preserves
13 the same objection.

14 THE COURT: Okay.

15 Q Mr. LaPierre, I would like to go through these invoices
16 one by one. If we could start with invoice or invoice in tab
17 one, Plaintiff's Exhibit 4602. Do you have that in front of
18 you, Mr. LaPierre?

19 A (Examining). Yes, I do.

20 Q Great. And is this invoice an instance of a private
21 flight you would take where you would stop in Nebraska to pick
22 up Ms. Sterner?

23 A Yes.

24 Q All right. The destination Grand Island, Nebraska,
25 that's one of the private airports where you would stop to pick

2 A Yes.

3 Q Okay. And if we could turn to tab three, Plaintiff's
4 Exhibit 4603. This is another leg of the flight, is that right?

5 It's dated August 25th, 2017 from Grand Island, Nebraska to
6 Nassau, Bahamas?

7 A (Examining). Yes.

8 Q And the -- if we go to tab three, dated September 4,
9 2017, do you have that in front of you?

10 A Yes, I do.

11 Q Okay. And this is an example of a return flight from
12 the Bahamas to D.C., is that right?

13 A Yes.

14 Q All right. Are you aware that Ms. Stanford would often
15 omit information about stops in Nebraska and the Bahamas from
16 her invoices?

17 A No.

18 Q Did you instruct her to do that?

19 A No, I did not.

20 Q You directed Ms. Stanford to book and bill the NRA for
21 private flights where you were not even a passenger, is that
22 right?

23 A Yes.

24 MR. CONLEY: I would like to introduce the exhibit,

13 A Yes.

20 must take the most commercially reasonable transportation?

21 A Yes.

22 Q And employees must fly coach unless there is a special
23 circumstance dictating otherwise?

24 A Yes.

25 MR. CONLEY: I would like to introduce the exhibit

3 MS. ROGERS: Same objection. No others.

4 MR. CORRELL: Your Honor, we had an agreement at
5 the beginning of the case that one objection is objection
6 for all. So rather than cluttering the record with my
7 objections, I'll invoke that rule.

8 THE COURT: That's fine. The Three Musketeers rule
9 I got. PX 4775 is admitted.

10 Q Mr. LaPierre, this invoice reflects another private
11 flight that you authorized for your niece and her daughter,
12 correct?

13 A (Examining). Yes. Yes.

14 Q Okay. And this is a flight from Dallas, Texas to
15 Orlando, Florida on July 1st, 2017, is that right?

16 A Yes.

19 A Yes.

20 Q And this flight was nearly \$27,000, correct?

21 A Yes.

9 A Yes.

10 Q You authorized this flight so that Ms. Sterner --

6 approved for your wife Susan LaPierre, right?

7 A Yes.

8 Q Ms. LaPierre was flying to Nebraska to meet with your
9 niece, Ms. Sterner, right?

10 A Yes.

11 Q There was no NRA event being held in Nebraska at this
12 time, correct?

13 A They were working together on -- on an NRA project.

14 Q That wasn't my question, Mr. LaPierre.

15 A Yes.

16 Q My question was, there was no NRA event being held in
17 Nebraska at this time, is that right?

18 A Correct.

19 Q And this flight was just shy of \$9,000, correct?

20 A Yes.

21 MR. CONLEY: I would like to introduce the exhibit
22 tab 25, which is Plaintiff's Exhibit 4524. I move for its
23 admission.

19 A Yes.

20 Q And the NRA paid for it?

21 A I'm not sure of that. I just know I did not authorize
22 this flight, the invoices here.

23 Q So it's your testimony that you have never authorized
24 Mr. Makris to fly by private charter?

25 A No.

LAS

Direct-LaPierre-Conley

2180

1 Q Let me try to rephrase that. Yes or no, have you ever
2 authorized Mr. Makris to fly by private charter?

3 A Yes.

4 Q And on how many occasions?

5 A I know there was one trip where I was flying back
6 somewhere, Mr. Makris was with me, and they were going to drop
7 him off somewhere.

8 Q Okay. Any other instances?

9 A I know he flew with me a number of times.

10 Q I'm asking about flights where you were not a
11 passenger. Are there any other instances where you authorized
12 Mr. Makris to fly by private charter when you were not a
13 passenger?

14 A Not that I recall right now.

15 Q All right. Ms. Stanford would also arrange black car
16 services for you, correct?

17 A Yes.

18 Q And she would arrange black car serves the your wife
19 and family, is that right?

20 A On occasion.

21 Q And when you would arrange black car services through
22 Ms. Stanford, you weren't aware of how much the cars cost,
23 right?

24 A Correct.

25 Q And you didn't ask Ms. Stanford how much the cars cost,

2 A Correct.

3 MR. CONLEY: I would like to introduce the exhibit
4 at tab 30, Plaintiff's Exhibit 3615, and I move for its
5 admission.

6 MS. ROGERS: No objection.

7 THE COURT: Hearing none, it's admitted.

8 Q All right. Mr. LaPierre, would you agree this invoice
9 reflects black car serves that you arranged for your niece, Ms.
10 Sterner?

11 A (Examining). I -- I believe I'm also on that -- on
12 that -- on that pick up.

13 Q I believe the invoice references you as a customer,
14 right? Is that right?

15 A I'm sorry. Where are you looking, counselor?

16 Q If you look under the Ready to Roll Transportation
17 remit to, if you look at the highlighted language on the
18 screen --

19 A (Examining). Yes.

20 Q -- it lists you as a customer, but below that it lists
21 the passenger, right?

22 A (Examining). It lists -- it lists, as far as I look, I
23 see it lists sedan, airport, Wayne Roberts, which is my middle
24 name, and then Colleen Sterner and it says one.

25 Q Right. And this is black car serves in Dallas, is that

2 A Yes.

3 Q All right. And if you turn to the second page at the
4 top, this is black car serves in Orlando, Florida, right?

5 A (Examining). Yes.

6 Q Right. And we previously discussed a private flight
7 that you arranged for Ms. Sterner going from Dallas to Orlando.
8 That's back at tab 20 Plaintiff's Exhibit 4775. Would you agree
9 that this black car serves is for that flight?

10 A Yes. I believe so.

11 Q All right. And you were not on that flight, right?

12 A That's correct.

13 Q Right. And if you go back to the second page of
14 Plaintiff's Exhibit 3615, tab 30 in your binder, below you see
15 black car serves for Terry Sterner, is that right?

16 A Yes.

17 Q All right. And would you agree that this black car
18 service for the Sterners was approximately \$1,300?

19 A Yes.

20 MR. CONLEY: I would like to introduce the exhibit
21 at tab 31, which is Plaintiff's Exhibit 3662.

22 MS. ROGERS: No objection.

23 THE COURT: Hearing none, it's admitted.

24 Q And, Mr. LaPierre, take a moment to look at the
25 exhibit. My question is, would you agree this is an invoice for

2 A Yes.

3 Q And would you agree that the invoice lists Ms. LaPierre
4 as the only passenger?

5 A Yes.

6 Q And would you agree that this black car service in
7 January of 2018 was approximately \$3,500?

8 A If you add them together, yes. She was working at an
9 NRA event.

10 Q Mr. LaPierre, I would like to ask you about David
11 McKenzie. You've known David McKenzie for a long time, correct?

12 A Yes.

13 Q Going back to the early 1990s?

14 A Maybe even before that.

15 Q And you consider him a friend, right?

16 A Yes. We met through business, but I consider him a
17 friend.

18 Q And you know Mr. McKenzie's wife, Laura McKenzie, as
19 well, right?

20 A Yes.

21 Q Mr. McKenzie owns Associated Television, correct?

22 A Yes.

23 Q And Associated Television has been a vendor of the NRA
24 for over 20 years, right?

25 A Yes.

LAS

1 Q And over the course of the NRA's relationship with

1 Q Numerous times a year?

2 A Yes.

3 Q And you're also familiar with Membership Marketing
4 Partners, right?

5 A Yes.

6 Q It's been a vendor of NRA since 2011?

7 A Yes.

8 Q It's your understanding that MMP is owned by Laura
9 McKenzie; is that accurate?

10 A Yes.

11 Q But you would mostly discuss MMP business with David
12 McKenzie; correct?

13 A Yes, and the managing director and the staff.

14 Q Right. But you would discuss MMP business more
15 frequently with Mr. McKenzie than Ms. McKenzie; correct?

16 A Yes.

17 Q And you're familiar with the entities Allegiance
18 Creative, and Concord Social?

19 A Yes.

20 Q They have also been NRA vendors for about a decade,
21 since 2011; right?

22 A Yes.

23 Q And until 2022, the NRA had separate contracts with
24 MMP, Concord, and Allegiance; right?

25 A I believe that's correct.

1 Q And you signed several of the contracts and amendments,
2 right?

3 A Yes.

4 Q And the NRA paid these three companies separate monthly

6 A I believe so.

7 Q MMP, Allegiance, and Concord have the same employees;
8 right?

9 A Yes.

10 Q Share the same office location?

11 A Yes. I believe some of them are in the NRA building
12 and I believe some of them are in Alexandria, Virginia.

13 Q And in these offices in NRA headquarters and
14 Alexandria, there's the same office for those three entities;
15 right?

16 A Yes.

17 Q And you don't know why the NRA entered into separate
18 contracts with MMP, Allegiance, and Concord; right?

19 A No.

20 Q It's your understanding that MMP, Concord, and

14 A Yes.

15 Q And that's your signature; correct?

16 A Yes.

17 Q When you signed this Review Sheet, it wasn't your
18 practice to read the contract; correct?

19 A I did not read all the contracts. I -- I wasn't a
20 negotiator on the contracts.

21 Q But my question is really just about whether you would,
22 as a practice, review and read the contracts before you signed
23 the Contract Review Signature Sheet; and isn't it true that it
24 was not your practice to read the contract?

25 A Yes. I would rely on advice of our -- our staff.

5 A Yes. Sometimes -- yes, I did not, sometimes.

6 Q And in this case, you did not review the MMP contract
7 or the Business Case Analysis when you signed this contract

9 A Yes. I talked to our treasurer about it; about the
10 contract.

11 Q I'm sorry. You talked to Mr. Phillips about the
12 contract?

13 A Yes.

14 Q Isn't it true that when you were deposed in 2022, you
15 testified that you weren't sure that you had read the Business
16 Case Analysis or the contract for the MMP entities?

17 A Probably. I ...

18 Q Okay. There have been several amendments to the

1 Q This is the first amendment to the 2011 MMP contract,
2 right?

4 Q And you signed this amendment, right?

5 A Yes.

6 Q And this amendment extended the term of the contract
7 for five years, right?

8 (Image modified.)

9 A Yes.

10 Q And the NRA entered into another amendment with MMP, in
11 2017; correct?

12 A Yes.

13 Q If you flip one page back, it's pages 17 and 18 of the

15 A Yes, I see it.

19 A Yes.

20 Q And the first signature is your signature, right?

21 A Yes.

22 Q Under the first amendment to the MMP contract, the term

24 true that when you entered into the second amendment to the MMP
25 contract, there were nearly four years remaining under the prior

1 amendment?

2 A Yes.

3 Q And the second amendment to the MMP contract extended
4 the expiration date for an additional five years, right?

5 A Yes, that's correct.

6 Q That locked the NRA into a nearly nine-year contract,
7 right?

8 A Yes, that's correct.

9 Q And it's your understanding that the NRA was MMP's only
10 client, right?

11 A Yes.

12 Q And the reason you entered into this extension in 2017
13 was because MMP was concerned you might retire, right?

14 A Yes, and their employees were.

15 Q And you learned about these concerns about you
16 potentially retiring from Mr. McKenzie; correct?

17 A And also from the staff; they -- I wanted to keep their
18 core competence intact.

19 Q All right. And if you did retire, MMP's staff was
20 concerned that whoever succeeded you as executive vice president
21 might end the NRA's relationship with MMP; right?

22 A They were very worried. They did not like Chris Cox,
23 they did not have a relationship with him, and -- and I wanted
24 to keep their core competence within the organization on raising
25 money.

2191

1 Q Understood, Mr. LaPierre. Again, please listen to my
2 question. It was a yes or no.

3 So, isn't it true that you agreed to enter into this
4 extension in 2017 to give MMP certainty that the NRA's
5 relationship with MMP would stay the same, regardless of whether
6 you retired?

7 A Yes.

8 Q David McKenzie suggested the contract extension to you,
9 right?

10 A Yes.

11 Q And at the time, the contract extension seemed
12 appropriate to you; correct?

13 A It did.

14 Q But you agree now that entering into this second
15 amendment to the MMP was a governance failure, right?

16 A No. We have changed our policy regarding contracts
17 now, but I didn't consider that back then.

18 Q Back then, you did not consider it to be a governance
19 failure; right? You thought it was appropriate --

20 A Yes.

21 Q -- is that right?

22 A Yes.

23 Q But sitting here today, do you think it was
24 appropriate?

25 A Under our new policies, it would not be appropriate.

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2192

1 Q And what specific policy are you referring to?

2 A We have looked at everything, start --

3 Q I'm only asking you for the actual policy.

4 MR. CORRELL: Objection, your Honor.

5 MR. CONLEY: I apologize.

6 THE COURT: Let him answer. It was an open-ended
7 question.

8 A We no longer have any long-term contracts like this.

9 Q And you concluded that this type of contract, this type
10 of long-term contract, wouldn't occur based on a 360 review that
11 you claim to have initiated at the NRA in 2017/2018; is that
12 right?

13 A I -- I did initiate it.

14 Q A 360 review?

15 A Of every vendor, employee, and all NRA procedures, and
16 New York nonprofit law.

17 Q And this review was initiated in 2017/2018?

18 A It started in 2017 and continued forward for many
19 years.

20 Q And you'd agree that you've signed several of the
21 agreements and amendments with the MMP entities, right?

22 A Yes.

23 Q And on several occasions, you've approved increases in
24 the scope of work for the MMP entities; correct?

25 A Yes, we did.

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2193

1 Q And when you approved increases in the scope of work
2 for MMP, that would increase the fees that MMP would charge;
3 right?

4 A Correct. I would have discussions with them regarding
5 the additional scope of their duties and then they would talk to
6 our treasurer's office about the -- how that would increase
7 fees.

8 Q You testified a moment ago that Mr. McKenzie also owns
9 Associated TV, right?

10 A Yes.

11 Q Associated TV is in the business of producing
12 television shows?

13 A Yes.

14 Q And the NRA started working with Associated TV in the
15 1990s, right?

16 A Yes.

17 Q And it continued working with Associated TV until 2019?

18 A Yes.

19 Q During the time that Associated TV provided services to
20 the NRA, you were the only person at the NRA who requested
21 services from the company; right?

22 A I was the primary -- primary person dealing with them,
23 yes.

24 Q But there was no one else at the NRA that was
25 requesting services from Associated TV, right?

ALAN F. BOWIN, CSR, RMR, CRR

2194

1 A I was the principal.

2 Q My question is that there was no one else that was
3 requesting services from Associated TV. Right?

4 A Yes.

5 Q So, isn't it true that you were the only person at the
6 NRA that was requesting services from Associated Television?

7 A There was an occasion where they did a -- a women's
8 town hall meeting; I believe the -- the Women's Leadership Forum
9 worked with Associated Television on that. I did too.

10 Q Okay. But in terms of requesting services from
11 Associated TV, you were the only one at the NRA that was
12 actually doing that; correct?

13 A Yes. In terms of requesting services, yes.

14 Q And during the NRA's relationship with Associated TV,
15 you weren't always aware of how much the NRA was paying
16 Associated Television; right?

17 A Correct.

18 Q And you didn't monitor what Associated TV billed to the
19 NRA; correct?

20 A Yeah, that's correct.

21 Q You're familiar with the TV program called "Crime

1 Q You were the host of "Crime Strike" for several years;
2 correct?

3 A Yes.

4 Q Starting in the late 1990s?

5 A Yes.

6 Q The NRA paid Associated TV for the production and
7 filming of "Crime Strike" episodes until the end of its
8 relationship in 2019, right?

9 A Yes.

10 Q You stopped hosting "Crime Strike" for several years,
11 beginning in 2014; correct?

12 A At -- at some date -- I'm not sure if it was 2014 -- I
13 stopped hosting "Crime Strike."

14 Q Isn't it true, you don't know who the host of "Crime
15 Strike" was between 2014 and 2018? Right?

16 A I do not.

17 Q And you don't know when Associated TV last filmed and
18 produced an entirely new episode of "Crime Strike"; correct?

19 A Correct.

20 Q And you're not aware of whether any "Crime Strike"
21 episodes were filmed and produced between 2014 and 2018, right?

22 A Correct. I know they were continuing to distribute.

23 Q I -- I'm sorry; "continuing to ..."?

24 A "Distribute."

25 Q Right. But you're not aware of whether any "Crime

2 A No. When I looked at it in 2018, I was -- I was
3 shocked how diminished it had become and I ended the
4 relationship.

5 Q The NRA paid Associated TV millions of dollars, from
6 2014 to 2018, for the production of "Crime Strike"; correct?

7 A I don't know the exact figure.

8 Q You, yourself, have never seen an episode of "Crime
9 Strike" that was filmed and produced after 2014; right?

10 A I know I shot some films of "Crime Strike" in -- I

19 A Correct.

20 Q Most "Crime Strike" episodes were filmed in Los
21 Angeles, right?

22 A Yes.

23 Q At a house owned by David McKenzie?

5 house as a location rental; correct?

6 A I know that now.

7 Q But at the time, you did not know that the NRA was
8 paying Associated TV to use the house owned by David McKenzie as
9 a location rental?

10 A I didn't know the fee arrangement or anything like
11 that.

12 Q And the NRA paid Associated TV approximately \$1.8
13 million in location rental fees for that house; correct?

14 A I know that now, that the NRA paid a significant
15 amount.

16 Q NRA officers and board members are required to submit a

19 A Yes.

20 Q And you also have an independent obligation to report

22 or organizations that present or might present the possibility
23 of a conflict of interest; correct?

24 A Yes.

2 Q And for \$543.91; is that right?

3 A Yes.

4 Q The NRA also reimbursed you, for several years, for a

1 Q Mr. LaPierre, if you could turn to pages 28 and 29 of
2 this exhibit --

3 (Image scrolled.)

4 A Yes.

5 Q -- the NRA also reimbursed you to have your backyard
6 treated for mosquitos; is that right?

7 A Yes, that's correct.

8 Q And this was a recurring charge; correct?

9 A Correct.

10 Q And the Entertainment Report, on pages 28 and 29, the
11 underlying receipt, is this for the mosquito service?

12 A Yes. It was for the security people that have to stay
13 out there all night long.

14 Q And it's for reimbursement of \$810; correct?

15 A Yes.

16 Q You're familiar with the EVP budget; correct?

17 A Yes.

18 (Image removed.)

19 Q And, as the executive vice president, you oversee the
20 EVP budget; right?

21 A Yes.

22 Q You'd agree that under the NRA Bylaws, board members
23 are not compensated; right?

24 A Correct.

25 Q They're volunteer positions?

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2233

1 A Yes.

2 Q But the NRA has paid several of its board members, for
3 decades; correct?

4 A Yes.

5 Q Several people have been paid for consulting services
6 out of the EVP budget, right?

7 A Yes.

8 Q And Marion Hammer is one of them, right?

9 A Yes.

10 Q Marion Hammer is a current NRA Board member; correct?

11 A Correct.

12 Q She served as NRA president from 1996 to '98?

13 A Yes.

14 Q And the NRA has paid Ms. Hammer for consulting services
15 since the 1990s, right?

16 A That's correct.

17 Q And the NRA has paid Ms. Hammer through several
18 different arrangements, right?

19 A Yes.

20 Q And one of them is that she's paid as a consultant by
21 the NRA through the EVP budget, right?

22 A Yes.

23 Q And you've overseen that arrangement; correct?

24 A Yes.

25 Q Now, we've heard testimony in this case about the NRA's

1 Institute for Legislative Action, or NRA/ILA. That's -- it's a
2 division of the NRA; correct?

3 A Yes.

4 Q It operates under the direction of the executive vice
5 president?

6 A Yes.

7 Q Under the Bylaws, NRA/ILA has its own fiscal office;
8 right?

9 A That's correct.

10 Q But it's still part of the NRA, right?

11 A That's correct.

12 Q So, when ILA spends money, it's ultimately the same
13 thing as the NRA spending money; right?

14 A That's correct.

15 Q Until 2022, Ms. Hammer was also paid as a consultant
16 through a separate arrangement with NRA/ILA; correct?

17 A Yes.

18 Q Ms. Hammer is the executive director of a nonprofit
19 called Unified Sportsmen of Florida.

20 A Yes, she is.

21 Q And if I refer to Unified Sportsmen of Florida as
22 "USF," you understand what I'm referring to?

23 A I do. I do.

24 Q NRA/ILA gives grants to USF; correct?

25 A They do.

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2235

1 Q It's provided grants of approximately \$216,000 a year
2 to USF for several years, right?

3 A That sounds about right.

4 Q And nearly all USF's contributions have come from the
5 NRA; correct?

6 A Yes.

7 MR. CONLEY: I'd like to introduce Plaintiff's
8 Exhibit 387 --

9 Q Which is tab 75 in your binder.

10 MR. CONLEY: -- and this is not in evidence.
11 I move for its admission.

12 MR. CORRELL: Foundation, your Honor.

13 THE COURT: Subject to that?

14 MR. CORRELL: Yes, your Honor.

15 THE COURT: Okay.

16 So you can proceed.

17 Q Mr. LaPierre, do you recognize the exhibit PX 387?

18 A Yes, I do.

19 Q If you turn to the last page, is that your signature at
20 the bottom?

21 A Yes, it is.

22 Q And is that your handwriting next to the signature?

23 A Yes.

24 Q Is this a contract that the NRA entered into with
25 Marion Hammer in 2017?

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2236

1 A Yes.

2 MR. CONLEY: Your Honor, I move for admission.

3 MR. CORRELL: No objection.

4 MS. ROGERS: No objection.

5 THE COURT: It's admitted.

6 (Image displayed.)

7 Q Mr. LaPierre, under the terms of this agreement,
8 Ms. Hammer would receive \$165,000 in annual compensation
9 directly from the NRA; right?

10 A That's correct.

11 Q And prior to this arrangement, the NRA had been paying
12 Ms. Hammer \$84,000 a year through the EVP budget; correct?

13 A I believe that's correct.

14 Q And so, with this contract, it effectively doubled the
15 amount of money that Ms. Hammer was receiving through the EVP
16 budget; correct?

17 A Yes.

18 Q And you did not inform the Audit Committee about this
19 contract before executing it, right?

20 A No, I didn't. I did not.

21 Q And you'd agree that under NRA policy, this contract
22 required prior approval of the NRA president and one vice
23 president before it was executed; right?

24 A Yes.

25 Q And did you get that approval?

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2237

1 A Not -- not at that time, although it was -- it was in
2 the back of the room at -- on all the 990s before it.

3 Q But you did not get approval of the NRA president and
4 one vice president before this contract was executed, right?

5 A No.

6 Q And under this contract, Ms. Hammer was to provide
7 services as may be requested by the NRA and NRA/ILA; right?

8 A Yes.

9 Q But Ms. Hammer was also getting paid by NRA/ILA during
10 this period, right?

11 A Yes.

12 Q Less than five months after entering into this
13 contract, in April of 2018 you negotiated and executed a new
14 contract with Ms. Hammer; right?

15 A Yes, that's correct.

16 MR. CONLEY: I'd like to introduce Plaintiff's
17 Exhibit 386, at tab 76.

18 (To counsel) And I believe this is admitted?

19 THE COURT: It's already in evidence?

20 MR. CORRELL: No objection.

21 MS. ROGERS: No objection.

22 MR. CONLEY: I move for admission.

23 I think it might be admitted already.

2 Q Mr. LaPierre, is that your signature at the bottom of
3 the page?

4 A Yes, it is.

5 (Image modified.)

6 Q This contract increased Ms. Hammer's compensation to
7 220,000, annually; correct?

8 A Yes, that's correct.

9 Q For a ten-year period?

10 A Yes, that's correct, with a 30-day cancellation.

11 Q This agreement was not approved by the Audit Committee
12 before it was executed, right?

13 A That's correct.

14 Q And it wasn't approved by the NRA president and a vice
15 president, either; right?

16 A That's correct, I believe.

17 Q And there was no Business Case Analysis completed for
18 this contract, right?

19 A Correct.

20 Q I'd like to discuss some other board members:
21 Sandra Froman is an NRA Board member, right?

22 A Yes.

23 Q And she's been a board member since 1992?

24 A Yes.

25 Q And she was NRA president from 2005 to 2007?

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2239

1 A Yes, she was.

2 Q And the NRA paid Ms. Froman approximately \$40,000,
3 annually, for several years; right?

4 A Yes, that's correct.

5 Q The NRA didn't have a written contract with Ms. Froman;
6 correct?

7 A I believe that's correct.

8 Q And Ms. Froman was paid through the EVP budget, right?

9 A Yes.

10 Q And you're familiar with David Keene; right?

11 A Yes.

12 Q David Keene's a board member?

13 A Yes.

14 Q He was NRA president from 2011 to 2013?

15 A That's correct.

16 Q The NRA paid Mr. Keene approximately 50,000 a year, for
17 several years; right?

18 A Yes, that's correct.

19 Q He was paid through the EVP budget; correct?

20 A Yes.

21 Q You're familiar with Kayne Robinson; correct?

22 A I am.

23 Q He's on the Executive Council?

2 A Yes.

3 Q And the NRA paid Mr. Robinson through the EVP budget,
4 for several years; correct?

5 A Yes, that's correct.

6 Q You're familiar with Mary Mallus; correct?

7 A Yes.

8 Q She was a consultant for the NRA?

9 A Yes, she was.

10 Q She worked on Women's Leadership Forum projects, right?

11 A Yes.

12 Q And she was your wife's administrative assistant;
13 correct?

14 A She worked for the -- the Office of -- well -- Office
15 of Advancement Women's Leadership Forum, but she worked directly
16 with my wife on a daily basis.

17 Q And she was paid out of the EVP budget, for several
18 years; right?

19 A Yes.

20 Q Approximately \$160,000 a year?

21 A Yes.

22 Q And your wife recommended that the NRA retain her,
23 right?

24 A Yes.

25 Q In addition to the NRA, Ms. Mallus also provided

1 services to Youth For Tomorrow; correct?

2 A I believe, some. I don't -- I don't know for sure.

3 Q Ms. Mallus previously worked at PM Consulting with your
4 wife, Susan; correct?

5 A I don't know.

6 Q Ms. Mallus would have worked from your residence with
7 your wife, Susan; right?

8 A Yes. I believe she worked for the Carlyle Group;
9 Ms. Mallus did.

10 Q Now, you are familiar with Kyle Weaver; correct?

11 A Yes.

12 Q He was the Executive Director of General Operations for
13 about ten years?

14 A Yes.

15 Q You hired him for that position, right?

16 A Yes, I did.

17 Q You fired Mr. Weaver in 2016?

18 A Yes.

19 Q You felt that Mr. Weaver would not take your direction.

20 A There were many issues.

21 Q You felt that --

22 Employees of General Operations were complaining about
23 his management style; is that right?

24 A Yes.

25 Q And you claim that he was doing things behind your

ALAN F. BOWIN, CSR, RMR, CRR

1 back, right?

2 A Yes. That's true too.

3 Q The day Mr. Weaver was fired, he was escorted out of
4 NRA headquarters by security; right?

5 A That's correct.

6 Q And on the same day, four of his direct reports in
7 General Operations were also fired; is that correct?

8 A I believe that's true.

9 Q And they were also escorted out of NRA headquarters by
10 security.

11 A I'm not sure of that, but may -- possibly.

12 Q After Mr. Weaver was fired, you directed the NRA to
13 enter into a severance agreement with him; correct?

14 A There was a severance agreement entered into.

15 Q And you directed the NRA to enter into that severance
16 agreement; correct?

17 A I knew they were negotiating one; I didn't participate
18 in the negotiation.

19 Q You tried to structure an exit agreement with him;
20 correct?

21 A Yes; NRA did.

22 (Continued on next page.)

24

25

ALAN F. BOWIN, CSR, RMR, CRR

Direct-LaPierre-Conley

2243

1 Q My question is, did you structure an exit agreement
2 with him?

3 A I wasn't the one who structured it. One was
4 structured.

5 Q Did you direct the NRA to enter into an exit agreement
6 with him?

7 A Yes.

8 Q And under that agreement the NRA paid Mr. Weaver
9 approximately \$1.8 million, right?

10 A I believe that's true.

11 Q And you directed the NRA to pay Mr. Weaver \$1.8 million
12 because you were concerned he might badmouth the NRA, correct?

13 A No. I think we wanted to treat him fairly for his
14 service. I think we thought that he was going to be within the
15 community still, and we wanted to treat him fairly, and that
16 severance agreement seemed fair.

17 Q So you were not -- you did not direct the NRA to pay
18 Mr. Weaver \$1.8 million out of concern that he might badmouth
19 the NRA?

20 A No, that wasn't my principal concern.

21 Q Woody Phillips was the CFO and treasurer of the NRA for
22 approximately 25 years, correct?

23 A Yes.

24 Q He joined the NRA shortly after you became the
25 executive vice president?

LAS

Direct-LaPierre-Conley

2244

1 A Yes.

2 Q As the chief financial officer he reported directly to
3 you, right?

4 A Yes.

5 Q Had Mr. Phillips ever been a CFO before coming to the
6 NRA?

7 A He was an auditor for Pricewaterhouse.

8 Q Right. That wasn't my question. Had Mr. Phillips ever
9 been a CFO before coming to the NRA?

10 A I don't believe so.

11 Q Had he ever been the treasurer of a large organization
12 before coming to the NRA?

13 A I don't believe so.

14 Q The last several years of Mr. Phillips' tenure at CFO
15 and treasurer he lived in Dallas, correct?

16 A Yes.

17 Q And you were aware that he was working mostly from
18 Dallas?

19 A Yes.

20 Q And you approved of that arrangement?

21 A Yes.

22 Q Woody Phillips retired in 2018, correct?

23 A Yes.

24 Q And before he retired, the NRA and Mr. Phillips entered
25 into a post-employment consulting contract, correct?

LAS

Direct-LaPierre-Conley

2245

1 A That's true.

2 Q And you're not aware of Mr. Phillips performing any
3 consulting services to the NRA after he retired, correct?

4 A I -- I wouldn't have been in the middle of that. It
5 would have been -- I wouldn't have been in the middle of that.

6 Q But sitting here right now, you're not aware of
7 Mr. Phillips having performed any consulting services of the NRA
8 after he retired, right?

9 A I know he worked with donors in terms of keeping up
10 relations in Texas.

11 Q Do you recall testifying in the investigation in this
12 matter, in an examination?

13 MR. CORRELL: Objection, your Honor.

14 A I just don't recall.

15 THE COURT: Wait a second. Is this kind of a
16 transcript where the witness doesn't get to see the
17 transcript and correct it?

18 MR. CORRELL: Yes, your Honor.

19 MR. CONLEY: Yes, your Honor. There is no errata.

20 THE COURT: Sustained.

21 MR. CONLEY: I would like to introduce and move for
22 admission of the exhibits tabbed 84, 85 and 86, which are
23 Plaintiff's Exhibits 2500, 337 and 3054.

LAS

Direct-LaPierre-Conley

2246

1 MS. ROGERS: No objection.

2 MR. CORRELL: No objection.

5 Q Okay. Mr. LaPierre, I would like to direct you to
6 Plaintiff's Exhibit 2500, which is tab 84 in your binder.

7 A Yes, I see it.

8 Q This is a post-employment agreement between you and the
9 NRA, correct?

10 A (Examining). Yes.

11 Q The agreement is dated December 1st, 2013?

12 A Yes.

13 Q And on the last page of this exhibit that's your
14 signature, correct, on the right side?

15 A (Examining). Yes, that's correct.

16 Q Isn't it correct that you would be paid under this
17 agreement if you retired or were voted out as executive vice
18 president?

19 A That's correct.

20 Q And this agreement provided that you would receive
21 \$1.1 million a year for five years, correct?

22 A That is correct.

23 Q The NRA board did not approve this agreement before it
24 was signed, correct?

25 A I don't know. It was presented to me by the president

LAS

Direct-LaPierre-Conley

1 of the NRA and the counsel to the board as something they wanted
2 to do.

3 Q So, sitting here today you have no knowledge of the NRA
4 board having approved this agreement, correct?

5 A I don't, but I wouldn't have been in on those meetings.

6 Q And would it be fair to say you have no knowledge of
7 the audit committee having approved this agreement in advance?

8 A That's correct.

9 Q I would like to turn to Plaintiff's Exhibit 337, which
10 is tab 85.

11 MR. CONLEY: And this is admitted.

12 Q Mr. LaPierre, do you recognize this document?

13 A (Examining). Yes, I do.

14 Q It's a 2015 extension of your 2013 post-employment
15 agreement, right?

16 A Yes, that's correct.

17 Q And this contract extends the 2013 post-employment
18 agreement two years, correct?

19 A Yes. That's correct.

20 Q All right. I would like to turn to Plaintiff's
21 Exhibit 3054, which is tab 86. Do you recognize this agreement?

22 A (Examining). Yes, I do.

23 Q And this agreement superseded your 2015 agreement,

25 A Yes. That's correct.

LAS

1 Q And it extended the term of your post-employment
2 contract to 2023, is that right?

3 A Yes. That's correct.

4 Q And you have no knowledge of the NRA board having
5 approved this agreement, correct?

6 A That's correct.

7 THE COURT: This didn't go up on the screen by the
8 way. I don't know if you're intending it to.

9 MR. CONLEY: Thank you, your Honor.

10 THE COURT: Is this admitted?

11 MR. CONLEY: Yes, it is.

12 A Although again it was presented to me by the -- by the
13 president and the general counsel to the board.

14 Q Understood. And to your knowledge the audit committee
15 did not approve this in advance, correct?

16 A That's correct.

17 Q And, Mr. LaPierre, I would like to turn to tab 87,
18 which is Plaintiff's Exhibit 3073.

19 MR. CONLEY: This is admitted.

20 Q And, Mr. LaPierre, this is a contract extension
21 modifying your 2016 post-employment agreement, right?

22 A That's correct.

23 Q And the agreement, it's dated April 30th, 2018,

5 Q To 2030?

6 A Yes. That's correct.

7 Q It provided that you would receive \$1.3 million in
8 2019, right?

9 A Yes.

10 Q And then \$1.5 million for six years from 2020 to 2025?

11 A Yes.

12 Q And then \$1.3 million for two years in 2029 and '30.
13 And I skipped the three years, 2026, 2028 of 1.5 million for
14 those three years, is that right?

15 A Yes. You're correct.

18 A No, I don't.

19 Q And you have no knowledge of the audit committee having
20 approved this agreement, correct?

21 A No, I don't.

22 Q And would you agree that under this agreement if

4 THE COURT: I was going to overrule it anyway.

5 Q All right. Mr. LaPierre, I would like to turn to tab
6 88, which is Plaintiff's Exhibit 572.

7 MR. CONLEY: And I believe this document is
8 admitted into evidence.

9 Q Mr. LaPierre, in January of 2021 you entered into a new
10 employment agreement with the NRA, correct?

11 A Yes. That's correct.

12 Q And this January 7th, 2021 agreement replaced your
13 prior post-employment agreements, right?

14 A That's correct.

15 THE COURT: Did you say January 2021?

16 MR. CONLEY: Yes, your Honor.

17 Q And you signed this agreement almost four years after
18 the 360 degree review you referenced started, right?

19 A Yes.

20 Q And four months after this lawsuit was commenced,
21 correct?

22 A Yes. Yes.

23 Q And this 2021 employment agreement promised you less
24 money than your prior agreement, right?

25 A Yes.

LAS

Direct-LaPierre-Conley

2251

1 Q It provides that the NRA, the sole option, may pay up
2 to \$500,000 a year for the use of your name, likeness and

4 A Yes, that's correct.

5 Q And for this contract you sought board approval,
6 correct?

7 A Yes. This went to the board.

8 Q And but you interpreted this 2021 agreement as giving
9 you the authority to file for bankruptcy on behalf of the NRA,
10 right?

11 A Yes, I did.

12 Q And eight days after this contract was approved by the
13 board, you signed the NRA's petition for Chapter 11 bankruptcy,
14 right?

15 A Yes. That's correct.

16 Q You attended part of the January board meeting where
17 your employment agreement was approved, right?

18 A I was not in the room when this employment agreement
19 was discussed. I was asked to leave the room.

20 Q But you were at the meeting prior to that, before it
21 went into executive session?

22 A Yes.

23 Q And you presented the board with your employment
24 agreement, right?

25 A No, I didn't. It would have been presented by the

LAS

1 compensation committee or the officers.

2 Q But the board was presented with your employment
3 agreement at this meeting?

4 A Yes, they were.

5 Q And would you agree that filing for bankruptcy is a
6 significant decision for the NRA?

7 A Yes.

8 Q And you believe that this agreement gave you the
9 authority to put the NRA into bankruptcy, right?

10 A I did.

11 Q And if you could turn to the first page of the
12 employment agreement, Plaintiff's Exhibit 572, under "Duties and
13 Compensation". Do you see that provision?

14 A (Examining). Yes, I do.

15 Q Okay. And direct your attention, "Among his
16 authorities employees shall be empowered to exercise corporate
17 authority and furtherance of the mission and interests of the
18 NRA." Do you see that language?

19 A Yes, I do. Yes.

20 Q And then it continues, "Including without limitation to
21 reorganize or restructure the affairs of the association for
22 purposes of costs minimization, regulatory compliance or
23 otherwise." Do you see that?

24 A Yes, I do.

25 Q And this is the language that you believe gave you the

LAS

Direct-LaPierre-Conley

2253

1 authority to put the NRA into bankruptcy, correct?

2 A Yes, I do.

3 Q You would agree this language doesn't actually say
4 bankruptcy, right?

5 A It doesn't actually say bankruptcy but -- but
6 restructuring and reorganizing, that was -- that would have been
7 an option.

8 Q At the January 7th board meeting you didn't tell the
9 NRA board that you were considering filing for bankruptcy,
10 right?

11 A No, I did not.

12 Q And the board did not pass a resolution approving the
13 filing of the bankruptcy at the January 7th meeting, right?

14 A That's correct.

15 Q And you have no reason to believe that the NRA board
16 was told at this January 7th meeting that bankruptcy was being
17 considered, right?

18 A Well, they saw this resolution and they -- they -- it's
19 one of the options they -- they -- I think would have read into
20 it.

21 Q And when you say "this resolution", are you referring
22 to the provision of your employment agreement that we just went
23 through?

24 A Yes. The reorganization and restructure.

25 Q Okay. Mr. LaPierre, you made the decision to file for

LAS

Direct-LaPierre-Conley

1 bankruptcy, correct?

2 A Yes, I did, after consulting with the special
3 litigation committee and with counsel.

4 Q And the committee, the special litigation committee,
5 that was appointed by Carolyn Meadows, right?

6 A Yes. And it -- Yes.

7 Q And the special litigation committee included
8 Ms. Meadows, Charles Cotton and Willes Lee at that time,
9 correct?

10 A That is correct.

11 Q Other than the three members of the special litigation
12 committee, you did not advise any of the other members of the
13 board that you were filing for bankruptcy before you did so,
14 correct?

15 A I did not. I thought about it. And the special
16 litigation committee, they had very strong feelings about it.
17 And we had a very strong feeling that given the Attorney
18 General's position, that she would try to go to a judge and put
19 the NRA into a receivership, which would take control of the NRA
20 away from the NRA, because she had been very clear that during
21 her campaign she considered the NRA a criminal terrorist
22 organization and wanted to open an investigation.

23 MR. CONLEY: Your Honor, I move to strike that
24 answer as nonresponsive.

25 THE COURT: The question was simply whether he had

LAS

1 advised or did not. So, sustained. He didn't ask at this
2 point why.

3 Q Mr. LaPierre, yes or no, other than the three members
4 of the special litigation committee, you did not advise any of
5 the other members of the board that you were filing for
6 bankruptcy before you did so, correct?

7 A Correct.

8 Q You also decided to file for bankruptcy without
9 informing any of the salaried officers of the NRA, correct?

10 A Well, Mr. Spray had set up a -- a \$5 million trust fund
11 for purposes of restructuring.

12 Q But you decided to file for bankruptcy without telling
13 Mr. Spray or any other salaried officers of the NRA, correct?

14 A That -- that is correct, after consulting with the SLC
15 and with the bankruptcy attorneys.

16 Q The only salaried employee at the NRA besides you who
17 knew about the bankruptcy filing before it occurred was Mr.
18 Arulanandam, correct?

19 A Mr. Arulanandam knew, that's correct.

20 Q And to your knowledge he's the only salaried employee
21 at the NRA besides you who knew about the bankruptcy before the
22 petition was actually filed, correct?

23 A Yes.

24 Q At the time of the NRA's bankruptcy Mr. Arulanandam was
25 the NRA spokesperson, right?

LAS

Direct-LaPierre-Conley

2256

1 A He was the public affairs director.

2 Q And he was informed about the bankruptcy because of the
3 need to get press releases prepared, is that correct?

4 A Yes, and deal with the -- to deal with the outfacing in
5 terms of the media.

6 Q Mr. Frazer was general counsel at the time of the
7 bankruptcy filing, correct?

8 A Correct.

9 Q The top lawyer at the NRA?

10 A Yes.

11 Q And you did not tell Mr. Frazer that the NRA was going
12 to file for bankruptcy, correct?

13 A I -- I did not.

14 Q You did not ask Mr. Frazer for his ideas or input on
15 whether you should file for bankruptcy, right?

16 A No. I did not.

17 Q And at the time of the bankruptcy filing Craig Spray
18 was the CFO and treasurer of the NRA, right?

19 A Yes, that's correct.

20 Q You didn't consult with him about the bankruptcy
21 filing, correct?

22 A Well, as I said, he set up the \$5 million trust fund
23 to -- for purposes of restructuring. So, I think that would
24 have been an option that he would have recognized was available.

25 Q So, yes or no, did you consult with Mr. Spray about the

LAS

Direct-LaPierre-Conley

1 bankruptcy filing before you filed?

2 A No.

3 Q You did not file for bankruptcy because the NRA was
4 financially insolvent, right?

5 A Correct.

6 Q When you filed for bankruptcy, the NRA was in its
7 strongest financial condition in years, correct?

8 A It was in sound financial condition.

9 Q You filed for bankruptcy in an effort to leave New York
10 and reincorporate in Texas, correct?

11 A I filed for bankruptcy to protect the NRA from
12 dissolution and cease of its assets by the Attorney General and
13 to put NRA in a sound position for the future in a state where
14 we felt we would have a fair regulatory playing field, which
15 would be Texas. And we felt we could not get that in New York,
16 where all we were receiving was ill will. During my deposition
17 first in 2020 they had not one question about all the compliance
18 we were doing.

19 MR. CONLEY: Your Honor, I move to strike as
20 nonresponsive.

21 THE COURT: Denied. Denied.

22 Q Two and a half months after the bankruptcy was
23 commenced, the NRA had an emergency board meeting, right?

24 A Correct.

25 Q In March of 2021?

LAS

Direct-LaPierre-Conley

2258

1 A Yes.

2 Q And the board took a vote on the bankruptcy that was
3 already ongoing, correct?

4 A Yes.

5 Q The NRA's bankruptcy proceeding was dismissed, correct?

6 A Correct.

7 Q And it was dismissed as not having been filed in good
8 faith, correct?

9 A I'm not a lawyer. I understand it was dismissed
10 without prejudice, and that the judge trusted NRA to maintain
11 control of its business and said that we understood compliancy
12 and should be trusted to carry forward.

13 Q Mr. LaPierre, the bankruptcy court held that the
14 bankruptcy had been improperly filed to avoid a regulatory
15 enforcement action, right?

16 MR. CORRELL: Objection, your Honor. He's
17 purporting to summarize a Court's opinion in another state
18 in another case.

19 THE COURT: Overruled.

20 A I'm not a lawyer, but that's not why we were filing it.
21 We would still have to deal with New York. We felt we had
22 complied with New York law in terms of self correction, and we
23 were comfortable that -- that that would be found to be true.
24 And I would still have to deal with the lawsuit against myself.
25 I would have no advantage at all.

5 A I believe. I'm not a lawyer, but I believe that's what
6 the court held.

8 A Correct.

9 Q Yes. He's the cofounder of a company called Ackerman
10 McQueen, right?

11 A Yes. That's correct.

12 Q And Mr. McQueen died in 2019?

13 A Yes.

14 Q Prior to his death in 2019, Mr. McQueen was the CEO of
15 Ackerman McQueen, correct?

16 A Yes. That's correct.

17 Q And Ackerman McQueen is an advertising and public
18 relations firm?

19 A Yes, that's correct.

20 Q It's affiliated with a company named Mercury Group?

21 A Yes. That's correct.

22 Q Mercury Group is a wholly owned subsidiary of Ackerman?

23 A Yes.

24 Q From 1992 to 2018 Ackerman was the NRA's largest

1 A Yes.

2 Q By around 2018 the NRA was paying Ackerman McQueen

6 Ackerman McQueen, your primary contact at Ackerman McQueen was
7 Angus McQueen?

8 A Yes, that's correct.

9 Q You relied on Mr. McQueen for advise on strategic
10 communication and crisis management?

11 A Yes, I did.

17 A Yes, that's correct.

20 A Yes.

21 Q Prior to the 2017 agreement, Ackerman McQueen had been
22 providing services under a contract that had been entered into

24 A Yes.

8 A It is.

10 exhibit, which is page 10 of the contract.

11 A Yes.

12 Q You would agree under the provision "authorized
13 contract, section 9", do you see that at the top?

14 A Yes, I do.

15 Q You would agree that this agreement expressly provides
16 that Ackerman McQueen was only to -- only authorized to act upon
17 written communications received from you or your designee,
18 correct?

19 A Yes. That's correct.

20 Q I would like to turn to tab 91, which is Plaintiff's

22 MR. CONLEY: This is also in evidence.

5 A Yes. That's correct.

6 Q Mr. Powell was a designee for a period of time,
7 correct?

8 A Yes, that's correct.

9 Q Was Mr. Arulanandam ever a designee?

10 A I'm not sure.

11 Q Other than Mr. Powell, in the last ten years have you
12 had any other designees that had the authority to order work
13 through Ackerman McQueen?

14 A Yes. Mr. Spray.

15 Q Anyone else?

16 A Those are the ones that I can recall.

17 Q You're familiar with Ackerman McQueen's practice of
18 passing through certain expenses to the NRA as out-of-pocket
19 expenses, right?

20 A I am now.

21 Q Ackerman McQueen would incur certain charges for NRA's
22 executives and then bill the NRA for those expenses, right?

23 A I know that now.

24 Q And they would describe the expenses as out-of-pocket
25 expenses?

LAS

Direct-LaPierre-Conley

2263

1 A Yes. I know that now.

2 Q Ackerman wouldn't provide the NRA with the underlying
3 documentation for the expenses, right?

4 A That's one of the things we discovered in our 360
5 degree review. I did not know that.

6 Q And you're familiar with Tyler Schropp, right?

7 A Yes.

8 Q He's the executive director of Advancement at the NRA?

9 A Yes, he is.

10 Q You hired Mr. Schropp, correct?

11 A That's correct.

12 Q Before joining the NRA he worked at Ackerman McQueen,
13 correct?

14 A That is correct.

15 Q And one of the expenses that Ackerman passed through as
16 the NRA's out-of-pocket expenses were Tyler Schropp's credit
17 card charges, right?

18 A I know that now.

19 Q You agree now that that wasn't a proper practice,
20 right?

21 A It's one of the things we have self corrected on, and I
22 -- I -- I think the NRA -- I think that was something that was
23 permissible, but it's probably not best practices. And we have
24 corrected it in 360, so it no longer happens.

25 Q The expenses that were passed through Ackerman as

LAS

2 incurred for you, right?

3 A I think there were some.

4 Q And also expenses that were incurred for your spouse,

6 A I'm not sure. I don't believe it would have been many.

13 MR. CONLEY: I think now would be a good time to

4 MR. CORRELL: Yes, your Honor. I'll speak with Mr.

8 THE COURT: If you look at me, you'll probably see
9 the same. But, no. I -- I don't -- I don't make light of

1 A f t e r n o o n S e s s i o n:

2 THE COURT: Okay. Are we all set to go?

3 MR. CORRELL: Your Honor, Mr. LaPierre feels well
4 enough to go till three o'clock, if that's suitable or
5 agreeable to the Court.

6 MS. CONNELL: That's fine with the plaintiff, your
7 Honor. We discussed it earlier with Mr. Correll.

8 There's a one issue I'd like to raise before the
9 jury comes out, if that's okay, very quickly:

10 I believe you made a ruling that we could not use
11 the investigatory examination under oath to impeach
12 Mr. LaPierre. That was a videotaped deposition under oath.
13 We're only using it just for impeachment, not for straight
14 admission; and we believe it's admissible, under CPLR 4514
15 and the Guide to New York Evidence 6.15, for impeachment
16 purposes.

17 THE COURT: Yeah, I -- my recollection of --

18 The statute I'm thinking of is the statute about
19 use of prior testimony if it's not something where the
20 witness has been given access to it.

21 So you're saying that that is solely for purposes
22 if you're going to use it as substantive evidence?

23 MS. CONNELL: Yes, your Honor, without waiving the
24 right to argue that it could be used for other purposes.

25 Here, we were using it solely for impeachment.

1 And, again, this is a deposition transcript that
2 has been given to counsel; they have the videotape. If
3 there is a question --

4 THE COURT: Yeah, it's not a question of whether
5 they have access to it. I just had always understood that
6 rule was that when the transcript is not -- they haven't had
7 a chance to review the transcript, that there was some issue
8 about it. Again, it all came up rather quickly, without a
9 lot of briefing.

10 Counsel?

11 MR. CORRELL: Yes, your Honor.

12 The problem is multifaceted. One is not being able
13 to object, not being able to cross-examine, and also not
14 having the transcript and be able to read it and correct it.

15 So, if testimony was given in --

16 THE COURT: Well, I understand the theory. I just
17 want to know whether any other people in black robes have
18 addressed this question before.

19 MR. CORRELL: Unfortunately, your Honor, I'm not
20 prepared to address that right now, but if you give me an
21 opportunity, I could address it later.

22 I just thought that --

23 THE COURT: Okay.

24 Yeah, look, I'm not generally a big fan of these
25 kind of transcripts because, you know, they're useful for

1 the investigation but there is an element of them that is,
2 you know, at least in some circumstances, potentially --
3 that, you know, there could be errors in the transcript.

4 But --

5 MR. CORRELL: Your Honor, the only reason --

6 THE COURT: -- I'll stay with my ruling for now,
7 and I'll take a look at it; the law, and see if --

8 Do you have any cases that say you can use it for
9 other purposes?

10 MS. CONNELL: We'll get them to your Honor. We
11 thought we had previously identified them to you, your
12 Honor. And, again, this is for impeachment.

13 THE COURT: You may have.

14 MS. CONNELL: I know, in the raft of the
15 submissions -- and I'm sorry; I did not mean that to come
16 across the wrong way.

17 But this is not a matter of hearsay. This is a
18 party admission that they've had possession of for years,
19 that they've had the videotape of.

20 THE COURT: Right.

21 Is it 3117, CPLR? There's a CPLR section on use of
22 transcripts.

23 MS. CONNELL: Yes, I believe, 3117; but there's

1 my copy of all that with me.

2 I'll take a look at it.

3 All right, let's get the jury.

4 And Mr. LaPierre.

5 (The witness resumed the stand.)

6 THE COURT: Since I spent five minutes on that, can
7 we go to 3:05? That's when we would normally take the
8 break; around then, anyway.

9 MR. CORRELL: I think that's fine, your Honor.

10 THE COURT: Okay.

11 COURT OFFICER: Is the Court ready for the jury?

12 THE COURT: Yes, sir.

13 COURT OFFICER: All rise. Jury entering.

14 (The jury entered the courtroom.)

15 THE COURT: Okay, welcome back. Have a seat.

16 All right. If everyone is ready, Mr. Conley, you
17 can continue.

18 MR. CONLEY: Thank you, your Honor.

19 DIRECT EXAMINATION CONTINUED

20 BY MR. CONLEY:

21 Q Good afternoon, Mr. LaPierre.

22 A Good afternoon.

23 Q So, before the break, we were discussing the Ackerman
24 out-of-pocket invoice arrangement; correct?

25 A Yes.

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

1 Q I'd like to go through some of the out-of-pocket
2 invoices, if we could.

3 Could you please turn to the -- unfortunately -- the
4 second binder. It's Binder 2, to your left.

5 A Okay.

6 (Binder handed to witness by court officer.)

7 THE WITNESS: Thank you.

8 Q And if you could go to tab 101, which is Plaintiff's
9 Exhibit 3152, which is in evidence, at 157 ...?

10 A Page -- I'm sorry; page 157?

11 Q Page 148, actually. I'm sorry about that.

12 (Image displayed.)

13 THE COURT: Is this document in evidence?

14 MR. CONLEY: Yes.

15 THE COURT: Okay.

16 A I'm sorry.

17 Q That's okay.

18 A I need to go back. I'm sorry.

19 (Pause.)

20 THE COURT: Page 157?

21 MR. CONLEY: 1 ...

22 A Page 148?

23 Q 148.

24 A Okay, I have it here (indicating).

25 Q And do you have a "tab 101," Mr. LaPierre?

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2271

1 A I -- I believe so. I have page -- I have "page 148 of
2 467" --

3 THE COURT: He's got the one I'm looking at.

4 A Did that make any sense?

5 Q And, Mr. LaPierre, if you look at the screen, is that
6 the page that you have in front of you?

7 THE COURT: He's looking at something different.

8 A No. I'm sorry. It's not. It --

9 THE COURT: "148" in the page numbers at the
10 bottom.

11 THE WITNESS: Page 149 -- "148 of 467" is what I'm
12 looking at.

13 Q Is it the second binder? No, it's not that one.

14 It is that (indicating) one, yeah, and it's tab 101,
15 which should be the second of three documents; very large
16 documents.

17 A Oh, wait. I'm getting there. I'm sorry.

18 (Pause.)

19 A Okay. I think I'm with you now. I apologize.

20 Q Okay. I'd like to refer your attention to the second
21 item down and this appears to be an expense report for "Mike
22 Dennehy," and it's a purchase for "BH Photo Video"?

23 Do you see that?

24 A Yes. I'm looking at it.

25 Q Okay, great.

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2272

1 And do you see where it states: "Purchase of MacBook
2 Pro, iPad Pro and iPod for Susan LaPierre"?

3 A I see it.

4 Q Okay. And if you go a couple below that, a purchase
5 from "apple.com"; do you see that?

6 A I do.

7 Q And this is a separate purchase, through apple.com, for
8 headphones, an Apple TV and an HDMI cable for Susan LaPierre?

9 A I see it.

10 Q And my question is: Do you dispute that Ackerman
11 McQueen incurred these expenses for Susan LaPierre?

12 A I don't have any idea, to tell you the truth.

13 And is an Apple TV a TV?

14 Q It is not a TV, no. It's an electronic device.

15 Do you have any knowledge of an Ackerman employee
16 purchasing these electronic goods for Ms. LaPierre?

17 A I -- I don't.

18 Q Okay. Do you have any reason to doubt that they did?

19 A I -- I -- I just had no -- honestly -- no idea. I
20 mean, I don't use a computer. I'm totally old school. I
21 just -- I'm -- I'm sorry. I just don't know.

22 Q Okay. Just one moment. I want to try to minimize the
23 page turning as much as I can.

24 (Pause.)

25 Q Okay. Mr. LaPierre, if you could turn to tab 100,

ALAN F. BOWIN, CSR, RMR, CRR

2273

1 which is the first document in this binder, and this is also in
2 evidence; it is Plaintiff's Exhibit 3151 ...

3 (Image displayed.)

4 Q And if you could turn to page 287 ...?

5 (Pause.)

6 A I'm almost there.

7 Okay, I'm on 287.

8 Q Okay. And do you see, on page 287, line items for "21c
9 Louisville"?

10 A You're on -- I'm sorry. You're on page 287 of 467?

11 Q Yes.

12 THE COURT: That's also a different page than I
13 have in tab 100.

14 MR. CONLEY: Okay.

15 THE COURT: What's the Bates number on it?

16 MR. CONLEY: "3151."

17 THE COURT: The NYAG number?

18 MR. CONLEY: Oh. The NYAG is "123187."

19 THE COURT: Yeah, that's correct. That was
20 different.

21 A You're at tab 100?

22 Q Yes.

23 A And I'm sorry; what page, again?

24 Q 287.

25 THE COURT: Okay. Put it back up and see if it --

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2274

1 The one on the screen was different than ...

2 Q Let's go ahead, Mr. LaPierre, and put a pin in this for
3 a second. I'll ask you some questions on something else, okay?

4 A All right.

5 Q Sorry for that.

6 Let's switch back to the first binder, Mr. LaPierre.

7 A Okay.

8 Q Yeah.

9 We discussed Tony Makris earlier today.

10 (Court officer handed binder to witness.)

11 THE WITNESS: Thank you.

12 Q Mr. McKenzie was the CEO of Mercury Group; correct?

13 A That's correct.

14 Q And he was a close friend of yours for about 30 years?

15 A That's -- that's correct.

16 Q And he was an advisor to you; correct?

17 A Yes.

18 Q And he was like a brother to you; correct?

19 A Yes.

20 Q You would socialize together?

21 A Yes.

22 Q You would occasionally take vacations together;
23 correct?

24 A Well, I don't think vacations, but we traveled
25 together.

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2275

1 Q And you would travel together with your respective
2 spouses?

3 A Yes.

4 Q And Mr. McKenzie also hosted a television program
5 called "Under Wild Skies"; correct?

6 A Yes, he did.

7 Q And NRA sponsored that program for several years;
8 correct?

9 A Yes.

10 Q I'd like to turn to Plaintiff Exhibit 746, which is tab
11 92 in your binder.

12 MR. CONLEY: I do not believe these are in
13 evidence -- this exhibit's in evidence -- but I would move
14 for its admission.

15 THE COURT: This is back to the first binder?

16 MR. CONLEY: This is back to the first binder.

17 MS. ROGERS: No objection.

18 MR. CORRELL: No objection.

19 MS. ROGERS: The cover e-mail -- the cover e-mail
20 may lack foundation, but no objection to the contract.

21 MR. CONLEY: Your Honor, we would be fine moving to
22 admit the attachments to the e-mail and not the cover
23 e-mail, but it -- it --

24 THE COURT: Okay.

25 Any other objections or comments?

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2276

1 MR. CORRELL: None for Mr. LaPierre.

2 THE COURT: All right.

3 So, with the representation that the exhibit will
4 be modified to just be the -- to not include -- the first
5 page, it's admitted.

6 (Image displayed.)

7 BY MR. CONLEY:

8 Q All right. Mr. LaPierre, if you could turn to page 3
9 of this exhibit, is this your signature?

10 A Yes, it is.

11 Q On the -- on the right-hand side.

12 A Yes.

13 Q Okay. And this is an agreement that the NRA entered
14 into with "Under Wild Skies"; correct?

15 A Yes.

16 Q And the term of the agreement was January 1st, 2016 to
17 December 31st, 2021; correct?

18 A Yes.

19 Q And to your knowledge, was any Business Case Analysis
20 prepared for this agreement?

21 A I don't think so.

22 Q And was the Contract Review Signature Sheet circulated
23 and completed?

24 A I'm not sure.

25 Q Do you have any knowledge of one being completed for

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2277

1 this agreement?

2 A No, I don't.

3 Q And if you could turn to pages 4 and 5 of this
4 exhibit --

5 (Image scrolled.)

6 Q Yeah. It's a different layout.

7 A Okay.

8 Q -- this is another agreement that the NRA entered into
9 with "Under Wild Skies"; correct?

10 A Yes.

11 Q And it was entered into --

12 THE COURT: Can you just rotate the one that's on
13 the screen? It was turned sideways.

14 (Pause.)

15 (Image modified.)

16 Q And this agreement, this advertising agreement, was
17 entered into on the same date as the sponsorship agreement;
18 correct? Or the -- apologies.

19 The sponsorship agreement on pages 4 and 5 of this
20 exhibit were [sic] entered into on the same date as the
21 advertising agreement on pages 2 and 3; right?

22 A Yes.

23 Q All right. And this agreement was also for a five-year
24 term; correct?

25 A Yes.

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2278

1 Q And to your knowledge, was a Business Case Analysis
2 ever prepared for this agreement?

3 A Not that I'm aware of.

4 Q I'd like to turn to tab 32, which is Plaintiff's
5 Exhibit 2683.

6 MR. CONLEY: This is not in evidence, and I'd move
7 for its admission.

8 THE COURT: It's PX ...?

9 MR. CONLEY: -2683.

10 THE COURT: And what tab is this?

11 MR. CONLEY: Oh, I -- 93?

12 Did I say that wrong?

13 THE COURT: You said, "32."

14 MR. CONLEY: I apologize, your Honor.

15 Sorry, everyone.

16 THE COURT: What is it now; 93?

17 MR. CONLEY: 93, Plaintiff's Exhibit 2683.

18 MS. ROGERS: Thus is a large cluster of
19 attachments. Subject to foundation on each, no objection.

20 THE COURT: Is this being offered as one document?

21 MR. CONLEY: It --

22 I'm not sure I follow the question, your Honor.

23 We --

24 THE COURT: Well, the e-mail has about seven -- or
25 ten -- attachments, and then they're all separate documents

ALAN F. BOWIN, CSR, RMR, CRR

LaPierre - by Plaintiff - Direct/Conley

2279

1 that are all included as attachments. Are they grouped
2 together in a way that you want the whole set to be one
3 document?

4 MR. CONLEY: Your Honor, no. We are only
5 seeking -- I was only intending to ask Mr. LaPierre about
6 two of the agreements in this grouping of contracts that
7 were transmitted.

8 THE COURT: Yeah.

9 I mean -- look, I mean, I understand you have them
10 as attachments to an e-mail, but you -- I think you could
11 introduce them as independent documents. But it's going to
12 be kind of hard to do in this context, because they're all
13 clumped together in one large compilation; right?

14 (Mr. Conley nodded.)

15 THE COURT: So which --

16 MR. CONLEY: The contracts are on pages 6 and 7 and
17 on pages 70 and 71.

18 MS. ROGERS: The NRA would have no objection to
19 those two contracts.

20 THE COURT: Right.

21 I mean, what we've done before, I guess, is divided
22 this exhibit into two parts; so PX 263 -- 2683 -- I don't
23 know whether we did -A and -B or -1 and -2 or something.

24 But there's no reason to introduce --

25 MR. CONLEY: Sure.

ALAN F. BOWIN, CSR, RMR, CRR

1 THE COURT: -- all of the attachments, right?

2 So the document at this exhibit, pages 6 and 7, can
3 be admitted as, I guess, what we'll call "PX 2683" --

4 What are we going with; "-A" or "-1"?

5 MR. CONLEY: -A.

6 THE COURT: Okay. So that's admitted.

7 We'll re-number them.

8 MR. CONLEY: And, your Honor, with respect to the
9 other agreement that's at pages 70 and 71, I would -- we
10 could number that "PX 2683-B"?

11 THE COURT: "-B," yes.

12 MR. CONLEY: Okay.

13 THE COURT: And that's admitted as well.

1 Q Mr. LaPierre, I'll ask you first about the agreement on
2 pages six and seven of this exhibit as the sponsorship
3 agreement. Do you have that in front of you?

4 A Yes, I do.

5 Q And on page 7 is that your signature on the right?

6 A (Examining). Yes, it is.

7 Q Okay. And if we flip to pages 70, 71.

8 A I'm sorry. Pages 70 and 71?

9 Q Yes. It's the advertising agreement. Do you see that?

10 A I have the amendment services agreement, page 8 of 95,
11 9 of 95.

12 Q If you flip -- if you flip back one page, I think
13 you'll be there. Yeah. Mr. LaPierre --

14 A Yes, I think I have it right in front of me.

15 Q Yeah. On the right-hand side at the bottom of page 71
16 is that your signature?

17 A Yes, it is.

18 Q Okay. You entered into these agreements with Under
19 Wild Skies, the sponsorship agreement and the advertising
20 agreement, on the same day of January 24, 2018, correct?

21 A Yes.

22 Q And these agreements extended the NRA's contracts with
23 Under Wild Skies to 2025, correct?

24 A Yes.

25 Q And when you signed these contracts in 2018, the NRA

LAS

Direct-LaPierre-Conley

2282

1 already had agreements in place that went into 2021, right?

2 A Yes.

3 Q Mr. Makris requested this extension, correct?

4 A Yes.

5 Q And you approved it, correct?

6 A Yes, I did.

7 Q And no business case analysis was prepared for these
8 2018 agreements with Under Wild Skies, correct?

9 A That's correct. I believe so.

10 Q And the NRA paid compensation to Mr. Makris in addition
11 to the sponsorship and advertising agreements, correct?

12 A He was a -- he was an executive with Ackerman McQueen
13 and then he had -- he had an agreement to pay for sponsorship
14 events and costs of taking people on -- on hunts and donors and
15 things like that.

16 Q And so Mr. Makris sent supplemental invoices to NRA
17 several times a year, correct?

18 A Yes, did he.

19 Q And each of these invoices were just shy of \$100,000,
20 correct?

21 A That's what it appears to be now.

22 Q And the NRA paid Mr. Makris approximately \$600,000 a
23 year in connection to these supplemental invoices, right?

24 A That's what I know now.

25 Q And if you could turn to tab 94 in your binder, which

LAS

Direct-LaPierre-Conley

2283

1 is Plaintiff's Exhibit 2650.

2 MR. CONLEY: These are admitted, I believe.

3 THE COURT: Okay.

4 Q If you could flip a few pages, two through eight, Mr.
5 LaPierre, of this exhibit. My question is, are these some of
6 the supplemental invoices Mr. Makris billed to the NRA?

7 A (Examining). Yes, they are.

8 Q Okay. And on page 3 at the bottom of the invoice is
9 that your signature?

10 A (Examining). Yes, it is.

11 Q And if you look at the remaining --

12 MR. CONLEY: Jesse, could you publish. Yes.

13 Q Again, Mr. Makris, if you look at the bottom of page 4,
14 is that your signature as well?

15 A Yes, it is.

16 Q Okay. And if you flip through five through seven,
17 those are your signatures too, right?

18 A That is correct. Yes.

19 Q Okay. And the NRA believes that these invoices were
20 fraudulent, correct?

21 A Yes. When we started our 360 degree review, we asked
22 Mr. Makris for backup, because these were suppose to have actual
23 expenses backing them up on sponsorship events and -- and real
24 costs that -- that he incurred. And he could not provide -- did
25 not provide us with any backup. And he preemptively sued us,

LAS

Direct-LaPierre-Conley

2284

1 which ended Under Wild Skies and also this.

2 Q Okay. You have appeared on episodes of Under Wild
3 Skies, correct?

4 A Yes.

5 Q And so has your wife, Susan LaPierre?

6 A Yes.

7 Q And in connection with those episodes, you travel to
8 different places around the world for hunts and safaris,
9 correct?

10 A Yes.

11 Q And in connection with these Under Wild Skies episodes,
12 you've participated in several safaris overseas, yes?

13 A Yes.

14 Q You've gone on a hunting trip in Argentina, correct?

15 A Yes.

16 Q And a safari in South Africa?

17 A Yes.

18 Q And an elephant hunt in Botswana?

19 A Yes.

20 Q Under Wild Skies covered your expenses for all of these
21 hunts, correct?

22 A Yes.

23 Q They covered your airfare with the guides, the permits
24 all of that, right?

25 A Yes.

LAS

Direct-LaPierre-Conley

2285

1 Q And they also paid for you to preserve hunting trophies
2 for those trips, correct, to send them back to your home in
3 Virginia?

4 A Yes.

5 Q How much free taxidermy did you accept from Under Wild
6 Skies?

7 A They had a practice of sending taxidermy back to people
8 that run the shows, not all of it, but some of it.

9 Q And did you receive any?

10 A Yes.

11 Q And -- Okay. And do you recall what you received?

12 A Various animals, impala, Buffalo, gemsbok, a crocodile,
13 which went immediately to the Bass Pro Wildlife Museum in
14 Springfield. The ivory from the elephant that went into the NRA
15 museum and some other taxidermy that I gave away to people.

16 Q All right.

17 A I wasn't a trophy room guy. Never have been.

18 Q All right. You hired Millie Hallow, correct?

19 A She was originally an intern in our membership division
20 and then I hired her to work for me directly.

21 Q And Ms. Hallow worked directly for you for
22 approximately 25 years, correct?

23 A That sounds about right.

24 Q In the mid 2000s PricewaterhouseCoopers was the NRA's
25 external auditor, correct?

LAS

Direct-LaPierre-Conley

2286

1 A Yes.

2 Q PWC was the NRA's external auditor before the NRA
3 retained RSM, is that right?

4 A Yes.

5 Q PWC would audit the NRA's financial statements,
6 correct?

7 A Yes.

8 Q And in the mid 2000 PWC raised concerns about Millie
9 Hallow's expenses, correct?

10 A Yes.

11 Q And in the mid 2000s the NRA's audit committee directed
12 PWC to investigate Millie Hallow's expenses, correct?

13 A Yes, there was an investigation.

14 Q And PWC issued a report, correct?

15 A Yes.

16 Q And PWC interviewed you in its investigation, correct?

17 A They did.

18 Q Did you read the report?

19 A I have never read it.

20 Q Are you familiar with the reports findings?

21 A I talked to our general counsel of the board, Steve
22 Shulman, after it was completed and I said --

23 MS. ROGERS: Objection. Sorry. I'm going to
24 instruct the witness not to testify about what counsel
25 advised him.

LAS

Direct-LaPierre-Conley

2287

1 Q As a result of PWC's investigation, the NRA revoked
2 Ms. Hallow's credit card privileges, correct?

3 A I think so.

4 Q And the NRA started having Lisa Supernaugh review
5 Ms. Hallow's expenses, correct?

6 A I believe that's correct.

7 Q Ms. Hallow's credit card privileges were later
8 restored, right?

9 A I believe so.

10 Q And Ms. Hallow was also given a budget for her
11 expenses, correct?

12 A I'm not sure.

13 Q You're not aware of whether Ms. Hallow's was given a
14 budget for her expenses?

15 A No.

16 Q When Gayle Stanford was providing travel services to
17 the NRA, Ms. Hallow would book travel through her, correct?

18 A Yes. I believe.

19 Q And she continued to book travel through Gayle Stanford
20 after the PWC investigation into her expenses, correct?

21 A I think that's true.

22 Q Ms. Hallow spent hundreds of thousands of dollars in
23 NRA funds on black car services in the last ten years, correct?

24 A I know she -- she used those services. I don't know
25 how much she spent. I didn't see the bills.

LAS

Direct-LaPierre-Conley

2288

1 Q But sitting here now, you're aware that she spent
2 hundreds of thousands of dollars in NRA funds on black car
3 services, correct?

4 A I now know there were a lot of black car services that
5 she ordered.

6 Q I -- I'm not sure you quite answered my question, Mr.
7 LaPierre. I'll try it one more time. Yes or no, sitting here
8 now are you aware that Ms. Hallow spent hundreds of thousands of
9 dollars of NRA funds on black car services, is that true?

10 A I don't know the amount. I know -- I don't know the
11 amount, but yes, I believe that's true.

12 Q And these expenses were incurred after PWC's
13 investigation, correct?

14 A Yes. PWC investigation was early 2000 sometime, I
15 think.

16 Q Would you agree that a lot of those expenses were --
17 were not prudent or in the best interests of the NRA?

18 A I believe that I did not approve a lot of them, and I'm
19 not sure what they all were. I didn't see the invoices. In
20 fact, I didn't see most of the invoices until I was looking at
21 this booklet the other night, two nights ago.

22 Q So, sitting here today you're not sure one way or the
23 other whether the expenses were prudent or in the best interests
24 of the NRA, is that fair?

25 A I think some of them were and some of them probably

LAS

Direct-LaPierre-Conley

2289

1 weren't.

2 Q I hate to do this, but could we shift to binder three.

3 A Sure.

4 Q And, Mr. LaPierre, if you could please turn to tab 107,
5 which is Plaintiff's Exhibit 3125.

6 MR. CONLEY: This is not in evidence. And I move
7 for its admission.

8 A I'm sorry. Where are you, counselor?

9 Q It's tab 107.

10 A Okay.

11 MS. ROGERS: No objection.

12 MR. CORRELL: No objection.

13 THE COURT: Okay. PX 3125 is admitted.

14 Q Do you have that in front of you, Mr. LaPierre?

15 A Yes, I do. I'm sorry.

16 Q No. No. It's okay. So this invoice is for black car
17 services, correct?

18 A Yes.

19 Q It's your understanding that the NRA paid this invoice,
20 right?

21 A I believe probably so.

22 Q If you look to -- on the left-hand side, in the middle,
23 next to passenger, do you see the name Ian Walters?

24 A I do.

25 Q And Ian Walters is Millie Hallow's son, correct?

LAS

Direct-LaPierre-Conley

2290

1 A Yes.

2 Q And he does not work for the NRA, correct?

3 A That's correct.

4 Q And if you look below the passenger name, pick up and
5 stops, would you agree this invoice reflects a pick up at Penn
6 Station in New York and a drop off in Washington, D.C.?

7 A Yes.

8 Q And this invoice was for \$1,285, correct?

9 A Yes.

10 Q Would you agree that this expenditure was not in the
11 best interest of the NRA?

12 A Yes.

13 Q And would you agree that as the executive vice
14 president you have a responsibility to insurance that Millie
15 Hallow's expenditures are prudent?

16 A Yes, but not if it was done behind my back. I didn't
17 know about it.

18 Q And it's your testimony that this invoice was for black
19 car -- for black car services that were behind your back?

20 A I did not know about this.

21 Q Who did Millie Hallow report to when she was at the
22 NRA?

23 A She reported to me.

24 Q Mr. LaPierre, if you could turn to tab 108, which is
25 Plaintiff's Exhibit 3126.

LAS

Direct-LaPierre-Conley

2291

1 MR. CONLEY: This is not in evidence. I move for
2 its admission.

3 THE COURT: It looks like a similar invoice.

4 MS. ROGERS: No objection.

5 MR. CORRELL: No objection.

6 THE COURT: It's admitted.

7 Q Mr. LaPierre, you can take a moment to flip through
8 this invoice. My question is, this is an invoice for black car
9 services that Ms. Hallow arranged in France in 2018, correct?

10 A Yes.

11 Q And it's your understanding that the NRA paid this
12 invoice, right?

13 A Yes.

14 Q Several board members were on this trip in France,
15 correct?

16 A Correct.

17 Q Including Carolyn Meadows?

18 A Correct.

19 Q If you turn to page 3, there appear to be confirmation
20 numbers for two cars on August 5th. If you -- The top one shows
21 a start time of 17:00 to 22:00?

22 A Yes.

23 Q Do you see that? And it has a pick up and drop of at
24 the same hotel, do you see that?

25 A Yes, I do.

LAS

Direct-LaPierre-Conley

2292

1 Q The charge for that was approximately \$1,100, correct?

2 A Yes.

3 Q And below that is another confirmation number for the
4 same evening with the start time and in time of 5:00 p.m. to
5 11:00 p.m., and it shows a fee of \$1,381, do you see that?

6 A I do.

7 Q And so would you agree that this is for about \$2,500
8 for two SUVs for one evening?

9 A That's what it says, yes. I agree.

10 Q Okay. And if you could turn to page 5. There appear
11 to be charges for the following day, August 6th.

12 A Yes.

13 Q And it shows a pick up at a hotel and then a stop for
14 dinner as directed. Do you see that on the -- at the top?

15 A Yes, I do.

16 Q Okay. And the total for that car was about \$2,000. Do
17 you see that?

18 A Yes, I do.

19 Q Okay. And below that, starting on the same day, it
20 appears to be another confirmation for a second car and for
21 13 hours of time, shows a total about \$3,000. Do you see that?

22 A Yes, I do.

23 Q Okay. And if you could flip to the last page of this
24 exhibit. Well, the second to last page. Sorry. Do you see
25 that the last confirmation is August 19th is the date,

LAS

Direct-LaPierre-Conley

2293

1 August 19th, 2018. Do you see that?

2 A (Examining). Yes, I do.

3 Q Okay. And at the bottom you see total cost of trips,
4 and to the right it shows \$98,695.85?

5 A Yes, I see it.

6 Q Okay. And so would you agree that over approximately a
7 two week period for two chauffeur SUVs the NRA paid
8 approximately \$100,000?

9 A Yes, they did.

10 Q Did you authorize this expense?

11 A No, I did not.

12 Q Did Ms. Hallow arrange this trip?

13 A Yes, she did. It was -- May I explain?

14 Q You can certainly explain with your counsel. I was
15 just asking a yes or no question. Thank you, Mr. LaPierre.

16 All right. In 2012 Ms. Hallow had the NRA pay the
17 expenses for her son's wedding, correct?

18 A I know that now.

19 Q And you were told in 2018 that Ms. Hallow had done
20 this, correct?

21 A I was told by Tony Makris and Josh Powell. And they
22 talked something about Millie's wedding and an expense that the
23 NRA paid. And I immediately went to Millie and I asked her
24 about it. She said that's completely untrue. She said that
25 this guy, Erickson, would never be at the wedding. And I

LAS

Direct-LaPierre-Conley

2294

1 believed her for a time, until six months later it came up in
2 the media, a story about it. And then I asked lawyers to do an
3 investigation, and turned it over to them, and it turned out to
4 be true.

5 MS. ROGERS: Mr. LaPierre, don't testify about what
6 the lawyers told you.

7 Q And so Ms. Hallow had lied to you, correct?

8 A Yes.

9 Q Now, back in 2018, when Mr. Makris and Mr. Powell
10 raised this with you, you didn't ask anyone for back up
11 documentation to verify that was true, did you?

12 A They didn't have any, and I know that neither one of
13 them liked Millie and Millie didn't like them. I thought there
14 was a grudge between the three of them.

15 Q At that time did you inquire with anyone else at the
16 NRA to verify whether that was true or not?

17 A No. I trusted -- I trusted Millie to tell you the
18 truth.

19 Q When you discovered that Ms. Hallow had lied to you,
20 you didn't confront her with the information, did you?

21 A Yes, I did. I turned it over to the lawyers and --

22 MS. ROGERS: Mr. LaPierre, please don't testify
23 about the lawyers. Sorry.

24 THE COURT: That part is not privileged.

25 A I requested an investigation.

LAS

Direct-LaPierre-Conley

2295

1 Q But my question was, when you discovered that
2 Ms. Hallow had lied to you, you didn't confront Ms. Hallow
3 directly with that information, right?

4 A Yes. I was really upset with it, and I requested an
5 investigation of the whole matter.

6 Q I don't think -- I might be misunderstanding your
7 answer. I don't think you're answering my question. There was
8 a point in time when you learned that Ms. Hallow had lied to
9 you, right?

10 A I read in the papers that there was some South Dakota
11 company that I never heard of. Some guy name Erickson that had
12 been paid some money and the wedding, and I'm like I was
13 screaming bloody murder about it, not only to Millie, but to
14 everyone else, and I wanted an investigation.

15 Q When you learned that she had lied, did you approach
16 and actually talk about it with her? Did you ask her for any
17 information?

18 A Again, I requested an internal investigation of the
19 whole thing with the attorneys and let them handle it.

20 THE COURT: Counsel, we're going to take our
21 afternoon break now. I have to take care of something as
22 well. So, we'll take a short break.

23 THE COURT OFFICER: All rise. Jury exiting.

24 (Whereupon the jury panel departed the courtroom.)

25 THE COURT: All right. So, I take it we'll shift

LAS

PROCEEDINGS

2296

1 over now to the deposition. I'm just going to describe it
2 as just a, you know, scheduling thing. And we're going to
3 continue the testimony on Monday. And the deposition will
4 commence at that point.

5 And in terms of -- This is the Spray deposition
6 you're going to play excerpts from. You're going to do the
7 deposition one, which the objections have already been
8 adjudicated?

9 MS. CONNELL: Yes, your Honor.

10 THE COURT: Okay. See you soon.

11 MR. CORRELL: Thank you, your Honor.

12 (Witness excused.)

13 (Whereupon a recess was taken.)

14 THE COURT: Before we get the jury, I found a
15 scoundrel in the black robe that I looked at and resembles a
16 striking resemblance to me, which is why I remembered the
17 issue a few years ago in a case between the Attorney General
18 and Domino's Pizza. I addressed the admissibility of
19 investigative transcripts. And the part I remember was that
20 I ruled that it would be unfair to admit franchisee
21 deposition transcripts that had not -- that Domino's had not
22 been allowed to participate in and where there was no
23 writing and signing. But in the same decision I said that
24 those transcripts could be used against the party, because
25 the party is able to respond and tell its own story.

LAS

PROCEEDINGS

2297

1 So in this situation, for example, if used for
2 impeachment, whatever might have happened at the
3 investigation transcript, Mr. LaPierre could present his
4 side of the story. I didn't say that. Or if I had seen
5 the transcript, I would have changed it. So, anyway, and --
6 and CPLR 4514 simply requires that the prior statement be
7 under oath to be usable as impeachment. So, I think I
8 remembered the, I guess I could say, I remembered the tune
9 of the song but I got the lyrics wrong.

10 So I think that, you know, having thought about it
11 and looked back at my prior ruling, they can use a party's
12 own investigative transcript for impeachment purposes and
13 the party can -- is not disadvantaged in responding to that.
14 And so I think that's the way I will proceed.

15 I do think I would follow my prior ruling about not
16 using it against a different entity, because that party had
17 no ability to be there. This particular testimony really
18 only related to Mr. LaPierre. I don't think it related to
19 the other parties.

20 MS. CONNELL: And the NRA, your Honor.

21 MR. CORRELL: Your Honor, could we have -- Sorry.
22 Your Honor, could we have a limiting instruction that he was
23 not allowed to object or cross examine at the time, was not
24 allowed to --

25 THE COURT: No, because it's a different question.

LAS

PROCEEDINGS

2298

1 You know, when presented with that, he can say well, I don't
2 remember saying that or I was never given the transcript to
3 sign or whatever and, you know, but it was just being used
4 to show an inconsistent statement and it's under oath. So
5 that's the way I think that works.

6 My decision wasn't appealed, so I don't know
7 whether other judges would have a different view. But
8 having thought about it, I think I would come out the same
9 way.

10 All right. Jury ready?

11 THE COURT OFFICER: Yes.

12 MS. CONNELL: Your Honor, we forgot the instruction
13 to Mr. LaPierre about discussing his testimony. I'm sure
14 counsel will relay that.

15 THE COURT: Well, I told him that before the lunch
16 break and he's heard it ten or 12 times.

17 MS. CONNELL: I'm not asking that he be called
18 back, your Honor. I was just raising the issue.

19 THE COURT: Okay.

20 MR. CORRELL: He's well aware of that instruction.
21 He's mindful of it.

22 THE COURT: All right. Do you have a sense for how
23 much longer the direct will be?

24 MS. CONNELL: I don't, your Honor, but I can e-mail
25 the parties.

LAS

PROCEEDINGS

2299

1 THE COURT: We're deep into binder three at this
2 point.

3 MS. CONNELL: I'm hoping it's not very much longer.
4 I don't anticipate it being very much longer. Mr. Conley
5 made a concerted effort to move quickly.

6 THE COURT: All right. Look, my hope is not to
7 spread the testimony into three days, and to try to use a
8 similar amount of time on Monday to try to finish this, if
9 possible. Obviously he's an important witness, so we'll
10 take the time we need.

11 MS. CONNELL: No, your Honor. We don't anticipate
12 taking anything like the amount of time today. It should
13 be, you know, much less. But we will let you know.

14 THE COURT: We do have other people who are going
15 to ask questions potentially.

16 MS. CONNELL: Of course. No, I'm just letting you
17 know plaintiff's position.

18 One final issue on Mr. Spray.

19 THE COURT: On that note. I mean, one thing, this
20 is going to be up to Mr. LaPierre's counsel, you know, to --
21 to preserve or shift the burden around a little bit. He can
22 obviously defer some of the questioning now till the
23 defendants' case, but that's a tactical decision. I'm not
24 going to tell him what to do. All right. Anything else?

25 MS. CONNELL: Your Honor, there was that one aspect

LAS

PROCEEDINGS

2300

1 or one small portion of Mr. Spray's testimony that your
2 Honor had an unresolved hearsay question about. It
3 pertained to --

4 THE COURT: Probably not going to get to that today
5 though, right?

6 MS. CONNELL: I don't think so, but I wanted to
7 highlight it. It's a very small portion.

8 THE COURT: So, do you have clear evidence that
9 when he says, I later found out, I forgot what the exact
10 words were, I discovered, I don't remember what words he
11 used, but it was something that made it sound like to me I
12 would ask a follow-up question, well, who told you that.

13 MS. CONNELL: So, yes, your Honor. The testimony
14 and the document, the exhibit that was discussed there
15 showed that he asked his staff to say who is getting first
16 class air travel. And they came back and said well, at
17 least here's some of the people. He said, this is a total
18 breakdown, not acceptable.

19 THE COURT: Well, that's the part -- And I know
20 there is a hearsay within hearsay there, right. In other
21 words, he doesn't identify who it was. So, you know, maybe
22 you could say if he said, Well, Sonya Rowling told me and
23 you can go and talk to Sonya Rowling about it. But it's
24 sort of a general statement where there is no way to cross
25 examine or determine the credibility of where he got the

LAS

PROCEEDINGS

2301

1 information from.

2 MS. CONNELL: I don't agree, your Honor. I think
3 both the exhibit and his testimony made clear which NRA
4 staff member he -- staff members he was speaking to. And
5 then you can see who exchanged -- who was in the e-mail
6 exchange.

7 THE COURT: Well, I'll take another look at it.
8 Look, you also had a whole deposition in this case to probe
9 that, you know, is it still happening now argument or idea
10 and for whatever reason didn't. So, I was a little
11 uncomfortable with it. I'll take another look at it. But
12 there is no otherwise admissible document, internal business
13 records sort of saying here's an investigation we did. We
14 found that this was actually going on. Contemporaneous
15 documents saying -- You know, if you have -- if you have
16 other admissible evidence to show exactly who or how it was
17 discovered, that would be a different question.

18 MS. CONNELL: Your Honor, the portion of his
19 testimony that we're talking about, he indicates that they
20 looked at the travel records as to who had flown first
21 class. They gathered the names of people who had flown
22 first class.

23 THE COURT: Right. But do you have that evidence
24 now?

25 MS. CONNELL: Included in the e-mail we have it.

LAS

PROCEEDINGS

2302

1 We don't have -- As you know, it's something we raised over
2 and over again. We don't have like reports from internal
3 investigations or other investigations.

4 THE COURT: I'm talking about contemporaneous
5 business records showing continued use of whether it's
6 private or first class.

7 MS. CONNELL: You mean the first class flights he
8 was complaining about in that portion of his testimony?

9 THE COURT: Correct.

10 MS. CONNELL: We may have that.

11 MS. ROGERS: In fact, there are Form 990
12 disclosures that explain which persons were looked at and
13 what the findings were.

14 THE COURT: Well, so then what's the objection
15 to --

16 MS. CONNELL: Right.

17 MS. ROGERS: Well, we don't have an objection to
18 the Form 990. Hearsay within hearsay in a deposition is a
19 different matter.

20 THE COURT: Okay. All right. Look, I'll make a
21 final call on it before you're ready to use it. It's just a
22 portion of that portion. So it's just -- it was the part
23 that concerned me was the back and forth where he just said
24 -- essentially somebody told me it's still going on. And
25 given that that's, you know, seemed to me potentially one of

LAS

PROCEEDINGS

2303

1 the substantive uses you were intending to make of that
2 testimony, I saw some potential.

3 MS. ROGERS: Your Honor, I just wanted to note one
4 more thing quickly. Underscoring the hearsay problem, if
5 you look at the Form 990, what you'll discover is that what
6 someone told him turned out not to be entirely true and the
7 990 says oops, it turns out this guy paid for his own
8 upgrades essentially.

9 THE COURT: Well, I'm less concerned -- Well, the
10 990 is fine. But the underlying documents, if they have
11 them, if they are in the record and they want to use those
12 actual documents to show what was still going on in 2021 I
13 think it was --

14 MS. CONNELL: Yes, your Honor. That was -- Yes,
15 your Honor. He was deposed in 2021. He was still treasurer
16 of the NRA at that time technically.

17 THE COURT: I'm saying you have discovery from that
18 period. So if the underlying evidence --

19 MS. CONNELL: Yes.

20 THE COURT: -- upon which he was relying, then why
21 not just use that direct evidence rather than his secondhand
22 summarization of it?

23 MS. CONNELL: I think the point that we were
24 concerned with is that he as treasurer was saying we're not
25 having -- whether it's 20 people or these five people, that

LAS

PROCEEDINGS

2304

1 we can't have this continue. There should not be verbal
2 approvals.

3 THE COURT: You're admitting it essentially for the
4 truth of that these people were doing it. And it's
5 troubling. If the only evidence you have of that is him,
6 and sort of language that I found at least to suggest that
7 it may not have been firsthand knowledge, then that's all
8 you're asking. You're asking the jury to -- to take his
9 statement in that transcript for the truth of the matter
10 asserted. I'm not sure how you get there.

11 MS. CONNELL: Your Honor, now I think I understand
12 the Court's concern. I think I can address it more
13 pointedly. I think the 990 helps us. But I can summarize
14 it very shortly for you. I think we can make it admissible.

15 THE COURT: Okay.

16 MS. CONNELL: Thank you.

17 THE COURT: All right. How long is the first
18 transcript, the deposition of Spray? How long is that? How
19 long?

20 THE TECHNICIAN: Seven minutes for the first one.
21 One hour and 23 minutes for the second one.

22 MR. SHIFFMAN: The one that we're talking about
23 with the issue is the third, that's a short one.

24 MS. CONNELL: The second one, the longer one is --
25 it's largely audio with picture with documents. It was very

LAS

PROCEEDINGS

2305

1 document intensive and that's how it has to be displayed.

2 THE COURT: Okay. Let's get the jury.

3 THE COURT OFFICER: All rise. Jury entering.

4 (Whereupon the jury panel entered the courtroom.)

5 THE COURT: Okay. Have a seat, please. So for
6 scheduling and logistics reasons we're going to do a short
7 shift here. We're going to shift to a deposition transcript
8 of the State's next witness. And Mr. LaPierre is going to
9 resume on the stand on Monday morning.

10 So, who is the next witness, Ms. Connell?

11 MS. CONNELL: The NRA former CFO and treasurer,
12 Craig Spray.

13 THE COURT: This is a witness who is not available
14 to be here. And in those circumstances the testimony that
15 was, as you'll hear under oath, is admissible as if he was
16 here. So, I believe there is -- there is a short clip from
17 his first day and then a longer clip of about an hour of his
18 second day. All right.

19 (Whereupon the video is being played.)

20 MR. FLEMING: Your Honor, I'm so sorry. Can we
21 approach?

22 THE COURT: Okay.

23 (Whereupon the following proceedings were held at a
24 side bar conference.)

25 THE COURT: What's the issue?

LAS

PROCEEDINGS

2306

1 MR. FLEMING: So this may be my mistake. This is
2 not the first day of Mr. Spray's deposition. This is the
3 investigative interview. I had thought we were talking
4 about not being part of this, but maybe I misunderstood.

5 MR. SHIFFMAN: It's only his background information,
6 and all parties agreed to put it in.

7 THE COURT: So this is nothing substantive other
8 than just the background?

9 MS. CONNELL: Just the background.

10 MR. FARBER: I agreed to that.

11 MR. SHIFFMAN: There was no objection to it I
12 thought. There is similar testimony from his other excerpt
13 that was videotaped. Because this was videotaped, we didn't
14 receive any objection.

15 MS. CONNELL: It was circulated for some time.

16 THE COURT: If it was more substantive.

17 MR. FLEMING: Understood. I apologize.

18 THE COURT: No problem.

19 (Whereupon the following proceedings were held in
20 open court.)

21 THE COURT: The first portion you're going to hear
22 is from a deposition during the investigation, which
23 ordinarily is not what you would hear, but it's going to be
24 some background information about his education and the
25 like. So, while there might be some objection to other

LAS

PROCEEDINGS

2307

1 things coming out of that deposition, I think the parties
2 all agree now that just the background is pretty plain
3 manila and worth doing on video. The second day is really
4 going to be audio and a transcript. So, they thought they
5 you should get to see it.

6 So, if you can queue it back up and continue.

7 (Whereupon the video is being played.)

8 THE COURT: All right. That's the end of that
9 transcript. Now we're going to move on to the deposition,
10 right?

11 MS. CONNELL: Yes, your Honor.

12 THE COURT: We're not going to probably finish this
13 whole thing. We'll get close.

14 MS. CONNELL: Thank you, your Honor.

15 (Whereupon the video is being played.)

16 MR. FARBER: Judge, could we be heard?

17 THE COURT: I'm sorry?

18 MR. FARBER: Could we approach at side bar?

19 THE COURT: Aren't all these objections, weren't
20 they all presented to me? Hasn't this all been resolved?

21 MR. FARBER: It appears that there may be some
22 material, which you sustained an objection that is being
23 played it appears.

24 THE COURT: Okay. Well, I don't know if we need a
25 conference for that. We just need to figure out if that's

LAS

PROCEEDINGS

2308

1 true. So --

2 MR. FARBER: Agreed.

3 THE COURT: -- why don't we take, I guess, a short
4 break. We don't have to let everybody scatter, because that
5 will take forever to get us back. Can you all go off
6 somewhere and show them what you think I sustained that they
7 are playing and see if we can fix it? Well, let me not ask
8 that as a question. We're going to go off the record.
9 You're going to go talk about it and come back and tell me
10 if we need to change anything, okay.

11 MS. CONNELL: Yes, your Honor.

12 THE COURT: So, you don't need me for this, because
13 I've already given you my rulings. See you soon.

14 THE COURT OFFICER: All rise. Jury exiting.

15 THE COURT: The jury is not exiting unless they
16 really have to. We're better off just sheltering in place.

17 (Whereupon a discussion off the record between the
18 attorneys was held outside of the courtroom.)

19 THE COURT: They're coming in one at a time. I
20 don't know if that's a good or bad sign. You know what,
21 tell them to come on in. I think it's executive decision
22 time.

23 So, counsel, I think it's executive decision time.
24 It's 4:27 on a Friday afternoon. Whatever you come up with,
25 we're going to have at most five or ten minutes of time.

LAS

PROCEEDINGS

2309

1 So, I'm going to call it for the week, and you can work this
2 out for Monday morning. For Monday. You know, I assume you
3 haven't figured it all out yet, have you?

4 MS. CONNELL: Actually, I think, your Honor, we
5 have. And I think -- But we can leave it until Monday
6 morning.

7 THE COURT: Well, I mean --

8 MR. FARBER: Your Honor, I think there is just an
9 instruction that we ask that you give and then we can break
10 at that point.

11 MS. CONNELL: Your Honor, there was a question and
12 an answer that your Honor ruled on and excluded, but then
13 there is a continued answer that was left in, and I think
14 that lead us to some confusion. So, in fact, we did play a
15 question and part of an answer that should have been
16 excluded. We agreed there was an error in that. The jury
17 should be instructed. But there was another continued
18 answer to that question that was not excluded. That's where
19 the confusion lies.

20 THE COURT: Well, that may have been either you may
21 have misread -- I don't know why I would have left part of
22 an answer in.

23 MS. CONNELL: Maybe this is best left for Monday
24 morning.

25 MR. FARBER: Would you like us to show you the

LAS

PROCEEDINGS

2310

1 transcript that's at issue?

2 THE COURT: Not particularly. I mean, I will
3 ultimately before I give the instruction. That's why I
4 don't think we can sort of do this on the fly, because I
5 have to understand exactly what it is. It may be that I --
6 I intended to keep more of it out and it just wasn't clear.
7 So, having gotten the juror's hopes up to leave, I'm not
8 going to dash them at this point.

9 So why don't you send me a short note at some point
10 between now and Monday with exactly what you think I should
11 do. Where you think we should go. And then it's probably
12 going to be in the afternoon on Monday when we're actually
13 going to be affecting this, because we're going to go back
14 to Mr. LaPierre first thing on Monday.

15 MS. CONNELL: That's right.

16 THE COURT: So --

17 MR. FARBER: Could I suggest, your Honor, we excuse
18 the jury and maybe very briefly just explain to your Honor.

19 THE COURT: Good idea. Folks, I'm going to dismiss
20 you when we all talk about this. Please have a good weekend
21 and remember the instructions. Don't talk about the case.
22 Don't research it. Just relax and go on with your lives and
23 I'll see you Monday at 9:30.

24 THE COURT OFFICER: All rise. Jury exiting.

25 (Whereupon the jury panel departed the courtroom.)

LAS

1 THE COURT: So now the court staff will be mad at
2 me.

3 MR. FARBER: I think we can just show your Honor
4 this one page and I think that may --

5 MS. CONNELL: Can we share it on the screen in some
6 fashion?

7 THE COURT: Do you have this available on the
8 screen?

9 MR. FARBER: I have a hard copy.

10 THE COURT: What I would need to understand is what
11 we sent you with my notes in the margin.

12 MS. CONNELL: That's what we have, your Honor. We
13 have what Mr. Blaustein returned to us with your rulings in
14 it. We have it electronically. Mr. Farber has it in hard
15 copy. And we have no objection to you seeing it.

16 THE COURT: Why don't we go off the record for a
17 second so you can give me this and I can take a look at it.

18 (Whereupon a discussion off the record was held.)

19 THE COURT: All right. I do remember this now. I
20 did intentionally sustain the objection only as to lines
21 nine to 13. As I now look at it, it really doesn't make
22 sense to break it down that way. And the rest of the answer
23 should go too, because it's all part of the same answer to
24 the same question. The most overtly hearsay part of it was
25 in the nine to 13, but it really doesn't make sense for them

LAS

PROCEEDINGS

2312

1 to hear the remainder of that. So, the question I suppose
2 is this is already coming on, right? They have already
3 played this?

4 MR. FARBER: Unfortunately, yes. So they need an
5 instruction.

6 THE COURT: Look, and I might as well put this on
7 the record, the -- the bit I was concerned about was really
8 the questions. The objection was a little strange in that
9 it comes into the answer to the previous question and then a
10 carryover. So, the question was, "Were you aware that the
11 NRA was making payments to a company affiliated with
12 Mr. Phillips' significant other?" And the answer was, "I
13 became aware of that." That's the hearsay. It also is an
14 embedded assumption in the question.

15 And so I -- I thought his testimony on that was --
16 was purely hearsay, what somebody told him. And then he
17 goes on. "I became aware of payments to an individual. I
18 wasn't aware certainly about any relationship." So, you
19 know, the question is what's the best way to deal with this.
20 Frankly, the jury has heard this story from so many
21 different witnesses. It's not as if there was some
22 bombshell in this section. But to the extent that it gave
23 the impression that or he testified as to the truth of the
24 matter asserted in the question, that is hearsay. So, he's
25 not an independent witness of that.

LAS

PROCEEDINGS

2313

1 So, I'm open to how best to deal with it. I think
2 it almost might end up being -- Well, look, I can describe
3 it and say there was a back and forth where he says he
4 became aware of something, of a transaction involving
5 Mr. Phillips, and that whole answer you should just
6 disregard.

7 MR. FARBER: Your Honor, what I would ask is that
8 the jury be instructed that there was a question played from
9 a deposition where the witness was asked whether he was
10 aware that the NRA was making payments to a company
11 affiliated with Mr. Phillips' significant other. That
12 question and answer -- and the answers should not have been
13 played and it should be disregarded.

14 THE COURT: Right. Look, I will also say, to take
15 both sides off the hook, that it was sort of my notes to it
16 that lead to the confusion. So, I think, because I did
17 not -- As it was written here, I'll throw it back at you a
18 little bit, the indication of what was being objected to end
19 at line 13 and then it doesn't seem to be an objection to
20 lines 14 going forward for whatever reason. But, in any
21 event, I should have been clearer that what I was meaning to
22 exclude when I said sustained as to lines 13 and 14, is to
23 make it clearer that lines seven and eight, which were the
24 answer to the prior question, I was not getting rid of that,
25 'cause that doesn't make any sense, right. So, the prior

LAS

PROCEEDINGS

2314

1 question was, "How much did he provide you with information
2 worth paying for?" Then the answer was, "Again, from a
3 finance perspective we had very little interaction in 2019."
4 The objection to that didn't strike me as being meritorious.
5 But the same objection applied to the next question, if you
6 know what I mean. So, I wasn't intending to impact the rest
7 of that answer, but I probably should have.

8 So, look, I'm open to -- to that. My guess is they
9 won't even remember it when I go back to it. The important
10 thing is is that if they ask, if they do remember it, and
11 I'll give the instruction that you're describing, if and
12 when they ask for the relevant transcript to go back to the
13 jury room, that part won't be in it.

14 MR. FARBER: And what your Honor is saying now is
15 that you're taking out nine through --

16 THE COURT: Twenty-three.

17 MR. FARBER: -- nine through 23.

18 THE COURT: Right, because it doesn't make sense
19 to -- to sustain an objection to a question and only part of
20 the answer and then have an answer coming in with no
21 question.

22 MR. FARBER: Agreed. Thank you, your Honor.

23 THE COURT: If you look at it from my perspective,
24 there was no objection at least indicated to the rest of the
25 answer. Only to part of the answer. I don't really

LAS

PROCEEDINGS

2315

1 understand why. But I didn't spend a lot of time thinking
2 through your objections. I mean, why you were objecting to
3 some things and not others. Anyway, but I think it's fine
4 to clean it up. I can do it essentially the way you
5 described it. And we can move on from there.

6 MR. FARBER: Thank you, your Honor.

7 THE COURT: Which is why live witnesses are better.

8 MS. CONNELL: We prefer them, your Honor.

9 Mr. Spray would come here, we prefer that.

10 THE COURT: Thank you all. It's been another hard
11 week I know. We should be getting down to where the math
12 around how much time you all have left is starting to become
13 clearer so that, you know, especially, you know, the
14 plaintiff, once they are done with their case, you tend to
15 have a clearer view of how much time you have for cross.
16 And to some extent it's easier for the defendants because
17 they also know how much time they have for direct. So, they
18 can reserve some time for redirect but, you know, it seems
19 like we're in a pretty predictable, except for today, of
20 about four hours a day. So, build in some uncertainty to
21 protect yourself and, you know, don't leave anything until
22 the very end, you know, if you really need it. Anything
23 else?

24 MS. CONNELL: Not from plaintiff. Thank you, your
25 Honor.

THE COURT: Just to briefly summarize what was off the record, we were talking about Mr. Spray's deposition testimony and the State had asked whether if they decide not to play the portion that had been objected on hearsay grounds with respect to his testimony that he found out -- although it is not entirely clear from the testimony from whom or how -- that certain charges were continuing to occur after the corrected measures were in place, would I have any other parts that I would be sustaining the objection to and the answer is no. That was the only portion that I had considered to. If you're going to take that out, we don't need to get into any further cutting.

MS. CONNELL: Thank you, your Honor.

THE COURT: I do want to -- you know, on the summary evidence letters, maybe I should have them; but everybody is referring to the actual exhibits. I don't see them on NYSCEF. Just so you all know, I look at NYSCEF, not e-mail. So, I don't know whether you're sending things in. I keep my focus on the public record for the most part.

Do I have copies of the proposed exhibits somewhere?

MS. CONNELL: Your Honor, I thought we had filed a notice on NYSCEF, but I will double check and make sure they're filed today.

BP

1 THE COURT: So you might have filed it in an
2 original notice. The two letters that went back and forth
3 did not attach.

4 MS. CONNELL: Right, I don't believe they did, and
5 I think we sent notices to the defendant; but I'll make sure
6 it is filed on NYSCEF.

7 THE COURT: When you sent notices to the
8 defendants, you posted those on NYSCEF?

9 MS. CONNELL: I would have to double check. I
10 don't want to make a representation --

11 THE COURT: All right, I have a pretty good sense
12 from the letters, and I want to get to Mr. LaPierre and the
13 jury; but I do want to make sure I have the actual summary
14 exhibits that you're intending to use, but we'll talk about
15 that at a break when -- so, why don't we get to the jury,
16 then.

17 COURT OFFICER: Your Honor, do you want the witness
18 up?

19 THE COURT: Yes, thank you. What I would do
20 without you. I would have no witness is what I would do
21 without you.

2 WAYNE LaPIERRE, having been previously duly sworn/affirmed
3 by the Clerk of the Court, resumed the witness stand and
4 testified as follows:)

5 MR. CONLEY: Your Honor, we took the binders back
6 and tried to consolidate everything into one binder that
7 will be used today and that should be -- yes.

8 THE COURT: So you changed the tab numbers?

9 MR. CONLEY: No.

10 COURT OFFICER: Court ready to receive the jury,
11 your Honor.

12 All rise, jury entering.

13 (Whereupon, at this time the jury then entered the
14 courtroom.)

15 THE COURT: Good morning, everyone. Welcome back.
16 Please have a seat. So, we're going to continue with
17 Mr. LaPierre's testimony.

18 Sir, do you recognize you're still under oath?

19 THE WITNESS: Yes, sir, your Honor.

20 THE COURT: Okay, Mr. Conley, you may continue.

21 MR. CONLEY: Thank you your Honor.

22 DIRECT EXAMINATION

23 BY MR. CONLEY:

24 Q Good morning, Mr. LaPierre.

25 A Good morning, counselor. Counselor, may I correct --

BP

2321

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 thinking about one answer I gave last Friday?

2 THE COURT: Mr. LaPierre, you were saying?

3 A Counselor, I was just asking may I correct one answer
4 that I gave last Friday in thinking about it?

5 Q Yes.

6 A You asked me if Mary Mallus had ever worked for PM, and
7 I said no, she worked for Carlyle Group. In thinking about it,
8 I don't know anything about her employment background other than
9 I know she worked for the Carlyle Group.

10 Q Okay. Thank you, Mr. LaPierre.

11 Last Friday, I asked you a few questions about a
12 post-employment agreement that the NRA entered into with Woody
13 Phillips? Do you recall that?

14 A Yes, I do.

15 Q And when I asked you if Mr. Phillips had provided any
16 consulting services to the NRA after he retired, you testified
17 he'd worked with donors in terms of keeping up relations in
18 Texas.

19 Do you recall that testimony?

20 A Yes, I did.

21 Q Do you recall giving sworn testimony in 2020 during the
22 Attorney General's investigation of the NRA?

23 A I do.

24 Q And you took an oath to tell the truth in that
25 examination?

BP

2322

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 A I did.

2 MR. CONLEY: Jesse, if you could please play page
3 153 lines 4-14.

4 Q Mr. LaPierre, do you see a transcript question:

5 "All right, do you know whether or not Mr. Phillips
6 provided consulting services to the NRA pursuant to this
7 contract?"

8 Do you see that?

9 A Yes, I do.

10 Q You responded "I -- I know that Woody -- I was not
11 aware of this, but I know that Woody stayed in touch with --
12 well, what is the date of this contract?" "December 31, 2018."

13 "QUESTION: As of December 31st, but was signed
14 much earlier.

15 "ANSWER: I do not know after December 31, 2018,
16 whether he did or whether he didn't.

17 A Yes.

18 Q And, Mr. LaPierre, last Friday I asked you a few
19 questions about Millie Hallow. Do you recall that?

20 A I do.

21 Q In November of 2020, the NRA reported in its Form 990
22 that Millie Hallow diverted approximately \$41,000 from the NRA;
23 is that right?

24 A I believe that's correct.

25 Q She took this money without the NRA's permission;

BP

2323

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 correct?

2 A Yes.

3 Q She stole it; right?

4 A Yes.

5 Q Part of the \$41,000 that Ms. Hallow repaid the NRA were
6 expenses for her son's wedding; is that accurate?

7 A Yes.

8 Q Those weren't the only expenses; correct?

9 A Those were the ones that I was aware of, unless there
10 was something involving the -- the Russia trip that she worked
11 on that I was not aware of.

12 Q Ms. Hallow remained an employee at the NRA until 2023;
13 is that right?

14 A Yes, that's correct.

15 Q Up until Ms. Hallow left the NRA, she had the same job
16 title; correct?

17 A She did, although it was being looked at by the lawyers
18 and the investigation, was being looked at.

19 Q And she had the same salary?

20 A Yes.

21 Q What was her salary?

22 A I think it was 250 or something like that.

23 Q When you learned that Ms. Hallow diverted money from
24 the NRA, you believe that if she paid the money back, no
25 disciplinary action was necessary; correct?

BP

2324

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 A She paid the money back. It was already with lawyers
2 and the investigators. Her lawyers believed what she had
3 cancer, she had breast cancer, she had leukemia; and she thought
4 she might attempt to pay it back earlier and it got hung up with
5 the lawyers and eventually she was let go.

6 Q But back in 2020 when you learned that Ms. Hallow
7 diverted money from the NRA; you believed that if she paid that
8 money back, no disciplinary action was necessary; is that
9 accurate?

10 A Not necessarily. It was -- it was with the lawyers at
11 that point, and she did -- she didn't come into the office
12 anymore. At some point, I decided that she wasn't worth what
13 she was being paid in terms of services even if she had come
14 back and I let her go.

15 Q Mr. LaPierre, do you remember being deposed in the NRA
16 bankruptcy proceeding?

17 A Yes, I do.

18 Q And you took an oath to tell the truth in that
19 deposition; is that right?

20 A Yes, I did.

21 Q And you tried to tell the truth?

22 A Yes.

23 MR. CONLEY: Jesse, could you please pull up
24 Mr. LaPierre's bankruptcy deposition, page 206, line 7 to
25 23.

BP

2325

W. LaPierre - Plaintiff - Direct/Mr. Conley

2 Q So, if you see the question here, Mr. LaPierre, at line
3 7:

4 "So you never went -- did you ever go back to
5 Millie and say that you lied to me about whether you spent
6 the NRA money on your son's wedding?"

7 You responded: "ANSWER: You know, she since then
8 has been coping with, as I said, recovering for a second
9 time from cancer. Her husband's been terribly sick and has
10 passed away, and I didn't go back and beat her up on that.
11 I let -- I let the fact that we told her you're either going
12 to pay this back or you're going to be fired, and she agreed
13 to pay it back. I mean, I thought that sent the message
14 enough."

15 A Yes, that's true.

16 Q And 2020, you discussed this issue with the NRA board
17 officers at the time; is that right?

18 A Yes.

19 Q And at the time that was Ms. Meadows, Mr. Cotton and
20 Mr. Lee?

21 A Yes.

22 Q At the time they agreed that repaying the money was
23 sufficient for Ms. Hallow; is that right?

24 A Yes, but they were -- it was still being looked at.

25 Q Mr. LaPierre, you're aware that the NRA has paid a

BP

2326

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 vendor for helicopter services for several years; correct?

2 A Yes.

3 Q And you authorized this?

4 A Yes.

5 Q And these helicopters would transfer you and other NRA
6 executives and board members to and from Nascar races; is that
7 right?

8 A Yes.

9 Q To avoid getting stuck in traffic, correct?

10 A Yes.

11 MR. CONLEY: I'd like to introduce what is Tab 130
12 and in your binder, which is Plaintiff's Exhibit 754.

13 And this has not been admitted. I would move for
14 its admission.

15 MS. ROGERS: Subject to foundation, no objection.

16 THE COURT: This one where there's a foundation
17 from the vendor or you're going to lay the foundation with
18 this witness?

19 MR. CONLEY: I will attempt to lay the foundation
20 with this witness, your Honor.

21 THE COURT: Okay.

22 Q Mr. LaPierre, you said that you were aware that the NRA
23 had engaged a vendor for helicopter services; is that right?

24 A Yes, yes. I wasn't sure whether we were paying for it
25 or Speedway Motor Sport.

BP

2327

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 Q Are you familiar with the vendor, Henry Aviation?

2 A Yes, I am.

3 Q And you're aware that Henry Aviation has provided
4 services to the NRA?

5 A Yes.

6 Q And Lisa Supernaugh, you're familiar with her; correct?

7 A Yes.

8 Q She has worked -- she worked in the treasurer's office
9 for several years?

10 A That's correct.

11 Q And was Woody Phillips' assistant for several years?

12 A Yes.

13 Q And Ms. Supernaugh would often handle vendor invoices
14 for processing purposes; correct?

15 A Yes.

16 MR. CONLEY: Your Honor, I move for admission.

17 THE COURT: Well, I don't know how that has
18 furthered the foundation for this particular piece of paper,
19 though. I mean, somebody has to be able to describe what it
20 is; and do you want to see if he recognizes it or something
21 that he's seen in the NRA files or something like that?

22 Q Mr. LaPierre, do you recognize the exhibit, Plaintiff's
23 Exhibit 754 at Tab 130?

24 A Yes, I do.

25 Q And what do you recognize it to be?

BP

2328

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 A It is a --

2 THE COURT: Well, just to be clear, the question is
3 do you recognize it from the business, from your work, not
4 from just preparing for today.

5 THE WITNESS: Yes, your Honor. It is a -- it is an
6 invoice for transportation, helicopter transportation to
7 Texas Motor Speedway.

8 THE COURT: I'll admit it.

9 Q And, Mr. LaPierre, you would agree that the listed
10 passengers for this helicopter service invoice is Tony Makris,
11 Werner Laughlin, you and Terry Sterner; is that right?

12 A Yes.

13 Q And Werner Laughlin, that's Tony Makris's wife;
14 correct?

15 A Yes.

16 Q And Terry Sterner, that is Colleen Sterner's husband;
17 correct?

18 A Yes.

19 Q And you authorized this trip; is that right?

20 A Yes.

21 MR. CONLEY: I would like to turn to Tab 131,
22 Plaintiff's Exhibit 776. This is not in evidence. I would
23 move for its admission.

24 MS. ROGERS: No objection.

25 THE COURT: Okay, it's admitted.

6

Q And would you agree that these are helicopter charters

9

Q And did you authorize Kayne Robinson to use

specific authorization on this, but it was a practice to get

13

people out there.

14

Q And Kayne Robinson is on the Executive Council, is that

17

MR. CONLEY: And, finally, I'd like to introduce

Plaintiff's Exhibit 789, which is not in evidence. That's

20

MS. ROGERS: No objection.

21

THE COURT: All right, it is admitted.

W. LaPierre - Plaintiff - Direct/Mr. Conley

2 Q And is Donna Kayne Robinson's wife?

3 A That's correct.

4 Q Mr. LaPierre, in addition to the trips that you've
5 taken with the McKenzies, you've also met with Mr. McKenzie on
6 numerous occasions in California; is that correct?

7 A Yes, it is.

8 Q Mr. LaPierre, I'd like to turn to Tab 59 of your
9 binder, Plaintiff's Exhibit 360. This is already in evidence.

10 And --

11 A Tab 59, I'm sorry?

12 Q Yes.

13 A Yes.

14 Q Great. And this is an e-mail from Murray Drechsler to
15 Craig Spray with attachment titled "MMP Group Retainer

17 right?

20 of this exhibit, which is fee schedules that are listed. Do you
21 see that in front of you?

22 A I do.

23 Q And you see the headings for "Membership Marketing

25 A Yes, I do.

W. LaPierre - Plaintiff - Direct/Mr. Conley

5 in negotiating the fees with MMP entities; correct?

6 A Yes. Although I -- I was consulted on extra work they
7 were taking on.

8 Q The negotiation of the fees was handled by the
9 treasurer's office; is that right?

10 A Yes.

11 Q And it's your testimony that you didn't verbally
12 approve any fee increases for the MMP entities; correct?

13 A I approved the -- I said it was a good idea that I
14 thought to take on the additional work, and they should talk to
15 the treasurer's office in terms of the fees.

16 Q Mr. LaPierre, I'd like to turn to Tab 60 in your
17 binder, which is Plaintiff's Exhibit 2824.

18 MR. CONLEY: This is not in evidence and I move for
19 its admission.

20 MS. ROGERS: No objection.

21 THE COURT: Hearing no objection, it's admitted.

22 (Plaintiff's Exhibit 2824 was admitted and received
23 into evidence.)

24 Q And you can take a moment to flip through this.

25 Mr. LaPierre, but my question is would you agree this

BP

2332

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 is a collection of expense reports you submitted for a trip to
2 California between May 27th and May 30, 2015?

3 A That is correct, to do a town hall meeting.

4 Q Would it be accurate to say you met with Mr. McKenzie
5 several times during this trip; correct?

6 A Yes.

7 Q So, for example, if you turn to 4 four of this exhibit
8 at the top, this is an expense report for a meal that you had
9 with the McKenzies; correct?

10 A Yes.

11 Q And you previously testified about your use of the
12 Yacht Illusions, correct?

13 A Yes.

14 Q And on several occasions Susan LaPierre used the Yacht
15 Illusions on trips with friends, correct?

16 A Yes.

17 Q And one of those trips on the Yacht Illusions occurred
18 the last week of May 2015; correct?

19 A I'm -- I'm not sure, but...

20 Q That's fair. That was a few years ago.

21 I'd like to see if a document produced by Associated TV
22 would refresh your recollection. If you could please turn to
23 Tab 49, Plaintiff's Exhibit 65.

24 MR. CONLEY: And this is not in evidence.

25 MS. ROGERS: We'll need to see a foundation.

BP

2333

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 MR. CONLEY: I'm not seeking to admit it quite yet.

2 THE COURT: You just want him to look at it and see
3 if it refreshes his memory?

4 MR. CONLEY: Correct, your Honor.

5 Q If you could turn to Tab 49, Mr. LaPierre, page 3.

6 A Yes, I'm there right now.

7 Q Does this refresh your recollection on whether
8 Ms. LaPierre stayed on the Illusions Yacht in the Bahamas in May
9 of 2015?

10 A Yes, it does.

11 Q And on what dates did Ms. LaPierre stay on the Yacht
12 Illusions?

13 A It looks like the 24th through the 30th.

14 Q Thank you. And now turning back to the chart of MMP's
15 fees which is Tab 59 in your binder.

16 A Yes.

17 Q On page 6. You'd agree that MMP's fees increased from
18 \$575,000 a month to 645,000 a month in June of 2015; correct?

19 A Yes.

20 Q And Concord Social's monthly fees increased by 30,000
21 at the same time?

22 A Yes.

23 Q So, a few days after your trip to California to meet
24 with Mr. McKenzie and shortly after, Ms. LaPierre stayed on the
25 McKenzie's yacht for a week, MMP's fees increased a hundred

BP

2334

W. LaPierre - Plaintiff - Direct/Mr. Conley

1 thousand a month; correct?

2 A Yes, but I don't believe they had anything to do with
3 each other.

4 Q And isn't it accurate that you spent a week with the
5 McKenzies in the Bahamas between December 29th and January 5th,
6 for one of their retreats in 2016?

7 A That -- that sounds correct. Could you show me that?

8 Q Yes, Mr. LaPierre. If we could please turn to Tab 61
9 in your binder, which is Plaintiff's Exhibit 4705.

10 A Yes.

11 MR. CONLEY: And this is not in evidence, but I
12 would move for its admission.

13 MS. ROGERS: Subject to foundation, no objection.

14 THE COURT: Is this one that has been -- is this
15 part of the --

16 MS. ROGERS: I think this is part of the GS-2
17 production, but we would want the witness to at least be
18 voir dired on whether -- I don't want to say more in front
19 of the jury -- whether this is a real invoice or a not real
20 one.

21 THE COURT: Well, look, the admission of it is as a
22 business record of the vendor and so I'm admitting it on
23 that basis. Whether if the witness -- if you or the other
24 side wants to ask the witness whether it is real or not, you
25 can certainly do that.

BP

1 So, it is admitted.

2 (Plaintiff's Exhibit 4705 was admitted and received
3 into evidence.)

4 MR. CONLEY: Thank you, your Honor.

5 Q Mr. LaPierre, do you have the invoice from Corporate
6 America Aviation in front of you?

7 A Yes, I do.

8 Q Would you agree that it reflects a trip on December 29,
9 2015, from Washington DC to the Bahamas?

10 A Yes, this is a celebrity retreat that I used to attend
11 to try to get celebrities.

1 MR. CONLEY: If you can please turn to Tab 62 in
2 your binder. It's Plaintiff's Exhibit 4444, and this is not
3 in evidence. I move for its admission.

4 THE COURT: Is this the same foundation from the
5 vendor?

6 MR. CONLEY: Yes.

7 THE COURT: It's admitted.

8 Q And Mr. LaPierre, would you agree this reflects a
9 private flight from the Bahamas to Dallas and then Washington DC
10 in January 4th and 5th, 2016?

11 A Yes. It's back from the Celebrity retreat to Dallas
12 the club and Wetherby Association dinner in Texas.

13 Q And so isn't it true that you spent a week with the
14 McKenzies in the Bahamas between December 29 and January 4 for
15 one of their retreats in 2016?

16 A Yes. That's correct.

17 Q And if we could turn back to the MMP retainer fees
18 chart, Tab 59 in your binder, Page 6. It's on the screen, if
19 that's easier.

20 Mr. LaPierre, will you agree that MMP's fees increased
21 \$100,000 in this time that coincided with your week-long stay
22 with the McKenzies in the Bahamas?

23 A Yes, I would, but Counselor, all of this is a part of
24 an investigation Greg Spray our new treasurer was doing as to
25 whether the increases in -- from MMP were justified. It was

KM

2337

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 part of an investigation he was doing.

2 Q Okay. And sitting here right now, do you have a view
3 on whether the fees were justified?

4 A He concluded they were.

5 Q And Mr. LaPierre, I'd like to turn to Tab 63 of your
6 binder which is Plaintiff's Exhibit 5114.

7 A Yes.

8 MR. CONLEY: And this is not in evidence. I move
9 for its admission.

10 MS. ROGERS: Subject to foundation, no objection.

11 THE COURT: These are documents that were produced
12 by who?

13 MS. ROGERS: These were produced by us. I'm not
14 sure if the witness --

15 MR. CONLEY: The NRA.

16 THE COURT: All right. You can ask.

17 Q Mr. LaPierre, do you recognize Plaintiff's Exhibit
18 5114?

19 A Yes, I do.

20 Q Are these expense reports that you submitted for a trip
21 to California in 2016?

22 A Yes.

23 MR. CONLEY: I move for their admission.

24 MS. ROGERS: No objection.

25 THE COURT: They are admitted.

KM

2338

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 Q So Mr. LaPierre, you'd agree this is a collection of
2 your expense reports for a trip that you took to California
3 between August 29 and September 2, 2016; correct?

4 A Yes, I would.

5 Q And you met with the McKenzies during this period;
6 correct?

7 A I did.

8 Q If you could turn to page 10. At the top there is an
9 entertainment report.

10 Do you see that?

11 A Yes, I do.

12 Q And this is an expense report for a meal on August 31,
13 2016 with David and Laura McKenzie and Brad O'Leary; correct?

14 A That is correct.

15 Q And if you turn to Page 16 of this exhibit, would you
16 agree that this is an expense report for your hotel room at the
17 Beverly Hills Hotel for this trip?

18 A Sir, on page 16?

19 Q Yes.

20 A Pardon me.

21 Q Page 16.

22 A Yes.

23 Q And will you agree you write on this expense report
24 that the stay for meetings with Associated TV, Membership
25 Marketing Partners and PM Consulting?

KM

2339

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 A Yes.

2 Q All right. And if you turn to page 20 of this exhibit,
3 will you agree that this is an expense report for another meal
4 with David and Laura McKenzie on September 1, 2016?

5 A Yes.

6 Q All right. And I'd like to again turn back to the
7 chart of the MMP retainer fees, Tab 59, Plaintiff's Exhibit 360.

8 Do you see the MMP fees increased \$150,000 a month
9 beginning on September 1, 2016?

10 A Yes.

11 Q And Concord's fees increased 40,000 a month at the same
12 time; correct?

13 A Yes.

14 Q So based on the chart of the MMP retainer fees and the
15 expense reports that we are looking at, once again MMP's and
16 Concord's fees increased substantially around the same time that
17 you met with the McKenzies.

18 A Yes, but I don't think they had anything to do with
19 each other.

20 Q You're familiar with Mike Marcellin; correct?

21 A Yes.

22 Q He was the NRA managing director of Affinity and
23 licensing?

24 A Yes. That's correct.

25 Q He retired in 2016?

KM

2340

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 A I believe so.

2 Q The NRA paid Mr. Marcellin more than \$2.5 million after
3 he retired; correct?

4 A I'm not aware of the numbers.

5 Q Are you aware that the NRA paid Mr. Marcellin after he
6 retired?

7 A I am now.

8 Q And Mr. Marcellin didn't provide any services to the
9 NRA for those payments; correct?

10 A I don't know. He didn't report to me.

11 Q Who did Mr. Marcellin report to?

12 A He reported to our treasurer's office. He may have
13 reported to membership at one point. I know he reported to our
14 treasurer's office.

15 Q So that would be Woody Phillips?

16 A Yes. That's correct.

17 Q And are you aware that after Mr. Marcellin retired,
18 approximately a million dollars was paid to Mr. Marcellin
19 through NRA vendor Lockton Affinity?

20 A I did not know that at the time. I know that now as a
21 result of the 360 degree course correction.

22 Q Would you agree that was inappropriate?

23 A Yes.

24 Q When Mr. Marcellin worked at the NRA, he managed the
25 NRA's relationship with Lockton Affinity; right?

KM

2341

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 A Yes.

2 Q Will you agree that Mr. Marcellin's arrangement with
3 Lockton Affinity should have been disclosed to the Audit
4 Committee?

5 A Yes.

6 Q And to your knowledge, it wasn't disclosed to the Audit
7 Committee; correct?

8 A Not that I know of.

9 Q Last Friday I asked you some questions about Ackerman
10 McQueen's practice of passing through expenses to the NRA's
11 out-of-pocket expenses.

12 Do you recall that?

13 A Yes, I do.

14 Q I'd like to turn to Tab 100 in your binder, Page 287.
15 This is an extract of the full exhibit because these are several
16 hundred pages long. I know it could be a little unwieldy
17 flipping through them, so this is just an extract. If you want
18 the full exhibit in hard copy, I'm happy to provide that for
19 you. And the specific page I'm asking about is 287.

20 THE COURT: Is this document in evidence yet?

21 MR. CONLEY: Yes. Thank you, your Honor. Yes,
22 this is in evidence.

23 Q And do you see the line items on this Ackerman McQueen
24 expense report for \$29,786 and \$7,550 for 21C, Louisville?

25 A Yes, I do.

KM

2342

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 Q And for those line items, it says underneath 21C,
2 Louisville, "NR guest lodging confidential per WLP."

3 "WLP." Those are your initials; correct?

4 A Yes, they are.

5 Q And people refer to you by those initials pretty
6 frequently; correct?

7 A No, not really. They refer to me as Wayne.

8 Q But in documents, would it be fair this reference to
9 WLP is referring to you?

10 A I know looking at these that's the way Mr. Makris used
11 to put it down.

12 Q Okay. And Ackerman booked this lodging for you;
13 correct?

14 A No. I believe they were booked by Mrs. Stanford. I'm
15 not sure.

16 Q And did Ms. Stanford book this lodging for you?

17 A I'm not sure. It was for a national convention, and it
18 could have been a combination of the two. I'm not sure is the
19 answer.

20 Q Okay. So you don't know one way or the other whether
21 this "guest lodging confidential per WLP" were rooms booked on
22 your behalf?

23 A I know about this now. I do not believe a lot of these
24 charges were mine. I believe they were Ackerman's. That's what
25 I believe. I believe at least half of them were Ackerman's.

KM

2343

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 Q What about the other half?

2 A They would have been mine.

3 Q So a portion of these expenses were for you; correct?

4 A Yes.

5 Q And Ackerman billed the NRA for these hotel expenses
6 through the out-of-pocket arrangement; correct?

7 A Yes.

8 Q Last Friday I asked you a few questions about Tony
9 Makris.

10 Do you recall that?

11 A Yes.

12 Q Mr. Makris is a close friend of yours for decades;
13 right?

14 A Yes.

15 Q In 2018, Mr. Makris accompanied you on two trips to the
16 Mayo Clinic in Arizona; correct?

17 A Yes. That's correct.

18 Q And you asked Mr. Makris to join you?

19 A Yes. He joined me because they thought I had lung
20 cancer and my wife could not go. So he joined me.

21 Q And during these trips, you both stayed at the Four
22 Seasons in Scottsdale, Arizona; correct?

23 A Yes. That's correct.

24 Q And the NRA paid for both you and Mr. Makris' rooms;
25 correct?

KM

2344

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 A Yes. I know that now.

2 Q I'd like to turn to Tab 102 in your binder which is
3 Plaintiff's Exhibit 3150.

4 Again, for convenience, this is just an extract from
5 the exhibit. I'd like to turn -- and this is in evidence. I'd
6 like to turn to Page 82.

7 A Yes. I found it.

8 Q Okay. Great. And I'd like to direct your attention on
9 Page 82 to a charge for lodging at the Four Seasons Hotel in
10 January of 2018 in Scottsdale, Arizona. The charge is for
11 \$4,753.28 cents.

12 Do you see that?

13 A Yes, I do.

14 Q This reflects the lodging expenses for one of the trips
15 that you took to Arizona with Mr. Makris; correct?

16 A Yes. That's correct.

17 Q And these were the charges for your and Mr. Makris'
18 rooms?

19 A Yes.

20 Q And this was billed through Ackerman McQueen as an
21 out-of-pocket expense; correct?

22 A Yes. That's correct.

23 Q Okay. If you could turn to Page 244. Same exhibit.

24 A Yes. I'm with you.

25 Q And I'd like to direct your attention to the third

KM

1 charge up from the bottom dated April 19, 2018. It's a charge
2 from the Four Seasons Scottsdale Hotel for \$9,550.42.

3 Do you see that?

4 A Yes, I do.

5 Q This reflects a lodging expense at the Four Seasons
6 Hotel for the second trip that you took to Arizona with Mr.
7 Makris; correct?

8 A Yes. I believe --

9 Q And these expenses are for your and Mr. Makris' hotel
10 room during that stay?

11 A Yes.

12 Q The NRA also paid for your private jet travel for these
13 two trips to Arizona in 2018; correct?

14 A Yes, I was told by security whether it was personal or
15 business, I had to travel private.

16 Q You testified last Friday that you didn't recall any
17 instances when you authorized a private flight for Mr. Makris
18 where you were not a passenger.

19 Do you recall that testimony?

20 MR. CORRELL: Objection, your Honor. Misstates the
21 testimony.

22 A I said there might have been one or so where I was on
23 the plane and he had to be dropped off somewhere else and
24 authorize that.

25 Q And the instance that you're referring to, was this a

KM

1 separate flight or was it the same flight that you were on that
2 just continued?

3 A It was the same flight.

4 Q I would like to introduce Plaintiff's Exhibit 4538.
5 This is not it in your binder, but I do have paper
6 copies.

7 THE COURT: Is it in evidence?

8 MR. CONLEY: It is not in evidence.

9 THE COURT: Does counsel have copies?

10 MS. ROGERS: I'd like one. Subject to the same
11 foundation with hearsay objection, no objection.

12 THE COURT: Again, is this part of the collection
13 that were attested to by the vendor?

14 MR. CONLEY: Yes.

15 THE COURT: It's admitted. So you do have it on
16 the screen. Okay.

17 Q Mr. LaPierre, would you agree that this invoice
18 reflects a private flight that you arranged for Mr. Makris after
19 he joined you on the trip to Arizona?

20 A I did not authorize this flight -- this flight back.

21 Q And this flight was \$35,800; correct?

22 A That's correct.

23 Q And the passengers listed are Tony Makris and his wife;
24 correct?

25 A Yes. I do not believe I authorized this flight.

KM

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 Q Ackerman McQueen would also pay for your meals at
2 restaurants and pass those through to the NRA's out-of-pocket

4 A They may have at some times.

5 Q You're familiar with Landini Brothers; correct?

6 A Yes.

7 Q It's an Italian restaurant in Alexandria, Virginia?

8 A Yes.

9 Q And you have dined there several occasions; right?

10 A Yes.

11 Q And you've dined there with Tony Makris?

12 A That's correct.

13 Q And when you dined at Landini's with Tony Makris or
14 someone else from Ackerman, Ackerman would often pick up the
15 bill; correct?

16 A Yes. It would often be a working lunch, and they would
17 pick it up sometimes.

18 Q I'd like to turn to Tab 100, Plaintiff's Exhibit 3151.
19 This is in evidence at page 321.

20 A Yes, sir. I'm with you.

21 Q And I'd like to direct your attention -- first, let's
22 start at the top.

23 Do you see this is an expense report for Jeff Minson
24 and below that it says "TM July travel."

25 Do you see that?

KM

2348

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 A I'm sorry. Where are you, Counselor?

2 Q If you look at the top. Do you see expense report
3 listed?

4 A LA Homes?

5 THE COURT: They are circling it on the version
6 that's on your screen, Mr. LaPierre.

7 THE WITNESS: Yes.

8 Q Okay. Great. And below that, do you see descriptions
9 for Landini brothers and Landini Rex?

10 A Yes, I do.

11 Q And "TM meal." Do you understand that to mean Tony
12 Makris?

13 A Yes, I do.

14 Q Okay. And so for example, on June 7, 2016, you see a
15 reference TM meal with WLP part of \$2,140.64?

16 A Yes.

17 Q The cost of that meal is \$129.58?

18 A Yes.

19 Q And below that do you see a description for Landini Rex
20 and TM meal with WLP and then other initials?

21 A Yes, I see that.

22 Q Okay. And that meal was approximately \$1,000. Do you
23 see that?

24 A Yes, I do.

25 Q And if you go down, you'll see meals for June 19, June

KM

2349

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 20, June 21, and 22.

2 Would you agree that this invoice lists meals that you
3 had at Landini's five times in five days?

4 A I did not believe that I was at most of these. I
5 occasionally attended a working dinner at this place called Rex,
6 but I didn't drink. I didn't smoke. I hated that cigar bar. I
7 hated going to that cigar bar, and I did not believe I was part
8 of most of these meetings.

9 Q Okay. But when you would dine with Tony Makris, there
10 were instances when he would be picking up the bill for you at
11 Landini's; right?

12 A That is correct. At the restaurant and occasionally, I
13 went to a working dinner at the Rex Cigar Bar, but I didn't like
14 it.

15 Q And you knew that those expenses would be billed to the
16 NRA; right?

17 A I expected Tony to bill his expenses that were on
18 working business with the NRA.

19 For example, if he had -- he attended -- if he -- if he
20 entertained Navy Seals that were up from Virginia Beach or
21 something like that.

22 Q And if it didn't have a business purpose and Mr. Makris
23 picked up the bill, who did you think would ultimately be paying
24 for it?

25 A If it didn't have a working experience -- a purpose,

KM

2350

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 they shouldn't have billed the NRA, and they should have picked
2 it up.

3 Q Mr. LaPierre, I'd like to turn to Tab 96 which is
4 Plaintiff's Exhibit 446, and this has been admitted into
5 evidence.

6 And I'd like to -- I'm sorry about the paperclip there.

7 I'd like to ask you about the letter on Page 4 of the
8 exhibit which is the last page.

9 A Yes.

10 Q Do you recognize this letter?

11 A Yes, I do.

12 Q It was addressed to you; correct?

13 A Yes, it was.

14 Q And it was sent by Bill Winkler?

15 A Yes, it was.

16 Q You're familiar with the retail company Zegna; correct?

17 A Yes, I am.

18 Q It's a high-end menswear store; is that right?

19 A That's correct.

20 Q In the letter Mr. Winkler refers to clothing purchases
21 at Zegna store in Beverly Hills and states that due to the
22 substantial nature of the total, we should address these items
23 immediately, and it lists out a figure of \$274,695.03.

24 Do you see that?

25 A I do.

KM

2351

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 Q And accompanying the letter which is on Page 1 and -- 2
2 and 3 of this exhibit, there are a list of purchases by a date
3 and amount.

4 MR. FLEMING: Excuse me, your Honor. I don't have
5 exhibit 446 at Tab 96.

6 Is that the right exhibit number?

7 MR. CONLEY: It is. I sent an email last night.
8 I replaced Plaintiff 3142 with 446 because they are the same
9 letter, and this was already admitted into evidence.

10 MR. CORRELL: I don't see the figure that you just
11 recited in my copy of the exhibit.

12 MR. CONLEY: Sorry for the confusion here.

13 Is this the Winkler letter regarding Zegna store
14 purchases?

15 MR. FLEMING: Yes, it is.

16 MR. CORRELL: My letter is dated May 6, 2019.

17 THE COURT: I'm not sure you are all on the same
18 place here.

19 MS. ROGERS: Is this PX 143?

20 THE COURT: Should be PX 446; right? It's Tab 96
21 in this new --

22 MR. CONLEY: Yeah. I apologize for the confusion.

2 Q Okay. So you see on Page 2 and 3 of this exhibit a

4 A Yes, I do.

5 Q Okay. And you shopped at this Zegna store in Beverly
6 Hills that's referred in this letter; correct?

7 A Yes, I have.

8 Q And you have no reason to doubt the accuracy of the
9 list of purchases on Page two and 3 of this letter; correct?

10 A I'm not sure about the accuracy. I have never seen the
11 invoices.

12 Mr. McQueen used to literally beat me up to go get
13 wardrobe at this store. They tended to do wardrobe for people
14 that did television. I did literally all the television for the
15 NRA, and he hated my clothing. He wanted different varieties of
16 suits, different colors. He wanted -- style changed. He beat
17 me up, but yes, I would go and get wardrobe for work purposes,
18 and the bills would go directly to Ackerman McQueen.

19 Q Do you have any reason to doubt the accuracy of the
20 list of purchases in the letter?

21 A I don't. I just have never seen any invoices.

22 Q And stepping back, I'd like to talk about how this
23 arrangement would work. This Zegna location is a physical brick
24 and mortar store in Beverly Hills; is that correct?

25 A That's correct.

KM

1 Q And you would go to the store and they would make
2 suggestions; right?

3 A Yes. They would have suits laid out that would be
4 appropriate for TV. They would be different colors. Some of
5 them would be light. Some of them would be dark. They would
6 have types that he thought you would work on TV. I would take a
7 look at them and go fine and leave.

8 Q And for tailored items, they would take measurements?

9 A Yes, they would.

10 Q And then you would pick what you wanted and the store
11 would ship those items to you; is that correct?

12 A That's correct. Yes. That's correct.

13 Q And so looking at this list of transactions, in March
14 of 2014, you spent \$29,060 on a visit to the Zegna store;
15 correct?

16 A Yes. That looks correct.

17 Q And in September 2014, an additional 15,050.

18 A Yes.

19 Q I'm sorry. I didn't mean to --

20 A I was just going to say that was about the time he
21 thought the styles had changed, and he wanted me to get a whole
22 bunch of different suits.

23 Q And in September of 2015, there is another expense for
24 \$39,000; correct?

25 A Yes. That's correct.

1 Q And when you went shopping at this store, you didn't
2 pay for the clothes; right?

3 A No. As I said, it was set up by Ackerman McQueen. The
4 invoices went straight to Ackerman McQueen. I never even saw
5 any of the invoices. I was just getting wardrobe to go -- they
6 were literally costumes I wore on TV for the NRA.

7 Q And it was your understanding that Ackerman was picking
8 up the tab?

9 A Yes, and they told me they didn't see anything wrong
10 with it, that they considered it appropriate in terms of my role
11 as the spokesperson for the organization.

12 Q Was Ackerman actually billing those expenses to the
13 NRA?

14 A No.

2 Q So they were gifts?

3 A They weren't gifts. They were work items that were
4 worn by me to do literally hundreds of appearances for the NRA
5 on TV.6 Q Ackerman McQueen also paid tens of thousands of dollars
7 for hair and makeup services for your wife, Susan, in connection
8 with her attendance at NRA events; right?

9 A Yes, that's correct.

10 Q And those were also billed to the NRA's out-of-pocket

12 A Yes, they were.

13 Q You didn't see the invoices for those expenses?

14 A I did not.

15 Q Did you ever ask to see them?

16 A I did not.

17 Q But you knew the services were being provided?

18 A I knew that the Women's Leadership forum luncheon which

5 Q Okay, great.

6 You agree this is an invoice for hair and makeup
7 services billed to the NRA, right?

8 A Yes, I do.

9 Q And do you see at the top left it says "Bill to NRA
10 Susan LaPierre?"

11 A Yes, I see that.

12 Q And the balance due for this invoice is \$7,850; right?

13 A Yes, I see that.

14 Q And if you look at the next page, page 228.

15 A Yes.

16 Q This is another invoice for hair and makeup services,
17 right?

18 A That's correct.

19 Q And there's several line items here in this invoice for
20 "Full day makeup for Susan LaPierre."

21 Do you see that?

22 A Yes, that's correct.

23 Q At a daily rate of \$1,800?

24 A Yes, I see that.

25 Q And this invoice is for \$10,275; right?

2 A Yes.

3 Q And these invoices are for hair and makeup services
4 provided to your wife; right?

5 A Yes, during the Atlanta convention.

6 Q Ackerman McQueen also paid Gayle Stanford a flat
7 monthly fee and passed that expense through to the NRA as a
8 out-of-pocket expense; correct?

9 A Yes, Mrs. Stanford charged a fee to the NRA.

10 Q But she also received a flat monthly fee from Ackerman
11 McQueen; right?

12 A I wasn't aware of that.

13 Q Are you aware of it now?

14 A Yes.

15 Q As we covered, the NRA was already paying Ms. Stanford
16 a flat monthly fee for her services; right?

17 A Yes, that's correct.

18 Q So, you'd agree that Ackerman executives booked lodging
19 for you and billed the cost of the lodging to the NRA as
20 out-of-pocket expenses; correct?

21 A They may have occasionally. Not most of the time.

22 Q And you'd agree that Ackerman picked up the bill for
23 suits you purchased at a Zegna store in Beverly Hills; is that
24 correct?

25 A Yes.

BP

1 Q And you that agree Ackerman picked up the bill for
2 numerous meals you had at Landini's and billed the cost of those

4 A Yes, during work lunches.

5 Q And you agree that Ackerman paid for professional hair
6 and makeup expenses for your wife and passed those expenses to
7 the NRA as out-of-pocket expenses; correct?

8 A Yes.

9 Q And you agree that Ackerman paid Gayle Stanford a flat
10 monthly fee and passed that cost to the NRA as an out-of-pocket
11 expense; correct?

12 A Yes, I know that now.

13 Q Do you agree -- yes or no -- that for the
14 out-of-pocket arrangement with Ackerman McQueen was an internal
15 control failure at the NRA?

16 A I think it certainly now was not appropriate given the
17 360 degree course correction. There were -- it was okay for
18 Ackerman to pick up certain charges as long as we audit them
19 every year for security and confidentiality, but this is not a
20 practice that NRA would do today.

21 Q And in your view, it never should have happened;
22 correct?

23 A I -- I think it was probably a mistake. I think it was
24 not anything illegally wrong wit it, but I think it was done for

1 and it is not happening at the NRA. We ended it.

2 Q You're familiar with Youth for Tomorrow; correct?

3 A Yes, I am.

4 Q It's a charity?

5 A Yes, it is.

6 Q Your wife, Susan LaPierre, is on the board of trustees
7 at the Youth for Tomorrow?

8 A Yes, she is.

9 Q She joined the board around 2008?

10 A I think that's correct.

11 Q And during her time on Youth for Tomorrow's board, she
12 also served as the president for several years; correct?

13 A Yes, she sure did.

14 Q And the NRA's been a sponsor for Youth for Tomorrow for
15 several years; correct?

16 A Yes, they have.

17 Q It sponsored an annual gala for Youth for Tomorrow
18 called the Heart to Heart Gala?

19 A Yes, it did.

20 Q And you authorized those sponsorship payments; right?

21 A Yes, I did.

22 Q In April of 2019 the NRA Audit Committee approved and
23 ratified past NRA support for Youth for Tomorrow; right?

24 A Yes, they did some.

25 Q Right. I'd like to turn to Tab 129 of your binder,

2 And, specifically, I wanted to ask you about pages 19
3 and 20.

4
5 THE COURT: Are you referring to the exhibit page
6 numbers or?

7 MR. CONLEY: I'm sorry, no, I'm not. I was
8 referring to the actual minutes page numbers. Thank you,
9 your Honor.

10 It is actually pages 10 and 11 of the exhibit.

11 A Yes, I'm with you.

12 Q And so these minutes approved past support for Youth
13 for Tomorrow financial support of 155,000 in 2015, 170,000 in
14 2016, and 125,000 in 2018.

15 Do you see that?

16 A Yes, I do.

17 Q And these payments referenced by the Audit Committee
18 were referred to sponsorship payments made by the NRA for Youth
19 for Tomorrow Heart to Heart Gala; is that correct?

20 A Yes, that's correct.

21 Q And the various financial support of Youth for Tomorrow
22 hadn't been limited to those sponsorship payments; correct?

23 A That is correct.

24 Q The NRA also paid entertainment expenses for Youth for
25 Tomorrow events; right?

BP

1 A Yes.

2 Q Like performances by country music stars?

3 A Yes.

4 Q And these expenses included payments to the performer,
5 themselves, as well as payments to vendors to provide services
6 to Youth for Tomorrow?

7 A Yes, that's correct.

8 Q The NRA paid approximately 200, 250,000 a year in these
9 entertainment expenses; correct?

10 A I think that sounds about right.

11 Q And you authorized those payments, right?

12 A Yes, I did.

13 Q And you did not report those payments to the Audit
14 Committee before authorizing them; right?

15 A No. Looking back on it, that was a process failure. I
16 think these -- it was totally appropriate for NRA to do this.
17 In fact, we're proud of it. It was done for NRA business. We
18 were good corporate citizen in northern Virginia, and we brought
19 in a lot of our high donors for these; and I think this helped
20 the kids a lot and it was a very good thing for the NRA to do.

21 Q Mr. LaPierre, so I'd like to walk you through some of
22 the payments you authorized for Youth for Tomorrow events. You
23 authorized payments for Martina McBride to perform at Youth for

25 A Yes.

4 MR. FLEMING: Your Honor, if I can interrupt for a

6 numbers are actually from the American Conservative Union,
7 Section 6, and not from Youth for Tomorrow.

8 Perhaps, Mr. Conley would want to redirect his
9 attention.

10 MR. CONLEY: I think I cited the correct numbers.

11 MR. FLEMING: I think there's a discrepancy between
12 the screen and the document.

13 THE COURT: The figures that you're talking about
14 are not in this document, right? The out-of-pocket
15 expenses?

16 MS. ROGERS: The out-of-pocket aren't. Some Youth
17 for Tomorrow figures are; but there's also figures for
18 unrelated charity there's concern, we're confused.

19 THE COURT: You're talking about -- well. You can
20 ask the witness fact questions which he's been answering, I
21 guess.

22 MR. CONLEY: I'm sorry, I think I was asking about

2 MR. FLEMING: I'm confused as to the numbers. It
3 appears to me that the witness may have been directed to a
4 different portion of this document.

5 MS. ROGERS: There's different pagination. We were
6 talking about page 19, which has dollar figures on it for
7 American Conservative Union, but the dollar figures for YFT
8 are on page 20, and I think the correct figures are all on
9 the screen. There might have been confusion.

10 THE COURT: I'm not sure this is much confusion.
11 You've moved past the numbers that were in this approval,
12 and you went on to other kind of numbers that are not in
13 this document.

14 MR. CONLEY: That's correct, your Honor.

15 THE COURT: Well, as long as you're asking fact
16 witness questions to the witness, that's what matters most
17 to me.

18 MR. CONLEY: Okay. Thank you, your Honor.

19 Q So, Mr. LaPierre, I was going through some of the

3 A No, some of them were, but it was a mistake not to
4 include all of them. They should have all been included in
5 that.

6 Q So, is it your testimony that the expenditures that the
7 Audit Committee approved for sponsorship were also going towards
8 some of these entertainment expenses?

9 A They were going toward Youth for Tomorrow, yes.

10 Q Going for Youth for Tomorrow?

11 A Yes, that's correct.

12 Q Do you recall being deposed in this action in the

15 Q And isn't it true that only a couple days before that
16 deposition you learned for the first time that the Audit
17 Committee had approved certain sponsorship payments to Youth for

19 A Yes, I believe that's true.

20 Q And no one from the Audit Committee asked you about
21 payments to Youth for Tomorrow before approving sponsorship
22 payments; correct?

4 McQueen were doing that pro bono.

5 Q And these payments weren't reported to the Audit
6 Committee; correct?

7 A That's correct. We all thought they were doing it pro
8 bono. In fact, they even got up on stage and accepted volunteer
9 awards and everything else.

10 Q Are you aware that in June of 2022 John Frazer was
11 deposed in this action as the NRA corporate representative?

12 A I know John Frazer has been deposed as the corporate
13 representative. I wasn't aware of specifically what happened at
14 that one.

15 Q And are you aware that in that deposition the NRA, as
16 John Frazer the corporate rep, admitted it did not know how much

12 Q He reported to you; right?

13 A Yes.

14 Q He reported to you the entire time he worked at the
15 NRA; right?

16 A Yes, until I fired him.

17 Q And you're saying that you didn't approve his pay
18 raise?

19 A I was trying to figure it out at the time we fired him.

20 Q And what do you mean you were trying to figure it out?

21 A How it happened.

22 Q How he got a pay raise?

23 A Yes.

24 Q And what did you learn?

25 A I learned that there was a memo that went from the

BP

2374

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 treasurer's office to our -- our Human Resources Department
2 authorizing it.

3 Q And who sent the memo?

4 A It was sent by Mr. Phillips. Looking back on it, I
5 assumed he probably told Mr. Phillips that I had authorized it.

6 Q But you didn't authorize it?

7 A I wasn't aware of it.

8 Q So, I'm having trouble following this.

9 A Me, too.

10 Q So, did you discuss this with Mr. Phillips or
11 Mr. Powell?

12 A There were other issues going on with Mr. Powell at
13 that time that I -- I did not. I wasn't even aware of it for
14 awhile.

15 Q Did you make any efforts to rescind the pay raise or to
16 discipline Mr. Powell?

17 A I did not. Mr. Powell was working on Carry Guard. If
18 that had worked, the potential of it was \$30 million of revenue
19 to the NRA, and I did not.

20 Q So, why didn't you raise it with Mr. Powell?

21 A I didn't. I probably should have.

22 Q You're familiar with Chris DeWitt; correct?

23 A Yes, I am.

24 Q You're aware that in 2016 the Financial Services
25 Division found that Mr. DeWitt had been abusing his credit card

1 privileges?

2 A What was the year, counselor?

3 Q 2016.

4 A I was not aware of that in 2016.

5 Q Are you aware of that now?

6 A Yes.

7 Q And you're aware that in 2017, Mr. DeWitt was
8 delinquent in paying back money he owed to the NRA for improper
9 personal expenses; correct?

10 A No, I don't believe I was aware of that at the time.

11 Q Are you aware of that now?

12 A Yes, I've heard about that.

13 Q And you're aware that in 2019, the Financial Services
14 Division revoked Mr. DeWitt's credit card; right?

15 A No, I'm not.

16 Q You're not aware of that then or now?

17 A I'm not aware of that.

18 Q What are you aware of?

19 A I'm aware of the fact that at one point it came to my
20 attention that Mr. DeWitt had an expense account abuse, and we
21 called him in. We talked about it.

22 We -- we said if it happens again, you're not going
23 to -- there's not going to be -- you're going to be fired is
24 what we told him.

25 He had another job offer. He was probably our -- one

BP

2376

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 of our best guys in terms of relationships with donors. We were
2 juggling that. We ended up giving him a raise so that he would
3 not take that other job, but we put him on notice if anything
4 happened again with his expenses, he would be fired.

5 A couple months later, he took an advance for a
6 convention. He did not pay it back in time, and we fired him.

7 Q So, stepping back a little bit. After the NRA
8 bankruptcy proceeding in 2021 --

9 THE COURT: Counsel, if we're going to move to
10 another topic, this is usually the time we take our morning
11 break. Is this --

12 MR. CONLEY: Two questions.

13 THE COURT: Okay, that's fine.

14 Q After the NRA bankruptcy proceeding you approved a
15 raise for Mr. DeWitt; right?

16 A Yes.

17 Q And this raise increased Mr. DeWitt's salary up to
18 180,000 a year; correct?

19 A Yes, that was what it was going to take to retain him
20 given the offer he had.

21 Q And that raise that you approved more than doubled his
22 salary; correct?

23 A That's correct.

24 THE COURT: Never two.

25 MR. CONLEY: I tried.

BP

1 THE COURT: You should avoid the specific numbers.
2 It's always a problem. We're going to take a short break.

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 THE COURT: Just during the break, just you're
2 still on the stand. You shouldn't discuss the substance of
3 your testimony with anyone including counsel.

4 MR. FLEMING: Your Honor, one quick point.

5 THE COURT: Okay.

6 MR. FLEMING: During the testimony a question was
7 asked about Mr. Frazer's testimony as the corporate
8 representative. I don't know what your Honor's practice is
9 as far educating the jury or the difference between personal
10 versus corporate rep deposition, but I raise it because I'm
11 concerned there might be some confusion that this might be
12 his personal testimony which it was not.

13 THE COURT: Well, I mean the best place to do that
14 would be for you to elicit that from your client when he's
15 on the stand to explain that in his own words, if there is a
16 need to clarify it. There really wasn't much done with it
17 yet. I'm happy to do that. It's not the simplest thing to
18 explain because as with all corporate representative
19 depositions, some of it is asking for his own knowledge and
20 some of it is, he's put there to convey the corporate
21 position. So I don't know exactly how it this deposition
22 was, whether it was a purely corporate rep deposition or
23 partial.

24 MR. FLEMING: It was purely corporate. There was a
25 lot of education involved.

KM

2379

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 Perhaps a simple solution, I can ask my client
2 about it when he testifies, but also perhaps in the future
3 we can refer to the NRA's corporate or deposition rather
4 than having to name Mr. Frazer.

5 THE COURT: Did he have a separate personal
6 deposition?

7 MR. FLEMING: He did.

8 THE COURT: All right. Thanks.

9 (Whereupon at this time there was a recess taken.)

10 (Witness resumed the witness stand.)

11 THE COURT: What's the order of witnesses after
12 this just to give me a sense of timing and when we are
13 getting near the end of the State's case?

14 MS. CONNELL: So as soon as Mr. LaPierre wraps up,
15 we are showing the rest of Mr. Spray's videotape deposition.
16 We are moving on to Mr. Frazer. After that will be
17 Lieutenant Colonel Lee. And then depending on -- there's
18 very, very short video from Ms. Hallow, if we get that
19 finalized.

20 Gayle Stanford can not appear in person. She was
21 supposed to so we have her video deposition which I think
22 has been submitted to Mr. Blaustein, and then Mr. Hines
23 Plaintiff's expert will close it out.

24 I think I left off Ms. Supernaugh.

25 THE COURT: S-U-P-E-R-N-A-U-G-H?

KM

2380

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 MS. CONNELL: Yes. S-U-P-E-R-N-A-U-G-H. And we
2 have called board member David Coy and Second Vice-President
3 of the NRA, but really it's for admission of a document. We
4 have asked the NRA if they would agree to submission of
5 those documents or that document, and if so, we don't need
6 to call him.

7 THE COURT: This all fits within the time
8 allocation, you think?

9 MS. CONNELL: It's tight, and we would love to get
10 a little more time.

11 THE COURT: One thing I can't do is create time, but
12 when -- just whatever additional -- all of your time on
13 direct of new witnesses comes at the expense of cross of
14 their witnesses, so it's just a zero sum game.

15 MS. CONNELL: We understand that, your Honor.

16 MR. FARBER: So as to -- I could -- I can't speak
17 to anyone else, but we are not going to stipulate to that
18 exhibit.

19 MS. ROGERS: The NRA does not intend to stipulate
20 to the admission of that exhibit.

21 THE COURT: Let's put a pin in that for a minute,
22 and let's let the jury back in.

23 THE COURT OFFICER: All rise. Jury entering.

24 (Whereupon, at this time the jury entered the
25 courtroom.)

3 EXAMINATION BY MR. CONLEY:

4 THE COURT: Okay. Mr. Conley, you may continue.

5 Q Mr. LaPierre, before the break we were discussing Josh
6 Powell.

7 Do you recall that?

8 A Yes, I do.

9 Q And we were discussing his raise from 650 to \$800,000 a
10 year.

11 Do you recall that?

12 A Yes, I do.

13 Q Do you recall when that raise occurred?

14 A I think it was sometime in 2018.

15 Q If you could please turn to Tab 113, Page 15, and this
16 portion is not in evidence, but I would like to see if this
17 refreshes your recollection.

18 A Yes, it does.

19 Q And when was Mr. Powell's salary raised to \$800,000 a
20 year?

21 A It looks like Tuesday, March 20, 2018.

22 Q Mr. LaPierre, I'd like to, if you could, continue down
23 on this page.

24 A Okay.

25 THE COURT: Just to refresh his recollection.

KM

2382

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 MR. CONLEY: Yes. Yes.

2 A Yes.

3 Q Does that refresh your recollection on when Mr.
4 Powell's salary was raised to \$800,000 a year?

5 A It says January 1, 2018.

6 Q And is that consistent with your understanding of when
7 Mr. Powell's salary was raised?

8 A Yes.

9 Q Mr. Powell was terminated in 2020; correct?

10 A That's correct.

11 Q And you didn't do anything in an attempt to rescind or
12 question his salary from January 1, 2018 to 2020?

13 A That's correct.

14 Q I'd like to turn to board elections.

15 Every year the nominating committee puts out a list of
16 candidates for the NRA Board of Directors; correct?

17 A Yes.

18 Q These candidates are then put on a ballot that's
19 submitted to NRA members eligible to vote; right?

20 A Yes.

21 Q Candidates who are not elected to the Board are then
22 automatically included as candidates for the 76th board member
23 seat?

24 A Yes.

25 Q The vote for the 76th board member seat happens at the

KM

2383

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 annual meeting; correct?

2 A Correct.

3 Q And every year you would discuss your preferred
4 candidates for the Board with Millie Hallow; correct?

5 A Well, there would be officers. The officers would
6 discuss candidates with me, and Millie would be in a lot of
7 those meetings.

8 Q And you would provide your recommendations; right?

9 A They would ask me my recommendations, yes.

10 Q And when you were deposed in this litigation in 2022,
11 you could not recall an instance in the last 10 years when the
12 nominating committee had nominated a board candidate you did not
13 agree with.

14 Do you recall that?

15 A I do recall that.

16 Q You're familiar with Paul Payne; correct?

17 A Yes, I am.

18 Q He is a former NRA employee?

19 A Yes. He was a California activist that volunteered out
20 there that became an NRA employee.

21 Q And you hired Mr. Payne; correct?

22 A Yes. That's correct.

23 Q He was paid out of the EVP budget?

24 A He was hired first by the Institute for Legislative
25 Action I believe and then he moved out to the EVP budget and

KM

2384

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 then he moved over to the Director of General Operations budget.

2 Q And he moved over to the EVP budget in 1998; is that
3 right?

4 A I think that sounds about right.

5 Q And he moved to General Operations around 2019; is that
6 right?

7 A Yes, I believe that's correct.

8 Q His job title when he was paid out of the EVP budget
9 was Special Assistant to the Executive Vice President; correct?

10 A Yes.

11 Q He reported to you; correct?

12 A Yes.

13 Q Mr. Payne would organize volunteers to hand out
14 pamphlets for particular board candidates for the 76th director
15 election at the annual meetings; correct?

16 A A lot of the California activists came in. I think Mr.
17 Payne probably did that.

18 Q And he oversaw that effort; right?

19 A He was one of the people that participated in it.

20 Q And he would organize volunteers for this pamphleting?

21 A Maybe.

22 Q You don't have personal knowledge of that?

23 A I didn't instruct that, but he may have -- I think he
24 probably did that.

25 Q And it's your understanding that these volunteers would

KM

2385

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 circulate pamphlets for particular board candidates; right?

2 A Yes. There were -- the Board would decide on which
3 candidate they preferred to be 76th director, and they -- yes,
4 there were pamphlets handed out.

5 Q And when you were deposed in 2022 in this litigation,
6 you couldn't recall a time when you provided a recommendation
7 for the 76th election that Mr. Payne's group didn't follow;
8 correct?

9 A I think that's true, but it wasn't only me. It was the
10 officers that ultimately decided. In fact, it was the officers
11 that ultimately decided.

12 Q But you weighed in.

13 A Yes. They asked me my recommendation, and they got to
14 the point where the person actually was the next person in line
15 in terms of -- if -- it was the one that was next in line that
16 did not get the votes to get in but was next in line.

17 Q When the volunteers would go to the annual meetings to
18 pamphlet, the NRA would pay for their travel; correct?

19 A Yes, we brought in the California activists as a reward
20 for the work they were doing out there as volunteers.

21 Q And they would pay for their lodging?

22 A The NRA did.

23 Q And entertainment expenses?

24 A Yes.

25 Q And these were not the only expenses the NRA paid to

KM

2386

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 support particular candidates for NRA Board elections; right?

2 A I don't know what you're referring to.

3 Q You don't -- you don't know of any other expenses the
4 NRA paid to support particular candidates for board elections?

5 A No.

6 Q Will you agree that it wasn't appropriate for the NRA
7 to pay the expenses of these volunteers?

8 A I don't know. They were being brought in because they
9 were volunteering. I mean, they helped the NRA on programs,
10 shooting events, instructors' programs, legislative advocacy. I
11 mean, they worked their tails off out in California, and I
12 thought that it would be a nice thing to bring them in for the
13 Board meeting.

14 Yes, they did participate in doing what you're talking
15 about also. A lot of them did.

16 Q The pamphleting?

17 A Yes.

18 Q For particular board candidates?

19 A Yes.

20 Q You hired John Frazer as general counsel in 2015;
21 correct?

22 A Yes, I did.

23 Q And the NRA didn't use an executive search firm to
24 identify candidates for the general counsel position; correct?

25 A No, we didn't.

KM

2387

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 Q You didn't interview any other candidates; correct?

2 A I did not.

3 Q Prior to hiring John Frazer, he had been in private
4 practice for about 18 months; correct?

5 A I believe that's correct.

6 Q And isn't it true that when you hired Mr. Frazer, you
7 did not know if he had any knowledge of New York not-for-profit
8 law?

9 A That's correct.

10 Q And when you hired Mr. Frazer as general counsel, you
11 did not know if he had familiarity with the law governing tax
12 exempt organizations; correct?

13 A Correct.

14 Q And you did not make any inquiry of him to determine if
15 he had those areas of expertise when you hired him as general
16 counsel; correct?

17 A Correct.

18 Q You've told others that you wouldn't use Mr. Frazer to
19 pay your parking tickets; right?

20 A That's been taken way out of context.

21 What I was talking about was John was a stickler to
22 details, and what I was referring to was John was such a
23 stickler to details, he might end up in an argument with a judge
24 over some minor point, and that wouldn't go well. That's what I
25 was referring to. That's been taken way out of context.

KM

2388

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 Q But you said it as a joke; right?

2 A I said it kind of -- kind of as an off -- off-hand
3 comment in regard to what I just talked about.

4 Q And didn't you tell Josh Powell that you kept John
5 Frazer as general counsel because he could be controlled?

6 A No, I did not. I did not say that in any way.

7 Q The NRA found Craig Spray by using an executive search
8 firm; correct?

9 A Yes, we did.

10 Q When Craig Spray became CFO and treasurer of the NRA,
11 he instituted a number of changes in the way the treasurer's
12 office operated?

13 A Yes, he did.

14 Q One of Mr. Spray's priorities was putting a stop to
15 verbal approvals or agreement to vendors; correct?

16 A Yes, and I was completely behind that in support of
17 what he did.

18 Q And in May of 2020, the NRA entered into an employment
19 agreement with Craig Spray; correct?

20 A Yes.

21 Q And you signed the agreement; correct?

22 A Yes, I did.

23 Q Mr. LaPierre, I'd like to turn to page 103 in your
24 binder which is -- not 103. Sorry. One second. Under the

2 Under the agreement the NRA committed to paying Mr.
3 Spray 18 months severance in the event he was terminated without
4 cause; correct?

5 A Yes. That's correct.

6 Q In 2020 you advised the NRA's first vice president and
7 second vice president of your intention to pay Craig Spray a
8 retention bonus; correct?

9 A Yes. That's correct.

10 Q If you could please turn to Tab 104 in your binder.
11 This is Plaintiff's Exhibit 603. It's not in evidence.

12 MR. CONLEY: I move for its admission.

13 MS. ROGERS: No objection.

14 MR. CORRELL: No objection.

15 THE COURT: Having heard none, it's admitted.

16 Q Mr. LaPierre, do you recognize Plaintiff's Exhibit 603?

17 A Yes, I do.

18 Q This is an October 2020 memorandum that was sent to the
19 compensation committee under your name; correct?

20 A Yes. That's correct.

21 Q And on the second page of this exhibit, that's your
22 signature; right?

23 A It sure is.

24 Q You reviewed and approved this memorandum before it was
25 sent to the compensation committee; right?

KM

2390

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 A Yes. I also talked to the compensation committee about
2 it.

3 Q And this memorandum is dated October 29, 2020?

4 A Yes, it is.

5 Q In the memorandum you advised Carolyn Meadows, Charles
6 Cotton and Willes Lee of your intention to give retention
7 bonuses; correct?

8 A Yes, I did.

9 Q Including a retention bonus to Craig Spray of \$250,000;
10 correct?

11 A Yes, I did.

12 Q Craig Spray signed the NRA Form 990 for 2017; correct?

13 A I believe so.

14 Q And 2018?

15 A Yes, I believe that's correct.

16 Q You signed the NRA Form 990 for 2019; correct?

17 A That is correct.

18 Q And you signed the Form 990 in November of 2020;
19 correct?

20 A Yes, that would have been right.

21 Q Shortly before you signed the Form 990, Craig Spray
22 asked you and several other senior executives and counsel to
23 sign a certification attesting to the accuracy of the Form 990;
24 correct?

25 A I don't remember that.

KM

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 Q You don't recall being asked to sign a certification?

2 A No, I don't.

3 Q Isn't it true that Mr. Spray would not sign the 2019
4 Form 990?

5 A I know he did not end up signing it. I signed it.

6 Q In January of 2021, you fired Craig Spray; correct?

7 A Well, I had a conversation with Mr. Spray that we
8 intended to move on. He had moved out of his office. He had
9 moved back home. He had moved out of his apartment. He had
10 moved back home. I knew that we needed -- he had -- he had a
11 horrible heart attack in 2018. If he had Covid, they had told
12 him from what I was informed by Craig Spray, he would probably
13 not make it, and we needed a full-time CFO in the office.

14 I said to Craig, I intend to move on, and he said I
15 want to retire for health reasons, and I want you to let
16 everyone know it's for health reasons I'm doing this.

17 I had actually intended to do a consulting arrangement
18 with him where he would continue to help us because I thought he
19 was doing great.

20 Q And so you called Craig Spray; right?

21 A Yes. That's correct.

22 Q And you told him that you were moving in a different
23 direction; correct?

24 A Yes.

25 Q You told him that you needed a full-time CFO?

KM

2392

W. LaPierre - by Plaintiff - Direct/Mr. Conley

1 A We never even got that far to tell you the truth. I
2 said I'm moving in a different direction.

3 He said, Look, I have to retire for health reasons.
4 Please tell everyone it's for health reasons, and I said okay, I
5 will. And that's -- that's what took place.

6 Q And during this call with Mr. Spray, you also had on
7 the line Linda Crouch, John Frazer, Vanessa Shahidi and Andrew
8 Arulanandam?

9 A Yes, I did.

10 Q So you had the director of human resources, your
11 general counsel and head of public relations on the call; right?

12 A Yes.

13 Q And that call had not been scheduled with Mr. Spray in
14 advance; correct?

15 A I don't believe that it had.

16 Q And a few minutes after your call with Mr. Spray ended,
17 the NRA shut off Mr. Spray's access to his work email and NRA's
18 computer network; right?

19 A I believe they did. I believe that was the practice.
20 I believe they did.

21 Q And the NRA paid Mr. Spray 18 month severance; correct

22 A Yes, we did as part of the contract.

23 Q Because under Mr. Spray's employment contract that you
24 signed, he was entitled to 18-months severance in the event he
25 was terminated without cause; right?

KM

2 Q What's the cost of an annual membership for the NRA?

3 A Well, it varies. It goes from \$45 to we discount it to
4 25.

5 Q And \$45 for an annual membership?

6 A Yes, I believe.

7 Q You're represented in this lawsuit by Kent Correll?

8 A Yes, I am.

9 Q In preparing to testify in this trial, did you meet
10 with Mr. Correll?

11 A Yes, I did.

12 Q Did counsel for any of the other defendants take part
13 in these meetings?

14 A Mr. Brewer was in one of the meetings.

15 Q Anyone else?

16 A There was an attorney named John that sat in for a
17 little bit. I am trying to think if there was anyone else.
18 Maybe Sarah was there for a minute.

19 Q Sarah Rogers?

20 A Yes.

21 Q Of the Brewer firm?

22 A Yes, but she was just --- I can't remember. Someone

7 A No.

8 Q You are not leaving the NRA because you were facing

10 A No.

11 Q You're not leaving the NRA because you were facing any

23 BY MS. ROGERS:

24 Q Mr. LaPierre, good morning.

25 A Good morning.

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 Q Have you and I spoken since you took the stand last
2 Friday?

3 Mr. LaPierre, have you and I spoken since you took the
4 witness stand last Friday?

5 A No, we haven't.

6 Q And you mentioned that I, and I don't want you to
7 testify about counsel's advice, but you mentioned that I asked
8 you -- maybe I answered maybe one question during your
9 preparation; right?

10 A You were asked one question.

11 Q Right. Otherwise, we haven't met or spoken or prepared
12 for your testimony; right?

13 A Correct.

14 Q You would agree with me, Mr. LaPierre, that if you sent
15 a private plane to pick up your family or your friends without
16 an NRA business purpose at the NRA's expense, that was wrong?

17 A Yes.

18 Q It shouldn't have happened.

19 A Yes.

20 Q And before 2018, you never told the Board about it;
21 right?

22 A That's correct.

23 Q And in fact, it violated explicit policies of the
24 Board; right?

25 MR. CONLEY: Objection. Leading.

KM

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 THE COURT: Hang on a second.

2 MS. ROGERS: So I think there's clearly an adverse
3 dimension in this case, and I don't intend to lead the
4 witness on issues where were not adverse, but here, the
5 witness is being sued for breaches of duty to my client.
6 Any damages awarded will be paid to my client, and I'm
7 examining him on issues where the interest are divergent.

8 MR. CONLEY: Your Honor, he is the current
9 executive vice president. He certified the response to the
10 Notice to Admit on January 28.

11 MR. ROGERS: He certified some responses to the
12 Notice to Admit, but I don't think they were on the
13 questions I'm asking him now.

14 THE COURT: Certainly, it would be unusual to have
15 the company take that position with it's CEO.

16 Do any of the defendants have a position on this?
17 Mr. Correll?

18 MR. CORRELL: I defer to the NRA on this, your
19 Honor.

20 THE COURT: Despite the adversity.

21 MR. CORRELL: Well, I understand the argument, and
22 I think that's correct. I do think the Court should allow
23 some latitude in this regard. It is cross.

24 MS. ROGERS: And your Honor, there is a reason the
25 parties have separate counsel, and Mr. LaPierre is the

1 outgoing. So obviously, if there are --

2 THE COURT: Overruled.

3 Q All right. Mr. LaPierre, would you agree that even if
4 that happened by mistake, even if you accidentally authorized a
5 flight for someone you shouldn't have, you had a duty to tell
6 the Board about it; right?

7 A I was instructed by security on how to fly private. I
8 would agree that most of the Board did not know until 2020
9 actually when they were presented a security plan that I was
10 flying private.

11 Q And the security instructed you to fly private, but
12 there was no security expert who said that your niece had to fly
13 private.

14 A Not until 2019 study was done that went to the Board in
15 2020.

16 Q And so you would agree it was a mistake to authorize
17 private flights for her without a business purpose; right?

18 A For myself.

19 Q Well for you to authorize private flights for your
20 family or friends who don't face the security threat you do.

21 A Yes, I would.

22 Q Okay. And we looked at some invoices for some times
23 that this happened. So you sent a plane to pick up your niece's
24 husband in Las Vegas because the kid needed a babysitter; right?

25 A Yes, that's correct.

KM

2398

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 Q And that was wrong and it shouldn't have happened.

2 A Yes.

3 Q It was a violation of what the Board authorized you to
4 do; right?

5 A Yes.

6 Q And until the course correction or the 360 review that
7 you're talking about, you never told the Board about that;
8 right?

9 A Right.

10 Q And we looked at an invoice for a time when you sent a
11 plane for your niece because she and her baby was stuck in a
12 commercial airport and their flight had been delayed; right?

13 A Yes.

14 Q And that was wrong, and it shouldn't have happened.

15 A Right.

16 Q And the Board never authorized you to do it.

17 A Yes.

18 Q The Board forbade you to do it.

19 A Yes. It was not -- not the right thing to do.

20 Q And until 2018 or 2019, you never told the Board;
21 right?

22 A Correct.

23 Q All right.

24 Now, we talked about plans. But you would agree with
25 me that the same rules govern black car service; right?

KM

2399

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 A Yes.

2 Q If your family or friends used a black car at the NRA's
3 expense without a business justification for that luxury
4 service, you would agree that that broke the rules; right?

5 A Yes, I would.

6 Q And it shouldn't have happened.

7 A Yes.

8 Q And the Board forbade it.

9 A Yes.

10 Q And until 2018 or 2019, you never told the Board.

11 A Yes.

12 Q All right. And even though it didn't cost the NRA
13 anything, you would agree with me that you had a duty to tell
14 the Board about luxury vacations you took with the McKenzies on
15 their yacht or to the Taj Mahal; right?

16 A Yes, I would.

17 Q It was wrong, and it shouldn't have happened; right?

18 A Yes.

19 Q And until 2018, you never told the Board.

20 A Correct.

21 Q And for years, you filled out conflict disclosure forms
22 prescribed by the Board and you left this information off;
23 right?

24 A Yes.

25 Q We looked at some invoices for some specific trips you

KM

2400

1 took with the McKenzies, a time that your wife went on the
2 McKenzies yacht about nine years ago in 2015.

3 Do you recall that this morning?

4 A Yes.

5 Q And we looked at some MMP price increases that happened
6 during the same years?

7 A Yes.

8 Q And you testified that you didn't think those were
9 related?

10 A Yes. I do not believe they were related in any way.

11 Q And can you explain to the jury why you seem confident
12 that they are not related?

13 A Well because I trusted them. They told me that the NAR
14 would bear no cost.

15 MR. CONLEY: Objection. Hearsay.

16 THE COURT: I'm sorry. Say again.

17 MR. CONLEY: Objection. Hearsay.

18 MS. ROGERS: I'm asking the basis for his belief.

19 THE WITNESS: They testified under oath that none of
20 that was charged to the NRA.

21 THE COURT: Well, I'll overrule it anyway. That's
22 fine. If there's an objection you should --

23 MS. ROGERS: If there's an objection, wait for the
24 judge to rule.

2 Q You testified that the Attorney General -- one of the
3 very first questions Mr. Conley asked you was whether you had
4 significant authority and discretion as EVP and CEO. Do you
5 recall that?

6 A Yes.

7 Q That's how they led off their examination. You would
8 agree with me the board never gave you authority or discretion
9 to send a private plane for your niece; right?

10 A Yes.

11 Q The board never gave your authority or discretion to
12 let Ackerman McQueen charge the NRA for hair or makeup for your
13 wife without a business reason; right?

14 A Yes.

15 Q And the board never gave you authority or discretion to
16 let your friend or your family or their nieces or their husbands
17 use limousines and charge the NRA; right?

18 A Yes.

19 Q And, in fact, you'd agree with me that you were acting
20 outside your authority as Executive Vice President to the extent
21 that you authorized any of those things; right?

22 A Yes.

23 Q You were acting outside your authority as Executive
24 Vice President when you buy a handbag for David McKenzie's wife
25 at Bergdorf Goodman as a gift; right?

BP

2402

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 A Yes. I thought it helped maintain relationships.

2 Q Now, that was on an expense report that we looked. All
3 those little handwritten expense reports that filled the screen,
4 you recall those; right?

5 A They all run expense reports.

6 Q Right. And for years we heard on Friday, we heard
7 testimony that for years your expenses were processed through
8 the NRA Lobbying Division, ILA. Do you recall that discussion?

9 A Yes, that's how it started out and continued that way.

10 Q Can you explain to the jury how why your expenses were
11 processed through ILA?

12 A It started out that way and no one thought to change it
13 until Craig Spray came in and said that he thought that probably
14 was not a good way to do it, and they should be done through the
15 treasurer's office.

16 Q Now, to your understanding during all those years that
17 your expenses were processed through the Lobbying Division, do
18 you know of any way that Sonya Rowling or Craig Spray or anyone
19 else in the NRA Financial Services Department could have known
20 about those expenses?

21 A Yes. ILA could be audited by NRA whenever NRA wanted
22 to, and I know for a fact that in some years Pricewaterhouse
23 used to review them.

24 Q If one of those audits wasn't conducted, do you have an
25 understanding as to whether those expenses would be visible to

BP

2403

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 someone like Ms. Rowling in the ordinary course?

2 A No, they wouldn't.

3 Q And the NRA Audit Committee wouldn't have seen those
4 expenses either; right?

5 A That's correct.

6 Q Last week on Friday you were shown a ten-year contract
7 that you signed with a board member, Marion Hammer, for lobbying
8 an activist in Florida as you would call them?

9 A Yes.

10 Q I think you testified that a contract like that
11 wouldn't happen now. Do you recall that?

12 A That's correct.

13 Q Can you explain to the jury why that kind of contract
14 wouldn't happen now?

15 A Because under the course correction, which is a 360
16 review of every single thing that the NRA did, every employee
17 and every vendor starting in 2018 to make sure we're in complete
18 compliance with policies and procedures of the board and New
19 York Nonprofit Law. There are no more long-term contracts.

20 Q And Marion Hammer is a board member. So why would you
21 offer her payments to her in the first place?

22 A Because she was a legendary person in the 2nd Amendment
23 movement. She had incredible talent, not only in terms of
24 lobbying, but also in terms of advice in terms of other states
25 and also in terms of just things like, direct mail, in terms of

BP

2404

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 opinions on that and other NRA issues that I would seek advice
2 on.

3 Q We also saw that you offer as payments to another board
4 member named Sandra Froman. Do you recall that?

5 A I do.

6 Q Why would you authorize payments to Sandra Froman?

7 A Because she had a unique talent of being as a lawyer
8 from Harvard, being able to do speeches at law schools, at
9 places like the Federal Society and other places where it would
10 be in NRA's interest.

11 Q To your knowledge -- well, can you describe the extent
12 to which your knowledge board members still receive payments
13 from the NRA today?

14 A We have stopped all of that under the course correction
15 with the exception of Ms. Hammer's contract is still in effect.

16 Q Is Ms. Hammer's contract a long-term contract?

17 A No, it is a 30-day contract. It has a 30-day
18 revocation clause.

19 Q All right, now over the course of what you called a
20 course correction or 360 review, that's an effort the NRA
21 undertook starting in 2018 I think you testified?

22 A That's correct.

23 Q Over the course of that process, can you describe for
24 the jury how your business expense practices changed?

25 A Well, my business expense process changed because in

BP

2405

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 the course correction, the new treasurer, Craig Spray, said that
2 he thought it wasn't best practices to have them done under ILA.
3 He thought they should be done through the treasurer's office
4 and they were transferred over to the treasurer's office.

5 Q To your knowledge, since 2018 can you describe the
6 extent to which any of your expenses have been paid through ILA?

7 A I don't believe they have been.

8 Q Were there any expenses that the NRA refused to pay?

9 A Yes, actually there were about -- I think it was about
10 \$200,000 worth of expenses that were dated that they refused to
11 pay.

12 Q Between the time the NRA started its course correction
13 and the time you announced your resignation, can you describe
14 how your relationship with David McKenzie changed?

15 A Well, yes. When I started to look into what everything
16 as part of the course correction in 2018, one of the things we
17 looked at was all of our top vendors; and I came to realize that
18 Crime Strike had diminished in a big, big way. I thought
19 that -- I couldn't understand the invoices, some of the invoices
20 were coming in and I ended the relationship with Associated
21 Television. Crime Strike used to go to about 145 stations. It
22 had diminished down to a very small number.

23 Q How many trips have you taken on the McKenzie's yacht
24 since 2018?

25 A Since 2018, none.

BP

2406

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 Q What about your wife, how many times has she been on
2 the yacht since 2018?

3 A None.

4 Q Since 2018, how many times has David McKenzie taken you
5 to Budapest or the Taj Mahal?

6 A I've taken no trips with the McKenzies since the course
7 correction.

8 Q And between the time the NRA started its course
9 correction and the time you announced your resigning, can you
10 describe how your relationship with Tony Makris of Under Wild
11 Skies changed?

12 A Well, it ended. I -- I used to consider him like a
13 brother; and as we got into the course correction, one, he
14 worked for Ackerman McQueen. Ackerman McQueen became -- the
15 only word you can describe is hateful toward the NRA when we
16 started asking to see their books and records, and Tony Makris
17 became -- well, part of that in terms of being really not being
18 nice toward the NRA or to me. But, also, when we asked to see
19 the backup on his supplementals as part of the investigation in
20 Under Wild Skies.

21 Q Just to clarify for the jury, when you say Tony Makris
22 became part of that hate toward the NRA and you, is this the
23 same Tony Makris that was such a close friend of yours that he
24 went with you when you thought you had cancer?

25 A Yes.

BP

2407

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 Q So, let's talk about this conflict between the NRA and
2 Ackerman McQueen that precipitated this.

3 So, you testified that you started looking at
4 Ackerman's out-of-pocket expenses, I think; right?

5 A We started looking at everything, involving Ackerman
6 McQueen. It started in 2017 when I started to look at their
7 online TV platform, which was costing NRA 20-some million
8 dollars and I started to ask about whether we're getting value
9 out of it. And, so, it started there and it just continued
10 downhill all the way.

11 Q Can you describe the extent to which in 2018 the NRA
12 sought to audit those records?

13 A Yes, we did. I was at a meeting down Ackerman McQueen.
14 They had nothing but nasty, hateful words to say to me. They
15 said that the Attorney General can never touch our records.
16 We're Oklahoma/Texas corporation; and I'm, like, we've got to
17 see the records and they were just hateful toward me, all kinds
18 of nasty words.

19 And they -- they also told me that I was crazy to have
20 sued the attorney -- not the attorney general -- to have sued
21 the Department of Financial Services and the Governor of New
22 York, that he was popping the champagne cork. That's exactly
23 what he wanted and I was stupid fool to have done that.

24 Q Now, when you talk about a lawsuit with the State of
25 New York, we're not talking about this lawsuit; right?

BP

2408

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 MR. CONLEY: Objection.

2 THE COURT: You can ask.

3 Q Mr. LaPierre, when you talk about a lawsuit between you
4 -- between the NRA and the State of New York, you don't mean the
5 case that this jury is sitting in right now; right?

6 A No.

7 MS. ROGERS: I'd like to put up Plaintiff's
8 Exhibit 2300, just for the witness for identification.

9 I have extra paper copies if the Court would like
10 one.

11 (Handed up to the Court)

12 MS. ROGERS: It is your exhibit. You should have
13 it.

14 THE COURT: Do you have one for the witness?

15 MS. ROGERS: Actually, can I give that one to the
16 witness.

17 (Handed to the witness)

18 Q Mr. LaPierre, you're not on this letter, but do you
19 recall whether this is a letter you saw in August 2018 from
20 Ackerman's lawyers?

21 A Yes, I remember this letter.

22 MS. ROGERS: I move to admit it.

23 MR. CONLEY: Objection, hearsay.

24 MS. ROGERS: The witness remembers it. I'm going
25 to ask the witness's response to it; and, of course, it is a

BP

2409

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 Plaintiff's Exhibit.

2 THE COURT: I guess the question is are you seeking
3 to admit it for the truth of the matters or just the fact
4 that these statements were made to him?

5 MS. ROGERS: I'm seeking to admit it to the fact
6 that the statements were made.

7 THE COURT: All right, I think both on that ground
8 and -- I do think the fact that it has been marked as a
9 Plaintiff's Exhibit is relevant to the question, but I'll
10 admit it. Again, as we did in some other exhibits, whatever
11 factual statements are made in here are not being offered as
12 to whether they're true or not, but just that they were said
13 for these purposes.

14 So, with that caveat, PX 2300 is admitted and you
15 can publish it.

16 MS. ROGERS: Thank you your Honor.

17 (Plaintiff's Exhibit 2300 was admitted and received
18 into evidence.)

19 Q Mr. LaPierre, you mentioned -- I think you testified
20 earlier that Ackerman said to you the Attorney General couldn't
21 get to them.

22 Is that your testimony?

23 A Yes.

24 Q On seeing this letter refresh your recollection about
25 some of the things Ackerman was saying about the Attorney

BP

2410

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 General?

2 A Yes. This was a letter from Ackerman McQueen's
3 attorney that I remember reading at the time. That talking
4 about it would be stupid for -- that's not what the letter says,
5 but it is my language. That Ackerman McQueen shouldn't turn
6 its -- its -- the documentation over to the NRA because they'd
7 be creating paper trails, which I'm reading from the letter now
8 New York State Department of Financial Resources or Congress
9 might be able to get a hold of.

10 Q Now, you testified that you authorized expenditures
11 through Ackerman that violated my client's policies; right?

12 A I authorized expenditures through Ackerman that
13 violated -- could you be specific?

14 Q Sure. So, for example, the hair and makeup invoices we
15 looked at, that was wrong and it shouldn't have happened; right?

16 A Well, I don't think NRA had a policy, policy on it, but
17 NRA --

18 Q It would be fair to say --

19 THE COURT: Are you finished with your answer? I
20 just wasn't sure if you were finished with your answer.

21 THE WITNESS: Yes, your Honor.

22 THE COURT: Okay.

23 Q In this letter, Ackerman is telling you, "We know where
24 the bodies are buried and you don't want to create a paper
25 trail;" right?

BP

2411

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 MR. CONLEY: Objection.

2 THE COURT: Sustained.

3 Q Mr. LaPierre, do you see where this letter says that
4 the NRA should proceed with caution in creating paper trails
5 because of Attorney General subpoenas?

6 A I do.

7 Q Can you describe how you interpreted that message when
8 you read it?

9 A Well, I interpreted it to be ridiculous because we were
10 the ones that were trying to see the books and records of
11 Ackerman McQueen so that we could be in compliance with New York
12 Nonprofit Law. We wanted to look at everything. It was
13 Ackerman McQueen that didn't want their records to be looked at.

14 Q And how did you respond to this kind of warning from
15 Ackerman?

16 A The more they were determined not to let us see their
17 books and records, the more determined I became to see their
18 books and records.

19 Q Even though they warned you that you were creating
20 paper trails that could hurt you; right?

21 A They not only warned me of that, but they said every
22 nasty cuss word under the sun to me about it over the next
23 several months.

24 Q And we talked about this a little bit; but in the time
25 between the NRA began its course correction and the time you

BP

2412

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 announced your resignation, can you describe how the
2 relationship with Ackerman McQueen changed?

3 A From the time I began the course correction it -- it
4 went constantly downhill. I mean, it started with me asking
5 questions about what value we're getting for the TV platform.
6 Then Mr. Spray who I thought was terrific and doing a great job
7 went down there, started asking about what are we paying for,
8 what are we getting. They called me on the phone, spent an
9 entire day on the phone trying to get me to fire Craig Spray,
10 which I said I'm not going to do. He's doing a great job.

11 Then, I went down there. It just ended up with them
12 cussing at me and telling me they weren't going to let us look
13 at their books and records, and I was stupid -- as I said -- sue
14 the Department of Financial Services.

15 And then there was a meeting in October of 2018 where
16 -- where I was looking at their budget, and I ended up cutting
17 their budget from 41 million down to 21 million where they
18 actually said -- pointed at me and said, you're --

19 MR. CONLEY: Objection, hearsay.

20 THE COURT: Overruled.

21 Q You can continue.

22 A They said -- Ackerman McQueen said, "You're dead to
23 me." "You're dead to me," and pointed his finger in my face.

24 And after that, we continued on. I made it clear to
25 Mr. Cotton, the Audit Committee and I was not going to back off

BP

2413

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 on that, he did not want me to back off on that. We went down
2 this path together.

3 I met with him on March 30, 2019, and this hatefulness
4 was continuing when we agreed to pursue it; and I, ultimately,
5 filed a books-and-records case in Virginia against Ackerman
6 McQueen to see their books and records. I think it was on
7 April 12, 2019.

8 Q Thank you.

9 Can you describe any repayments you've made to the NRA
10 for money Ackerman spent, but might have benefitted you?

11 A Yes. I have gone through the records and I have paid
12 back to NRA any payment that looking through expense reports,
13 looking through NRA ledgers, looking through any other records I
14 could find; and I have paid them all back the NRA with interest.
15 I have also filed 4720 forms with the IRS paying that back with
16 interest.

17 Q We talked about --

18 MR. CONLEY: I'm sorry. Objection to that answer
19 and move to strike to the extent he's describing the process
20 of repaying back these expenses. This isn't the sword and
21 shield release --

22 MR. CORRELL: Your Honor, there's no sword and
23 shield release with respect to Mr. LaPierre. He has not
24 invoked any privilege that would warrant any blocking of any
25 information from the jury.

BP

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 Q Just to be clear, Mr. LaPierre --

2 THE COURT: Overruled.

3 Q Just to be clear, Mr. LaPierre, I don't think you have;
4 but I will instruct you don't tell the jury about any legal
5 advice you got or private conversations you had with lawyers
6 about what was legal, but you can tell the jury what you did;
7 okay?

8 A When I first started down this course correction and I
9 didn't know whether any investigations were coming or not. It
10 had been mentioned to me from a board member that New York State
11 Nonprofit Law changed a lot. That former Attorney General of
12 New York Schneiderman had called that board member and told him
13 there were people putting pressure to -- to use the government
14 in New York State to try to destroy the NRA, and we --

15 THE COURT: I think the question was just about
16 repayments, right?

17 MS. ROGERS: I was sort of giving him an
18 instruction on privilege. I didn't elicit that directly.

19 THE COURT: The initial question was just about the
20 repayment, so let's stick with that.

21 MR. CONLEY: We object on hearsay.

22 Q Mr. LaPierre, without getting into politics, can you
23 describe the kinds of expenses you repaid to the NRA?

24 A Yes. I told the NRA when we first started down this
25 path I made it very clear if there were any calculations that

BP

2415

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 were done incorrectly, if there were any mistakes that have been
2 made, if I was completely unaware of it, if anything was found
3 where I received an advantage, I received a benefit, I wanted to
4 pay it back with interest, which is what I did.

5 Q We talked -- you talked this morning with the Attorney
6 General about a charity in northern Virginia called Youth for
7 Tomorrow.

8 Do you recall that?

9 A Yes, I do.

10 Q And your wife is on the board of that charity; right?

11 A Yes.

12 Q Can you describe the financial relationship between
13 your wife, Susan, and Youth for Tomorrow?

14 A Susan is a complete volunteer, is not paid a penny.

15 Q To your knowledge, are any other NRA board members
16 involved with Youth for Tomorrow?

17 A Colonel North is on the board -- was on the board. I
18 don't know whether he still is.

19 Q Without naming any of them, to your knowledge are any
20 NRA donors involved in these events with Youth for Tomorrow?

21 A Yes. We brought in many, many of our high donors for
22 these events. That was coordinated by our Office of Advancement
23 bringing in the high donors.

24 Q Now, we saw the Attorney General introduce evidence
25 that Ackerman McQueen was getting paid for something it did in

BP

1 connection with Youth for Tomorrow.

2 Do you recall that?

3 A Yes, I do.

4 Q And you testified that you thought Ackerman was doing
5 that work for free; right?

6 A I thought they were doing that for free.

7 Q And something about accepting a volunteer award; right?

8 A Yes.

9 Q Can you explain that to the jury?

10 A Yes, Nader Tavangar, who worked for Ackerman McQueen
11 actually was given the Volunteer of the Year Award because they
12 thought they were doing it for free.

13 Q When you say "they thought they were doing it for
14 free," you mean Youth for Tomorrow thought that Ackerman was
15 volunteering for that?

16 A Yes, to help the kids.

17 Q Did Ackerman ever tell you they weren't volunteering
18 and charging the NRA for helping the kids?

19 A No, they didn't. I found that out when we were doing
20 the 360 degree review.

21 Q We heard testimony earlier that Josh Powell received a
22 raise which you might not have authorized. Do you recall that
23 discussion?

24 A I do.

25 Q And have you had heard the phrase "Wayne said

BP

1 approvals" before?

2 A I have.

3 Q Can you describe to your understanding between the time
4 the NRA started its course correction and the time you announced
5 your resignation, how did practices change regarding "Wayne said
6 approvals?"

7 A Craig Spray told the entire building there were no more
8 "Wayne said" and I agreed with that and backed him completely
9 because I never wanted a culture "Wayne said." I knew it
10 happened, but I never wanted it; and he made it very clear there
11 were no more "Wayne says."

12 There was, also, no more signature machine, which was
13 being abused.

14 Q When you say the "signature machine," that's a machine
15 that creates a handwritten signature, but you're not the one
16 doing it; right?

17 A That's correct.

18 Q On Friday you explained a little bit about your thought
19 process when you authorized the NRA's bankruptcy. Do you recall
20 that discussion?

21 A Yes, I do.

22 Q And do you recall describing New York as a hostile
23 environment?

24 A I did.

25 Q Can you explain to the jury what you meant?

BP

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 MR. CONLEY: Objection.

2 THE COURT: Overruled.

3 Q I went into this whole process and whether there was
4 going to be review or not by -- by New York State or whatever.
5 I went into this whole process thinking, okay, look, let's look
6 at everything. Let's look at every employee. Let's look at
7 myself.

8 If there's anything we're doing that's not in
9 compliance with New York law, let's correct it because as I
10 understood it, New York had a safe harbor provision. If you
11 were out of compliance or you had overrides and you corrected
12 the course and you came into compliance with your obligations,
13 that's what New York law required you to do.

14 I was shocked at -- well, the way -- the way the
15 attacks started to proceed --

16 THE WITNESS: Your Honor, I don't know how much of
17 this I can go into?

18 THE COURT: I haven't sustained any objections.

19 Q Answer the questions truthfully. If there's a problem,
20 the judge will tell you.

21 A First, it started -- first, New York State opened an
22 investigation on our Carry Guard program.

23 Q That was an insurance program?

24 A It was an insurance program.

25 MS. CONNELL: Your Honor, I'm sorry, I'm just going

BP

2419

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 to object to this. We brought this up and it came up
2 earlier in the summer. To the extent we're going to get
3 collateral matters --

4 THE COURT: I ruled that he could answer exactly
5 these questions.

6 MS. CONNELL: Your Honor, I think your ruling --

7 THE COURT: My, my point was he can answer; but
8 we're not going to bring in collateral evidence on any of
9 these points, but he can -- if asked why he did it or did
10 these things, he can answer.

11 That was my ruling.

12 MS. CONNELL: Your Honor, please note our
13 exception.

14 THE COURT: Noted.

15 Q You can answer.

16 A The next thing that happened was was the fact that we
17 started to receive -- we received letters from the Department
18 of Finance. We didn't receive them. Our banks, our insurance
19 companies, our infinity partners received letters from the
20 Department of Financial Services on the Governor's side of New
21 York State saying that it was a risk factor to do business with
22 the NRA and that that would be taken into consideration.

23 Our banks, our insurance companies understood those
24 threats and they started to break relationships with us.

25 The next thing that happened is we, we -- there were

BP

2420

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 press conferences that were held by Governor Cuomo about
2 attacking the NRA, and there were guidance letters following up
3 to the banks and the insurance companies.

4 So, it started to look like everything that had been
5 described to us was actually starting to happen.

6 Then, the next thing that would happen is the Attorney
7 General -- when the Attorney General is running for Attorney
8 General, made the statement that she believed we were a criminal
9 terrorist organization. She was going to open up an
10 investigation.

11 I still felt like, okay, look, we're complying with the
12 law. We're doing everything we can to check everything, do
13 everything under our responsibility.

14 And my first deposition was in New York, was in
15 June 2020; and what really shocked me because, I don't know, you
16 know, I'm -- I'm just a kid still at 70 or 69 that believed --
17 well, believed in what -- in the law. I didn't get one question
18 during my deposition about our course correction, how much we
19 were doing on compliance, how much we had done in 2020, in 2019,
20 how we already had compliance seminars.

21 It was just this ill will toward the NRA going back to
22 stuff we -- we, by and large, corrected and to the point where I
23 just felt like we weren't dealing with a fair regulatory playing
24 field in New York State.

25 And then the next thing was in August of 2020 when the

BP

2421

1 New York Attorney General filed to dissolve the NRA, seize its
2 assets in what I honestly felt was in an attempt to fulfill a
3 campaign promise, which is what she said during the campaign.

4 Q Now when it comes to the bankruptcy, we heard a lot of
5 questions about whether you told certain people you were going
6 to file, like, whether you told John Frazer or Craig Spray.

7 Do you recall that testimony?

8 A I do.

9 Q Why didn't you talk more explicitly with more people
10 before filing bankruptcy?

11 A I talked with the SLC, the Special Litigation
12 Committee. I talked with bankruptcy counsel, and I didn't tell
13 more people because we -- based on everything we saw from New
14 York State's Attorney General office, we felt that if it leaked
15 and the SLC felt that if it leaked, the Attorney General might
16 go to a judge and try to get a receivership and take over the
17 NRA and I wanted to protect the NRA. I thought it was a proper
18 business judgment for me to protect the NRA.

1 Q Let's look at Plaintiff's Exhibit 603 which is tab --

2 A May I say one other thing?

3 Q Of course.

4 A That was for the future though as I've said. It wasn't
5 for the past. Everything -- I was trying to get the NRA on a
6 fair level regulatory playing field for the future.

7 We would still -- NRA would still have to deal with
8 this case right here that we're in here today, and I would still
9 have to deal with the lawsuit that had been filed against me by
10 the Attorney General's Office, and neither the NRA or myself
11 would get any advantage from that by filing for the bankruptcy
12 which was actually a reorganization.

13 Q And can you explain how -- how you saw it as different
14 for the NRA to go to Texas and you to face the lawsuit here?

15 A How I thought it was different?

16 Q Right. The distinction you saw.

17 A Well, I thought NRA would be dealing with a fair
18 regulatory playing field in Texas which would be a good thing
19 for the organization.

20 I actually felt that NRA her complied with it's
21 obligations in New York in terms of all the 360 course
22 corrections.

23 I actually -- and I had to in terms of paying back
24 everything where I received any benefit or calculation or
25 mistake was made, and I honestly felt the Attorney General

KM

1 should be enthusiastic about the work we had done and patting us
2 on the back under New York State Law.

3 Q Let's look at Plaintiff's Exhibit 603 which is Tab 104
4 in your binder.

5 You looked at this with Mr. Conley a minute ago. There
6 is --

7 THE COURT: We have about 10 minutes before the
8 break.

9 MS. ROGERS: And this will be short.

10 Q Mr. LaPierre, do you recall testifying about this memo
11 which you wrote to the Officers' Compensation Committee
12 explaining that you intended to pay executive bonuses even
13 though the committee hadn't recommended any?

14 A Yes, I do.

15 Q I want to direct your attention to the first paragraph
16 underneath Linda Crouch's name. Linda Crouch is the head of
17 human resources at the NRA; right?

18 A Yeah. That's correct.

19 Q And I'm directing your attention to where you write,
20 "Notably, the aggregate amount of these bonuses is roughly half
21 the amount of the EVP bonus that I willingly foregone."

22 Do you see that?

23 A Yes, I do.

24 Q How did the officers react when you told them that you
25 -- that you wanted to pass up your bonus so that people like

KM

2424

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 Craig Spray and Linda Crouch could get one?

2 A They -- they -- well, they reacted -- I think they
3 thought it was a good thing I did.

4 I also starting in 2020 took my salary down to 80
5 percent of what it was, and I -- I did not receive any bonuses
6 from that point forward.

7 Q On Friday, the Attorney General showed you some old
8 post-employment severance agreements.

9 Do you recall that?

10 A Yes, I do.

11 Q They asked you whether the NRA would be stuck with
12 paying you if you weren't reelected or if you retired.

13 Do you remember that?

14 A I remember that.

15 Q And to your understanding, what is -- what are the
16 terms of your current agreement with the NRA?

17 A My current agreement with the NRA is -- is if I retired
18 or if I let the NRA or if the NRA was not reelected, at their
19 option, not mine, they could use my name and my image and my
20 signature to help them raise money if they decided to on their
21 own, and I think the payment would -- if they decided to do
22 that, would have been \$500,000.

23 Q Let's put up Plaintiff's Exhibit 572 which is already
24 in evidence.

25 This is -- is this your current employment agreement

KM

2425

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 with the NRA, Mr. LaPierre? And we can flip --

2 A Yes, it is.

3 Q And to your understanding, you were not entitled to a
4 penny from the NRA under any of those old contracts that this
5 contract replaced; right?

6 A That is correct.

7 Q Now, as you -- you noted that you understand the NRA
8 has an option to use your name and likeness under this contract.

9 You announced your resignation before this trial
10 started; right?

11 A I'm sorry.

12 Q That was my fault. The question was muddled. I'll ask
13 it more clearly.

14 You announced your resignation before this trial
15 started; right?

16 A Yes, I did.

17 Q Can you describe for the jury, what if any money or
18 benefits you've been offered by the NRA since you announced you
19 were resigning?

20 A I have not been offered anything.

21 Q Can you think of any burdens or payments that you feel
22 entitled to or that the NRA is stuck with now that you're
23 stepping down?

24 A None.

25 MS. ROGERS: Nothing further.

KM

2426

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 THE COURT: Why don't we take the -- our lunch
2 break now. We will reconvene at 2:15.

3 Again with the witness, you're still on the stand,
4 so please don't discuss your testimony during the break.

5 Thank you all. See you soon.

6 THE COURT OFFICER: All rise. Jury exiting.

7 (Whereupon, at this time the jury exits
8 the courtroom.)

9 THE COURT: Just a couple of quick things in terms
10 of the sword and shield.

11 As I mentioned when we talked about this all
12 before, it's -- the best way to evaluate is to see what
13 questions he answers and then that is what dictates whether
14 questions that are legitimately brought to cross-examine
15 those answers are rebuffed by reference to attorney/client
16 privilege.

17 So the witness testified to a lot of things and
18 including an interpretation of New York Law and a bunch of
19 other things about repayments and seems to me that the
20 decision point is when the Attorney General cross-examines
21 those and to see whether there are particular points that
22 they want to question him on.

23 I will say also, you know, this is part of my
24 weekend. I was working on jury instruction. Things such as
25 repayments have multiple possible relevance here. One of

KM

2427

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 which is potentially as a setoff.

2 The burden of proof on that will be on the
3 defendants as to the extent that repayments are going to
4 have to be shown. They will have to be proven. So just --
5 this oral testimony probably wouldn't be sufficient. So we
6 will see what the evidence is one way or the other, but --

7 MR. CORRELL: Your Honor, we are prepared to do
8 that in our case in chief.

9 THE COURT: Yeah. So -- right. That's my point
10 about the sword and shield is that you see what the witness
11 is able to testify to and then I'll see whether your cross
12 is hampered.

13 MS. CONNELL: Your Honor, thank you. We can cross
14 him, but we don't even have the information to effectively
15 cross him.

16 If he says I stood up, I looked at everything and
17 paid back everything, we got a repayment in December of
18 2023, and this is --

19 THE COURT: Like I said, I'm guided by the scope of
20 his testimony, and you can ask your questions as to cross
21 that. And if my conclusion is that you are being blocked
22 from being able to fairly cross-examine what the witness
23 said without objection, I think I have the tools to handle
24 that.

25 MS. CONNELL: Your Honor, I just note one thing.

KM

2428

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 Sometimes Mr. LaPierre, for example, may not have
2 been the person in charge of determining something and we
3 asked multiple witnesses for that information and received
4 privilege as a block in those instances. So our efforts to
5 establish, for example, how they calculated the amounts he
6 repaid for flights which is an example we put in front of
7 your Honor numerous times, Mr. LaPierre may say, oh, yeah, I
8 looked at everything and I paid everything back. It's the
9 characterization that we objected to, not the amount for
10 setoff.

11 We agree that's important and relevant, but it's
12 that characterization, and we can't unring the bell, the
13 fact that the defendant has made an election to say this is
14 hidden behind privilege is an election they are free to
15 make, but that precludes them from making representations
16 like that we would suggest to you.

17 THE COURT: It could be one of two ways. It could
18 either lead to an instruction that that evidence can't be
19 considered because of the block or it could be that you're
20 entitled to receive anything that you need to properly
21 cross-examine.

22 I mean, I was not prepared to make that call until
23 I heard what the evidence actually coming in is because it
24 was in my view kind of hypothetical when it was all raised
25 in advance which I did think it was helpful because I like

KM

2429

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 to have this teed up, but sword and shield, it kind of
2 depends on what the sword looks like. And so this would be
3 the sword. This is the affirmative use of various things,
4 and I'll evaluate it as we proceed.

5 MS. CONNELL: Thank you, your Honor. Again, I
6 would just note it was hard to unring the bell once the jury
7 hears something.

8 MS. ROGERS: In that extensive briefing, we cite
9 numerous portions of the corporate representative deposition
10 covering the same agreement and that the distinction we have
11 attempted to draw with Mr. LaPierre is what did you do, not
12 what did the lawyers tell you about it, but we understand
13 the Court's guidance.

14 THE COURT: Right. At this point now he's
15 testified about, you know, or generally as to what he paid
16 and they can probe what his process was and you can -- you
17 know, to the extent that he's asked that, I would not
18 expect -- you know, if they say, You testified that you did
19 this. How did you come up with that?

20 If you -- if -- if there is an assertion of
21 privilege to block him from answering that question to
22 probe, well, how did you determine what to do, then we may
23 have an issue.

24 MS. ROGERS: We understand, your Honor, and I think
25 we would try to cabin our objections the same way I tried to

KM

2430

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 cabin my objections to my questions to him on the stand.

2 You can say what you repaid. Don't say what legal
3 advice you received.

4 THE COURT: That's where it gets a little trickier
5 because he did say that he made a determination that
6 everything that he thought was inappropriate was paid back,
7 and I think they can ask what went into that.

8 MS. ROGERS: We understand, your Honor.

9 THE COURT: Okay. See you at 2:15.

10 MS. CONNELL: Thank you, your Honor.

11 (Whereupon, at this time there was a luncheon
12 recess.)

13 A F T E R N O O N S E S S I O N

14 * * * * *

15 THE COURT: So before we start, there was one part
16 of the testimony I wanted to just raise briefly.

17 Since there was the entity CEO responding to a
18 question from the entity, I just wanted to make sure I
19 understand what the legal position is, but during the latter
20 part of the testimony in response to the question about the
21 hostile environment in New York, the witness said among
22 other things "If there is anything we are doing that's not
23 in compliance with New York Law, let's correct it because as
24 I understood it, New York had a safe harbor provision. If
25 you were out of compliance or you had overrides and you

KM

2431

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 corrected the course and you came into compliance with your
2 obligations, that's what New York Law required you to do."

3 So I've been working on jury instructions including
4 instructions on the relevance of course correction kind of
5 information. That is not consistent with -- well, first,
6 the only safe harbor provision that I'm aware of is the
7 ratification provision which is much narrower than that. So
8 does anyone on the defense side -- is that an instruction
9 that you're seeking or is that -- again, I don't want to be
10 too hard on a non-lawyer sort of expounding on things, but
11 that's the first thing the jury has heard from anyone as to
12 some New York Law, and it's -- and how it -- and to what
13 extent course corrections are relevant, and it sounded to me
14 like it was described as a complete defense to everything
15 that came before it.

16 MS. ROGERS: So that's not the NRA's legal position
17 on certainly any of the discrete statutory charges.

18 I think depending upon how the amorphous and proper
19 administration charge is shaped --

20 THE COURT: Well, it won't be amorphous when I'm
21 done with it.

22 MS. ROGERS: Right. So that's what I mean.
23 Depending upon the form that amorphous crystalizes into
24 depending upon the breadth of that; it might be part of that
25 reasoning.

KM

2432

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 THE COURT: Part of it.

2 What I had said before to you all as a general
3 matter, and this is what I'm baking into the instructions
4 that I'm writing now is that it will be up for the jury, you
5 know, with respect to subsequent actions that, you know, the
6 relevant question on all the alleged violations to the
7 extent state of mind is a piece of it such as good faith or
8 ordinary care or whatever it might be is the state of mind
9 at the time of the violation, and what I am proposing is if
10 you find that subsequent actions bear upon or are relevant
11 to someone's state of mind at the time of the events being
12 challenged, then you can certainly take that into account.
13 And if you find that it is not relevant to their state of
14 mind at the time, then you should not. That's how I have
15 thought about the -- these things.

16 Now it may be slightly different with the NRA as an
17 entity, and you know -- but I still think the challenges in
18 the complaint are to specific conduct and transactions that
19 occurred over time.

20 So the question of whether -- you know, changing
21 policies in the future, if the jury concludes, well, that
22 shows either the NRA or somebody else's state of mind at the
23 time, I have left open the argument that you can make that,
24 and I think there is some support for this, that if somebody
25 is genuinely surprised by a violation and immediately

KM

2433

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 corrects it, that subsequent action could bear on a jury's
2 finding as to whether they were acting in good faith at the
3 time, but it's a very fact specific kind of analysis. And
4 it's certainly not what this description is which is that if
5 you correct it and come into compliance going forward,
6 that's a safe harbor.

7 MS. ROGERS: We understand, your Honor, and I think
8 the entity was not trying to assert or elicit a legal
9 position and what I think we got was a lay understanding of
10 the law.

11 That question was honestly aimed at eliciting what
12 we had discussed before. And if you look at the wording of
13 the question, it wasn't tell the jury, you know, what a safe
14 harbor is in New York. It was tell the jury what you meant
15 by hostile.

16 THE COURT: I'm not inclined to do a curative I
17 don't think right now because I want to very carefully craft
18 what I want to say to them on this issue because its become
19 obviously a fairly important issue in the defense. And you
20 know, I -- I don't know whether they -- whether it resonated
21 with them at all, but it's something that will have to be
22 corrected.

23 MS. ROGERS: I think very concisely our legal
24 position is, you know, when it comes to these discrete
25 statutory items like 715, the ratification defense

KM

2434

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 co-extensive with 715J, and it's very specific. When it
2 comes to business judgment rule, willfulness and a couple of
3 other items that have a mens rea type of element, then I
4 think your Honor has specified the manner in which remedial
5 measures can be considered questions which is do they shed
6 light as Learned Hahn said in these Second Circuit cases on
7 scienter essentially, but the third prong context in which
8 we submit is irrelevant is depending upon the morphology of
9 the amorphous charge, right, depending upon what improper
10 administration ends up meaning, if it just means, you know,
11 do you think they did anything improper --

12 THE COURT: Well, I will tell you this. I don't --
13 I'm not sure exactly what the verdict form is going to look
14 like. But hypothetically, if you -- and by the way; proper
15 administration is a phrase that has been used in the
16 surrogates world for hundreds of years or at least a hundred
17 years.

18 MS. ROGERS: But it's a interim charge usually --

19 THE COURT: Yeah, and it talks about the level of
20 care that one uses in administering an estate, for example,
21 or a trust, but whatever it is. You know, you can
22 improperly administer an estate in 2016 on a Thursday. In
23 other words, it can be a thing that you do that on that
24 Thursday, you've improperly administered the trust by doing
25 X, Y or Z. Right. So to that extent, it's the same thing

KM

2435

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 as applying subsequent events as you would under the
2 fiduciary or under the MPCL in that if you improperly
3 administer the fund on a Thursday in 2016, the fact that you
4 three years later have a new set of procedures and are
5 changing your stripes or whatever it is you're doing doesn't
6 mean that you didn't improperly administer the trust in 2016
7 on a Thursday.

8 MS. ROGERS: Right. And I think that if this does
9 start resembling -- if the ultimate charge resembles that
10 kind of trust and estates surrogate court's version of
11 estate and administration, then obviously that will guide
12 how the jury thinks about it.

13 Part of the reason that our presumption has been so
14 broad, we don't know exactly what it's going to look like,
15 and in some of the motion practice and pleadings, it seems
16 like there's a version of improper administration proposed
17 by the Government which is just let's throw everything at
18 the wall that seems expensive or improper in any way, and if
19 that were the charge, then we would -- then the entity's
20 position would be then you get to consider everything proper
21 that we did too. And so I think a lot of this comes down to
22 what the charge looks like.

23 THE COURT: Yeah. And look, I've been watching the
24 evidence come in to help me craft the charge. And you know,
25 we will see.

KM

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 So you're saying it's sort of a binary question you
2 think that you either have improperly administered the fund
3 during this entire era or you haven't.

4 MS. ROGERS: I don't think it necessarily needs to
5 be binary.

6 So if the Court is guided by the trusts and estates
7 surrogate use of improper administration, then we would say,
8 you know, maybe the form of the charge, the limiting
9 principle derives from that body of law, and it looks a
10 little more in rem. It looks like were the charitable
11 assets misspent, for example.

12 I think that even regardless of what the charge
13 looks like, it doesn't need to be a crisp binary because,
14 for example, if the Court is looking to fashion injunctive
15 relief that takes into consideration the jury's findings,
16 you know, one way to craft a verdict form that doesn't have
17 that open-ended continuing harm thing on it but still takes
18 account of relevant facts might be do you think the fund was
19 improperly administered in 2018, 2020. Those are crisp jury
20 questions.

21 THE COURT: Look, I think inevitably all of this
22 stuff, a lot -- certainly more important or directly
23 relevant to the second phase, if there is one, on
24 non-monetary remedies. I think we have always understood
25 that, but you're putting a lot of that in here which I have

KM

2437

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 permitted on this theory that a post -- that subsequent --
2 subsequent actions can be used by a fact finder in
3 determining, you know, was this a good faith decision back
4 in the day and now we are seeing their true colors or is
5 this just a, you know, deathbed conversion or something like
6 that.

7 So I -- you know, I'm continuation to think about
8 it, but I -- I do read the complaint to allege a lot of
9 examples that they claim are improper administration which
10 would be individual violations. Not just one big blob of --
11 but I'm curious. I mean, we are going to have more
12 discussions about this. But whatever it is, it's not a safe
13 harbor. And again, I'm not being too hard on Mr. LaPierre
14 in the back as a non-lawyer, but I get -- my ears perk up
15 when I hear legal principles told to the jury about a very
16 central aspect of the defense, and it's not accurate.

17 MS. ROGERS: We understand, your Honor.

18 Just to clarify, again, you know that, I don't
19 think is what the question was targeted to elicit or what we
20 wanted to elicit, and I don't -- Mr. LaPierre's testimony is
21 fact testimony by an individual defendant. It's not the
22 entity putting our legal position before the jury.

23 THE COURT: So what I may say is I just may mention
24 that in the course of the testimony the, witness gave a view
25 about New York Law. Just to be clear, he is here to testify

KM

2438

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 about facts, and I will tell you what the law is, and you
2 know, what I'm leaning -- what I wanted to say, what I came
3 out here kind of thinking about was to say there is no safe
4 harbor provision such as is described. There are other
5 provisions that I will tell you about at great length.

6 MS. ROGERS: I think some kind of instruction that,
7 you know, I will give you -- I will tell you what the law
8 is, and the witness is giving fact testimony, we would
9 actually agree is appropriate. I think until the charge is
10 finalized, you know, we would -- the NRA would disfavor any
11 instruction that there is no safe harbor.

12 THE COURT: Well, not the safe harbor that the
13 witness described.

14 MS. ROGERS: But I think an instruction that the
15 witness is giving fact testimony, he is not a lawyer, and
16 even if he was, you get the law from the judge is entirely
17 appropriate.

18 MS. CONNELL: Your Honor --

19 MR. CORRELL: I think that's the way to address it.
20 That would be acceptable to Mr. LaPierre.

21 THE COURT: But it doesn't correct it.

22 MS. CONNELL: Thank you for pointing that out.

23 We would ask for a curative instruction.

24 I would just note that, and just remind everyone
25 that on December 14 the Appellate Division, First Department

KM

2439

W. LaPierre - by Plaintiff - Cross/Ms. Rogers

1 upheld your ruling that the Plaintiff had stated a claim
2 under the EPTL for past violations and conduct as alleged in
3 the complaint.

4 THE COURT: I don't want to --

5 MS. CONNELL: I don't want to get into that either,
6 but I think a curative instruction in the law is not as Mr.
7 LaPierre stated. He's a layperson, and the Court will
8 explain to you would take care of that.

9 THE COURT: I think I have to say something because
10 if they are going to spend the rest of the trial hearing
11 nothing else other than there is a safe harbor for course
12 corrections, I think that's problematic.

13 MS. CONNELL: I too, your Honor.

14 THE COURT: I will explain it to them. I think I
15 can do it. I'm not going to throw anybody under any buses,
16 but I don't want them to be laboring under a
17 misunderstanding.

18 MS. CONNELL: I appreciate that.

19 THE COURT: Everybody agrees with that.

20 MS. CONNELL: That's right.

21 MR. CORRELL: My concern is that a layperson might
22 well view ratification of past related-party transactions as
23 a sort of safe harbor. A layperson might view --

24 THE COURT: Well, it is. That's the -- that's not
25 the issue. The -- by safe harbor, it's a complete defense.

1 MR. CORRELL: I understand, and I think to the
2 extent you're talking about related-party transactions which
3 is quite a focus of this case, that it is arguable that
4 there is a safe harbor for related-party transactions.

5 THE COURT: I think there's too much of a risk.
6 I'll do it in a way that just makes it clear that, you know,
7 I will tell them about the claims and defenses and that
8 the -- that they should not consider any testimony from
9 anyone about what New York law is and -- look, I just think
10 the notion that there is a safe harbor defense is just
11 inaccurate enough that I need to say something about it, but
12 it won't be designed to suggest that it is irrelevant and
13 I'll explain that.

14 All right, let's bring the jury in.

MR. CORRELL: May I proceed, your Honor?

THE COURT: Before we start, just a very brief note.

As you remember at the instructions at the beginning, I said that the only instructions you'll get about the law will come from me.

So, occasionally, witnesses will venture into questions about the law, and there was just a short segment of Mr. LaPierre's testimony where he referenced New York having a safe harbor provision or something along those lines. This is not a criticism because people shouldn't be held to strict standards of legal scrutiny just in giving lay testimony. Again, the only instructions you get on the law should be from me.

There are claims and defenses, I'll explain those to you at great length when we get to the end. There is no safe harbor provision in the way that was described, but there are defenses that you will be able to take into account; but I didn't want you to be led to believe that that is the law that you will hear from me at the end. It will be different from that.

And so I just wanted to just reiterate that instruction that even though sometimes witnesses will talk about the law, often times there will be an objection. This

1 time there wasn't, but I just wanted to make sure you're not
2 blocking in on any particular statement of the law
3 prematurely until I can explain it to you at the end. Okay.

4 All right, Mr. Correll.

5 CROSS-EXAMINATION

6 BY MR. CORRELL:

7 Q Good afternoon, Mr. LaPierre.

8 A Good afternoon.

9 Q I'd like to take you back to Friday briefly to talk
10 about a few of the things that Mr. Conley spoke about. You
11 spoke about security and there were some discussion of
12 Mr. Staples.

13 Do you remember that?

14 A Yes, I do.

15 Q Who was the head of security before Mr. Staples?

16 A Russell Gordon.

17 Q Did you have any conversations with Mr. Gordon about
18 security?

19 A Yes, I did.

20 Q And what, if anything, did he tell you about flying
21 private?

22 A We went back and forth for awhile.

23 MR. CONLEY: Objection.

24 THE COURT: I'm sorry, say again?

25 MR. CONLEY: Objection, calling for hearsay.

BP

2445

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 THE COURT: Overruled.

2 A We went back and forth for awhile. When the threat
3 went up, he told me to fly private. When the threat went down,
4 I flew commercial. After about -- after 2013, it was fly
5 private all the time.

6 Q And was the fact that the NRA was providing charter
7 travel to you disclosed in the 990s that were filed with the
8 IRS?

9 A Yes.

10 Q There was some discussion about mosquito treatments at
11 your home.

12 A Yes.

13 Q Can you explain what that was about?

14 A Well, our house was kind of on a -- in the back was a
15 lot of sitting water, and the mosquitoes would be just horrible
16 in the summer and the security people would be out there all
17 night. They'd walk around and they would just get eaten up by
18 mosquitoes.

19 So, the NRA paid for mosquito treatment so that it
20 would help protect the security people.

21 Q There was some discussion of landscaping on one
22 invoice. Do you remember that from Friday?

23 A Yes.

24 Q Could you please tell the members of the jury what the
25 landscaping was for?

BP

2446

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 A Yes. What the NRA did was they put a bunch of bushes
2 in so that somebody couldn't run down through the -- straight to
3 the door. They also put a wall behind the house in front of my
4 office so that somebody couldn't shoot into the office from the
5 back hill. And then they put up this little fountain to try to
6 disguise the fact that it was a security wall.

7 Q Did you ever actually have any security problems at
8 your house?

9 A Yes.

10 Q What kind of problems did you have?

11 A Well, we were swatted. I mean, I was home in the
12 middle of the night with my wife, and the phone rang about 2:15.
13 It was the Police Department saying, "Come out with your hands
14 up in the air. Turn all the lights off." And we were running
15 around with our heads cut off, and my wife was going, "Don't go
16 out there. Someone is going to kill you."

17 And I kept running around turning on lights and,
18 finally, I said, "I'm coming out," and I walked out with my
19 hands up. About fifteen police officers with their guns drawn
20 were charging toward me, and we realized later from the police
21 what had happened.

22 Q Did the police take any action to investigate to
23 determine who did that?

24 A They did. They investigated it for a quite awhile. It
25 was ready to go to court locally. That ended up being taken

BP

2447

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 away. It turned out it was took -- taken away by the FBI, and
2 they, ultimately, arrested someone.

3 Q And did that person, ultimately, go to jail?

4 A I believe they did. There were many other instances,
5 also.

6 Q Did you have stalker incidents at your home?

7 A Yes, we did.

8 Q Was that a frequent occurrence?

9 A Yes, it was. There were people taking pictures through
10 the windows. There were people out there on the streets. The
11 neighbors called the police several times. We had all kinds of
12 things happening. We were doxxed.

13 Q What is doxxing?

14 A When they invade all of your bank accounts and your
15 credit cards and try to apply for all types of things under your
16 name because they have your credit information and that was
17 investigated by the FBI, also.

18 Q I want to change subjects. There was some discussion
19 that you actually were asked a question about --- I think the
20 question was are you the head of a charity.

21 Do you remember that question?

22 A Yes, I do.

23 Q And I objected and my objection -- on the grounds it
24 called for a legal conclusion, and that objection was overruled.

25 I believe your answer was that you were head of the

BP

2448

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 501(c)(4) organization. Was that your answer?

2 A Yes.

3 Q And you were drawing the distinction between a charity
4 and a 501(c)(4) organization; correct?

5 A Yes.

6 Q What -- why were you drawing that distinction?

7 A Well --

8 MR. CONLEY: Objection.

9 THE COURT: Overruled. Go ahead.

10 A A charity is it's taxed deductible. There's a
11 501(c)(3) that's affiliated with the NRA that is a charity. A
12 501(c)(4), while it is nonprofit, is not tax deductible.

13 Q Does that mean when someone wants to join and send in
14 dues, they don't get to deduct that from their taxes?

15 A Yes.

16 Q And, so, that's no taxpayer money is being used to
17 support the 501(c)(4) through member dues; is that a fair
18 statement to your understanding?

19 A Yes.

20 MR. CONLEY: Objection.

21 THE COURT: Hang on. What's the objection?

22 MR. CONLEY: Leading.

23 THE COURT: I thought it was also a legal
24 conclusion, but he is the CEO of an entity. I think his
25 understanding of what it is is I think relevant.

BP

2449

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 I'll overrule it.

2 A So, in your understanding, is this like donating to say
3 a Catholic charity?

4 A Catholic charity, I believe, would be tax deductible.
5 The NRA is not tax deductible. It is nonprofit.

6 Q Or any religious charity would be, in your
7 understanding, a (c)(3), not a (c)(4)?

8 A That's my understanding.

9 Q There was some discussion of your wife flying with you
10 on private jets. Do you recall that?

11 A Yes.

12 Q Why did she fly with you on occasion?

13 A My wife was the volunteer unpaid for the Women's
14 Leadership Forum, which is a philanthropic organization for
15 women of the organization to raise money and not of the
16 organization, and my wife would fly with me to represent the
17 Women's Leadership Forum.

18 Q Can you tell the jury how that came about?

19 A Well, my wife volunteered back in I think it was 2004,
20 2005 to -- to do this with the NRA because she had a background
21 in the area. She thought she could -- she knew how to put it
22 together.

23 Q What was her background?

24 A Fundraising.

25 Q And did she work as a volunteer for the NRA from that

BP

2450

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 time on?

2 A Yes.

3 Q Is she still working as a volunteer for the NRA?

4 A In someways, not as much right now.

5 Q Is she still involved with the Women's Leadership
6 Forum?

7 A Yes.

8 Q How much of her time did she spend working on WLF
9 matters?

10 A Well, back when she was doing it then which was 2004,
11 2005 up to about 2018, it was virtually a full-time job for her.

12 Q Was she -- was she ever offered -- did anyone ever
13 suggest that she be paid for her work?

14 A Yes.

15 Q And what did she say?

16 A She said no.

17 Q And did she explain why?

18 A Yes. It was because she thought that if -- if she was
19 going to be successful at doing what she was doing, which was to
20 engaging women around the country to step up and give a donation
21 to help the NRA or programs or whatever it went for, that she
22 should be on the same equal footing as they should and she
23 shouldn't be paid.

24 Q Did you have any sense of whether Gayle Stanford was
25 shopping around to get the best prices on air transport?

BP

2451

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 A That's what I understood, but I really wasn't involved
2 with it in terms of what she did.

3 Q Did you ever get any questions from the treasurer, the
4 treasurer's office as to -- that indicated to you that there
5 was -- that Gayle Stanford wasn't getting the best price for air
6 travel?

7 A No.

8 Q There was a question yesterday where Mr. Conley showed
9 you an invoice and it had Hotel ZaZa on it. Do you remember
10 that?

11 A I do.

12 Q Can you tell us anything -- do you know anything about
13 Hotel ZaZa and what your wife might have been doing taking a car
14 at seven a.m. to Hotel ZaZa?

15 A Yes, I believe that's where the Women's Leadership
16 Forum was holding a brooch ceremony for people that gave --
17 women that gave a certain amount of money to the Women's
18 Leadership Forum, and I think she was doing a site visit there.

19 Q Did you have any understanding at the time as to
20 whether the time she was spending doing this kind of thing for
21 the NRA had any benefit for the NRA?

22 A It had incredible benefit.

23 Q And what was that benefit?

24 A Well, over the last ten years, it raised 59 million in
25 cash and, approximately, another 110, 112 in plain gifts from

BP

2452

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 what the figures had been provided to me.

2 Q There was talk of MMP on Friday. Do you remember
3 that?

4 A Yes.

5 Q How much money did MMP raise for the NRA on average
6 year over year?

7 A Well, it depends on the year. Several years ago they
8 raised somewhere around 200 million, 215-20 million. In recent
9 years, it's gone down more to 130, 140, 150.

10 Q What portion of that of what they brought in did they
11 get to keep under the arrangement that the NRA had with them
12 roughly on average?

13 A Well, about ten percent in the old days, and now I
14 believe -- I believe -- I wasn't involved with it. I believe
15 their new contract is 9 million, and they're raising -- if you
16 count ILA and PVF, I think they're raising about 130 --
17 somewhere between 130 and 50 million.

18 Q So, they're a little under ten percent now?

19 A Yes.

20 Q Between 10 and 5?

21 A Yes.

22 Q Did the NRA derive any benefit from the time you spent
23 with McKenzies on their boat in the Mediterranean?

24 A Yes, what I was trying to do is I was trying to --
25 there were so many people in Hollywood that were speaking out

BP

2453

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 against the organization. I felt that NRA needed to compete
2 because I knew there were a lot of people in Hollywood on our
3 side. And the reason I took those trips is I was trying to
4 cultivate celebrities, build relationships with celebrities;
5 and, also, that was a portal I could go through and end up in a
6 world I never could have ended up in on my own and I would meet
7 celebrities.

8 I would build relationships with them and would also
9 meet wealthy people, that maybe I could draw in to build a
10 relationship with and get to give NRA quite a bit of money.

11 Q Were you successful in developing any relationships
12 with any celebrities?

13 A Yes, I was.

14 Q Could you give us a few examples?

15 A Well, I'll give you all kinds; but, I mean, most
16 recently like Dean Cain, Erik Estrada, Montel Williams, folks
17 like that, that --

18 Q For the members of the jury who may not know these
19 names, can you just tell us briefly who each of these people
20 are?

21 A Yes. Erik Estrada was on the show, I believe it was
22 Cops.

23 Q CHIPS.

24 A CHIPS, yes, sir. It was about police officers on -- in
25 Los Angeles that were on motorcycles. It was on a long time,

BP

2454

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 maybe the most popular show on TV and he was one of the highest
2 paid actors in the country.

3 Q And CHIPS means California Highway Patrol; correct?

4 A Yes.

5 Q What about Montel Williams?

6 A Montel was one of the longest hosted -- one of the
7 longest running television shows --- interview shows in the
8 country, and he was also a naval academy graduate with a lot of
9 military experience.

10 Q And were you able to persuade Montel Williams to do
11 anything for the NRA?

12 A Yes, I persuaded all of them to do something for the
13 NRA. Montel came and spoke to all the high donors at -- 40 or
14 50 of our highest donors at the convention. Erik Estrada did
15 safety spots for us in terms of children. He also did episodes
16 of Crime Strike. He came to our convention. Dean Cain actually
17 ended up running for the board.

18 Q For those of us who don't know the name Dean Cain, was
19 he an actor?

20 A Yes, he played Superman.

21 Q And when did he do that?

22 A I think that was probably 15, 18 -- I'm not sure of the
23 exact year.

24 Q Was that a popular show at the time?

25 A Yes, it was a movie, I believe, and Roger Moore was

BP

2455

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 another one I developed a relationship with.

2 Q And what benefit did your relationship with Roger Moore
3 produce, if any?

4 A He was -- the United Nations was trying to talk him --
5 because he was involved with the UN and being a spokesperson on
6 a lot of their firearms treaty efforts and things like that, and
7 I was able to develop a relationship with him, talk to him about
8 it, make him -- educate him to the point where that ended up not
9 happening.

10 Q And what roles did he play as an actor?

11 A He was -- for quite awhile he was James Bond in the
12 movies.

13 Q And did you see some benefit to having a person who
14 played James Bond not acting as a spokesperson against the
15 positions you were taking?

16 A Yes, it -- as I've said, the whole reason I did this
17 was to try to educate celebrities about the NRA and what a good
18 mainstream organization it was and how much actors in Hollywood
19 were -- I mean, America is influenced by celebrities in a big
20 way. That's why you see them on so many TV ads, and I wanted us
21 to play on that field and not concede that ground to the other
22 side.

23 I thought that was simply smart in terms of protecting
24 the NRA and further the mission of the NRA.

25 Q Mr. Conley showed some photographs on Friday. Do you

BP

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 recall that?

2 A Yes, I do.

3 Q One of the photographs I believe was a photograph of
4 you in Dubai or somewhere?

5 A Yes.

6 Q I notice some tripods in the background, some camera
7 tripods in the background. Do you recall that? There being any
8 filming going on in that trip?

9 A Yes, they used to film a travel show, and they use to
10 film it wherever they went with, with the -- the people that
11 went with them.

12 Q And did you ever do any filming on any of those trips
13 for the NRA?

14 A I did not do filming for the travel show. I did some
15 standups, in general, and I did some Crime Strike; but I did not
16 do the travel show.

17 Q When you filled out your financial disclosure
18 questionnaires, did you believe you were filling them out
19 correctly?

20 A Yes, I did.

21 Q And when you -- when it came to your attention that you
22 had not filled them out correctly, did you undertake to go back
23 through and correct your answers?

24 A I did. I mean, the compliance thing, I wasn't the
25 compliance guy. I now know that if I was to give anybody

BP

1 advice, it would be don't transfer that function to anybody.
2 You need to be an expert on it.

3 But, at the time, I mean, I was learning. I was being
4 educated and I -- I know on those trips now what I should have
5 done was either go to the Audit Committee and tell them what I
6 was doing, why I was there or not go at all. I mean, it -- I
7 mean, that's what I would do now.

8 Q There was -- Mr. Conley pointed a receipt for handbag
9 from Bergdorf's.

10 Do you remember that?

11 A I do.

12 Q Can you tell the jury what your thinking was behind the
13 handbag gift?

14 A My wife building the Women's Leadership Forum in
15 particular, but I did, too, with employees and with some donors
16 would to build relationships and continue relationships, we
17 would give birthday gifts, wedding gifts, holiday gifts,
18 Christmas gifts. Hostess gifts, if somebody was hosting a
19 reception.

20 And I put all those on my expenses that I turned in to
21 NRA because I -- I thought they were the glue in terms of
22 building relationships and holding things together.

23 Q And at the time you did that, did you have any
24 knowledge of whether there was a limit on the amount that the
25 NRA could reimburse people for gifts to employees or vendors or

BP

2458

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 volunteers?

2 A I did not know at all there was a limit. I now know
3 there was a limit of \$25. And what I have done is go back
4 through every one of those expenses, and I have paid all those
5 gifts back to the organization.

6 Q So, the NRA received a benefit from the gift giving,
7 but didn't have to pay the price. You ultimately paid the
8 price; correct?

9 A I paid it back.

10 Q And did you pay the price for that particular bag?

11 A I paid all those gifts back.

12 Q And did you pay interest on that, as well?

13 A I paid interest and I, also, went back and paid taxes
14 with interest.

15 Q And so you think you're all square with the NRA, at
16 least on that bag; right?

17 A Yes, I do.

18 Q And on the other things you went back to repay?

19 A Yes, I did. Yes, sir.

20 Q There was -- Mr. Conley mentioned a gift for David and
21 Laura McKenzie's daughter. Do you remember that one? Did you
22 pay that one back?

23 A Yes, I did.

24 Q And Mr. Conley mentioned some candlesticks. Do you
25 remember that?

BP

2459

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 A Yes.

2 Q Did you pay that one back?

3 A Yes.

4 Q And he also mentioned a Fitbit, a Fitbit store. Did
5 you pay those back?

6 A I paid all of them back.

7 Q As you sit here today, is there any gift that you gave
8 that you can think of that you did not pay the NRA back for?

9 A No.

10 Q There was some mention about a golf club on Friday. Do
11 you recall that?

12 A Yes.

13 Q Can you explain to the jury what, if any, benefit there
14 was to the NRA for you having a membership to a golf club?

15 A Yes, it was a place I could take supporters. I could
16 take donors. I could socialize with donors and members. It was
17 NRA's policy up until about -- until Craig Spray came on board
18 that that was a proper thing to do.

19 When Craig Spray came in, he informed us that the law
20 had been changed; and it was not the proper thing to do and it
21 was all discontinued in 2018.

22 Q And do you still belong to that golf club?

23 A I do.

24 Q And you pay your own dues?

25 A I do.

BP

2460

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Q Do you still bring people to the golf club to talk
2 about NRA business?

3 A I do.

4 Q And I think there might have been some mention that
5 this golf club belonged to Donald Trump; is that correct?

6 A Not originally, but he ended up buying it.

7 Q Did you ever socialize with him there?

8 A No. I saw him there, waved to him a couple of times,
9 but I did not socialize with him there.

10 Q Did you have any involvement in the preparation of the
11 Form 990?

12 A Well, I worked with our tax lawyers, the auditors
13 worked on it. I worked with our general counsel's office and
14 I -- and our accounting staff.

15 Q Did you actually go around and collect data from
16 people, accountants to populate the form?

17 A No, I didn't.

18 Q Did you actually draft the disclosures that were
19 included in the 990?

20 A I looked at them and worked with the people preparing
21 them. I did not draft them. I -- I thought it was the most
22 transparent 990 we've done. It reflected all the work we've
23 done in terms of what's referred to as the course correction,
24 so.

25 Q And you're referring to the one that you signed?

BP

2461

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 A Yes. It was an ongoing process still.

2 Q There was some talk about Youth for Tomorrow and I know
3 you mentioned -- talked a little bit about it; but can you tell
4 the jury whether you believed there was any benefit to the NRA
5 to having a relationship with Youth for Tomorrow?

6 A Yes, I did. The NRA had corporate headquarters in
7 northern Virginia, and Youth for Tomorrow is one of the most
8 prominent charities in northern Virginia. It does an
9 unbelievable job in terms of saving kids. It would be
10 completely lost. I thought the benefits were, one, to help the
11 kids; two, to have NRA seen as a really good corporate citizen
12 in front of all of northern Virginia, in front of the political
13 class of northern Virginia that came to most of those events.

14 And we also brought in a lot of our high donors from
15 around the country to our Advancement Office to participate in
16 those dinners, and they thought that was a really great thing
17 for the organization to do, also.

18 So, I think there were -- and we also got to meet a lot
19 of people we wouldn't have gotten to meet in terms of potential
20 donors, and I just thought it was a great business thing for the
21 NRA to do in a place -- in a corporate place of business
22 resided.

23 Q Were you able to interact with legislators in
24 Washington?

25 A Yes, there were Congressmen there. There were local

BP

1 members of the City Council there, the Board of Supervisors and
2 NRA had requests from time to time going to the Board of
3 Supervisors and it was just a good thing, in general, for the
4 NRA.

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Q Did military people attend?

2 A Yes.

3 Q And who started that foundation?

4 A Coach Joe Gibbs of the Washington football team.

5 Q Was that a (c)(3) or (c)(4)?

6 A It was a (c)(3).

7 Q And so deductions were or contributions were tax
8 deductible to Youth For Tomorrow?

9 A Yes.

10 Q There was talk about helicopters today. I'm jumping
11 back to today.

12 Do you remember that?

13 A I do.

14 Q Why were you in those helicopters?

15 A We were going out to the NASCAR tracks.

16 One of the things I always thought, NRA -- I knew NRA
17 is about as mainstream an organization you can get. The media
18 makes it try to sound otherwise, but we probably got a member on
19 every block in this country, and the other side always tried to
20 push NRA to the fringe, and I knew that's how the organization
21 would lose. We didn't want to be there. NRA is not some
22 right-wing organization, so I tried to build a relationship with
23 all of these cultural institutions that had an influence on
24 American society and that would include NASCAR, country music,
25 the NFL alumni, the NBA, even organizations like Youth For

KM

2464

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Tomorrow, and that would help the NRA in terms of being
2 culturally relevant and showing America that NRA is a good
3 citizen, good people and not what they might read about in the
4 papers.

5 Q And did you have any success with that effort?

6 A Yes, we did.

7 Q And what benefit did it ultimately produce for the NRA?

8 A It produced owners. It produced a lot of good will.
9 It -- at the NASCAR races, they used to -- just because I
10 happened to be the position I hold, they used to introduce me at
11 the drivers meeting to the drivers. So we were able to form
12 relationships with them.

13 On country -- at the country music, we actually were
14 able to get the clay shoot on CBS national television at the
15 Academy of Country Music Awards that they would hold every year.

16 We would get many celebrities come out and shoot at
17 those events, whether it be Blake Shelton or you could go on
18 with a whole list of celebrities, but all that in this culture
19 which is influenced by all these institutions is a good thing
20 for an organization like ours.

21 Q And did you -- did the NRA have signage and branding at
22 these events?

23 A Yes, we did.

24 Q Did you pay for the right to do that?

25 A Yes. It depended. At NASCAR, it was -- we did

KM

2465

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 originally and then it was part of our relationship with their
2 foundation that we would get signage.

3 At the country music, we would get signage.

4 The NFL alumni, we would actually get use of the NFL
5 alumni logo which was virtually similar to the NFL logo, so it
6 was all very positive for an organization that you don't want
7 people to think is some right-wing organization but is deepest
8 part of the river, the mainstream of society which is what our
9 organization is.

10 Q Did the NRA donate funds to the Speedway charity that
11 was associated with the NASCAR events?

12 A We did.

13 Q And what was the Speedway charity?

14 A Speedway Children's Charity is -- NASCAR is kind of
15 broken up into two kingdoms. There is the France family and
16 then there was the Smith family that owned about eight or nine
17 of the tracks and then the France family owned the largest other
18 group of tracks. So the Speedway Children's charity was the
19 Speedway motor sports charity.

20 Q Going back to YFT, did your wife and you ever sponsor a
21 child from A Child At Risk?

22 A Yes, we did.

23 Q And could you just tell me generally what that process
24 was like, what that entailed?

25 A We got to know her through Youth For Tomorrow. We took

KM

2466

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 her into our home. We went through the process in Virginia of
2 them okaying for her to spend time in our home, and we tried to
3 love her, and we tried to give her a chance.

4 MR. CORRELL: I think this would be a good time to
5 break, your Honor.

6 THE COURT: Okay. Let's take our break, and we will
7 see you shortly.

8 THE COURT OFFICER: All rise. Jury exiting.

9 (Whereupon, at this time the jury exits
10 the courtroom.)

11 THE COURT: Can I just ask a quick question. So I
12 want to make sure I'm informed enough to be able to deal
13 with any objections that come up. I was never good at tax
14 which is why I went into litigation, so I don't really know
15 much about it.

16 You were making a distinction about tax exempt
17 organizations, I think. The Form 990, at least that I have
18 looked at now, a lot of them, it's a return of an
19 organization exempt from income tax.

20 How -- what's the -- and that's all the (c)(4) an
21 (c)(6) as well.

22 MR. CORRELL: It's tax exempt from I think (c)(1)
23 to I think (c)(8).

24 THE COURT: What's the distinction that you're
25 drawing?

KM

2467

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 You're drawing what about contributors can
2 deduct the contributions from their taxes?

3 MR. CORRELL: A 501(c)(3) organization is
4 recognized as a charity under federal law, and the money
5 that you give is tax deductible. You can deduct it from
6 your taxes.

7 A 501(c)(4) social welfare organization is not --
8 the money is not tax deductible.

9 THE COURT: But the organization is tax exempt.

10 MR. CORRELL: It's tax exempt from certain things,
11 but that doesn't mean when someone donates money, they get
12 to deduct.

13 THE COURT: From the donor's perspective, there is
14 a difference, but from the entity's perspective in terms of
15 its organization, it's taxed the same way that the other 501
16 C's.

17 MR. CORRELL: Not exactly. There may be
18 differences. I'm not a tax lawyer either. I hated taxes in
19 law school.

20 As I understand, the rules can vary slightly from a
21 classic charity which is a foundation which is tax
22 deductible with certain rules from a (c)(4) which tended to
23 be a membership organization where you were serving members
24 rather than widows and orphans. Widows and orphans don't
25 join a foundation in order to get benefits. Members join a

KM

2468

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 social welfare organization to associate, and the
2 organization is exempt from taxation for certain things.
3 Not all things. They pay sales tax, and Mr. LaPierre might
4 be able to speak better to this than I can.

5 THE COURT: In ways -- would a (c)(3) not pay sales
6 tax?

7 MR. CORRELL: I believe they do pay sales tax.

8 THE COURT: Maybe it's a question for -- I'm not
9 going to micromanage every word you use when you talk about
10 taxation, but it's not accurate to say that the NRA is
11 not -- that's two negatives. A tax exempt organization.

12 MR. CORRELL: I have not said it's a tax exempt
13 organization. It is. It's also a not-for-profit
14 corporation, but there are nuances that the wisdom of the
15 Internal Revenue Service has created that are sometimes hard
16 to navigate and one clear one, and the expert that the
17 Attorney General put on on non-profit organizations admitted
18 that there are differences between --

19 THE COURT: And under the N-CPL, is there a
20 difference at this point under the N-CPL as it exists now
21 between non -- not-for-profit corporations that are
22 charities and those that are not?

23 MS. ROGERS: Yes, your Honor.

24 MR. CORRELL: Excuse me. If I could respond to
25 that.

KM

2469

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 MS. ROGERS: That was me. I just want to clarify
2 the NRA's position on this because it's us.

3 So the NRA is federally tax exempt in that the NRA
4 does not pay taxes in the way a for-profit corporation
5 would, but there is two distinctions being bandied about.

6 There is tax exempt, and there is charity. So the
7 N-CPL defines a charitable corporate purpose to be the same
8 language as 501(c)(3) in the Internal Revenue Code, and I'm
9 reciting from memory so there could be little improvisation
10 here, but the money has to be spent under the N-CPL for
11 charitable purposes and under the 501(c)(3) provision of the
12 Internal Revenue, those tax exempt funds have to be spent
13 for charitable scientific education purposes meant to
14 prevent cruelty to children or animals.

15 When tax lawyers talk about a non-profit, lawyers
16 talk about charitable funds and charitable purposes, that's
17 where that language comes from.

18 The language in the N-CPL mirrors the 501(c)(3)
19 language in the Federal Court, and I think that was what --
20 that's why Mr. Correll objected on legal conclusion to the
21 term "charity," but he would not object on legal conclusion
22 to the term "tax exempt" because the whole ecosystem of
23 501(c) organizations from a dark money 501(c)(4) to the Red
24 Cross to a 501(c)(3) foundation to help orphans are all 501c
25 tax exempt.

KM

2470

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 THE COURT: In terms of the N-CPL and the EPTL and
2 the executive law, does it make a difference whether one is
3 a charity or not?

4 MS. ROGERS: Yes, and we have briefing on this, and
5 I would give a much shorter cliff notes version or a letter.

6 THE COURT: I remember seeing it, but I don't
7 remember being entirely persuaded that it mattered.

8 MR. CORRELL: Your Honor, if I may.

9 THE COURT: I didn't -- actually, I -- really just
10 did want to ask about the tax exempt thing because it seemed
11 a little off to me. But since I had both of you speak, I
12 should at least let the State --

13 MR. CORRELL: I think --

14 THE COURT: Well, let me --

15 MR. CORRELL: If I may --

16 MS. STERN: Mr. Correll, thank you.

17 I think that what we have here is a a huge ball of
18 confusion. Under state law, -- I think it is.

19 The issue is that the NRA is a charity under state
20 law. The regulations in New York define 501(c)(3) and
21 (c)(4) as the charity, and the NRA has been registered and
22 continues to be registered under the charitable umbrella
23 under New York Law and the discussion of the (c)(4) and the
24 (c)(3) is very confusing, I think.

25 MR. CORRELL: Your Honor, the problem --

KM

2471

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 MS. STERN: Excuse me. That is not the standard,
2 and under the N-CPL, there are distinctions. The
3 obligations of a charitable not-for-profit corporation
4 versus a not-for-profit corporation.

5 For example, under 715 with respect to
6 related-party transactions, certain procedures apply to the
7 NRA because under New York Law, it is a charitable
8 not-for-profit corporation. It's a social welfare
9 organization.

10 MR. CORRELL: Your Honor, the genesis of this is
11 1973 where there was a law change that people were supposed
12 to check a box whether they were a Type A, B, C or D.
13 That's been wiped out.

14 For whatever reason, Chad Walter advised -- well,
15 the NRA checked the box "Type B" which was charitable and
16 has since been known as a charitable corporation.

17 The fact is the Certificate of Incorporation says
18 it was formed as a social organization which has an
19 exception. So setting that aside, there is a difference
20 between 501(c)(3) and 501(c)(4) organizations at the federal
21 level, and we believe that my concern anyway was the
22 Attorney General has been throwing the word "charity" around
23 in a way that suggests, and I thought it was suggesting to
24 the jury that this was tax deductible money going to the NRA
25 that somehow justified the government in engaging in the

KM

2472

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 level of micromanagement that they are trying to impose on
2 this organization.

3 During jury selection, we talked to some jurors.
4 One of them said, I can't believe that the NRA is a
5 non-profit, and there is this thing in the air that people
6 are wondering how --

7 THE COURT: Well, it's both a non-profit and tax
8 exempt.

9 MR. CORRELL: Yes.

10 THE COURT: I was meaning to ask you that question.
11 I remember that. But in any event, let me let Ms. Rogers
12 have the last word, and then we will take a short break.

13 MS. ROGERS: The N-CPL provision from which I am
14 gleaning the 501(c)(3) language defining charity is
15 N-CPL 102 subpart 3-A. I'm not aware of any provision of
16 the N-CPL that defines 501 (c)(4) as a charity but would
17 love the Attorney General to point it out to me, and I do
18 think this has been briefed extensively and now is probably
19 not the time to delve back into it, but we are happy to.

20 THE COURT: Well, I'm most concerned. Not
21 concerned. If it has any impact on the instructions on the
22 actual claims in this case, that's where my concern is.

23 When people toss words around, you know, "tax
24 status" or "charity," I know ultimately the instructions I
25 give the jury -- I wasn't anticipating having to give

KM

2473

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 different instructions on whether they determine it's a
2 charity or not because the statutory provision that this
3 case is brought under make no distinction.

4 MS. ROGERS: That's true. As to some other
5 statutory provisions, EPTL is about charitable. They use
6 the phrase "charitable assets."

7 THE COURT: You are not suggesting that the NRA is
8 not subject to the EPTL; are you?

9 MS. ROGERS: I'm not suggesting NRA is not subject
10 to the EPTL, but I am suggesting that there can be a
11 distinction. There are different streams of funds that are
12 acquired in different ways. I agree we don't want to spend
13 a ton of court time on it, but we are happy to do a short
14 letter.

15 THE COURT: Like I said, I'm most focused on the
16 practical here. What I have to tell the jury makes a
17 difference, and if the -- if the characterization matters
18 which I have not heretofore seen it matter, then I want to
19 make sure I'm careful about that in the instruction

20 MR. CORRELL: One case for it. It will resolve
21 your issues. Court of Appeals, 2005, Consumer's Union drew
22 a distinction between a charity and a 501(c)(4)
23 organization. It's right there. I'll send it to you in a
24 letter. Consumer Union.

25 MS. CONNELL: I would suggest that's a federal

KM

2474

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 case. This is not appropriate. This is a question of law.

2 MR. CORRELL: It's not a federal case. It's a
3 New York Court of Appeals.

4 MS. CONNELL: If I can just finish. I'm sorry. I
5 just don't think that having a witness explain the law is --

6 THE COURT: Well, it isn't. Anyway, I have learned
7 a lesson about not raising issues like this during a break.
8 At least, I got the tax exempt question answered, so thank
9 you.

10 (Whereupon at this time there was a recess taken.)

11 THE COURT OFFICER: All rise. Jury entering.

12 (Whereupon, at this time the jury entered the
13 courtroom.)

14 THE COURT: Okay. Have a seat, please.

15 So we are again going to take a short -- a break
16 from Mr. LaPierre's testimony until the morning and go back
17 and try to finish up Mr. Spray's testimony. That's the one
18 that's on audio.

19 Before we get started, I was informed that during
20 the playback last time there was one question and answer
21 that I had found was hearsay, and when I marked it up,
22 apparently this caused some confusion, so the question and
23 answer ended up being played. My guess is you won't
24 remember it anyway, but in case you did remember it, the
25 question that was asked was, and it's at Page 86 of the

KM

2475

1 transcript. So if you at some point later on are listening
2 to this again, the question is were you aware that the NRA
3 was making payments to a company affiliated with Mr.
4 Phillips's significant other, and the answer was based on
5 what he had heard from somebody else. So the whole answer
6 and question, the intent was for that not to be played. It
7 was played. So if you remember it, forget it. If you don't
8 remember it, carry on. But if you do ask during
9 deliberations for a readback of this testimony or have it
10 played back again, that part won't be in it.

11 Okay. So how much time do we have left in this
12 current one?

13 MR. SHIFFMAN: 56 minutes.

14 THE COURT: And then we are rolling into the other
15 transcript.

16 MR. SHIFFMAN: 55 minutes here and a minute and a

18 THE COURT: About an hour total. All right. Let's

5 THE TECHNICIAN: The issue has been solved.

6 THE COURT: Okay.

7 (Whereupon, at this time the video continued to

9 THE COURT: This next transcript is from the
10 bankruptcy trial, is that right? So, this prior transcript
11 was from the deposition in this case. This is a short one
12 from the bankruptcy trial; yes?

13 MS. CONNELL: Yes, your Honor.

14 (Whereupon, at this time the video was played.)

15 THE COURT: Okay, I don't think we have time to get
16 to a next witness. We have ten minutes left, so you get a
17 ten-minute extra holiday.

18 Let's reconvene tomorrow morning, 9:30.

19 COURT OFFICER: All rise, jury exiting.

20 (Whereupon, at this time the jury then left the

22 THE COURT: Have a seat.

23 So, look, the plan for tomorrow I think should be
24 the presumption is that we will start with Mr. LaPierre in

1 questioning. I think, obviously, if I'm looking at him and
2 he really can't continue, I'll make a judgment call to
3 change that; but we're not going to have any preconceived
4 stop time.

5 My observation is that he's been pretty strong, not
6 to suggest that disagreement with any diagnoses beyond my
7 expertise; but I think it is important not to have this go
8 to a third day with another chopping up of things.

9 So, let's make that presumption, unless I see
10 something different tomorrow.

11 And then remind me, again, the witnesses after
12 that?

13 MS. CONNELL: I believe that Lieutenant Colonel Lee
14 is in town and needs to go?

15 MS. ROGERS: Yes. So, we had understood that the
16 order was John Frazer and then Lieutenant Colonel Lee. He
17 is in town.

18 MS. CONNELL: I'm happy to go in that order.
19 That's plaintiff's preferred order. I was trying to be
20 considerate of a witness who, I believe, lives in Hawaii.

21 THE COURT: Meaning assuming we finish
22 Mr. LaPierre, we would then go to Mr. Lee because he's in
23 town?

24 MS. ROGERS: We'll check with Colonel Lee and see
25 if he has a date he has to fly out by.

BP

1 MS. CONNELL: So, we'd like to proceed with
2 Mr. Frazer after this.

3 THE COURT: If he's flexible.

4 MS. CONNELL: Yes.

5 THE COURT: And we have to see how long -- I admire
6 your confidence about finishing Mr. LaPierre. So, we'll see
7 how that goes; but we're sort of part of the way through the
8 defense group. So, do you know in advance at this point
9 whether the other two defendants are going to have a long
10 period?

11 MR. WERBNER: I'm going to have a very short period
12 of time.

13 MR. FLEMING: As would I, if any at all.

14 THE COURT: All right. See you tomorrow morning.

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 THE COURT: Good morning. Have a seat.

2 Okay. Good morning, everyone. I do find our legal
3 discussions useful, by the way, as the discussion we had
4 yesterday as I work on the instructions, and thank you, Mr.
5 Correll, for your letter this morning.

6 MR. CORRELL: You're welcome, your Honor.

7 THE COURT: The only thing I'll say is to some
8 extent I phrased -- maybe I positioned the issue
9 incorrectly.

10 The question is not whether the NRA can properly be
11 characterized as a charity in common parlance. The legal
12 question that I think I'm more focused on is in connection
13 with the EPTL and as opposed to federal tax law or other
14 areas, and there, the concept of a trustee under the EPTL is
15 whether the entity is a non-profit corporation organized
16 under the laws of this state for charitable purposes, and
17 the definition of the purposes that are covered by the
18 statute is fairly broad, and what it covers is the
19 definition of charitable beneficiary, for example, means
20 that beneficiary of a disposition for a religious,
21 charitable, educational or benevolent purpose, and the
22 definition of a trustee which is probably more important
23 similarly, any non-profit organized under the laws of the
24 state for charitable purposes.

25 So as I read the statute, and it has been applied

KM

2481

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 to many organizations including the NRA, obviously, through
2 its annual filings, that may not fit the traditional
3 definition of a purely charitable organization, but the
4 definition of the statute which talks about charitable
5 purposes is broader than that, and it does -- there is a
6 commentary that references that the statute refers broadly
7 to religious, charitable, educational or benevolent purposes
8 and has been applied to sort of a wide range of
9 public-facing entities. So I think that's more the question
10 than whether someone would commonly call it a charity full
11 stop.

12 I don't know that anyone on the defense side is
13 really disagreeing with that, but I did find it useful, and
14 I appreciated the citation to the case, but the statute I'm
15 dealing with here is the EPTL. The not-for-profit
16 corporation, there is no question that it covers the NRA,
17 and I don't think there's any question that the NRA is a
18 trustee under the definition of the EPTL. At least, I don't
19 know that I've seen that argument made.

20 MR. CORRELL: Your Honor, and I agree with all that
21 and the -- a distinction must be drawn between the NRA as a
22 corporation and individuals.

23 THE COURT: Well, the definition-- right. The
24 definition of trustee for the individuals is going to be a
25 separate question for the jury, but the charitable purpose

KM

2482

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 part which is, you know, an element of it is the same
2 because the question is whether the statutory language
3 reaches the individual officers which I do think is an issue
4 that certainly is not as clear as the one about the NRA
5 because the definition specifically is if you're a
6 non-profit corporation for charitable purposes defined
7 broadly, and I think there is an unbroken, you know, years
8 and years of the Attorney General asserting jurisdiction and
9 requiring filings under the EPTL. So but it was an
10 interesting read, your letter, and I appreciate the
11 education.

12 MR. CORRELL: Thank you.

13 THE COURT: All right. So shall we get started?
14 Is the jury ready?

15 (Witness Mr. LaPierre resumed the witness stand.)

16 THE COURT OFFICER: All rise. Jury entering.

17 (Whereupon, at this time the jury entered the
18 courtroom.)

19 THE COURT: Good morning, everyone. Have a seat
20 please.

21 Okay. Mr. Correll, do you want to continue?

22 CONTINUED CROSS-EXAMINATION

23 BY MR. CORRELL:

24 Q Good morning, Mr. LaPierre.

25 A Good morning.

KM

2483

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Q On Friday you were asked a question about an expense
2 for car service in France.

3 Do you remember that?

4 A Yes, I do.

5 Q And you were asked did you authorize this expense.

6 Do you remember that question?

7 A Yes, I did.

8 Q And you replied no, I did not.

9 Do you remember that?

10 A Yes. Correct.

11 Q And then you were asked did Ms. Hallow arrange this
12 trip.

13 Do you remember that question?

14 A Yes.

15 Q And you responded, yes, she did. It was -- may I
16 explain?

17 Do you remember that?

18 A Yes.

19 Q And Mr. Conley said, "You can certainly explain with
20 your counsel. I was just asking you a yes or no question.
21 Thank you, Mr. LaPierre."

22 Would you like to explain now?

23 A Yes. I found out later, but that was Colonel North's
24 Freedom Alliance cruise that they did every year where Colonel
25 North arranged with his people. He picked the places and NRA

KM

2484

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 participated in it.

2 The purpose was to recruit donors and celebrities.
3 Mainly donors. Not celebrities. And what they had done and
4 what Ms. Hallow had done is arrange for two cars to apparently
5 follow the trip and follow the buses in case -- apparently,
6 there were elderly people there. In case somebody needed to be
7 taken back to the hotel or somewhere else is what I was told. I
8 thought it was a ridiculous expense, and I wasn't happy about
9 it.

10 Q Were you on that trip?

11 A No.

12 Q Had you ever gone on the Freedom Alliance trip to
13 France before?

14 A Not to France. Years ago, I used to go on those trips
15 and then I stopped going.

16 Q And just for the jury's edification, what is Freedom
17 Alliance exactly?

18 A It is an organization that Colonel North founded to
19 help military folks along with their families. It does a lot of
20 good work.

21 Q And did you believe that that was a good cause?

22 A Yes, I did.

23 Q And did you believe it was in the best interest of the
24 NRA to support that cause?

25 A Yes, I did.

KM

2485

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Q You were asked questions about Craig Spray.

2 Do you remember that?

3 A I do.

4 Q And it was mentioned that his background included an
5 education at the U.S. Naval Academy.

6 Do you remember that?

7 A Yes.

8 Q And what, if any, understanding do you have as to the
9 U.S. Naval Academy in regard to whether it's regarded as an
10 institution that's known for its integrity?

11 A Well, I think it's the top -- one of the top
12 educational institutions in the United States that produces men
13 and women of character and integrity and that go into military
14 service.

15 Q So these are people who are trained to lead; correct?

16 A That would be correct.

17 Q And they are trained to serve; correct?

18 A Yes.

19 Q And they are trained to serve in the military; correct?

20 A Yes.

21 Q And to command; correct?

22 A Correct.

23 Q And did you think that that -- that those qualities
24 were qualities that you wanted to have at the NRA?

25 A Yes.

KM

2486

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Q And were you familiar with his -- with Kellogg School
2 of Management?

3 A Yes.

4 Q What is that?

5 A It's one of the top business schools in the United
6 States.

7 Q So when you hired Craig Spray, what were you thinking
8 in terms of what expertise and integrity and ethical standards
9 you wanted to bring to the NRA?

10 A Well, Craig Spray was -- Craig Spray was recommended to
11 us by Korn Ferry which is one of the top consulting firms in the
12 country that recommends candidates to companies. He had a
13 strong background in terms of being the CFO of major businesses.

14 We wanted somebody with really broad experience that
15 could -- that could help in a whole number of areas and of all
16 the candidates, he seemed to be the strongest. He seemed to be
17 the one with the strongest background that would do the best job
18 with the widest variety of experience.

19 Q And did you believe based on what you've been told by
20 Korn Ferry and his resume that he would be competent to handle
21 the tasks that he would be facing?

22 A Yes. Absolutely.

23 Q And I don't know if you were here when we heard him
24 say, "I empower my people. I trust my people."

25 Did you hear that?

KM

2487

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 A I was not here. I did not hear that.

2 Q Would you agree with that principle that you empower
3 your people, you trust your people?

4 A Yes, I do.

5 Q Did you later find that some people turned out to be
6 not trustworthy?

7 A Yes.

8 Q When you learned that, did you take what you believe to
9 be appropriate action to adjust the situation?

10 A Yes, I did.

11 Q Mr. Spray brought David Warren into the organization;
12 correct?

13 A He did.

14 Q And can you tell us a little bit about Dave Warren?

15 A Dave Warren is a top person in the financial office. I
16 think he has tremendous integrity, tremendous intelligence, and
17 Craig Spray hired him, and we were -- we rely on him on all
18 sorts of things.

19 Q Did you resist the -- Craig Spray's request that you
20 hire -- make this new hire?

21 A No, not in any way.

22 Q And was the idea to provide Craig Spray with the
23 support he felt he needed to grapple with the task at hand?

24 A Yes.

25 Q Turning to the issue of one of the invoices that was

KM

2488

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 shown to you previously. It involved a trip where you went from
2 the Bahamas to the Safari Club.

3 Do you remember that invoice?

4 A Yes, I do.

5 Q And why were you in the Bahamas at that point?

6 A That was the celebrity retreat that the McKenzie
7 Associated Television held with celebrities every year, and I
8 was trying to recruit celebrities to help the NRA as I said to
9 mainstream us to compete in Hollywood and to further the mission
10 of the NRA.

11 Q And so you were there on business in your mind?

12 A Completely.

13 Q And then you had to travel from there to Texas for the
14 Safari Club and the Wetherby Association.

15 A That's correct.

16 Q Would you please tell the members of the jury what the
17 Safari Club is.

18 A Safari Club is a -- one of the largest organizations in
19 the country that deals with the hunting community and the
20 conservation community. They have a big national convention in
21 Houston -- in Dallas every year with a big exhibit hall, and
22 there are a wide variety of people there, everyday people,
23 people of wealth, just people that enjoy hunting. It's a wide
24 mixture of people.

25 Q Was there a business purpose for your trip to the

KM

2489

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Safari Club?

2 A Yes, there was, to further the outreach of the NRA to
3 work with donors, to put the NRA in front of the hunting
4 community.

5 NRA was doing most of the legislative work when it came
6 to hunting and a lot of conservation and not getting any credit,
7 and we were trying to put the NRA front and center in terms of
8 the hunting community.

9 Q And did you have any success with that strategy?

10 A Tremendous amount of success.

11 Q Can you give some examples of benefits to the NRA that
12 came out of that effort?

13 A Well, it wasn't only that effort, but we were able to
14 integrate NRA in the center of the hunting community getting
15 credit for participation, and the NRA tended to be viewed as a
16 hunting conservation organization in addition to a Second
17 Amendment advocacy organization and all the other programs the
18 NRA runs, the safety, the training, the education, the 14,000
19 law enforcement instructors, the 135,000 safety and training
20 instructors. All that.

21 Q There's been some talk of free safaris that the
22 Attorney General accuses you and your wife of going on.

23 Can you please explain to the jury what, if any, trips
24 you took on safari and why you took them?

25 A Sure. As I said, NRA tended to be viewed not as a

KM

2490

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 hunting organization or conservation organization. It tended to
2 be viewed as a Second Amendment gun rights organization, and I
3 knew that a huge number of folks that were NRA members hunted, a
4 huge number of people in the NRA had a big interest in that.

5 I wanted to project NRA as a hunting organization. We
6 were doing most of the legislative work as I said already, so
7 the idea in this was to create television program, put NRA on TV
8 in front of the hunting community as a hunting organization.

9 I had a reputation of not being a hunter, so I needed
10 to develop a reputation as a hunter, be seen as a hunter. Tony
11 Makris was actually my mentor in terms of hunting. I had to be
12 able to walk the walk, talk the talk, develop the street cred if
13 I was going to do my job which enabled me to get into a lot of
14 hunting organizations where I was able to help -- help recruit,
15 build relationships with people and eventually became numbers,
16 eventually became donors. To me, it was all business what I
17 did.

18 Q And did you do hunts in the U.S. as well?

19 A Yes, I did.

20 Q And were some of those filmed for Under Wide Skies?

21 A Yes, they were.

22 Q And what was the reaction among your membership to
23 those efforts on your behalf?

24 A It was very positive. I mean, the show was on front
25 and center on ESPN for years. It then transferred over to NBC

KM

2491

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Sports, and then it ended up transferring over to the -- I
2 believe the Sportsmen's Channel.

3 Q Did you get -- did you get the impression from talking
4 to members that they valued your participation in this effort?

5 A Yes, I did. They were proud to see us on there -- the
6 NRA on there, and they thought it was a good thing for the
7 organization.

8 Q Was that one of the factors that you took into account
9 in deciding whether or not to continue to sponsor that show and
10 appearing on some of the shows?

11 A Yes, it was. NRA also had a major hunting division
12 for -- where, for example, with hunter safety, and we are now in
13 14, 15 states on-line where someone can get their hunting
14 certificate which you need in order to participate in hunting
15 through our NRA on-line educational programs.

16 Q And was one of those programs helping to feed the
17 needy -- people who needed food?

18 A We did that.

19 MR. CONLEY: Objection.

20 MR. CORRELL: I can rephrase.

21 Q Were any of those programs directed to providing
22 services to people who were less fortunate?

23 A Yes.

24 Q What was one of those programs?

25 A It was Feed The Hungry or Hunts For The Hungry and the

KM

2492

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 meat would go to various shelters that would help feed people
2 that needed help.

3 Q And was there a -- you mentioned a conservation
4 component to what you were doing.

5 Could you please just describe briefly for the jury
6 what conservation efforts the NRA engaged in?

7 A Well, the reason the wildlife populations are what they
8 are in the United States today is professional hunting --
9 professional game management where they only allow certain
10 number of people to hunt. They manage it all for the well-being
11 of the wildlife, and we put our efforts totally behind the
12 fishing and game professionals. We also fight to preserve
13 programs like the Pittman Robinson Program which provides funds
14 going into those areas.

15 Q And was part of the NRA's mission as you saw it
16 preserving access to public lands for members?

17 A Yes, we did that all the time too. We tried to keep
18 public lands open for hunting where it was appropriate.

19 Q And did you serve on any national organizations that
20 were focused on preserving public lands?

21 A Yes, I did. I served on the National Fish and Wildlife
22 Foundation Board and I served on the National Wetlands
23 Commission Board.

24 Q What is the Wetherby Association?

25 A The Wetherby Association, there used to be a firearms

KM

2493

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 company named Wetherby. The gentleman has passed away named
2 George Wetherby. He managed that company.

3 What the Wetherby Foundation now has turned into is
4 largely a conservation organization. They have a big banquet
5 every year in Dallas, and they raise money and they dole it out
6 to conservation grants and to organizations that further that
7 purpose.

8 Q And what was your purpose in attending the Wetherby
9 Association dinner in Texas?

10 A Well, one, it was to represent the NRA in front of a
11 large group of conservationists and hunters. It was also to
12 make contact and build relationships with people that might end
13 up donating to the NRA and to represent NRA on the Board of
14 Directors of the Wetherby Foundation.

15 Q Going back to the Safari Club and these so-called free
16 safaris, did you enjoy going on these hunts?

17 A It was interesting for me. I mean, I had never done it
18 before as I said. I was -- I was a novice. I was not seen as a
19 hunter, but the truth is it was -- it was business. I mean, I
20 would never take a shot without it being on camera. So I mean
21 what the purpose was to produce a television show, and that's
22 what I was there for, and it was a lot of work.

23 On the other hand, for a kid from Roanoke, Virginia, I
24 mean, it was -- it was fascinating to get to do some of that
25 stuff.

KM

2494

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Q And -- but was it something you would have done on your
2 own if you hadn't had a business purpose for doing it?

3 A No.

4 Q Had you ever booked a safari on your own before that?

5 A No, I never had.

6 Q You talked a little bit about Youth For Tomorrow and
7 you talked about the Ackerman -- your understanding that the
8 Ackerman firm was doing things pro bono for Youth For Tomorrow.

9 A Yes.

10 Q Was there ever a time that anyone from Ackerman McQueen
11 made any sort of a pledge to YFT?

12 A Yes. Angus McQueen made a million dollar pledge to
13 Youth For Tomorrow to build a music center for the kids and in
14 the name of his wife who had passed away, and yes, he did.

15 Q And did he get recognition for that pledge?

16 A He did. He got up on stage at the big banquet. He
17 accepted all the recognition. Everyone applauded and yes.

18 Q Did he ever make good on that pledge?

19 A I think he paid half of it and then he -- they
20 rescinded the rest of the money and never paid it.

21 Q Was that one fact that led you to conclude that the
22 work Ackerman was doing for YFT was purely pro bono?

23 MR. CONLEY: Objection. Leading.

24 THE COURT: I'm being a little flexible, but you
25 can go ahead with this one, but by and large, you should --

1 MR. CORRELL: Thank you, your Honor. I'm just
2 trying to move things along.

3 THE COURT: Understood. You can answer.

4 Q You can answer.

5 A I just always assumed that the work they were doing was
6 for free. That's what they led us to believe.

7 As I said, one of their employees got up and accepted
8 the Volunteer of the Year Award.

9 They always acted like they were doing it for free, and
10 we just assumed they were doing it for free. They never
11 mentioned to us that they were charging for it.

12 Q Mr. LaPierre, how long have you worked for the NRA?

13 A This is my -- this would have been -- I'm leaving --
14 would have been my 46th year.

15 Q And you said you're leaving. Why are you leaving?

16 A I have late stage Lyme's Disease. It has also gone
17 into the neurological receptors between my eyes and my brain and
18 my eyes work so hard to see that that affects my brain and I
19 start to have cognitive issues as a result of the neurological
20 receptors between the brain and the eyes that actually presents
21 as a form of dementia, and I just concluded I can no longer do
22 my job anymore.

23 Q Did you seek advice from any physicians as to whether
24 you should proceed or not proceed with your employment?

25 A Yes, I did.

KM

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Q And what, if any, advice did you receive?

2 MR. CONLEY: Objection. Hearsay.

3 MR. CORRELL: Just for notice.

4 THE COURT: Overruled.

5 A All of them said that if I had any chance of
6 recovering, I could not continue to be working, and that's my
7 -- internal medicine doctor. It is the Jemsek Clinic in
8 Washington which is the premiere Lyme Disease Center, and it's
9 also Dr. Pachella in Connecticut that I consulted on the
10 brain/eye which is one of the top neurological ophthalmologist
11 in the country.

12 Q If you could continue to serve the NRA, would you?

13 A I love the NRA. I love its mission. I love our
14 members. I think our members are some of the nicest people in
15 the country. I felt really bad about stepping down, but I had
16 gone undiagnosed for four years where I was walking in the
17 office with tremendous pain. I tried to fight through it, but
18 all of my doctors told me, Wayne, you're at risk of a
19 catastrophic medical incident if you continue and you have to
20 retire, and I took their medical advice.

21 Q Over the -- how many years did you say that you've
22 worked for the NRA?

23 A I worked 45 full years.

24 Q Over the 45 years, did you ever ask for a raise?

25 A No.

W. LaPierre - by Plaintiff - Cross/Mr. Correll

1 Q Did you ever ask for a bonus?

2 A No.

3 Q Did you ever ask for a post-employment contract?

4 A No, I never did.

5 Q Did you ever not accept the compensation that was
6 offered to you by the Board?

7 A No.

8 Q Did you ever check to see where your compensation fell
9 on the scale of compensation for people who were providing
10 executive services for other not-for-profit corporations?

11 MR. CONLEY: Objection.

12 THE COURT: Out of scope?

13 MR. CONLEY: Out of scope, yes.

14 THE COURT: Overruled.

15 A I saw studies that -- that had those ranges in it.

16 Q And what information did you see in those studies?

17 A In those studies, I was somewhere middle range.

18 Q And did it ever occur to you that you would ask to try
19 to get yourself up to the top end of that scale?

20 A No, I didn't. I always had the attitude from the time
21 I started, I would work hard, I let my performance speak for
22 itself, and that's what I would do, and that's what I had done
23 the 45 years I was there.

8 Q Good morning, sir.

9 A Good morning.

10 Q I'm Mark Werbner, and I think you probably know by now
11 I represent Woody.

12 A Yes, sir, I do.

13 Q There's been a lot of talk about the increase in fees
14 for MMP.

15 A Yes.

16 Q I think you said in your examination by Mr. Conley that
17 the fee increases were found to be justified by Craig Spray.

18 Is that your testimony?

19 A That is correct.

20 Q And did you hear Mr. Erstling testify earlier in the
21 trial that he also had Ms. Rowling say that those fees were
22 justified?

23 A I believe I did.

24 Q All right. And in your view, were those fees increases
25 by MMP justified?

KM

2499

W. LaPierre - by Plaintiff - Cross/Mr. Werbner

1 A Yes.

2 Q Why is that?

3 A Because they had taken on a lot of additional work.
4 Some of it had not been -- been readjusted into their contract.

5 When Mr. Spray went back and took a look at that and
6 did a full evaluation, he felt that the fees were appropriate
7 based on the additional work they had taken on.

8 Q And what was your feeling about Mr. Spray in terms of
9 relying on him finding that those increase fees were justified?

10 A I thought he was extremely competent and taking a
11 completely independent look at the whole situation.

12 Q There was some talk about post-employment retirement
13 contracts or consulting fees.

14 Do you remember that?

15 A Yes, I do.

16 Q I just wanted to ask you if you had at the NRA an
17 employee who say had worked at the NRA for 20 plus years. Would
18 it be in the NRA's best interest to have that person remain
19 accessible to the NRA?

20 A Yes. We have done that from time to time.

21 Q One last thing. You don't fault Woody for paying
22 \$25,000 for that yacht trip; do you?

23 A No, I don't.

24 MR. WERBNER: Okay. I'll pass the witness. Thank
25 you.

1 THE COURT: Thank you.

2 MR. FLEMING: I have no further, your Honor.

3 THE COURT: Thank you.

4 Okay. Mr. Conley, anything further?

5 MR. CONLEY: No redirect, your Honor.

6 THE COURT: Anything further?

7 MR. ROGERS: Nothing further from the NRA.

8 THE COURT: Sir, you're free to go.

9 Okay. Next witness for the state.

10 MS. CONNELL: Your Honor, the People call John
11 Frazer.

12 THE CLERK: Do you solemnly swear or affirm the
13 testimony you're about to give will be the truth, the whole
14 truth and nothing but the truth?

15 THE WITNESS: I do.

16 THE CLERK: State your name.

17 THE WITNESS: John Frazer.

18 THE CLERK: Spell your last name.

DIRECT EXAMINATION

4

BY MS. STERN:

5

Q Good morning, Mr. Frazer.

6

A Good morning.

7

THE COURT: Are you able to hear? I'm having more trouble hearing the questioner than the answers. Is the microphone a little low?

8

9

10

MS. STERN: Testing, testing. I don't want to talk into the mike like this, like a secret agent.

11

12

THE COURT: That's a little better, I think.

13

MS. STERN: Good?

14

Q Good morning, Mr. Frazer, again.

15

A Good morning.

16

17

Q I know we've met before, but I'll introduce myself to you and the jury. I'm Emily Stern. I'm an Assistant Attorney General in the Charities Bureau.

18

19

Mr. Frazer, you've attended everyday of this trial; haven't you?

20

21

A Everyday of the trial. I missed a couple days of jury selection.

22

23

Q And you've you heard all the testimony that's come in, have you not?

24

25

A Yes.

BP

2502

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q You've heard a number of people talk about you as the
2 General Counsel of the NRA; correct?

3 A Yes.

4 Q And as the secretary of the NRA?

5 A Yes.

6 Q So, you've worked at the NRA with the NRA for
7 approximately thirty years; right?

8 A Going on 31 years in March with minus my time in
9 private practice.

10 Q How old are you, Mr. Frazer?

11 A I am 57.

12 Q You spent pretty much your entire professional career
13 at the NRA; isn't that right?

14 A Pretty much.

15 Q And there's a short period of time, which we'll talk
16 about when you were in private practice; right?

17 A That's right.

18 Q And during your entire tenure at the NRA, Mr. LaPierre
19 was the EVP, right?

20 A That's right.

21 Q The Executive Vice President. And since 2015 you
22 reported directly to Mr. LaPierre; right?

23 A As, as General Counsel, yes. As secretary, I'm elected
24 by the board and kind of report to the board; but I'm under his
25 day-to-day supervision.

BP

2503

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q So, in both respects, you are working under
2 Mr. LaPierre; right?

3 A Generally speaking, yes.

4 Q But you do have obligations to the board; don't you?

5 A Absolutely.

6 Q And you have relationship with the board members that
7 you've developed over this period of time you worked at the NRA;
8 right?

9 A Definitely.

10 Q Valuable relationships to you?

11 A Yes.

12 Q Charles Cotton is one of those relationships?

13 A Right.

14 Q David Coy who's a current officer of the NRA, he's also
15 one of those important relationships to you; right?

16 A Yes.

17 Q Caroline Meadows who's a recent past president of the
18 NRA?

19 A Yes.

20 Q She's another person?

21 A Yes.

22 Q We'll try not to talk over each other because pore
23 Bonnie has to -- okay, and Marion Hammer, she's a long-term
24 board member and you've known her a long time as well; right?

25 A Absolutely.

BP

2504

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q And during your time at the NRA, you've received a lot
2 of promotions; haven't you?

3 A I've had a number of different roles and certainly
4 promotions, yes.

5 Q And on the way, your salary has increased as you've
6 gone up the ladder; right?

7 A Yes.

8 Q And Mr. LaPierre was very supportive of your upward
9 movement in the organization; isn't that right?

10 A Yes.

11 Q The board members, too, very supportive of you?

12 A Yeah.

13 Q And they reelected you as the Secretary of Chair?

14 A Every year since 2015, yes.

15 Q So, let's just go back to the beginning.

16 So, the first twenty years or so you were not a lawyer
17 at the NRA; right?

18 A The first fifteen years I was not a lawyer, right.

19 Q Your job at the NRA during that first period of time
20 was not as a lawyer; is that right?

21 A After I finished law school in 2008, there was a period
22 when -- when, you know, legal-related duties were part of my
23 job, but not primary.

24 Q And the nature of those duties were legislative work;
25 is that right?

BP

2505

J. Frazer - by Plaintiff - Direct/Ms. Stern

1

2 A Legislative analysis, legislative drafting. Worked on
3 some litigation matters supporting 2nd Amendment cases, for
4 example.

5 Q So you were in the ILA side of the organization; is
6 that right?

7 A That's correct.

8 Q And you just mentioned that you -- you got your law
9 degree in 2013?

10 A 2008.

11 Q 2008, sorry. And the NRA actually paid for your law
12 school tuition; didn't it?

13 A That's right. I went at night. The NRA has a tuition
14 reimbursement program.

15 Q So, after you graduated from law school, you continued
16 to work at the NRA?

17 A Yes, for several years.

18 Q And during that period of time where you were doing
19 legislative work?

20 A Right, I was the director of research information.

21 Q But you weren't in the office of General Counsel?

22 A No.

23 Q At some point, you decided to leave the NRA. Was that
24 in 2013?

25 A Yes.

BP

2506

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q And you started your own law practice; right?

2 A I did.

3 Q And you were a solo practitioner?

4 A Yes.

5 Q So, after about eighteen months, the NRA asked you to
6 come back; didn't they?

7 A Roughly. It was a little -- it was about eighteen
8 months until I actually came back, but the discussion happened a
9 little earlier than that.

10 Q So, we heard you're very detail oriented, so I'll try
11 to be as very detail oriented as you are.

12 So, after they wooed you back, Mr. LaPierre hired you
13 as the General Counsel; right?

14 A Yes.

15 Q And that was in -- just to give our timeframes --
16 January 2015?

17 A Correct, I came back in 2015.

18 Q And then in or about April of 2015 you were elected to
19 be the Corporate Secretary of the NRA; is that right?

20 A That's right.

21 Q And that was at the annual meeting?

22 A Yes.

23 Q And it was former president, Jim Porter, who had
24 recruited you to run for secretary; is that right?

25 A That's right.

BP

2507

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q Okay. Another person that you have a longstanding and
2 positive relationship with?

3 A Sure.

4 Q An important relationship to you, right?

5 A Yes. And to clarify a previous answer, he, at the time
6 that he recruited me, he was still the President of the NRA.

7 Q Okay, thank you.

8 So, you took the job of NRA General Counsel having less
9 than two years of experience in private practice; right?

10 A Yes.

11 Q And during the time that you were in private practice,
12 you did not work as -- in a corporation as a General Counsel or
13 as an associate General Counsel; right?

14 A That's right.

15 Q And you didn't work inhouse as a lawyer at another
16 not-for-profit organization; right?

17 A No, it was private practice. I had my own clients.

18 Q And, so, when you became the General Counsel at the
19 NRA, you had no prior experience doing General Counsel work;
20 right?

21 A I had never worked in a General Counsel office.

22 Q For a for-profit or for a not-for-profit corporation;
23 right?

24 A That's right.

25 Q You had no legal experience handling the fiduciary

BP

2508

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 duties of officers and directors and key persons of
2 not-for-profit corporations?

3 A Trying to remember if I had anything for any private
4 clients, but I don't think -- I don't think I had really worked
5 in that area.

6 Q It would be very limited, right, because you were only
7 in private practice for about a year and a half?

8 A Most of my clients weren't in that area anyway.

9 Q Were not, okay. So, you're not now a member of the New
10 York bar, are you?

11 A No, I'm not.

12 Q And you never have been a member of New York bar, have
13 you?

14 A No, just Virginia and DC.

15 Q And when you became the General Counsel, you had no
16 legal experience with New York law governing not-for-profit
17 organizations or charities?

18 A Right. I had some exposure to New York not-for-profit
19 law from various NRA roles, tending issues that had come up at
20 board meetings; but I hadn't represented clients on those
21 topics.

22 Q And you had no legal experience with the regulatory
23 reporting requirements of not-for-profit and charities?

24 A I'm trying to think. No, I don't think so.

25 Q You never previously prepared an IRS Form 990; had

BP

2509

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 you?

2 A I was familiar with the form, but I hadn't prepared
3 one.

4 Q But, you were never responsible for ensuring it was
5 complete, accurate and true; were you?

6 A No.

7 Q And you never prepared a State charity's regulatory
8 filing before; had you?

9 A No.

10 Q And when you came to the role of General Counsel, you
11 had no legal experience conducting internal corporate
12 investigation; had you?

13 A I had -- I had helped a little bit with a matter like
14 that when I was in ILA filling in for someone who was sick, but
15 I hadn't -- it hadn't been a primary task.

16 Q Okay, you were not responsible for managing the
17 corporation's interest in the context of, say, discovering some
18 wrongdoing within a corporation; had you?

19 A No.

20 Q And you had no legal experience dealing with
21 whistleblowers?

22 A No.

23 Q And before you ran for the position of NRA board
24 secretary, you had no prior experience serving on a board?

25 A No, I hadn't.

BP

2510

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q You hadn't been a director; right?

2 A That's right.

3 Q You hadn't been an officer?

4 A I was an officer of a couple of activities in college,
5 but -- and I was on student council at University of Virginia.

6 Q Okay. So, your responsibilities as the Corporate
7 Secretary include maintaining the records of the NRA; right?

8 A Yes.

9 Q So that includes maintaining the records of the board;
10 right?

11 A Right. To be clear, not all of the records of the NRA,
12 but the -- but certainly board records, yes.

13 Q Does that include maintaining the minutes of the full
14 board meetings?

15 A Yes.

16 Q And making sure those minutes are complete and
17 accurate; right?

18 A Yes.

19 Q And you are responsible for keeping track of the
20 board's policies as the secretary of the organization; aren't
21 you?

22 A Yes.

23 MS. STERN: Jesse, can we pull up PX 421, please.

24 (Displayed)

25 Q It is in your Binder No. 1, at Tab 32.

BP

2511

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A Okay, I have it.

2 MS. STERN: And just if you can turn to the next
3 page, Jesse. Okay, that's the cover page.

4 (Displayed)

5 Q So, just focussing your attention -- actually, the
6 bottom of the page it says "Office of the Secretary Reference
7 Copy."

8 So, this is a copy of the policy manual that's kept in
9 your office as the secretary; right?

10 A Yes.

11 Q The official policy manual; right?

12 A Right.

13 Q And this one is the policy manual that was in effect as
14 of March 11, 2020; right?

15 A Yes.

16 Q And it would contain all of the policies that were --
17 that the board had adopted as of that date; right?

18 A Well, I can't -- I can't speak to how it began. I
19 believe it contains policies back to the 1960s; but, obviously,
20 it had been worked on by NRA secretaries before me.

21 Q But this is the institution's, essentially, their bible
22 of policies; right?

23 A Yes.

24 Q And in the interest of time, we don't need to flip
25 through it; but as you just described, it will have earlier

BP

2512

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 versions of the policies in it?

2 A Sometimes -- as we go forward, we'll sometimes clean it
3 up and remove things that have just been, you know, completely
4 superseded or outdated; but we try to maintain it after board
5 meetings. If anything has been adopted that reflects,
6 basically, a -- something that's intended to be a permanent, you
7 know, rule of the organization.

8 Q But if I wanted on March 11, 2020, to know what the
9 NRA's policy was on purchasing and procurement, I would go to
10 this manual; right?

11 A You could go there or other places, but it is in the
12 manual.

13 Q And the policy manual also includes the NRA's Statement
14 of Corporate Ethics; right?

15 A I believe so.

16 Q And it also includes a policy on related-party
17 transactions and conflicts of interest; right?

18 A Yes.

19 Q And policies on financial disclosure requirements for
20 officers and directors?

21 A Well, that's within the conflict of interest policy,
22 yes.

23 Q But at one point in time there was a separate policy
24 for financial disclosures for officers and directors; wasn't
25 there?

BP

2513

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A I think there was before my time, yes.

2 Q Okay. And, also, addressing whistleblowers?

3 A That's within the Statement of Corporate Ethics at this
4 time, yes.

5 Q The NRA separately has an Employee Handbook, right?

6 A Yes. Although, some of the items were the same.

7 Q Okay. And in the Employee Handbook, that's where I
8 would find the travel and business expense reimbursement policy;
9 is that right?

10 A Yes.

11 MS. STERN: Jesse, we can take this down.

12 Q So, I think you covered this; but just to be very clear
13 for the jury, so you have kept track of the board's policies
14 at least from 2015 to the present in your role as secretary;
15 right?

16 A Yes.

17 Q Okay. So, as the General Counsel of the NRA, you're
18 responsible for managing the legal aspects of the NRA's
19 corporate and business affairs; right?

20 A Yes.

21 Q And the 2nd Amendment and advocacy work is done by
22 someone else; is that right?

23 A Right. That's within ILA.

24 Q And that's overseen by a different lawyer; right?

25 A Correct. We collaborate from time to time, but

BP

2514

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 generally, yes.

2 Q But that's not your oversight?

3 A Right.

4 Q So, among your responsibilities is legal matters
5 relating to contracts; right?

6 A Yes.

7 Q And that includes reviewing and drafting contracts?

8 A Yes, from time to time.

9 Q Making sure that the NRA is protected in its contracts
10 and agreements; right?

11 A Yes.

12 Q And making sure that there's proper documentation for
13 the NRA's financial transactions; right?

14 A That's not an exclusive responsibility of the General
15 Counsel's office. That's something that really a lot of people
16 share, and financial documentation is primarily in the
17 treasurer's office and Financial Services Division.

18 Q My focus is on the documentation of the terms of the
19 contracts and the terms of financial transactions. That falls
20 at least under your responsibility as the General Counsel of the
21 corporate side of the NRA's operations; right?

22 A The actual contract files are in the Financial Services
23 Division, but we, obviously, keep records of what we work on.

24 Q So, are you suggesting that you don't have
25 responsibility for making sure that those contracts are

BP

2515

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 appropriately drafted?

2 A Well, you weren't asking about drafting. You were
3 asking about recordkeeping. I was telling you where the records
4 are. The drafting is done largely in the Office of General
5 Counsel.

6 Q Mr. Frazer, I want to make sure I'm being clear on my
7 questions because I know you want the jury to fully understand
8 your answers.

9 So, my question is do you have responsibilities as
10 General Counsel to ensure that agreements and contracts that the
11 NRA makes are properly documented?

12 A And, again, yes, but it is not only the OCG's
13 responsibility.

14 Q But you do bear some responsibility; don't you?

15 A Sure.

16 Q And among your responsibilities are ensuring compliance
17 with regulatory requirements that govern the NRA; right?

18 A Many of them, yes.

19 Q And that includes charities filings; right?

20 A Yes, we currently do those inhouse, yes.

21 Q And the charities' responsibilities include filing with
22 the New York State Attorney's Office; right?

23 A Yes.

24 Q And that includes filing the form that we've been
25 talking about a little bit, the CHAR500 form; right?

BP

2516

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A Yes.

2 Q And you have to ensure that form gets filed in a timely
3 manner?

4 A Yes.

5 Q And you also have to ensure that form is complete in
6 that it has all the required attachments, schedules, et cetera;
7 right?

8 A Yes. That's part of the certification.

9 Q And for the NRA, that includes the IRS Form 990 each
10 year; right?

11 A That's something that the Charity Bureau asks for, yes.

12 Q And it also includes an audit and financial statement?

13 A Correct.

14 Q You have been since you came back to the NRA in 2015
15 one of the officers that has certified the CHAR500 each and
16 every year you've been there since 2015; right?

17 A Yes.

18 Q Okay. Within the scopes of your responsibilities are
19 corporate governance matters; right?

20 A Yes.

21 Q And you also have responsibility for retaining and
22 overseeing outside counsel?

23 A Other than the legislative or 2nd Amendment advocacy
24 matters.

25 Q And just to be clear, that's what the scope of my

BP

2517

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 questions are, but please --

2 A Okay, okay.

3 Q But like I said, I know you're very detailed oriented
4 so put in the details to make it accurate.

5 So, you have to also manage a budget; don't you?

6 A Yes.

7 Q And that's a budget for the Office of General Counsel?

8 A And the secretary's office, yes.

9 Q And you have people that work under you; right?

10 A Sure.

11 Q And so that's part of your budget?

12 A Right.

13 Q And, also, outside counsel?

14 A Outside counsel, various consultants, sure.

15 Q And so every year you set that budget; right?

16 A Right.

17 Q And you manage that budget; right?

18 A Correct.

19 Q So, just stepping back from the particulars, as the
20 General Counsel you are looked to -- to identify legal risk
21 presented to the association; right?

22 A I'm, I'm one of the people that are looked to for that,
23 yes.

24 Q The General Counsel as the top lawyer in the
25 organization, your opinion on what legal risks are presented to

BP

2518

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 the organization is important; right?

2 A I hope so, sure.

3 Q Okay. And as a lawyer in the senior management of the
4 NRA, you're responsible for advising on those legal issues;
5 right?

6 A Yes.

7 Q And navigating those legal risks?

8 A Fair to say.

9 Q And informing the board of the NRA of legal risks that
10 have been presented?

11 A Correct.

12 Q And keeping the board apprised of legal issues; right?

13 A Yes.

14 Q And the board looks to you, just like management, to
15 manage those legal risks; right?

16 A Yes.

17 Q Would you agree with me that one of your objectives is
18 to minimize the legal risks to the organization?

19 A Oh, definitely.

20 Q And you want to protect the interests of the
21 organization; don't you?

22 A First and foremost.

23 Q So, in order for you to fulfill those responsibilities,
24 you have to be informed about what's going on; don't you?

25 A Yes, with the caveat that, you know, that can't include

BP

2519

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 things where I'm conflicted, for example.

2 Q And you rely on other people to keep you informed;
3 don't you?

4 A Sure.

5 Q Your other co-executives in the organization; is that
6 right?

7 A Yeah.

8 Q And others in management; right?

9 A Yes.

10 Q But you also have to take affirmative steps to keep
11 yourself informed; don't you?

12 A Yes.

13 Q You have to ask questions?

14 A Sure.

15 Q You have to do due diligence?

16 A Sure.

17 Q Keep your nose to the ground; right?

18 A Yeah.

19 Q So, if you learn that information is not being provided
20 to you that undermines your ability to fulfill those
21 responsibilities we talked about, that's a problem; isn't it?

22 A Could be.

23 Q And if you've been purposely left out of the loop
24 concerning legal matters affecting the organization's interests,
25 that's a problem?

BP

2520

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A It could be, depending on the issue and the reasons.

2 Q But Mr. LaPierre repeatedly authorized the association
3 take major legal actions without informing you; didn't he?

4 A I think you'd have to be more specific, talk about
5 specifics.

6 Q So, he authorized the lawsuit against Ackerman without
7 first informing you; right?

8 A That's right.

9 Q And that was --

10 A I should say one of, one of the lawsuits, yes.

11 Q That was in April 2019?

12 A Correct.

13 Q That was the first lawsuit?

14 A Yes.

15 Q So, that was the beginning of a whole number of
16 lawsuits that then continued between and among NRA and Ackerman
17 McQueen; right?

18 A Yes.

19 Q And you never informed the board that Mr. LaPierre
20 decided to sue Ackerman without telling you first?

21 A I'm trying to remember. I don't recall a discussion of
22 that at the board as a whole, but I believe I talked to some
23 board members or board officers about it at some point.

24 Q And Ackerman had been the -- one of the NRA's longest
25 standing vendors at that point in time; right?

BP

2521

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A Yes, they had.

2 Q And highest dollar vendors?

3 A Yes.

4 Q It was a major step to sue Ackerman; wasn't it?

5 A It's fair to say.

6 Q And that litigation went on for years; didn't it?

7 A Yes.

8 Q And there were lawsuits in Virginia and there were
9 lawsuits in Texas, a lot of activity; right?

10 A Yes.

11 Q A lot of risk; right?

12 A A lot of -- excuse me?

13 Q A lot of risk?

14 A Um, I mean, major litigation is always a risk for both
15 sides, sure.

16 Q And it was very costly; wasn't it?

17 A It was substantial.

18 Q So, it ultimately settled, though; didn't it?

19 A Yes.

20 Q You signed the Settlement Agreement?

21 A I did.

22 Q And under that Agreement, the NRA paid Ackerman;
23 right?

24 A That's right.

25 Q You didn't inform the NRA board about the settlement;

BP

2522

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 did you?

2 A I don't think there was anything in the -- in our board
3 policies or Bylaws that required that, so, no.

4 Q But my question, Mr. Frazer, is simple: You didn't
5 inform them, right?

6 A The board officers were certainly aware at the time,
7 yes.

8 Q But the other, what, 73 members of the board, you
9 didn't tell them?

10 A No. We didn't have a board meeting at that time.

11 Q But you're the corporate secretary of the NRA. You
12 send messages to the board all the time; right?

13 A True, and I'm trying to remember what we did on that,
14 but --

15 Q But you didn't do it to tell them that this major
16 litigation had settled?

17 A I don't remember.

18 Q You don't remember?

19 A I don't remember whether we sent anything out on that
20 occasion.

21 Q Do you have any reason sitting here today to think that
22 you did do that?

23 A I'm sorry, I don't remember one way or the other.

24 Q Okay. So, Mr. LaPierre also sidestepped you when he
25 decided to file the bankruptcy petition; right?

BP

2523

J. Frazer - by Plaintiff - Direct/Ms. Stern

1

2 A He informed me shortly before it was filed, but --

3 Q "Shortly before" meaning the day it's filed; right?

4 A Correct.

5 Q Okay. And filing a bankruptcy petition is one of the
6 biggest legal decisions a corporation could make?

7 A It was a significant decision.

8 Q But you weren't involved in evaluating that decision at
9 all; were you?

10 A I was aware it was being considered, but I didn't -- I
11 wasn't actively consulted. I'm not a bankruptcy lawyer.

12 Q But your judgment as the General Counsel with the NRA
13 was not even sought?

14 A I'm trying to remember what I can answer without going
15 into any privileged discussions, but I don't think so.

16 Q Okay. And the NRA actually went to outside counsel to
17 consider whether or not to file for bankruptcy; right?

18 A The NRA retained some very experienced bankruptcy
19 lawyers on that matter.

20 Q And you weren't involved in that retention decision;
21 right?

22 A No.

23 Q And, in fact, you first learned from Sarah Rogers who
24 is sitting right here, you learned from Sarah Rogers that the
25 NRA had retained counsel to look into the matter of a possible

MS. ROGERS: The witness can answer that coextensive with what he testified in the bankruptcy, but I'm going to instruct him otherwise not testify about communications he had with General -- as General Counsel with outside counsel about legal matters.

THE COURT: This question didn't call for that, so I assume it is not an objection to this question, but it is for a general caution.

MS. ROGERS: Correct.

A I'm sorry, can you repeat the question for clarity?

MS. STERN: Bonnie, can you read it back?

THE COURT: Yes, please.

(Whereupon, at this time the court reporter read back the requested portion.)

A I can't remember exactly what Ms. Rogers told me in the conversation or conversations we had in advance of the filing.

Q Yeah, I'm not asking you for the conversations, again, mindful of the privilege issue. I'm just asking that you learned from Ms. Rogers about that retention; right?

A Again, I'm trying to remember. Sitting here right now, I can't remember whether she told me that specifically.

BP

2525

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q You can't remember whether she told you what
2 specifically?

3 A Whether she told me that we had retained bankruptcy
4 counsel.

5 Q So, let me clarify my question. My question was did
6 you first -- didn't you first learn from Sarah Rogers that they
7 were, in fact, looking into the question of bankruptcy?

8 A That's correct, yes.

9 Q Okay. So, you didn't authorize Sarah Rogers' law firm,
10 the Brewer firm, to undertake that work?

11 A No.

12 Q And you don't even know who did; right?

13 A No, I had an understanding of who did.

14 Q And who was that?

15 A That it would have been Mr. LaPierre and the Special
16 Litigation Committee.

17 Q So, Mr. LaPierre asked the Brewer firm look into the
18 question of bankruptcy?

19 MR. CORRELL: Objection, your Honor. The answer
20 was "Mr. LaPierre and the Special Litigation Committee."

21 MS. STERN: I'm not sure what the basis of that
22 objection is.

23 MR. CORRELL: Misstating prior testimony.

24 THE COURT: She didn't state the testimony. She's
25 just asking him another question, so you can ask the

BP

2526

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 question if you want to ask it again.

2 MS. STERN: It's okay, your Honor.

3 Q So, once you did learn that the Brewer firm was looking
4 into bankruptcy matters, you weren't actually overseeing that
5 work; right?

6 A That's correct until after the filing, and then I had a
7 role in that.

8 Q And you mentioned that Mr. LaPierre told you on the day
9 that the bankruptcy was being filed that it was happening that
10 day; right?

11 A Yes.

12 Q And he did not consult you before that?

13 A That's correct.

14 Q When he told you it was a decision that had been made?

15 A Yes.

16 Q Papers were drafted?

17 A I believe so.

18 Q The train was going down the station, right? I think
19 it is the train going down the track, sorry.

20 And you didn't inform the board on that occasion that
21 you were not in the loop on that decision; did you?

22 A There was an announcement to the filing, but I don't
23 recall it mentioning anything about my role.

24 Q And you didn't, subsequently, tell the board "I wasn't
25 involved in this decision?"

BP

1 A Not that I recall.

2 Q Okay.

3 MS. STERN: Jesse, can we bring up Plaintiff's

1 Q Mr. Frazer, you recognize this employment agreement
2 between the NRA and Mr. LaPierre; do you?

3 A I do.

4 Q And did you present this employment agreement to the
5 Board on January 7, 2021 for their approval?

6 A I didn't, no.

7 Q You did not. Were you present at that meeting?

8 A I was.

9 Q And who presented it?

10 A I think it came up as part of the report -- of a report
11 by the Officer Compensation Committee which would have been
12 presented by Mr. Cotton who is in the chair that day because Ms.
13 Meadows was not able to attend.

14 Q And you were present at the meeting; correct?

15 A Yes.

16 Q And one of the purposes of the meeting was to have the
17 Board approve this employment agreement; right?

18 A It was -- it was part of the meeting agenda, yes.

19 Q You hadn't reviewed this employment agreement before
20 that meeting; had you?

21 A I'm trying to remember. I don't remember exactly when
22 I first saw it, but I think it was the day of the meeting.

23 MS. STERN: Jesse, can we bring up the bankruptcy
24 trial testimony, please. April 6, 2021, Line 75, 225.

25 Q Mr. Frazer, you testified at the hearing in the

KM

1 bankruptcy matter in Texas; didn't you?

2 A I did.

3 Q And you took an oath to tell the truth there.

4 A I did.

5 Q And you told the truth; didn't you?

6 A I tried to, sure.

7 Q And you were asked -- okay. For this employment
8 agreement, you had not reviewed it before it was presented to
9 the Board for approval; isn't that right?

10 A That's correct. I did say that. I'm not sure that was
11 100 percent correct just in terms of the timing of when I first
12 saw this on a piece of paper.

13 Q And so what is your testimony today about when you saw
14 that employment agreement?

15 A I think it was the day of the meeting, but I'm not --
16 but don't remember if I saw it before it actually went to the
17 Board or how far before it went to the Board, you know.

18 Q Okay. But you weren't involved in the negotiations
19 over the employment agreement; were you?

20 A No, I wasn't.

21 MS. STERN: Jesse, you can take that down.

22 Q And those were handled by the Brewer firm; weren't
23 they?

24 A I wasn't involved, so I don't know for sure, but I
25 believe they were involved in some way.

KM

2530

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q And on behalf of the NRA, Mr. Correll handled that;
2 isn't that right?

3 THE COURT: On behalf of who?

4 MS. STERN: I'm sorry. Mr. LaPierre.

5 Q On behalf of Mr. LaPierre, he was represented by Mr.
6 Correll in those negotiations; correct?

7 A I believe that's correct.

8 Q Mr. Correll previously practiced law with the Brewers
9 -- with Bill Brewer; right?

10 A I have some recollection he did some time ago.

11 Q Okay. So before the January 7 board meeting where this
12 employment agreement was presented to the board members, you had
13 not been clued in the notion that the employment agreement was
14 going to be the basis on which Mr. LaPierre would have authority
15 to take the NRA into bankruptcy; right?

16 A No.

17 Q So now I'm going to take a word of advice from the
18 judge to make sure that by "no," you mean that you -- yes or no?
19 All right. Correct or not?

20 You had not been clued in prior to that meeting that
21 the employment agreement was going to be the basis for which Mr.
22 LaPierre was going to be granted authority to file for
23 bankruptcy without board approval?

24 A I don't recall any discussion of any -- of a
25 relationship between the employment agreement and the bankruptcy

KM

2531

Frazer - by Plaintiff - Direct/Ms. Stern

1 filing --

2 Q And the --

3 A -- prior to that.

4 Q -- relevant portion of the employment agreement,
5 Paragraph 2 is up on the screen for the jury, and I think it's
6 in front of you.

7 And this is the provisions of the employment agreement
8 that gave Mr. LaPierre some additional powers; right?

9 A It -- you know, I don't know. I don't know if I would
10 agree with the word "additional" given the broad powers that the
11 executive vice president already has under the bylaws, but it
12 spells out some duties of the EVP.

13 Q And nowhere in this provision does it talk about
14 bankruptcy; right?

15 A It does not mention bankruptcy.

16 Q And nowhere else in the employment agreement does it
17 talk about bankruptcy; does it?

18 A The word "bankruptcy" isn't used, but it does refer to
19 reorganizing or restructuring.

20 Q Again, but reorganization under the Bankruptcy Code is
21 not discussed in the employment agreement; right?

22 A There is not a reference to the Bankruptcy Code.

23 Q Okay. And members of the Board of Directors complained
24 later that they hadn't been informed that by approving Mr.
25 LaPierre's employment agreement, they were authorizing him to

KM

2532

Frazer - by Plaintiff - Direct/Ms. Stern

1 take the NRA into bankruptcy if he so chose.

2 A I don't -- I think that's correct. I don't remember
3 exactly what every board member said after that point.

4 Q Yeah, but some board members did express some concern
5 about that; didn't they?

6 A I think that's correct.

7 Q Judge Journey was one of them; wasn't he?

8 A I believe Mr. Journey raised that issue.

9 Q And Dwayne Liptak who was on the Board at the time, he
10 was also upset about this; wasn't he?

11 A I don't recall Mr. Liptak saying anything about the
12 employment agreement specifically, but I could be wrong.

13 Q He was upset that he hadn't been told though that
14 bankruptcy was being considered; isn't that right?

15 A That's right.

16 Q Okay. And he actually resigned from the Board; didn't
17 he?

18 A He did.

19 MS. STERN: Okay. So I'd like to introduce for
20 identification Plaintiff's Exhibit 342 which is Tab 1 in
21 your binder. I have not had any objections to this, and so
22 I ask to move it into evidence.

23 THE COURT: Any objection?

24 MR. FLEMING: No objection.

25 MR. FARBER: May I have a moment to look at it,

KM

2533

Frazer - by Plaintiff - Direct/Ms. Stern

1 your Honor.

2 MS. EISENBERG: No objection, your Honor.

3 MR. CORRELL: No objection, your Honor.

4 MR. FARBER: No objection.

5 THE COURT: Okay. It's admitted.

6 Q Thank you. Is this an email that Mr. Liptak sent you
7 on or about January 19, 2021?

8 A It is.

9 Q And that's what, like four days after the bankruptcy
10 was filed; right?

11 A I don't remember the exact date but approximately.

12 Q January 15, 2021, that was the day the bankruptcy was
13 filed.

14 Does that sound right to you?

15 A Sounds right.

16 Q So it's shortly after that; right?

17 Okay. So Mr. Liptak expressed to you and to the
18 president of the Board, Ms. Meadows and the other officers the
19 reasons why he was resigning; right?

20 A Yes.

21 Q And he states in this letter, "However, in the current
22 organizational environment, I am no longer able to effectively
23 perform the duties of a director with what I feel is the
24 appropriate level of oversight required;" right?

25 A I see that.

KM

2534

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q And that was -- those were his concerns.

2 A Yes.

3 Q And you understood he was resigning because he had not
4 been apprised about the bankruptcy filing in advance; right?

5 A That was my understanding, yes.

6 MS. STERN: Okay. Thank you, Jesse.

7 Q So in the bankruptcy action, there were motions to
8 dismiss that were brought by the Attorney General's Office and
9 by Ackerman; right?

10 A Yes.

11 Q And you were a witness during that proceeding --

12 A I was.

13 Q -- right? And you were asked to testify about the
14 reasons why the NRA was filing for bankruptcy; weren't you?

15 A I'm sorry. I thought I heard an objection.

16 Q No.

17 A Yes, I was asked to testify about various things.

18 Q But you had not been involved in any of the decisions
19 about making that filing; right?

20 MS. EISENBERG: Objection, your Honor. This is
21 misleading. The witness was a corporate representative on
22 behalf of the NRA.

23 THE COURT: Well, I think he can answer.

24 A Right, and I think that's correct. I was testifying as
25 a corporate representative, not as myself I think on that topic.

KM

2535

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q Okay. The bankruptcy filing was dismissed; wasn't it?

2 A Yes.

3 MS. STERN: And can we pull up PX 2281 which is in
4 evidence. And oh, I don't have the page number. I think
5 it's at the very last page.

6 MR. FLEMING: Do you have a tab?

7 MS. STERN: Yes. Give me one second. 25.

8 Q Okay. So when the -- when Judge Hale issued his
9 decision dismissing the bankruptcy, he did note that there were
10 several, and I'm reading from the top of the conclusion. "There
11 are several aspects of this case that still trouble the Court
12 including the manner and secrecy in which the authority to file
13 the case was obtained in the first place."

14 THE COURT: I'm not sure they are on the same page
15 you are.

16 MS. STERN: I'm sorry. Jesse, Page 37 of 38 of
17 PX2281. Apologies to the jury.

18 Okay. Now we are all on the same page or same
19 screen.

20 Q So Mr. Frazer, when the bankruptcy judge dismissed the
21 case, he noted that there were several aspects of this case that
22 still trouble the Court including the manner and secrecy in
23 which the authority to file the case was obtained in the first
24 place, the related lack of express disclosure of the intended
25 Chapter 11 case to the Board of Directors and most of the

KM

2536

1 elected officers, the ability of the debtor to pay its debts and
2 the primary legal problem of the debtor being a state regulatory
3 action.

4 Do you see that?

5 A I do.

6 Q Did that concern you because you had not informed the
7 Board?

8 A Well, I'm not -- I had informed the Board via past --
9 about various aspects of the case via passing along messages
10 about the case for sure. So -- so I'm sorry. Could you repeat
11 the question?

12 Q No. That's fine. We can move on.

13 So -- and notwithstanding these concerns, you believed
14 that it was in the best interest of the NRA for Mr. LaPierre to
15 file for bankruptcy without obtaining a vote from the Board;
16 right?

17 A You know, it's hard looking at that with 2020
18 hindsight. If the case had come out differently, it would have
19 been, you know, kind of the ultimate genius move in retrospect.
20 I mean, I might have done it differently if I had --

21 Q You might have done what differently?

22 A I don't know. I hate to -- I hate to second guess. I
23 think it was a -- I think it was a reasonable judgment call
24 based on where we were at the time and what we knew at the time.

25 Q Okay. So the decision whether the NRA should commence

KM

2537

Frazer - by Plaintiff - Direct/Ms. Stern

1 a lawsuit concerning its business or corporate affairs is
2 squarely within the scope of your responsibility; right?

3 A It's not the sole -- I mean, it's something that the
4 OGC is normally involved in, but it's not the sole
5 responsibility of the OGC. The OGC is not the sole decision
6 maker.

7 Q My question isn't whether you were the only decision
8 maker. But it was within the scope of your responsibilities as
9 the general counsel; isn't it?

10 A Other than when there is some type of conflict, yes.

11 Q And you didn't have a conflict with respect to the
12 bankruptcy; did you?

13 A No. Not generally, no.

14 Q Okay. So Mr. LaPierre made the decisions with respect
15 to suing Ackerman and filing for the bankruptcy without
16 consulting you; right?

17 A Yes.

18 Q And those matters each cost the NRA millions of
19 dollars. Multi-millions of dollars; right?

20 A Correct.

21 Q And management of legal risk is within your scope of
22 responsibilities; right?

23 A Yes.

24 Q And oversight of legal spending, that's within the
25 scope of your responsibilities; right?

KM

2538

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Legal spending on corporate matters, yes. Carving out
2 anything where there is a conflict of interest. I was already
3 being sued at this time.

4 Q And these were legal matters within the scope of your
5 responsibilities; right?

6 A Yes.

7 Q And you didn't notify the Board that those decisions
8 were made without consulting you; right?

9 A Not that I recall.

10 Q And you didn't think that Mr. LaPierre side stepping
11 you was undermining you as the general counsel; is that right?

12 A I was a little -- I was a little bit concerned about
13 it, but I also understood what was going on.

14 Q But you deferred to Mr. LaPierre because he was your
15 boss; right?

16 A He is the CEO of the organization, and under the
17 bylaws, he has the ability to manage the association's affairs.

18 Q And he had the authority to fire you as general
19 counsel; didn't he?

20 A Yes.

21 Q He fired Kyle Weaver; right?

22 A Correct.

23 Q And he fired Chris Cox?

24 A No. No.

25 Q Okay. Chris Cox left and then he was sued by the NRA;

KM

2539

Frazer - by Plaintiff - Direct/Ms. Stern

1 right?

2 A He actually filed the claim against us.

3 Q And the NRA counterclaimed against him; didn't they?

4 A Correct.

5 Q Okay. That was another lawsuit that the NRA spent a
6 lot of money on; right?

7 A Yes.

8 Q And it was resolved by a settlement; right?

9 A Yes.

10 Q And the NRA paid Mr. Cox; right?

11 A Correct.

12 Q And Mr. LaPierre also fired Craig Spray; didn't he?

13 A Yes.

14 Q Okay. So in the NRA's --

15 A I want to clarify that. I think with Mr. Spray, I
16 think there was -- I think there was some mutuality to that.

17 Q And in the NRA's governance structure, Mr. LaPierre at
18 the executive level, he is the top of the top; right?

19 A Within the staff, yes.

20 Q So the buck stops with him; right?

21 A Yes.

22 Q And he, Mr. LaPierre, is responsible for reporting up
23 to the Board; right?

24 A Several of us are, but he is.

25 Q Yeah, but --

KM

2540

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Sure.

2 Q Just my question is Mr. LaPierre and the governance
3 structure is required to report up to the Board; right?

4 A Yes.

5 Q And in turn, the Board is required to oversee him;
6 right?

7 A Yes.

8 Q And oversee you as well; right?

9 A Sure.

10 Q Okay. So are you aware that Mr. LaPierre considers the
11 president of the NRA Board to have a ceremonial role?

12 A I'm not -- I'm not sure he considers it that way. I
13 don't know Mr. LaPierre's opinion on that subject. I know he
14 works -- he's worked closely with many, many presidents of the
15 NRA over the last, you know, 30 plus years.

16 Q Sir -- sir, are you suggesting that the role of the
17 president depends on who is sitting in the seat?

18 A I mean, the responsibility under the bylaws doesn't
19 change, but some presidents are more active than others.

20 Q But is the role a ceremonial role is my question.

21 A I don't think so. The president has a lot of authority
22 within the organization.

23 Q And if Mr. LaPierre thought the role was ceremonial, he
24 would be wrong; isn't that right?

25 A I mean, again, I think that the bylaws spoke for

KM

2541

Frazer - by Plaintiff - Direct/Ms. Stern

1 themselves. The president has a lot of independent authority.

2 Q So Mr. Frazer, I'm just asking you if you can answer my
3 question.

4 If Mr. LaPierre thought that the role of the president
5 was ceremonial, he would be wrong; isn't that right?

6 A I mean, the role is what you make it. Some presidents
7 treat it ceremonial. I don't -- I can't make a blanket yes or
8 no answer to that regardless of who is the president in any
9 given time.

10 Q Okay. So you have responsibilities we talked about to
11 oversee the legal spending of the NRA; right?

12 A Yes.

13 Q And in overseeing outside counsel's legal billing, you
14 don't have any guidelines on how those bills should be prepared;
15 right?

16 A We don't have written guidelines, no.

17 Q Okay. So you don't have any guidelines about how time
18 entries should be recorded?

19 A I mean, we follow standard practices in the legal
20 profession.

21 Q And guidelines on how many people can bill for any
22 given activity?

23 A I mean, the NRA doesn't have any written guidelines,
24 but there are ethical rules that cover that, and we expect our
25 outside attorneys to follow.

KM

2542

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q I'm just asking you as the general counsel managing the
2 legal bills, whether or not you say to the outside counsel that
3 you retain, you can only have X number of people bill for one
4 meeting.

5 A No, I don't have a written rule like that. Again, I go
6 by the ethical standard which is whether it's reasonable.

7 Q You have seen -- you are aware of guidelines like that;
8 aren't you?

9 A Sure.

10 Q Do you have any limits on the amount of time that can
11 be billed in any given time; right?

12 A No.

13 Q Okay. And during your tenure as the NRA's general
14 counsel, the NRA's legal fees for its corporate matters have
15 escalated; haven't they?

16 A Yes, because there have been a lot more corporate
17 matters.

18 MS. STERN: Okay. So can we turn to for
19 identification PX 2373 at Tab 37. That is going to be in
20 your second binder, and I've had no objections to this
21 document. I ask when we eventually get our binders in front
22 of us to move for its admission.

23 THE COURT: This is regulatory filing?

24 MR. FLEMING: No objection.

25 MR. CORRELL: No objection.

1 THE COURT: Hearing none, it's admitted.

2 Q Okay. Thank you.

3 Mr. Frazer, do you recognize this to be the NRA's CHAR
4 500 for 2015?

5 A Yes.

6 MS. STERN: Okay. And just on Page 1 of 94, Jesse.
7 Right ahead of me.

8 Q Can we look at the paragraph that's numbered "to
9 certification?"

10 Do you see that?

11 A I see it.

12 Q It says on the left-hand side, "President, Authorized
13 Officer."

14 Is that your signature, Mr. Frazer?

15 A It is.

16 Q And okay. And can you just read to me what the
17 certification language says?

18 A Sure. It says, "We certify under penalties of perjury
19 that we reviewed this report including all attachments and to
20 the best of our knowledge and belief they are true correct and
21 complete in accordance with the laws of the State of New York
22 applicable to this report."

23 Q Okay. So within this CHAR 500 filing is the Form 990.
24 If you turn to page 38 of 94 of the exhibit, do you see that?

25 A I do.

KM

2544

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q Okay. And just within -- now we are in the 990s. So
2 if we can turn to Page 47 of 94, please, and this is the
3 statement of functional expenses in the 990.

4 You're familiar with that form?

5 A Yes.

6 Q I'm sorry. That portion of the form, to be clear.

7 A Yes.

8 Q And the NRA is required to report its expenses -- its
9 legal expenses in this portion of the form; correct?

10 A Yes.

11 Q Okay. So if we can just turn to Line 11, item B.

12 Do you see where it says "Legal?"

13 A I do.

14 Q Okay. And so the total amount of the expenses in 2015
15 was how much, Mr. Frazer?

16 A \$4,544,582.

17 Q And then next to that there is two columns. One,
18 Column B, Program Service Expenses and one is Column C,
19 Management and General Expenses.

20 Do you see that?

21 A I do.

22 Q And the Program Service Expenses for legal there, that
23 would reflect generally the expenses that -- to the NRA legal
24 expense for advocacy work; correct?

25 A I think that's correct.

KM

2545

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q The column that's entitled Management and General,
2 Expenses, with respect to legal expenses, that would be more the
3 corporate business type of legal expenses; right?

4 A Yes.

5 Q Okay; and so what was the amount of the management and
6 general legal expenses in 2015 when you started?

7 A \$308,367.

8 Q Okay; and now can we turn to page 45. So you're going
9 to page back of 94 in this exhibit, and I'm going to direct your
10 attention to the bottom of the page where it says "Section B,
11 Independent Contractors."

12 And you're familiar with this table that's in the 990?

13 A Yes.

14 Q And this table requires the filer to report the five
15 highest compensated independent contractors.

16 A Correct.

17 Q Right. That receive more than \$100,000. I'm reading
18 right from the form; right?

19 A Correct.

20 Q And in the list of five, there is no vendor or
21 contractor here that provides legal services; right?

22 A That's right.

23 Q Okay. Ackerman McQueen, I see is number two at \$13.8
24 million; right?

25 A Right.

KM

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q Thank you. You can put this aside.

2 Now, we are going to turn to Tab 45 in your binder
3 which is Plaintiff's Exhibit 2346 which is in evidence. This is
4 the reason for the two binder set.

5 Okay. Now, Mr. Frazer, do you recognize this to be an
6 amended 2018 990 Form that was filed by the NRA?

7 A I do.

8 Q And the -- sorry -- and the form -- the amended -- the
9 reason for the amended filing was actually to correct some
10 disclosures with respect to the legal spend; right?

11 A Correct.

12 Q Okay.

13 A That was at least one of the reasons.

14 Q Okay. So can we look at -- sorry -- Page 14 of 122 of
15 this document; please. Okay. And here we are again at the
16 Statement of Functional Expenses, and I'm going to direct your
17 attention to line 11B here. So this is 2018. And the total
18 legal expenditures for 2018 is how much?

19 A \$25,064,761.

20 Q And of that 25 million plus dollars, how much is within
21 the corporate side of the NRA's operations?

22 A Are you referring to Column C.

23 Q That's right.

24 A \$16,431,583.

25 Q Okay. And turning to Page 8 of 122 back to the chart

KM

1 of independent contractors in Section B.

2 Do you see where I am?

3 A I do.

4 Q Okay. So here we again have the five most highly
5 compensated independent contractors for the year 2018; right?

6 A I see that.

7 Q And third on this list is the Brewer Law Firm; right?

8 A Yes.

9 Q And the amount that the Brewer Law Firm received that
10 year was how much?

11 A \$13,756,142.

1 Q And the Brewer law firm started working for the NRA
2 about March that year?

3 A In or about March, yes.

4 Q So, it is about three-quarters of the year?

5 A A little more, but, yes.

6 Q And let's now turn to tab 44, Plaintiff's Exhibit 226,
7 which is also already in evidence.

8 (Displayed)

9 And you recognize this to be the CHAR500 Form for 2022;
10 right?

11 A I do.

12 Q So let's do this exercise again. If you can turn to
13 page 14, I believe, it is of 99, and we're again at the
14 Statement of Functional Expenses; right?

15 A Yes.

16 Q And on line 11.b, the legal spend in 2022 now reported
17 as total as how much?

18 A \$40,196,015.

19 Q And of that how much falls within the management and
20 general expenses which are under your purview?

21 A \$38,483,187.

22 Q Okay, and if we can turn back to page 12 of 99, the
23 chart of the independent contractors. For 2022, the top of the
24 list is who?

25 A Brewer Attorneys.

BP

2549

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q And during the period from 2018 to 2022, each and every
2 year the Brewer firm was one of the most highly compensated
3 contractors for the NRA; wasn't it?

4 A I believe that's correct.

5 Q And between 2018 and 2022, the NRA reported in total
6 paying the Brewer firm in over a hundred million dollars; isn't
7 that correct?

8 A I don't have a total in my head.

9 Q You never calculated that?

10 A I've never -- I haven't sat down and added it up over
11 the years.

12 Q Does a hundred million sound like to be in the right
13 range for you?

14 A It might be.

15 Q It might be? But the 990 has the accurate disclosures
16 about it; doesn't it?

17 A We are very careful to have the 990 be accurate.

18 THE COURT: Counselor, if we're going to move to

6 Ms. Stern, you may continue.

7 MS. STERN: Thank you, your Honor.

8 DIRECT-EXAMINATION

9 BY MS. STERN:

10 Q Mr. Frazer, ready?

11 A Yes, thanks.

12 Q So, you've been talking a lot about your areas of
13 responsibilities, and one is the oversight of financial
14 transactions between the NRA on the one hand, and directors,
15 officers, employees, their family members or businesses
16 associated with any of those?

17 A Yes.

18 Q And those are within your oversight because they
19 present potential conflicts of interest; right?

20 A Right.

21 Q And something that we talked a lot about, related-party
22 transactions; right?

23 A Correct.

24 Q Related-party transactions are a subset of conflicts of
25 interest; right?

BP

2552

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A That's right.

2 Q Key aspect of a compliance program is to properly
3 police related-party transactions; isn't it?

4 A Right, yes. Actually, they're disclosed, reviewed,
5 vetted, yes.

6 MS. STERN: Bonnie, can you do me a favor and read
7 me back the last question, please.

8 (Whereupon, at this time the court reporter read
9 back the requested portion.)

10 Q So, just to broaden the question, the compliance
11 program should also properly police conflicts of interest more
12 broadly; right?

13 A Yes.

14 Q And the NRA Bylaws actually provide that no director
15 can receive a salary or other private benefit unless
16 specifically authorized by a resolution of the board or a
17 committee of the board; right?

18 A I think, yeah, words to that effect.

19 MS. STERN: So, can we pull up Plaintiff's
20 Exhibit 8, which is found at Tab 33 of your binders and this
21 is in evidence.

22 Q And just turn to Article 5, Section 5, on
23 "Compensation," which is I think on page 14 of 30.

24 A I'm sorry, what tab are we in?

25 Q Oh, I'm sorry. It is Tab 33.

BP

2553

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A You said that. I just had to switch binders.

2 Q And, actually, Mr. Frazer, I don't want to go too, too
3 fast. I just want to make sure you recognize these are the
4 Bylaws of the NRA; correct?

5 A They are the Bylaws as of April 2019, yes.

6 Q And for convenience, these are in evidence so I just
7 reference to the provisions in Article 5 on "Compensation" and
8 that's found at page 14 of 30 of the exhibit.

9 A I see that.

10 Q And this provision has been in place at least the
11 entire time that you have been General Counsel; hasn't it?

12 A It was actually changed a little bit since I became
13 secretary. It was part of the Bylaw review that I was involved
14 in leading in 2015 to '17, roughly.

15 Q Okay, and so this provision has -- so before you
16 amended the Bylaws, did it permit directors to receive a salary
17 or a private benefit?

18 A I don't remember off the top of my head what the prior
19 version was. I think there was some restriction.

20 Q Some restriction, okay. And so here we see that it is
21 "A prohibition unless specifically authorized by resolution of
22 the board of directors or an authorized committee thereof."

23 Isn't that right?

24 A Yes.

25 Q And the NRA also has rules that require directors and

BP

2554

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 officers that receive compensation pursuant to if it's
2 authorized to disclose that; right?

3 A Yes. I mean, we require a disclosure form from
4 everyone whether they have anything to disclose or not.

5 Q And if they are receiving any compensation, \$2,000 a
6 year or more, they have to make a disclosure about that; right?

7 A That's a separate Bylaw provision. It's been in effect
8 since the late 1970s, I believe; but the form, itself, is, is --
9 I think would require disclosure of any amount. It is not
10 limited to \$2,000, right.

11 Q Oh, the other form, is that what you're saying?
12 Let's -- now I think we're getting a little confusing.

13 So, can we turn to Article 4, Section 3. I'm going to
14 apologize, I need to find the page number. Actually, let's just
15 strike that. I'm going to move on. I'll move back to it not to
16 waste time.

17 But you as the secretary of the board, you make reports
18 every year at the annual meeting respect to any directors who
19 are receiving any compensation from the NRA; right?

20 A The disclosure that's made at the, at the -- annually,
21 I think you're referring to the disclosure at the annual meeting
22 of members and then there are similar disclosures at board
23 meetings, and that relates to that Bylaw provision that you just
24 saw.

25 It was I think goes back to 1978 when I looked it up

BP

2555

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 awhile ago, and what that -- and that requires them to be --
2 transactions involving goods and services over \$2,000 to be
3 reported at the next board meeting and, also, annually at the
4 members meeting.

5 So, our process captures more than that, but that's
6 what's reported at those meetings under the secretary's report.

7 Q And if a director is providing services, say,
8 consulting services, they would have to be disclosed in that
9 report; right?

10 A Yes.

11 Q And those -- that consultant arrangement would also
12 present a potential conflict of interest that would have to be
13 disclosed, potentially, to the Audit Committee as well; right?

14 A Right, standards are a little bit different, but,
15 generally, yes.

16 Q So you, as the secretary, make a report to the members;
17 right?

18 A Yes.

19 Q And since you have become the secretary of the NRA,
20 have you fully complied with that requirement?

21 A I believe so. I'm not -- I don't know that I can say
22 that there were never any errors, but I've certainly done my
23 best to comply.

24 Q Okay. And you have responsibilities to enforce the NRA
25 conflict of interest in related-party transactions policy;

BP

2556

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 right?

2 A I'm one of the people involved in that process, yes.

3 Q And you work in conjunction with the Audit Committee?

4 A Primarily, yes.

5 Q And if there was a reason to believe that an NRA
6 officer, director or employee violated the conflict of interest
7 and the related-party-transaction policy, the Office of General
8 Counsel would be, typically, involved in looking into that;
9 wouldn't they?

10 A Typically, it would really be an Audit Committee
11 responsibility. I mean, ultimately there were -- you're
12 covering a lot of ground; but if something was reported,
13 ultimately would go to the Audit Committee for review on
14 determination on what remedy there should be.

15 Q Are you saying you would not have any role in that
16 process?

17 A No, not at all. The secretary and the OGC would be
18 involved.

19 Q So, you would be integral to addressing that situation?

20 A Again, barring if some situation there might be a
21 conflict of interest or where it gets put to outside counsel,
22 for example.

23 Q But if it was put to outside counsel, that would be
24 your decision to be put to outside counsel?

25 A Not necessarily. The Audit Committee can also make

BP

2557

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 that decision.

2 Q Okay. If there was reason to believe that an NRA
3 officer, director or employee violated the conflict-of-interest
4 policy, it would be within your purview, though, to conduct an
5 investigation; wouldn't it?

6 A Again, you know, unless there's a conflict it would
7 normally be, but, you know, there's flexibility in how you
8 handle it.

9 Q But you would have the authority to conduct an
10 investigation; wouldn't you?

11 A To -- again, you know, with, with -- not if I had a --
12 not if I had a legal conflict of interest. So, for example, if
13 it involved this lawsuit, I couldn't weigh in.

14 But, it is something that the OGC would, typically, be
15 involved in; but, again, I don't want to be talking past each
16 other, but I think that there are -- I think there's a lot of
17 flexibility in exactly how you handle situations case by case.

18 THE COURT: It's probably been clear, but OGC is
19 Office of General Counsel?

20 THE WITNESS: Yes, I'm sorry. I don't want to fall
21 into internal abbreviation to speak.

22 Q So, I just want to be clear, though, I'm talking about
23 financial transactions that may raise conflicts of interest or
24 may be related-party transactions, that's what we're talking
25 about here; right?

BP

2558

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A Understood.

2 Q And the financial disclosures we've been talking about
3 a little bit that board members and executives are required to
4 make, that's your responsibility to make sure that that occurs;
5 right?

6 A Right. The secretary's office sends out the forms,
7 receives the returns, return forms, analyzes them and starts the
8 process of figuring out whether there are any issues.

9 Q And I think we covered this before, but just to
10 clarify, the NRA had a financial disclosure policy that applied
11 to officers and directors before you became the General Counsel;
12 right?

13 A Yes. Yeah, we updated and superseded it.

14 Q Right, and at some point you created a standalone
15 conflict of interest in related-party-transaction policy; right?

16 A Correct.

17 Q And that has a financial disclosure requirement within
18 that; right?

19 A Correct. It -- it replaced the two separate forms that
20 we had previously.

21 Q Okay.

22 A One of them was really a letter, but.

23 Q Okay. And so under the policy that's been in effect
24 since -- it's been in effect since, what, about January 2016; is
25 that right?

BP

2559

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A That's right.

2 Q Okay. Financial disclosure forms are required at least
3 annually; right?

4 A Yes.

5 Q And updates to the disclosure require if circumstances
6 change and they require an update; right?

7 A Yeah, that's something we've hammered on for the last
8 five or six years.

9 Q And accurate financial disclosures are necessary for
10 you and for the NRA to be able to identify potential conflicts
11 of interest; right?

12 A Yes.

13 Q So, the complimentary use of a vendor's yacht or being
14 hosted by a vendor at no cost on a trip to, say, the Taj Mahal
15 or receiving designer suits; that would trigger a minimum
16 disclosure requirement, right?

17 A I think so, yes.

18 Q And even if that vendor was a deep personal friend of
19 the recipient; right?

20 A Right. You need to disclose so that it can be properly
21 addressed internally.

22 Q And that's pretty obvious, right?

23 A You know, I think it is something that in any area
24 there are judgment calls, and I'm always open to take those
25 questions.

BP

2560

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q But, for you, is that a hard question?

2 A I would report it personally.

3 Q You would report it personally?

4 A Yeah, the -- I'm thinking more on the trips. The
5 wardrobe might be a little bit different.

6 Q I'm talking about just, hypothetically, if someone gave
7 you those things, you'd have to -- you'd expect -- you'd expect
8 somebody working at the NRA to disclose that to you; right?

9 MS. EISENBERG: Your Honor, objection. Compound.

10 THE COURT: Overruled.

11 A I would hope they would disclose that, yes.

12 Q And the Audit Committee needs that information, right?

13 A The Audit Committee needs whatever information it can
14 get to handle things properly.

15 Q Okay. If we can turn to Tab 2 in your binder, it is
16 Exhibit PX 639, which is in evidence.

17 Mr. Frazer, you've seen this form before today; right?

18 A Sure, yeah.

19 Q And this is the financial disclosure that Mr. LaPierre
20 made on April 7, 2021; right?

21 A Yes.

22 Q And that was -- I think as we've heard -- right in the
23 middle of the bankruptcy trial; right?

24 A Yes.

25 Q Indeed, right before he testified; right?

BP

2561

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A I don't remember a hundred percent, but it sounds
2 right.

3 Q Okay. So, as of April 7, 2021, you were aware of the
4 disclosures that Mr. LaPierre made here for the first time in
5 this questionnaire; right?

6 A Could we turn to the --

7 Q Sure, let's turn to the addendum, which is page 6 of 6
8 of the document.

9 (Displayed)

10 A Yes.

11 Q So, as of that date, you were on notice of the yacht
12 trips that Mr. LaPierre disclosed; correct?

13 A As of that date, yes.

14 Q And of the discovery of wardrobe purchases; right?

15 A The -- well, right, because Ackerman had put out the
16 documents about wardrobe purchases.

17 Q So, you actually learned that earlier?

18 A Yes.

19 Q But they had not been disclosed by Mr. LaPierre in
20 the -- in the, in the manner in which the policy required;
21 right?

22 A They hadn't been disclosed on the conflict form. I
23 don't know what Mr. LaPierre's thought process was on that.

24 Q Yeah, I'm not asking you. Just asking whether they, in
25 fact, had been disclosed in accordance with the policy before

BP

2562

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 that?

2 A I mean, Mr. LaPierre hadn't disclosed them on a
3 conflict form, no.

4 Q And you were aware as of at least your deposition in
5 this case, July 2022, that Susan LaPierre had acknowledged
6 receiving gifts or things of value from the McKenzies; right?

7 A I don't recall that. I don't recall that part of the
8 deposition.

9 MS. STERN: Jesse, can we bring up Mr. Frazer's
10 testimony at his litigation deposition on July 12, 2022.

11 MR. FLEMING: Your Honor, just is this to test his
12 recollection or impeach because I don't think there's a
13 basis for impeachment.

14 THE COURT: Overruled. Well, I assumed it was
15 impeachment, is that right?

16 MS. STERN: Yes.

17 Q Mr. Frazer you recall that you were deposed in this
18 action; right?

19 A I do.

20 Q And you swore to tell the truth at that deposition?

21 A I did.

22 Q And you endeavored to tell the truth; right?

23 A Absolutely.

25 please.

BP

2 Q So, you would agree that the LaPierres' admission that
3 they received gifts and things of value from the McKenzies
4 implicated issues under the NRA policy concerning conflicts of
5 interest?

6 A Again, I'm, I'm -- even after looking at the deposition
7 testimony, I'm not sure what I personally knew when; but
8 speaking, generally, receiving gifts from a vendor would require
9 disclosure.

10 Q So, Mr. Frazer, my question is do you agree that
11 McKenzies giving gifts to the LaPierres and the McKenzies
12 relationship, financial -- given McKenzies' financial
13 relationship to the NRA through their business operations, that
14 that raised issues under the conflict-of-interest policy;
15 right?

16 MR. FLEMING: Objection, foundation.

17 THE COURT: Sustained.

18 Q So, as of your deposition, you were on notice -- your
19 deposition in July 2022 you were on notice that Ms. LaPierre had
20 acknowledged receiving gifts or things of value; right?

21 A If I understood that clip correctly, I was aware that
22 there was some allegation of it. I don't know if I knew that
23 for a fact personally.

24 Q Okay. So, you have no recollection, though, of ever
25 having taken any action to determine whether Mr. LaPierre

BP

2564

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 violated the conflict-of-interest policy; right?

2 A Not -- not personally on that topic; but, of course,
3 since your office had already sued the NRA and me by then, you
4 know, some issues were in the hands of litigation counsel at
5 that point.

6 Q So, you did not personally take any action with respect
7 to determining whether the internal NRA policy was violated;
8 right?

9 A I don't recall personally doing that.

10 Q Sitting here today, you have no recollection of having
11 done anything, right?

12 A Again, not with it already, I mean, in the hands of
13 others.

14 Q And you didn't conduct any inquiry to determine whether
15 or not Mr. LaPierre's disclosures were complete; did you?

16 A Again, for the same reason, not personally.

17 Q For the same reason being what?

18 A That it was already a subject of this litigation.

19 Q And so that meant that you didn't take any action,
20 that's your explanation; right?

21 A It meant that I understood that subject that was
22 already the topic of litigation was being handled by litigation
23 counsel.

24 Q And you did not, yourself, ask Mr. LaPierre about the
25 disclosures; did you?

BP

2565

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A Not that I recall.

2 Q And you don't have any knowledge, do you, of the Audit
3 Committee reviewing the MMP relationship from the perspective
4 of conflict of interest after Mr. LaPierre's disclosures; right?

5 A No, that's not -- that's not correct. I know the Audit
6 Committee has looked at that issue.

7 Q And when did they look at it?

8 A I recall a discussion of that issue at the
9 February 2023 meeting.

10 Q February 2023?

11 A At least, yes.

12 Q And the disclosures were made in April 2021; right?

13 A Yes. I'm not saying that was the only one, but that's
14 the one I remember.

15 Q Okay. So, the NRA doesn't advise the board when other
16 board members fail to complete their financial disclosure
17 questionnaires; right?

18 A I remind the board members at every meeting to turn in
19 their forms and to update them continuously; but we don't
20 publish a naughty list.

21 Q And the NRA had problems in the past with compliance
22 with the association's conflict of interest and
23 related-party-transactions policy; right?

24 A Yeah, I mean, we've -- like, anything else, it is a
25 process and people didn't always complete their forms in a

BP

2566

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 timely way; and we've worked really hard over the last several
2 years to increase it, and we've been at the hundred percent the
3 last couple of years.

4 Q And beyond just the disclosure forms, there are
5 problems with providing advanced notice of transactions to the
6 Audit Committee, to give the Audit Committee the opportunity to
7 review the transactions before they commenced; right?

8 A Yeah, that -- that was an issue that we noted several
9 years ago. I don't recall any recently.

10 Q And but my question is in the past, that was a problem;
11 wasn't it?

12 A Yes, that was an issue the Audit Committee noted at
13 least in 2018.

14 Q A serious problem that led to ratifications of a lot of
15 transactions; right?

16 A There were a number of transactions ratified in the
17 2016 to '18 timeframe.

18 Q And the Audit Committee's reports of those meetings
19 will reflect the transactions that were reviewed and ratified;
20 right?

21 A Yes.

22 Q Those are accurate reports; right?

23 A Yes.

24 Q So, when you took the position of General Counsel, you
25 found that it was -- it was necessary to improve the internal

BP

1 policies of the -- policy of the NRA; right?

2 A Absolutely.

3 Q And you drafted a new policy?

4 A I drafted it in conjunction with Bob Dowlut, the
5 previous General Counsel who had been General Counsel for, I
6 think, thirty-eight years.

7 Q And the procedures were lacking as well; right?

8 A I thought there was room for improvement in the
9 procedures, so we consolidated the forms, for example.

1 Q Okay. So one of the requirements under the policy, the
2 related-party conflict-of-interest policy is that the financial
3 transaction has to be presented to the Audit Committee for its
4 review; right?

5 A Yes. Generally, yes.

6 Q And you've typically handled those presentations;
7 right?

8 A Not exclusively, but I have made a number of
9 presentations on potential issues.

10 Q And when you've done those presentations, they have
11 been in an oral format; right?

12 A I think for some of them, we had a written, you know,
13 like a draft resolution circulated, but generally, I mean, I
14 always am going to discuss them orally.

15 Q And the draft resolution if it was circulated in
16 advance would reflect what the Audit Committee was considering;
17 right?

18 A It would reflect our factual understanding -- the
19 factual understanding that we had going into the meeting.

20 Q And the consideration of the transaction occurs in the
21 executive session; right?

22 A Correct.

23 Q And the Audit Committee practice is not to take minutes
24 in an executive session; right?

25 A We do now, but we haven't always in the past.

KM

2569

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q So now you take minutes in the executive session?

2 A Yes.

3 Q When did that commence?

4 A I don't remember the first. I know -- I know that
5 before last September's meeting, I saw draft minutes that
6 covered one or more previous meetings.

7 Q So last September being September 2023?

8 A Correct.

9 Q So -- and those were minutes of a meeting in the middle
10 of 2023?

11 A I'm not sure. And actually to clarify, in 2016 and
12 maybe 2017, there were also -- well, I guess, they weren't
13 technically executive session minutes, but they were minutes
14 documenting that.

15 What occurred -- when a committee meets in executive
16 session, you then report action items out after the executive
17 session concludes.

18 Q And the action items --

19 A I think that's what I'm thinking of for 2016, '17.

20 Q And the action items are reflected in the Audit
21 Committee's official report; right?

22 A Some of them were documented -- were documented in
23 separate minutes that were kept within the committee records and
24 not in the report to the Board because the idea of a report to
25 the Board is to report action items to the Board.

KM

2570

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q So if an action was taken to approve a transaction,
2 that would be in the Audit Committee report so the Board knew,
3 right, the fuller Board know?

4 A I want to clarify. When I say "action items for the
5 Board", I mean action -- action items for the Board to take
6 action on.

7 If something is delegated to the Audit Committee, it
8 doesn't necessarily need to be reported to the -- separately to
9 the Board because it wouldn't necessarily be an action for the
10 Board to take. I'm sorry. That's maybe a little confusing.

11 Q If the Audit Committee issued a resolution --

12 A Uh-huh.

13 Q -- that would be in the Audit Committee report;
14 wouldn't it?

15 A Currently, yes, but not for a couple of the meetings in
16 '16 and '17.

17 Q So in 2016 and 2017, your testimony is they had secret
18 resolutions?

19 A No. Not secret. They were resolutions that were
20 maintained in the Audit Committee -- in the Audit Committee's
21 files. They are not secret because they are available for
22 inspection, and if anyone asks questions, we can answer the
23 questions.

24 Q But those are files that are maintained by the
25 secretary of the Audit Committee; correct?

KM

2571

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Correct.

2 Q Not by you.

3 A I had a copy, but actual copy would be in the
4 secretary's files.

5 Q But you didn't maintain the official records of the
6 Audit Committee.

7 A No because our practice at the NRA is that committee
8 secretaries maintain their own records.

9 Q Okay. So when you're doing the presentations of the
10 potential conflict of interest, the transaction that raises a
11 potential conflict of interest or raised an issue and you're
12 ratifying it, right, you didn't provide -- you, personally, did
13 not provide the contracts to the Audit Committee members; right?

14 A I'm trying to remember. In some cases, we didn't.
15 In -- I think in some more recent cases, we may have, but there
16 haven't been as many issues like this lately.

17 Q When you say "more recent cases," are we talking 2023?

18 A I don't remember specific instance.

19 Q So can you remember any instance?

20 A Not off the top of my head.

21 Q Okay. So when you raised it, you didn't have anything
22 specific in your mind; right?

23 A I have some recollection of an issue, but I just don't
24 remember which particular.

25 Q Okay. And besides contracts, you didn't provide other

KM

2572

Frazer - by Plaintiff - Direct/Ms. Stern

1 materials for the Audit Committee to review in advance of the
2 meeting; did you?

3 A I don't know if I can give a blanket yes or no to that.
4 I know that we would sometimes provide a draft resolution in
5 advance of the meeting, and what we all tried to do was to
6 include the key information in that resolution so that it would
7 be properly documented.

8 Q But you didn't give -- well, I'll call primary source
9 material.

10 You didn't give the Audit Committee members information
11 say about comparable to transactions for their independent
12 review; right?

13 A Sometimes we did. And actually, I'm thinking of a
14 specific example on that. You know, a little bit different
15 context, but it might -- depends on the timeframe and the issue.

16 Q So what's the example that you're thinking of?

17 A I don't remember when we considered it, but there was
18 an issue involving a company called Crow Shooting Supply which
19 by the time I'm thinking of last year was owned by a former
20 board member and past-president Peter Brownell. It's some
21 ownership interest. I'm not sure of the exact structure, and
22 they provided fulfillment of grant materials for the NRA
23 foundation.

24 It's not the NRA itself, but I know that when we --
25 when that, you know, relationship was approved and ratified as

KM

2573

Frazer - by Plaintiff - Direct/Ms. Stern

1 beneficial to the NRA and the foundation, one of the action
2 items was to follow up periodically and make sure it was fair
3 market value. And so they actually put out an RFP and those
4 materials were provided to the Audit Committee.

5 Q So just a little confused, the sequence.

6 So the RFP occurred as a condition?

7 A It occurred as a follow-up item on the -- on the
8 original approval and ratification.

9 Q So the original agreement was ratified?

10 A Yes.

11 Q There was no RFP?

12 A Well, because it was a review of an ongoing
13 transaction, yes.

14 Q And then there was a subsequent RFP?

15 A Correct.

16 Q And other than that, no other examples; right?

17 A I'm not saying there were no other examples. That's
18 just the one that comes.

19 Q But you can't tell me about other examples.

20 A That's what comes to mind.

21 Q So beginning of the Fall of 2018, the Audit Committee
22 had a series of meetings where they were reviewing and ratifying
23 past transactions; rights?

24 A I'm sorry. The Fall of when?

25 Q 2018.

KM

2574

Frazer - by Plaintiff - Direct/Ms. Stern

1 A We were reviewing past transactions well before that.

2 Q Okay. When did you start reviewing them?

3 A March of 2016, I believe. Excuse me.

4 Q And you were continuing to review them for a number of
5 years; right?

6 A Yes.

7 Q Because there was a lot of transactions; right?

8 A I mean, there were a number of transactions. I don't
9 know how you define "a lot."

10 Q Those are transactions between the NRA and board
11 members; right?

12 A Some of them were between the NRA and board members.
13 Some of them were between the NRA and trustees of
14 related-organizations. Some of them were between
15 related-organizations and NRA Board members. It was anything
16 that crossed that line of doing business with the NRA and its
17 affiliates.

18 Q And we are talking all about ratifications; right?

19 A Some of them were ratifications and some of them were
20 approvals in advance.

21 Q Right. And my question to you was about the
22 ratifications.

23 A Yes.

24 Q Okay. And one of those transactions that was reviewed
25 during that period of time was a contract we have heard about

KM

2575

Frazer - by Plaintiff - Direct/Ms. Stern

1 between Oliver North and Ackerman McQueen; right?

2 A Yes.

3 Q Okay. And that was a transaction that the Board -- I'm
4 sorry -- that the Audit Committee reviewed where there was no
5 contract provided to them; right?

6 A That's right. We had a summary, but not the full
7 contract.

8 Q And so you proceeded to review that -- present that
9 based on just a summary of the contract; right?

10 A I don't remember. I don't remember whether it was I or
11 someone else who -- who kicked off that discussion.

12 Q You were present at the meeting; right?

13 A I was present at the meeting, yes.

14 Q All right. And you understood that the Audit Committee
15 was making its determination based on just a summary of the
16 terms of the contract; right?

17 A Yes.

18 Q Okay.

19 A And with an understanding that we would work on trying
20 to get the full contract which was an issue as we've heard.

21 Q You hadn't seen the contract; right?

22 A I had not.

23 Q Okay; and you were okay with that; right?

24 A I would have preferred to have the whole contract, but
25 the committee was acting based on what was available at the

KM

2576

Frazer - by Plaintiff - Direct/Ms. Stern

1 time.

2 Q And you didn't say to the committee, You don't have
3 enough information. We should hold on this.

4 A I think again the idea was that the committee based on
5 what it understood thought that the transaction was reasonable
6 but that we would continue to try to get more information and be
7 able to revisit it as the committee later did.

8 Q And the posture at this time was the contract had
9 already started; right?

10 A It had.

11 Q Okay. Can we bring up JFX52. It's in Tab 35 of your
12 binder, and it's in evidence. Okay. And this is the document
13 we've looked at which is a compendium of Audit Committee
14 reports. So unfortunately, they're not paginated, but if you
15 turn to the report dated September 8 to 9, 2018, they are in
16 chronological order.

17 THE COURT: Is there a page number at the bottom?

18 I know that they are not consecutive.

19 MS. STERN: Right. Let me get to it, your Honor.

20 MR. FLEMING: It's 243.

21 MS. STERN: Thank you, Mr. Fleming.

22 Q Okay. So I'm going to direct your attention to the
23 bottom of the page, the paragraph that starts, "the Audit
24 Committee met at the Westin."

25 Do you see where I am?

KM

2577

Frazer - by Plaintiff - Direct/Ms. Stern

1 A I do.

2 Q That's reflecting a meeting that occurred on
3 September 6, 2018; right?

4 A Correct.

5 Q Okay; and Mr. Frazer you were present at that meeting;
6 right?

7 A I was.

8 Q And that day, you served as the committee secretary?

9 A I did.

10 Q And that was just why?

11 A It was taking the notes, and you know, I took the roll
12 call. I called -- I took the notes.

13 Q So my question was why did you serve as the committee
14 secretary that day?

15 A Because Mr. Tedrick who was the normally appointed
16 committee secretary had been placed on administrative leave or
17 medical leave; right.

18 Q And that was because of complaints about him being
19 inebriated at work; right?

20 A I don't know about at work, but there were some
21 concerns that he needed some help for some personal issues.

22 Q Okay. And let's see who else was at that meeting.
23 Steve Hart was at that meeting. He was another lawyer, right,
24 an outside lawyer?

25 A Yes.

KM

2578

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q And Sarah Rogers was also at that meeting; wasn't she?

2 A She was.

3 Q Okay. And so let's turn to -- it's numbered page 244
4 of the actual report, and this reflects the resolution that the
5 Audit Committee made about the Oliver North/Ackerman contract;
6 right?

7 A Yes, it does.

8 Q So -- and it states at the beginning, right, "Whereas
9 on or about May 15, 2018, Colonel North and Ackerman had entered
10 into a contract;" right?

11 A Yes.

12 Q And so this is a few months later. So that's already
13 in process; right?

14 A Yes.

15 Q And it reflects that Colonel North had a substantial
16 financial interest at stake; right?

17 A Yes.

18 Q And the amount of that interest was close to \$7 million
19 over a three-year term of the contract; right?

20 A Approximately sounds right.

21 Q But that's not reflected anywhere in the resolution
22 what the magnitude of the contract is; right?

23 A No. The dollar amount isn't there.

24 Q And the -- and Ackerman was under this contract
25 engaging Colonel North to create content for NRA TV; right?

KM

2579

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Yes.

2 Q And that's not discussed here; right?

3 A It is -- well, it refers to his experience in
4 television reporting and production, so I think it was
5 understood.

6 Q And Ackerman was going to be billing the NRA for the
7 creation of the content for NRA TV; right?

8 A Yes.

9 Q And that's not discussed either here; right?

10 A No.

11 Q So the NRA -- so Ackerman was really going to pass
12 through the millions and millions of dollars it was going to pay
13 North back to the NRA; right?

14 A Yes.

15 Q And that wasn't in the resolution.

16 A It's not spelled out in the resolution.

17 MS. STERN: Okay. So can we have for identification
18 only, Jesse, JFX 69 which is found at Tab 20.

19 THE COURT: You want to turn the screens off? Is
20 that the idea?

21 You don't need me to put it up. The lawyers all
22 have it.

23 MS. STERN: I think the lawyers all have it, and
24 Mr. Frazer has it. And your Honor, you have it.

25 THE COURT: Okay.

KM

2580

Frazer - by Plaintiff - Direct/Ms. Stern

1 MS. STERN: Unless there is an objection, I move
2 this into evidence.

3 MR. FLEMING: No objection.

4 MR. CORRELL: No objection.

5 MR. FARBER: No objection.

6 THE COURT: Seeing none or hearing none, it's
7 admitted JFX 69.

8 Q Mr. Frazer, is this the summary on which you relied at
9 that meeting?

10 A It's the summary that the committee relied on.

11 Q And that's what you had; right?

12 A That's all I had at the time.

13 Q Okay. Now the Audit Committee didn't reconsider that
14 ratification of the contract between Colonel North and Ackerman
15 until the end of May, 2019; right?

16 A Sounds about right without looking at the reports.

17 Q Okay. Do you want to look at the reports?

18 A Sure.

19 Q Okay. So let's go back to the reports, and that was
20 PX -- I'm sorry. JFX52, Tab 35.

21 And again, looking at the report dates, I think it's
22 May 30, 2019. Let me just make sure. Sorry. Trying to
23 minimize the different exhibits using my counsel's exhibit.

24 A I have it.

25 Q You have it?

KM

2581

Frazer - by Plaintiff - Direct/Ms. Stern

1 A It's in the report to the Board for the September 14
2 meeting. September 14, meeting. It covers multiple meeting.

3 THE COURT: Page 167 at the bottom.

4 MS. STERN: Okay. Got it.

5 Q And so that -- does that refresh your recollection that
6 that's when the ratification that was done in September 2018 was
7 reconsidered?

8 A Yes. That's right.

9 Q Okay; and that was -- that was after Lieutenant Colonel
10 North had lodged complaints about the manner in which the Brewer
11 Firm was retained; right?

12 A Yes.

13 Q And he had made some complaints about the magnitude of
14 the bills; right?

15 A He had.

16 Q And he had asked for an independent audit of those
17 bills; right?

18 A He had.

19 Q Okay.

20 A It was also after we actually saw his contract.

21 Q And as the general counsel of the NRA, you're aware
22 under New York Law the NRA has to have a whistleblower policy;
23 right?

24 A Yes.

25 Q And that's the law that took effect July 1, 2014. Does

KM

2582

Frazer - by Plaintiff - Direct/Ms. Stern

1 that sound right to you?

2 A The law taking effect, that sounds about right. I
3 mean, I know we had a policy in effect before that.

4 Q Okay. And where is the policy found?

5 A The policy that was in place when I first came on board
6 was in the Statement of Corporate Ethics.

7 MS. STERN: Okay. So can we mark for identification
8 PX 415 which is found at Tab 31, and I ask that it be moved
9 into evidence.

10 THE COURT: Any objection?

11 MS. EISENBERG: No objection, your Honor.

12 MR. FLEMING: One second, Judge.

13 MR. CORRELL: No objection.

14 MR. FLEMING: No objection.

15 THE COURT: It's admitted.

16 Q Mr. Frazer, can you turn to Page 12 of 225 of this PX
17 415, please.

18 A I see it.

19 Q And is this the Statement of Corporate Ethics that you
20 referred to that served in part as the whistleblower policy?

21 A Yes.

22 Q Okay. And that was the policy that was effective as of
23 January 26, 2015.

24 A That's what it says; although, I kind of wonder about
25 whether it might have been earlier.

KM

2583

Frazer - by Plaintiff - Direct/Ms. Stern

1 Q Okay. But what's the basis for your wonder?

2 A Because there was no board meeting on January 26, 2015,
3 so I'm just -- I'm not sure how that update -- how that
4 effective date gets applied by the Human Resources Division that
5 maintains this document.

6 Q I see. And that was around the time that you started
7 in your role as general counsel?

8 A That was actually the day I started.

9 Q Oh, okay. And you were aware that that was the policy;
10 right?

11 A At least as of that date.

12 Q Okay. And it's in the employee handbook because
13 employees would then know where to look if they had a whistle
14 blowing complaint; right?

15 A Yes.

16 Q But this whistleblower policy -- well, where in the
17 policy would you say is the whistleblower component?

18 A The whistleblower provisions are on the bottom of page
19 13 of 225.

20 Q Okay. Underneath the "Ethical Business Relationships?"

21 A Right. It's the paragraph at the bottom.

22 Q Okay. And this was the form of the policy that
23 remained in place until about January 2020; right?

24 A I believe that's correct.

25 Q And then the policy was changed?

KM

2584

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Yes.

2 Q Okay. And that was after the Attorney General's Office
3 had started its investigation of the NRA; right?

4 A Yes.

5 Q Okay. So under the whistleblower policies, the one
6 that we looked at that started in 2015 or thereabouts and the
7 policy that was put in place in 2020, you have responsibilities
8 for receiving whistleblower reports; right?

9 A Yes.

10 Q And for assisting investigation of whistleblower
11 complaints; right?

12 A Sure.

13 Q So we've heard about -- moving back in time a little
14 bit to July 2018 -- of Financial Services Division employees
15 came to the Audit Committee and brought them concerns they had;
16 right?

17 A Yes.

18 Q And you didn't investigate those concerns; right?

19 A No, that's not right at all.

20 Q Okay. Was the Brewer Firm engaged to assist in that
21 investigation?

22 A That's one of the many things that the firm worked on,
23 but I -- I was personally involved on my own in investigating
24 some of those issues.

25 Q And one of the whistleblowers -- they are all called

1 whistleblowers now; right?

2 A I'll know who you're talking about, yes.

3 Q You will. All right.

4 One of them was Emily Cummins; right?

5 A Yes.

6 Q And she left the NRA voluntarily; right?

7 A Yes.

8 Q And that was in about 2018?

9 A Late 2018, yes.

10 Q So after these concerns had been raised.

11 A Several months after that time, yes.

12 Q And you learned after Ms. Cummins left that she had
13 some complaints about the Brewer Firm; right?

14 A Yes. She sent in a letter out of the blue several
15 months after she left.

16 Q And she had a complaint that they were putting pressure
17 on Financial Services Division to pay their bills; right?

18 A That's what she -- I believe that's what she said.

19 Q And she had a complaint that materials the Brewer Firm
20 was using in the interview was intimidating?

21 MS. EISENBERG: Objection, your Honor. Hearsay.

22 THE COURT: Sustained.

23 Q Okay. Did you have an understanding that she had a
24 complaint about the way that the Brewer Firm was interviewing
25 NRA employees?

KM

1 MS. EISENBERG: Objection, your Honor.

2 THE COURT: That would be based on the same
3 out-of-court statement, yes.

4 MS. STERN: Yes. I just want to know if he had an
5 understanding.

6 THE COURT: Sustained.

7 MS. STERN: Okay.

8 Q The Brewer Firm did in the course of those
9 investigations develop research files on the witnesses it was
10 interviewing; didn't it?

11 MS. ROGERS: Objection to questioning general
12 counsel about what kind of research outside litigation
13 counsel were doing.

14 MS. STERN: I don't think I asked that. I'm not
15 asking about the content -- I'm not asking him about the
16 content. I'm asking him about the -- just the fact of --

17 THE COURT: Sustained.

18 Q Are you aware that -- sorry. Strike that -- Board
19 Member Marion Hammer criticized the Financial Service Division
20 employees who brought their complaints to the Audit Committee;
21 didn't she?

22 A I've seen a document to that effect.

23 Q And she said that the whistleblowers -- sorry -- that
24 these employees from the Financial Services Division, that they
25 weren't whistle blowers, but they were quote "Soldiers of the

2 A I have seen that statement by her.

3 Q And Marion Hammer doubted their good will; right?

4 A I don't remember if she said that.

5 Q Did she -- she accused them of trying to protect one of
6 their own as well as attempting to advance their own interests;
7 didn't she?

8 A I recall that statement.

9 Q And she accused them of protecting someone whose been
10 observed and documented to be drunk at work at the NRA; right?

11 A She did. I mean, I disagreed with that as --

12 MS. STERN: Can we -- I want to make sure that this
13 is in evidence.

14 Can we pull up for identification PX 2080 which is
15 found at Tab 4.

16 THE COURT: 2080?

17 MS. STERN: Yes.

18 Q Okay. In Frazer, do you recognize this email?

19 A I do.

20 Q And is this the email that -- in which Ms. Hammer was
21 expressing her views about the bona fides of the Financial
22 Services Division complaints to the Audit Committee?

23 A It is.

24 MS. STERN: Okay. I ask to move this into evidence.

1 MR. FARBER: No objection.

2 THE COURT: It's admitted.

3 Q So, Ms. Hammer writes this e-mail in May 2019; right?

4 A That's the date stamp.

5 Q So, that's awhile after the complaints were brought to
6 the attention of the Audit Committee; right?

7 A Yeah, about ten months.

8 Q And in the third paragraph, she writes:

9 "Clearly these accounts are not seeking to protect
10 the NRA. I think they're trying to protect one of their own
11 as well as attempt to advance their own interests."

12 Do you see that?

13 A Yes.

14 Q And one of their own was Mr. Tedrick; right?

15 A I believe that's who's being referred to here.

16 Q And then she -- just moving down the page, she states
17 that the, quote, "The whistleblower should be ashamed. They're
18 not whistleblowing what I see is orchestrating leaking of
19 distorted information with impure motives, not good deeds."

20 Right?

2 Q You're aware that Judge Journey filed a motion in the

4 A Yes.

5 Q And I think he testified here at this trial that he
6 wanted an examiner independent body to come and look into the
7 allegations that were made of wrongdoing at the NRA; right?

8 A Yes.

9 Q After Mr. -- sorry -- after Judge Journey filed that
10 motion, you distributed a message to the board on behalf of
11 Carolyn Meadows commenting on that; didn't you?

12 A I did.

13 Q Okay.

14 MS. EISENBERG: Your Honor, could I just remind
15 everyone about your instruction regarding references,
16 honorary references to witnesses.

17 MS. STERN: Apologies. I won't use the term,

23 Well, we have this up, so let's just take a look at

BP

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 it?

2 A Yes, I do.

3 Q And the date of this filing was February 8, 2021. Do
4 you see that at the top of the page?

5 A Yes.

6 Q NYSCEF filing, okay. And now if we can turn to -- let
7 me just double check.

8 Okay, Tab 8, which is PX 2235, and this is also in
9 evidence.

10 Okay, Mr. Frazer, do you have it?

11 A I do.

12 Q And is this the message that you distributed to the
13 board?

14 A The bottom part is, yes.

15 Q And, and this went to the full board; correct?

16 A Yes, the board and the executive counsel and probably
17 some -- and the inhouse officers and probably some of the other
18 inhouse staff.

19 Q Did you exclude Mr. Journey from the distribution list?

20 A No.

21 Q And if we can turn to page 2 of the document. And you
22 understood in this message that then President Meadows was
23 calling out Mr. Journey for filing that motion; right?

24 A Ms. Meadows was definitely in strong disagreement with
25 Mr. Journey, and she was expressing her opinion on that.

BP

2592

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q And she was calling him a liar in this e-mail; wasn't
2 she?

3 A I see a reference to saying that his filing "contained
4 outright untruths," yes.

5 Q So, just turning your attention to -- there's not
6 paragraph indentations; but I think the sentence starts:

7 "Beyond other glaring errors and omissions, I'm sad
8 to say the legal filling includes many outright untruths."
9 Right?

10 A I do.

11 Q And you were fine with distributing that?

12 A I mean, our -- the secretary's office policy going back
13 to when -- when I first started has been that if, if one of the
14 officers asks you to distribute it, you distribute it.

15 So, basically, I'm the messenger here, 2019, Ollie
16 North and Wayne LaPierre both asking me to send stuff and I send
17 it and I followed that practice here.

18 Q That only applies to officers; right?

19 A Correct.

20 Q So, if Mr. Journey had wanted you to distribute
21 something to respond to this, that would not be your
22 responsibility; right?

23 A Right. It's been a consistent policy of passing along
24 communications from officers, not every single board member.

25 Q You decided that Mr. Journey wasn't a whistleblower;

BP

2593

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 right?

2 A I didn't regard Mr. Journey as a whistleblower, no.

3 Q And you didn't because you didn't think he was acting
4 in good faith; right?

5 A I don't know if it is a matter of good faith or -- or
6 a matter of -- you know, to my mind a whistleblower complaint is
7 one that raises something new, some information that isn't --
8 that hasn't been available before, and I don't know that he did
9 that.

10 MS. STERN: Jesse, can we --

11 Q Again, I'm going to remind you that you were deposed;
12 right?

13 A Yes.

14 Q And we've gone through this and you took an oath;
15 right?

16 A Absolutely.

17 Q And you testified truthfully, right?

18 A Of course.

19 MS. STERN: Jesse, can we bring up on Mr. Frazer's
20 deposition on July 12, 2022, page 249, lines 15 to 250, line
21 5, please.

22 (Video played)

23 Q So, with respect to the lack of good faith, you
24 determined that he was lacking good faith based on an allegation
25 that he shared confidential information with the media; right?

BP

2594

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A Yes, thanks for refreshing my memory about that
2 concern.

3 Q But you didn't know what the confidential information
4 was; did you?

5 A I'm not sure. I know there was a concern that he
6 had -- that he had done that.

7 Q And you didn't know -- you couldn't identify the source
8 of that allegation; could you?

9 A I don't remember that.

10 Q You didn't recall taking any investigation into that
11 allegation?

12 A Into the -- I'm sorry, into what allegation?

13 Q That he had supposedly leaked confidential information
14 to the media?

15 A I did not investigate that, no.

16 Q But you determined that he lacked good faith; right?

17 A You know, I think what I said in the deposition was
18 that there was some question about his good faith. I'm not
19 sure if I ever reached a conclusion personally one way or the
20 other.

21 Q Okay. So, when Esther Schneider was a board member,
22 she brought concerns to your attention, too; didn't she?

23 A She did.

24 Q And she brought those concerns to you after she was
25 unable to get a satisfactory response from the board's counsel,

BP

2595

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Mr. Wit Davis; right?

2 A Yes.

3 Q And she was asking you for information about serious
4 allegations of financial mismanagement at the NRA; right?

5 A Right, she was asking questions about issues that had
6 been raised around the 2019 annual meeting and that were under
7 investigation.

8 Q And Ms. Schneider's concerns were shared by other board
9 members; weren't they?

10 A Don't recall if I knew that at the time, but I
11 understood that to be the case later.

12 Q And when did you learn it later?

13 A Again, it might have been around the same time. I just
14 don't remember.

15 Q And the other board members are Sean Maloney, one of
16 them; right?

17 A Yes.

18 Q And Tim Knight?

19 A Yes.

20 Q And all three of them were stripped of their committee
21 assignments; weren't they?

22 A They were not assigned to committees; but, you know,
23 under our policy the president -- under the Bylaws the President
24 has the power to make whatever assignments the President sees
25 fit.

15 board member; right?

16 A He was.

17 Q And attached to it if we turn to page 2 of 4 is a
18 letter Mr. Maloney wrote directed to Carolyn Meadows; right?

19 A Yes.

20 Q And turning to page 3 of 4 of that letter, dropping
21 down to the paragraph that begins, "Yet, after all I've done in

9 Q Did you consider Mr. Maloney who indicates in this

12 A No, I don't think I really did.

13 Q And did you consider Esther Schneider to be a

15 A Again, no, I don't think so.

16 Q What about Mr. Knight?

24 Sean Maloney, Esther Schneider and Tim Knight in or about
25 August -- on or about August 1, 2019?

BP

2600

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A It is.

2 Q And they were resigning from the board, correct?

3 A Yes.

4 Q And just turning your attention to page 3 of 4 of
5 Exhibit 590, the third paragraph, they say:

6 "As board members we are duty bound to act with
7 care and in the best interest of the NRA and its mission.
8 Proper discharge of that duty compels us to speak up and
9 take action when we become aware of matters within the
10 Association that run counter to its mission, governing
11 principles, policies or the law."

12 Do you see that.

13 A I do.

14 Q Did you consider their concerns about that?

15 A I did. I mean, these were all issues that were
16 ongoing, that were already under investigation by the time they
17 raised them.

18 Q Okay.

19 MS. STERN: You can take that down, Jesse. Thank
20 you.

21 Q Colonel North and Richard Childress complained to you
22 about the process by which the Brewer firm was retained; didn't
23 they?

24 A I don't remember if I heard directly from
25 Mr. Childress, but I did hear it from Lieutenant Colonel North.

BP

2601

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 Q And at some point you were aware that Mr. Childress
2 also had a concern about that?

3 A I believe he signed on to a letter about that.

4 Q And an outside law firm found that the NRA's retention
5 of the Brewer firm was not in compliance with policy; right?

6 A No, not quite.

7 Q You signed the letter retaining the law firm; didn't
8 you?

9 A I did.

10 Q And Morgan Lewis provided an opinion on the question of
11 whether they were properly retained; correct?

12 A Right, Morgan Lewis was the firm, yes.

13 MS. STERN: Can we turn to PX 658, which is Tab 3
14 in your binder and it is in evidence.

15 (Displayed)

16 Q Mr. Frazer, is this a memorandum that Morgan Lewis
17 prepared for NRA?

18 A It is. After this issue came up, we thought it was
19 good to get a -- that it would be a good idea to get an
20 independent review.

21 Q And turning your attention to the bottom of the first
22 page, do you see at the bottom of the page where Morgan Lewis
23 writes:

24 "As a practical matter when a management board
25 officers have a substantial disagreement regarding the

BP

2602

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 direction scope and course of legal representation, it is
2 incumbent upon the board to decide what is in the best
3 interests of the association in a proceeding that is free of
4 any conflicts of interest."

5 Do you see that?

6 A I do.

7 Q And the concern was that the Brewer firm had been
8 retained by the executives at the NRA; right?

9 A Yes.

10 Q And the two board officers, Lieutenant Colonel North
11 and First Vice President Childress, raised concerns because they
12 had not been asked about the retention?

13 A That wasn't quite -- no, that wasn't quite the issue.
14 Mr. -- Lieutenant Colonel North actually wasn't a board officer
15 at the time the firm was retained.

16 Q He was not a board officer at the time?

17 A That's right.

18 Q And Mr. Childress was, though; correct?

19 A I believe he was.

20 Q And the NRA's purchasing policy required that a
21 contract in excess of a hundred thousand dollars required a
22 President and at least one of the two Vice Presidents to review
23 the contract and acknowledge it; right?

24 A Acknowledge it, yes.

25 Q And that had not happened, right?

BP

2603

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A Unfortunately not, and that's -- and when that point
2 was raised, I thought, you know, they're suggesting that I made
3 a misstep, that it ought to be reviewed independently and that's
4 the memo you see here.

5 Q Retaining counsel, something you would do in the
6 ordinary course; right?

7 A Sure.

8 Q You'd be pretty familiar what the process was; right?

9 A Yes.

10 Q And so the Morgan Lewis did determine that policy
11 wasn't followed; right?

12 A I think they said it was a technical violation; but
13 that because the firm's engagement was well-known and the firm
14 had reportedly regularly to the board, that it should be taken
15 as ratified and they cited some case law to that effect.

16 Q So, this is another instance where there was a
17 ratification that was necessary; right?

18 A I mean, it was Morgan Lewis's opinion was that it was
19 an effective ratification.

20 Q And you relied on Morgan Lewis's opinion that was
21 ratified to proceed forward with the Brewer firm; right?

22 A Only with respect to the matters that were already in
23 place. When we've engaged them on new matters, we have done
24 that whole signoff process.

25 Q Okay, so in response to that, you had to correct your

BP

2604

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 action; right?

2 A Sure. I believe that it was right to, you know,
3 acknowledge a misstep and correct it and move on.

4 Q But before doing that, you had to go outside to an
5 outside firm to get an opinion before you went ahead and did
6 that; right?

7 A I'm not quite sure I follow the question. I mean, we
8 got the opinion to deal with the immediate issue and then going
9 forward, we followed the process.

10 Q Okay. So, Lieutenant Colonel North, Mr. Childress also
11 had a complaint about the magnitude of the Brewer firm's bills;
12 right?

13 A They did.

14 Q And they asked for an independent audit of those bills?

15 A That's correct.

16 Q You were the person that was responsible for reviewing
17 them; right?

18 A Not alone, but I was a person who would review them,
19 yes.

20 Q But you were reviewing them, right?

21 A Absolutely.

22 Q And no independent audit was conducted; right?

23 A No.

24 Q You didn't consider Colonel North to be a
25 whistleblower; did you?

BP

2605

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A You know, I really didn't think of him as one at the
2 time because the President has a lot of authority. Actually
3 going back to the discussion of whether it's a ceremonial role,
4 the President has a lot of authority to get things done; but,
5 but, nonetheless, he did raise a new concern here and we got the
6 independent opinion on the subject and, you know, tried to
7 remedy going forward.

8 Q But he raised another issue, right, which was about the
9 bills?

10 A Correct.

11 Q And we've previously seen letters that he wrote that
12 talked in detail about his concerns about the bills; right?

13 A He did, but I didn't consider those to be whistleblower
14 complaints.

15 Q But the President of the NRA could be a whistleblower;
16 right?

17 A If the President was reporting, you know, a violation
18 of law or policy, sure.

19 Q But -- and he was raising issue about a violation of a
20 policy here; wasn't he?

21 A Not on the size of the bills I don't think.

22 Q But on the other issue, he raised an issue of violation
23 of policy; right?

24 A Right. And so what I'm saying is that even though I
25 didn't really consider him to be a whistleblower com --

1 whistleblower, excuse me. Effectively we treated it the same
2 way I would have treated a whistleblower.

3 Q You said that he didn't have a good-faith complaint;
4 right?

5 A That was part of the concern, and that's a fair point,
6 yeah.

7 Q And the basis of your belief that he didn't have good
8 faith was because he had a conflict with respect to Ackerman;
9 right?

10 A Right.

11 Q But Mr. Childress did not have a conflict with respect
12 to Ackerman; right?

13 A No, he didn't.

14 Q And he had the same concern, right?

15 A I believe -- I mean, I think he signed on to the same
16 letter or letters. There were a lot of letters going back and
17 forth.

18 Q But you're not doubting that Mr. Childress also joined
19 in that concern, right?

20 A No.

21 Q He made a complaint?

22 A Yes.

23 Q And you never spoke to Mr. Childress about his
24 concerns; did you?

25 A I'm not sure if I did or not going back that far.

2 discussed with him; right?

3 A I mean, I talked -- no, I talked to all of them at
4 different times about differential things. I just don't
5 remember a specific conversation with Mr. Childress on that
6 subject.

7 Q When you were deposed in July 2022, you didn't have any
8 recollection then; right?

9 A I don't remember now whether I remembered that then.

10 Q Okay. And you don't recall ever discussing with
11 Mr. Childress whether an independent audit was necessary, right?

12 A Again, I don't remember whether I did or not.

13 Q And to the best of your knowledge, no one ever
14 explained to Mr. Childress why his request for an independent
15 audit was declined?

16 A I'm not sure about that.

17 Q Information security is very important to the NRA;
18 right?

19 A Yes.

20 Q And the NRA takes measures to secure information when
21 it is sharing it; right?

22 A Definitely.

23 Q You're familiar with using secure online portals;
24 right?

25 A Right. The information security is a key control to

BP

2608

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 protect the association against risk.

2 Q And you're familiar with encrypting documents, right,
3 so you can send them and only the recipient can access the
4 document through a password; right?

5 A Sure.

6 Q And the NRA actually used a secure portal, right, to
7 provide information to board members?

8 A Some of the -- for some of the committee processes,
9 yes.

10 Q Is that called Sendinc?

11 A Correct.

12 Q So, Rocky Marshall raised some concerns to you while he
13 was a board member; didn't he?

14 A He did.

15 Q And he asked you for some information about allegations
16 that had been made in the complaint that is the -- being tried
17 here in this courtroom today; right?

18 A I don't -- he raised a number of questions different
19 times without looking at a document. I don't remember that
20 specific issue.

21 Q And he had some concerns about -- he needed to see
22 access to the directors and officers insurance policy; right?

23 A He did. He wanted to review that.

24 Q And you said, Well, you can see it if you come to
25 Virginia; right?

BP

2609

J. Frazer - by Plaintiff - Direct/Ms. Stern

1 A Yeah -- well, or and I offered -- that and I offered to
2 bring it to our annual meeting, which was held in the fall that
3 year.

4 Q But you could have just used Sendinc, right, and just
5 sent it to him through that portal; right?

6 A I don't think we would have been comfortable doing that
7 because anything that's out there electronically, yeah, you can
8 encrypt it; but you can't stop someone from coming in looking
9 over your shoulder. You can't stop them from taking screen
10 shots. You can't stop them from taking pictures of the screen
11 with their phone or from printing a document.

12 So, we were just being consistent with our policy about
13 reviewing sensitive business materials. For years the policy
14 has been people can come into the office and look at them and I
15 actually went a little farther with Mr. Marshall by saying I'll
16 actually bring it to the annual meeting.

17 Q So, when someone is elected to the NRA board, they go
18 through some sort of trainings; right?

19 A Right, we've had a board orientation, gotten bigger
20 over time.

21 Q And confidentiality is something that you emphasize in
22 those trainings; right?

23 A Yes.

24 Q And so board members understand they have
25 confidentiality concerns; right?

BP

2610

1 A It is one of the core duties of a board member.

2 Q But a board member who might be exposed to liability
3 by virtue of being on the board has a reasonable basis for
4 looking at the directors and officers policy that is going to
5 cover them; right?

6 A They would -- I think they would have -- have a
7 reasonable basis to want to know what the coverage is, but I
8 thought and still think that that's different from insisting
9 that it be e-mailed to him immediately on demand anytime.

10 Q So, are the -- is the Audit Committee provided
11 sensitive information so that it can do its work?

12 A Yes.

13 Q And is that provided through the Sendinc portal?

14 A I'm trying to remember what's sent, and I can't think
15 of anything -- anything that sensitive being sent that way.
16 What's usually sent to them through Sendinc is the prior
17 minutes, an agenda and things of that nature. I may be
18 forgetting some things. I'm usually getting it internally, not
19 on Sendinc.

BP

1 Q That's because they don't usually get a lot of
2 information in advance of the Audit Committee; right?

3 A No. I think they get what they need to plan for the
4 meeting.

5 Q So then there's a way to get it to them that's secure;
6 right?

7 A Right, but subject to the concerns.

8 Q And you trust those Audit Committee members?

9 A Sure.

10 Q And they're directors; right?

11 A Yes.

12 Q And Mr. Marshall was a director too; wasn't he?

13 A He was.

14 Q And Mr. Journey testified. You heard his testimony;
15 right?

16 A I did.

17 Q Okay. And he testified about having to go sort of
18 stand in line and review the LaPierre employment agreement at
19 the January 7, 2021 meeting and being sort of pressed for time
20 because other people were in line behind him. Do you remember
21 that testimony?

22 A I do. I do.

23 Q Okay. And that employment agreement, that's another
24 thing that could have been sent to the Board members through
25 secure portal so they could have reviewed it in advance and been

KM

2612

Frazer - by Plaintiff - Direct/Ms. Stern

1 prepared to address the matter that they were being asked to
2 authorize; right?

3 A I think that, again, that was considered a sensitive
4 thing to handle. They handled it in a way that was appropriate
5 to that sensitivity. They had copies.

6 Charles Cotton was in the chair. He repeatedly said,
7 has everyone had a chance to look at it, has everyone had a
8 chance to look at it. Until all people were in their seats and
9 nodding, the meeting didn't move forward.

10 Q But they weren't given the opportunity to consider it
11 and formulate questions that they might have had in advance of
12 the meeting. It had to be done in real time; right?

13 A It was. It was provided for review at the meeting;
14 correct.

15 Q And nevertheless, it did not actually highlight the
16 issue that was looming which was giving Mr. LaPierre the
17 authority to file for bankruptcy; right?

18 A I mean, we have seen the document, and it didn't refer
19 to that.

20 Q Okay. And is the practice of the NRA to provide the
21 990s in draft form to board members at -- in person at a meeting
22 a couple of copies; right?

23 A The practice for many years on the advice of our
24 outside tax preparers at least going back to when RSM did it was
25 that -- you know, so there is a question on the form that asks

KM

2613

Frazer - by Plaintiff - Direct/Ms. Stern

1 if board members have reviewed the form, and/or if its been
2 provided. I can't remember the wording off the top of my head.
3 And RSM's position at least and maybe people before them was
4 that making it available for inspection at a meeting was
5 sufficient.

6 Q And so there is 76 members of the NRA Board; right?

7 A Correct.

8 Q And just about -- but not 76 copies aren't put on each
9 chair; right?

10 A That's right. I don't remember how many copies they
11 have.

12 Q And they are not put in a board book so they can review
13 them the night before.

14 A No.

15 Q And we have looked at a lot of 990s here today.
16 Probably much to everyone's chagrin. They are multi multi-page
17 documents.

18 A About 100 pages.

19 Q Lots of detailed information; right?

20 A Yes.

21 Q And it's the disclosure by the NRA; right. It's a very
22 important disclosure; right?

23 A Right. It's not the only one by far, but it's
24 important.

25 Q Right. Okay. And that -- that could be provided to

KM

2614

Frazer - by Plaintiff - Direct/Ms. Stern

1 them in advance through a secure portal; right?

2 A It could. Again, with the same concerns I mentioned
3 earlier.

4 Q And there's software that exists that you can send
5 someone something but they can't print it. You're aware of
6 that; right?

7 A Yes.

8 Q Okay. Can we turn to PX 159 which is in evidence.
9 It's Tab 41 in your binder.

10 Okay. Do you have it, Mr. Frazer?

11 A I do.

12 Q I just want to ask a clarification question.

13 So this is the 2019 CHAR 500; right?

14 A It is.

15 Q You recognize it; right?

16 A Yes.

17 Q And that's your signature on the certification section
18 of the first page of PX 159; right?

19 A Yes.

20 Q Okay. And can you just read the little notation there.

21 A Sure. So this is the standard certification language
22 that I read earlier, and I added in it, "Except as noted in the
23 cover letter."

24 I hope you can all read my handwriting.

25 Q So Mr. Frazer, when the NRA filed this particular CHAR

KM

2615

Frazer - by Plaintiff - Direct/Ms. Stern

1 500 with the Attorney General's Office, it didn't simultaneously
2 accompany it with the 990 and the financial statement; right?

3 A That's right because the 990 hadn't been signed yet,
4 and I didn't want to say that the form was complete if we didn't
5 have the 990 attached.

6 Q And then the NRA did subsequently file the 990 and the
7 financial statement; is that right?

8 A Right. We -- I can't remember if the financial
9 statement came later on or if it was filed with this originally,
10 but the 990 was sent in a couple of days later after it was
11 signed.

12 Q And ultimately, you intended that your certification
13 would apply to the complete -- what would be the -- constitute
14 the complete CHAR 500 filing which is the CHAR 500 forms, IRS
15 990 and the audited financial statement; right?

16 A That's correct, yes.

17 Q Because you didn't want to be in violation of the
18 filing requirement and not have certified it; right?

19 A Right.

20 Q Okay. With respect to the preparation of the 990s, you
21 have certain responsibilities; right?

22 A Sure.

23 Q Okay. And one of your responsibilities is just to
24 answer questions of others about the form itself; right?

25 A Sure. If someone asks information, it's within my

KM

2616

Frazer - by Plaintiff - Direct/Ms. Stern

1 areas of knowledge, I'll provide it.

2 Q Okay. And you also addressed factual questions that
3 might be within the scope of your knowledge and responsibility;
4 right?

5 A That's kind of what I was getting at; right.

6 Q Okay. So questions about governance fall within the
7 scope of your responsibility; right?

8 A Among others, yeah.

9 Q And there are questions on the 990 about governance;
10 right?

11 A Yes.

12 Q And questions within that section or elsewhere about
13 policies that the NRA has. Those are within the scope of your
14 responsibilities; right?

15 A Depending on the policy, yes.

16 Q But you would know where to find them, right, because
17 you are the secretary.

18 A Generally. I hope so.

19 Q Okay. So that would include whether there is a
20 conflict-of-interest policy; right?

21 A Right.

22 Q And whether the policy is regularly and consistently
23 monitored?

24 A Yes.

25 Q And it's regularly and consistently enforced; right?

KM

2617

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Yes.

2 Q Okay. And whether there is a whistleblower policy;
3 right?

4 A Yes.

5 Q And whether there are policies concerning the
6 reimbursement of travel expenses; right?

7 A Yes.

8 Q And whether there are policies concerning employee
9 perks like payment for health clubs, social clubs, housing
10 allowances. That would be something that you would know or know
11 where to get; right?

12 A I think so.

13 Q Okay. Now, going back to PX 159, the 2019 filing,
14 turning to Schedule L -- let me give you the page on that.
15 Okay. That would be Page 92 of 114, Jesse. Thank you.

16 A I have it on 942.

17 Q Oh, sorry. Wait a minute. You're right. I stand
18 corrected. Hold on. Sorry. Page 98 to 99 of 114.

19 A Okay. Got it.

20 Q So in this 990, the NRA made a number of disclosures on
21 its Schedule L; right?

22 A Yes.

23 Q And those are disclosures of excess benefit
24 transactions; right, what we are looking at right here in front
25 of you.

KM

2618

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Some of them are, yes.

2 Q Okay. And just focusing on the top of Page 99. The
3 box at the top of that page are disclosures concerning Mr.
4 LaPierre; right?

5 A Right.

6 Q Use of travel?

7 A Yes.

8 Q And you don't have any personal knowledge how this
9 was -- the content of this -- strike that.

10 You have no personal knowledge about how these excess
11 benefits disclosed in this portion of the Schedule L were
12 determined; do you?

13 A I didn't participate in that process.

14 Q Okay. And in 2020, additional excess benefits were
15 disclosed for Mr. LaPierre; right?

16 A Do you mean on the 2020 tax form?

17 Q I'm sorry.

18 A This is the 2019.

19 Q That's right. On the 2020 990 which is filed in 2021,
20 there were additional disclosures of excess benefit
21 transactions --

22 A Yes.

23 Q -- involving Mr. LaPierre; right?

24 A That's right.

25 Q Okay; and you also did not personally determine what

KM

2619

Frazer - by Plaintiff - Direct/Ms. Stern

1 they were; right?

2 A I would have to look at that one because there is -- I
3 would have to look at that one.

4 Q Okay. So let's look at it. Let's turn to PX 2374
5 which is in Tab 42 of your binder.

6 A I have it.

7 Q Okay. And Schedule L starts on Page 48 of 108, Mr.
8 Frazer.

9 A Okay.

10 Q And continues to Page 52 of 108.

11 A Right.

12 Q And is there any of these disclosures -- principally, I
13 think they are discussed on Page 51 and 52 of 108 that you
14 personally calculated.

15 A I did.

16 Q Which ones?

17 A The top of Page 52 regarding auto leases.

18 Q Okay. And none of the disclosures about Mr. LaPierre
19 excess benefits other than to the extent that there was a car
20 lease; right?

21 A Right. I didn't -- that's right. I didn't -- I did
22 not perform the review of the other issues involving Mr.
23 LaPierre.

24 MS. STERN: Okay. Excellent. Thank you. Okay. We
25 can put that aside.

KM

2620

Frazer - by Plaintiff - Direct/Ms. Stern

1 Thank you, Jesse.

2 Can we turn to PX 2374 which is Tab 42. That's
3 what we were just looking at. Sorry. Hold on a second. I
4 jumped the gun. Let's bring that back up for a second.
5 Apologies.

6 Q And back to Page 52 of 108. Directing your attention
7 to the bottom of the graph -- of the chart there. There was a
8 question about whether there were any excess benefit
9 transactions involving travel for board members; right?

10 A Yes.

11 Q And that's something that you looked into?

12 A It is.

13 Q And that -- you looked into that in around November of
14 2021?

15 A I believe that's correct.

16 Q November 2021, that would be shortly before the 2020
17 990 was filed; right?

18 A I think it was a couple of weeks before the filing.

19 Q Okay. So can we bring up the -- there is an Excel
20 spreadsheet that accompanies PX 1419 which is already in
21 evidence, both of these documents. It's at Tab 17, but you're
22 not going to see the Excel spreadsheet there. If you want to
23 see the cover email --

24 A Okay.

25 Q And once that's up on the screen -- okay.

KM

2621

Frazer - by Plaintiff - Direct/Ms. Stern

1 So Mr. Frazer, is this a spreadsheet that you used to
2 look into this question as to whether there were excess benefit
3 transactions involving travel for board members?

4 A I'm not 100 percent sure. I think this -- I think
5 there were a couple of them, and this may be one of them, and it
6 would have been at the other tab. I think at the "Board and
7 Officer" tab at the bottom.

8 MS. STERN: Okay. I think -- isn't that what we are
9 in, Jesse. Is that right?

10 Q Okay. And Ms. Rowling provided this information to
11 you, right, direct travel?

12 A I'm not 100 percent sure if this is the spreadsheet.
13 It may have been or it may have done a sort.

14 As I look at this, I see a lot of non -- non-board
15 people on it who we wouldn't have needed to look at. So there
16 was some method to exclude those that -- that are clutter.

17 Q So this is a big data set.

18 A It is.

19 Q So if we can just scroll over to Column U and the
20 column is entitled "trip dest country." Trip destination
21 country is what I guess.

22 A Right.

23 Q And I'm going to ask Jesse to just sort it for Italy.
24 Okay. And then if we can just scroll back over to the left, and
25 you see under "passenger names." Whose names do you see there?

KM

2622

Frazer - by Plaintiff - Direct/Ms. Stern

1 A I see James W. Porter II and Kathryn Hicks Porter.

2 Q And Kathryn Hicks Porter is Mr. Porter's wife?

3 A That's correct.

4 Q And James Porter is Jim Porter who is the then
5 president of the NRA who recruited you to come back to the NRA
6 and be the corporate secretary; right?

7 A Right. Past-president 2013 to '15, I think.

8 Q And so does this shows that -- let's see if we can
9 slide across again to Column O. I mean O and P, please. And
10 that reflects a travel from Dallas to Venice for each of them.
11 Do you see that?

12 A It looks like there are some connecting legs. I'm not
13 quite sure how to read that.

14 Q Okay. There is a trip there from the U.S. to Italy.
15 Would you agree with me on that?

16 A I would agree with that. The Porters actually live in
17 Birmingham, so I'm not sure how to read it.

18 Q Birmingham, Dallas, Venice. And let's see -- and that
19 flight -- let's look over at Column M.

20 Do you see the dates of the trip there?

21 A I do.

22 Q That's in May 2018; right?

23 A Yes.

24 Q And going over to Column Y, they are flying business
25 class part of that trip; right?

KM

2623

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Correct.

2 Q And that was a -- let's see -- did you determine that
3 there was a business purpose for that trip?

4 A You know, sitting here, I can't -- I can't reconstruct
5 the exact business purpose of every trip, but we reviewed -- we
6 reviewed the spreadsheet. We reviewed documents. I recall
7 talking to staff members who might have knowledge of the dates
8 and travel and so on, and we determined that there were business
9 purposes for the trips.

10 Q And what was the business basis on which you determined
11 there was business purpose for this trip?

12 A I don't know if I could reconstruct those facts, but I
13 think I recall it being some donor-related activity.

14 Q So as of August 2022 when you were deposed as the
15 corporate representative of the NRA, you didn't have any
16 recollection at that time what the basis was for determining
17 that there was a business purpose; right?

18 A I don't remember what I testified as the corporate
19 representative.

20 MS. STERN: So Jesse, can we pull up the testimony
21 from the corporate rep deposition, Page 529, Lines 4 through
22 22, please.

23 (Video played.)

24 Q Thank you. Mr. Frazer, can I ask you to turn back to
25 PX 639 which is in your binder at Tab 2 which is in evidence.

KM

2624

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Before we do that, I want to say one thing that I think
2 that video reminded me is that in some cases, the spreadsheet
3 was helpful in figuring out that some of upgrades or some of the
4 travel had been paid for on personal cards. Not necessarily
5 charged to the NRA.

6 Q What reminded you of that while you are sitting here in
7 the courtroom today?

8 A Watching that prior testimony reminded me of the
9 process that we went through, and part of that process is that
10 the spreadsheet shows the credit card number that was used for
11 the travel.

12 Q Okay. So turning to your Tab 2 PX 639, and this is Mr.
13 LaPierre's disclosure form we talked about a little bit earlier.

14 So after you received this disclosure in April, 2020 --
15 2021, you didn't make any inquiry of Mr. LaPierre concerning the
16 information that he disclosed; right?

17 A I did not personally.

18 Q Okay. And you weren't aware of whether the NRA had
19 undertaken any type of investigation or inquiry to determine why
20 the disclosures that are in this PX 639 had not been made
21 previously?

22 A No. I think the NRA had looked into that. I think
23 that's one reason that I thought this -- there was really
24 nothing here that -- that wasn't already known.

25 Q So there is nothing here for anyone to be concerned

KM

2625

Frazer - by Plaintiff - Direct/Ms. Stern

1 about? Is that what you're saying?

2 A That's not what I said. The -- I mean, if you want to
3 break it down item by item, items three and five are the same,
4 and you know, we knew that Colleen's niece worked for -- or that
5 Wayne's niece worked for the NRA.

6 Obviously, we knew about the litigation that's going
7 on, item nine. And then item four were issues that were already
8 under review to my knowledge at the time.

9 MS. STERN: Jesse, can we bring up Mr. Frazer's
10 deposition on Page 370. This is from the litigation lines 4
11 through 12, please.

12 Jesse, if there is a problem, I can just read it.

13 Q Okay. So Mr. Frazer, you recall being deposed in
14 July 2022; right? July 12.

15 A Several times, but yeah. That's right.

16 Q And you were under oath and you swore to tell the truth
17 and you told the truth; right?

18 A Okay.

19 Q And at that deposition you testified:

20 "Question: Are you aware of whether the NRA has
21 undertaken any type of investigation or inquiry to determine
22 why the disclosures that were made by Mr. LaPierre in this
23 2020 financial disclosure questionnaire were not disclosed
24 previously?

25 Answer: I don't recall."

KM

2626

Frazer - by Plaintiff - Direct/Ms. Stern

1 So you didn't recall at that time; right?

2 A I think that's right.

3 Q Okay. And you aren't aware of whether the NRA had
4 undertaken any investigation or inquiry to determine whether the
5 disclosures that Mr. LaPierre made in April 2021 were complete
6 and accurate; right?

7 A Again, I think it -- I think at that -- by that point,
8 it's all wrapped up in litigation and has continued to be
9 investigated right up to this trial.

10 Q So at your deposition you testified:

11 "Question: Are you aware of whether the NRA has
12 undertaken any investigation or inquiry to determine whether
13 the disclosures that Mr. LaPierre made in April of 2021 were
14 complete and accurate?

15 Answer: Um. I had trouble following that. Can you
16 -- can I have that read back?" And the reporter reads it
17 back.

18 And your answer is: "I don't know."

19 And I -- and the next question was: "Who would
20 know that?

21 I don't know who would know that."

22 Okay. Mr. Frazer, are you being indemnified for
23 your attorneys' fees?

24 A My fees have been advanced by the NRA.

25 Q By the NRA?

KM

2627

Frazer - by Plaintiff - Direct/Ms. Stern

1 A Right.

2 Q And did you prepare for your testimony here today with
3 anyone other than your lawyer Mr. Fleming?

4 A I prepared also with counsel from the Brewer Firm.

5 Q Can you -- and who from the Brewer Firm?

6 A Different times with -- excuse me. Very little bit
7 with Mr. Brewer. And then also with Ms. Eisenberg, Ms. Rogers
8 and I think Ms. Dillon the non-attorney.

9 Q So the attorneys who are here and going to question you
10 today, they prepared you for your testimony today?

11 A We did meet on that.

12 Q And how long did you meet with them?

13 A Several times. Several times broken up over a number
14 of days. I couldn't give you a specific amount.

15 Q Several times over what period of time?

16 A A few hours Sunday afternoon, several hours last
17 weekend and some sessions here and there a couple of months ago.
18 I don't remember the dates.

19 Q Did they provide you with materials for those sessions
20 that you reviewed?

21 A I think we went -- I think we went over some documents
22 that were expected to be in evidence, but I don't remember the
23 particulars.

24 Q Did they provide you with a list of the questions that
25 they were going to ask you?

KM

2628

Frazer - by Plaintiff - Direct/Ms. Stern

1 A We discussed some potential lines of questioning.

2 Q And you discussed how you were going to answer those
3 questions?

4 A Discussed some potential answers.

5 Q Okay. And your obligation as an officer of the NRA is
6 to protect the interest of the NRA; right?

7 A Absolutely.

8 Q And you were here yesterday in this courtroom; right?

9 A Yes.

10 Q So you heard Mr. LaPierre's testimony; right?

11 A I did.

12 Q And you heard that he admitted to violating NRA
13 policies; right?

14 A Yes.

15 Q And you heard him admitting to using the NRA's
16 charitable assets for personal benefit; right?

17 MR. CORRELL: Objection, your Honor.

18 Characterizing testimony.

19 A I don't remember his testimony.

20 Q And you heard Mr. LaPierre testify though that he
21 charged expenses that I think he himself said were purely
22 personal to the NRA; right?

23 A I don't remember him phrasing it that way but --

24 Q Did you not understand his testimony to be admitting
25 that he had -- when he chartered a flight to take his niece from

KM

2629

1 Nebraska to an NRA meeting, that that was inappropriate?

2 MR. CORRELL: Your Honor, this is argumentative.
3 Objection.

4 THE COURT: It's a bit of an awkward way to do it
5 because you're summarizing lots of testimony in ways that --
6 you know, unless you're going to cite transcripts and give
7 the actual testimony, there is a risk of it being not
8 entirely consistent with what the testimony was.

9 MS. STERN: I'm not trying to misrepresent the
10 testimony.

11 THE COURT: I didn't suggest that. There is no way
12 to encapsulate hours of testimony into a question like that.

13 MS. STERN: Certainly understand, your Honor.

1 Q So, I guess my question to you, Mr. Frazer, is did
2 Mr. LaPierre breach your trust?

3 A I think Mr. LaPierre has always been very open and
4 honest with me in terms of the communications that we would have
5 and then, and then in trying to rectify issues. You know,
6 whenever I talked to him about a potential problem, he's been
7 very forthcoming.

8 Q So, my question to you is did he breach your trust?

9 A I mean, person to person, no. I mean, to the extent
10 that he's admitted policy violations, I mean -- I don't know how
11 I would characterize that.

12 Q You don't know how to characterize that, is that what
13 you said?

14 A I mean, I don't think it really fits your question.

15 Q In your opinion, did he breach the trust he owed to the
16 members of the NRA?

17 A I'd have to say probably, yes, I think that policy
18 should be followed.

19 Q And in your opinion, did he breach the trust he owed to
20 the NRA as an institution?

21 A I mean, it's the same, the same thing. The
22 organization really is its members.

23 MS. STERN: We'll pass the witness.

24 THE COURT: Okay, do you want to break now so
25 that --

BP

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 MS. EISENBERG: Whatever the jury --

2 THE COURT: We're going to have to break so we
3 might as well do it before you get started on a cross.

4 So, let's take a quick break now.

5 COURT OFFICER: All rise, jury exiting.

6 (Whereupon, at this time the jury then left the
7 courtroom.)

5 COURT OFFICER: Is the court ready?

6 THE COURT: Yes.

7 COURT OFFICER: All rise, jury entering.

10 THE COURT: Have a seat, everyone. We're trying to

13 JUROR: How about the blind is crooked?

14 THE COURT: Is that bothering you?

15 JUROR: We look at everything.

23 BY MS. EISENBERG:

24 Q Good afternoon.

25 MS. EISENBERG: Members of the jury, can you hear

1 me okay?

2 JUROR: Barely.

3 MS. EISENBERG: Is this better?

4 JUROR: Yes.

5 Q Good afternoon, Mr. Frazer.

6 A Good afternoon.

7 Q We heard testimony earlier about buck stopping with
8 Mr. LaPierre.

9 Do you recall that?

10 A Yes, I do.

11 Q Is it true that tomorrow is Mr. LaPierre's last day at
12 the NRA?

13 A I believe so.

14 Q Are you aware of any authority he will retain after
15 tomorrow?

16 A None.

17 Q Are you aware of any funds he will receive from the NRA
18 after tomorrow?

19 A No.

20 Q Let's talk a little bit about the
21 related-party-transaction topic.

22 Can you tell us in general terms what you understand
23 the related-party-transaction law to require?

24 A Sure. So as we discussed with Ms. Stern, the statute
25 defines related parties, and it is a long, convoluted statute.

BP

2634

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 Basically, spouses, family members, close family members and so
2 on of officers, directors or key persons of the NRA; and you can
3 engage in business transactions with related parties as long as
4 you meet certain requirements.

5 Q And what are they?

6 A Generally, approval in advance --

7 MR. FARBER: I'm going to object to these
8 questions. These are asking for legal opinions on what
9 you're going to instruct the jury on.

10 THE COURT: Sustained.

11 Q Mr. Frazer, please tell us what you did upon joining
12 the NRA as General Counsel to help ensure that the NRA complies
13 with the related-party laws?

14 A Sure. So, first of all, we tried to get our arms
15 around the legal requirements; and after analyzing that, as I
16 testified earlier, I started working with our former General
17 Counsel who was still on retainer as a consultant to draft a new
18 conflict-of-interest and related-parties-transaction policy.

19 We went back and forth on that for a month or two, and
20 it was adopted by the board, recommended by the Audit Committee
21 and adopted by the board at the January 2016 meeting.

22 On a parallel track, we revised the disclosure process
23 that had previously been a letter that would go out from the
24 secretary's office based on the business with the association in
25 excess of \$2,000 requirement that was in the Bylaws. And then

BP

2635

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 separately there was a short questionnaire that the treasurer's
2 office sent out to get information, basically, for the 990s that
3 you've seen, and we thought well that's not efficient. We can
4 combine them.

5 And then I was also being asked to sign charitable
6 filing forms in New York and all over the country that asked for
7 other stuff, different states will have unique questions and so
8 we started adding those in, and it's up to 13 or 14 questions
9 now.

10 Q What, if anything, did the Audit Committee of the NRA
11 do with regard to related-party transactions in early 2016?

12 A So, after the policy was in effect immediately when it
13 was passed at the January 2016 board meeting, at the next
14 scheduled Audit Committee meeting we discussed what the legal
15 standards and requirements were and, basically, planned on a
16 more detailed review of existing transactions and potential
17 transactions later in the year. That happened, I believe, in
18 September, and we continued that process ever since as the need
19 arose.

20 Q And what happened specifically at the September 2016
21 Audit Committee meeting with regard to related-party
22 transactions?

23 A The committee adopted a motion or series of motions
24 ratifying existing contracts that were in place, and the
25 committee found that various dealings with board members that

BP

2636

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 had been going on in some cases for several years were very
2 reasonable and in the best interest of the NRA.

3 Q What is the basis for your testimony as to that's what
4 happened?

5 A I was at all the of those meetings.

6 Q Is there any doubt in your mind that at the
7 September 2016 meeting, the Audit Committee in fact reviewed,
8 approved and ratified related-party transactions?

9 MS. STERN: Objection, your Honor.

10 THE COURT: Overruled.

11 A No doubt in my mind.

12 Q Is it true that if you look at the report of the Audit
13 Committee to the board for that meeting, there's no reference to
14 this?

15 A I'd have to look at the report to be sure, but I think
16 that's right.

17 Q Is there a reason for that?

18 A Because as I mentioned -- yeah, there is a reason. As
19 I mentioned earlier, our understanding in talking to -- step
20 back a second, since being elected secretary I had occasion to
21 work with our parliamentary a lot. His job is to advise us on
22 Robert's Rules of Order conducting meetings and documenting
23 meetings; and the guidance that I got was that the minutes
24 should reflect what was done, not what was said. You're not
25 trying to write a transcript, just what actually happened.

BP

2637

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 And that you had two kinds of documents coming out of
2 committee meeting. You can have minutes and then you could have
3 a report, and some -- in some committees, customarily at the NRA
4 they have been kind of the same, they only produce one document.
5 And others, it's been on separate tracks based on reporting to
6 the board, reporting to the board the action items that the
7 board would need to take.

8 So, the committee recommends X, it's in boldface in the
9 report; so the board members at their desk sitting at the
10 meeting can say, This is a recommendation that's before us, pick
11 that out of the whole sometimes multipage report.

12 And so the course of action that we took in the Audit
13 Committee was to say, Look, committee has the authority to
14 document things in its minutes. They don't require board
15 actions, so they don't necessarily need to be in the committee
16 report and we did that for awhile.

17 Later, we decided that the simpler -- and the simpler
18 course of action was just to put them all in there and report
19 everything to the board.

20 Q Are you familiar with Part 7 of the Form 990?

21 A I am.

22 Q Does it typically disclose information related to
23 related-party transactions?

24 A Well, it discusses various things; but, basically,
25 includes a list of your board members and any compensation that

BP

2638

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 they're paid.

2 Q Once filed, is the Form 990 available publicly?

3 A Yes, on demand, basically.

4 Q And as secretary of the NRA, do you provide a report to
5 the members of the association at the NRA's annual meetings?

6 A I do.

7 Q Does that report typically include information about
8 certain related-party transactions?

9 A Sure. For the transactions in excess of \$2,000 as the
10 Bylaw provision spells out.

11 Q As the secretary of the board, do you provide reports
12 to the board at its regularly scheduled meetings?

13 A Yes. Again, the same provision of the Bylaws says that
14 if a board member is doing business in excess of \$2,000, they
15 have to report it to the secretary. The secretary has to report
16 it to the board at the next meeting.

17 Q And is that something that you have done?

18 A Yes.

19 Q Who is Sandra Froman?

20 A Ms. Froman is a current honorary board member,
21 long-time board member since the early nineties, past NRA
22 president, now retired attorney.

23 Q Did you understand the Audit Committee to approve and
24 ratify certain payments to her law firm in connection with her
25 speaking engagements on behalf of the NRA?

BP

2639

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 A I did.

2 Q What is your understanding regarding those speaking
3 engagements?

4 A My understanding of those engagements is that Ms.
5 Froman definitely while she was president of the NRA and for at
6 least some time after that had a busy schedule of going out and
7 traveling and speaking to, you know, to law student groups and
8 others about 2nd Amendment issues.

9 Q To the extent that the Audit Committee of the NRA's
10 board determined that payments in support of those speaking
11 engagements were in the best interest of the NRA, what is your
12 understanding as to how her activities promoted the NRA's
13 mission?

14 MS. STERN: Objection, your Honor.

15 THE COURT: Sustained.

16 Q Who is David Keene?

17 A David Keene is another current board member and past
18 president of the NRA.

19 Q And do you understand the Audit Committee to have
20 approved payments to him in connection with his appearances at
21 Friends Dinners?

22 A Yes.

23 Q What are Friends Dinners?

24 A So, I think it's been testified to before, you have the
25 NRA and then you have various (c)(3) affiliates, you know, where

BP

2640

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 tax contributions are tax deductible. One of those is the NRA
2 foundation and the largest funding mechanism of the NRA
3 foundation is Friends NRA Dinners. They're not like black tie
4 galas. They're kind of low key. They're usually at an American
5 Legion Hall or something like that. And, you know, you'd go
6 there. You'd have dinner. There's a -- there's an auction,
7 sometimes a silent auction, sometimes a live auction, both,
8 raffles and charitable gaming activities.

9 They raise funds for the NRA foundation to support the
10 NRA's eligible activities, and Mr. Keene would go speak at those
11 events.

12 Q Have you attended Friends Dinners?

13 A I have.

14 Q Have you attended a Friends Dinner at which Mr. Keene
15 spoke?

16 A I did.

17 Q In your opinion, did his appearance at the dinner
18 advance the NRA's mission?

19 MS. STERN: Objection, your Honor.

20 THE COURT: Overruled.

21 A It did. It was a -- it was an effective speech
22 motivational, connects well with the members and I thought it
23 was good.

24 Q Who was David Butz?

25 A Dave Butz, sadly now deceased, was an NRA board member

BP

2641

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 for a long time. He was also a retired NFL player. He was kind
2 of a legend of the Washington team in the 80s and played in two
3 Superbowls.

4 He was, also, as I understand it -- I never had the
5 pleasure of going shooting with him; but as I understand it, he
6 was also an excellent shotgun instructor. So, he would take
7 people out and teach them how to hit clay pigeons. So he would
8 do -- do donor events and so on to help the cause.

9 Q And if the NRA made payments to him to show up at these
10 events and to provide marksmanship instruction, do you believe
11 that that advanced mission of the NRA?

12 MS. STERN: Objection, your Honor.

13 THE COURT: Sustained. It's a compound question
14 and it's not based on his personal observation, unlike the
15 one that he heard.

16 MS. EISENBERG: Yes, your Honor.

17 Q Who is Marion Hammer?

18 A Marion Hammer is another current NRA board member, past
19 president, really a legend in the 2nd Amendment community.

20 Regardless of what you think about the issue, she's
21 been highly successful in advocating for what she believes in.
22 She is a -- she's, she's -- she punches above her weight. She's
23 4 foot 11, but has very strong opinions, positions and is just
24 an unflinching advocate for what she believes in. You don't
25 have to agree with everything she says. I think I indicated in

BP

2642

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 some of my earlier testimony, but there's no question sincere.

2 Q While working at the NRA, did you have an opportunity
3 to personally interface with her in connection with lobbying
4 and/or strategic advice?

5 A Many, many, many times over the decades, yes.

6 Q Please tell us a little bit about that?

7 A Sure. So, I first got to know her as when she was an
8 NRA board member and I was at one of my early positions at the
9 NRA working for the then executive director of the Institute for
10 Legislative Action, a woman named Tanya Metaksa of Chris Cox's
11 predecessors. And I would talk to Marion from time to time --
12 excuse me -- Ms. Hammer from time to time on board-related
13 issues or even legislative or political issues where she was
14 working with my boss on one thing or another.

15 I went from the there to the NRA Federal Affairs
16 Division where I worked with the House and Senate delegations
17 for various states including Florida; and with respect to
18 Florida politics, no one knew the players better and I would
19 work with her on that, on that type of thing.

20 From there, I went to the Research and Information
21 Division, which is basically the policy analysis shop in the
22 Institute for Legislative Action. We did a lot of stuff,
23 including reviewing state legislation and, you know, litigation
24 issues that were coming up in Florida; and she would want our
25 take on that and I or my staff would help her with that.

BP

2643

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 When I went into private practice, I actually worked
2 on some litigation issues around issues that she was working on
3 in Florida and filed a couple of -- at least one brief in the
4 Florida Supreme Court that I worked with her on. And then when
5 I came back as secretary in General Counsel, I continued to work
6 with her most on board matters now.

7 Q Let's switch topics a little bit and talk about the
8 financial disclosure questionnaire.

9 Please tell us if you don't mind what role you played
10 in the NRA's efforts to comply with conflict-of-interest and
11 related-party laws?

12 A Sure. I think the bottom line on that is that if you
13 don't know about conflicts or potential conflicts or
14 related-party transactions or potential transactions, you can't
15 do anything about them. You can't make sure that they're
16 appropriate. You can't get the necessary reviews, approvals,
17 disclosures and so on, and so we always thought that that
18 process was important and that's why we've tried to augment it
19 over time.

20 Q Is it fair to say that you periodically send blank
21 financial disclosure questionnaires to every member of the 76
22 member board?

23 A We send it to the entire board, the Executive Counsel,
24 which has been mentioned a couple times; but it is, basically,
25 usually past board members or officers who have been elected for

BP

2644

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 life as non-voting board members. They can attend the meetings
2 and make motions. They don't get to vote. And, also, all of
3 the inhouse officers and key people that would be defined as key
4 employees under various laws.

5 Q Once questionnaire is filled out, is it returned to the
6 secretary's office?

7 A Right. We typically hand it out in person at the
8 January board meeting and e-mail it to the inhouse people around
9 that same time and then they return it to us.

10 A year before last, maybe, we also created an online
11 portal so people can fill it out on a web application.

12 Q Under the NRA conflict-of-interest policy, is it
13 contemplated that you would then pass certain of that
14 information on to the Audit Committee?

15 A Sure.

16 MS. STERN: Objection.

17 THE COURT: Overruled.

18 A Sure. The -- the conflict-of-interest policy says that
19 the forms will be provided to the Audit Committee.

20 As a practical matter, I don't dump all of the forms
21 that report nothing, nothing, nothing, no, no, no, blank, you
22 know, to the committee. I give them the information that they
23 need to act on, which is the people do report something that
24 might require further action or investigation.

25 Q And just because you forward some information to the

BP

2645

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 Audit Committee, does that necessarily mean that you,
2 personally, decided that action is in fact required by the Audit
3 Committee?

4 MS. STERN: Objection, your Honor.

5 THE COURT: Overruled.

6 A No. I forward things on where I already may have an
7 opinion that there's not a conflict, but that it is worth
8 discussing.

9 Q What was Mr. North's related-party transaction?

10 A It was an indirect transaction through Ackerman
11 McQueen.

12 Q Did he disclose it on his financial disclosure
13 questionnaire in 2018?

14 A Not on the first one that he did, which I believe we
15 saw the other day. He reported it eventually, but I don't
16 remember if it was in '18 or '19.

17 Q Did the Audit Committee of the NRA's board,
18 nonetheless, consider information about that contract at its
19 September 2018 meeting?

20 A Yes.

21 Q After that meeting, did any issues arise?

22 A Yes.

23 Q What were they?

24 A After that meeting, I continued -- you know, based on
25 my understanding of the meeting, I continued to press him -- and

BP

2646

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 I don't think I was the only one -- but I continued to press him
2 and there were parallel tracks asking Ackerman for the -- for a
3 copy of the contract.

4 We just thought we needed more information to fully
5 understand what was going on. And North -- Lieutenant Colonel
6 North would always say, "I'll give it to you when Ackerman says
7 I can" and Ackerman would say "Well, we'll give it to you when
8 North says we can."

9 So, it was basically a stonewall situation until
10 February of 2019.

11 Q Is it fair to say that in or around 2018, the NRA's
12 conflict-of-interest policy required related parties to disclose
13 all material information about potential conflicts of interest?

14 MS. STERN: Objection.

15 A I'd have to look at the --

16 THE COURT: Hang on.

17 THE WITNESS: Sorry.

18 THE COURT: The objection being that the document
19 speaks for itself?

20 MS. STERN: Correct, your Honor.

21 THE COURT: Overruled.

22 A I don't remember the exact phrasing. I think there are
23 words to that effect.

24 Q The fact that he wouldn't give you the contract, did
25 that present a problem with regard to that provision of the

BP

2647

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 conflict-of-interest policy?

2 MS. STERN: Objection.

3 THE COURT: Overruled.

4 A Yeah, again, I think the way I would look at that is
5 that the fact that they weren't providing it made us really
6 wonder why they weren't providing. You know, is there some
7 basis -- I think it heightened the concern.

8 Q Was there any issue with regard to whether or not he
9 actually found episodes as he was required to under his contract
10 with Ackerman?

11 A Yes.

12 Q What did you understand that issue to be?

13 A I think he was -- it's in the summary that you saw, but
14 I think he was supposed -- and I think he was supposed to film
15 twelve feature-length issues a year and fell far short of that.

16 Q I'd like to talk to you a little bit about
17 whistleblowing and the NRA's whistleblower policy.

18 What is your understanding as to what the NRA's
19 whistleblower policy has required since 2015?

20 A Well, going back to at least the policy that's dated
21 2015 that's in the Employee Handbook, its provided a reporting
22 channel and we've added to that more recently. But its provided
23 a reporting channel and a requirement that people report issues
24 and the promise that no retaliation would occur if someone
25 reports in good faith.

BP

2648

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 Q And this anti-retaliation provision, would you agree
2 that that's quite important?

3 A Sure. Because, ultimately, you want whistleblowers and
4 that's where one of my points of disagreement with Ms. Hammer's
5 message that we saw earlier, that the -- you know, you want
6 whistleblowers because, otherwise, you might not learn about a
7 problem that exists.

8 Q Have you personally ever counselled anyone at the NRA
9 for what you perceived as a potential violation of this
10 anti-retaliation provision?

11 A Yes.

12 Q Please tell us about that.

13 A We had a situation where an employee had raised -- you
14 know, came to the General Counsel's office with what we thought
15 were well-founded concerns, that he had been pressured into
16 signing a contract above his level of authority and that some of
17 the activities that -- you know, it was basically for a sport
18 shooting activity and there was actually a concern that it might
19 violate the local law in that jurisdiction.

20 Because he came forward, we were -- it was kind of too
21 late to do anything about the contract because the goods had
22 already been purchased, but we were able to resolve the issue
23 with the jurisdiction. So, it was very helpful to have him come
24 forward.

25 Later, he felt that he was being -- I don't remember

BP

2649

J. Frazer - by Plaintiff - Cross/Ms. Eisenberger

1 the details but disparaged or mistreated, and we talked to his
2 human resources director, Ms. Crouch and I talked to his boss at
3 the time and counselled against that, documented it. And the
4 employee was -- told me later e was very happy with the outcome.

5 Q When you say that you "counselled against that," what
6 did you mean?

7 A We met with the manager and said, you know, you
8 don't -- said, you can't do that. He reported in good faith.
9 It was a legitimate issue. We resolved it and, and, you know,
10 whatever kind of pressure or criticism he was getting afterwards
11 was inappropriate.

12 Q You were previously asked by Ms. Stern whether you
13 considered certain individuals to have engaged in
14 whistleblowing.

15 Do you remember being asked those questions?

16 A I do.

17 Q And to the extent that you reached certain conclusions
18 on that issue, what tests in your mind do you apply in deciding
19 whether someone is engaging in whistleblowing?

20 A It's what's in the policy, which is raising a --
21 whether the person, you know, is bringing forward a -- a concern
22 about a violation of -- of law or policy.

23 Now, you know, as I said, with Ms. Stern, if someone is
24 just asking a question about something that someone else
25 previously reported, I don't think I would consider that

BP

1 whistleblowing. But, if - but if it's, you know, new
2 information that might require investigation and action, then
3 that would basically be my standard.

1 Q Moving on to the July 2018 meeting of the Audit
2 Committee, you were here when Ms. Rowling told the jurors that
3 she felt that the concerns that were reported were listened
4 today and received with great interest and attention in sum and
5 substance; right?

6 MS. STERN: Objection.

7 THE COURT: Same ruling on that. I sustain the
8 objection. You can't summarize a witness' testimony that
9 way. You can ask your own questions.

10 Q Did you attend the presentation to the Audit Committee
11 in July of 2018?

12 A I did.

13 Q And what did you perceive the reception to be?

14 A I thought the committee members were very receptive.
15 They -- they were very interested in the information. They
16 asked a lot of questions. After the presentation concluded they
17 were eager to take action. I remember Mr. Coy in particular was
18 very -- vice-chairman at the time and was chairing because Mr.
19 Cotton had to leave early. Mr. Coy was very animated on the
20 subject and his pretty strong opinions about courses of action.

21 Q Do you recall that unfortunately several members of the
22 committee had to leave before the presentation began?

23 A I do.

24 Q What, if anything, did you do to address that?

25 A I -- I preserved the original -- an original copy -- so

KM

Frazer - by Plaintiff - Cross/Ms. Eisenberg

1 the whistleblowers had brought a package of documents to us, and
2 I preserved my original copy and made copies. I Fed Exed them
3 priority overnight to Mr. Cotton and Ms. Meadows and had -- I
4 can't remember if it was separate calls with both of them or if
5 we did a conference call the next day, but I filled them in on
6 what was discussed.

7 Q You were asked about what the investigations were
8 arising out of that meeting, and you testified I believe that
9 you personally undertook certain investigation with regard to
10 the concerns.

11 MS. STERN: Objection.

12 Q Do you recall testifying to that effect?

13 THE COURT: Overruled.

14 A I do.

15 Q Without getting into any privileged matter given that
16 you are the general counsel of the NRA, can you tell us a little
17 bit about the timing, the link, the context of those meetings?
18 I'm sorry.

19 Can you tell us what you did without getting into the
20 substance of the privileged matter?

21 MS. STERN: Objection, your Honor. This was not --
22 this information was not provided during discovery.

23 THE COURT: You're just asking for how long --

24 MS. EISENBERG: I'm asking what he did. I can
25 rephrase if that's easier.

KM

Frazer - by Plaintiff - Cross/Ms. Eisenberg

1 THE COURT: No. I mean -- you know, asking how
2 long something took or -- that's okay. I don't know what
3 was or was not provided in discovery. We will deal with
4 that on cross.

5 Q If I may rephrase.

6 You attended the meeting on July 30?

7 A I did.

8 Q Did you meet with any of the whistle blower individuals
9 before or after that meeting?

10 A I met with different groups of people before and after
11 the meeting.

12 Q What was the purpose of your meetings with them?

13 A So the Top Concerns memo which we have seen had been
14 provided a few days before the meeting. I don't remember
15 exactly when, and I had a meeting with some of the
16 whistleblowers within a few days before the meeting to
17 understand the issues that were in that memo. Some of them and
18 maybe some other topics that had been discussed involved
19 accounting terms. I'm not an accountant, and I'm not familiar,
20 so I wanted to get educated. So I met with them to understand
21 the concerns. And then the day -- and then during the meeting,
22 you know, I took a bunch of notes and follow-up questions and so
23 on -- I met maybe the next day or a day after, very soon after
24 the meeting. I met with Ms. Rowling and Mr. Erstling to go
25 through my follow-up list and figure out what else might need to

2 Q You were asked questions about whether or not certain
3 individuals were appointed to board committees in the Summer of
4 2019.

5 Do you recall being asked those questions?

6 A I do.

7 Q Under the NRA's bylaws in effect at the time, who
8 decides whether to appoint a board member to a committee?

9 A The -- with a couple of exceptions like the nominating
10 committee which is elected by the Board, the executive committee
11 which is elected by the Board, the president is responsible for
12 appointing all members to all committees.

13 Q And that has been the case since you've been the
14 secretary of the NRA?

15 A Definitely.

16 Q Who is Buz Mills?

17 A Buz Mills is a fairly long time NRA Board member. I
18 don't remember how long he's been on, but he's at least 14 or
19 15 years.

20 Q Do you recall whether or not Mr. Mills joined
21 Mr. Journey's motion for an examiner in the NRA's Chapter 11
22 proceeding?

23 A I think he did. I know he testified in that matter.

24 Q Is he currently on the ballot for next year's election?

25 A Yes he was -- he was nominated at the nominating

KM

2655

Frazer - by Plaintiff - Cross/Ms. Eisenberg

1 committee meeting this past fall.

2 Q And that's the nominating committee of the NRA's board
3 is that correct?

4 A It has six board members and three non members to get
5 an outside perspective, but it's elected by the board.

6 Q Let's switch gears a little bit and talk about the
7 NRA's CHAR 500.

8 You were asked about the language that preceded your
9 signature. Do you remember that?

10 A I do.

11 Q You were also asked whether you had personal knowledge
12 of excess benefits or potential excess benefits by Wayne
13 LaPierre reported in Form 990, and you said that you didn't have
14 any personal knowledge.

15 A Other than the auto lease issue, yes.

16 Q Right. Please tell us how you were able to certify the
17 CHAR 500 despite not having personal knowledge with regard to
18 that specific issue?

19 A Well, you're dealing with a 100-page form. It's
20 prepared by a whole accounting team, and in some years outside
21 professional preparers who sign it as well who I understood to
22 be very well qualified, highly recommended.

23 I work -- we work changing group of people, but when I
24 came back, Emily Cummins was in the treasurer's office and had
25 the primary responsible for it. She took it very seriously. I

KM

2656

Frazer - by Plaintiff - Cross/Ms. Eisenberg

1 learned a lot from her, and you know, she and the outside
2 advisors, and you know later people who came in to work on it, I
3 thought did, you know, from any observation I had, did a
4 thorough job.

5 The form is ultimately signed by the treasurer Mr.
6 Phillips or later Mr. Spray or Ms. Rowling, and I relied on what
7 I observed of their skills.

8 Q Did anything in the certification that you signed on
9 the form CHAR 500 in your mind require you to have personal
10 knowledge as to all matters reported in the form or any of its
11 attachments?

12 A No. I don't know if anyone would have personal
13 knowledge of all of the matters afforded in the forms or its
14 attachments or schedules.

15 Q Can you give us a sense of the size of the NRA? For
16 example, how many employees does it have?

17 A I don't know the current payroll and its spread because
18 we have a facility in New Mexico and remote people, but 300, and
19 I mean, I think in the time that I've worked there, recently its
20 been anywhere from 350 to 700 people depending on, you know,
21 Covid furloughs and other issues.

22 Q And based on your observations as an employee and an
23 officer of the NRA -- let's just pick a date. Let's say since
24 August 1, 2020, would you say that compliance has been a way of
25 life at the NRA?

KM

2657

Frazer - by Plaintiff - Cross/Ms. Eisenberg

1 MS. STERN: Objection, your Honor.

2 THE COURT: Overruled.

3 A No. I think that's a fair statement, and it's born out
4 by the training seminars, NRA's and other activities that we do.

5 Q Did Mr. DeWitt share in that attitude?

6 A There was a history of problems with Mr. DeWitt that I
7 think have been pretty well described.

8 Q Does he still work at the NRA?

9 A No.

10 Q Let's talk a little bit about -- or a little bit more
11 about the nominating committee.

12 There was previously testimony regarding the process by
13 which the nominating committee makes its decisions.

14 MS. STERN: Objection, your Honor. Outside the
15 scope.

16 THE COURT: I think that's right. I don't think he
17 was asked about that, so sustained.

18 Q You testified about your responsibilities to the Board
19 aspect.

20 Does the Board also have its own outside counsel?

21 A The NRA as long as I've attended board meetings, so
22 we're going back to 1994 off and on has always had an outside
23 counsel advising the Board.

24 Q When you learned that the NRA filed a lawsuit against
25 Ackerman demanding that Ackerman turn over records, did you

KM

2658

Frazer - by Plaintiff - Cross/Ms. Eisenberg

1 agree with the decision to file that lawsuit?

2 A Oh, yes.

3 Q You were asked earlier whether it was Ms. Rogers my
4 colleague from whom you learned that certain counsel was engaged
5 who had experience in bankruptcy law. Do you recall that?

6 A Yes.

7 Q In your mind, is there anything wrong with the fact
8 that you learned that information from her?

9 A No.

10 Q Do you recall whether or not the Attorney General filed
11 a motion to dismiss the NRA's Chapter 11 petition in the
12 Northern District of Texas?

13 A They did.

14 Q And do you recall whether or not any other state
15 regulator actually supported the NRA's Chapter 11 petition and
16 opposed the motion to dismiss filed by Ms. James?

17 A I'm trying to remember whether the -- I'm not sure I
18 remember.

19 Q No problem. There was some conversation about a
20 purported demand from Lieutenant Colonel North and Richard
21 Childress for an independent audit of outside counsel's
22 invoices.

23 Please tell us what you personally did to review those
24 invoices.

25 A Sure. So I review -- basically, it's the same process

KM

2659

Frazer - by Plaintiff - Cross/Ms. Eisenberg

1 for any outside law firm that I -- that the NRA engages on
2 corporate matters. You know, I get -- the invoice comes in.
3 You know, systems have changed over time, but it comes in either
4 by email, paper, whatever, and I review the -- I review the time
5 entries, the billing.

6 I'm -- you know -- if it's something that one of my
7 assistant general counsels or deputy general counsels have been
8 working on, I'll have them review it to assess whether the
9 charges are reasonable. Do we know everything that that firm
10 was doing? They had the opportunity to ask questions and do ask
11 questions.

12 Q Did there come a time when a portion of the invoices
13 was reviewed by an independent law firm?

14 A Yes.

15 Q Please tell us about that.

16 A Sure. Following a settlement of a litigation matter,
17 pursuant to that settlement -- it's a confidential settlement,
18 so I'm being careful here. Pursuant to that settlement, the
19 other party agreed to reimburse the NRA's bills for certain
20 issues.

21 So those -- I think it was at the insistence of the
22 other party's insurer that was footing the bill. Those invoices
23 would be sent to the -- would be sent to an outside firm Reilly
24 Rhine from my personal knowledge is well regarded in the
25 insurance field, and they reviewed them, and the overwhelming

1 majority were paid.

2 Q When you were asked --

3 A And that firm has every insensitive to, you know,
4 reduce their client's costs, so you know.

5 Q You were asked about the difference in legal spend
6 between 2015 and 2018.

7 Do you recall being asked those questions?

8 A I do.

9 Q Can you explain what contributed to the increase in
10 that expense item?

11 A Yes. The NRA was placed under attack on a whole
12 variety of fronts starting in really late 2017.

13 So in the Fall of 2017, the NRA began to be the subject
14 of some insurance-related investigations about some Affinity
15 insurance programs that I think we've talked about previously.
16 We had to respond to that from 2017 until well into 2018.

17 In 2018 we commenced civil litigation against one of
18 our Affinity partners that had -- that we believed had breached
19 contract with us.

20 We commenced related litigation against the State of
21 New York. We were targeted with I loose count, three or four
22 congressional investigations demanding documents about -- about
23 certain issues, and we had -- responding to those is extremely
24 labor intensive, and we had to -- we had to deal with those.

25 Then it just -- it just -- it just kept going from

KM

1 there including this lawsuit.

2 Q You referenced litigation against the State of New
3 York.

4 What was the claim?

5 A Violations of the First Amendment.

6 Q And that's Freedom of Speech and Freedom of
7 Association?

8 A Correct.

9 Q What was the factual basis for the NRA's claim?

10 MS. STERN: Objection.

11 THE COURT: Sustained.

12 Q In 2015, did a candidate for New York Attorney General
13 pledge to go toe to toe with the NRA?

14 MS. STERN: Objection, your Honor.

15 THE COURT: Sustained.

16 Q In 2015 did a candidate for New York Attorney General
17 pledge to use the constitutional power of her office to
18 investigation the association's legitimacy?

19 MS. STERN: Objection, your Honor.

20 THE COURT: Sustained. You're just trying to ask
21 him questions about why the actual litigation spend went up?
22 Sustained.

23 MS. EISENBERG: Your Honor, I assume if I ask
24 whether that actually happened in 2018 --

25 THE COURT: About actual matters that that caused

KM

1 litigation expense to be incurred, yes, you can ask that.

2 MS. EISENBERG: Thank you, your Honor.

3 Q Did things that Candidate James say on her campaign
4 trail in Summer of 2018 affect or necessitate the legal -- some
5 of the legal spend that you testified about?

6 MS. STERN: Objection.

7 THE COURT: I'm not -- I mean you've tied them
8 together, so I'll let you ask that. Overruled.

9 A Yes. I mean, basically -- basically, we were already
10 dealing with a lot of issues, and we had had -- had, you know,
11 arguably then the leading candidate for the office say that she
12 was going to investigate us, called us a terrorist organization
13 and so on. And you know, preparing for that possibility of what
14 became this litigation was actually something that we had been
15 looking at in the course correction for some time.

16 MS. STERN: Your Honor, I move to strike the
17 hearsay in his response.

18 THE COURT: Denied.

19 Q You understood her to refer to the NRA as a terrorist
20 organization on what basis?

21 MS. STERN: Objection.

22 THE COURT: Counsel, the sole ground I am letting
23 you do this is to tie it to actual litigation spending, so
24 if you can stick to that. Not -- just about actual
25 on-the-ground need for litigation expense and not litigating

KM

2 MS. EISENBERG: Certainly, your Honor.

3 Q In August of 2020, when Attorney General James filed
4 this lawsuit, she sought to -- did she seek to dissolve the NRA?

5 MS. STERN: Objection, your Honor.

6 THE COURT: Overruled.

7 A Yes.

8 Q And did she seek upon such dissolution to distribute
9 the NRA's assets to others?

10 MS. STERN: Objection.

11 THE COURT: Overruled.

12 A Yes.

13 MS. EISENBERG: I'll pass the witness.

3 Q You talked about the Audit Committee ratifying

5 Do you recall that?

6 A Yes.

7 Q In September 2016, did the Audit Committee not only
8 ratify but approve and advance those transactions that were
9 continuing?

10 MS. STERN: Objection to the leading, your Honor.

11 THE COURT: Sustained.

12 Q Did the Audit Committee take any steps to approve
13 related-party transactions in advance?

14 A Yes.

15 Q When did they do that?

16 A Without looking at the documents, I don't remember if
17 we did that -- the committee did that in '16, but I know they
18 did that in late '17.

19 Q Okay. I'll --

20 A And actually, I think in '16 when they said ratified or
21 approved and ratified, I think there was some intention to make
22 it an ongoing approval.

23 MR. FLEMING: Can I call up document PX 1674 for

25 Q So Mr. Frazer --

KM

1 MS. STERN: I'm sorry. Are you going to ask him to

3 MR. FLEMING: I was going to ask him to identify
4 it.

5 MS. STERN: We object to this document.

6 MR. FLEMING: On what ground?

7 THE COURT: I think that's my line.
8 What's the ground of the objection?

9 MS. STERN: It's hearsay, and there is no
10 foundation.

11 MS. ROGERS: It's Plaintiff's Exhibit.

12 MS. STERN: Sorry, your Honor.

13 MR. FLEMING: I can lay a foundation.

14 MS. STERN: Just by virtue of the document being on
15 the Plaintiff's exhibit list, it's not an agreement that
16 it's admissible. We raised this before that we certainly
17 wanted to give the defendants notice of documents that we
18 potentially will use in rebuttal and on cross-examination.
19 So there is no agreement that this document is admissible
20 document nor is there any testimony in the discovery record
21 that would render it so.

22 THE COURT: The objection is to hearsay or
23 foundation?

24 MS. STERN: Both, your Honor.

25 THE COURT: Well, foundation, they can address.

KM

5 think that it meets the business records.

6 MR. FLEMING: Your Honor, why don't I try to lay a
7 foundation?

8 THE COURT: Well --

9 MR. FLEMING: I think I can address hearsay as
10 well.

11 THE COURT: Okay. Including as to the attachment?

12 Are we going to be able to do that with the jury
13 present or -- you can start asking questions about the
14 background of it, and we will see how we go.

15 Q Mr. Frazer, can you see the two pages that are in front

17 A I do.

18 Q Do you have any personal knowledge about this document?

19 A I do.

20 Q How do you have personal knowledge about it?

6 A Yes.

7 Q And is this type of document kept in the ordinary
8 course of business by the NRA?

9 A Yes.

10 MR. FLEMING: I move its admission, your Honor.

11 MS. STERN: Your Honor, I believe that his
12 testimony was he believed, but he is not able to testify
13 that he did prepare the document, and I believe that his
14 testimony on direct was that he did not maintain the minutes
15 of the Audit Committee at the time that this document is
16 purportedly to have been made. And in addition, the email
17 transmittal is several years after the document purportedly
18 was created, and I believe it's also a draft.

19 MR. FLEMING: Which shows that it's maintained.

20 THE COURT: Yeah. I'm more concerned with the fact
21 that he didn't testify that this document was something he
22 drafted. He said it was either him or somebody else.

23 I mean, you know, without -- I think I can get past

4 without talking about the contents. Page -- okay.

5 A It looks like what I drafted to prepare for that
6 meeting and to keep records after the meeting.

7 Q And was it your normal practice in the early years to
8 create documents like this in anticipation of Audit Committee
9 meetings?

10 A Yes.

11 Q What purpose did you create these documents for?

12 A To guide the presentation of issues to the committee,
13 to -- to document the basis for the committee's decisions and to
14 provide appropriate language for resolving issues.

15 Q And do you recall after the meeting passing on your
16 draft to anyone?

17 A I passed it to Mr. Tedrick. I can't remember if it was
18 before or after the meeting.

19 Q And who is Mr. Tedrick with respects the Audit
20 Committee?

21 A He was the committee secretary at the time.

22 Q And with respect to any work he might have done on this
23 -- on your draft afterwards, did you come to see what he had
24 done?

25 A I don't remember. I don't remember if he made any

2 MR. FLEMING: Those are my last questions, your

5 A I do.

6 Q Did Ms. Hammer comments affect in any way your work

8 A No. I mean, the message was several months after
9 that -- after that committee meeting it was in response to a
10 later magazine article, I believe, and didn't affect my review
11 or investigation or counseling of employees at all.

12 Q Now, you were asked questions by both Ms. Stern and

19 A Yes.

20 Q Are you aware of whether the Brewer firm imposed any

6 I think the way you asked it was what his review was based

8 it for his state of mind as to what he thought their policy
9 was. It is not admissible for what actual policy was. That
10 you'd have to talk to the firm about, but I'll permit it
11 solely that this is what he heard.

12 MR. FLEMING: That's how I intended it, your Honor.
13 I apologize.

14 Q Without revealing the content, can you describe the
15 relative level of descriptions of activities that the Brewer
16 firm included in its invoices compared to, say, other law firms
17 you dealt with?

18 A It is comparable. It's a difficult balance for
19 attorneys having, you know, had to write my own bills in my own
20 private practice between overwhelming the client with
21 information and not giving them any clue about what was going
22 on.

23 Q Were you able to tell from the descriptions was work
24 they were doing?

25 A Yes.

BP

2672

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 Q And did it give you a sufficient basis to conclude
2 whether they were complying with what they had been engaged to
3 do?

4 A Yes, and if I had any questions, I could always call.

5 Q And do you have --

6 MS. STERN: Your Honor, I just want to object to
7 the notion of going into this detail when this is
8 information that was redacted and not provided to us during
9 discovery.

10 MR. FLEMING: Your Honor, the question is his
11 review. He's one of several people reviewing and continues
12 to be an issue, so I'm just trying to --

13 THE COURT: I'll overrule the objection. Whether I
14 permit them to based on the breadth of your examination to
15 ask questions that go beyond that, I'll consider it at the
16 time.

17 MS. ROGERS: Your Honor, on behalf of the NRA, we
18 would, obviously, object to questions or answers about
19 content of legal advice discussed in bills; but questions
20 about how long the bills were, were they detailed, were they
21 not, we don't see that as invading the privilege.

22 Q So, Mr. Frazer, moving on to discuss Form 990. You
23 were asked a lot of questions about the Form 990. Do you
24 recall?

25 A Yes.

BP

2673

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 Q And do you recall testimony about the number of
2 individuals and professionals that worked on the 990 annually?

3 A Yes.

4 Q Did you know who Jim Sweeney was?

5 A I did.

6 Q Who was Jim Sweeney?

7 A He was a -- I don't think he was an attorney, but he
8 was a tax advisor with our former accounting firm, RSM.

9 Q Did you have any understanding personally about Mr.
10 Sweeney's reputation and capability.

11 A I understood him to have an excellent reputation, and
12 the little bit that I worked with directly, he was very
13 knowledgeable.

14 Q And do you know who Steve Shulman is?

15 A Steve Shulman is sadly deceased. He's our former
16 outside counsel.

17 Q And same question about Mr. Shulman, do you have any
18 understanding about his reputation or capability or
19 accomplishments?

20 A He was kind of a legend in -- in the DC bar. He had
21 been the General Counsel of the airforce when he was 32 and kind
22 of went on from there. He represented the NRA for decades.

23 Q And do you know what -- withdrawn.

24 Do you know whether Mr. Shulman advised the NRA with
25 respect to 990 issues?

BP

2674

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 MS. STERN: Objection, your Honor, lack of
2 foundation.

3 MR. FLEMING: I just asked him --

4 THE COURT: Well, that question is asking --

5 MR. FLEMING: I just asked him if he knew.

6 THE COURT: You're saying this is before he was
7 involved?

8 MR. FLEMING: Well, he was at the NRA, but before
9 2015, yes, before his second go-round with the NRA.

10 THE COURT: If you have personal knowledge, you can
11 answer.

12 MR. FLEMING: That's all I'm looking for.

13 A I know he advised us on tax issues. I'm drawing a
14 blank sitting here whether he advised us specifically on 990
15 issues.

16 Q Did you understand him to have sort of a tax expertise
17 at all?

18 A He definitely worked on tax issues for us, so...

19 Q I want to ask you one other question with the 990. I
20 know it is getting late.

21 You testified that you had personal knowledge about an
22 auto lease issue. Do you recall?

23 A Sure. So, that's on -- I do, yes.

24 Q I was going to ask you to describe for the jury what
25 your personal knowledge was and what the issue was?

BP

2675

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 A Sure. So, I'll try to boil it down in light of the
2 time that's available.

3 But, basically, I was involved in discovering,
4 reporting and analyzing an issue that involved a purchase of NRA
5 leased vehicles; and the way that it came about is that,
6 historically, for many years the NRA officers and some other
7 executives had the -- as part of the compensation had the use
8 of a leased car.

9 And I got one when I was first elected secretary in
10 2015. It was a three-year lease; and what I was told at the
11 time was that the lease had a termination value, stated a lease
12 termination value you could buy the car for that price at the
13 end of the lease.

14 And in 2018, I did that and got -- you know my wife
15 started driving that car, and I got another car, another leased
16 vehicle.

17 In '21 when the lease on the second car ran out, I was
18 thinking about buying it. And if anyone bought a car in '21,
19 you know that the prices were insane. And I, and I started -- I
20 looked at it again and I thought -- I started asking questions
21 and discovered basically the lease-termination values were
22 significantly lower than fair-market value; and what I figured
23 out was that some employees who had leased vehicles, like the
24 field reps, were being charged fair-market value and officers
25 were being charged the lease termination value. From a

BP

2676

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 leadership standpoint, that didn't seem right to me and I, you
2 know, we reviewed it. We discussed it with tax counsel and,
3 ultimately, decided to report that as a potential excess benefit
4 to me, to Mr. LaPierre, to Mr. Phillips and to Major Land who
5 was the previous secretary.

6 Q So you called that on yourself; is that fair?

7 A Yes.

8 Q And did you pay anything as a result of that?

9 A I paid back the balance. I was able to determine
10 through the JD Power website -- basically, the used car Blue
11 Book, I was able to determine -- it's actually really detailed.
12 You can find out what the price of particular car with those
13 particular options on any particular day would have been at
14 auction. Figured that out, figured out the difference. I paid
15 back the difference with interest and brought the issue to the
16 attention of others, as well.

17 Q And did you pay any excise tax on that?

18 A I did. I there's a 25 percent excise tax. It's an
19 excise tax on excess benefit transactions, so I paid that as
20 well.

21 MR. FLEMING: Your Honor, this might be a good
22 time.

23 THE COURT: Okay, we'll reconvene in the morning,
24 9:30. We'll see you then.

25 COURT OFFICER: All rise, jury exiting.

Proceedings

1 THE COURT: All right, good morning, everyone.

2 I just wanted to start with a couple of preliminary
3 things if everybody is here.

4 I saw the note last night about a few open items
5 which we had been working on. I did finish reviewing
6 Ms. Stanford's testimony and marked up my responses to the
7 objections and the like. My law clerk will be sending those
8 to you shortly, soon.

9 There's a fair amount at the end that I'm
10 concluding may well be admissible in the defendants' case,
11 but is not at least in my view in this case necessary as a
12 counter-designation for completeness. And as I did last
13 time, I -- once I concluded that, I didn't go in and look
14 within that part as to whether there were other objections.

15 I'll wait and see what the defendants are going to
16 do, whether they want to bring that in. And in the same
17 vein, I assumed in that section, there's a bunch of State
18 rebuttal testimony, that that would similarly carry along
19 with the portions that I'm ruling out of scope or I
20 shouldn't say out of scope. It's really more just not
21 counter-designations.

22 I have looked at the summary evidence exhibits and
23 find that they are subject to foundation admissible. If the
24 State represents to me -- which it seems like they are --
25 that all of the underlying documents on the chart have all

BP

2680

Proceedings

1 either already been admitted or are covered by business
2 records certifications that I've accepted and, you know, the
3 cases also make clear that the witness who is going to be
4 tendering the summary exhibits has to be here for
5 cross-examination and my assumption is that the expert is
6 that person; so subject to that, I think it does comply with
7 the voluminous writings case law. The classic use of it
8 where you have, you know, reams and reams of individual
9 invoices and you have somebody organizing it for the jury.

10 I think we can caution them that it is not new
11 substantive evidence; but it is, instead, only as persuasive
12 as the underlying evidence is, but that it is purely for
13 their convenience. I think the cases indicate that it is a
14 good idea to advise the jury of that. But I don't think
15 there's any sort of broader fundamental, legitimate
16 objection to summarizing all of those records in this way.

17 Again, I'm assuming that the witness can explain
18 what he did and how he did it.

19 So, subject to that, those will be admitted.

20 MR. FLEMING: Your Honor, just to make a technical
21 point because I didn't have time last night, I do join in
22 Mr. Phillip's letter request on that issue.

23 MR. CORRELL: Mr. LaPierre does, too.

24 THE COURT: Is that a different request?

25 MR. FARBER: It's a -- that goes to the

BP

2681

Proceedings

1 demonstratives they plan to use with Mr. Hines.

2 THE COURT: Well, that -- I'm trying to follow one
3 thing at a time. Is there a separate demonstrative that has
4 been sent to me?

5 MS. ROGERS: The demonstratives that were
6 circulated by plaintiff with use for their expert and they
7 incorporate the summary evidence, but they have additional
8 -- there's like a hundred slides. Some of them are summary
9 evidence. Some of them are objectionable on the ground
10 Mr. Phillips filed objections which the NRA joins.

11 With respect to the summary evidence, how does your
12 Honor propose to handle the double counting in the
13 tabulations? Does the Court view that as a
14 cross-examination issue?

15 THE COURT: Well, there could be objections to
16 specific kinds of questions if he's not explaining what the
17 numbers are, but assuming they're not proffering them as
18 double counting on purpose and they can just clarify that;
19 I'm assuming that that will be done in the questioning and,
20 yeah, it will be cross-examination.

21 I did not look at the demonstratives. I'm juggling
22 enough things that I didn't notice that that was a separate
23 thing that's going on. I'm happy to look at that if
24 somebody can give me a copy of it at some point during the
25 day and I can look at it over the lunch hour.

BP

2682

Proceedings

1

2

MR. WERBNER: Demonstratives were attached as Exhibit A to that letter so you should have that.

3

4

THE COURT: I don't doubt that I do. I, also, can tell you I have not seen it.

5

6

MR. FARBER: We can get you a copy, your Honor.

7

Thank you.

8

9

THE COURT: In terms of the schedule about the jury instructions, I saw there was also a request that I block off next Friday.

10

11

12

I should just make it clear these Fridays are not days off. I have back-to-back-to-back hearings on my other cases, which hard as it may be to believe are every bit as important to me as this one. I'll do the best I can. I don't want to use a trial day if I can avoid it. And I -- we're looking to try to get these to you this week and we'll just kind of see.

13

14

15

16

17

18

19

20

MR. CORRELL: Your Honor, would it make sense for the Court to give us sort of proposed or the instructions you're considering and we can try to hammer it out?

21

22

23

24

25

THE COURT: That's what I'm talking about. That's what I'm going to give you. I have reconstructed them. I'll just give you -- you know, what I received was probably the most thoughtful set of threes instructions and, also, the least useful because they're just -- I mean, it would be

BP

2683

Proceedings

1 like reading War and Peace to them. I could start now and I
2 wouldn't finish. They're great and this interesting and the
3 next law school seminar that I teach on this I might use
4 them.

5 I don't mean to chide you all. They weren't
6 practical to just give a straightforward set of
7 instructions, and I am adhering in many ways to the
8 statutes. I think there's a lot of principles that people
9 have been sort of tossing around, and we're dealing with --
10 especially with the N-PCL, a statute that is relatively
11 straightforward saying what the standards are and I don't
12 see a great reason to overcomplicate things.

13 But, anyway, I won't give you more clues than that.

14 I do have it substantially shorter now and, you
15 know, we'll see.

16 Anything else before we get the jury? I don't know
17 if they're here.

18 MR. FARBER: One other scheduling matter, your
19 Honor.

20 So, I assume that the State is going to rest today
21 or maybe the latest tomorrow morning. We -- I and the State
22 both asked the NRA who their initial witnesses would be; but
23 we haven't gotten a response to that, and I'd ask the Court
24 direct that. We needed their witnesses who they're going to
25 call tomorrow. We need to know who they are.

BP

2684

Proceedings

1 THE COURT: I thought the letter that just came
2 around last night said exactly who was coming in and in what
3 order; right?

4 MS. CONNELL: That was for the Plaintiff's case --
5 like the resting of the plaintiff's case; but the
6 defendants, collectively, have like 80 or something more
7 witnesses on their list; and we've just asked for at least
8 the first day or two just to know how to focus.

9 THE COURT: Wait, what was the defendants -- the
10 defendants' request you want to know who the State's
11 witnesses are; right?

12 MR. FARBER: You're talking about the defense as a
13 block, but that's not the way things are.

14 THE COURT: You're asking for your other
15 co-defendants' witnesses?

16 MR. FARBER: Correct, your Honor, who as I pointed
17 out is adverse.

18 THE COURT: You all have work to do in
19 coordination, I get it, and 80 is not going to happen.

20 So, I told that you at the beginning that you can
21 plan out your case as much as you want, but you have the
22 time we have and, you know, the rule was to give 24-hours
23 notice, certainly of documents for each witness.

24 I would like to know what's -- what the defense
25 calling of witness is going to be. So, I'll certainly ask

BP

2685

Proceedings

1 you to meet on that over the lunch hour and have some
2 guidance that you can give to the State and to each other as
3 to what you're going to do, but it is not going to be chaos.

4 Whatever it is, I get that it that there are some
5 pieces on which you may have different views, but I don't
6 buy the narrative that this is a completely disjointed group
7 and nobody knows what each other is doing, I just don't.
8 You all have been working together maybe until recently, but
9 certainly for quite a long time as a group; and I think
10 there should have been plenty of time to coordinate all
11 this.

12 And we, also, have to think in terms of scheduling.
13 It wouldn't be the first time that there would be a motion
14 at the end of the State's case, and so I do need to plan
15 that out as to how we're going to do that. It is often
16 oral, and we can -- I think there may well be a need to have
17 to block out an hour to have argument back and forth on
18 that; but we'll find the right -- the right time to do that.
19 Well, we know what the right time is, after you rest; but
20 we'll have to -- hopefully it will fit during either a break
21 or something like that. But there's certainly some
22 questions I have as well, but that will be part of that
23 discussion.

24 So, all right, we have a lot to do and let's get to
25 it.

BP

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 THE COURT: I've forgotten who's on the stand right
2 now?

3 MS. STERN: Mr. Frazer.

4 THE COURT: Sorry, Mr. Frazer, nothing personal.
5 Everyday is a new day for me.

6 (Whereupon, at this time the witness,
7 JOHN FRAZER, having been previously duly sworn/affirmed by
8 the Clerk of the Court, resumed the witness stand and
9 testified as follows:)

10 COURT OFFICER: All rise, jury entering.

11 (Whereupon, at this time the jury then entered the
12 courtroom.)

13 THE COURT: Good morning, everyone. Have a seat,
14 please.

15 All right, we're going to continue with Mr. Frazer.
16 Mr. Frazer, you acknowledge that you're still under
17 oath?

18 THE WITNESS: I do, your Honor.

19 CROSS-EXAMINATION

20 BY MR. FLEMING:

21 Q Good morning, Mr. Frazer.

22 A Good morning.

23 Q As I intended to do last night, I'm going to try to go
24 quickly.

25 JUROR: Can't hear you.

BP

2687

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 MR. FLEMING: No?

2 THE COURT: I think it's okay now. There was a lot
3 of noise.

4 Q Let me start with a couple of technical questions.

5 There's been some reference in the testimony to a
6 corporate representative deposition, and I was wondering if you
7 could clarify for the jury your understanding of the difference
8 between a corporate representative deposition and a personal
9 deposition?

10 A Sure. So, basically, during pretrial discovery in a
11 case that involves a corporation, the parties can ask each other
12 for a deposition by a corporate representative; and that's
13 someone who's appointed by the organization to speak on behalf
14 of the organization.

15 So, instead of a deposition where you're talking about
16 your personal knowledge and you can only prepare about your
17 personal knowledge, you actually can sit down with anyone else
18 in the organization who can fill you in, cram you with
19 information on all type of topics you wouldn't normally deal
20 with.

21 So when you testify, you're testifying on behalf of the
22 total knowledge of the organization rather than what you deal
23 with personally.

24 Q And --

25 MS. STERN: Your Honor, I object. I didn't want to

BP

2688

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 interrupt the witness, but I don't think it is appropriate
2 for him to be instructing on the law.

3 THE COURT: Overruled. I would suggest objected
4 before he already says it, but I think that's fine. I was
5 going to, frankly, say something similarly anyway, but, go
6 ahead.

7 MR. FLEMING: I'm sorry, Judge --

8 THE COURT: Overruled.

9 Q Now, you also testified several times about your own
10 conflict of interest caused by this case?

11 A Yes.

12 Q Can you explain what that is?

13 A Sure. So, under the legal ethics rules, you have to
14 avoid acting as --

15 MS. STERN: Objection, your Honor, same issue.

16 THE COURT: Overruled.

17 A You can't take a role in advising or representing a
18 client in a case where you have a personal interest, personal
19 conflict, any question about your objectivity. And so, you
20 know, my position has been that once I got sued here, I
21 couldn't, you know, really do anything other than be a defendant
22 and witness.

23 Q Now, who first identified for the NRA the conflict you
24 just testified about?

25 MS. ROGERS: Object to the extent this calls for a

BP

2689

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 privileged conversation between the General Counsel and NRA.

2 Q Without disclosing any communications, advice, any
3 privileged communications, are you able to identify who first
4 identified the conflict you just testified about?

5 MS. STERN: Objection, hearsay.

6 THE COURT: It depends on the answer, but, go
7 ahead.

8 A I would say it came to my mind pretty quickly, and then
9 certainly had talks with counsel about it.

10 Q Now, what did the NRA -- NRA do, if anything, to
11 address this conflict?

12 A The NRA created a Special Litigation Committee to
13 manage this litigation and related matters.

14 Q And how, if at all, has this affected your ability to
15 do your full job?

16 A I don't -- basically, the NRA's lawyers don't brief me
17 on the case. They brief the Special Litigation Committee or
18 periodically the board when the board meets; and then on a more
19 day-to-day matter, I don't see the invoices for anything about
20 this case.

21 Q Now, you were asked questions about your preparation
22 for your testimony today.

23 Do you recall the questions?

24 A I do.

25 Q Are the answers you have given in the last two days

BP

2690

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 your answers?

2 A Yes.

3 Q Now, yesterday you were asked about litigation by the
4 NRA against its former public relations agency Ackerman McQueen.

5 Do you recall the testimony?

6 A I do.

7 Q Can you clarify for the jury how many legal disputes
8 there have been with Ackerman?

9 A We -- trying to remember. It goes back a way now. We
10 had the initial demand seeking their access to their books and
11 records under the contract. There was later -- and it was filed
12 in Virginia state court.

13 There was later an additional books and records -- no,
14 additional case on other causes also filed in Virginia. Those
15 were consolidated.

16 Then there was a third case filed in Texas covering
17 some of the same issues, but also intellectual property disputes
18 about the ownership of work and possession of work that they had
19 done for us.

20 All of that was eventually settled, and then the -- and
21 now there's a new case pending based on they're not keeping up
22 their end of the Settlement Agreement.

23 Q And did Ackerman play a role in the NRA's bankruptcy
24 proceeding?

25 A They did.

BP

2691

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 Q What did they do?

2 A I believe they filed a -- I believe they filed a motion
3 to dismiss. I don't remember a hundred percent.

4 Q Did anyone else file a motion to dismiss in the
5 bankruptcy case?

6 A The attorney general did.

7 Q And those are the two, the only two?

8 A I think the DC attorney general joined, as well.

9 Q Now, out of all -- well, let me ask you, did the NRA
10 have any litigation against Under Wild Skies?

11 A We did.

12 Q And how does Under Wild Skies relate to Ackerman
13 McQueen?

14 A Under Wild Skies is a separate corporation owned by
15 Tony Makris who you heard about, an Ackerman executive.
16 Therefore, we believe it's a related company to Ackerman in some
17 respect. And they -- they initially sued us in Virginia state
18 court for breach of contract. We filed counterclaims against
19 them and that was -- that's actually on appeal now.

20 Q Now, out of all the lawsuits involving Ackerman McQueen
21 that you just mentioned, how many were filed without your
22 involvement?

23 A Only the initial books and records demand case.

24 Q And you played a role in all the other litigations?

25 A Yes, yes.

BP

2692

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 Q Now, what led up to the Virginia records lawsuit, the
2 first one you just referenced?

3 A What led up to that lawsuit was that starting in late
4 2018 as we were, you know, trying to understand all of the
5 issues around different vendor relationships and contracts, make
6 sure vendors complied with their contracts, make sure that
7 vendors complied with NRA expense reimbursement policies and so
8 on, we sent letters to -- I don't remember the number -- but
9 probably hundreds of vendors, sort of starting at the top in
10 terms of dollar amounts, reminding them of their obligations,
11 asking them for -- stating NRA policies, asking them for in some
12 cases for backup of -- of records.

13 Q Now, what part -- well, what role did the
14 whistleblowers who came forward from the Financial Services
15 Division in July of 2018 play in causing the efforts we just
16 talked about?

17 MS. STERN: Objection, leading.

18 A One of --

19 THE COURT: Overruled. Go ahead.

20 A One of their issues raised in the Top Concerns Memo was
21 about whether there had been vague or deceptive billing or
22 overbilling, and that was one of the things we were starting to
23 look into with the vendors.

24 Q And did Mr. LaPierre's 360-degree review play any role
25 in this effort, as well?

BP

2693

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 A Well, it was all part of that review.

2 Q Now, in addition to the law -- well, did the NRA
3 utilize outside law firms in this effort?

4 A Yes.

5 Q And did the NRA hire any other professional firms to
6 inspect Ackerman's records?

7 A Yes.

8 Q Can you describe that?

9 A We hired a forensic accounting firm -- well, a couple
10 of things. The -- the Brewer firm attempted to inspect Ackerman
11 records. They met with resistance.

12 There was a separate effort by a different firm, Cooper
13 & Kirk, primarily related to the litigation against one of our
14 insurance partners.

15 Then, and then eventually we hired a forensic
16 accounting firm called Forensic Risk Alliance to really dig in.

17 Q Now, I'd like to explore what role you played in hiring
18 Forensic Risk Alliance.

19 MS. STERN: Objection. Scope, your Honor.

20 MR. FLEMING: Your Honor, Ackerman was asked a lot
21 about, especially Mr. Frazer's role and this goes directly
22 to his role.

23 THE COURT: Overruled.

24 Q What role did you play in hiring Forensic Risk, was it
25 Analysis?

BP

2694

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 A Alliance.

2 Q Alliance, sorry. What role did you play in hiring
3 Forensic Risk Alliance?

4 A We looked at a couple of firms. They had a good
5 proposal. I signed that engagement to engage them to work at
6 the direction of the Office of General Counsel. I received
7 briefings on their findings.

8 Q Well, had Ackerman's lawyers insisted that the Brewer
9 firm not play a role?

10 A I don't -- yeah, I believe at one point they stated
11 that the relationship was adverse, and that they were highly
12 resistant to allowing further inspection.

13 Q So, did you handle Forensic Risk Alliance on your own
14 or did you have help?

15 A I worked with them along with the Brewer firm.

16 Q Now, without disclosing any legal advice privileged
17 communications, are you able to tell the jury what actions you
18 took based on Forensic Risk Alliance's findings?

19 A It all fed into the -- to the litigation ultimately.

20 Q Did Forensic Risk Alliance furnish a report at the end
21 of their work?

22 A They did.

23 MR. FLEMING: Can I call up for identification
24 PX 2333, and I have hardcopies here.

1 MS. STERN: Your Honor, just renewing the scope
2 objection. This is going far outside of what we covered.

3 THE COURT: Do I need one of those, too?

4 MR. FLEMING: Oh, you do. So sorry.

5 (Handed up to the Court)

6 THE COURT: Thank you.

7 MR. FLEMING: Can I give one to the witness?

8 THE COURT: Is it marked?

9 MR. FLEMING: It is. It is PX 2333.

10 (Handed to the witness)

11 Q Are you ready for me to ask questions?

12 MS. STERN: I'm sorry if I didn't hear your Honor,
13 if you ruled on my objection on scope? This is going into a
14 level of detail that I think far exceeds the scope of the
15 direct.

16 THE COURT: Yeah --

17 MR. FLEMING: Your Honor, if I may, I'd like to get
18 the exhibit in at least; and if you don't want me to ask
19 questions on it because too much detail, I'm happy to not
20 ask questions.

21 THE COURT: Well, I'm willing to give some latitude
22 to round out the story; but if you want to go into great
23 detail on this analysis, it can be in your -- part of your
24 case.

25 So, if this witness is the one -- is this the

BP

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 witness who's going to lay the foundation for the admission
2 of this?

3 MR. FLEMING: Yes, I believe so.

4 MS. STERN: Your Honor, I understand FRA is on the
5 defendants' witness list.

6 MS. ROGERS: FRA is on the list by designation, but
7 we think Mr. Frazer who just testified that he hired the
8 firm and was issued a report by them and took actions based
9 on the report can lay a foundation for the document.

10 MS. CONNELL: Your Honor, we -- FRA is available,
11 but it is not unavailable for the purposes of 3117, we
12 believe.

13 Also, FRA as we deposed them, prepared this report
14 and there are questions we have regarding the foundation for
15 this.

16 THE COURT: Yeah, look, I don't think receiving --
17 look, it is a hearsay document, out-of-court statement.
18 Typically, a report like this if it is going to come in at
19 all, I don't even know what the basis would be for it to
20 come in.

21 I think if there's a lot of factual -- I haven't
22 seen this before I don't think, but I'm -- I don't know what
23 kind of foundation you can lay for this with this witness.

24 MR. FLEMING: Your Honor, just to -- Mr. Frazer
25 worked closely with FRA. You're right, he did receive this

BP

2697

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 report. It is their work product, but he engaged with them
2 during it and after it.

3 THE COURT: Well, does that mean that anyone who
4 reads a hearsay statement can have it admitted? I mean, you
5 know, there could be some kinds of things where you say, you
6 know, I took action based on something I heard; and if it is
7 not being offered for the truth of it, then that's okay.
8 But it looks like if I'm just taking a quick glance at this
9 you'd be wanting this to be in for the substantive findings
10 that they, which I don't think I can let in through this
11 witness.

12 MR. CORRELL: Your Honor, if I may, there's another
13 purpose for this which is to show a good-faith effort to
14 investigate and just the fact that this occurred and --

15 THE COURT: Yeah, and he's testified that he went
16 out and got these folks to come in and do the analysis and
17 everything else, but the substance of the analysis has to
18 have a different evidentiary basis to come in to the jury.

19 MR. CORRELL: Correct, but the extent which this
20 was no minor investigation, this is evidence of the extent
21 of the investigation.

22 THE COURT: Yes, but that's -- the exception would
23 swallow the rule if I bought that. To show what the
24 investigation was, we can have this long document come in.
25 It may be ultimately admissible, I don't know, but I don't

BP

2698

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 think the recipient is the right foundation for it.

2 MS. ROGERS: Your Honor, just quickly on the
3 hearsay issue.

4 FRA is not available because although custodians of
5 FRA have left FRA and we can't reach them and this document
6 was admitted in the bankruptcy based on a business record
7 certification by FRA on both I think used it and it is part
8 of a court record.

9 MS. CONNELL: Your Honor --

10 THE COURT: Look, let's not spend the time on this
11 quite yet because it is not ripe.

12 So, for now, not admitted.

13 Q Mr. Frazer, did you discuss with Mr. LaPierre any of
14 the results of the FRA analysis that was done?

15 A At some point I did, yes.

16 Q Did you discuss the results with the Audit Committee?

17 A I don't remember. That committee had a lot of
18 meetings. I'm not sure if we touched on this or not.

19 Q Now, yesterday you testified that you spoke with board
20 officers about the Ackerman litigation. Did you speak with them
21 about the FRA analysis?

22 A Again, I think so, but I'm -- at some point, but I'm
23 not a hundred percent sure.

24 Q Now, yesterday you testified to Ms. Eisenberg that you
25 agreed with the decision the NRA made to sue Ackerman. Can you

BP

2699

1 tell us why?

2 A You know, the Ackerman relationship had been
3 problematic for years. The way I kind of think of it is sort of
4 like an abusive relationship. You know, they gave great service
5 and did good work. They did some really path breaking ad
6 campaigns for us back in the eighties, some good work in the
7 nineties and so on.

8 When I was in ILA, I would fight with them about their
9 messaging. You know, it sort of turned -- as I said -- into an
10 abusive relationship. You're nothing without us. We're going
11 to take the whole place down, obstructing everything we were
12 trying to get.

13 And, you know, at some point you really need to put
14 your foot down and the litigation was a way to do that.

15 Q So, I'd like to change topics and talk about a
16 frequently-discussed topic, which is the Oliver North contract.

17 When did you -- well, withdrawn.

18 Do you recall when you first undertook to try to see
19 his contract with Ackerman McQueen?

20 A At least as -- I personally was trying to get it at
21 least as early as late summer or early fall of 2018.

22 Q And when did you ultimately see his contract?

23 A February 2019.

24 (Continued on next page)

1 Q Okay. Now, when you saw it, had you reached any
2 conclusions about whether Lieutenant Colonel North had given his
3 consent to let you see it?

4 A I -- yeah I think so. I think -- I think he had based
5 on -- as I said, he had said that he wasn't going to show it
6 unless the company agreed to it, and they wouldn't allow it
7 unless he would. So it appeared to be by, you know, mutual
8 agreement on their side.

9 Q And were you in discussions with Ackerman McQueen's
10 lawyers during this period of time?

11 A I was.

12 Q Did they tell you ever that they needed Mr. North's
13 consent?

14 MS. STERN: Objection. Leading.

15 THE COURT: Overruled.

16 A I think so.

17 MR. FLEMING: Now, I'd like to call up for
18 identification JFX118 just not for the jury.

19 MS. STERN: Is this a new document?

20 MR. FLEMING: I tried to get it in the other day.
21 It's on the screen so.

22 Q So Mr. Frazer, do you recognize this email?

23 A I do.

24 Q And were you a participant in the communications in

4 MS. STERN: Objection. It's hearsay, your Honor.

5 MR. FLEMING: I'm not offering it for its truth,
6 your Honor. Just to set a date and give Mr. Frazer's state
7 of mind.

8 THE COURT: Can I -- is this the whole thing, these
9 two pages?

10 MR. FLEMING: No. It goes on. So if we can scroll
11 through it and show --

12 THE COURT: I mean, it's hard for me to say what --

13 MS. STERN: We don't have a copy of it in -- it
14 wasn't provided to us electronically.

15 MR. FLEMING: Can we scroll through the document?

16 Can I ask further foundation questions, your Honor?

17 THE COURT: Well, I'd just like to look at it.

18 MR. FLEMING: Sure.

19 MS. STERN: Ali, can we go to the end?

20 THE COURT: Work backward. Okay. Page before.

21 Page before. Page before. Page before. A lot of talk
22 about traffic. Page before.

23 Okay. I'll admit it. You can't use it for the
24 truth of the matter asserted about how bad the traffic was
25 at the particular time.

KM

1 This is admitted -- I think it's correct. It's for
2 the -- what Mr. Frazer is being told about various things
3 and whether they are true or not is not what this document
4 is for.

5 MS. STERN: Your Honor, we just note that it does
6 not appear that it's the entire email chain. We are a
7 little bit hampered by the fact we don't have a hard copy,
8 but from what we can see on the screen and we don't have the
9 ability to look at that independently.

10 THE COURT: Well, I would ask that they get a hard
11 copy, but everybody has all the same documents in this case.

12 If on redirect you want to bring up a different
13 part of the chain, you're certainly free to do that.

14 MR. FLEMING: I would just note that its been an
15 exhibit as you can see several times.

16 Q Mr. Frazer, who is Steve Ryan?

17 A I'm sorry.

18 Q Who is Steve Ryan?

19 A Steve Ryan is a lawyer at a DC-based law firm that
20 represented Ackerman at that time.

21 Q Okay. Had you had discussions with Mr. Ryan about
22 seeing Mr. North's contract?

23 A Yes. He was one of the individuals we were in touch
24 with about those requests.

25 Q And does this -- having reviewed this email, does this

KM

2703

Frazer - by Plaintiff - Cross/Mr. Fleming

1 refresh any recollection about the date on which you set up to
2 see Mr. North's contract?

3 A It does.

4 Q And what date was that?

5 A February 26, 2019.

6 Q And do you recall actually seeing the contract on that
7 date?

8 A I did.

9 Q And what time of day was that?

10 A I think he was on time. About 8:00 a.m.

11 Q Okay. Now did Lieutenant Colonel North challenge the
12 Brewer Firm engagement at some point in time?

13 A He did.

14 Q And do you recall what day that was?

15 A I think the first communication from him questioning
16 the approval or validity of the contract was later that day.

17 Q Now, you testified that you responded to Lieutenant
18 Colonel North's challenge by sending out a request for help to
19 Morgan Lewis, the law firm; is that right?

20 A Correct.

21 Q Okay. What was Morgan Lewis' conclusion to the
22 question you posed to them?

23 MS. STERN: Objection.

24 THE COURT: On what grounds?

25 MS. STERN: It's both hearsay and it's also

KM

2704

Frazer - by Plaintiff - Cross/Mr. Fleming

1 represented in a document.

2 THE COURT: I was going to say hasn't the written
3 document already been admitted into evidence.

4 MS. STERN: Yes, it has, your Honor.

5 THE COURT: Overruled.

6 Q So speaking to that, can we turn to Tab three in your
7 binder which is PX 658 which is in evidence. And I would direct
8 your attention on the first page of -- well, I would direct your
9 attention on the first page to the second to last paragraph
10 beginning, "In the event."

11 A Yeah, I see it.

12 Q Okay. Can you read that out loud?

13 A Sure. The firm writes, "In the event that the Board
14 officers believe it is in the best interest of the association
15 to terminate the existing engagement with the Brewer Firm, they
16 should obtain an authorizing resolution of the Board of
17 Directors or the executive committee" --

18 THE COURT: You have to read a little bit more
19 slowly. It's surprising how much faster we all talk when we
20 are reading.

21 A I'll start after the comma if that works.

22 "They should obtain an authorizing resolution of the
23 Board of Directors or the executive committee withdrawing
24 management's authority to engage the Brewer Firm."

25 Q So based on your -- based on your knowledge of the NRA

KM

2705

Frazer - by Plaintiff - Cross/Mr. Fleming

1 Bylaws, does the NRA president have authority to do anything of
2 that sort?

3 A Yes. The president has the authority to call a special
4 meeting of the board, to call a meeting of the executive
5 committee and under special circumstances even on less than
6 48 hours notice. And of course at a regular meeting of either
7 of those bodies, the president can offer any resolution he
8 desires.

9 Q And is it fair to say that you believed he had the
10 authority to do that for the purpose of terminating the Brewer
11 engagement?

12 MS. STERN: Objection. Leading.

13 THE COURT: Sustained.

14 Q Well, let me ask you this way.

15 Did Lieutenant Colonel North convene a meeting of the
16 Board of Directors or the executive committee for the purpose of
17 terminating the Brewer Firm engagement?

18 A No.

19 Q Now, you testified yesterday about Lieutenant Colonel
20 North's compliant about the size of the law firm bills.

21 Do you recall that?

22 A I do.

23 Q Can you educate the jury on how such billings might
24 violate -- might violate NRA policy?

25 A You know, any -- any amount that we pay to a vendor has

KM

2706

Frazer - by Plaintiff - Cross/Mr. Fleming

1 to be, you know, fair, reasonable, within the contract amounts
2 and/or if there is an amount specified.

3 Q And were you taking any steps to ascertain that that
4 was -- the Brewer Firm was billing within the bounds of its
5 engagement?

6 A Sure.

7 Q What were you doing?

8 A The invoices would come in every month. I would review
9 them top to bottom thoroughly. They were detailed invoices, and
10 I would ask questions about anything that I didn't understand or
11 that might have seemed out of line and always got satisfactory
12 answers.

13 Occasionally, there would be an adjustment, and you
14 know, it was a pretty simple process.

15 Q Now, there's been a lot of testimony in this, so I'll
16 just ask the simple question.

17 Were you alone in doing that review?

18 A No. After -- well after or at the same time the
19 treasurer of the association would get the bills and review them
20 as well.

21 Q Now, did you ever make any of the Brewer Firm's bills
22 available to Lieutenant Colonel North as he was requesting?

23 A I did.

24 Q When did you do that?

25 A My recollection is it was later on that same day

KM

2707

Frazer - by Plaintiff - Cross/Mr. Fleming

1 February 26 that I informed Colonel North that -- that -- that
2 the invoices for the issues that he wasn't conflicted on would
3 be available for his inspection at my office.

4 Q And where are those bills today?

5 A They are in a box in my office.

6 Q Has Lieutenant Colonel North ever come to see them?

7 A No. I put them in an empty desk drawer, and they sat
8 there for two years probably.

9 Q Okay. New topic. Quick question. Yesterday you were
10 asked questions about dissolution.

11 Do you recall the questions?

12 A I do.

13 MS. STERN: Objection, your Honor.

14 THE COURT: Why don't you just go to the questions
15 rather than summarizing the testimony.

16 Q The question is do you have an understanding of what is
17 meant by dissolution?

18 MS. STERN: Objection, your Honor.

19 THE COURT: Overruled.

20 A Dissolution is the termination of the existence of an
21 organization.

22 Q And so the dissolution of the NRA would mean what to
23 you?

24 MS. STERN: Objection.

25 THE COURT: Overruled.

KM

2708

Frazer - by Plaintiff - Cross/Mr. Fleming

1 A Basically, a corporate death penalty.

2 Q So would it be out of existence if it was dissolved?

3 A Yes.

4 Q Now, do you recall testimony about the 990 and travel
5 expenses?

6 A I do.

7 Q You started in your position in 2015; right?

8 A Yes.

9 Q Did you believe the organization followed a written
10 policy on first class and charter travel?

11 A Yes.

12 Q What was that based on?

13 A It was based on -- on reviewing both the travel policy
14 published to employees and other policies that were -- are in
15 the Board policy manual.

16 Q And did you have any understanding whether your view
17 that the NRA followed a written policy on these issues differed
18 from the historical view taken by the NRA before 2015?

19 MS. STERN: Objection. Leading.

20 A I'm sorry.

21 THE COURT: Hang on a second. Overruled.

22 THE WITNESS: I'm sorry. Could I have the question
23 again?

24 MR. FLEMING: Can you read it back?

25 (Whereupon, at this time the referred to

KM

2709

Frazer - by Plaintiff - Cross/Mr. Fleming

1 question was read back by the Reporter.)

2 A I don't think -- I think 2015. And from 2015 until we
3 comprehensively amended the policy in '21, I think that the
4 policies were fairly clear.

5 Q Now, did there come a time when the NRA changed its
6 view that it was following a written policy on first class and
7 charter travel?

8 A I think there was a little bit of a difference of
9 opinion on that internally.

10 Q But did there come a time when the NRA changed how it
11 treated that question on the 990?

12 A Yes.

13 Q When was that?

14 A That was on the 2019 form that was filled out in late
15 2020.

16 Q Can you describe what happened to cause that change?

17 A Yes. Craig Spray was reviewing the form. He was
18 asking for information about all of this. And when he -- he --
19 shortly before the form was filed, he was looking at the issue
20 of approvals for travel upgrades and questioned whether we were
21 following a policy about having approvals for such -- for first
22 class or business class upgrades.

23 His position -- the position he expressed in
24 conversations with me was that we wouldn't follow a policy
25 because he couldn't locate written approvals for board members

KM

1 in particular.

2 Q Well, I'm not asking about board members. I'm talking
3 about the travel policy for employees.

4 A Oh, sure. That was a little bit different. Yes, there
5 was a policy on that.

6 Q Do you recall what Schedule J is on the 990?

7 A I do.

8 Q What is Schedule J?

9 A Schedule J is an -- is an attachment or disclosure
10 attachment to the 990 that talks about compensation issues
11 primarily.

12 Q Okay. Do you recall the testimony in this case about
13 Schedule J and box checking?

14 A Yes.

15 Q What does the box checking indicate?

16 A Check boxes as to whether certain type of expenses or
17 benefits were paid or reimbursed to officers, directors or key
18 employees. And then there is a box about whether you followed
19 written policies about those types of expense.

20 Q Sir, okay. And historically, the NRA had checked the
21 box "yes;" is that right?

22 A Yes.

23 Q All right. And is it your testimony that that changed
24 with the 2019 990?

25 A Yes.

KM

2711

Frazer - by Plaintiff - Cross/Mr. Fleming

1 Q Okay. And I'll go back and ask you ask you the same
2 question.

3 Can you describe the circumstances of how that came
4 about?

5 A Yes. Mr. Spray was, you know, raising fair questions
6 about some of the travel records he saw and he wondered whether
7 there had been written approvals. He believed that there hadn't
8 been. I went looking and found written approvals for the
9 upgrades he was asking about. He didn't believe that they -- he
10 didn't believe that they were sufficient. I thought they were.
11 I thought with respect to board members they actually tracked
12 the policy that was in place for board members at that time and
13 then the employee policy was a little bit different as well.

14 Q Okay. Now -- but in 2019, did the NRA check the box
15 "no," that it did not follow written policy with respect to
16 first class and charter travel for employees?

17 A Yes.

18 Q And was that the first time it had done so to your
19 knowledge?

20 A To my personal recollection, yes.

21 Q Okay. And when was the 2019 990 filed?

22 A Mid-November 2020.

23 Q And when had the Attorney General filed this case?

24 A August 6, 2020.

25 Q So a couple of months before then.

KM

2712

Frazer - by Plaintiff - Cross/Mr. Fleming

1 A Yes.

2 Q Did you have any understanding about whether that
3 filing by the Attorney General had spooked Mr. Spray in any way?

4 MS. STERN: Objection.

5 THE COURT: I think you may need to ask that a
6 little more of a factual way.

7 Q Did you have any conversations with Mr. Spray that gave
8 you any indication that he might have been unnerved by that
9 filing?

10 MS. ROGERS: Object to the extent it calls for
11 privileged conversations.

12 MS. STERN: The objection is leading.

13 THE COURT: Just sorting through all of that.
14 Overruled on the leading, but the -- to the extent that he
15 was not asking for or seeking legal advice if there is a
16 conversation about that filing, you can answer.

17 A I don't remember a specific conversation on that topic.
18 I know Craig was being very, very careful.

19 Q More careful than usual in your experience?

20 A Well, it was his second year signing the form, and the
21 first year I don't remember him raising any significant
22 questions.

23 Q Now, you had talked about board or -- withdrawn. You
24 had talked about travel expenses for board members just a moment
25 ago.

KM

5 member travel expenses?

6 A Sure. If you give me a moment.

7 Q PX 421 in evidence. Sorry. Nope. Get rid of that
8 first page.

9 I think it's Page 36 of 300.

10 A I think I went past it. Yes. I'm sorry. I see it.

11 Q And I direct your attention to the January 26-27, 1985
12 Board of Director's paragraph.

13 Do you see that?

14 A I do.

15 Q All right. Can you tell us what that reflects?

16 A That reflects the policy that was adopted on the -- on
17 that date in 1985 regarding airfare for attendance at board
18 meetings.

19 Q Okay. And was this policy in effect -- well,
20 withdrawn.

21 Has this policy been changed?

22 A Its been changed now.

23 Q When was it changed?

24 A 2021.

25 Q And before 2021, it was in effect?

KM

Frazer - by Plaintiff - Cross/Mr. Fleming

1 A Yes.

2 Q And I direct your attention to the second sentence.

3 Can you read that out loud?

4 A Sure. It says, "Any special circumstances requiring a
5 variance from that policy must be approved by the executive vice
6 president."

7 Q And what did you understand that sentence to mean as a
8 practical matter for getting approval for variances to travel
9 expenses?

10 A That there had to be an approval by the EVP, but that,
11 you know, it didn't say that it -- it had to be in writing.

12 Q And did you have a debate with Mr. Spray about this
13 issue in or around November 2020?

14 A I did.

15 Q Can you tell us what that -- what was said in that
16 conference?

17 A Sure. So when he asked as I think I mentioned a couple
18 of minutes ago, he asked about approvals for upgrades that he
19 was seeing in documentation of board member travel and I located
20 some emails indicating that Andre Fisher, Mr. LaPierre's
21 assistant saying that Mr. LaPierre had approved travel upgrades
22 for a few people. And then there was another one involving one
23 of my own employees, and Mr. Spray's response was, these aren't
24 approvals. You know, there is no Wayne says.

25 I pointed out to him that the policy in effect at the

KM

2715

Frazer - by Plaintiff - Cross/Mr. Fleming

1 time didn't require a, you know, written piece of paper signed
2 by the EVP. He disagreed with that, and I think that was the
3 basis of his checking the form.

4 Q And who is Andre Fisher?

5 A Mr. LaPierre's long-time executive assistant.

6 Q Did you view writing by Ms. Fisher about what Mr.
7 LaPierre had said to be what Mr. Spray had characterized as
8 Wayne said approvals?

9 A I thought it was a written documentation of an approval
10 that had been given by Mr. LaPierre.

11 MR. FLEMING: Can we call up PX 1890 for
12 identification only. Not for the jury. 1890. And for the
13 benefit of the witness and the Court and everyone, can we
14 scroll from the bottom up slowly.

15 THE COURT: Has this not been admitted yet?

16 MR. FLEMING: It has not.

17 THE COURT: None of it? I just recall some of
18 these from maybe the Spray deposition.

19 MR. FLEMING: There was, but this was one of the
20 attachments that included all of the, you know, things that
21 was not included.

22 THE COURT: So a portion of it may have already
23 been in front of the jury but not all of it.

24 MR. FLEMING: That's right. That's right. Scroll

2 MR. FLEMING: Again --

3 THE COURT: Does anyone have an objection?

4 MR. CORRELL: No objection, your Honor.

5 MR. FARBER: No objection.

6 MS. ROGERS: No objection.

7 THE COURT: Okay. I'll admit it.

8 Q So Mr. Frazer, have you had a chance to review this
9 email and do you recall it?

10 A I do. Well --

11 Q So what does it show?

12 A What it shows is a series of communications where Mr.
13 Spray had asked for documentation of approvals for travel
14 upgrades for certain people.

15 I had asked staff members in my office here mentioned
16 Steven McCormick who was my executive assistant at the time to
17 search the records and find what we had on file. Steven
18 forwarded them to me. I forwarded them to Craig Spray and we
19 -- and you know, Mr. Spray responds as you saw in the first
20 page.

21 Q Okay. And just to cut this a little bit short. Does
22 this email address the approvals for three board members?

23 A It does.

24 Q Marion Hammer, Susan Howard. And is it Major Brown?

25 A Colonel Brown. Lieutenant Colonel to be precise.

KM

1 Q Did you view these to be written approvals, by the way?

2 A I did.

3 Q You can take it down.

4 Changing topics again. Esther Schneider. Do you
5 recall the testimony about Ms. Schneider asking questions of
6 board counsel Wit Davis?

7 A I do.

8 Q Did you subsequent to that email have a discussion with
9 Ms. Schneider?

10 A I did.

11 Q Was it in person or by telephone?

12 A It was by phone.

13 Q How long was the conversation?

14 A About 40 minutes.

15 Q Now did she in the course of that conversation provide
16 any information that you hadn't heard before?

17 A No. She was asking questions.

18 Q What, if anything, did you tell her in that
19 conversation about the work you were doing?

20 A We -- we bounced around a lot of different topics that
21 she had raised and I tried to answer her questions as best I
22 could about the status of different litigation matters,
23 investigations, potential things that we might be doing, and you
24 know, tried to have a dialogue with her.

25 Q And when had you started the work that you were talking

KM

1 to her about?

2 A She was asking about a lot of different topics, so some
3 cases weeks and some cases months.

4 Q How did she respond to your message?

5 A She was argumentative.

6 Q Had you ever come to learn about an incident where Ms.
7 Schneider had insulted President Meadows?

8 A I did hear about that at some point.

9 Q How did you hear about that?

10 A I don't remember exactly how.

11 Q Did you ever have any other information about Ms.
12 Schneider's poor behavior?

2 Q Couple questions about Rocky Marshall.

3 A Sure.

4 Q At the time Mr. Marshall first asked to see the NRA's
5 D&O insurance policy, did you have it?

6 A No.

7 Q Do you recall when you finally -- well, withdrawn.
8 He had asked you in or about August 2021, is that
9 right?

10 A Correct. I think it was around the first week in
11 August.

12 Q Do you recall when you first received the insurance
13 company policy?

14 A End of August, last few days of August.

15 Q Well, are you sure about that?

16 A The policy, yes.

17 Q Now, when you -- do you recall testimony that you had
18 required Mr. Marshall and others to come to the office to view
19 the D and O policy?

20 A I told Mr. Marshall as I -- as I told others around
21 that time and since that they could inspect -- I had requests
22 for other documents and I told them all they could review those
23 documents at headquarters. In Mr. Marshall's case, I also tried
24 to accommodate by making them available at the annual meeting
25 and board meeting that were coming up.

BP

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 Q Did the NRA view the D&O policy to be a sensitive
2 document?

3 A Yes, we've always viewed specific insurance policies to
4 be sensitive.

5 Q Was there a practice at the NRA to require directors to
6 come to the office to view sensitive documents?

7 A Yes.

8 MS. STERN: Objection, leading.

9 THE COURT: Overruled.

10 A Yes.

11 Q Did you ever receive any instruction from the board not
12 to send out this particular D&O policy?

13 MS. STERN: Objection.

14 THE COURT: Overruled.

15 A Before responding to Mr. Marshall's request, I spoke to
16 the board leadership or at least exchanged e-mails with the
17 board leadership president and vice presidents and was told that
18 we should stick with policies and keep things at headquarters.

19 Q And did you apply that practice to everyone?

20 A Yes. I did have a couple of directors later come to
21 headquarters to review insurance policies.

22 Q Now, did you bring the policy to the board meeting as
23 you had promised?

24 A I did.

25 Q Did Mr. Marshall fly from Texas to the meeting in

BP

1 Charlotte?

2 A I don't know how he got there, but he attended the
3 meeting.

4 Q So COVID did not prevent him from coming?

5 A No.

6 Q Did Mr. Marshall ask to see the policy at the meeting?

7 A No.

8 Q Now, another topic. Messages to the board, you
9 testified about this, do you recall, as secretary you convey
10 messages, certain messages; is that right?

11 A I do.

12 Q Now, you were asked about a particular message you
13 forwarded from President Meadows to the board. Do you recall
14 the questions?

15 A I do.

16 Q Did you endorse the content of that message?

17 A Without looking at it, no, I didn't say anything. I
18 had a cover note that said, Please see the message below from
19 Ms. Meadows or something like that.

20 Q Can you recall a time when you as corporate secretary
21 had ever endorsed a message from the board or from the
22 president?

23 A Not offhand.

24 Q Did you ever receive advice --

25 A I might have said something like, you know, please --

BP

J. Frazer - by Plaintiff - Cross/Mr. Fleming

1 you know, there might have been some congratulatory message from
2 a president or something like that where I would say, Please
3 join us all congratulating someone; but I don't know the -- I
4 don't remember particularly.

5 Q But apart from that, you have no memory of endorsing
6 any particular content?

7 A No.

8 Q And were you ever advised when you started as NRA
9 secretary about being neutral?

10 MS. STERN: Objection, hearsay.

11 THE COURT: Just what he was advised, no. It's
12 overruled.

13 Q Can you describe what that -- what that advice was?

14 MS. STERN: Objection.

15 THE COURT: Overruled.

16 A Sure. When I was first elected secretary, I had been
17 working closely with Major Land, Jim Land, who was retiring and
18 he was in his late is seventies and ready to retire, extremely
19 well-respected person within the association, legendary career
20 in the Marine Corp., had been elected in a four-way race for the
21 to secretary's job in I think 1994.

22 And I sat with him for several hours when he was in
23 there cleaning out his office and said -- and he gave me a lot
24 of advice about how did the position. Part of it was, Treat
25 them all the same. He said, "What you do for one board member,

BP

1 you're going to have to do for all of them. Everything you do
2 sets a precedent." And I've tried to stick by that.

3 Q Okay, change topics, last topic.

4 There's been a lot of testimony about the organization
5 moving toward compliance?

6 A Yes.

7 Q Do you recall that testimony?

8 A I do.

9 Q In your view, does Mr. LaPierre get enough credit for
10 that?

11 A No. Mr. LaPierre has been a hundred percent on board
12 with everything we've done over the last five, six years.

13 Q And you testified yesterday that he never breached your
14 trust and that he was always open and honest with you.

15 Do you recall that?

16 A Yes.

17 Q Now, you've worked with him for decades now, is that
18 right?

19 A Yes. I met him shortly after I started at an entry
20 level job in 1993.

21 Q So, based on your observations of him, do you have a
22 view about whether he wanted what was best for the NRA?

23 A Absolutely.

6 Apparently, there was some family situation that

9 We do have Lisa Supernaugh who is also in the

12 I'm sorry, your Honor. This is not a problem any

14 THE COURT: Okay, I'll leave it up to the State for

20 go. If you prefer to proceed with Ms. Supernaugh, we're
21 happy to do that.

7 * * * *

8 THE COURT: Just an update. I don't know what
9 folks are hearing, but the court officers are in touch with
10 Colonel Lee security detail and just a few minutes ago they
11 said they're about twenty, twenty-five minutes away.

12 MS. CONNELL: Yes, your Honor, Mr. Brewer just
13 told us that. So we're going to go with Ms. Supernaugh, I
14 guess.

15 THE COURT: You can sit.

16 Before we bring the jury back, there's been an
17 objection that's come up a few times, and I've overruled it
18 without explanation because I didn't want to get into it in
19 front of the jury.

20 Here's my view on the references to the fact that
21 there was a dissolution claim at the beginning.

22 In my view -- first of all, it is a historical fact
23 and it is relevant in my view factually, given the challenge
24 to the amount spent on legal fees. My judgment has been
25 that the historical fact that the case had a dissolution

BP

2727

Proceedings

1 claim is factually relevant.

2 Now, I know typically you don't talk about
3 dismissed claims, but here I think for unusual reasons, it
4 has some factual significance.

5 Now, the question is whether there's any need for
6 any explanation, and it can be from the bland to the
7 somewhat more specific. I can say to the jury, "You've
8 heard reference to a claim for dissolution of the NRA," and
9 then say, "While that was in the original complaint, it is
10 no longer in the case," just say that, as opposed to, "While
11 that was in the original complaint, it was dismissed by the
12 Court." Either one of those is both accurate, and I think
13 neutral.

14 The concern would be that if the jury is sitting
15 there thinking that's still in the case and something that
16 they have to sort of either they're worried about or that
17 they're going to have to think about or that it is still
18 hanging over this, that might be something that's worth
19 disabusing them of.

20 MS. CONNELL: Your Honor, Ms. Stern and I had
21 discussed that. We're going to ask you for a curative
22 instruction.

23 We were particularly concerned about a statement
24 that Mr. Frazer made about dissolution in seeking to take
25 the NRA's money and give it to other sources; and I think

BP

2728

Proceedings

1 your first kind of bland statement would be fine, and I
2 think it would both serve the purpose that you're admitting
3 those statements for and not mislead the jury.

4 THE COURT: Right, I don't think it is curative
5 because I don't think there was anything inappropriate about
6 it, but just explanatory.

7 MS. ROGERS: Your Honor, saying that that may have
8 been it was in the case, but it was dismissed does not
9 impeach the witness because he was telling the truth. He
10 was basing his actions on a true perception of the case.

11 THE COURT: I think the phrasing I was thinking
12 of was that it was in the case originally, but it is no
13 longer in the case now and it is not something you're going
14 to be having to address, rather than getting into dismissal
15 which gets a little more complicated.

16 MS. ROGERS: I understand, your Honor.

17 THE COURT: All right. So, with both sides think
18 that's at least a fair way to describe it, I'll tell the
19 jury when they come in.

20 All right, so we're going to switch tracks,
21 right?

22 MS. CONNELL: Yes, your Honor, to Lisa Supernaugh.

23 THE COURT: I'll let you announce that. Let's get
24 the jury, if they're ready.

25 Also, while we're waiting, has somebody sent me or

BP

3 MS. COUTU: Your Honor, I have that right here and
4 a copy of our letter of last night.

5 (Handed up to the Court)

6 THE COURT: Thanks.

7 MS. ROGERS: Your Honor, before we get the jury, my
8 understanding is that Ms. Supernaugh is getting into the
9 building; but I don't know if we want them to wait for her
10 so maybe we should give them another five minutes break.

11 THE COURT: You can't really make this up.

12 All right, can you -- if they're not already
13 assembling, just tell them to hang a minute more.

14 (Pause in the proceedings)

15 THE COURT: While we're waiting, I meant to ask you
16 about this.

17 I see there's a statute-of-limitations argument in
18 the papers here. Where would I go to find the State's
19 position on statute of limitations? I'm sure it's in some
20 court papers somewhere.

21 MS. CONNELL: Yes, your Honor.

22 THE COURT: Can you turn the mike on.

23 MS. CONNELL: Yes, your Honor. I think it would be
24 in -- best summarized in the opposition to Mr. Powell's
25 summary judgment motion, and I'm sorry, I don't have the

BP

2730

Proceedings

1 NYSCEF number of our memo --

2 THE COURT: I'll find it. I don't recall deciding
3 it, one way or the other, did I?

4 MS. CONNELL: You did not decide it because you
5 decided Mr. Powell had waived it. But I would point the
6 Court, in particular, to the Porter case from the Supreme
7 Court, 328 U.S. 395, which we think is very important here.

8 THE COURT: For the New York statute of
9 limitations?

10 MS. CONNELL: Yes. I think, fundamentally, your
11 Honor, the argument is that this is a legal issue or legal
12 claim, so a three-year statute of limitations applies; and I
13 think the Porter case is definitive.

14 Our position has always been that this is a
15 primarily equitable case, which seeks primarily equitable
16 relief and that even to the extent money relief that is
17 monetary in nature is sought is in the form of restitution
18 to the NRA, the Porter case establishes that's equitable
19 nature when the government seeks such relief; and, thus,
20 six-year statute of limitations applies.

21 Here, in addition there's the fiduciary in place
22 that tolls the statute of limitations. That can be found in
23 the Trump case that we cited in the Powell memorandum of law
24 along with a plethora of other authorities.

25 MS. COUTU: Your Honor, if I may briefly respond to

BP

2731

Proceedings

1 that.

2 Your Honor actually already decided when you
3 bifurcated this case that as to especially the individual
4 defendants, that it is predominantly monetary damages that
5 are being sought here and it is actually the law of the case
6 here.

7 THE COURT: In this phase of the trial, for sure,
8 it's that; but the argument is that it is the claim that
9 determines the statute of limitations.

10 MS. COUTU: Your Honor --

11 THE COURT: Look, I'm not going to decide this as
12 we sit here right now. I will note, by the way, that the
13 section of the N-PCL doesn't actually talk about fiduciary
14 duties. It just says duty, but whatever it is --

15 MS. CONNELL: The Trump Foundation case spoke to
16 this, your Honor. It is by a colleague in the Supreme
17 Court, but it did apply a six-year statute of limitations
18 even where there were equitable and monetary relief sought
19 and so I think that should guide the Court --

20 THE COURT: Now, what you call restitution here, I
21 haven't heard your damages witness at this point; but is it
22 -- it's compensatory, right? The idea whether it is
23 related-party transaction or whatever, it is not
24 disgorgement. I mean, you may be seeking -- I don't know
25 whether you're still seeking return of salary, but with

BP

2732

Proceedings

1 respect to excess benefit transactions or whatever, those
2 are compensatory; right?

3 MS. CONNELL: Well, your Honor, first the N-PCL 720
4 permits an accounting, and it permits the Court to direct
5 the -- the officers or directors, whoever, to return the
6 monies owed to the NRA.

7 THE COURT: Well, we have sailed passed this idea
8 as an accounting -- I think the word "account" there is of
9 somewhat unclear. By everyone agreeing that the jury was
10 going to decide this, this is a damages case. This is not
11 some equitable proceeding to determine the number. I think
12 I specifically asked that. There's got to be a mechanism
13 for calculating this. This is not some number they pull out
14 of thin air.

15 MS. CONNELL: Your Honor, it's true to have the
16 number that the jury assigns to repay the NRA, the jury is
17 going to decide that; but that doesn't change the
18 fundamental nature of the claims here. Even the nature of
19 the monetary relief they're awarding, it is equitable in
20 nature. It is restitution.

21 That's why we pointed to Porter, and we do seek
22 equitable relief even as to the individual defendants,
23 including removal, including the fiduciary bar and those are
24 important. Those are I would say primary and predominant
25 really.

BP

2733

Proceedings

1 MR. CORRELL: Your Honor, with respect to
2 Mr. LaPierre, he as of today will be removed. So, she
3 can't -- the Attorney General can't base her argument on
4 that with respect to him.

5 It is a statutory claim. It is a claim created
6 based on a duty created and imposed by statute, and the
7 Trump case was settled and without any Appellate review and
8 the discussion was, I believe, a few sentences about these
9 issues.

10 So, I would argue that that is inapposite.

11 THE COURT: Well, let me think this all over.

12 So, let's -- the witness is now here. Which
13 witness is now here?

14 MS. CONNELL: I've understood that Ms. Supernaugh

17 no, we haven't told the jury who's coming in yet.

1 called as a witness in behalf of the Plaintiff,
2 and after having been first duly sworn by the Clerk of the
3 Court, took the witness stand and testified as follows:

4 THE CLERK: State your name.

5 THE WITNESS: Lisa Supernaugh.

6 THE CLERK: Spell your last name.

7 THE WITNESS: S-U-P-E-R-N-A-U-G-H.

8 THE CLERK: Thank you. You may be seated.

9 THE COURT: The microphone is not terribly
10 sensitive, so the closer you can sit to it, the better.

11 THE WITNESS: Okay.

12 THE COURT: Ms. Kandel, you may start.

13 MS. KANDEL: Thank you. Can everyone hear me okay?

14 DIRECT-EXAMINATION

15 BY MS. KANDEL:

16 Q Good morning, Ms. Supernaugh.

17 A Good morning.

18 Q My name is Erin Kandel, and I represent The People of
19 the State of New York in this action.

20 You worked for a period of time as Mr. Phillip's
21 executive assistant; is that right?

22 A Yes.

23 Q And, approximately, how long were you his executive
24 assistant?

25 A About twenty-one years we worked together.

BP

2736

L. Supernaugh - by Plaintiff - Direct/Ms. Kandel

1 Q And, eventually, you became the NRA's managing director
2 of Executive Operations general operations; right?

3 A Correct.

4 Q And do you still hold that position with the NRA?

5 A I do.

6 Q While you were Mr. Phillip's executive assistant, you
7 were responsible for processing invoices from certain NRA
8 vendors; isn't that right?

9 A That's correct.

10 Q And as part of processing invoices, you would give the
11 invoices to Mr. Phillips to review and sign if he approved
12 payment; is that right?

13 A Yes.

14 Q And once the invoices were approved and signed, they
15 were sent on to the NRA's Department of Financial Services to
16 issue payment; right?

17 A Correct.

18 MS. KANDEL: I'd like to introduce a document
19 that's been premarked for identification as PX 2068.

20 Q That's Tab 1 in the binder right next to you.

21 MR. CORRELL: Your Honor, I'm sorry to interrupt,
22 but the realtime is not functioning down here. I don't know
23 if it is up there?

24 THE COURT: It's not.

3

MR. PETERS: No objection.

4

THE COURT: This document is admitted.

5

MS. KANDEL: Thank you, your Honor.

6

Q Ms. Supernaugh, this document is two e-mails dated
7 September 16, 2018, that you sent to Mr. Phillips. Do you see
8 that?

9

A I do.

10

Q And the subject of the e-mails is "List of Invoices
11 Processed Regularly Without Contract."

12

Do you see that?

13

A I do.

14

Q And in the two e-mails you wrote a list of NRA vendors;
15 right?

16

A I did.

17

Q And Mr. Phillips requested that you put this list of
18 vendors together; is that correct?

19

A He made that request, yes.

20

Q And one of the vendors listed in your e-mail is "GS2
21 Gayle."

22

Do you see that?

23

A I do.

24

Q And you were referring to Gayle Stanford and her
25 company GS2 Enterprises; right?

BP

2738

L. Supernaugh - by Plaintiff - Direct/Ms. Kandel

1 A Yes. That's the name of her company.

2 Q And you're familiar with Gayle Stanford; right?

3 A Only over the phone.

4 Q You worked with her for over twenty years; right?

5 A Close to it, yes.

6 Q Ms. Stanford billed the NRA through her company, GS2
7 Enterprises; right?

8 A Yes.

9 Q And she billed the NRA through another entity called
10 I.I. and I.S.; right?

11 A Yes, early on.

12 Q And you were responsible for processing invoices for
13 Ms. Stanford's entities, right?

14 A Yes.

15 Q Ms. Stanford would send invoices directly to you by
16 e-mail; right?

17 A Yes.

18 Q And she would send you invoices for travel services
19 she had arranged for Mr. LaPierre and other NRA executives;
20 right?

21 A Yes, but predominantly Mr. LaPierre.

22 Q And among those invoices were invoices for air
23 transportation; right?

24 A Yes.

25 MS. KANDEL: I'd like to introduce a document

BP

2739

L. Supernaugh - by Plaintiff - Direct/Ms. Kandel

1 that's been pre-marked for identification as PX 830. That's
2 Tab 2 in the binder.

3 And, having received no objection, I'd move to
4 admit it into evidence.

5 MR. CORRELL: No objection, your Honor.

6 THE COURT: Hearing none, it is admitted.

7 MS. KANDEL: Thank you, your Honor.

8 Q This document is a December 13, 2017, e-mail from
9 Ms. Stanford to you attaching three invoices. Do you see that?

10 A I do.

11 Q And looking at the second attached invoice which is the
12 third page of the document, this is an invoice for air
13 transportation from GS2 Enterprises; right?

14 A It is.

15 Q And this is how invoices for air transportation
16 typically looked when you received them from Gayle Stanford;
17 right?

18 A Yes, they did.

19 Q And the invoices typically included the outbound or
20 departure location for the flight; isn't that right?

21 A Yes, they included origination and destination.

22 Q And this invoice includes that information, right?

23 A Yes.

24 Q And turning now to the third attached invoice, which is
25 the fourth page of the document. This is another invoice for

BP

2740

1 air transportation from Gayle Stanford; right?

2 A It is.

3 Q Now, after you received air transportation invoices
4 from Ms. Stanford, you would modify the information included on
5 those invoices; right?

6 A The invoice would just then say air transportation, but
7 the original would be attached to that and filed in my office.

8 Q So, you would modify the invoices Ms. Stanford sent you
9 by removing the flight departure location and flight destination
10 location; right?

11 A Correct, for security reasons for Mr. LaPierre.

4 Q I'd like to introduce a document that's been premarked
5 for identification as PX 1926. And having received no
6 objections, I would move to admit it into objection.

7 MR. FLEMING: No objection

8 THE COURT: Having heard no objection, it's
9 admitted.

10 MR. CORRELL: No objection.

11 Q Ms. Supernaugh, I would like you to turn to Page 165 in
12 your binder, and this is an invoice for air transportation from
13 GS2 Enterprises which you processed for payment; right?

14 A It is.

15 Q And earlier we were looking at the original of this
16 invoice sent to you by Gayle Stanford which is Page 3 of Exhibit
17 PX 830.

18 A That's right, yes.

19 Q And the original invoice included the flight departure
20 and flight destination information?

21 A It did.

22 Q And you removed that information from the invoice when
23 you processed it; right?

24 A I did for security reasons for Mr. LaPierre.

25 Q Now, turning to Page 166 of PX 1926. And a few moments

KM

Supernaugh - by Plaintiff - Direct/Ms. Kandel

1 ago, we looked at the original of this invoice that Ms. Stanford
2 sent you which was Page 4 of PX 830; right?

3 A Yes.

4 Q And this is another example of an invoice where you
5 removed the flight departure and flight destination location;
6 right?

7 A It is.

8 MS. KANDEL: Okay. We are going to turn to a
9 document I'd like to introduce that's been premarked for
10 identification as PX 846. That's Tab 5 in the binder.

11 Having received no objections, I would move to
12 admit this into evidence.

13 MR. WERBNER: No objection.

14 MR. CORRELL: No objection, your Honor.

15 THE COURT: All right. Hearing none, it's
16 admitted.

17 Q Ms. Supernaugh, this document contains three emails
18 between you and Ms. Stanford dated May 10, 2018.

19 Do you see that?

20 A I do.

21 Q Looking at the bottom most email, Ms. Stanford writes
22 to you, "Would you like to separate invoices under \$50,000 for
23 the cars rather than one very large one."

24 MR. FLEMING: Objection.

25 THE COURT: I think you added a word. You said

KM

2743

Supernaugh - by Plaintiff - Direct/Ms. Kandel

1 like two separate invoices.

2 Q I'll try that again.

3 And Ms. Stanford writes in the bottom most email,
4 "Would you like separate invoices under \$50,000 for the cars
5 rather than one very large one."

6 Do you see that?

7 A I do.

8 Q And you understood this email as Ms. Stanford offering
9 to send you multiple invoices for under \$50,000 rather than one
10 invoice for a larger amount; right?

11 A I understand that, yes.

12 Q And in the middle email you responded to Ms. Stanford,
13 "Yes, if possible. Makes it easier on this side to get
14 processed."

15 Do you see that?

16 A I do.

17 Q And at the time you exchanged these emails with Ms.
18 Stanford, NRA policy required two NRA officers' signatures
19 approving invoices over \$50,000 for payment; right?

20 A It did and it still does, yes.

21 Q And invoices for under \$50,000 only required one NRA
22 officer signature approving the invoice for payment; right?

23 A Correct.

24 Q So if Ms. Stanford sent multiple invoices for under
25 \$50,000, those invoices only needed to be signed by Mr. Phillips

KM

2744

Supernaugh - by Plaintiff - Direct/Ms. Kandel

1 to be approved for payment; is that correct?

2 A That's correct.

3 Q And in your email to Ms. Stanford you told her to send
4 separate invoices for under \$50,000 rather than one large one so
5 it would be easier to process the invoices; right?

6 A I did. So that we could get her payment in seven to
7 ten days as she required.

8 MS. KANDEL: You can take that down, Jesse. Thank
9 you.

10 I'd now like to turn to a document that's been
11 premarked for identification as PX 853, and that's Tab 6 in
12 the binder. And having received no objections, I'd move to
13 admit it into evidence.

14 MR. WERBNER: No objection.

15 MR. CORRELL: No objection, your Honor.

16 THE COURT: Hearing none, it's admitted.

17 Q Ms. Supernaugh, turning to Page 2 of this document,
18 Page 2 is a letter dated January 18, 2018 that you wrote to Mr.
19 Powell when he was then the NRA's chief of staff and executive
20 director of general operations; right?

21 A Yes.

22 Q And the letter is attached to two pages of bullet
23 points followed by some documentation; right?

24 A It is.

25 Q And you wrote the bullet points and gathered the

KM

2745

Supernaugh - by Plaintiff - Direct/Ms. Kandel

1 accompanying documentation; right?

2 A I did.

3 Q And you did that at Mr. Powell's request; correct?

4 A Correct.

5 Q And turning to Page 3 of the document and looking at
6 the third bullet point, you describe an invoice for payment from
7 Paul Erickson.

8 Do you see that?

9 A I do.

10 Q And you wrote, "It is believed that this invoice is for
11 deposits and payments for Hallow's son's wedding in
12 Minneapolis."

13 Do you see that?

14 A I do.

15 Q And the last sentence of the third bullet point you
16 wrote, "Close to the date of this invoice, I recall her saying
17 that WLP wanted us to 'pass this through' as it was easier this
18 way." Do you see that?

19 A I do.

20 Q And by "her" you meant Millie Hallow; right?

21 A Correct.

22 Q And by "WLP" you meant Wayne LaPierre; right?

23 A Yes.

24 Q And the fourth bullet point you described another Paul
25 Erickson invoice dated June 20, 2012.

KM

2746

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 Do you see that?

2 A Yes.

3 Q And you wrote, "It is believed that this was the first
4 of the invoices for Hallow's son's wedding."

5 Do you see that?

6 A I do.

7 Q And in the fifth bullet point, you similarly identified
8 another Paul Erickson invoice dated July 16, 2012 that you
9 believed was for deposits for Ms. Hallow's son's wedding.

10 Do you see that?

11 A Yes, this was my suspicion.

12 Q And turning to Page 5 of the document. Not Page 5.
13 Turning to Page 8 of the Document 8 of 55, this is one of the
14 Paul Erickson invoices that you believed was for Millie Hallow's
15 son's wedding; right?

16 A It is.

17 Q And the amount of that invoice is \$10,000; correct?

18 A It is.

19 MS. KANDEL: Thank you. No further questions.

20 THE COURT: Okay. Any cross?

21 MR. PETERS: Yes.

22 CROSS-EXAMINATION

23 BY MR. PETERS:

24 Q Good morning. I'm Noah Peters for the NRA.

25 Ms. Supernaugh, can you tell us how long you've worked

KM

2747

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 for the NRA?

2 A I've been there 25 years.

3 Q Do you believe that the NRA is effective in advancing
4 its mission?

5 A I certainly do.

6 Q Can you -- and why do you say that?

7 A I believe we're the most effective educator in the
8 country when it comes to training.

9 MS. KANDEL: Objection. Scope.

10 THE COURT: The direct was very, very narrow, and
11 to keep things moving, you can call this witness in your
12 case if you want to.

13 I will ask you to keep to the scope of the direct,
14 so sustained.

15 MR. PETERS: Okay.

16 THE COURT: So sustained.

17 Q Yeah. Did you in your work at the NRA, did you review
18 invoices?

19 A I did.

20 Q Okay. Can you describe your role in reviewing invoices
21 that were sent to be paid by the NRA?

22 A Invoices would cross my desk at the treasurer's office
23 for things that Mr. Phillips would oversee. Certain contracts,
24 certain vendors, that sort of thing. I would apply the
25 appropriate coding, ask him questions about it if I wasn't sure

KM

2748

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 what it was for and then go to him to get approval.

2 Q Would you seek to insure that the NRA only paid charges
3 that complied with its policies?

4 MS. KANDEL: Objection. Leading.

5 Q Did you or did you not see your role as insuring that
6 the NRA would follow its policies?

7 MS. KANDEL: Objection leading.

8 THE COURT: Overruled.

9 A Yes.

10 Q Can you describe how you did that?

11 A We always looked at invoices to make sure if we had
12 contracts and had backup and that sort of thing and make sure
13 that those vendors that had contracts were actually doing work
14 that was benefiting the mission itself.

15 Q And so do you believe that you were effective in that
16 role of insuring that the NRA only spent money on its mission?

17 MS. KANDEL: Objection. Scope.

18 THE COURT: Sustained. Sustained.

19 Q Okay. Did you ever raise -- did you ever raise
20 concerns to anyone about invoices that did not comply with the
21 NRA's policies?

22 A I did.

23 Q Who did you raise those concerns to?

24 A I'd speak is to Mr. Phillips about it since he was my
25 principle.

KM

2749

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 Q So what were those complaints -- what would those
2 concerns consists of?

3 MS. KANDEL: Objection. Scope.

4 THE COURT: Sustained. They asked -- she was asked
5 about very specific invoices.

6 Q Okay. Fair enough. If we -- so if we move to PX -- so
7 let me take a step back.

8 Did there ever come -- was there ever a time in your
9 career when the NRA's approach to paying invoices changed?

10 A Yes.

11 Q Okay. Can you describe what that time was?

12 A Late 2017, early 2018 we did a compliance refresh that
13 we looked at all of our policies and procedures and buttoned
14 things up and made them tighter.

15 MS. KANDEL: Objection to scope.

16 THE COURT: I'm trying to figure out if that time
17 period is the time period of the invoices at issue in your
18 direct. Is that your point?

19 MR. PETERS: Yes. So if we look at PX -- yes,
20 certainly is. So if we -- do you want me -- if you look at
21 PX 2068, this is an email from September 6, 2018 which would
22 have been the time that she's describing.

23 THE COURT: Is that one of the documents she saw on
24 direct?

25 MR. PETERS: Yes. It's the first document.

KM

2750

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 THE COURT: Well, if you want to ask her about that
2 document and then bring in whatever relevance you think it
3 has about the process that was going on around it, that's
4 one thing. But just general questioning about the process
5 changing is outside the scope.

6 MR. PETERS: Understood. Why don't I go -- I'll go
7 through that document.

8 Q Okay. So if you look at Tab 1 of the Plaintiffs binder
9 PX 2068, can you describe why you wrote this email?

10 THE COURT: You want to put that on the screen?

11 Q Yes. It's Tab 1 of the plaintiffs.

12 THE COURT: PX 2068.

13 A That was the email to Woody Phillips with contracts.

14 Q Can you describe why you wrote that email?

15 A Because we were buttoning things up. We were making
16 sure that our consultants and that sort of thing all had
17 contracts.

18 Q So what -- what was -- so if we go through this
19 document here, what specifically were you flagging for Mr.
20 Phillips about these different relationships?

21 A That these were the relationships that were being paid
22 that did not have contracts but all had value.

23 Q Okay. Can you describe a little bit, for example, what
24 Ms. Froman was being paid for?

25 MS. KANDEL: Objection. Scope.

KM

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 THE COURT: Overruled.

2 MR. PETERS: Yeah.

3 THE COURT: It's relevant to this document. Go
4 ahead.

5 Q Go ahead, Ms. Supernaugh.

6 A Ms. Froman was past-president of the NRA, and she would
7 be a surrogate for Mr. LaPierre and go out and speak at NRA
8 events, speak at local politico events, that sort of thing and
9 continue the Second Amendment Grassroots mission.

10 Q And you knew that how?

11 A I knew that because she would discuss with me via phone
12 that she'd be traveling for Wayne and that sort of thing.

13 Q Okay. Was she ever after that given a written
14 contract?

15 A I don't believe so.

16 Q Okay. Now Mr. Robinson, can you describe what services
17 he was performing for the NRA?

18 A Mr. Robinson's the same. Former president. He's an
19 excellent auditor and surrogate for Wayne to go out and speak on
20 the Second Amendment issues. Very politically motivated.

21 Wayne can't be in 500 different places at once, so he
22 had good folks that would be a great representation of him.

23 Q Okay. With respect to GS2, Gayle. Can you describe
24 what services Gayle was providing to the NRA?

25 A She provided travel arrangements.

KM

2752

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 Q And did she -- she booked travel arrangements for
2 Mr. --

3 A She booked travel arrangements for Mr. LaPierre.
4 Wayne, yes.

5 Q Anyone else at the NRA?

6 A She would do some for Ms. Hallow car services. That
7 kind of thing, yes.

8 Q What about Mr. Keene. What was Mr. Keene doing?

9 A Mr. Keene, the same way. He's past-president,
10 wonderful politico, worked for the Reagan administration, things
11 like that and just another great speaker to go out and get the
12 Second Amendment.

13 MS. KANDEL: Just object on foundation grounds.
14 The witness hasn't described how she knows this information.

15 Q How do you know Mr. Keene was doing all this?

16 A We discussed it. He would tell me he was flying. If
17 his assistant was unavailable, I would make flight arrangements
18 for him.

19 THE COURT: Objection. Sustained. Hearsay.

20 Q What about Mr. Kopel? Do you know what services he was
21 performing?

22 THE COURT: By your personal knowledge.

23 Q By your personal knowledge.

24 A My personal knowledge, he would be a researcher and
25 writer, mogul for the Second Amendment.

KM

2753

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 He would do a lot of great work to help Mr. LaPierre
2 make speeches, help us in defense cases such as Heller and
3 Brewer.

4 Q Now when you -- and would these individuals send you
5 invoices to be processed?

6 A They would.

7 Q Did you require that they had backup for those
8 invoices?

9 A No. It was just mostly verbal what they were doing.
10 Not actual backup.

11 Q But would you check in with them.

12 A Yes.

13 Q Okay.

14 A We would be in constant contact.

15 Q Okay. What about 501(c). What services was 501(c)
16 providing?

17 A 501 (c) was engaged to identify high net worth donors,
18 put together events in strategic geographical areas.

19 MS. KANDEL: Your Honor, I just object on
20 foundation grounds.

21 THE COURT: Again, just -- I'll -- to the extent
22 that you're testifying as things that you personally
23 observed and saw, that's fine. If it's things that people
24 told you, that's hearsay.

25 THE WITNESS: These are things I've personally seen

2 THE COURT: Okay.

3 Q Go ahead.

4 A He -- they would do small intimate dinners with some of
5 our already high net worth donors to bring more people into the
6 fold and contribute. It was very effective.

7 Q So it was effective at what?

8 A At raising funds.

9 Q What about Dave Butz? Do you have personal knowledge
10 of what services Dave Butz was performing for the NRA?

11 A I have very great knowledge of Dave Butz. He taught me
12 how to shoot myself.

13 He is about 6'6" and can tower over you so he's a great
14 shotgun instructor.

15 MS. KANDEL: Objection. Non-responsive.

16 THE COURT: Overruled.

17 Q Go ahead.

18 A He was very dedicated to youth education, when it came
19 to safety, when it came to patriotism, when it came to shooting
20 sports. And he --

21 Q Go ahead.

22 A He was always there. He was teaching Boy Scouts how to
23 shoot. He was going to disabled shoots and even in the field
24 with them with this large towering man that he would be in wheel
25 chairs equal to theirs and shoot the same way.

1 Q Now, is Mr. Butz -- is he still alive?

2 A Mr. Butz passed.

3 Q What about Warp Speed Lou Raibla? What services based
4 on your personal knowledge was Warp Speed Lou Raibla providing?

5 A Warp Speed brought us into the world of major league
6 baseball, NFL, and brought us into a whole different demographic
7 of people that didn't understand who we were. They may be
8 Second Amendment supporters. They may be gun owners and then he
9 continued into the country music industry and made us very
10 relevant in Nashville at the time, and it just moved us into
11 mainstream people that didn't know that much about us and got to
12 learn about us.

13 Q Okay. What about Jennifer Krempinen. Do you know what
14 she was doing for the NRA?

15 A She's a writer, script writer. She writes letter to
16 potential female donors to attend summits of educational on
17 programs, political events, that sort of thing and what women of
18 the NRA can actually do. It's not just a mens' group. She
19 would write scripts, handle things like that.

20 Q Okay. What about -- did we -- did I -- what about
21 DeeDee Lancaster?

22 A DeeDee Lancaster came from politics. I can't remember
23 exactly where I worked with her on some other events.

24 She was doing logistics for these womens' events,
25 locating sites, handling all the hotel rooms and food logistics

KM

2756

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 and that sort of thing. Just hired as a contractor per event.

2 Q What about Grassroots Behavior.

3 A Grassroots Behavior with Brad O'Leary was a subsidiary
4 after PM Consulting changed over, and he continued to research
5 and make our brand very relevant. He was very good with male
6 fundraising and that sort of thing.

7 Q What about Veritas Management?

8 A Veritas Management. Veritas Management brought us into
9 the world of NASCAR and introduced us to a lot of high net worth
10 folks, again, people who were with us, supported the Second
11 Amendment but just didn't understand the fight we were fighting
12 to keep this -- this right, and they were the first group, if
13 memory serves, to bring our first gold jacket million dollar
14 donor.

15 Q So in your estimation, these individuals were advancing
16 the mission of the NRA?

17 A Absolutely.

18 Q But the issue was that they didn't all have written
19 contracts.

20 A They all did not have, no, contracts, no.

21 Q Okay. So and you were -- you've testified -- testified
22 have you -- haven't you, that you were sending this email to Mr.
23 Phillips because of a compliance refresh?

24 A We were doing -- yes.

25 MS. KANDEL: Objection. Misstates the testimony.

KM

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 THE COURT: Why don't you just ask the question.

2 Q Go ahead.

3 A Yes, we were doing a compliance refresh. The processes
4 were always in place. We just needed to dot our I's, cross our
5 T's, tighten up some things, refresh as things changed in the
6 financial world and made sure we were right on point.

7 Q So if we go to Tab 20 of the cross binder, DX 1-0270
8 are you?

9 MS. KANDEL: I'm going to object. This is entirely
10 beyond the scope of the direct which did not get into the
11 compliance refresh.

12 THE COURT: I agree. Sustained.

13 MR. PETERS: Well, maybe we can --

14 THE COURT: You can have that all part of your
15 case. I'm not saying you can't. It's just this is just
16 about crossing Ms. Kandel's direct.

17 Q Did there ever come a time when the NRA's relationship
18 with Ms. Stanford ended?

19 A Yes.

20 Q Okay. Can you describe how that came about?

21 A We did an RFP which she won the bid on and sent her a
22 contract and she did not like the terms of the contract and did
23 not sign.

24 Q Okay. And when was the last time that the NRA had
25 dealings with Ms. Stanford?

KM

2758

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 A I'm not quite sure. Maybe -- maybe 2021,2020.

2 Q Was it or was it not the way that the relationship
3 ended that you required Ms. Stanford to undergo an RFP for her
4 is services. Was there --

5 A I'm sorry.

6 Q Strike that. Was there ever a time when you required
7 Ms. Stanford to undergo an RFP for her services?

8 A Yes.

9 Q So can you describe what that process consisted of?

10 MS. KANDEL: I'm going to object as beyond the
11 scope of my direct.

12 THE COURT: Sustained.

13 Q With respect to PX 853 --

14 THE COURT: Is that in one of the binders?

15 MR. PETERS: Yes. That's Tab 6 of the plaintiff's
16 binder. If we go to Page 2.

17 Q Can you describe why it was that you put this timeline
18 together?

19 A Because there was suspicion of Mrs. Hallow with
20 invoices for Paul Erickson resurfacing again after 2012. I just
21 had a suspicion that it was not accurate.

22 Q Okay. Did you -- did you every -- who was it who
23 authorized the invoices that are described on Page 3 of this
24 document?

25 A I would code those and discuss those with Mr. Phillips,

KM

2759

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 and we would get coding, approve those and send them through.

2 Q Was there ever a time in 2012 when you raised concern
3 with Mr. Phillips about any of these invoices?

4 A I remember when I told him I wasn't sure what that was
5 for, but if I had to guess, based on the timing, it was probably
6 for Millie's son's wedding.

7 Q What was Mr. Phillips response to that statement?

8 A Let me look into it and then we held the invoices and
9 it came back and it was good to go.

10 Q Okay. So Mr. Phillips -- and you didn't have any
11 further conversations, did you, with Mr. Phillips regarding why
12 he approved those invoices; did you? Is that right?

13 A No.

14 Q Okay. Now, was -- so after you raise -- so was part of
15 your job duties to review Millie Hallow's expenses?

16 A It was.

17 Q What were you reviewing her expenses for?

18 A I was reviewing her expenses from 2004 on at the
19 direction of Wayne and Woody to make sure that she was in
20 compliance with what was appropriate -- appropriate business
21 purposes, appropriate receipts.

22 Q Was there ever a time when you didn't approve expenses
23 that Ms. Hallow was incurring?

24 A Yes.

25 Q Did that happen -- did that happen frequently, is it

KM

2760

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 fair to say?

2 A It happened very frequently.

3 Q Okay. So when that happened, would Ms. Hallow be
4 required to pay back the expenses?

5 A On some of the charges that would have been on the
6 corporate American Express hotel folios that were all charges,
7 she would have things on there that were inappropriate such as
8 movies, that sort of thing, and they would be deducted from her
9 expense reports so we could make the NRA whole.

10 Q And that process continued -- did that process take a
11 lot of your time?

12 A The process took a lot of time and a lot of tracking
13 down of her, yes, to get receipts and appropriate backup.

14 MS. KANDEL: I'm going to object now as beyond the
15 scope of the direct.

16 THE COURT: Overruled.

17 Q Okay. So with respect to these invoices that are being
18 discussed in Page 3 of PX 853, was there ever a time -- did you
19 or did you not ever become aware that Ms. Hallow had not been
20 fully honest as to the purpose of these invoices?

21 A I certainly did.

22 Q Can you describe that.

23 A It was when she sent an invoice through that she said
24 Wayne approved.

25 It initially started with special projects, and I

KM

2761

Supernaugh - by Plaintiff - Cross/Mr. Peters

1 kicked back on it and said what is this for.

2 Q And what happened then?

3 A She then sent an email to myself and my colleague Nick
4 Perrine that Wayne approved this invoice.

5 Q Was that true?

6 A That was not true.

7 Q Okay. How did you find out that Ms. Hallow wasn't
8 telling the truth about that?

9 A Because my boss of 21 years who had never raised his
10 voice to any of us raised his voice to me, goes what is this and
11 what are we doing. And I explained to him the process that
12 Millie had asked us to follow and found out that she had not
13 told me the truth about that.

14 Q So did Ms. Hallow ever apologize to you for lying?

15 A She most certainly did. I told her then I would never
16 do anything for her that did not have Wayne's actual signature
17 on it or approval or I heard from him directly that it was good
18 to go no matter what it was.

19 Q And then after that apology, you put together this
20 document or -- is that right?

21 A I did, yes.

22 Q Okay; and this document, can you describe your purpose
23 for putting it together?

24 A The purpose came about in talking to Mr. Powell with
25 other -- we had more Erickson invoices coming through, and there

KM

1 was more question about the Russia part of this, and I told him
2 that I had suspicions about the other Paul Erickson invoices
3 that they were for her son's wedding, and he asked me to put
4 together a timeline of all this for him.

5 Q And do you know if Ms. Hallow is still with the
6 National Rifle Association?

7 A Not to my knowledge.

1 Q Was she -- do you know whether she was required to pay
2 these amounts back to the NRA?

3 MS. KANDEL: Objection, beyond the scope and lack
4 of foundation.

5 THE COURT: Overruled.

6 Q You can answer.

7 A I've been told she has, yes.

8 MR. PETERS: No further questions. Thank you.

9 MR. CORRELL: No cross, your Honor.

10 MR. WERBNER: May I proceed, your Honor?

11 THE COURT: Yes.

12 CROSS-EXAMINATION

13 BY MR. WERBNER:

14 Q Ms. Supernaugh, my name is Mark Werbner. I represent
15 Woody Phillips.

16 Have we ever met before?

17 A We have not.

18 Q It's a pleasure to meet you. I just have a few
19 questions. Let's look at Plaintiffs 2068.

20 THE COURT: Is that -- do you have a tab number on
21 that, by chance?

22 MR. WERBNER: That I think is Tab 1, your Honor.

23 Q That's the one we talked about where there was a list
24 of invoices without a written contract?

25 A Yes.

BP

2764

L. Supernaugh - by Plaintiff - Cross/Mr. Werbner

1 Q To your knowledge, did Mr. Phillips get any personal
2 benefit from those invoices not having contracts?

3 A No.

4 Q You smile when you say that. Would you explain to the
5 jury why?

6 A I don't think Mr. Phillips had any reason to need
7 personal gains from those.

8 Q From your working with him for twenty-plus years and in
9 this invoice, in particular, do you think with respect to these
10 people and vendors he act4ed in good faith or was he acting in
11 bad faith?

12 A I think he acted in good faith for the mission.

13 MS. KANDEL: Objection, lack of foundation and
14 asking for a legal conclusion.

15 MR. WERBNER: She worked with him for over
16 twenty-one years, and this relates to the document that was
17 being discussed, her impressions from this particular
18 situation in terms of her boss of twenty-plus years.

19 THE COURT: Yeah, I'm only hesitating because
20 there's nothing about this e-mail that suggests that they
21 were discussing anything relating to his good or bad faith.
22 It was just providing information.

23 So, are you asking her a different question?

24 MR. WERBNER: No, but the implication is from the
25 Attorney General that there's something wrong by not having

BP

2765

L. Supernaugh - by Plaintiff - Cross/Mr. Werbner

1 the written contracts; and so I'm rebutting that, your
2 Honor, to bring out from this witness from her personal
3 knowledge whether this situation of not having the written
4 contracts was something that was done in good faith or bad
5 faith.

6 THE COURT: Yeah, that wasn't the
7 direct-examination, though. It was -- as far as I could
8 tell, it was just getting in this document that these
9 were -- these were examples of vendors without contracts.

10 There was nothing on the direct -- at least as I
11 heard it -- attacking Mr. Phillips.

12 MR. WERBNER: Well, I think it wasn't directly
13 stated; but I think, clearly, the Attorney General offered
14 this document to suggest there was something wrong by
15 Mr. Phillips not having the written contracts and so I want
16 to rebut that inference that they made.

17 THE COURT: I think that can be part of the defense
18 case.

19 MR. WERBNER: All right.

20 Q You mentioned, Ms. Supernaugh, in reference to this
21 document that they all had value. Would you elaborate on what
22 you meant by that testimony?

23 A They all had value to the 2nd Amendment mission, to the
24 mission of the NRA. They put us in mainstream when we weren't.
25 They got us places that and opened doors that we couldn't have

BP

2766

L. Supernaugh - by Plaintiff - Cross/Mr. Werbner

1 got to just on our own.

2 Q Let's look at Plaintiff's Exhibit 1305.

3 MR. WERBNER: That was Tab 3, your Honor, that was
4 discussed in the direct-examination.

5 THE COURT: 1305? Was that Tab 3?

6 MS. KANDEL: This is in the Plaintiff's binder, but
7 I did not admit this document.

8 THE COURT: Right. Are you sure it is Tab 3
9 because Tab 3 is 1926, as far as I can tell.

10 MR. WERBNER: I'm pretty sure it is 1305. Let me
11 check what tab it is. I have it as Tab 3.

12 THE COURT: It is Tab 4. I don't think they
13 discussed this one.

14 MS. KANDEL: I did not move to admit, this document
15 was not admitted.

16 MR. WERBNER: Let me approach it a different way
17 then, your Honor.

18 Q There was testimony during direct-examination about
19 changing on the flight invoices where in one invoice it showed
20 the origination and the destination, but there was an invoice
21 that changed that and omitted the destination and origination.

22 Do you remember that?

23 A Yes.

24 Q Would you explain to the jury why that was done?

25 A That was done for the sole protection of Mr. LaPierre.

BP

L. Supernaugh - by Plaintiff - Cross/Mr. Werbner

1 It was so that wandering eyes in other divisions wouldn't see
2 exactly where Mr. LaPierre was going. We wanted to keep him
3 safe. He had death threats. There was a lot going on.

4 Q You indicated that you kept the documents that showed
5 the destination in your file for audit purposes; is that right?

6 A That's correct.

7 Q Explain what you meant, why you retained the ones that
8 had the destination on them for audit purposes?

9 A I retained it for audit purposes so if there was any
10 about Mr. LaPierre's travel by the auditors, they can see how I
11 adjust the invoice and could see the actual invoice so where he
12 went, and he could elaborate on the business purpose of that.

13 Q And I presume it was Mr. Phillips who instructed you to
14 treat these invoices in that manner?

15 A He asked me to, yes.

16 Q Based on his instruction to you and you're working with
17 him on that project, do you think he was acting in furtherance
18 of the mission in good faith for the NRA, or do you have reason
19 to think otherwise?

20 A I think he --

21 MS. KANDEL: Objection, calls for a legal
22 conclusion.

23 THE COURT: Overruled.

24 Q You can answer.

25 A I think he was acting in good faith to protect Wayne

7 Q Good afternoon. I have one quick question for you.

8 With respect to the first document you looked at, PX
9 2068, did I hear your testimony correctly that this was done for
10 compliance cleanup? Is that what you said?

11 A It was, yes.

12 Q Did you have occasion to work with John Frazer at all?

13 A I did, yes.

14 Q Can you tell the jury what your impressions were of
15 Mr. Frazer with respect to his contributions to compliance
16 cleanup?

17 MS. KANDEL: Objection, this is beyond the scope of
18 the direct.

19 THE COURT: Sustained.

20 MR. FLEMING: Thank you.

21 THE COURT: Do you want to take your mike back.
22 Any further questions from the State?

23 MS. KANDEL: Just a couple, your Honor.

2 REDIRECT-EXAMINATION

3 By MS. KANDEL:

4 Q Ms. Supernaugh, turning back to the most popular
5 document in this folder, PX 2068, which is Tab 1.

6 The vendors that are listed in this e-mail, do you know
7 how much the NRA was paying these vendors without written
8 contracts?

9 A Um, off the top of my head, I'm not sure. I think
10 Mr. Keene was maybe \$4,000. It's been awhile so I don't
11 remember exact amounts.

12 Q And you had no role on the oversight of these contracts
13 with respect to the services that were being provided; right?

14 A No, not really.

15 Q And with regards to Millie Hallow, can you tell us when
16 she was required to pay money back to the NRA?

17 A It would have been, I believe, after the January 18th
18 synopsis that I wrote, that that was brought forward. I'm not
19 sure exactly when she paid it back.

20 Q And who determined how much she had to pay back?

21 A I'm not sure of that answer, either.

22 Q And when did she stop working for the NRA?

23 A I'm not sure.

24 Q And you testified that the flight -- the destination

2 A Yes.

3 Q And whose wandering eyes were you concerned about?

4 A It can be anybody from a file clerk in Financial
5 Services or assistant. We are not exactly the most popular
6 group, and Mr. LaPierre had a lot of death threats and that sort
7 of thing; and if people offering money to staff, things like
8 that, anything is up for grabs.

9 Q So, you were concerned about the wandering eyes of NRA
10 employees?

11 A I was concerned about anybody.

12 Q But you don't have any specific individuals in mind?

13 A No, it could have been cleaning people, if I leave the

3 Q And you've been a member of the NRA's board since

5 A That is correct, sir.

6 Q And you also serve on the NRA's Audit Committee?

7 A Yes, sir, I do.

8 Q And you served on that committee since approximately
9 2001?

10 A Yes.

11 Q And you're currently Vice Chair of that committee?

12 A Yes.

13 Q You've also served as Chair of that committee at times,

15 A Yes, sir.

16 Q And, in fact, you're the Chair of the Audit Committee

18 A Yes, sir.

19 Q And in 2007, the NRA board of directors received an
20 anonymous letter complaining of various types of financial
21 mismanagement at the NRA; isn't that correct?

22 A Yes, we did.

5 A Yes, I do.

6 Q And did one of those complaints involve Millie Hallow?

7 A It did.

8 Q Did one of the complaints also involve private travel
9 by -- that was arranged by I.I. and I.S.?

10 A The letter did.

11 Q And one of the complaints was that the travel was
12 arranged by I.I. and I.S. rather than the NRA's approved travel
13 agent; correct?

14 A It alleged that there was private travel --

15 MR. FARBER: Objection, your Honor. He's starting
16 to say what it alleged and it was a yes or no question.

19 truth?

20 MR. SHIFFMAN: Exactly, your Honor.

21 THE COURT: All right, you can ask.

22 A Could I hear the question repeated, please?

23 Q Sure. One of the complaints in the letter was that
24 I.I. and I.S. was used as a travel agent instead of the NRA's

5 There's no evidence in front of you now that is
6 admissible as to whether it is true or not.

7 MR. SHIFFMAN: We're offering it to show that
8 Mr. Coy received it.

9 Q And you also recall that that letter raised some
10 concerns about Ackerman McQueen?

11 A Yes.

12 Q And after you received that letter, you wrote a memo
13 with some questions that you had about the letter; isn't that
14 right?

15 A I did. Could I clarify for a moment, please?

6 MR. CORRELL: No objection.

7 MR. FLEMING: No objection.

9 Q In this memo if we look at the very first paragraph
10 there, you note that the Audit Committee is charged with
11 reviewing and making inquiry into the allegations in the
12 anonymous letter that we were just talking about; right?

13 A Yes.

14 Q And so this memo contains the questions that you had

24 A Yes, that paragraph does make that statement.

25 Q It says -- and as the Judge correctly pointed out, I

BP

2 And in paragraph 3, here you note your questions with
3 respect to ensuring that NRA expenditures for promotional
4 activities and consultants are properly budgeted and reviewed;
5 right?

6 A Yes.

7 Q If you go to paragraph 5, here you have a question in
8 this paragraph about whether -- what the reference to I.I. and
9 I.S. is; right?

10 A Yes.

11 Q You know now sitting here today that I.I. and I.S. is
12 the travel agent that Mr. LaPierre used for his travel; right?

13 A Yes.

14 Q If you go to paragraph 6, in paragraph 6, here you note
15 your questions that you had concerning the letter's complaints
16 about Ms. Hallow; right?

17 A Yes.

18 Q And you wanted to have some -- you mention in this --
19 strike that.

20 In this paragraph, you mention that you wanted to have
21 somebody look at the findings of Jacob Frenkel's report. Do you
22 see that?

23 A Yes.

24 Q You wanted to get a report from staff about the
25 procedures that the NRA had put in place in response to a report

BP

D. Coy - by Plaintiff - Direct/Mr. Shiffman

1 that Mr. Frenkel wrote; isn't that right?

2 A Yes.

3 Q And you also wanted to know if the policies that were
4 put in place to response to Mr. Frenkel's report were being
5 followed or had been updated; isn't that correct?

6 A Yes, it is.

7 Q And the report that Mr. Frenkel that you refer to in
8 your memo was issued a couple of years earlier in 2003; right?

9 A Yes, sir.

10 Q And in 2003, you were the Chair of the Audit Committee;
11 correct?

12 A Yes, sir.

13 Q And at that time, in 2003, Pricewaterhousecoopers was
14 the firm that audited the NRA's financial statements; right?

15 A That is correct.

16 Q And during the audits of the NRA in the early 2000s,
17 Pricewaterhouse discovered that an NRA employee had incurred
18 over \$500,000 in credit card expenses; right?

19 A There were \$500,000 of expenses charged plus, charged
20 to the credit card.

21 THE COURT: I want to pause for a second here to
22 explain to the jury.

23 The information you're hearing now is about a
24 period before the allegations in the case. I've permitted
25 this to come in. To some extent, it is historical

BP

1 background and just -- but I just want to make it clear that
2 these allegations are not involved in this case. You're not
3 going to be asked to make findings as to these facts.

4 It's just part of the historical story. Okay.

5 MR. SHIFFMAN: Thank you, your Honor.

6 Q And the employee who incurred the charges,
7 Pricewaterhouse identified was Millie Hallow; right?

8 A That is correct.

9 Q And at the time, Ms. Hallow was the special assistant
10 to Mr. LaPierre?

11 A Yes.

12 Q And she reported directly to Mr. LaPierre?

13 A That is my understanding.

14 Q Okay, and Ms. Hallow was using an NRA credit card for
15 the expenses; correct?

16 A Yes.

17 Q There was a card that was under Woody Phillips'
18 account; correct?

19 A That is my understanding, yes, sir.

20 Q And the NRA paid for the charges on that credit card;
21 correct?

22 A Yes.

23 Q And those credit card charges included many charges
24 that were for personal expenses; right?

25 A The Frenkel report identified the charges that were

BP

2780

D. Coy - by Plaintiff - Direct/Mr. Shiffman

1 personal, and it identified the charges that were taxable to her
2 which were a minority of the \$500,000.

3 Q We'll take a look at that in a bit.

4 And when it was discovered that Ms. Hallow had incurred
5 over -- strike that, excuse me. I apologize to the court
6 reporter.

7 And Pricewaterhouse also discovered that Ms. Hallow
8 incurred over \$500,000 in credit card expenses in the second
9 year; isn't that correct?

10 A That is correct.

11 Q And when Pricewaterhouse learned of these over a
12 million dollars in charges on Ms. Hallow's account, it reported
13 that to the NRA; right?

14 A I received a phone call from Pricewaterhousecoopers at
15 home in the evening that expressed concern over this, and I took
16 immediate action to follow the chain of command and bring it to
17 the attention of senior leadership of the board; and a meeting
18 of the Audit Committee was convened shortly thereafter.

19 Q Right, and one of the things that the Audit Committee
20 did after it received that report from Pricewaterhouse was it
21 engaged a law firm to investigate Ms. Hallow's use of the card;
22 right?

23 A Yes.

24 Q And the lawyer that the Audit Committee retained to do
25 that investigation was Jacob Frenkel. Do you recall that?

BP

2781

D. Coy - by Plaintiff - Direct/Mr. Shiffman

1 A Yes, sir. That is correct.

2 Q And you recall that Mr. Frenkel's law firm issued a
3 report to the NRA Audit Committee in 2003; right?

4 A Yes.

5 Q So, can you take a look -- we're not going to put this
6 on the screen yet, but I'd like to you take a look, Mr. Coy, at
7 I believe it is Tab 3. It is PX 2467.

8 Mr. Coy, do you recognize that exhibit, Tab 3, to
9 be the report that Mr. Frenkel issued to the NRA's Audit
10 Committee?

11 A Yes.

12 Q And this report was also provided to
13 Pricewaterhousecoopers; right?

14 A Yes.

15 Q And, in fact, the NRA kept a copy of this report in its
16 files for years; right?

17 A I don't have personal knowledge of that.

18 Q Well, you do recall that in that memo of yours that we
19 looked at earlier that in 2007 you asked NRA staff to pull the
20 report and to see if the procedures that had been recommended
21 were followed; do you recall that?

22 A Yes, that is correct.

23 Q And, ultimately, you understand that this report was
24 produced in this litigation; right?

25 A Yes.

1 MR. SHIFFMAN: Your Honor, we move the admission of
2 PX 2467.

3 MS. ROGERS: No objection.

4 MR. CORRELL: No objection.

5 MR. FARBER: Objection, your Honor, it is all
6 hearsay.

7 THE COURT: Overruled.

8 MR. FARBER: And, your Honor, and to the extent
9 that it's coming in just for the fact that it was said, all
10 those facts have already been brought out.

11 MR. SHIFFMAN: It is a party admission, your Honor.
12 It's by the agent, an attorney of Ackerman the NRA retained
13 and it provided even to third party Pricewaterhousecoopers.
14 Clearly --

15 THE COURT: I've already overruled it.

16 MR. FARBER: Not as to Mr. Phillips, your Honor;
17 and if it is being admitted on that ground, we want an
18 instruction.

19 THE COURT: This was a report to the board in its
20 entirety?

21 MR. SHIFFMAN: From the very first page it says
22 report to the Audit Committee the board of directors. I
23 don't know if it went to the full board, but it certainly
24 went to the audit of the board of directors.

25 THE COURT: Again, this is being admitted not for

BP

2783

D. Coy - by Plaintiff - Direct/Mr. Shiffman

1 the underlying truth of the allegations in it as to anyone,
2 whether Mr. Phillips or anyone.

3 This is part of -- I think what it is being
4 admitted for, at least what I'm admitting it for, is for
5 things that the company or the board or the committee heard
6 over time.

7 MR. SHIFFMAN: Your Honor, it is non-hearsay. It
8 is a party admission. That means it should be admitted for
9 all purposes, certainly with respect to the NRA and the
10 other officers and directors.

11 MR. CORRELL: Your Honor, I would object on behalf
12 Mr. LaPierre for admission for that against him for that
13 purpose.

14 THE COURT: Yeah, I don't think this is a party
15 admission.

16 MR. SHIFFMAN: Your Honor, I can give you case
17 cites from the First Department that hold that an attorney's
18 statement that's within the authorized scope of their -- of
19 the authority is a party admission; particularly, in
20 circumstances where the report is then forwarded to a third
21 party. Here, that is Pricewaterhouse.

22 That's the same reason that this report has --

23 THE COURT: I'd be more interested in all that if
24 this case was about this, but this is being admitted for a
25 have a narrow purpose.

BP

2784

1 It is strictly speaking nonrelevant of the
2 underlying facts here. I'm admitting it for the fact that
3 these allegations were raised at an earlier point in time
4 and were reviewed; and it is only to the extent that the
5 jury considers it relevant, ultimately, to events that
6 happened during the period that is relevant to this lawsuit
7 for what the board did or the Audit Committee did at a later
8 point in time.

9 So, I'm going to stick with my ruling that it is
10 admissible for that purpose only. The only relevance to
11 this case is it's historical record. This jury is not being
12 asked to make findings about what did or didn't happen in
13 fact in 2003.

1 MS. ROGERS: Your Honor, on the hearsay
2 perspective, it's identical to the forensic accountant's
3 report which is also prepared by the NRA which the
4 government successfully, you know, did not let the jury see,
5 and the preparer of this report was not an eyewitness to the
6 underlying facts.

7 THE COURT: So what -- which side are you arguing
8 on this issue?

9 MS. ROGERS: Well, I think if the forensic
10 accountant report doesn't come in, then this report
11 shouldn't come in either.

12 MR. SHIFFMAN: Your Honor, there's a difference in
13 that.

14 THE COURT: I've already ruled. Okay. I'll
15 reconsider it if I decide that it's worth it. For now,
16 that's what I'm admitting it for.

17 MR. SHIFFMAN: Can I just give you the cite? I can
18 do it off the record.

19 THE COURT: You can do it later.

20 Q If we go to Page 5 to 6 of this exhibit, Mr. Coy, and
21 what I'm telling you, Mr. Coy -- sorry. When I'm referring to
22 Pages 5 and 6, I'm referring to the page numbers at the very
23 bottom of that page of 5 of 32, not to the pages of the report
24 itself that are a little bit higher up.

25 So if you look at Pages 5 to 6 of this exhibit, you see

KM

2786

Coy - by Plaintiff - Direct/Mr. Shiffman

1 that one of the reports findings was that the NRA had failed to
2 implement an adequate system of policies and controls governing
3 travel and expense reimbursement; correct?

4 A I want to make sure I'm on the proper page here.

5 Q So it's the ones with the numbers that say PX 2467, the
6 ones right next to that.

7 A 5 of 32 and 6 of 32. Let me find it.

8 Q Sure.

9 A At the very bottom; okay. And then over to Page 6.
10 All right.

11 Q Okay. And the question was you see that it says the
12 investigation certainly revealed a failure to implement an
13 adequate system of policies and controls governing travel and
14 expense reimbursement. Right?

15 A That is correct.

16 Q And if you go to Page 18 to the first full paragraph
17 there -- I'll give you a second to get there. The question --
18 part I'm going to ask you about is on the screen there.

19 Do you see, Mr. Coy, that Mr. Frenkel is reporting
20 about Pricewaterhouse finding the \$538,000 in charges from 2002;
21 correct?

22 A Yes.

23 Q Right. And there he found that -- strike that. There
24 they also found that there was approximately \$82,000 of expenses
25 that were not properly business expenses, 79,000 of which were

KM

2787

Coy - by Plaintiff - Direct/Mr. Shiffman

1 taxable to Hallow and another 3,000 in entirely personal
2 expenses.

3 Do you see that?

4 A Yes.

5 Q Then in 2001 there were similar findings with \$563,000
6 in charges, 76,000 in taxable to Ms. Hallow and 11,000 in
7 entirely personal expenses; right?

8 A Yes.

9 Q Okay. And if we go to the fourth sentence here, we see
10 that some of the -- I'm sorry. In the middle paragraph it says
11 the principle component of the expenses taxable to Hallow is
12 clothing.

13 Do you see that?

14 A Yes.

15 Q And if you go to Page 19 of this report, and we look at
16 lines 5 to 11 of the -- looking at lines 5 to 11 of the first
17 full paragraph, we see some of the charges that were personal.
18 So some of those charges included auto repair services, a down
19 comforter, Nordstrom charges for handbags and sleepwear.

20 Do you see that?

21 A Yes.

22 Q Okay. And one set of charges which is referred to on
23 Page 20 to 21 is a trip that Ms. Hallow charged to the NRA
24 for family trip to Puerto Rico; right?

25 A Yes.

KM

2788

Coy - by Plaintiff - Direct/Mr. Shiffman

1 Q Okay. And there she took her husband and her son and
2 her son's girlfriend?

3 A Yes.

4 Q Okay. And in this report Mr. Frenkel made a number of
5 recommendations.

6 Do you recall that?

7 A Yes, I do.

8 Q If we go to Page 22 of that exhibit, we will see where
9 they are, and the first recommendation there was that the NRA
10 needed to implement formal policies and procedures for
11 entertainment expenses and reimbursements; right?

12 A Yes.

13 Q Okay. And in fact, Mr. Frenkel recommended that these
14 policies be implemented urgently; isn't that correct?

15 A Yes.

16 Q And if we go to Page 23, the carryover paragraph in the
17 last sentence there, the report recommended that the policies
18 should have restrictions on what level of service could be used
19 for travel and that spouse travel should be restricted; correct?

20 A Yes.

21 Q Okay. If we go to number two on Page 23, please.
22 There Mr. Frenkel also recommended that all exceptions to the
23 policy be signed off in writing in advance; correct?

24 A Correct.

25 Q And if we go to Page 26 to number 10, finally. Mr.

KM

2789

1 Frenkel recommended -- sorry. I think I'm a little ahead of
2 you, Mr. Coy.

3 Page 26, recommendation number 10. There Mr. Frenkel
4 recommended that the Audit Committee should create in some form
5 an internal audit function. Isn't that right?

6 A Yes.

7 Q And in fact, for many years you have advocated that the
8 NRA adopt an internal audit function; isn't that correct?

9 A That is correct, sir.

10 Q And -- but as of the time that you were deposed at
11 least in June of 2022, the NRA had not implemented such an
12 internal audit function.

13 A No, we had not.

14 Q As of that time, the NRA had not appointed a compliance
15 monitor or other officer.

16 A Could you repeat that question?

17 Q Yes, sir.

18 As of that time in June of 2022, the NRA had not
19 appointed a compliance monitor or compliance officer either;
20 isn't that correct?

21 MS. ROGERS: Objection to the premise of the
22 question that the NRA could appoint a compliance monitor.

23 MR. SHIFFMAN: I can rephrase it to just a

7 * * * * *

8 THE COURT: Let's deal with a couple of preliminary
9 issues. I looked at the cases that Mr. Shiffman pointed me
10 to. I'm adhering to my ruling on that -- that document.

11 I did recognize that in a different context the
12 statements by counsel can be binding on the client as an
13 admission, and as I mentioned on the record, if there were
14 -- if this was a case involving whether what counsel was
15 investigating and found actually happened and the NRA was
16 contesting it, certainly, the first case that was cited
17 would support the idea that counsel's finding could be held
18 against him. At least that's -- you could make that
19 argument. Whether it could be used against the individual
20 corporate employees that are referenced is much less clear
21 to me.

22 I'm solving for a different issue one step removed
23 in that, you know, whether the events in 2003 happened or
24 not is not the issue today. And so I'm in addition to
25 thinking about the agent principle issues, I have a

KM

2792

Proceedings

1 balancing of probative value and prejudice to consider as
2 well, and I can't recall exactly what I said about this
3 document in the in limine motions, but I'm learning more
4 about the case as the trial goes on, and it seems to me that
5 the main legitimate use of the Frenkel report and the facts
6 that we have been talking about, if there is any, and it
7 will be up to the jury to decide whether it has any
8 relevance is that these issues were brought up to the board,
9 some of whose members are still there and that
10 recommendations were made by counsel. And I think the jury
11 can consider that as part of this time series kind of
12 analysis that we've talked about where the NRA is pointing
13 to events that happened after the events at issue and the AG
14 is pointing to some extent to events before.

15 So all of that considered together, it seems to me
16 that letting the document in to show that the investigation
17 happened, what the subject matter was and what the
18 recommendations were is a fair use of it, but advising the
19 jury that they can't use it to make findings essentially
20 about Mr. Phillips or anyone else because on top of
21 everything else, there really is not a terribly effective
22 way to combat those factual allegations 20 years after the
23 fact. So anyway, I'm comfortable with my ruling on that,
24 but I appreciate the cites.

25 You know, the issue about the expert which I want

KM

2793

Proceedings

1 to talk about briefly, unfortunately, I left the
2 demonstrative here. When I came back to get it, the doors
3 were locked, so I haven't had a chance to look at it, but I
4 have a couple of questions.

5 First of all, I saw there was a letter from the NRA
6 I think in the last hour or so.

7 Does anything that's in the presentation differ
8 from whatever expert disclosures were made by this expert?

9 MS. CONNELL: Your Honor, there is some summary
10 evidence that we propose to put in by the expert.

11 THE COURT: But substantively. I mean, in other
12 words, did he disclose in his expert report the number was
13 1,000 and now you're saying it's 1,500?

14 MS. CONNELL: One second, your Honor. I just want
15 to confirm something.

16 Sorry, your Honor. I'm going to defer to Mr.
17 Lester.

18 MR. LESTER: So for Exhibits A through D, those are
19 separate summary evidence that we look to enter through Mr.
20 Hines. He and his team were working on that under his
21 supervision.

22 THE COURT: Those numbers that are in there, are
23 there new opinions that he's giving that were not in his
24 expert report?

25 MR. LESTER: No opinions. Those are being entered

KM

2794

Proceedings

1 as the summary evidence as they prepared it for us.

2 THE COURT: All right. So I don't know what
3 exactly his opinions are. But is he going to testify that
4 the total amount lost by the NRA was X number?

5 MS. CONNELL: No, your Honor. What he is going to
6 do is pure summary saying here's the amount that was paid to
7 Gayle Stanford over this period of time based on this.
8 Here's the amount that was paid to this person that went out
9 of the NRA to this person during this period of time.

10 THE COURT: So in what way is this an expert then?

11 MS. CONNELL: That's not. That's his summary
12 evidence testimony. His expert testimony is something
13 different, and that remains the same.

14 THE COURT: And what is he -- remind me again.

15 MS. CONNELL: He is a forensic accountant and
16 auditor, and so he looked at transactions within the NRA,
17 vendor relationships, payments to board members and former
18 employees, and he looked at compliance with the NRA's
19 internal controls.

20 THE COURT: What's the money shot at the end of it?
21 Is he opining that they should pay X amount back?

22 MS. CONNELL: No, your Honor, he is not saying
23 that. He is not saying that they should pay X amount back.
24 That's something the jury is going --

25 THE COURT: Well, sometimes there are damages

KM

2795

Proceedings

1 experts that actually do render an opinion so -- but this
2 part of it is -- he is just a compiling tabulator.

3 MS. CONNELL: So I think for a lot of his -- for
4 the summary part, absolutely. For part of his expert
5 testimony, I think that's true as well, but he's also
6 analyzing some of the way these transactions occurred. He
7 is talking about, for example, the overly complex way some
8 of these transactions occurred and some of the things that
9 should have -- should have been acted as red flags to NRA
10 management.

11 THE COURT: Okay. So for this part of it, he is a
12 deliverer of just a sort of data management?

13 MS. CONNELL: Yes, your Honor.

14 THE COURT: So he's testifying about internal
15 controls also.

16 MS. CONNELL: Yes, your Honor. That was part of
17 his expert report, and we addressed this -- there was a
18 motion by Mr. Phillips to exclude him. You left him in and
19 recognized that this is the type of evidence that you would
20 traditionally expect an expert to opine on here.

21 He is looking over, you know, a lot of materials
22 and doing this sort of work that forensic accountants and
23 auditors traditionally do.

24 THE COURT: So I'm just looking and glancing at --
25 you know, Slide 28 is McKenzie Company Summary of Key

KM

2796

1 Findings. And is this his just take on the evidence?
2 Because it says, "arrangements were characterized by
3 violations of NRA policies and fraud risk indicators.
4 Management fee increases lacked adequate documentation and
5 approvals and the like."

6 What role is he serving here?

7 MS. CONNELL: Your Honor, he is not going to -- he
8 is not going to serve as a factual narrator, and I think
9 that's something the Court was concerned about, and we were
10 concerned too, but he is going to talk about where
11 violations of internal controls occurred and what he saw
12 based on the record evidence and what -- what the result
13 was.

14 So for example, in the McKenzie relationship
15 between 2011 and 2020, you saw that they were paid and he
16 quantifies the amount over the contract amount and over the
17 amount that was in an approved version of the contract, and
18 he quantifies that amount too, and he talks about the
19 internal control overrides or these are violations that he
20 saw based upon that.

21 THE COURT: But the end here is key findings which
22 sounds kind of like a -- what a factual expert would say as
23 opposed to key opinions.

24 MS. CONNELL: We can certainly change wording
25 without a problem, your Honor.

KM

2797

Proceedings

1 THE COURT: But they actually are findings. You
2 know, it's summary of key findings. Gayle Stanford and he
3 just sort of tabulates various things he found from the
4 documents, I guess.

5 MS. CONNELL: He reviewed the NRA's general
6 ledgers. He reviewed the NRA's Amex and credit card
7 statements. He reviewed the NRA bank history and payments,
8 and he reviewed the deposition testimony, and you know --

9 THE COURT: Why isn't that being -- the way it's
10 described here anyway, why isn't he just being a factual
11 narrator?

12 MS. CONNELL: Your Honor, he is not going to just
13 be a fact narrator because he is applying his expertise to
14 these transactions. These are complex transactions, and
15 unless we had the jury go through and say well, let's look
16 at all these pages, how many payments were made, what did
17 they total and let's sit here and have a witness go through
18 invoice by invoice --

19 THE COURT: I get that there is a portion -- I
20 guess he is sort of a hybrid that I didn't fully understand,
21 so there may be part of it, but what I'm looking at, the
22 summary of key findings. Is that the compilation part of
23 his testimony or is that his expert testimony?

24 MS. CONNELL: That's part of his expert testimony,
25 your Honor, and we can yank that slide if the slide's a

KM

Proceedings

1 problem. I understand.

2 THE COURT: I'm just turning pages. I'm trying to
3 get a feel for what's coming. You know, I obviously didn't
4 strike him, and I think he has things to say. I'm just
5 trying to --

6 MR. CORRELL: Your Honor, if I may weigh in on this
7 as well.

8 I'm concerned that, for instance, on that slide the
9 suggestion that there are findings there that are undeclared
10 and unresolved conflicts of interest between LaPierre and
11 McKenzie. Sounds a lot like a fact finding. Sounds like a
12 conclusion of law.

13 And in the next bullet point they say they give
14 \$135 million figure payment to four companies controlled by
15 David McKenzie a friend of Wayne LaPierre suggesting
16 causation, and he is not a damages expert.

17 THE COURT: Yeah. I mean, look, the traditional
18 toll of an expert is they can have a bunch of assumed facts
19 saying, well, assume the jury finds the evidence is A, B, C,
20 D. And then maybe I would add in this idea, and for your
21 convenience, I've totaled up the invoices, so but if you
22 assume the following facts, here's my expert view on what
23 you -- on what you can glean from those facts. That's what
24 experts do.

25 And maybe I'm just getting skewed by just looking

KM

2799

Proceedings

1 at the slides which is different than the testimony, but
2 there are a number of them that just seems to be recitations
3 of factual use of the word "findings" which is kind of an
4 odd way to do it.

5 MS. CONNELL: Yeah, your Honor. What he is going
6 to testify to are sort of industry standards for internal
7 controls, what you look for for internal controls why they
8 are important, what happens when you see breakdowns, how you
9 can see breakdowns. And he looks at, and he is going to
10 testify his opinions on the internal control environment
11 within the NRA and that's really important.

12 THE COURT: And then he can say, and if you -- the
13 set of facts I assumed and if you find these, my view would
14 be these are internal control problems. That's the way
15 experts talk.

16 MS. CONNELL: Right. That's right, your Honor, and
17 that's what he will do.

18 THE COURT: These slides don't sound like that.

19 MS. CONNELL: I see the problem that you're
20 pointing at, and I think we can remedy that with the slides
21 and even cut back the slides.

22 MS. ROGERS: It's not just the slides. The expert
23 disclosure, and we are concerned with the testimony doesn't
24 just say these are the industry standards and if you find --

25 THE COURT: Well, we went through that at the in

KM

2800

Proceedings

1 limine motion, and my assumption was that a lot of people,
2 right, expert reports that have a lot of stuff in them that
3 you're never going to be able to testify about because they
4 write a story and I did make it pretty clear that that part
5 is not what we're going to hear from this witness which is
6 fine, but I agree with you that some of this -- and again,
7 admittedly this is not a narrow reading because I haven't
8 had a chance to do that yet, but there is some of it that
9 kind of looks like it. So my concern -- my -- just my
10 direction is -- is that I'm just not going to let this
11 witness tell the jury facts. He can say that -- I don't
12 know. People do it in lots of different ways. I'm basing
13 my opinion on the following understanding or assumptions
14 provided, you know, but I don't know that we want to have
15 him say, Well, I looked at all the documents and I think
16 it's pretty persuasive that Mr. LaPierre had an improper
17 relationship with X, Y and Z. That's not going to happen;
18 right.

19 MS. ROGERS: And your Honor, a similar area of
20 concern is, for example, him saying I looked at the document
21 surrounding this contract or this vendor and I think these
22 are facts which we assume, and I'm narrating, support the
23 finding that there is fraud risk indicators on this
24 contract.

25 Well, that's only true if the jury agrees that the

KM

2801

Proceedings

1 transactions were broken up that the invoices were altered.

2 These are --

3 THE COURT: Right; but an expert can say, you know,
4 based on my understanding of the facts that it was broken up
5 into this and this and this and this and this and this, all
6 of which the jury, good luck, can find or not find. If
7 that's true, these are risk indicators. That's an
8 appropriate --

9 MS. CONNELL: Exactly.

10 THE COURT: -- method.

11 MS. CONNELL: Exactly, your Honor.

12 THE COURT: I think you do need to tend to the
13 slides a little because, you know, they do tend to look
14 their eyes on the slides and will start seeing these things
15 as factual findings because it among other things says that
16 they are findings which is not his finding to make. It's
17 their finding to make.

18 MS. CONNELL: You're right, your Honor. We will
19 direct that.

20 MR. CORRELL: There is also a temporal concern. I
21 seen between 2011 and 2020 NRA paid over 135 million.
22 Throwing up a big number 135 million for a long time period
23 that's not even relevant to the case is inherently
24 prejudicial.

25 THE COURT: Again, I don't want -- I have started

KM

2802

Proceedings

1 looking into Statute of Limitations thing which, you know,
2 is something that I'm certainly going to have to decide. I
3 don't know that I'm going to decide it definitively before
4 like tomorrow, for example. I do note -- I mean, having had
5 myself and my staff looking around for a while that the case
6 that I was most persuaded by back in the day was the Spitzer
7 versus Schussel case, S-C-H-U-S-S-E-L 67 Misc.3d 171 written
8 by Judge Richter formally of the First Department, and you
9 know, I think it -- it's not exactly the same kind of case.
10 It seemed to be more of a derivative kind of standing case
11 for the AG, but it -- to me, it does raise the issue that
12 that is a statutory cause of action. This is not a
13 common-law fiduciary duty cause of action. So a lot of
14 these principles that we have all been tossing around about
15 whether it's, you know, predominantly damages or
16 predominantly equitable has to be looked in a slightly
17 different way, and I think what she did is she said that the
18 relief sought in these claims is a mix of both equitable and
19 monetary remedies, but the gravamen is equitable in nature.

20 In this case the Attorney General saw equitable
21 remedies of an accounting removal of the Board and a bar to
22 their further service and rescission of certain votes about
23 the executive salary. And then she said although a number
24 of the claims at issue do seek monetary damages, those
25 remedies are ancillary to the primary relief sought which is

KM

2803

Proceedings

1 equitable.

2 Here the Attorney General as guardian of the
3 ultimate charitable beneficiaries of the companies seeking
4 to recover funds which he contends were improperly handled
5 by defendants. The money damages are merely meant to make
6 the non-profit organization whole, and thus, are akin to an
7 equitable remedy. Thus, the complaint as a whole is
8 primarily equitable in nature and the longer six-year
9 statute of limitation should apply. And there are other
10 parts of the analysis which, you know, at least my current
11 view is that that's persuasive to me.

12 I think a lot of you are going to see things in the
13 instructions that you may not entirely expect because
14 everybody is throwing around the business judgment rule and
15 all these other common-law ideas.

16 What you're going to see in my draft instructions
17 are the business judgment rule that is in the statute. The
18 legislature drafted a business judgment rule purpose built
19 for this claim under the N-CPL. That's the one I think I
20 am -- I should be applying, and it may be there is some
21 education you can get from business judgment cases about how
22 you might apply it, but that's the business judgment rule
23 that governs this statutory cause of action under the
24 non-profit corporation law as well as the duty of care.

25 It's not this -- at least my view at this point, we

KM

2804

Proceedings

1 don't have to go searching for what the duty of care is.
2 It's written in Section 717. I'm not going to get it
3 entirely right, but it's ordinary care under the
4 circumstances and there is a reference to good faith. There
5 is no reference to duty of loyalty and duty of obedience and
6 all of that. Those are common-law concepts, and for
7 whatever reason, the legislature chose to write out the --
8 both the statutory duty and the statutory business judgment
9 if you want to call it business judgment defense. So I
10 think we are all working a little too hard when we are
11 trying to graft on a bunch of other concepts.

12 Now maybe you will get my draft instructions and
13 you will think they don't work. I don't know, but my touch
14 stone is the statutes. You know, to the extent that the
15 legislature uses words like "good faith" and "ordinary
16 care," yes, normal statutory construction is that you
17 construe those consistent with ordinary meaning. So maybe
18 you look at case law to see what good faith means and
19 ordinary care means, but it doesn't mean we automatically
20 graft on to that what would be the case if you were suing in
21 a non-statutory claim a company officer. That's my view
22 having spent now quite a bit of time looking at this. So
23 you'll see all of that once I turn these back around to you,
24 but I think that also motivates me on the Statute of
25 Limitations thing, and I think Judge Richter seems to me --

KM

2805

Proceedings

1 is probably right that the Attorney General is suing in
2 essentially not quite *parens patriae* but a public service
3 kind of a role here. And you know, certainly, the first
4 couple of claims broadly are injunctive or at least
5 non-monetary, and the monetary relief is to make another
6 entity whole. That is the charitable -- the not-for-profit
7 corporation.

8 So I can see why applying that kind of a statutory
9 Statute of Limitations analysis makes more sense than if you
10 were a -- in a purely private action.

11 So I'm not getting into the fiduciary tolling
12 issues which I'll think about all of these things. I don't
13 have a very -- a lot of very directly on-point briefing
14 before me. The last things we were able to find were the
15 Powell summary judgment papers which was a long time ago by
16 a different entity, different person, but some of it was
17 relevant.

18 But anyway, I've kept the jury kind of waiting for
19 longer than I should.

20 MR. CORRELL: If I just may say there is some
21 subsequent case law, *Crisell*, Court of Appeals that informs
22 the Statute of Limitations analysis which we would be happy
23 to put before you.

24 THE COURT: I would be happy to have it put before
25 me.

KM

2806

Proceedings

1 MR. FARBER: Could I just offer one thought on the
2 opinion that your Honor referenced. I mean, I understand
3 the analysis that that Court -- the determination that that
4 judge made was based -- was one for the complaints as a
5 whole, and I don't think I would submit that's not the
6 proper way to do it.

7 THE COURT: But she is applying it to the -- in the
8 context of the damages quote claims against the individual
9 defendants.

10 MR. FARBER: I understand, and I understand the
11 reasoning there, but the decision is whether that's
12 persuasive authority, and I think the flaw -- one flaw in
13 that is it's analysis. She looks -- she looks at all of the
14 claims and says that's what the gravamen of the complaint
15 is, and I'd submit that the proper way to do a Statute of
16 Limitations analysis is on a claim by claim basis.

17 THE COURT: Maybe. I understand the point, but I
18 think Courts do -- do tend to look at what's primary, what's
19 ancillary in the action as a whole as opposed to having
20 different Statute of Limitations, and the view was that
21 the -- even though there is a money judgment, it really is a
22 restitutionary cause of action by the government as opposed
23 to a private cause of action for damages.

24 I'll look at whatever it is you put in front of me,
25 but you know, Judge Richter's pretty sharp, and but -- you

KM

2807

Proceedings

1 know, if there is subsequent authority, I'll certainly look
2 at it. So with that, let's get the jury. Why don't we have
3 the witness come up.

4 MS. CONNELL: I just wanted to inform you I believe
5 we are still waiting for Lieutenant Colonel Lee. I think
6 the NRA was going to update on that.

7 MS. ROGERS: Professor Coy is on now. With respect
8 to Lieutenant Colonel Lee, he is a Board member. He is
9 represented by separate counsel with whom we have been in
10 touch. And although we are currently assured he will arrive
11 shortly, that is the same assurance I received with respect
12 to his anticipated testimony this morning.

13 THE COURT: Well, I would ask someone to
14 communicate from me that while I want to be respectful of
15 whatever else is going on, we have a very substantial amount
16 of resources going into having this trial proceed in an
17 orderly way, and he is currently getting in the way of that,
18 and it's not helpful whatsoever. So I expect him to be here
19 when we need him, and that could be relatively soon.

20 MS. ROGERS: We understand.

21 THE COURT: So he is not in route. My
22 understanding is he was in midtown and unless he is walking,
23 he should be here by now.

24 MS. ROGERS: We understand, and we will convey
25 that. I don't know that I have the practical ability to

KM

2808

Proceedings

1 produce him, but I certainly have the ability to convey your
2 Honor's message in all of it's gravity.

3 THE COURT: I'm not thrilled. Okay. All right.
4 If there is a personal thing that's going on, that's
5 something. I mean, there was a reference to that, but you
6 know, I'll be understanding about something that's going on
7 that's unavoidable, but this at the moment seems avoidable.

8 MS. CONNELL: I just wanted to inform your Honor
9 just in case because I know you like to know what's coming
10 up. I'm assuming that Colonel Lee's sprint from midtown
11 will end, and we will get to him shortly since he was
12 supposed to go on yesterday afternoon, but after this if he
13 is not here, we are going to go to Ms. Hallow's deposition
14 designations.

15 I wanted to just flag for you that part of hers is
16 going to be her photo with the document coming up with the
17 transcript underneath. And unfortunately because the video
18 was just not in a usable shape, part is going to have to be
19 read in.

20 THE COURT: Read in by who?

21 MS. CONNELL: Two attorneys from my office, if
22 that's okay with the Court. If not, I'll take any two
23 volunteers. I can get some acting students here.

24 THE COURT: No. You can do it that way.

25 THE COURT OFFICER: All rise. Jury entering.

KM

2809

1 (Whereupon, at this time the jury entered the
2 courtroom.)

3 (Witness resumed the witness stand.)

4 THE COURT: Welcome back. Sorry for the short
5 shall -- for the delay. I try to have all of our legal
6 arguments happen while you guys are on break, so we don't
7 take too much time away from you but we were discussing
8 something so have a seat. Thank you very much.

9 MS. ROGERS: Good afternoon.

10 THE COURT: If you can just bring the mike closer
11 to you.

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 Q Good afternoon, Professor Coy. Before lunch, you were
2 asked questions by the Government about a document marked
3 PX 2467, which is Tab 3 in your binder.

4 Could you please turn to that.

5 A I'm there.

6 Q Now, you were asked before lunch by the Attorney
7 General about the number of years you served on the Audit
8 Committee when you received this report; is that right?

9 A Yes.

10 Q In addition to your years of service on the NRA Audit
11 Committee, do you have any other professional expertise or
12 credentials that informed how you analyzed this report?

13 A Yes, I do. I graduated from Adrian College in 1975, my
14 alma mater. I successfully passed the CPA exam in 1977, worked
15 in public accounting until 1979. Went to work for a local
16 hospital in Adrian as a financial analyst, became assistant
17 controller. Went with a healthcare company in Toledo as chief
18 financial officer.

19 In that time period, I came to know myself better; and
20 I accepted a teaching position back at Adrian College, alma
21 mater in 1988 and I retired from there in 2021 as professor of
22 accountancy. I have an MBA. I have a CMA, in addition to my
23 CPA.

24 Q Thank you. And when you were a professor of
25 accountancy, did you teach just the techniques of accounting or

BP

2811

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 also the ethics of accounting?

2 A We certainly taught the ethics of accounting, as well.

3 Q Do you feel that that informs your service on the NRA
4 Audit Committee?

5 A Yes. The ethics of -- accountancy is a profession.
6 Like all professions, it has three tenants. It has a body of
7 technical knowledge, a code of ethics and most of all a
8 responsibility to society; and as I taught that to the students,
9 it was the latter that I really emphasized. You have to do the
10 right thing and you have to have integrity.

11 Q Now, Jacob Frenkel, who prepared this report, I think
12 you testified he was an outside lawyer that the NRA Audit
13 Committee hired to look into this matter; is that right?

14 A That is correct.

15 Q I think I heard the name Steve Shulman before. Who is
16 he?

17 A Steve Shulman was counsel to the NRA board of
18 directors, a very, very valuable advisor to the board. He
19 enjoyed the trust and confidence of virtually every board member
20 I ever had contact with.

21 Q And would it be accurate reflecting back on this
22 morning to say that you hired Mr. Frenkel to do this
23 investigation after Steve Shulman recommended him because
24 Pricewaterhousecoopers, the NRA's independent auditor, found an
25 apparent problem with one of the employee's expenses?

BP

2812

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 A That is correct.

2 Q How many years, approximately, did
3 Pricewaterhousecoopers serve as the NRA outside auditors, if you
4 know?

5 A I can't speak to the period of time before I was Chair
6 of the Audit Committee. They served NRA as auditors. They
7 completed the audit for the 2007 year, obviously the period from
8 2001, 2002 forward to that time.

9 Q And while we're talking about the vintage of these
10 events, would it be accurate to say I think this report was
11 prepared twenty-one years ago?

12 A That is correct. It was prepared in 2003.

13 Q So, twenty-one years ago when your outside auditor
14 raised a concern about one employee's expenses, do you recall
15 whether they ever raised concerns about any other employees'
16 expenses?

17 A No, I don't recall that they ever raised concern. They
18 certainly -- it would have been customary for them to test it.
19 At this particular time in the evolution of the body of
20 knowledge for accounting, they were putting into place
21 procedures to protect fraud in specific. Prior to that,
22 accounts tried to take a pass on that and responsibility to
23 society mandated otherwise. Congress Dingell's inquiry into
24 that was very significant.

25 Q And can you describe, if you know, how the practice of

BP

2813

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 auditors evolves on that score between 20 -- or, sorry, strike
2 that.

3 Can you describe, if you know, how that practice
4 evolved between the time that report was prepared and now?

5 MR. SHIFFMAN: Objection, your Honor, outside the
6 scope and lay opinion testimony.

7 We're talking about one incident as your Honor --
8 the purpose for which your Honor has admitted the report is
9 just on notice. It is not on the full scope of the
10 accountancy and accounting rules over the time.

11 MS. ROGERS: Your Honor, it's a narrow question and
12 purpose of the report is in evidence because it suggests
13 that accusations were made in the past and how the NRA
14 reacts to it; and the witness just testified that
15 accountants view this sort of thing differently now than
16 they did then. So, I'm trying to give the jury context on
17 the direction in which that standard evolved, that
18 accountants become more vigilant about fraud or less.

19 MR. SHIFFMAN: And that's lay opinion, your Honor.

20 THE COURT: Overruled.

21 MR. SHIFFMAN: And outside the scope.

22 Q You can answer.

23 A Thank you.

24 Accounts certainly became more vigilant because society
25 demanded that they be accountable for that aspect of an audit.

BP

2814

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 There was also an impression that audits guaranteed an
2 absence of fraud. They cannot make that guarantee absolutely;
3 but they did intensify the procedures that they had to do with
4 respect to fraud detection, and other things were evolving at
5 this time that made that a little bit easier and a little bit
6 harder.

7 The procedures are going to depend on the audit client.

8 Q During the years when the Audit Committee worked with
9 Pricewaterhousecoopers as the NRA's outside auditors, did you
10 form a view about the competence of Pricewaterhouse as an audit
11 firm?

12 THE COURT: Counsel, now, again the direct was
13 about this legal investigation, not about the audits.

14 MS. ROGERS: I understand.

15 Q You testified that this investigation was precipitated
16 by a call from Pricewaterhouse; right?

17 A Yes.

18 Q Did you ever get a similar call from Pricewaterhouse
19 about any other NRA employee apart from this assistant, Millie
20 Hallow?

21 A No.

22 Q Are you generally familiar with the allegations made by
23 the Government against the NRA in this case?

24 A I'm generally familiar with it. I've read the
25 complaint. I certainly can't recite chapter and verse on that

BP

2815

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 but --

2 Q Looking back at this investigation, can you ever recall
3 getting a call from an auditor with respect to any of the other
4 issues raised by the Attorney General or just Millie Hallow?

5 MR. SHIFFMAN: Objection, your Honor, lack of
6 foundation, outside the scope.

7 THE COURT: Overruled.

8 MR. SHIFFMAN: He hasn't testified as to full
9 knowledge of the whole complaint.

10 THE COURT: Overruled.

11 Q You can answer.

12 A Could I have the question repeated, please?

13 Q Sure. So, I'm actually change it a little bit to make
14 the time period clearer.

15 You recall that the Attorney General sued the NRA in
16 2020; right?

17 A Yes.

18 Q And you served on the Audit Committee continuously
19 between the time this report was prepared in 2003 and the
20 present; right?

21 A There was one year where I was not on the board of
22 directors. I was not reelected during within that time period.

23 However, the president of NRA indicated -- and I don't
24 remember who it was at the time -- but they indicated that I
25 should continue to come to the meetings as a non-board member

BP

2816

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 and provide advice to the committee.

2 Q And during all those years, do you ever recall
3 receiving a call from an auditor like this one about any of the
4 other issues in their lawsuit or just this assistant, Millie
5 Hallow?

6 A It was just this assistant.

7 Q Did you ever get a call from the auditors about the NRA
8 procurement or contracting policies?

9 A No, I did not.

10 Q Did you ever get a call from the auditors about
11 Ackerman McQueen?

12 MR. SHIFFMAN: Objection, leading.

13 THE COURT: Overruled.

14 MR. SHIFFMAN: Outside the scope.

15 A No, I did not get a call from them.

16 Q Did you ever get a call from the auditors about David
17 McKenzie or any company that he's a shareholder of?

18 A No, I did not get a call from the auditors.

19 Q Did you ever get a call from the auditors questioning
20 the loyalty or the expense practices of Wayne LaPierre?

21 A No, I did not get a call from the auditors on that.

22 Q Did you ever get a call from the auditors questioning
23 the qualifications of the General Counsel, Mr. Frazer?

24 A No, I did not.

25 Q Did you ever -- strike that. I think I'll move on from

BP

2817

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 there.

2 Did you have an understanding as to whether -- when you
3 hired this lawyer in response to this call from these auditors
4 -- Mr. Frenkel conducted interviews of people besides Millie
5 Hallow?

6 A I'm sorry --

7 Q It's my fault. It was a long question.

8 A Okay.

9 Q So, Mr. Frenkel performed an investigation after the
10 auditors called you; right?

11 A Yes.

12 Q And do you have an understanding as to the scope and
13 robustness of that investigation?

14 A Yes, I do.

15 Q Let's flip to page 28 of the exhibit that's in front of
16 you.

17 Do you recognize this as a list of people and documents
18 interviewed and reviewed by the outside lawyer the Audit
19 Committee hired, and I think it should be the next page. The
20 jury is looking at the signature.

21 A Yes, I am familiar with this list.

22 Q So, did you form a view -- were you satisfied with the
23 scope and robustness of this investigation?

24 A I thought it was very, very appropriate. Yes, I was
25 personally satisfied and I believe the committee was satisfied,

BP

2818

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 as well.

2 Q All right, I'd like to direct your attention to the
3 first paragraph on page 2 where there's a -- and I'll wait for
4 this to be up so the jury can follow us.

5 THE COURT: Are you referring to page 2 of the
6 document or the exhibit number?

7 MS. ROGERS: Page 2 of the document, and it ends
8 with Bates label 028, so it should be the next page.

9 MR. SHIFFMAN: I think yours must be cut off. Page
10 2?

11 MS. ROGERS: I don't have the PX numbers on mine,
12 but I have number page 2.

13 MR. SHIFFMAN: It is page 3 of the exhibit.

14 MS. ROGERS: I apologize for the confusion.

15 Q So, Professor Coy, I'd like to direct your attention to
16 that first long paragraph. There's a reference to
17 Pricewaterhouse requesting that the Audit Committee waive
18 attorney-client privilege as to this report.

19 Do you see that?

20 A Yes.

21 Q Now, I know you're not a lawyer, but do you have a
22 layman's understanding of what it means to waive attorney-client
23 privilege?

24 MR. SHIFFMAN: Objection, your Honor.

1 A Yes, I do have a layman's understanding, a term I've
2 used to paraphrase that as protected work product.

3 Q Would it be fair to say that normally you're supposed
4 to keep the attorney's work confidential, but waiving it means
5 you can disclose it?

6 A Yes.

7 Q Can you recall in your decades of service on the Audit
8 Committee any other time that an auditor asked you to waive
9 attorney-client privilege?

10 A I'm not aware of any such request.

11 Q Only as to Millie Hallow; right?

12 A That is correct.

13 Q All right, I'd like to direct your attention now to
14 very next paragraph, the text that reads:

15 "None of the NRA, its officers, directors or
16 members of senior management or Hallow violated any
17 statutes."

18 Do you see that?

19 MR. SHIFFMAN: Objection, your Honor. I think
20 we're going into the content of this document for things
21 other than notice and the findings. I'm not sure what the
22 relevance of this particular statement is, given the use to
23 which the document has been admitted.

24 THE COURT: I'm not a hundred percent sure, but I
25 think you did the same so I'll let her do it.

BP

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 MS. ROGERS: Thank you, your Honor.

2 Q Professor Coy, do you recall reading the outside
3 lawyer's finding that "none of the NRA, its officers, directors,
4 or members of senior management or Millie Hallow violated any
5 statute?"

6 A I remember reading that, yes.

7 Q And how did you interpret that finding by the expert
8 you hired?

9 A I was pleased there was no violation of statute. I was
10 still dismayed that procedures had been laxed and that was not
11 acceptable.

12 Q I'd like to direct your attention now to the bottom of
13 the same paragraph where it says:

14 "Hallow had no intent to violate policies, let
15 alone violate any laws. In further applying a general
16 definition of fraud and theft, there was no evidence --"

17 THE COURT: Wait, I'm sorry. Counsel, I'm just
18 reading that -- well, I'll leave it to the Attorney General.
19 I'm not sure you read the whole sentence --

20 MS. ROGERS: I apologize, I'm happy to read the
21 whole sentence. I was reading the highlighted text.

22 Q All right, so, Professor Coy, if you read the
23 highlighted text on your screen at the end of that paragraph --

24 MR. SHIFFMAN: Objection. Please read the whole
25 sentence.

BP

2821

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 THE COURT: No, I meant the other one about "None
2 of the NRA, its officers," the sentence goes on after
3 statute.

4 MS. ROGERS: Of course, I'm happy to complete that.

5 Q So, we talked about how your outside expert found that
6 "none of these senior people and Millie Hallow, none of them
7 violated any statute," and there also says "any statute reviewed
8 as potentially applicable to Hallow's use of the Am Ex card."

9 Do you see that?

10 A Yes, I do.

11 Q What did you interpret that to mean?

12 A I took it as a comfort that the American Express card
13 while it had been abused and I think clearly it had been, we
14 didn't have any violations of law with respect to the use of
15 that card.

16 I also inferred -- perhaps rightly, perhaps wrongly,
17 but I think rightly that the auditors would not have stopped
18 their examination at that point. If I were auditing, I
19 certainly would not have.

20 Q And when you say they wouldn't have stopped their
21 examination at that point, what do you mean?

22 A I mean, they would have looked into other employees.
23 They would have looked at other expense reports. They would
24 have been vigilant and in exploring whether or not these
25 practices were pervasive. This would have been the auditors and

BP

2822

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 not Mr. Frenkel.

2 Q And you base that inference on your experience as an
3 auditor?

4 A Yes, I did.

5 Q And as your experience as a professor of accounting
6 ethics?

7 A Yes, I did.

8 Q I want to look now at the bottom of the same paragraph:

9 "To the extent that there were prevailing practices
10 which may be deemed policies, the evidence is consistent
11 that Hallow had to intent toe violate policies, let alone
12 violate any laws. In further applying a general definition
13 of fraud and theft, there was no evidence of any illegal act
14 or irregularity."

15 Do you see that?

16 A Yes, I do.

17 MR. SHIFFMAN: Objection, your Honor. I think,
18 again, for the purposes of the document it's being used for
19 something that goes beyond the scope for which it was
20 admitted.

21 THE COURT: Overruled.

22 Q Professor Coy, how did you interpret that finding?

23 A Again, I took some comfort in it. I was candidly
24 dismayed that we were in a position where we had prevailing
25 practices and that, again, there was laxness here and that was

BP

2823

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 disturbing to me.

2 Q Let's turn to the page, the next page of this document
3 with Bates label ending 028, and I'm going to direct your
4 attention to --

5 MR. SHIFFMAN: I'm sorry, what page?

6 THE COURT: It is not 02 --

7 MS. ROGERS: They're all the same on every page.

8 MR. SHIFFMAN: The problem is your last digit is
9 cut off so every time you give it.

10 MS. ROGERS: I apologize for that. It is the very
11 next page, and it is on the screen now.

12 (Displayed)

13 MR. SHIFFMAN: Page 3?

14 MS. ROGERS: Yes. It is number page 3, which may
15 be a different PX page.

16 Q Professor Coy, I'm going to direct your attention to
17 the text that you should see -- you don't see highlighted in
18 front of you yet, so I'll read it aloud:

19 Your outside expert writes: "That Ms. Hallow
20 always intended and expected to provide the necessary
21 support for the charges to the Am Ex card and nor did anyone
22 interviewed believe otherwise."

23 Do you see that.

24 A Yes, I do.

25 Q How did you interpret that finding?

BP

2824

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 A I accepted the assurance from Mr. Frenkel and from NRA
2 employees.

3 Q All right. Let's look at the facing page, which is
4 number 4 on your page and I'm going to direct your attention to
5 the full paragraph on that page.

6 All right, about a quarter of the way down, the expert
7 that you hired to look into this concern writes, quote:

8 "The evidence developed is that there was no
9 override of internal controls in connection with the use of
10 the cards."

11 Do you see that?

12 MR. SHIFFMAN: Could you read the whole sentence.

13 Q "There was no override of internal controls in
14 connection with the use of the card because a large part of the
15 nonexistence --" I'll make this simple.

16 What do you understand an override of internal controls
17 to mean?

18 A An override of internal controls normally happens when
19 someone higher on the food chain overrules a subordinate and
20 says, Ignore the control. Go ahead and pay it.

21 Q And do you recall reading this finding that there was
22 no override of internal controls here?

23 A Yes.

24 Q How did you interpret that finding?

25 A I was pleased to see it because that is an inherent

BP

2825

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 weakness in the internal control system in any corporation or
2 organization.

3 Q All right, and a little further down in that paragraph
4 after the year ended December 31, 2002, the lawyer writes:

5 "That the office of the treasurer did adhere to
6 existing internal controls."

7 Do you see that?

8 A Yes.

9 Q How did you interpret that finding?

10 A Again, I was comforted by that.

11 Q The very final sentence of this paragraph says:

12 "As a result, there's no evidence that PwC --
13 Pricewaterhouse -- cannot rely on management's
14 representations."

15 Do you see that.

16 A Yes, I do.

17 Q Did you form a view as to what management
18 representations the accountants were talking about?

19 A There is a -- at the end of every audit there is a
20 letter the accountants sign and provide to the audit firm that
21 says, in essence, We've put everything on the table. We've held
22 nothing back, and the audit firm has to be able to rely on the
23 truth of that. And the work that Mr. Frenkel did, I believe in
24 this particular instance on this issue, allayed those fears and
25 it was proper that PwC did.

BP

2826

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 Q Right, they wanted to make sure that they could trust
2 what the NRA's accountants were reporting to them; right?

3 MR. SHIFFMAN: Objection, hearsay and foundation.

4 A Yes.

5 THE COURT: Overruled.

6 Q And they concluded they could trust Mr. Phillips's,
7 office; right?

8 A Yes.

9 THE COURT: Who's the "they?"

10 MS. ROGERS: Pricewaterhouse -- I apologize,
11 Mr. Frenkel.

12 MR. SHIFFMAN: Same objection.

13 MS. ROGERS: The preparer of this report which
14 concludes there's no evidence PwC cannot rely.

15 THE COURT: That I'll accept.

16 Q So, the lawyer concluded that there was no reason not
17 to trust Mr. Phillip's accounting department and the
18 representations they made; right?

19 MR. SHIFFMAN: Objection, misstates --

20 THE COURT: Sustained.

21 Q The lawyer concluded that there was no evidence that
22 the accountants could not rely on Mr. Phillips office and
23 representations they made; right?

24 MR. SHIFFMAN: Same objection.

25 THE COURT: Overruled.

BP

2827

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 A That is correct. That's what that statement means to
2 me.

3 Q Did you take that into consideration when your Audit
4 Committee continued to rely on those representations?

5 A Yes, I did.

6 Q Let's turn now to the page marked 6 with a Roman
7 numeral in the center saying "The Investigation," and I'm going
8 to direct your attention to the paragraph right above that Roman
9 numeral where the report concludes:

10 "Also noteworthy are the absence of concealment of
11 any Am Ex charges, her timely cooperation as well as NRA
12 staff cooperation."

13 Do you see that?

14 A Yes, I do.

15 Q Do you recall reading that finding?

16 A Yes, I do.

17 Q What did you interpret that to mean?

18 A It meant that there had been full disclosures a part of
19 this investigation.

20 Q And let's turn to the next page now marked 7. All
21 right, and I'm going to direct your attention to the paragraph
22 trailing on to the top of this page where it says -- where the
23 outside lawyer says:

24 "Accordingly, conclusions herein reflect
25 conclusions that may be drawn from the evidence and the

BP

2828

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 recommendations are those in the writer's professional
2 judgment that warrant consideration and implementation, in
3 substance, to ensure an effective system of internal
4 controls and tighter corporate governance standards going
5 forward."

6 Do you see that?

7 A Yes, I do.

8 Q Would it be fair to say that Mr. Frenkel was telling
9 you, These are my conclusions, but what the NRA needs to do to
10 make sure it has an appropriate controls environment going
11 forward?

12 A Yes.

13 Q Okay. And let's look at what some of those conclusions
14 and recommendations were. I believe they begin on page marked
15 21 of this document. Please turn there.

16 Are you there?

17 A I'm there, yes.

18 Q We're waiting for the screen to get there.

19 (Displayed)

20 All right, Professor Coy, to your acknowledge after
21 receiving this report, did the Audit Committee adopt and
22 implement a formal policy as recommended here?

23 A To the best of our ability, yes. The National Rifle
24 Association -- and let's be clear, there were -- within the
25 scope of this report, there were prevailing practices, there

BP

2829

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 were procedures and then there were formally adopted policies.

2 Prevailing practices and procedures really governed
3 travel and entertainment, and as a response to this the most --
4 in the travel and entertainment policy, the most recent one, was
5 placed into the Employee Handbook; but I can find -- as I looked
6 at minutes I could find no indication that it was ever formally
7 adopted by the board.

8 Q But to your knowledge, it was placed in the Employee
9 Handbook that was issued to employees; right?

10 A That's correct.

11 Q And that didn't happen just last year. That happened
12 back when you received this report, right?

13 A Correct. It happened as I recall in January of 2004,
14 which was shortly after receiving this report.

15 Q All right, and what about the second recommendation
16 about new travel policies discouraging exceptions; do you see
17 that?

18 A Yes.

19 Q To your recollection, did the new policy do that?

20 A Yes, it did. And when I went through board
21 orientation, this was what we were told we had to do as board
22 members. We needed to travel, for example, by normal airfare,
23 coach airfare; and if there were any exceptions, they would have
24 to be granted by the executive vice president.

25 Q Now, is it your understanding that exceptions are

BP

2830

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 sometimes granted?

2 A Yes, they are.

3 Q And, in your view, is that consistent with the policies
4 that the committee put in place?

5 A They should be discouraged; but, yeah, if there's a
6 medical reason that someone needs a different seat in the
7 aircraft, they are volunteering for serving on the board,
8 uncompensated volunteers and I certainly think that's
9 reasonable.

10 Q And, obviously, there's no policy violation if someone
11 pays to upgrade himself to business class?

12 A That is correct.

13 MR. SHIFFMAN: Objection to scope.

14 Q We'll get back to the document. So, let's look at page
15 marked 22.

16 Is it your understanding that after receiving this
17 report, the NRA has trained employees in the requirements and
18 enforcement of the policy?

19 A Yes. I felt that this was going on in normal employee
20 orientation. The board orientation was not as robust as it is
21 now. Both processes have been significantly improved since this
22 time.

23 No one should have any doubt within the association
24 what the policies are for traveling entertainment. The most
25 recent of these policies was and this one was adopted by the

BP

2831

D. Coy - by Plaintiff - Cross/Ms. Rogers

1 board 2021 -- let me back up.

2 There was another iteration of it in 2011, but the 2021
3 policy absolutely was adopted by the board and it contained
4 three specific appendices that differentiated between employees,
5 employees of The Institute for Legislative Action and board
6 members. And all of them have different travel needs.

7 For example, the Institute for Legislative Action
8 employees are lobbyists; particularly, those in state local
9 might get an urgent request to be somewhere because of a hot
10 issue. So, they need to be able to go. And if there's no
11 flight, they may have to rent a car to get there, and it could
12 be an expense that would be outside the policy; but that,
13 nonetheless, would be consistent with the objectives in the best
14 interest of the National Rifle Association and our mission.

15 Q So, even if the policy doesn't contain an explicit
16 proviso, if you need to be somewhere for a political event in
17 twelve hours, you may rent a car; you would interpret the policy
18 as covering and accommodating that situation because it is in
19 the spirit of --

20 MR. SHIFFMAN: Objection, leading, scope.

21 THE COURT: Sustained.

22 Q You don't have to answer that.

23 Well, let's move on from the travel and entertainment
24 policy and get to the rest of this document.

25 On page number 23, there's a finding that "the Audit

BP

2832

1 Committee should direct the treasurer to resolve outstanding
2 issues relating to the Am Ex card."

3 Do you see that?

4 A Yes, I do.

5 Q Did the Audit Committee do that?

6 A Mr. LaPierre and Mr. Phillips were in the meeting when
7 we -- on April 24th when we discussed the Frenkel report. The
8 Frenkel report, quite frankly, called him on the carpet, and to
9 say he gave specific direction --

1 THE COURT: You can continue.

2 A Thank you. I have to gather my thoughts up here, sir.
3 My apologies.

4 As I said, effectively, this called him on the carpet,
5 and you know, to say that we have got to direct them like they
6 are school boys and not senior executives, I mean, they knew
7 what they needed to do, and it's really as simple as that.

8 Q Does the Audit Committee ever issue directions?

9 A In a managerial sense, no. That is -- it would be the
10 job of the -- it is the job of the Audit Committee to promulgate
11 policy, recommend it to the entire board for adoption and then
12 management is expected to implement that and conform to the
13 policy.

14 When we pass a policy, they are expected to do that and
15 it's no different than any other organization.

16 Q Okay. Let's look at Page Number 24, recommendation
17 number seven at the bottom. "The facts developed during the
18 investigation do not give rise to a basis for finding of a
19 violation of law or policy. Accordingly, there is no
20 recommendation about discipline that may follow from the
21 investigation."

22 Do you see that?

23 A Yes.

24 Q Did this recommendation shape how the Audit Committee
25 reacted to the Frenkel reports's findings?

KM

2834

Coy - by Plaintiff - Cross/Ms. Rogers

1 A It was clear there needed to be some constraints placed
2 upon Ms. Hallow's behavior.

3 In terms of any discipline, that's beyond the scope of
4 the Audit Committee. That's a management decision. The
5 expectation is that HR policies would have been followed in this
6 regard, and it's not the place of the Board or any committee to
7 micro-manage that aspect of NRA operations. That's what the
8 executives are expected to do.

9 Q Around the time of these events, did you develop a
10 charter for the Audit Committee?

11 A Yes. The charter of the Audit Committee was actually
12 discussed throughout -- had been under discussion and was a
13 paramount in what we did in through the -- gave a prism through
14 which we viewed the Frenkel report.

15 We actually in advance of the Frenkel report final
16 issuance on May 12, on the 24th of April of that year, the Audit
17 Committee adopted a charter. Actually, I should say they
18 recommended a charter to the full Board of Directors, and it was
19 adopted at the April 28 board meeting.

20 Q Let's look at Plaintiff's Exhibit 5073 which is already
21 in evidence. It should be on your screen in a moment, Professor
22 Coy. And let's flip to the document. Not the email.

23 Is this the Audit Committee charter?

24 MR. SHIFFMAN: Objection. Scope.

25 THE COURT: Overruled.

KM

2835

Coy - by Plaintiff - Cross/Ms. Rogers

1 Q Is this the charter that you spoke about?

2 A I believe so. I would have to see one of the final
3 paragraphs to be absolutely certain.

4 Q Let's flip to the final page.

5 A This is the Audit Committee charter that was adopted by
6 the Board on April 28, 2003.

7 Q And I think you testified that this charter provided
8 the prism through which you viewed the Frenkel report; right?

9 A Yes.

10 Q And do you think sitting here today that the Audit
11 Committee handling of and responses to the Frenkel report were
12 consistent with this charter?

13 A Yes, I do.

14 Q All right. In addition to the Frenkel report which is
15 from 21 years ago, the Attorney General also asked you about an
16 anonymous letter that the Audit Committee received 17 years ago.
17 Do you recall that?

18 A Yes, I do.

19 Q And they said that that letter contained allegations
20 about Ms. Hallow whom Mr. Frenkel had investigated; right?

21 A Yes.

22 Q What did you do when the anonymous letter -- I'm sorry.
23 Strike that.

24 What did the Audit Committee do when the anonymous
25 letter made allegations about Ms. Hallow?

KM

2836

Coy - by Plaintiff - Cross/Ms. Rogers

1 A The letter was mailed to the entire Board of Directors.
2 The Audit Committee was -- let me back up here. The -- in order
3 to facilitate a structured discussion by the Audit Committee, I
4 took a look at this letter which frankly is a rant and
5 incredibly offensive to me based on some things that are said in
6 here and the way they were said, but I set that outrage aside
7 and crafted a series of questions that were consistent with the
8 Audit Committee charter. They focused on controls which is the
9 job of the Audit Committee.

10 Q Now, we will get to your outrage in a moment, but would
11 it be fair to say that even though the letter was a rant, you
12 took the allegations seriously?

13 A Absolutely.

14 Q All right. And so you crafted a series of questions.
15 And to whom were those questions put?

16 A I followed a chain of command. It was clear that the
17 Board wanted this looked at.

18 Past-president Froman I believe in one of her last acts
19 as president admonished the Audit Committee -- perhaps
20 "admonished" is a harsh word, but made it clear that we needed
21 to look at this.

22 John Sigler who is an attorney and a U.S. Navy veteran,
23 former law enforcement officer was then installed as president.
24 It was up to him to appoint an Audit Committee at that point.
25 We -- I sent the questions to him. I can not -- I went back.

KM

2837

Coy - by Plaintiff - Cross/Ms. Rogers

1 You know, again, this is 17 years ago, and I have gone
2 back to try to find other documentation on it in my papers. I
3 can't do it. I wish I did. So my memory is incomplete on this.
4 I wish it wasn't, but what I do know is we crafted the
5 questions.

6 Chairman -- or Chairman Sigler -- President Sigler was
7 away. I had crafted the questions. I requested a meeting.
8 That meeting request was not granted. However, none of the
9 Board -- since the entire Board received it, I received it, Mr.
10 Sigler received it, past-president Froman received it, there was
11 no way this was going to get swept under the rug.

12 We -- we got answers to the questions, and the fact
13 that I have no memory suggests that they were handled and we
14 moved on.

15 Q Do you have a memory of whether the allegations in the
16 letter turned out to be true or false?

17 A This was old news, a lot of this. A lot of it was
18 gossip that I had heard ever since I came on the Board. The
19 reference to Millie Hallow which is contained in this letter was
20 a rehash of what's in the Frenkel report. The numbers in there
21 are not accurate. They don't match up with the Frenkel report.
22 So --

23 Q In addition to the numbers in the letter being
24 inaccurate, were there other features of the letter that
25 outraged you or caused you to question the mindset of the person

KM

2838

Coy - by Plaintiff - Cross/Ms. Rogers

1 who wrote it?

2 A Yes, there was.

3 Q Can you describe that for the jury?

4 A In the -- on the second page of it, there is --

5 MR. FARBER: Objection.

6 Q Professor Coy, this document hasn't been admitted. I
7 don't want you to answer questions based on it. I only want you
8 to answer questions based on your memory.

9 A Yeah. There was --

10 MR. SHIFFMAN: Is he reading from the document or
11 is he basing it on his memory?

12 THE COURT: There was a little of both, but now he
13 is not, I guess. But he is --

14 A I will speak from my memory. The -- I don't have to
15 read the document at all.

16 The managing director of finance Rick Tedrick was
17 maligned in this letter. The letter calls him a homo. That is
18 his choice. That is his sexual preference.

19 To put that in a letter and take the letter seriously,
20 you know, that -- that's a stretch, and it colors everything
21 else in the letter, quite frankly. So -- but nonetheless, we
22 took it seriously.

23 Q You took the allegations seriously even though you felt
24 it held homophobic attacks on a NRA employee; right?

5 at University of Michigan at the time I was born and he had an
6 expertise in taxation. He clerked for the tax court. He was
7 very adamant, insistent about making certain NRA towed the line
8 on practices that needed to be consistent with our
9 not-for-profit status. He was very concerned about that. And
10 as I mentioned, he enjoyed immense respect from all members of
11 Board of Directors.

12 Q Did he have a special relationship with your family
13 that caused you to rely on his expertise and confidence?

14 MR. SHIFFMAN: Objection.

15 THE COURT: Sustained.

16 A A special relationship --

17 THE COURT: Sustained.

18 MR. CORRELL: I'll move on.

19 THE COURT: Let's move on.

20 Q Let me direct your attention to the Frenkel report
21 again, please. That's Tab 3 in you're binder. I'd like you to
22 turn to Page 6 of 32, and let me know when you get there.

23 A I'm there.

24 Q I want to read just one portion that was skipped over
25 and ask you whether that informed your decision in any way as to

KM

1 how to deal with the findings of this report, and I'm directing
2 your attention to Page 6 of 32, the last paragraph that starts
3 with the word "finally."

4 I'm going to read that to you if that's all right.
5 "Finally, the evidence developed was overwhelming and entirely
6 consistent in the benefit that Hallow has brought to the NRA
7 through the discharge of her duties. Wayne LaPierre defined as
8 LaPierre was effusive in his praise of Hallow's work an
9 accomplishment attributing to her efforts in large part the
10 movement and the perception of the NRA from an extremist
11 organization to the mainstream and the significant inroads the
12 organization has achieved in the past six to seven years with
13 conservative organizations, high donor circles and African
14 American and Hispanic groups. Interviewees acknowledged the
15 significant benefit to the NRA of Hallow's networking to help
16 realize the NRA's political and legislative goals."

17 And then I'd like to direct your attention to the top
18 of Page 7 of 32. I'd like to read just the one sentence that
19 preceded what Ms. Rogers had read earlier.

20 "During more than ten hours of interviews in this
21 investigation, Hallow articulated with clarity and specificity
22 her work in effecting new level of political and social access
23 for senior NAR officials and creating multiple media
24 opportunities as a result of LaPierre's radio show and her
25 extensive personal media connections."

KM

Coy - by Plaintiff - Cross/Mr. Correll

1 Q Did that inform your decision in how to proceed with
2 Ms. Hallow?

3 A As I stated previously, matters of employment are not
4 within the scope of the Audit Committee. Hiring and firing
5 decisions need to be made by the executive, made by the
6 management. I think there is no question that she did add
7 value, but that really had no bearing on anything that -- any
8 decision that I would make.

9 This report as I mentioned called people on the carpet.
10 Millie was one of the ones that was called on the carpet for
11 this thing, and there is -- as an employee, there is an
12 expectation that rules are followed.

13 Q And is it fair to say that after doing that, that the
14 decision as to whether Millie Hallow should continue in the
15 employ of the NRA or be fired was left to senior management?

16 A Yes, and appropriately so. That's not the job of the
17 Board or any committee thereof.

18 MR. CORRELL: Thank you, Professor.

19 MR. FARBER: No questions, your Honor.

20 MR. FLEMING: No questions, your Honor.

21 THE COURT: Counsel.

22 MR. SHIFFMAN: Can I have one moment, your Honor.

23 THE COURT: Sure.

24 MR. SHIFFMAN: No questions, your Honor.

25 THE COURT: Okay. Sir, you're free to step down.

2 THE WITNESS: Thank you, sir.

3 THE COURT: Do we have our next witness available?

4 MS. CONNELL: I don't know, your Honor.

5 THE COURT: Officer, can you check and see if
6 Lieutenant Colonel Lee has arrived.

7 MS. EISENBERG: At 3:05 I received an email message
8 from the witness' counsel saying they were on their way
9 after I conveyed your message.

10 THE COURT: An officer is waiting outside for them.
11 We can take a short break, and we can get going. Let's try
12 to keep the break as short as possible, if at all possible,
13 but do what you need to do.

14 THE COURT OFFICER: All rise. Jury exiting.

15 (Whereupon, at this time the jury exits the

17 (Whereupon, at this time there was a recess taken.)
18 Two.

19 THE COURT: We are still waiting for the witness
20 but in the meantime, Ms. Connell.

21 MS. CONNELL: I'm sorry to bother the Court with
22 this, but we subpoenaed Lieutenant Colonel Lee some time
23 ago. The NRA accepted the subpoena. We were told he would
24 be here yesterday. Then we were told he would be here this
25 morning. Now we understand -- we've heard a couple of

KM

2844

Coy - by Plaintiff - Cross/Mr. Correll

1 different things about where he is and what's going on.

2 What I don't want is for Lieutenant Colonel Lee to
3 get on the stand and testify as to some emergency or
4 something going on that we don't know about, we haven't
5 gotten information about. He shouldn't testify as to what
6 he's been doing or why he hasn't appeared earlier today as
7 scheduled without us getting some information about that.

8 For example, I heard that maybe he had a 100-year
9 old father who was sick or maybe it was an uncle or brother.
10 I just don't want to hear that kind of thing.

11 THE COURT: It shouldn't be -- I mean, he can tell
12 me. It shouldn't be in front of the jury.

13 MS. CONNELL: Exactly right. He can tell you
14 and --

15 THE COURT: I don't need to hear about it
16 unnecessarily, but yeah, I agree. We should get right to
17 it. We don't have time to waste on anything really. At
18 some point I would like to know but not at the cost of
19 delaying further and all the dead time this afternoon and
20 this -- to the extent there's been any dead time today, that
21 should be in your allocation of time apportioned to the --
22 whatever the NRA's share of the defendant's time is.

23 MS. ROGERS: Your Honor, I would just note that
24 after the NRA accepted the subpoena for Colonel Lee, he told
25 us he wanted separate counsel which we communicated to the

KM

2845

1 AG and from that point on, he's been separately represented.
2 It attests to our lack of control, our efforts throughout
3 the course of the day to locate and to produce Colonel Lee
4 and our inability to do that.

5 MS. CONNELL: And your Honor --

6 THE COURT: There is no need to argue this.

7 MS. CONNELL: Thank you, your Honor.

8 MR. LESTER: I just want to confirm you have the
9 binder in front of you. We placed it up there this morning.

10 THE COURT: All right. Let's get the jury.

11 Do you have an estimate of time for direct?

12 MR. LESTER: Our estimate is about 30 minutes, your
13 Honor.

14 THE COURT: Thank you.

15 THE COURT OFFICER: All rise. Jury entering.

16 (Whereupon, at this time the jury entered the
17 courtroom.)

18 THE COURT: All right. Welcome back everyone.
19 Please have a seat.

20 Is the State ready to call its next witness?

21 MS. CONNELL: Yes, your Honor. The State calls

16 DIRECT EXAMINATION

17 BY MR. LESTER:

18 Q Hello, Lieutenant Colonel Lee. My name is Jonathan
19 Lester. I'm Assistant Attorney General of The Charities Bureau,
20 and I represent the People in this case.

21 You're appearing today because you received a subpoena
22 from the New York Office of the Attorney General; correct?

23 A Yes.

24 Q Okay. Now you first became a member of the NRA shortly
25 after you graduated from West Point; correct?

KM

2847

Lee - by Plaintiff - Direct/Mr. Lester

1 A Actually, I don't recall if it was just before or just
2 after, but yes.

3 Q Okay.

4 A In that timeframe.

5 Q And you're currently a director of the NRA; right?

6 A Yes.

7 Q And you have been a director since 2017; correct?

8 A Yes.

9 Q And you were elected and are nominated and elected as
10 second vice-president in 2019; is that correct, sir?

11 A Yes.

12 Q And you were nominated and elected as first
13 vice-president in 2021; correct?

14 A Yes.

15 Q Okay; and you served in that role as first
16 vice-president until 2023; correct?

17 A Correct.

18 Q And you believe in the mission of the NRA; correct?

19 A Yes.

20 Q All right.

21 Now you have a personal Facebook account and a separate
22 facing Facebook page; is that correct, sir?

23 A Yes.

24 Q I have a Facebook page, and then, you know -- then
25 another account. I'm not sure how Facebook calls it, but yes.

KM

2848

Lee - by Plaintiff - Direct/Mr. Lester

1 Q And the separate Facebook page is titled Willes Lee,
2 NRA Board of Directors; right?

3 A Yes.

4 Q And now you believe communication with NRA members is
5 very important; correct?

6 A Yes.

7 Q And you were the author of the post on that page NRA
8 Wills or -- excuse me -- Willes Lee, NRA Board of Directors;
9 correct?

10 A To the best of my knowledge, yes.

11 Q To the best of your knowledge, no one else authors
12 posts on that page.

13 A Correct.

14 Q And as such, as the author of those posts, you make
15 efforts to insure what you're posting on that page is accurate
16 to the best of your knowledge; correct?

17 A Yes.

18 MS. LESTER: Okay. Your Honor, I would -- we have
19 an Exhibit Tab 1 that's been premarked as PX 3361. I have
20 not received any objections to this exhibit, and I would
21 move it into evidence barring any.

22 THE COURT: Any objections?

23 MS. EISENBERG: Your Honor, we don't object to it
24 coming in for the fact that the statements were made, but we
25 do object to them coming in for their truth.

KM

2849

Lee - by Plaintiff - Direct/Mr. Lester

1 MR. CORRELL: Same objection, your Honor.

2 MR. LESTER: Your Honor, Lieutenant Colonel Lee is
3 a member of the Board of Directors. He is a director of the
4 NRA, and as such, he is a party opponent. He is making
5 statements about his time on the Board of Directors, on the
6 Special Litigation Committee and in addition, some of these
7 posts, he was first officer.

8 MS. EISENBERG: Your Honor --

9 THE COURT: Facebook posts, is that a statement
10 that's made in the course of his official role?

11 MS. EISENBERG: That's incorrect, your Honor.

12 THE COURT: I'm just asking.

13 MR. LESTER: Your Honor, as he just testified, he
14 believes communication with NRA members is important.

15 As a member of the Board of Directors, he is the --
16 this is important, and he is posting them on this public
17 facing Facebook page, and so they are within CPLR 4549 which
18 permits the introduction of opposing parties agents on a
19 matter within the scope of that relationship with the entity
20 and during the existence of that relationship.

21 MS. EISENBERG: Your Honor, if I may, at his
22 deposition I asked Lieutenant Colonel Lee specifically
23 whether any of these posts were made on behalf of any other
24 board member of the NRA or on behalf of the Board or on
25 behalf of any person or entity other than our witness, and

KM

2850

Lee - by Plaintiff - Direct/Mr. Lester

1 he testified that they were not.

2 THE COURT: I don't think that counts as party
3 admissions because they are -- they are -- not every
4 breathing moment of someone's life is in this scope of
5 employment. So I don't think it comes in through that
6 route.

7 MR. CORRELL: Your Honor, it certainly wouldn't be
8 binding on Mr. LaPierre.

9 THE COURT: Well, that's true too, but so -- what
10 other grounds would there be for -- I mean, you know
11 -- these are -- the facts that these are said, is that the
12 point?

13 MR. LESTER: Yes, your Honor. They can be admitted
14 for that. We do believe they are party admissions.

15 THE COURT: The point here is to get in factual
16 testimony based on personal observations. And if any of
17 these become relevant to, you know, the examination, that's
18 fine, but I don't think they just come in as party
19 admissions.

20 MR. LESTER: Okay. Thank you, your Honor, but I
21 would still move this into evidence for the purposes of that
22 he made these statements and that --

23 THE COURT: No, I didn't mean that. I -- you know,
24 it could be that you can ask him questions and that these
25 could then be used as, you know, prior statements he's made

KM

Lee - by Plaintiff - Direct/Mr. Lester

1 in other forms even though not under oath.

2 MR. LESTER: That's all right. I can lay a
3 foundation for that, your Honor.

4 Q Lieutenant Colonel Lee, so again, just to confirm, you
5 make the post on the Willes Lee, NRA Board of Directors page;
6 correct?

7 A I'm sorry. I couldn't hear all of that.

8 Q Sorry. So you to the best of your knowledge make the
9 posts on the Willes Lee, NRA Board of Directors page; correct?

10 A Yes.

11 Q And that is a public facing page that anyone can view;
12 correct?

13 A To the best of my knowledge.

14 Q And so you have written before, haven't you, that
15 individuals have responsibilities when they are part of the
16 governance structure of non-profits; isn't that correct?

17 MR. CORRELL: Objection, your Honor.

18 THE COURT: I think the way to do it is to ask the
19 question whether that's his view and then you can go from
20 there.

21 Q Is it your view, Lieutenant Colonel Lee, that
22 individuals who are in charge of a non-profit organization have
23 responsibilities?

24 A Yes.

25 Q Okay. And you believe that -- or in your personal

KM

2852

Lee - by Plaintiff - Direct/Mr. Lester

1 belief, you believe that you were a voice on the NRA Board that
2 acted as a devil's advocate. Would you agree with that?

3 A Yes.

4 MR. LESTER: Okay. Your Honor, I would move for
5 admission of PX 3361.

6 One moment, your Honor.

7 MS. CONNELL: I'm sorry, your Honor.

8 Q Lieutenant Colonel Lee, can you look at Tab 1 in your
9 binder, please. Sorry. It's right there, sir. It will be
10 under Tab 1.

11 A That, I have, Counselor.

12 Q Okay. Do you recognize this document, Sir?

13 A Yes.

14 Q Okay. And what do you recognize it to be?

15 A A photocopy of a Facebook post.

16 Q And in -- you wrote this post; sir?

17 A Yes.

18 Q And to the best of your knowledge, this is a true and
19 accurate copy of that Facebook post?

20 A To the best of my knowledge, yes.

21 MR. LESTER: Your Honor, I would --

22 THE COURT: Look, we haven't had a chance to really
23 talk about this legally.

24 What's -- I don't know because I'm seeing this for
25 the first time. What's the law on just admitting Facebook

KM

2853

Lee - by Plaintiff - Direct/Mr. Lester

1 posts as substantive evidence? Is it an out-of-court
2 statement?

3 MR. LESTER: Yes, but it's an out-of-court
4 statement we would argue by a party opponent.

5 Also, it's relevant to the matters. Many of these
6 matters or all of these posts are relevant to the
7 relevant -- to the complaint.

8 THE COURT: There is a lot of out-of-court
9 statements that are relevant to things, but they still don't
10 come into court.

11 You have the human being right here to ask
12 questions to.

13 MR. LESTER: Yes, your Honor. So the non-hearsay
14 purpose of this, he is posting it publically so that there
15 is information being provided about Board activities that --

16 THE COURT: If an out-of-court statement is made
17 publically, it becomes not hearsay?

18 MS. ROGERS: We would disagree with that, and there
19 is another non-hearsay purpose for which they may intend to
20 offer this which Colonel Lee basically foreclosed in his
21 deposition.

22 MR. THOMPSON: The NRA's position has been that --
23 I'm sorry -- this is Stephen Thompson for the record.

24 The NRA's position has been that these were not
25 authorized by the NRA and that is no longer the test for

KM

2854

Lee - by Plaintiff - Direct/Mr. Lester

1 whether it's within the scope of that person's role within
2 the organization.

3 The CPL provision that Mr. Lester provided
4 specifically got rid of that requirement, and this is Mr.
5 Lee's public facing page for the purpose of communicating
6 with NRA members as a member of the NRA Board of Directors,
7 and we think that in that role he is authorized to manage
8 these statements and that they are party admissions for that
9 reason.

10 THE COURT: Yeah. Look, maybe it would be helpful
11 for me to have had a little advance notice of what this
12 evidentiary issue would be.

13 My initial reaction is not knowing anything more
14 than what I've seen in the last few minutes that this is
15 private communication.

16 I -- I would be happy to look at case law that
17 helps me get comfortable with this. I still don't know why
18 you don't sort of start by just asking him questions based
19 on him being here right now. And you know, I'll -- I don't
20 know whether we are going to finish today. I'll do the best
21 I can, but my initial reaction is against, but it's not a
22 crazy argument. I'm not suggesting it is because within --
23 it's -- it has to be within the scope of his employment;
24 right.

25 MR. THOMPSON: Yes, your Honor, within the scope.

KM

2855

1 THE COURT: So you're saying that a director of --
2 when they post on Facebook in their -- wherever they are,
3 everything they do is in the scope of their employment.

4 MR. THOMPSON: Not everything, your Honor. This is
5 as Mr. Lester elicited from Lieutenant Colonel Lee, he has a
6 personal Facebook page and then this separate page that is
7 Lieutenant Colonel Lee, NRA Board of directors.

8 MS. EISENBERG: That mischaracterizes the
9 testimony.

10 THE COURT: Well, I hate to waste all this time,
11 but why don't you ask him questions if it's designed -- I
12 mean, I don't want to lead the witness either, but if -- you
13 know, what the relevant fact finding is for it to be
14 something that would be admissible and then it would be
15 admissible only against one of the defendants. But why
16 don't you ask the predicate questions.

17 MR. LESTER: Okay.

18 Q Sorry about that, sir.

19 So Lieutenant Colonel Lee, do you believe board members
20 know that there are issues with the Board but remain silent?

21 A I don't know that.

22 Q Okay. I'd ask you to look at Tab 1 in your binder

10 Q About whether board members are aware -- excuse me --

10 MS. EISENBERG: Your Honor, hearsay.

11 THE COURT: Well, we're still kind of missing each

13 MS. CONNELL: Judge, can we have one minute to

15 THE COURT: Look, I understand. I haven't

18 off-the-cuff reaction, which is unsure whether this is, in
19 fact, a something that is a statement made in the course of
20 his agency.

21 MS. CONNELL: I understand, your Honor. The

23 Mr. Thompson stated.

24 THE COURT: It doesn't have to be authorized, but
25 not every waking hour is in the course of his directorship

BP

1 either.

2 MS. CONNELL: Certainly, but discussion of the
3 directorship we had suggested would be; but even given that
4 and even given the Court's ruling, if we could just have one
5 second to help Mr. Lester along here? And I would note,
6 your Honor, that we circulated these exhibits a few days ago
7 and didn't get objections thereto.

8 (Brief pause)

9 CONTINUING BY MR. LESTER:

10 Q Lieutenant Colonel Lee, now is your personal belief
11 that board members are aware of concerns, but there's silence
12 about those concerns?

13 MS. EISENBERG: Objection, asked and answered.

14 THE COURT: Overruled.

15 A I don't know that.

16 Q But you have made a Facebook post to that effect; isn't
17 that correct?

18 A My opinion, yes.

19 MR. LESTER: Your Honor, I'd like to show it to the
20 jury as impeachment evidence.

21 MR. CORRELL: Your Honor, I have an objection as
22 well. There are random posts by people who are not in court

1 MR. LESTER: Yes, your Honor.

2 Jesse, could you redact the comments and let me
3 know when that's complete.

4 Q Sir, so what you see on your screen, is this the
5 Facebook post we were just discussing?

6 (Displayed)

7 A Yes.

8 Q I want to direct your attention to the first line with
9 the text over the image.

10 MS. EISENBERG: Your Honor, it hasn't yet been
11 admitted, but it is being shown.

12 MS. ROGERS: How is it proper impeachment if he
13 testified consistently that he made a statement to that
14 effect?

15 Why does he need to be impeached?

16 MR. LESTER: Your Honor, he said in a Facebook post
17 after he said he didn't know.

18 MR. CORRELL: Your Honor, I would ask it be taken
19 off the screen until we resolve this issue. This is an
20 improper attempt to put material before the jury.

21 THE COURT: Look, I think a person's public --
22 again, this is sort of on the fly a bit here; but an
23 acknowledged public statement, you know, if you confirm that
24 this is his public statement, I think is -- look, I want to
25 make sure we don't make any pitfalls here. I'm going to

BP

2860

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 take a two-minute break to look at something. I'll be right
2 back.

3 MR. LESTER: Thank you, your Honor.

4 COURT OFFICER: All rise.

5 (Short pause in the proceedings)

6 Stay in please. Remain seated.

7 THE COURT: All right, have a seat.

8 Despite the internet being down, so I can't check a
9 lot of things.

10 Having thought this through a bit, I think my
11 judgment is there is a non-hearsay basis for showing this.

12 I think the fact that somebody is a member of the
13 board of directors of this entity, the very fact of making a
14 statement about the entity has independent significance in
15 just in terms of the NRA has -- you know, I think it is
16 clear that the board of directors, as a whole, is a relevant
17 entity and each director does -- is also important.

18 So, I think the jury can consider what any director
19 says; but really the evidentiary significance is only that
20 the director had that view or expressed that view publicly
21 in a forum that reached members.

22 So, it doesn't mean that you're accepting it that
23 whatever it says is factually accurate or whatever, and,
24 obviously, the witness is here so both parties can ask him
25 what he meant by it or what he believes now or whatever; but

BP

1 I do think having had some time to think, that the very fact
2 that a member of the board of directors says something does
3 have a non-hearsay relevance.

4 So, with apologies for roasting you over the coals
5 for a few minutes, I think it is important that the jury
6 understand that it is very specific kind of a purpose; that
7 when members of the body take public positions, that has
8 independent significance.

9 So, all right, so you can continue your statement.
10 It is limited to his statements, though, and not whatever
11 detritus might be around it in terms of other statements;
12 okay?

13 MR. LESTER: Yes, your Honor. Just to clarify,
14 there are some posts that we'll get to where Lieutenant
15 Curly was making the comments below, and we're keeping those
16 comments and the one he's responding to in context.

17 MS. EISENBERG: Subject to foundation.

18 MR. LESTER: I'll just tell him to take the
19 comments, and that's it, by Lieutenant curly. I'll cut my
20 losses.

21 THE COURT: All right, so you were in the middle
22 of -- so you can put that back up, and this will be a
23 redacted version of PX 3361.

24 MR. LESTER: Yes, your Honor.

25 THE COURT: Okay.

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 Q Lieutenant Colonel Lee, I want to direct your attention
2 to the text that's on top of the image there at the very top.
3 It says -- you see where it says "NRA's Meadows."

4 Do you see that, sir?

5 A In the box, yes.

6 Q And it says "NRA's Meadows/Cotton/Lee/Coy officers
7 team, we adopted roles. I was the echo buster."

8 You wrote that, correct, sir?

9 A Yes.

10 Q And Meadows in this post is Carolyn Meadows; is that
11 correct?

12 A Yes.

13 Q And Cotton is Charles Cotton?

14 A Affirmative, yes.

15 Q And Lee is yourself?

16 A Yes.

17 Q And Coy is David Coy; correct?

18 A Yes.

19 Q And then I want to direct your attention to the last
20 four lines in the box. Now you wrote:

21 "Board members are aware that's why they're silent.
22 They see what happens, even officers when they speak."

23 Do you see that, sir?

24 A Yes.

25 Q And you wrote that on your public Facebook page; is

BP

2863

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 that correct?

2 A Correct.

3 Q Now, you were a member of the Special Litigation
4 Committee; correct?

5 A Yes.

6 Q And that's also known as the SLC. If I refer to them
7 as SLC, will you know what I'm referring to, sir?

8 A I will.

9 Q And the SLC was comprised of yourself, Carolyn Meadows
10 and Charles Cotton; correct?

11 A Yes.

12 Q But she resigned from the Special Litigation Committee
13 in April of last year; correct?

14 A I believe that's the timeframe, yes, counselor.

15 Q I'll direct your attention to Tab 2 in your binder.

16 MR. LESTER: Your Honor, this has been pre-marked
17 as PX 5115. I received no objections to this.

18 MS. EISENBERG: No objection, your Honor.

19 THE COURT: All right, it is admitted.

20 (Whereupon, at this time PX 5115 was admitted and
21 received into evidence.)

22 Q Now, Lieutenant Colonel Lee, you authored this
23 document; correct?

24 A Yes.

25 Q And this letter is dated April 12, 2023; correct?

BP

2864

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 A Yes.

2 Q And it is addressed to the President of the National
3 Rifle Association of America; correct?

4 A Yes.

5 Q And the president at that time was Charles Cotton;
6 correct?

7 A Correct.

8 Q And in this letter, you were resigning as a member of
9 the SLC; correct?

10 A Yes.

11 Q A committee you had served on for approximately two
12 years at that point?

13 A To the best of my knowledge based on what I wrote
14 there, yes.

15 Q And you resigned to maintain your integrity; correct?

16 A For multiple reasons, but, yes.

17 Q I'd like to go to Tab 3 in your binder, sir. This has
18 been pre-marked as PX 3350.

19 MR. LESTER: Subject to removing the comments
20 below, I would move this into evidence, your Honor.

21 THE COURT: Admitted for the same limited purpose.

22 (Whereupon, at this time PX 3350 was admitted and
23 received into evidence.)

24 Q So, at the top here you write that you're no longer an
25 NRA officer, that you resign from the Special Litigation

BP

2865

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 Committee and Relocation Committee to maintain your integrity;
2 isn't that correct?

3 A Yes.

4 Q And this is a post from April 28, 2023; correct?

5 A Yes.

6 Q Which was approximately two weeks after your letter
7 resigning from the SLC; correct?

8 A Yes.

9 Q After this resignation, you were confronted with what
10 you may call NRA attack dogs; correct?

11 A I -- no.

12 Q No, okay. Let's go to Tab 4 in your binder.

13 MR. LESTER: Your Honor, this has been pre-marked
14 as PX 3354. I would move it into evidence.

15 THE COURT: It is admitted subject to the same
16 instruction about the limited use.

17 (Whereupon, at this time PX 3354 was admitted and
18 received into evidence.)

19 Q So you see the second line of this post, you wrote:

20 "NRA attack dogs can chill."

21 Do you see that?

22 A Yes.

23 Q And you went on to write:

24 "Consider past four years as an NRA officer, did
25 much crucial cleanup and some disgusting things to save NRA,

BP

2866

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 the NRA y'all broke. Leading to Indy, was told to do things
2 to keep the real reason secret. Wouldn't support the edict
3 which, okay, made me a liability."

4 Do you see that, sir?

5 A I do.

6 Q When you say "leading to Indy," you are referring to
7 the annual meeting at which you resigned from the SLC; isn't
8 that correct, sir?

9 A The National Rifle Association annual meeting was in
10 Indianapolis that year, yes.

11 Q And then you continued to write:

12 "We promise to never repeat the bankruptcy secrecy
13 debacle. I won't, hence my Relocation and Special
14 Litigation resignations." Correct?

15 A Yes.

16 Q And did you in fact resign not only from SLC, but also
17 the Relocation Committee; correct?

18 A I'm sorry, I couldn't understand you.

19 Q I'm sorry. You did in fact resign from not only the
20 SLC, but the Relocation Committee, as well?

21 A Yes.

22 Q But Charles Cotton is still president of the NRA;
23 correct?

24 A Present day or are you saying at this time?

25 Q At that time, yes.

BP

2867

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 A Yes, yes.

2 Q Is he still the president of the NRA?

3 A To the best of my knowledge, yes.

4 Q And David Coy is second vice president of the NRA; is
5 that correct?

6 A Not to be -- I don't know if anything happened in the
7 last day or two; but, yes, to the best of my knowledge, the
8 officers are still there.

9 Q The most recent update you've gotten would be a couple
10 days ago; is that right, sir?

11 A Yes.

12 Q Let's go to Tab 5 in your binder.

13 MR. LESTER: Your Honor, this has been pre-marked
14 as PX 3356, and I would move into evidence subject to the
15 same instruction.

16 THE COURT: Admitted, same instruction.

17 (Whereupon, at this time PX 3356 was admitted and
18 received into evidence.)

19 Q And I apologize we get one in, and I need to back up on
20 you for just a second, sir.

21 MR. LESTER: Can we go back to Tab 3 for a second,
22 and this was PX 3350, Jesse.

23 Q When you said you resigned maintain your integrity,
24 what did you mean?

25 A Hang on, counselor. I'm looking at two different

BP

1 things.

2 Q Oh, I'm sorry sir. It is Tab 3.

3 MR. LESTER: And, Jesse, it is PX 3350.

4 Q I apologize, sir?

5 A I have it. Thank you.

6 Q We're just going to zoom in.

7 A I'm sorry, your question, again, counselor?

8 Q It was you wrote in this post you resigned from the
9 SLC and Relocation Committee to maintain your integrity;
10 right?

11 A Yes.

12 Q What did you mean when you resigned to maintain your
13 integrity?

14 A I don't recall specifically at that time.

15 Q Let's go back to Tab 5 in your binder.

16 MR. LESTER: And, again, this was marked as PX
17 3356. Your Honor, I apologize, was that admitted?

18 THE COURT: Yes.

19 Q Sir, I want to direct your attention to the text that's
20 over the image, again, in the box here.

21 So, you wrote:

22 "Let me get this straight? To people leading NRA
23 during the admitted abuse, plus NYAG alleged corruption,
24 endorsed and reelected people watching the coop during the
25 alleged corruption and admitted abuse, so that those people

BP

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 can lead NRA into the future free from abuse and alleged
2 corruption. Okay, got it."

3 Do you recall writing these words, sir?

4 A I don't. I'm not disagreeing that they're my words, I
5 just don't recall writing.

6 Q And I'm actually -- and the people leading the NRA
7 that you're discussing in this post include Wayne LaPierre;
8 correct?

9 A I don't recall specifically -- I would have to be
10 assuming that when I wrote that, but --

11 Q To the best of your recollection?

12 MS. EISENBERG: Calls for speculation.

13 THE COURT: Sustained.

14 MR. LESTER: I can move on, your Honor.

15 Q I'll direct to you Tab 6 in your binder, sir.

16 MR. LESTER: This has been pre-marked as PX 3364,
17 and I would move this into evidence, your Honor.

18 THE COURT: Admitted.

19 MS. EISENBERG: Subject to the same instruction,
20 your Honor?

21 THE COURT: Yes.

22 (Whereupon, at this time PX 3364 was admitted and
23 received into evidence.)

24 Q Lieutenant Colonel Lee, I direct your attention to the
25 very top of the post, right underwear it says "June 28th." You

BP

2870

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 wrote --

2 A I have that.

3 Q You see that, sir. Thank you.

4 You wrote: "That the same people that got us here
5 running the place now." Correct?

6 A Yes.

7 Q Then you continued in the box with the text over the
8 image, you wrote "NRA's WLPs week."

9 Do you see that, sir?

10 A Yes.

11 Q And WLP in this statement is Wayne LaPierre; correct?

12 A Yes.

13 Q And you continue to write:

14 "He grapples with many who come on the board to
15 take from NRA instead of giving. Not always for a direct \$,
16 his difficulty saying no. Many got their cake."

17 Do you see that, sir?

18 A I do.

19 Q And you wrote that, correct?

20 A Yes.

21 Q And then you continue to write:

22 "If no reason than appearances, there should be no
23 conflicts of interest approved by Audit Committee and never
24 after the fact, yet still same people would have been
25 approving or not knowing stuff for years what to do."

BP

2871

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 You wrote that, correct, sir?

2 A Yes.

3 Q Referring to individuals in charge of the NRA; correct,
4 sir?

5 A I don't know that.

6 Q Okay. Sir, in your opinion, who were the three guys
7 running the NRA?

8 MS. EISENBERG: Objection. The question is
9 unclear. Is Mr. Lester asking what Lieutenant Colonel meant
10 when he wrote it?

11 MR. LESTER: I haven't gotten to the writing yet.

12 THE COURT: You, also, haven't gotten to the time
13 period.

14 Q At the time between, let's say, in July of 2023, who
15 did you believe were the three guys running the NRA?

16 A I don't recall. It could be different people on
17 different days.

18 Q I direct you to Tab 7 in your binder, sir.

19 MR. LESTER: This has been pre-marked as PX 3507,
20 and I would move it into evidence.

21 THE COURT: Admitted, with the same instruction.

22 (Whereupon, at this time PX 3507 was admitted and
23 received into evidence.)

24 Q I'll direct your attention to the top of the post,
25 again, just under the date. Do you see where it writes -- where

BP

2872

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 you wrote:

2 "Glimpse of how the three guys running the NRA
3 think, this exchange was so telling."

4 Do you see that, sir?

5 A Yes.

6 Q You wrote this in July of 2023, correct?

7 A Yes, yes.

8 Q Who was leading the NRA when you wrote this?

9 A Wayne LaPierre and Charles Cotton.

10 Q Anyone else come to mind off the top of your head as a
11 leader of the NRA at that time?

12 A There could have been multiple leaders at the time, so.

13 Q Understood. But when you posted it, this was your
14 view; correct? That's why you posted it?

15 MS. EISENBERG: Compound, your Honor.

16 MR. LESTER: I can rephrase, sir.

17 THE COURT: Go ahead.

18 Q So, when you posted it, this was your view; correct?

19 A This -- this was my opinion, yes.

20 Q And that's why you posted it; correct?

21 A I don't know why I posted it now, but I must have felt
22 that way at the time, so, yes.

23 Q I'll direct your attention down to what would be the
24 third paragraph here that begins with "In one surreal exchange."

25 Do you see that?

BP

2873

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 A Yes.

2 Q And you wrote:

3 "In one surreal exchange a lawyer chided me, Willes
4 we all have to sacrifice, a lawyer, a lifelong lawyer in
5 business to make lots of \$\$\$ for himself. He does look at
6 me a now full-time volunteer with a long history of
7 defending our nation and tried the sacrifice card."

8 You wrote that, correct, sir?

9 A Yes.

10 Q And I want to direct your attention back up to the
11 second paragraph that begins with "Sacrifice."

12 Now, you wrote:

13 "Thrust into the NRA leadership with ten hours
14 notice prior to Ollie North's departure at the 2019 annual
15 meeting. I committed to six years as an officer to save the
16 NRA."

17 Do you see that, sir?

18 A Yes, I do, yes.

19 Q And by that, you meant two years as second vice
20 president, two years as first vice president and two years as
21 president; correct?

22 A I believe so.

23 Q Now, we discussed before you were nominated and elected
24 as second vice president in 2019; correct?

25 A Yes.

BP

2874

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 Q And then you were nominated and elected first vice
2 president in 2021; correct?

3 A Yes.

4 Q And you appeared before the Nominating Committee in an
5 effort to become NRA president in 2023; correct?

6 A Yes.

7 Q And if you were not selected as president, you asked to
8 be nominated as first vice president again; correct?

9 A Yes.

10 MS. EISENBERG: Objection, misstates facts. The
11 Committee does not select --

12 THE COURT: He's allowed to ask a question, and
13 this is a fact witness and you can cross.

14 A Sir, your question again, counselor?

15 Q Yes, sir. If you were not selected as president, you
16 asked to be nominated as first vice president again; correct?

17 A If I were not nominated as president, to be nominated
18 as first vice president, yes.

19 Q And then returning to the post, you wrote -- you
20 continued writing in this second paragraph:

21 "This year, Cotton pushed hard for me to propose
22 the Bylaws change suggesting that I wanted him to serve
23 another year or more as president. Nope. When told to
24 agree to this chicanery and to keep the real reason secret,
25 I declined."

BP

2875

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 Do you see that, sir?

2 A Yes, I do.

3 Q And you wrote that, correct?

4 A Yes.

5 Q And by "Cotton" here, you mean Charles Cotton; correct?

6 A Yes.

7 Q But you refused to support the Bylaws changes; correct?

8 MS. EISENBERG: Objection, unclear.

9 THE COURT: Overruled. You can answer.

10 A I'm sorry, ask that again, counselor?

11 Q You refused to support the Bylaws changes in the
12 April 2023 annual members meeting; correct?

13 A I did not support the Bylaw change.

14 Q And you were punished for refusing to agree to this
15 change, correct?

16 A I don't know that.

17 Q I'll direct your attention to Tab 8 in your binder.

18 MR. LESTER: This has been pre-marked as PX 3348,
19 and I would move it into evidence, your Honor, subject to
20 the same instruction.

21 THE COURT: It is admitted, same.

22 (Whereupon, at this time PX 3348 was admitted and
23 received into evidence.)

24 Q I want to direct your attention to the second paragraph
25 here that starts with "Got this slipped."

BP

2876

Lt. Col. Lee - by Plaintiff - Direct/Mr. Lester

1 Do you see that, sir?

2 A Yes.

3 Q Now you wrote:

4 "Got this slipped under the door tonight. Oh,
5 congratulations to the new team nominated to be officers.
6 No one told me they were in exec session."

7 Do you see that, sir?

8 A I do.

9 Q And then in the photo below that you posted, right
10 above "Nomination of Officers," you wrote -- the letter states
11 "The proceedings of the Nominating Committee took place in
12 executive session."

13 Isn't that correct, sir?

14 A It says that, yes.

15 Q And after that executive session, the nomination of
16 officers, "The Committee unanimously places in nomination the
17 following individuals to the indicated offices: President
18 Charles L. Cotton, First Vice President Bob Barr, Second Vice
19 President David G. Coy."

20 Is that correct, sir?

21 A It says that, yes.

22 Q And to the best of your knowledge, those three
23 individuals were elected to those and are still those positions
24 as board officers; is that correct?

25 A Yes.

BP

1 Q Now, Mr. Cotton was made president, even though his
2 two-year term as president had concluded; correct?

3 A No. Could I -- not to evade. We served typically a

6 A Up to the bylaws changed at the Board of Directors

8 Q And that was the bylaws changed that you refused to
9 support; correct? To allow Mr. Cotton --

10 A That's the change I did not support, yes.

11 Q Okay. And so you in fact were not nominated to be an
12 officer of the NRA at all as a result of that nominating
13 committee meeting; correct?

14 A Correct.

15 Q Okay. And then directing your attention to just above
16 the photo again and starting on the far right of the second to
17 last line, there is a parentheses. You write, P.S. I'm still in

19 Do you see that?

20 A Yes.

21 Q Okay. And the inside joke here is a reference to

9 Q I want to direct your attention here to the text above
10 the photo again, but it begins with, Sad but best text.

11 Do you see that sir?

12 A Yes.

13 Q Now you received a text that stated, Oh, no. They
14 Ollied you at annual meeting in Indianapolis. LOL.

15 Do you see the text?

16 A I see the text here.

17 Q And then you write in reference to us dumping North

19 Do you see that?

20 A Yes.

21 Q That's what you were referring to in your previous post
22 that we discussed. It's in Tab 8 if you want to reference it,
23 sir.

24 A Yes. Yes, but I wasn't -- that was a comment I got --
25 are you talking about "They Ollied you?"

KM

5 Q And yes. But you independently wrote in a reference to
6 us dumping North here in 2019; correct?

7 A Yes.

8 Q That was your independent writing here, sir?

9 A Yes.

10 Q Now, Lieutenant Colonel North was not renominated as
11 NRA president at the 2019 meeting that was also held in

13 A That's correct.

14 Q Okay. So switching topics a bit.

15 Board members are given committee assignments by the
16 NRA president; correct?

17 A They are. Yes, they are assigned by the president.

18 Q In 2023, those assignment were announced in June;
19 correct?

20 A I don't recall specifically.

21 Q Does that sound about like the right time?

22 A Typically sometime after the annual meeting, so it

24 Q I'll direct your attention to Tab 10 in your binder,

3 Q I want to start with the text above the photo. In the
4 third line down on the far right side, you wrote, Last year on
5 right specifically assigned a bunch Chair of a handful.

6 Do you see that, sir?

7 A I do.

8 Q And then directing your attention to the photo down
9 below. Did you see on the right side of this photo a letter
10 listing committee assignments to you?

11 A Yes. For 22/23.

12 Q For July 12, 2022. Do you see that, sir?

13 A Yes.

14 Q And those were in fact your committee assignments for

19 MS. EISENBERG: Objection. Which list?

20 MR. LESTER: On the right. The one we are

22 A Yes.

23 Q And then the Special Committee on Relocation is on this
24 list; correct?

25 A Yes.

KM

1 Q And now you resigned from both of those; correct?

2 A Yes.

3 Q But you did not resign from any of these other

5 A Correct.

6 Q Okay. And then directing your attention back to the
7 text above the photo, you continued writing, This year left got
8 one and elected separately to foundation. It's not punishment.
9 Nope.

10 Do you see that, sir?

11 A I do.

12 Q Then directing your attention to the photo down below.
13 Then there is a letter on the left that reflects appointment to
14 the Sports Shooting Committee and the NRA foundation.

15 Do you see that, sir?

16 A Yes.

17 Q Those are in fact your committee assignments for this
18 year; correct?

19 A I could explain, Counsel. Sports Shooting Committee is
20 the committee assignment. The NRA Foundation is a different

24 correct?

25 A Yes.

6 Q Yes, sir. Tab 11, please.

7 MR. LESTER: This has been premarked as PX 3509.
8 And with the same instruction, your Honor, I would move it
9 into evidence.

10 THE COURT: So admitted.

11 Q I just want to direct your attention to the second line
12 here on the right side. There is a sentence that begins, Board
13 members want to do something but don't know what. Want to ask
14 questions but afraid of consequences. Heck, they see a first
15 vice-president get cancelled.

16 You wrote that; correct, sir?

17 A Yes.

18 Q So -- but you did hear from at least one board member
19 who was not happy with your post to Facebook during this time;
20 correct?

21 A Yes.

22 Q I'll direct your attention to Tab 12, sir.

23 MR. LESTER: This has been premarked as PX 3502 and
24 subject to the same instruction. I would move it into
25 evidence, your Honor.

1 THE COURT: So admitted.

2 Q Okay. Okay. So I'll direct your attention first to
3 the top of the page here.

4 Now you wrote -- you wrote, Old member of NRA Board of
5 directors email to order me off FB.

6 Does "FB" stand for Facebook?

7 A For me it does.

8 Q Then you continued. And called me a wimp. Really.
9 The sixties. A wimp. CC his old friend for support.

10 You wrote that; correct, sir?

11 A Yes.

12 Q And that's in reference to at least one NRA Board of
13 Directors who asked you to stop making these posts on Facebook;
14 correct?

15 MS. EISENBERG: Objection. Assumes facts not in
16 evidence.

17 THE COURT: Overruled. You can ask.

18 Q You can answer, sir.

19 A Yeah. Question again.

20 Q Yeah. So this statement here, this is a reference to
21 at least one board member asking or directing you to stop making
22 posts to Facebook like this; correct?

23 A Yes. I -- I don't -- I don't know if a peer can direct
24 me, but it's an email or some communication that said hey, stop
25 doing this.

KM

Lee - by Plaintiff - Direct/Mr. Lester

1 Q Okay. You continued to write, He didn't claim the
2 facts were inaccurate or even biased.

3 Correct, sir?

4 A Correct.

5 Q And then finally down in the final paragraph you wrote,
6 We need to clean up NRA or we never regain trust.

7 You wrote that, sir?

8 A Yes.

9 MR. LESTER: One moment, your Honor.

10 Q Earlier we noted a post where you spoke publically
11 about chicanery within the NRA.

12 Do you remember that, sir?

13 A I don't.

14 Q I can direct you back to the post.

15 A Thank you.

16 Q It's Tab 7 in your binder, sir, and that is PX 3507.
17 And then it's the last sentence of the second big paragraph
18 there that begins, "When told."

19 Do you see that, sir?

20 A I do.

21 Q That's -- you recall discussing this post below before?

22 A You're highlighting a different sentence, but yes.

23 Q What did you mean by this -- by chicanery?

24 A I don't know. It was a fun word for me to use.

25 Q I'll just direct your attention to just before that.

KM

2886

Lee - by Plaintiff - Direct/Mr. Lester

1 It's discussing the bylaws change; is that correct, sir?

2 MS. EISENBERG: Objection. Unclear.

3 THE COURT: Overruled.

4 A Where are we again?

5 Q I'm sorry sir, so it's third line down in the second
6 paragraph on the right-hand side there. It was a sentence we
7 discussed earlier.

8 Do you see that it's referring to the bylaws changes?

9 A I don't know that.

10 Q Okay.

11 A I can make an assumption because of the Facebook post,
12 but I don't know that.

13 MR. LESTER: Okay. No further questions. I'll pass
14 the witness.

15 THE COURT: Okay. Are there going to be any
16 questions from the rest of you?

17 So we will have to pick it up in the morning.

18 We are going to reconvene at 9:30. See you
19 tomorrow.

20 THE COURT OFFICER: All rise.

21 THE COURT: Sir, while we are on break, you are
22 essentially still on the stand, so you shouldn't discuss the
23 substance of your testimony with anyone including counsel or
24 your own counsel. No discussions.

Proceedings

1 THE COURT: Okay. Just a couple of quick things.
2 My post-court research into CPLR 4549 which I was going from
3 memory on largely I think confirmed my ruling on permitting
4 the Facebook posts to come in. And just because I didn't
5 put it in the record specifically, what the statute as
6 revised or as effective at the end of 2021 said is that
7 "Statements offered against an opposing party shall not be
8 excluded from evidence as hearsay if either authorized by
9 the party to make the statement or by the opposing party's
10 agent or employee on a matter within the scope of that
11 relationship and during the existence of that relationship."

12 So I have kind of conflated a couple of things to
13 suggest that the posting would have to be during part of his
14 job. And in fact, what the rule is is it has to be a matter
15 within the scope of the relationship. And obviously, if you
16 have a director talking about the organization and its
17 management, that's within the scope of the relationship, and
18 it occurred during the existence of the relationship.

19 I still have some trouble viewing this as an
20 admission when you have a board of 76 people to suggest that
21 any random statement by every director is deemed an
22 admission, particularly since they are likely going in all
23 different directions, but I think it does support the
24 principle that I ended up citing which is that there is
25 independent evidentiary significance to a member of the

KM

2890

Proceedings

1 supervisory board of the organization making statements or
2 comments about its management and oversight. So I'm
3 comfortable with where I came out. Again, I didn't describe
4 it to the jury as an admission because, again, I think it's
5 not a -- really a great fit, and frankly, there wasn't a lot
6 of factual content to it. It was mostly just his views on
7 the organization. But since one of the issues in this case
8 is board oversight of the NRA, I think it does have
9 independent significance what a director says about his view
10 on how things are going. So --

11 MS. EISENBERG: Your Honor, if I may chime in for
12 just one second.

13 THE COURT: I wasn't really looking for any
14 commentary.

15 MS. EISENBERG: I just wanted to reinforce that I
16 think that it's not an admission is further bolstered by the
17 fact that the statements he made relate to positions he held
18 in the past when he made those statements.

19 THE COURT: Yeah, I don't agree with that. He is a
20 member of the Board. He is still a member of the Board, and
21 that's the scope.

22 MS. EISENBERG: Understood.

23 THE COURT: That's during the existence of the
24 relationship. That's what that refers to, and I did see
25 today another letter about Statute of Limitations which is

KM

2891

Proceedings

1 interesting.

2 I had also been researching with my staff last
3 night, and I was going to ask the parties to look at this
4 issue of CPLR 214(2). The way the statute is set up, it
5 does provide for a default rule of three-year Statute of
6 Limitation for what it calls statutory violations. And on
7 the other hand, 213 Part VII has a six-year Statute of
8 Limitation for objections brought on or before a corporation
9 against officers and directors, and I think some of the
10 cases, certainly the Schussel case that I referenced
11 analyzed it in part under 213(7) as an action on or behalf
12 of an entity asserting claims against directors, and it is a
13 sort of an odd thing if it -- if it would turn out that, you
14 know, if the NRA itself were to sue its officers and
15 directors for breach of duty, they would get six years under
16 CPLR 213; but the argument, at least anyway, is that because
17 it's a statutory violation, the Attorney General making
18 effectively the same claims would only get three years. It
19 seems like an odd result, but I did want the Attorney
20 General in particular to respond. And now that I have Mr.
21 Correll's letter which specifically zeros in on cases
22 focused on CPLR 214, I do want to see your response about
23 how I balance these conflicting principles.

24 I think Judge Richter's opinion, I continue to
25 think makes sense to me, but as I read more and I saw the

KM

2892

Proceedings

1 back and forth between CPLR 214 and NRA 213, I just want
2 more guidance.

3 MS. CONNELL: Certainly.

4 MR. CORRELL: I was up first I believe on my feet.

5 I'd like to just clarify, your Honor, that Schussel
6 was pre-Grasso, and in Grasso, the Court of Appeals focused
7 on the distinction between statutory claims and common-law
8 claims. Also, in Schussel, Justice Richter incorrectly
9 characterized the claim as a derivative cause of action when
10 in fact the N-CPL 27(b) creates a direct cause of action for
11 the Attorney General. So she got it wrong, and that may
12 have influenced her decision whether to treat it as
13 equitable and strictly statutory or not. I think when you
14 go through those cases, those distinctions fall out.

15 The other point is, it's a slippery slope. If you
16 take the Attorney General's view, it's a six-year statute
17 with unlimited tolling, then there is no Statute of
18 Limitations for fiduciaries. And who in their right mind
19 would ever serve as a fiduciary because there's no Statute
20 of Limitations on them, and they can go back 50 years.

21 THE COURT: Well, I wasn't relying on the tolling
22 part. This is not the oral argument on this right now.
23 What I think would be more sensible is to get a responsive
24 letter from the AG, and then I'll at least have both sides.

25 MS. CONNELL: Thank you, your Honor. I think I was

KM

2893

Proceedings

1 up before you, Mr. Correll, but I don't want to foot fault
2 so.

3 THE COURT: I don't really care. I don't really
4 care who was standing up first, frankly, but respond. Fine.

5 I mean, my mind is on the jury instructions more
6 than, you know, what is put in necessarily in these -- the
7 -- in the experts because the jury is going to be given
8 instruction as to what they can consider and what they can't
9 once I conclude. So you know, I look -- what year was this
10 Schussel case?

11 MR. CORRELL: I believe 2005, your Honor.

12 THE COURT: Okay.

13 MR. CORRELL: And in fact, Justice Grasso in the --
14 Justice Ramos in the Grasso case distinguished Schussel and
15 pointed out that it was not a derivative action as Justice
16 Richter had indicated.

17 THE COURT: Right. Okay. So are we ready to
18 begin?

19 So again, we have Lieutenant Colonel Lee. And
20 remind me what's next after that.

21 MS. CONNELL: After Lee will be Ms. Hallow's depo
22 designation. Then Ms. Stanford's depo designation and then
23 Mr. Hines and then we are done.

24 THE COURT: All right. I saw there were revised
25 slides. I don't know whether there are any comments on

KM

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 those. We can deal with them before we get there. Let's --
2 is the jury ready? All right.

3 (Witness resumed the witness stand.)

4 THE COURT: Good morning. Have a seat.

5 THE COURT OFFICER: All rise. Jury entering.

6 (Whereupon, at this time the jury entered the
7 courtroom.)

8 THE COURT: Good morning, everyone. Have a seat,
9 please.

10 Okay. Good morning, Lieutenant Colonel Lee. Just
11 a reminder that you're still under oath from yesterday.

12 THE WITNESS: Yes, sir.

13 MS. EISENBERG: Thank you, your Honor.

14 THE COURT: Counsel.

15 MS. EISENBERG: Good morning. Can the members of
16 the jury hear me?

17 VOICES FROM THE JURY BOX: Yes.

18 MS. EISENBERG: Thank you very much.

19 CROSS-EXAMINATION

20 BY MS. EISENBERG:

21 Q Good morning, Lieutenant Colonel Lee.

22 A Good morning, Counselor. Thank you.

23 Q Under the NRA's bylaws, what is the process for the
24 election of the Second Vice-President?

25 A Thank you, Counselor. Can I just get through how we

KM

2895

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 get to that point?

2 Q Absolutely.

3 A Board members of the NRA, the 76 are chosen by our
4 electors across the nation, Life Members of the NRA that once we
5 are on the Board, the members ourselves select the officers to
6 represent the NRA.

7 Q Does the nominating committee have a role in that
8 process?

9 A It does.

10 Q What role does it play in the selection/election of the
11 Second Vice-President?

12 A The nominating committee will take, you know, each of
13 the resumes, each of the applications for folks who want to run,
14 you know, vet those, interview the, you know, potential
15 vice-presidents and then recommend to the Board of Directors who
16 they believe is the best choice. Maybe more than one.

17 Q Once the nominating committee makes that
18 recommendation, what does the Board do with that?

19 A The nominations are placed on the floor at our Board
20 meetings, and the Board votes on that. If it's a contested
21 election, it's a secret election by secret ballot. If it's not
22 contested, then typically by acclamation.

23 Q Is it fair to say that in 2019 you were recommended by
24 the nominating committee for the Second Vice-President position?

25 A I'm sorry. What was the date on that, Counselor?

KM

2896

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 Q Of course. 2019.

2 A Yes. Yes.

3 Q And what happened after the nominating committee
4 recommended you to the Board for the Second Vice-President
5 position?

6 A The -- the next day at the Board meeting the
7 nominations were presented to the entire Board of Directors and
8 we voted on that.

9 Q Is it fair to say that in 2023 this past year the
10 nominating committee nominated Professor Coy for the Second
11 Vice-President's slot?

12 A Yes. Yes. As I recall.

13 Q What did the Board do after he was recommended by the
14 nominating committee for that position?

15 A They elected him. He was raised to the Board as Second
16 Vice-President, and the Board elected him as Second
17 Vice-President.

18 Q So the process was the same as it was in 2019 with your
19 election. Would that be fair?

20 A Yes.

21 Q What about the First Vice-President? Is the process
22 for the selection/election of that position similar to what you
23 just described?

24 A Yes.

25 Q And is it fair to say that you were recommended by the

KM

2897

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 nominating committee for the First Vice-President slot in or
2 around 2021?

3 A Yes.

4 Q What did the Board do after you were nominated for that
5 position?

6 A In 2021 the Board acted on that at our Board meeting,
7 and I was elected to the position of First Vice-President.

8 Q Did the nominating committee recommend someone for the
9 First Vice-President position in 2023?

10 A Yes.

11 Q Who did they recommend?

12 A Our Board member Mr. Barr. Bob Barr.

13 Q Can you tell members of the jury a little bit about
14 Congressman Barr and his background.

15 MR. LESTER: Objection. Outside the scope, your
16 Honor.

17 THE COURT: Overruled. You can answer.

18 A To the best of my knowledge, you know, Bob Barr is a
19 former Congressman who had run for president, a long-time board
20 member of the National Rifle Association. That's what I can
21 pull off the top of my head, Counselor.

22 Q Is he also an attorney?

23 A I believe so. I don't know that. I believe so. I
24 don't know that.

25 Q Understood. And based -- you have interacted with him

KM

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 in your capacity as a Board member of the NRA?

2 A Yes. We aren't close, but yeah. We are cordial.

3 Q If you would be so kind as to please turn to Tab 8 in
4 your binder. I believe it's open to that document. It's PX
5 3348 which was admitted yesterday in evidence subject to the
6 limiting instruction from his Honor.

7 A I have that.

8 Q Directing your attention to the image of the report of
9 the nominating committee. Does the report list the names of the
10 Board members who served on the nominating committee on or about
11 April 17, 2023?

12 A Yes.

13 Q Who does the report list?

14 A Give me a second. I think it's a little cut off on the
15 screen. Kayne Robinson, Chairman. It's cut off, but I believe
16 that's Janet Nyce, Vice-Chairman, Anthony Colandro, Carol
17 Frampton, Mitch O'Neal-Mitchell, Don Saba, Holly Turner, Robert
18 Wos, and John Frazer as committee secretary.

19 Q Thank you very much.

20 A I'm sorry, Counsel. One other. Committee member
21 Steven Plaster was unable to attend.

22 Q Thank you. You've interacted with Mr. Robinson; fair?

23 A With Kayne Robinson, yes.

24 Q Based on your interactions with Mr. Robinson, do you
25 have any reason to believe that when he voted on April -- in

KM

2899

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 April of 2023 to nominate Professor Coy, Congressman Barr for
2 the First and Second Vice-President position, that he acted out
3 of anything other than the best interest of the NRA?

4 MR. LESTER: Objection, your Honor. Leading.

5 THE COURT: Sustained.

6 A I don't know. I'm sorry.

7 Q Do the bylaws of the NRA specify a process for the
8 amendment of the bylaws?

9 A Yes.

10 Q What is your understanding of that process in general
11 terms?

12 A First of all, there are two different portions of our
13 bylaws, and I'm not sure if they are purposely designated this
14 way, but within our bylaws, there are bold bylaws, and there are
15 not bold bylaws.

16 Those bylaws that are in bold must be changed by the
17 entire management attending at a annual meeting. The not-bold
18 items can be changed by the Board of Directors.

19 Q Was the bylaws changed in Spring of 2023?

20 A Yes.

21 Q Was the process the first method or the second method
22 that you described?

23 A The bylaw in question was a not-bold, so it could be
24 changed by the Board of Directors. Is that what you're
25 referring to, Counselor?

KM

2900

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 Q Yes. Did the amendment mention Mr. Cotton?

2 A I don't recall the wording right now, but it -- it
3 involved Mr. Cotton, yes.

4 Q How did it involve him?

5 A The National Rifle Association has tremendous history,
6 151 years, and typically our officers are elected for two
7 one-year terms and it's capped at the two one-year terms as a
8 term limit.

9 This bylaw amendment was to allow Charles Cotton to
10 stay on for a third one-year term, and that's what the Board is
11 voting on at this annual meeting. The Board meeting following
12 the annual meeting.

13 Q Based on your knowledge of the history of the NRA, do
14 you know if he is the only person who has been permitted under
15 the bylaws to succeed himself for more than two years?

16 A I do.

17 Q What is the answer?

18 A There may have been others. The one that comes to mind
19 was at one point Charlton Heston the actor had been president of
20 the -- president of the NRA and stayed for several years as I
21 understand. I don't know how if they amended the bylaws. I
22 don't know what they did back then to keep him on, but he stayed
23 for more than two years.

24 Q Switching topics a little bit, do the bylaws specify
25 anything about committee assignments?

KM

2901

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 A Yes.

2 Q What is your understanding as to how committee
3 assignments work under the bylaws?

4 A I'm not sure the question, Counselor, but let me see if
5 I can hit this.

6 We have 38 standing committees, now 39 and several
7 informal committees or appointed committees. The president
8 makes assignments to the committees and the committee officers.

9 Is that what you're referring to?

10 Q Yes. And in 2023, you were appointed to a committee.
11 Is that fair?

12 A Yes.

13 Q To what committee were you appointed?

14 A The Shooting Sports Committee.

15 Q Please tell us about that committee.

16 A Of the 39 committees, it covers all the aspects of the
17 National Rifle Association business. Several of them involve
18 the shooting sports competitive shooting, the -- well, so as an
19 example, small board shooting or shotgun shooting or pistol.

20 The Sports Shooting Committee dealt with the more
21 modern sports, what we call three gun competitions where you use
22 a shotgun, a rifle and a pistol to compete against each other.
23 So that -- that's what the Sports Shooting Committee was.

24 Q And what types of things have you done this year as
25 part of your membership on that committee?

KM

2902

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 A Nothing. We haven't met.

2 Q You haven't met yet?

3 A Correct. For -- for several years, we haven't met.

4 Q Understood. And in 2019, when you were Second
5 Vice-President, did Ms. Meadows as president consult with you in
6 connection with her decision about committee assignments?

7 MR. LESTER: Objection. Leading, your Honor.

8 THE COURT: Overruled.

9 A In our process, the president makes the selections for
10 all the committee -- committee chairs. I don't know what
11 presidents did before, but I was very fortunate to work with the
12 presidents -- with Meadows and Cotton, Carolyn Meadows and
13 Charles Cotton, but they did ask me my opinion, and I was able
14 to give my opinion on committee assignments. I don't know who
15 else asked, but I appreciated that at least. I thought I was
16 part of that process.

17 Q And what did you consider in making those
18 recommendations?

19 A In what sense, Counselor?

20 Q Would it be fair to say that what you were guided by is
21 what in your mind is in the best interest of the NRA?

22 MR. LESTER: Objection leading.

23 THE COURT: Sustained. He's your director.

24 Q When you were making recommendations to Ms. Meadows in
25 2019, what, if anything, guided your decision?

KM

2903

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 A One, it's always easier. You know, you're making a
2 recommendation. You are not the decision maker, but for me, and
3 I don't know how other people do this, it's always based on the
4 needs of the National Rifle Association and how the individuals
5 can be best assigned to help our mission.

6 Q Were there certain committees that you requested to be
7 appointed to in 2023 that you were not appointed to?

8 A To the best of my recollection, yes.

9 Q Do you remember any of the specific committees?

10 A I believe yes.

11 Q What are they?

12 A I believe Finance was one; although I don't recall the
13 others. I think though I have a -- we fill out forms that we
14 send in with our requests, so I'm sure that's on record
15 somewhere. I don't recall.

16 Q Was it Mr. Cotton who appointed members of the Finance
17 Committee in 2023?

18 A Yes. The president makes the appointments.

19 Q Pursuant to the bylaws; right?

20 A Pursuant to the bylaws.

21 Q And do you believe that he was guided by the needs of
22 the association in picking the Board members for that committee?

23 MR. LESTER: Objection. Leading, your Honor.

24 THE COURT: Sustained.

25 Q Is it fair to say that you're a Board of Trustee on the

KM

2904

Lee - by Plaintiff - Cross/Ms. Eisenberg

1 NRA foundation?

2 A Yes.

3 Q I'm sorry. A trustee on the Board of Trustees of the
4 NRA Foundation.

5 A Yes.

6 Q And fair to say that you were elected to that position?

7 A Yes.

8 Q And that happened before or after the social media
9 posts that Mr. Lester showed you yesterday?

10 A I was elected to the Board of Trustees prior to those
11 posts.

12 Q Sorry. Go ahead.

13 A I'm sorry. I'm trying to recollect. I do a lot of
14 social media, so of the posts that you're talking about, just
15 the ones that were presented yesterday?

16 Q Correct.

17 A Yes.

18 Q And after you posted the posts that Mr. Lester
19 discussed with you yesterday, did you continue to serve as a
20 trustee on the Board of Trustees at the Foundation?

21 A Yes.

22 Q Please tell us some of the things you've done in that
23 capacity this year.

24 MR. LESTER: Objection. Scope, your Honor.

25 THE COURT: Sustained.

KM

1 Q There was a post in which you referred to yourself as
2 an "echo buster."

3 Do you recall that?

4 A Yes.

5 Q What did you mean when you -- is that something that
6 you -- have you referred to yourself as an "echo buster?"

7 A Yes.

8 Q And when you do that, what -- what are you getting at?

9 A Well, for me, obviously -- my opinion in every
10 organization, we tend to listen to or be more affiliated with
11 ideas that we agree with.

12 I believe every organization needs to be cautious that
13 they don't follow a path of setting up an echo chamber where we
14 all tell each other the same thing.

15 And in my case, my role in this team that I took on was
16 to be the devil's advocate, to bring up other options, other
17 ideas so that we would examine every aspect of an issue or
18 problem or situation rather than just all of us agreeing on
19 something.

1 MS. EISENBERG: Thank you, your Honor.

2 Q Do you believe it is healthy to have an echo buster on
3 the committee?

4 A Yes.

5 Q Productive?

6 A I think it is important for every committee
7 organization or otherwise, yes.

8 Q Serves the best interest of NRA, wouldn't you agree.

9 MR. LESTER: Objection, leading your Honor.

10 THE COURT: Yes, just to move things along, you can
11 answer.

12 A Yes.

13 Q Switching topics a little bit. In one of the social
14 media posts that Mr. Lester showed you, there was a reference to
15 having done, quote, "disgusting things."

16 Do you recall that?

17 A Yes.

18 Q Can you please tell the members of the jury what
19 "disgusting things", end quote, you were referring to?

20 A Yes.

21 Q Please, go ahead.

22 A Without a doubt in the history of the National Rifle
23 Association, no vice president has spent this much time in
24 litigation. And so as I came to the NRA and became a board
25 member, became a vice president when I thought I would be

BP

2907

Lt. Col. Lee - by Plaintiff - Cross/Ms. Eisenberg

1 helping us to further gun safety or be concerned about crime and
2 rising crime, I found myself doing more litigation and less time
3 with members, with Americans trying to solve problems of either
4 gun control or gun safety. So, that was the most disgusting.

5 But, as an aside, I'll add involved in this is the
6 travel. Travel is tough these days anyway; but just simply
7 getting here from my home to New York and getting back, all of
8 this I just find disgusting, a disgusting distraction to what I
9 believe I should be doing for my not-for-profit, for the Rifle
10 Association.

11 So, those are the some of the types of disgusting
12 things I believe I've had to do during this process.

13 To be clear, your Honor, I'm not saying the Court is
14 disgusting. Just my role that I've had.

15 Q Understand. Switching topics a little bit.

16 Do you recall there was a social media post that
17 Mr. Lester showed you yesterday in which there was a reference
18 to an inside joke?

19 A Yes.

20 Q And what was that?

21 A Could I refer to the post?

22 Q Well, let me see if I can refresh your recollection.

23 A Please.

24 Q Do you recall saying in the social media post something
25 to the effect of, "I'm still in Indianapolis?"

BP

2908

Lt. Col. Lee - by Plaintiff - Cross/Ms. Eisenberg

1 A Yes.

2 Q And was that sort of a tongue-and-cheek reference to
3 Oliver North in 2019?

4 A Sort of. Could I explain, counselor, or?

5 Q Please.

6 A So, one of the leaders at the National Rifle
7 Association, I've spoken with a lot of staff; and in 2019 -- or
8 coming out of 2019 the going joke was we did not know the staff,
9 a lot of the board members that Colonel North was going to lead
10 the annual meeting and leave before the --

11 Q You can just restart perhaps.

12 A But, the staff started getting texts and e-mails,
13 apparently, from other of their peers who were at the airport
14 that said, Colonel North is at the airport. What's going on?

15 I had heard of that and so my inside joke was just to
16 let folks know I wasn't leaving early. I was attending the
17 board meeting. You wouldn't be seeing those texts and e-mails
18 as you had four years ago that I was at the airport on my way
19 out.

20 So, that's what that was in reference to.

21 Q Did you, in fact, stay for the board meeting in 2023?

22 A I did.

23 Q And did you, in fact, stay for the annual meeting of
24 the members in 2023?

25 A Yes, that preceded the board meeting.

BP

2909

Lt. Col. Lee - by Plaintiff - Cross/Ms. Eisenberg

1 Q In contrast back in 2019, what was your understanding
2 about whether or not Lieutenant Colonel North stayed for the
3 board meeting?

4 A I was there. I know he did not stay for the board
5 meeting.

6 Q Understood. Is it fair to say that in making the
7 social media posts that Mr. Lester showed you yesterday, you
8 were not posting content on behalf of any other NRA board
9 member?

10 MR. LESTER: Objection. Leading, your Honor.

11 THE COURT: Overruled.

12 A My -- the Facebook -- as I said, I'm prolific on social
13 media, Facebook, Twitter and Instagram; and I believe on each
14 account, but I know on that Facebook page it even notes -- and I
15 didn't ever think I'd have to do this, I thought it was just
16 normal behavior. It notes these are my opinions.

17 So, I think that's clear on the Facebook page that it
18 is my opinions. And even as an officer, I was cognizant of what
19 my opinions may mean, but clearly now as not an officer
20 representing the NRA. I don't believe there's any question that
21 these are my opinions, not those of anyone else, necessarily. I
22 don't know if other people feel the same way, but I'm not
23 writing on their behalf.

24 Q Is it fair to say that you're not writing on behalf of
25 the entire board, either?

BP

2910

Lt. Col. Lee - by Plaintiff - Cross/Ms. Eisenberg

1 A Absolutely fair in that aspect.

2 Q In other words, not on behalf of any other person or
3 entity other than yourself, Lieutenant Colonel Lee; fair?

4 A Others may share the same opinion, but -- and I don't
5 even know that, but, clearly, I am writing my opinion on those
6 Facebook pages.

7 Q Do you consider yourself to be a whistleblower?

8 MR. LESTER: Objection, scope, your Honor.

9 THE COURT: Sustained.

10 MS. EISENBERG: Your Honor, may I approach?

11 THE COURT: Approach me?

12 MS. EISENBERG: Yes.

13 THE COURT: Okay. On this objection?

14 MS. EISENBERG: Well, I think that the Government's
15 theory of the case is that Lieutenant Colonel Lee is a
16 whistleblower. So, I think that the NRA should be permitted
17 to ask him if he considers himself a whistleblower.

18 THE COURT: I don't think I've heard that.

19 MR. THOMPSON: We have not identified Lieutenant
20 Colonel Lee as a whistleblower.

21 MS. ROGERS: This is in their contention
22 interrogatory responses; but if the Government represents
23 that it is no longer alleging Colonel Lee as a
24 whistleblower, then, of course, we don't need to pursue the
25 questioning.

BP

2911

Lt. Col. Lee - by Plaintiff - Cross/Ms. Eisenberg

1 MR. THOMPSON: I guess I'll need to revisit our
2 contention interrogatories, your Honor.

3 THE COURT: I'll revisit my ruling then. I still
4 think it is a little outside the scope; but given that, you
5 can ask.

6 MS. EISENBERG: Thank you.

7 Q Let me ask again.

8 Do you consider yourself to be a whistleblower?

9 A No.

10 Q Has anyone at the NRA done anything that you believe to
11 be retaliation for your actions?

12 A At the NRA, the NRA is such a huge organization, so
13 could you narrow that, counselor?

14 Q Anyone on the board?

15 A No.

16 Q What about anyone in -- amongst the salaried officer
17 positions?

18 A No. Counselor, I have to -- this is my projection. I
19 believe that everybody in their own capacity believes in
20 whatever they're doing is in the best interest; and I have to
21 believe that each individual at the NRA, whether it is an
22 officer on the board or a staff are making decisions based on
23 the best -- what they believe is the best interest.

24 Q Best interest of the NRA?

25 A Of the National Rifle Association.

BP

Lt. Col. Lee - by Plaintiff - Cross/Ms. Eisenberg

1 Q Thank you very much.

2 MS. EISENBERG: I'll pass the witness.

3 THE COURT: Any questions?

4 MR. CORRELL: No questions.

5 MS. COUTU: No questions, your Honor.

6 MR. FLEMING: None from me, either.

7 THE COURT: Anything further, Mr. Lester?

8 MR. LESTER: Nothing further, your Honor.

9 THE COURT: Lieutenant Colonel Lee, you're free to
10 step down.

11 THE WITNESS: Thank you, your Honor.

12 (Whereupon, at this time the witness was then
13 excused.)

14 THE COURT: What's next from the State?

15 MR. THOMPSON: Next, your Honor, is the designation
16 of Mildred Hallow.

17 THE COURT: And Ms. Hallow is not available to be
18 here, correct?

19 MR. THOMPSON: Correct, your Honor.

20 THE COURT: All right. So, this is going to be a
21 deposition replay, and I think some parts of it are going to
22 be audiovisual and -- is that right?

23 MR. THOMPSON: It is all audiovisual. Some part of
24 it will be video, and some of it will be audio only.

25 THE COURT: So, there's no readings that we're

BP

2913

Lt. Col. Lee - by Plaintiff - Cross/Ms. Eisenberg

1 doing?

2 MR. THOMPSON: Correct, your Honor.

3 THE COURT: So, back to the videotape.

4 (Whereupon, the video was then played.)

5 THE COURT: That's the end?

6 MR. THOMPSON: Yes, your Honor.

7 THE COURT: Next witness.

8 MR. THOMPSON: Next, your Honor, the People will be
9 calling Gayle Stanford who's unavailable, and this will be
10 half read into the record and half audio.

11 THE COURT: So, which is going first, the audio?

12 MR. THOMPSON: The reading in will be first, your
13 Honor. It is approximately twenty minutes.

14 THE COURT: Okay. So, this may seem a little odd.
15 Well, in the old days we did all depositions, just the
16 transcripts. So that when they were going to be given to a
17 jury at trial, lawyers will play the roles of the questioner
18 and the witness without acting in any overt way; right?

19 MR. THOMPSON: Yes, your Honor.

20 THE COURT: Just to convey the information to you
21 because they don't have the video and the audio linked up
22 for part of this or maybe the quality wasn't good enough.
23 There was some issue with the audio.

24 So, we're going to do it two different ways. Part
25 of it is going to be read to you by lawyers and part of it

BP

2914

Lt. Col. Lee - by Plaintiff - Cross/Ms. Eisenberg

1 is going to be video.

2 JUROR: Do we get to see a picture of the witness?

3 THE COURT: Do you have a picture of the witness?

4 MR. THOMPSON: We don't have one for this first
5 part, your Honor; but the second one will be a full video of
6 the witness that they're going to see.

7 THE COURT: Can we put the witness's picture up on
8 the screen, what the intro picture will be, if that's
9 helpful just to have her there?

10 (Displayed)

11 All right, proceed.

12 MS. KANDEL: Can I take the witness stand as the
13 witness or is that too weird?

14 THE COURT: I think that's the way we've normally
15 done it, yes. I won't swear you in.

16 MS. KANDEL: Please don't.

17 THE COURT: Again, Ms. Kandel is literally just
18 reading the transcript so you don't have to read it yourself
19 at this point, but the transcript will be available for you
20 as an exhibit if you need it.

21 MR. THOMPSON: Just testing. Is that working at
22 all?

23 THE COURT: It is. It's not bad.

24 MR. THOMPSON: Steven Thompson playing the role of

7 QUESTION: While that's getting loaded, Ms.

9 "ANSWER: No."

10 "QUESTION: Are you retired?"

11 "ANSWER: Yes."

12 "QUESTION: Before your retirement, what was your
13 occupation?"

14 "ANSWER: I did travel for the NRA."

15 "QUESTION: And when did you first begin providing
16 travel services?"

17 "ANSWER: I think about 1993, '94."

18 "QUESTION: And that's when you began providing
19 travel services to the NRA?"

20 "ANSWER: Yes."

21 "QUESTION: Did you have experience as a travel
22 agent prior to that?"

23 "ANSWER: Yes. Starting in 1968."

24 "QUESTION: And when you first started working as a
25 travel agent, where did you work?"

BP

1 "ANSWER: First, at Scariano Travel in Beverly
2 Hills, California. And I worked there for about
3 fifteen years, maybe a little longer. And then another
4 small travel agency a year or two. And then another one I
5 managed for a couple years, and then I stopped."

6 "QUESTION: Okay. And you testified that you
7 started providing travel services to the NRA in the early
8 1990s?"

9 "ANSWER: Yes."

10 "QUESTION: How did that come about?"

11 "ANSWER: Charlton Heston was -- had been my client
12 for many years. He introduced me to Tony Makris. I did
13 some travel for Tony Makris, and then he introduced me to
14 Wayne LaPierre on the phone."

15 "QUESTION: And who hired you to provide travel
16 services to the NRA?"

17 "ANSWER: I just spoke to Wayne."

18 "QUESTION: Wayne LaPierre?"

19 "ANSWER: Yes."

20 "QUESTION: And when you started providing travel
21 services for Mr. LaPierre, what type of services did you
22 provide?"

23 "ANSWER: Air travel, hotels, rental cars, car and
24 driver."

25 "QUESTION: And were you providing travel services

BP

1 just for Wayne LaPierre or others in the NRA?"

2 "ANSWER: At the beginning, it was, I think, just
3 Wayne, and then people that would travel with him and --
4 yeah, at the beginning."

5 "QUESTION: And did that change over time?"

6 "ANSWER: Yes. Yes."

7 "QUESTION: And how did it change?"

8 "ANSWER: Then I started providing travel for a
9 number of other people who worked at the NRA."

10 "QUESTION: Is it fair to say that you provided
11 travel services to the NRA and Mr. LaPierre from
12 approximately 1993 until November of 2020?"

13 "ANSWER: Yes."

14 "QUESTION: And you testified that over time you
15 started providing travel services to people other than
16 Mr. LaPierre at the NRA. Who would you make travel
17 arrangements for?"

18 "ANSWER: Millie Hallow, Tyler Schropp, Chris Cox,
19 David Lehrman, Jason Quimet. I did a little for Wilson
20 Phillips, Andra Fischer, Chris's secretary, Deb Sargol and
21 anybody that might travel with Wayne."

22 "QUESTION: Is it fair to say in terms of the
23 services that you provided the NRA, that your primary focus
24 was arranging Mr. LaPierre's travel?"

25 "ANSWER: Yes."

BP

1 "QUESTION: Who was your primary contact at the
2 NRA?"

3 "ANSWER: At the beginning, I spoke to Andra
4 Fischer, and then I spoke mainly to Wayne LaPierre."

5 "QUESTION: Who is Andra Fischer?"

6 "ANSWER: "Wayne secretary."

7 "QUESTION: When you're providing travel services
8 to Mr. LaPierre, roughly how often would you speak to
9 him?"

10 "ANSWER: At the beginning, not very much because I
11 spoke to Andra. After that, it depended on what his travel
12 needs were. If he was traveling often, then possibly once a
13 week. It really depended on his schedule."

14 "QUESTION: And what guidelines or requirements
15 were you told you had to follow?"

16 "ANSWER: On primarily private flights, not to
17 put -- or what to put on the flights, not necessarily who
18 was -- who was on the flight."

19 "QUESTION: Okay. So, in invoicing private
20 flights, you were directed not to include passenger
21 information?"

22 "ANSWER: Yes."

23 "QUESTION: And who instructed you not to include
24 passenger information?"

25 "ANSWER: Lisa Supernaugh."

BP

1 "QUESTION: When Mr. LaPierre traveled by aircraft,
2 did he always fly by private charter?"

3 "ANSWER: If it was international, then he flew
4 commercial airlines. If it was -- there was a time he went
5 to Alaska where it was far, he took commercial there.
6 Otherwise, domestically was definitely private."

7 "QUESTION: Was that true during your entire tenure
8 providing travel services to Mr. LaPierre or did it
9 change?"

10 "ANSWER: It changed. Originally it was
11 commercial."

12 "QUESTION: And when did it change to private?"

13 "ANSWER: I don't recall when."

14 "QUESTION: Can you provide an estimate?"

15 "ANSWER: I would say around 2000, 2001,
16 approximately."

17 "QUESTION: In, let's say, the last ten years that
18 you provided travel services to Mr. LaPierre, so from 2010
19 to 2020, did he fly exclusively by private charter for
20 domestic flights?"

21 "ANSWER: Yes, other than the one Alaska."

22 "QUESTION: Did you ever discuss with Mr. LaPierre
23 his reasons for flying by private charter?"

24 "ANSWER: Yes. There were some security issues."

25 "QUESTION: What security issues were those?"

BP

2920

Proceedings

1 "ANSWER: I believe there were a number of threats
2 and he was told to do that."

3 "QUESTION: And did Mr. LaPierre tell you who told

5 "ANSWER: Security -- the security people
6 primarily, I think."

7 "QUESTION: The security people at the NRA?"

8 "ANSWER: Yes."

9 "QUESTION: And this was back in 2001?"

10 "ANSWER: Around that date."

11 "QUESTION: Were you ever directed by anyone at the
12 NRA to follow certain security protocols with respect to
13 Mr. LaPierre's travel?"

14 "ANSWER: No."

15 "QUESTION: When you provided travel services for
16 Mr. LaPierre, did he reside in the DC area?"

17 "ANSWER: Yes."

18 "QUESTION: To your knowledge, did Mr. LaPierre
19 have security personnel travel with him when he traveled
20 outside the DC area?"

21 "ANSWER: Yes."

22 "QUESTION: Was that always the case?"

23 "ANSWER: No. It depended on why he was traveling,
24 where he was going."

25 "QUESTION: So in what circumstances would he have

1 security with him?"

2 "ANSWER: If it was known that he was going
3 somewhere for a meeting, an appearance where people knew he
4 was going to be there, where it was public or publicized,
5 then he would always have security."

6 "QUESTION: If Mr. LaPierre was traveling for
7 personal reasons, would he have security accompany him?"

8 "ANSWER: No."

9 "QUESTION: So, for example, if Mr. LaPierre were
10 to go on vacation, would he have security personnel
11 accompany him?"

12 "ANSWER: No."

13 "QUESTION: Do you have any personal knowledge of
14 anyone of the NRA having security personnel vet the charter
15 companies that were used to arrange Mr. LaPierre's private
16 flights?"

17 "ANSWER: No."

18 "QUESTION: Do you have any personal knowledge of
19 the NRA having security personnel vet the drivers of the
20 cars that you arranged for Mr. LaPierre?"

21 "ANSWER: No."

6 trips that Wayne took where it was publicized and we would
7 talk about what was needed."

8 "QUESTION: When you arranged private flights for
9 Mr. LaPierre, was it your practice to send the itinerary
10 information to Mr. Staples?"

11 "ANSWER: I would send him information if his
12 security people were also going to be involved either
13 meeting him, picking him up, going to the hotel. Wherever
14 they would be involved, then, yes, he would have that
15 information."

16 "QUESTION: In the normal course of your business
17 when you were booking private charter for Mr. LaPierre,
18 would you provide the itinerary information where
19 Mr. LaPierre would be located to any staff at the NRA?"

20 "ANSWER: Rarely. It -- if they needed to know for
21 whatever reason and -- then I would, but that would be the
22 only reason."

23 "QUESTION: Who at the NRA was authorized to book
24 travel through you?"

25 "ANSWER: I don't know who was authorized and who

1 wasn't authorized. I can only say who called me and asked
2 me for travel information."

3 "QUESTION: Was it your understanding that anyone

6 "ANSWER: I assumed so."

7 "QUESTION: Were you -- let me rephrase that. Did
8 anyone at the NRA ever communicate to you that you should
9 not book travel for certain individuals?"

10 "ANSWER: Not that I recall."

11 "QUESTION: Were you ever instructed to confirm
12 certain travel requests where authorized by Mr. LaPierre or
13 anyone else at the NRA before processing them?"

14 "ANSWER: Not that I recall."

6 "ANSWER: No."

7 "QUESTION: When you provided services to the NRA
8 after the incorporation have I.I. and I.S., did you bill the
9 NRA through that company?"

10 "ANSWER: Yes."

11 "QUESTION: Several years after incorporating I.I.
12 and I.S., you started billing the NRA through a company
13 name; correct?"

14 "ANSWER: Yes."

15 "QUESTION: And what is that company name?"

16 "ANSWER: GS2."

17 "QUESTION: Okay. And is GS2 a d/b/a of I.I. and

2 "ANSWER: Wilson Phillips."

3 "QUESTION: During the period of time when you were

6 "ANSWER: I did."

10 THE COURT: Yes.

11 (Handed up to the Court)

12 THE COURT: Actually, that was my law clerk's note
13 to me. The point is that the witness -- the actual witness
14 is testifying simply of what she heard, but so she is an

18 QUESTION: Did you at any point in time during the

20 travel services to the NRA, did you have a written contract
21 with the NRA.

22 ANSWER: 2019.

1 QUESTION: Jim, can I please mark Tab 2 as

3 Exhibit 366.

4 Is that your signature on Page 5 of the agreement
5 or 10 of the PDF?

6 ANSWER: Yes, it is.

7 QUESTION: And this is the contract that you were
8 referring to that you entered into with the NRA in 2019.

9 ANSWER: Yes, it is.

10 QUESTION: And is this contract as reflected in
11 Exhibit 5 the first written agreement that you had with the
12 NRA.

13 ANSWER: It is.

14 QUESTION: Before 2019, you never had a written
15 agreement with the NRA.

16 ANSWER: Right.

17 QUESTION: So as a general matter when it came to
18 the fees that you received, you primarily had those
19 discussions with Wilson Phillips.

20 ANSWER: Yes.

21 QUESTION: Before 2019, the fees that you received
22 and services you provided were never memorialized in a
23 written contract.

24 ANSWER: Correct.

25 QUESTION: Would it be accurate to say that prior

KM

Proceedings

1 to this written agreement in exhibit -- reflected in
2 Exhibit 5, the fees you charged and the terms of your
3 business relationship were based on verbal agreements
4 between you and Mr. Phillips.

5 ANSWER: Yes.

6 QUESTION: Okay. I do want to explore that a bit
7 further in a moment, but just so that I understand the
8 process for how you would bill the NRA for your flat monthly
9 fee, you -- is it accurate that you would generally send
10 those invoices to Lisa Supernaugh by email.

11 ANSWER: Yes.

12 QUESTION: Who directed you to send the invoice to
13 Ms. Supernaugh.

14 ANSWER: It would have either been Wilson Phillips
15 or Lisa.

16 QUESTION: Ms. Stanford, what's been marked as
17 Exhibit 6 a document marked by the NRA and this is
18 Plaintiff's Exhibit 740, first page is bate stamped NRA NYAG
19 COMMDIV 257235. This document appears to be an email sent
20 from you to Lisa Supernaugh on April 30, 2015 with two
21 attachments titled "NRA fee" and "ILA fee."

22 Are you able to -- do you see the exhibit?

23 ANSWER: I do.

24 QUESTION: Okay. If you could scroll down to the
25 attachments on Page 2 and 3, you'll see two invoices both

KM

1 dated May 1, 2015, one to the NRA for \$10,000 and the other
2 to NRA-ILA for 5,000.

3 Do you see that?

4 ANSWER: I do.

5 QUESTION: Is this an example of how you would bill
6 the NRA for your flat monthly fee.

7 ANSWER: Yes.

8 QUESTION: Why did you send separate invoices to
9 NRA and NRA-ILA.

10 ANSWER: That's what I was told to do.

11 QUESTION: So you do not remember having any
12 specific conversation with Ms. Supernaugh regarding this
13 billing procedure, but you were -- you're confident that
14 someone directed you to send these invoices separately.

15 ANSWER: Yes.

16 QUESTION: And why is that.

17 ANSWER: Yeah. Just to know how they wanted me to
18 -- you know, how they wanted me to write it.

19 QUESTION: Do you recall having any conversation
20 with anyone at the NRA regarding how to allocate your
21 monthly fee between NRA and NRA-ILA.

22 ANSWER: No. I was just told which amount and how
23 to do it.

24 QUESTION: But you don't remember -- you don't
25 recall specifically who told you to do that.

1 ANSWER: No, I don't.

2 QUESTION: From 2002 to 2019, your monthly fee
3 increased a number of times; correct.

4 ANSWER: Correct.

5 QUESTION: For several years in addition to your
6 fees from the NRA, you also received a fee from Ackerman
7 McQueen; correct.

8 ANSWER: Correct.

9 QUESTION: How did this come about.

10 ANSWER: I was told to invoice them for that
11 amount.

12 QUESTION: And who told you to invoice them.

13 ANSWER: Again, it would have either been Wilson
14 Phillips or Lisa Supernaugh.

15 QUESTION: Were you given a reason why to invoice
16 Ackerman McQueen.

17 ANSWER: No.

18 QUESTION: Do you recall when you were directed to
19 invoice Ackerman McQueen.

20 ANSWER: No, I absolutely don't.

21 QUESTION: When you started billing the NRA through
22 GS2 Enterprises instead of II and IS Incorporated, were you
23 billing Ackerman McQueen on a monthly basis.

24 ANSWER: Yes.

25 QUESTION: So the practice of billing Ackerman

1 McQueen on a monthly base predated setting up a d/b/a with
2 GS2.

3 ANSWER: I believe so.

4 QUESTION: What is your understanding that the --
5 I'm sorry.

6 Was it your understanding that the monthly fee you
7 were charging Ackerman McQueen was connected to the services
8 you were providing to the NRA?

9 ANSWER: Yes.

10 QUESTION: And what was the basis of that
11 understanding.

12 ANSWER: There were -- there was travel by Ackerman
13 employees, so it was not -- I was not told what it was, why
14 I -- why I was billing them, but there were often Ackerman
15 McQueen people that were traveling.

16 QUESTION: But it was either -- I believe you
17 testified that either Lisa Supernaugh or Woody Phillips
18 directed you to bill Ackerman McQueen, not anyone at
19 Ackerman McQueen; correct.

20 ANSWER: Correct.

21 QUESTION: Did you ever discuss this monthly fee
22 you were charging Ackerman McQueen with anyone at Ackerman
23 McQueen.

24 ANSWER: No.

25 QUESTION: In addition to your monthly fee, did you

KM

Proceedings

1 receive any other compensation from the NRA for the services
2 that you arranged.

3 ANSWER: Yes.

4 QUESTION: What was that compensation.

5 ANSWER: I don't remember what the date was, but I
6 had a conversation with Wilson Phillips that I had worked
7 there quite a while and that I was getting older and I would
8 like to -- like to -- either like to have my medical
9 insurance paid for and be on their -- be part of their
10 pension policy, and he explained that since I was not a --
11 that I didn't work for the company, that I was not an
12 employee, that that was not possible, but that I could add
13 some money to the invoices.

14 QUESTION: And did he tell you how to add the money
15 to the invoices.

16 ANSWER: He just said to add them to the invoices
17 and that -- and then I explained, you know, how much travel
18 agencies will charge on certain things, and he said that was
19 fine.

20 I didn't add it to the -- to commercial flights or
21 hotels or rental cars, but I added to the private planes and
22 car and driver.

23 QUESTION: And how much would you add.

24 ANSWER: An average of ten percent.

25 QUESTION: And do you remember roughly when this

KM

1 conversation with Mr. Phillips occurred.

2 ANSWER: No, I don't.

3 QUESTION: Do you recall if it was before or after
4 you set up a d/b/a or GS2.

5 ANSWER: No, I don't.

6 QUESTION: Was it one conversation or multiple
7 conversations.

8 ANSWER: One conversation.

9 QUESTION: Did Mr. Phillips give any instruction on
10 how to incorporate this fee into the invoices that you sent
11 to NRA.

12 ANSWER: No.

13 QUESTION: Was this agreement ever memorialized in
14 writing.

15 ANSWER: No.

16 QUESTION: It was a verbal agreement.

17 ANSWER: Yes.

18 QUESTION: Did you ever discuss this fee with
19 anyone else at the NRA.

20 ANSWER: No, I didn't.

21 QUESTION: To your knowledge, was anyone else at
22 the NRA aware of this fee arrangement.

23 ANSWER: I don't know.

24 QUESTION: How would this additional ten percent --
25 approximately ten percent fee be reflected in the invoices

KM

2934

Proceedings

1 you sent to NRA.

2 ANSWER: It was just as the total.

3 QUESTION: So for private flights and black car
4 services you arranged, you would add the fee into the line
5 item -- you would add the fee into the line item on the
6 invoice for those services.

7 ANSWER: Correct.

8 QUESTION: Why didn't you list the fee as a
9 separate line item on the invoices.

10 ANSWER: I believe Wilson Phillips told me just to
11 do it that way, to include it and not break it out.

12 QUESTION: So Mr. Phillips directed you to include
13 the fee and the line item and not to list it separately.

14 ANSWER: Yes.

15 QUESTION: When Mr. LaPierre would contact you to
16 arrange a private flight for him, what steps would you take
17 to make those arrangements and bill that flight.

18 ANSWER: I needed exactly what his itinerary was;
19 what time he needed to be in each place; what time he could
20 leave each place; how many people would be on the plane;
21 security-wise, what was going on; where he was going so that
22 I would know.

23 I would check in different airports. If it was
24 somewhere where there were -- where it was huge where there
25 were thousands of people, I would not want him arriving at

KM

2935

Proceedings

1 the airport when lots of other people would. So I would
2 check other airports in the area or not too far that so that
3 he would have more -- so security wouldn't be as much -- you
4 know, as difficult if it was a large amount of people. Cars
5 and drivers, where were your meetings, what time are your
6 meetings, how many people in the car, how -- where else were
7 you going. I needed the whole itinerary.

8 Do you need hotel stuff too or are you just talking
9 about --

10 QUESTION: Oh, yeah. Please. Continue.

11 ANSWER: Okay. Same thing with hotels. What are
12 you going for? I would primarily not have him stay in any
13 hotel -- if it was a large meeting, I would have him stay at
14 a different hotel away from people for total security. The
15 hotels I would put him in, I needed to know where other
16 doors were, not only the front door but other doors.

17 His security person would usually go a couple of
18 days or maybe earlier to check out everything. I made sure
19 that I knew where his room was, on what floor, how far from
20 the elevator, how close I could get his security people.

21 There were lots of security issues -- primarily
22 security issues, where he was going. If it was a meeting in
23 a hotel -- in a building, I needed to -- I needed to know
24 what the security issues -- what the doors were, what the
25 security issues were there, whether it was a large theater

KM

2936

Proceedings

1 or even a small room. I don't want him walking up there
2 alone. So security was the main thing, but there was a lot
3 to look at.

4 QUESTION: And would Mr. LaPierre tell you what the
5 purpose of the trip was for.

6 ANSWER: If it was something where security was
7 really involved, yes. If not, I didn't need to know. I
8 needed to know primarily if it was -- if security was
9 involved. So I didn't need to know why he was going
10 somewhere, just where it was, how many people. And then I
11 would go through, you know, the other things about the
12 airport, who is meeting him at the airport, the size of the
13 plane depended on how many people were on it, how long of a
14 flight it was.

15 There were some times where I used a plane that
16 would actually make a stop because it was significantly
17 lower in price than the nonstop depending on where,
18 depending on how busy the time it was. If it was a holiday,
19 near a holiday, their prices went up depending on fuel. So
20 occasionally, he was okay with stopping."

21 MR. THOMPSON: That's the end of the read-in.

22 THE COURT: Can you also just give you the court
23 reporters a copy of the transcript so they don't have to ask
24 you for spellings.

25 MR. THOMPSON: Of course. And for planning

KM

2937

Proceedings

1 purposes, your Honor, the video was approximately
2 40 minutes.

3 THE COURT: Why don't we take our break first
4 before we settle in to that.

5 THE COURT OFFICER: All rise. Jury exiting.

6 (Whereupon, at this time the jury exits
7 the courtroom.)

8 THE COURT: We will see you in a few minutes.

9 (Whereupon at this time there was a recess taken.)

10 THE COURT: So before the jury comes in, just to
11 confirm, the expert that's coming in, this is not a damages
12 expert who is going to be -- this is not a damages expert;
13 right?

14 MR. THOMPSON: Mr. Hines will be like tabulating
15 the amount of monies involved.

16 THE COURT: Right; but -- the only reason I'm
17 asking is this question of whether it's three years or
18 six years is still being decided. So again, I don't have an
19 issue with the compilation summaries.

20 What -- if you had a damages expert who is going to
21 say we are going to ask you for X, then you would want to be
22 careful to not lock yourself into six years, for example, if
23 I conclude that it's three years, but I don't think that's
24 an issue. Ultimately, when you are arguing, you will know
25 whether it's three years or six years so.

KM

2938

Proceedings

1 MR. CORRELL: Your Honor, just to answer your
2 question, he is not a damages expert. He was not disclosed
3 as a damages expert, and I believe I asked him, Are you a
4 damages expert, and he said, No.

5 THE COURT: Yeah, and they have confirmed that.
6 It's the compilation witness part of what he's doing is
7 going to be, you know, just tabulating or at least providing
8 summaries of these invoices. But you know, ultimately -- so
9 the argument for damages will just be during closing.

10 MS. STERN: Yes, your Honor, and I believe that
11 you'll see in Mr. Hines's testimony that he does discuss
12 with these sort of -- the economic impact of the conduct,
13 and it is presented in a manner where you can sort of see
14 year by year by year, so I think it offers an option if --

15 THE COURT: Is this the part of the testimony where
16 he is -- the compilation evidence part of the testimony or
17 is this part of his expert testimony?

18 MS. STERN: It's I'd say both really, your Honor,
19 and there is various charts. They are included in the
20 commentary stuff.

21 THE COURT: When you say "impact," you mean dollar
22 impact?

23 MS. STERN: Yes.

24 MR. CORRELL: Your Honor, he was not disclosed as
25 an economist. He's got no qualification as an economist.

KM

2939

Proceedings

1 He didn't say anything about economic impact in his
2 disclosure. That's objectionable, and it's irrelevant.

3 MS. STERN: Let me rephrase. What I mean is
4 financial impact, the impact on the finances of the NRA, the
5 expenditures that were involved under contracts that we
6 contend were not consistent with a policy or legal
7 standards. It's all in great detail in his report, and it
8 is the subject of discovery.

9 MR. CORRELL: Your Honor, he was not disclosed as
10 an expert on loss causation.

11 THE COURT: What I'm hearing, he is not testifying
12 about loss causation.

13 MS. STERN: He is not.

14 THE COURT: By economic impact, what's the
15 difference between that?

16 MS. STERN: Sorry, your Honor. I mean, financial
17 impact.

18 So in other words, if you're operating under a
19 contract where you're paying outside the terms of the
20 contract, you're making payments that are not consistent
21 with the financial terms of the contract, how much money are
22 we talking about was paid then.

23 THE COURT: Well, in this case though, are you --
24 is any part of what you'll be seeking in monetary remedies
25 going to be that delta between what the contract provided

KM

2940

Proceedings

1 for and what NRA paid? Are you seeking any of the
2 defendants to compensate the NRA for that delta?

3 MS. STERN: Yes, your Honor.

4 MR. CORRELL: We have a problem with that, your
5 Honor. Particularly, that goes back beyond three years.
6 Throwing numbers up for past years is just going to confuse
7 the jury and hopelessly prejudice them against us.

8 THE COURT: Yeah. Look, like I said, I -- I'm
9 going to have to look at the -- the slides I guess maybe to
10 see exactly what you're talking about, but you know, if it's
11 all stuff that's in the report --

12 MS. STERN: It's 100 percent in the report, your
13 Honor.

14 THE COURT: And so that was disclosed, and you
15 know, my ruling on it didn't limit -- I made some comment in
16 my ruling that he -- all right. Well, I'll take a look and
17 see if I can get a better sense of what you're talking
18 about.

19 I am having a little trouble distinguishing the
20 economic impact and how you're going to argue what numbers
21 the jury should award.

22 MR. WERBNER: There is a fatal flaw in their damage
23 model because they really don't have a damage model. They
24 don't have a witness to establish damages.

25 I'm concerned by his testimony and the slides that

KM

2941

Proceedings

1 the jury is going to get the impression, and they make take
2 notes about these figures, and they go back even before the
3 six-year statute in many instances. So we are going to want
4 to have a running objection unless the Court rules in our
5 favor that they shouldn't -- anything before the certain
6 Statute of Limitations cutoff which we maintain is August 6
7 of 2017 --

8 THE COURT: Well, before he comes on, I'm going to
9 want a slightly more granular understanding of what he's
10 going to be walked through.

11 I mean, I did think about this a lot during the in
12 limine motion, and I wasn't troubled by it, and I just want
13 to make sure I understand how it's going to play out. I
14 think we can -- maybe it will be after lunch when this guy
15 is going to testify. We will have some time to go through
16 it in some detail.

17 MS. STERN: Certainly, your Honor.

18 THE COURT: If he is consistent with the report and
19 what was argued in the in limine, I don't anticipate having
20 any problem with it. If there's something that's changed
21 since we argued the motion in limine, then I would want you
22 to highlight that for me. So you can think about that
23 before you answer, if you want.

24 MS. STERN: Certainly, your Honor. He is
25 consistent with his report. It's fully disclosed, but I

KM

2942

Proceedings

1 think it makes sense to talk about it.

2 THE COURT: So he is not going beyond any opinions
3 that he flagged in his report and that were -- right?

4 MS. STERN: That's right, and the summary evidence
5 thing is a separate issue which we have talked about, and I
6 think that it will be less maybe perhaps confusing if we
7 talk about it.

8 THE COURT: In the summary evidence part which is
9 new, it's not something we talked about before. He is just
10 providing those charts to sort of show how that thing adds
11 up to.

12 MS. STERN: Correct, your Honor.

13 THE COURT: But that's not the economic impact part
14 that you're talking about. That's a different part.
15 Your -- the testimony about the economic action of various
16 things that you said was in his report.

17 MS. STERN: I want to just withdraw the word
18 "economic" because the defendants have an economist on their
19 list of experts who talks about sort of economic principles
20 and theories. That is not Mr. Hines. He is the forensic
21 accountant and --

22 THE COURT: That's what I thought.

23 MS. STERN: He looked at internal controls,
24 standards for internal controls in organizations to oversee
25 and insure prudent administration of financial matters.

KM

2943

1 THE COURT: Well, if he stays within what is
2 disclosed in the expert report which I vetted and looked at
3 as part of the motion in limine, I don't anticipate a
4 problem.

5 MS. STERN: Thank you, your Honor.

6 THE COURT: All right.

7 THE COURT OFFICER: All rise. Jury entering.

8 (Whereupon, at this time the jury entered the
9 courtroom.)

10 THE COURT: Okay. Have a seat, everyone. Okay.

11 So Counsel, now we are going to play the remainder
12 of the deposition transcript excerpts.

13 MR. THOMPSON: Correct, your Honor.

14 THE COURT: And this will be on audio and video?

15 MR. THOMPSON: Yes, your Honor.

8 A Hi, my name is Eric Hines.

4 It is not evidence.

5 It is designed to help organize when some witnesses

7 Q And what is forensic accountant -- accounting, excuse
8 me?

9 A Well, forensic accounting is a specialized area of
10 accounting that involves using special procedures to evaluate
11 information, evidence, financial transactions, that sort of
12 thing.

13 Q How long have you been working at Stone Turn?

14 A About seventeen years.

15 Q And what was your professional experience before you
16 joined Stone Turn?

17 A Before I joined Stone Turn, I first worked at a firm
18 call Arthur Anderson, where I was an auditor for the first few
19 years out of school. Then I went to work Deloitte -- which is
20 another major accounting firm -- in the forensic accounting
21 practice and I spent about five or so years there. And then I
22 joined Stone Turn in 2006. During some of that time period, I
23 was a part-time instructor of forensic accounting at
24 Northeastern University in Boston.

25 Q Do you have any professional credentials related to

BP

2949

E. Hines - by Plaintiff - Direct/Ms. Connell

1 your work as a forensic accountant, auditor and consultant?

2 A I do.

3 Q Can you describe those for the jury?

4 A Sure. I'm a CPA licensed in the Commonwealth of
5 Massachusetts. I have a certification in -- I'm certified in
6 financial forensics, which is a credential from The American
7 institute of Certified Public Accountants. And I, also, have a
8 credential where I'm certified in healthcare compliance, as
9 well.

10 Q Mr. Hines, in total, how many years experience do you
11 have as a forensic accountant, auditor and consultant?

12 A Over twenty-three years.

13 Q Approximately, how many forensic accounting engagements
14 have you worked on?

15 A It's been hundreds over that course of my career.

16 Q Can you please describe for the jury some of the types
17 of forensic engagements you have done during that time?

18 A Sure. I worked on a number of internal investigations
19 for accounting-related investigations. I do compliance
20 consulting. I work on matters that require the evaluation of
21 internal controls, and I've worked on corporate monitorships
22 where it requires a compliance and controls testing expertise,
23 and I've worked on a number of litigation consulting matters,
24 providing expert services or consulting services with respect to
25 complex financial arrangements and transactions, and those are

BP

2950

E. Hines - by Plaintiff - Direct/Ms. Connell

1 some examples.

2 Q Is the valuation of internal controls a normal part of
3 your work as a forensic accountant, auditor and consultant?

4 A Yes, it is.

5 Q And do you have any experience evaluating an
6 organization's risk of waste, abuse and violation of internal
7 controls?

8 A Yes, I do.

9 Q Is identifying fraud risk indicators part of your
10 normal work as a forensic accountant, auditor and consultant?

11 A Yes, it is.

12 Q Prior to this case, have you ever served as an expert
13 witness?

14 A Yes.

15 Q How many times?

16 A Approximately a dozen or so.

17 Q Has the court ever qualified you as an expert witness
18 at trial?

19 A Yes.

20 Q How many times?

21 A Three.

22 Q Okay. In what -- well, actually strike that.

23 Has the court ever refused to qualify you as an expert
24 witness?

25 A No.

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q You stated that in connection with this case you're
2 engaged by the People of the State of New York through the
3 Attorneys General's Office; correct?

4 A Correct.

5 Q What type of analysis were you asked to perform?

6 A I was asked to analyze whether the NRA and individual
7 defendants adhered to policies and procedures and the
8 established internal controls.

9 I was, also, asked to quantitatively analyze a number
10 of transactions that are at issue in this matter, and I was
11 asked to evaluate whether I identified fraud risk indicators.

12 MS. CONNELL: Your Honor, we tender Mr. Hines as an
13 expert in forensic accounting and internal controls.

14 MR. WERBNER: While we disagree with his opinions,
15 we do not challenge his expertise.

16 MS. ROGERS: Same.

17 MR. CORRELL: Same, your Honor.

18 MR. FLEMING: And same for me, too.

19 THE COURT: He's admitted. As I told you before,
20 some witnesses are permitted to testify to provide opinion
21 testimony as opposed to fact witnesses. So, he's not here
22 to testify about facts or tell you what facts you should
23 find; but based on his background, he's permitted by being
24 admitted as an expert to give opinion testimony.

25 I'll give you more instructions at the end of the

BP

2952

E. Hines - by Plaintiff - Direct/Ms. Connell

1 case about the evaluation of opinion testimony.

2 MS. CONNELL: Thank you, your Honor.

3 Q Mr. Hines, in conducting your work in this case, did
4 you apply any particular standards and methodologies?

5 A I did.

6 Q Can you describe those for the jury?

7 A I followed the standards for forensic services, which
8 are part of the AICPA standards for CPAs that specialize in
9 forensic accounting, and I have used different methodologies
10 that are common in my practice.

11 Q And are the standards of methodologies you applied here
12 subject to review by your peers?

13 A Yes.

14 Q And are they standard in your field of practice?

15 A They are.

16 Q Mr. Hines, as part of your analysis here, did you
17 review any financial transactions within the NRA?

18 A Yes, I did.

19 Q Can you please describe for the jury the types of
20 financial transactions generally that you reviewed?

21 A I'd be happy to. So, I looked at expenditures and
22 arrangements with vendors. I looked at reimbursement
23 arrangements with respect to goods and services, including
24 travel and entertainment and reimbursable business expenses.

25 I looked at disclosures with respect to

BP

2953

E. Hines - by Plaintiff - Direct/Ms. Connell

1 conflict-of-interest issues. I, also, looked at expenditures
2 having to do with former employee arrangements and board member
3 paid arrangements, as well.

4 Q What period of time did these financial transactions
5 cover that you considered?

6 A The majority were in the area -- I can say 2010-ish
7 through 2022, and I looked at some documents and records that
8 went as far back as the nineties.

9 Q Why did you review documents that went as far back as
10 the nineties?

11 A They informed my opinions with respect to the internal
12 control environment at the NRA.

13 Q As part of your work here, did you review any
14 particular documents?

15 A Yes.

16 Q Can you describe for the jury the types of documents
17 and information you reviewed?

18 A Sure. There was quite a few. I looked at policies and
19 procedures and internal control documentation for the
20 organization. I looked at contracts. I looked at invoices,
21 internal control documentation that was intended to support
22 evidence of certain steps being taken.

23 I looked at general ledger information, which is the
24 accounting data from the NRA's financial systems. I looked at
25 bank records, e-mails, memos. I looked at a number of meeting

BP

2954

E. Hines - by Plaintiff - Direct/Ms. Connell

1 minutes. I read deposition and testimony for sworn depositions.

2 I also referred to guidance that I commonly use in my
3 profession with respect to forensic accounting procedures.

4 MR. WERNER: Your Honor, I would object to him
5 reading from the slides. I think the proper way is to have
6 him give his testimony and then use the slides to summarize
7 or reflect his testimony.

8 MS. CONNELL: Your Honor -- sorry.

9 THE COURT: Yes?

10 MS. CONNELL: Your Honor, the slides are just being
11 used to help demonstrate for the jury. When there's a large
12 description of amount of information, it just helps to give
13 them some touch points.

14 THE COURT: Yeah, I'm not that concerned about it
15 in the background section; but to some extent, slides can
16 take the form of leading questions.

17 MS. CONNELL: I agree.

18 THE COURT: So, I -- it is going to be more
19 effective if the witness answers your questions rather than
20 reading from the slides.

21 MS. CONNELL: I thought this would help us get
22 through the background section a little more quickly, your
23 Honor. Thank you.

24 Q Mr. Hines, are these the type of documents that a
25 forensic accountant would generally rely upon in performing his

BP

2955

E. Hines - by Plaintiff - Direct/Ms. Connell

1 work?

2 A Yes.

3 Q In performing your work here, did you independently
4 request from the Office of the Attorney General information?

5 A Yes, I did.

6 Q You didn't just rely upon information that was given to
7 you?

8 A No.

9 Q And did the Office of the Attorney General provide you
10 with any information that you requested?

11 A Yes.

12 Q And did the Office of the Attorney General ever
13 refuse to provide you with documents or information that you
14 requested?

15 A No.

16 Q Mr. Hines, could you summarize for the jury some of the
17 key opinions that you formed as a result of your work in this
18 case?

19 A I certainly can.

20 Q Without reading off the slide.

21 A I don't have to. So, I found that the NRA had an
22 effective control environment with respect to internal controls
23 that was primarily driven by poor tone at the top, which was
24 really kind of cultural mindset towards controls. And a number
25 of consistent control and policy violations and that went over a

BP

2956

E. Hines - by Plaintiff - Direct/Ms. Connell

1 long period of time.

2 MR. WERBNER: Your Honor, I'm going to have to
3 object. It seems to me the witness is reading the slides.

4 THE COURT: This is not an uncommon approach.

5 I'm going to overrule that objection. It is a way
6 of organizing a long testimony. I'm sure once we get
7 rolling, it is going to be more free flowing than this.

8 MS. CONNELL: Yes. I'm sorry, yes. Thank you.

9 Q Mr. Hines, if you could continue.

10 A I had also identified fraud risk indicators in the
11 transactions that I looked at.

12 Q Mr. Hines, you mentioned the concept of internal
13 controls; correct?

14 A Yes.

15 Q What are the internal controls?

16 A Well, internal controls are really the system of
17 processes and procedures that service kind of the guidelines for
18 the way the processes and transactions are recorded and
19 arrangements are entered into for an organization, and I
20 sometimes refer to those as the guardrails.

21 Q Can you give the jury some examples of internal
22 controls?

23 A Sure. So, it would be requiring a specific signature
24 of certain individuals before a check goes out the door, or it
25 could be requiring certain approvals for a contract before it

BP

2957

E. Hines - by Plaintiff - Direct/Ms. Connell

1 gets signed. It could be requiring the approval of an expense
2 report before somebody submits travel and reimbursable expenses,
3 those kind of things.

4 Q Are internal controls important within an organization?

5 A Extremely, yes.

6 Q Can you explain to the jury why internal controls are
7 important within an organization?

8 A Well, they really instill disciplinary around business
9 processes. With respect to financial transactions and
10 compliance and operational transactions, they have a broad range
11 of uses. And really controls kind of are ensured to help an
12 organization meet its objectives, whether that's appropriate
13 spending or certain business operational activities.

14 But, in the situation where it involves financial
15 transactions, it's really designed -- internal controls are
16 really system of checks and balances that ensure that the --
17 there's limitations on the possibility for risk, for fraud,
18 waste, abuse, inefficiencies, that kind of thing.

19 Q Are you familiar with or as part of your engagement
20 here, did you become familiar with the internal controls
21 framework -- strike that, I'm sorry.

22 MR. CORRELL: Your Honor, I want to just emphasize
23 that maybe a better way to proceed is let him testify and
24 then put the slide up because he really is -- basically,
25 this is leading testimony. It is testimony being published

BP

2958

E. Hines - by Plaintiff - Direct/Ms. Connell

1 to the jury and then the witness is, basically, conforming
2 his testimony to what is on the screen.

3 THE COURT: Overruled.

4 MS. CONNELL: Thank you.

5 Q Mr. Hines, are you familiar with the COSO framework,
6 the framework recommended by the Committee of Sponsoring
7 Organizations?

8 A I am.

9 Q If I refer to that as a COSO framework, you'll
10 understand what I mean?

11 A Yes.

12 Q And if I shout over the sirens, you can hear me?

13 A I can certainly hear you. I'll try to shout, too.

14 Q Thank you.

15 A I don't need to read the slides, so...

16 Q Can you briefly explain to the jury what the COSO
17 framework is?

18 A The COSO framework is pretty much the standard
19 principles around internal controls, how they should work and
20 it's an entire framework that lays out what the common
21 components of what controls are and how they should operate.

22 Q Thank you. Did your analysis in this case make use of
23 the COSO framework?

24 A Yes.

25 Q In what ways?

BP

2959

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A I considered the different elements of the COSO
2 framework. As the slide shows, there's certain components that
3 are important to my analysis here, and those are -- I won't go
4 through those on the slide, but I considered certain elements of
5 the framework with respect to the internal control analysis that
6 I performed at the NRA, including risk, the control activities
7 that were performed and how the overall control environment
8 operated.

9 Q I'd like to ask you about one particular aspect of the
10 COSO framework, something known as tone at the top. Are you
11 familiar with that?

12 A Yes.

13 Q Can you explain to the jury what "tone at the top"
14 means?

15 A Sure. So, within the principles of COSO that have to
16 do with the overall concept of the control environment, it is
17 really the kind of the underpinning for an internal control
18 system, is a concept that management must -- to have an adequate
19 internal control system, management should have appropriate tone
20 at the top. And that's really the cultural mindset and the
21 attitude and the commitment towards internal controls, and it
22 really sets the foundation for how effective any control
23 environment is going to be.

24 Q So, we're using a lot of technical accounting terms
25 like the adequacy of the internal control environment and the

BP

2960

E. Hines - by Plaintiff - Direct/Ms. Connell

1 underpinning for the internal control system; but is tone at the
2 top really that -- the example of the importance of internal
3 controls must be set at the highest levels of an organization?

4 MS. ROGERS: Objection, leading.

5 THE COURT: Sustained.

6 Q In layman's terms, can you describe the importance of
7 tone at the top?

8 A It is really the idea of that what's acceptable and
9 what standards are appropriate with respect to internal
10 controls. Needs to be pushed down the organization from board
11 and senior executives down to middle management throughout the
12 organization.

13 Q Thank you. As part of your analysis, did you review
14 specific internal controls within the NRA?

15 A I did, yes.

16 Q And can you describe the internal controls that you
17 looked at?

18 A I looked at a number of different policies and
19 procedures, which are part of the internal control structure,
20 including Bylaws.

21 I looked at procurement and contracting, policies,
22 travel and reimbursable expenses, conflicts of interest,
23 statement of ethics policies and some others.

24 Q And were these the internal controls that were most
25 relevant to your review?

BP

2961

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A Yes.

2 Q Mr. Hines, you mentioned earlier that part of your
3 analysis referred to fraud risk -- included fraud risk
4 indicators; correct?

5 A Correct.

6 Q Can you explain to the jury what a fraud risk indicator
7 is?

8 A So, a fraud risk indicator in my world as a forensic
9 accountant is really an indicia of higher risk transactions.
10 They're sometimes referred to as red flags or where there's
11 indicia of fraud, and really it's where there's a fact or
12 circumstance or attribute of an arrangement, a payment, a
13 relationship, a business circumstance that indicates a
14 heightened risk of fraud, waste, abuse, diversion or other
15 items.

16 Q Are identifying fraud risk indicators an established
17 part of forensic accounting practice?

18 A Yes.

19 Q And how would a forensic accountant generally identify
20 the presence of a fraud risk indicator?

21 A Well, it involves an in-depth analysis of facts and
22 information with respect to financial transactions, for example.
23 It requires professional experience as a forensic accountant in
24 doing this kind of work.

25 Over the course of my career, I've seen a number of

BP

2962

E. Hines - by Plaintiff - Direct/Ms. Connell

1 instances of issues where there's fraud risk indicators in
2 financial improprieties, for example.

3 And then also, typically, refer to there's lots of
4 reference materials out there which are commonly accepted in my
5 practice, so I -- forensic accountants take from the audit
6 standards, they take from other reference documents that,
7 essentially, catalogue what are common attributes of fraud,
8 waste and abuse.

9 Q I want to be clear, Mr. Hines, is identifying a fraud
10 risk indicator the same thing as an identifying fraud?

11 A No, absolutely not.

12 Q Why not?

13 A The conclusion about fraud is a legal conclusion, and
14 it is explicitly not a determination or a conclusion that fraud
15 existed. It's really a list of showing other patterns that
16 indicate signals of potential fraud, waste, abuse, diversion.

17 Q In connection with this, your engagement in this case,
18 were you asked to identify whether any fraud had occurred here?

19 A No.

20 Q Okay. And could you have made that determination had
21 you been asked?

22 A No. It is actually prohibited by professional
23 standards.

24 Q In performing your analysis here, did you identify the
25 presence of any fraud risk indicators?

BP

2963

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A I did.

2 Q Can you please give the jury a general sense of the
3 fraud risk indicators you identified overall?

4 A Sure. A number of violations of policies and
5 procedures are typically fraud risk indicators. Overly complex
6 arrangements in transactions can be an indicator of a heightened
7 risk of fraud, waste or abuse, problems with documentations.

8 So, inadequate documentation, missing documentation,
9 modified, altered, falsified documentation, those are critical
10 fraud risk indicators that are always considered in my
11 profession.

12 Conflict-of-interest disclosure issues are fraud risk
13 indicators that are common and called out in many of the
14 reference materials; and I'm sure there's others, but those are
15 generally the types of indicators that I've observed here.

16 THE COURT: All right, counsel, I think we've
17 reached our lunch break. We're going to take a break and
18 reconvene at 2:15.

19 During the break, I would just ask the witness,
20 you're still essentially on the stand, so you shouldn't
21 discuss the substance of your testimony with anyone,
22 including counsel.

2 * * * * *

3 THE COURT: Okay. So is there anything we need to
4 address specifically on this witness right now?

5 MR. WERBNER: Yes, your Honor. May I?

6 THE COURT: Yes.

7 MR. WERBNER: Well, first of all, it relates to the
8 Statute of Limitations. I want to make clear for the record
9 that we maintain it's a three-year statute and that we
10 object both to his testimony and slides that have dollar
11 amounts prior to August 6 of 2017. We think that the jury
12 are going to see these numbers -- even some of them go
13 before the six-year statute. The jury is going to see these
14 numbers and think that those are the applicable years and
15 dollar amounts.

16 THE COURT: What in particular are you talking about
17 because a lot of it is just financial impact of categories
18 of conduct and not, you know, this is what Mr. Phillips, for
19 example, your client should pay.

20 What is it that you're really focused on?

21 MR. WERBNER: Well, I can't give you a specific
22 slide. I could point to Page 29 where he presents a graphic
23 with a lot of dollar amounts that starts with the 2012 and
24 includes data from 2013, 2014 and etc.

25 THE COURT: Right. Well, first of all, I -- well, I

KM

2966

Proceedings

1 don't know whether there is any particular claim arising out
2 of this testimony. I think this is -- seemed to me
3 anyway -- a broader point about the overall impact than a
4 particular damages number.

5 MR. WERBNER: I agree with you, but the problem is
6 given the absence of some statement that's here's the
7 damages we are seeking for Mr. Phillips, the jury is just
8 left with no guidance other than these numbers that are
9 really just general kind of background information. So I
10 think there is a risk that the jury may go back and
11 deliberate and use these numbers that are not being admitted
12 for that purpose to do some kind of damage calculation.
13 That's my concern, and I'd like to have -- I know the Court
14 hadn't ruled on the Statute of Limitations, but I'd like to
15 have a running objection to his testimony and the slides
16 that have any alleged losses prior to August 6 of 2017.

17 THE COURT: Understood. Again, these aren't cast
18 as losses. They are just describing the difference between
19 what the contract required and what they -- actually was
20 paid which is at the moment not a specific claim here.
21 Right. There is -- that's -- it may go more to the -- maybe
22 the broader claim against the NRA in terms of
23 administration, I suppose, but it's -- I don't view this one
24 as raising that concern in particular, but Ms. Rogers.

25 MS. ROGERS: Well, I had two points. One was

KM

2967

Proceedings

1 Statute of Limitation related.

2 So even assuming the improper administration claim
3 against the NRA, that all of this sweeps into it, and even
4 assuming that's the six-year equitable statute, we are still
5 going back much further than that in some of these
6 instances.

7 So if the jury is going to see these slides,
8 perhaps there could be some kind of clarifying instruction
9 that these dollars amounts do not purport to represent
10 amounts that were misspent or that anyone owes.

11 THE COURT: Whatever this witness -- I -- at least
12 the representation I have and everything I saw in the in
13 limine motion, those words aren't going to come out of this
14 witness' mouth about what anybody should pay or whatever.
15 So it's -- I -- you know, I knew and we all knew that these
16 were part of his findings back at the in limine stage, and I
17 denied the motion at that time. So I'm not -- I don't -- I
18 understand the point. And certainly -- you certainly can
19 put your objections for the record.

20 I think that this broad view of is -- I don't think
21 there is a real risk. If I feel like there is a need during
22 the course of it to make it clear that this isn't, you know,
23 numbers that they are seeking the jury to award in this
24 case, again, that's -- that shouldn't be the NRA's issue
25 because the NRA isn't paying any of this.

KM

2968

Proceedings

1 MS. ROGERS: I am more focused on this general idea
2 of improper administration.

3 Are we going to hear summations, look at all of the
4 money that improperly leaked out of the NRA? This shows how
5 improperly administered the NRA was, and that shouldn't go
6 beyond the statute.

7 THE COURT: That's sort of a more -- a broader and
8 interesting question about what -- what about the relevance
9 of the Statute of Limitations is because I think it may be
10 more relevant to phase two of the trial rather than phase
11 one. But all right. I understand the point, Mr. Correll.

12 MS. ROGERS: I had one distinct point from that.

13 So some of these slides, your Honor's guidance
14 yesterday was that the witness can't purport to make or
15 present factual findings. He can't narrate the facts or
16 what they say. Some of these slides are the same ones that
17 gave rise to that objection. They have just been relabeled.
18 And instead of "finding," they say "opinions," but they
19 still narrate the facts and purport to apply standard or law
20 to them.

21 So for example, if we go to slide 72 and look at
22 the slides after that, these slides purport to narrate
23 transactions that happened, who received what payments,
24 whether there was a written approval or not. This doesn't
25 seem like positing to the jury that if they find such

KM

2969

Proceedings

1 transactions occurred, it would be a fraud risk indicator.
2 This seems like a narration to the jury of what the expert
3 thinks the documents show.

4 THE COURT: I want to just read what I said on the
5 record when I denied this motion which is in part agree with
6 what you said and in part to clarify. I said at Page 78 or
7 Page 65 or -- well, I'm trying -- I'm not sure exactly what
8 page it's on, but "I'm going to deny this motion. Again,
9 this is a motion basically to exclude the testimony. At
10 least that's the way I read it. The question is whether
11 this witness can assist the fact finder in evaluating the
12 evidence. And I think this is a much more traditional
13 expert than for example, Mr. Tenenbaum.

14 You know, this is not the type of stuff jurors
15 likely confront in their day-to-day experience, and the way
16 experts typically describe it is that if the jury finds the
17 facts to show X, Y and Z, then he concludes that that would
18 indicate A, B and C. I think he is the traditional kind of
19 expert witness. In doing so, he's certainly permitted to
20 cite the record evidence that he believes supports his
21 conclusions.

22 So recognizing that there is always a possibility
23 of some objections to specific questions at trial, I don't
24 think there is a categorical basis for excluding his
25 proposed opinions or his testimony." So I denied the motion

KM

2970

Proceedings

1 on that ground.

2 And so again, if the testimony starts coming in as,
3 you know, I find this happened, I conclude this X, Y and Z,
4 I think, you know, that might be objectionable. I'm telling
5 you, Jury, you should conclude that on this day, this
6 occurred as opposed to him saying, you know, I'm citing to
7 evidence I have seen.

8 And so in -- and this supports a conclusion that --
9 it's subtle, but it's different. He is not a fact witness.
10 He shouldn't be telling the jury this is what you should
11 find are the facts, but he can cite evidence in the record
12 that supports what he is basing his evaluation on.

13 MS. ROGERS: Thank you, your Honor.

14 MR. CORRELL: Your Honor, I join in all of these
15 objections, and I have two concerns. One is what's
16 happening now, what the other -- what is going to happen in
17 closing.

18 Since the Attorney General will be allowed to have
19 the last word, I think this is really dangerous because I
20 think the Attorney General may say things during her closing
21 which suggests to the jury that these numbers that were
22 thrown out should be the measure of damages, and that's my
23 concern. I think this is highly prejudicial. I think it
24 may be the basis for a mistrial, and I think that we should
25 be very careful how we proceed here.

KM

2971

Proceedings

1 There is an example of irrelevant information that
2 is highly prejudicial, hair and market service, \$62,000
3 outside the limitations period. Why is this expert --

4 THE COURT: What page are you on?

5 MR. CORRELL: Pardon.

6 THE COURT: What page?

7 MR. CORRELL: Page 47. What is this forensic
8 accountant doing talking about hair and makeup from outside
9 the limitation period if not to prejudice the jury and throw
10 these facts with some sort of fodder from some sort of
11 claimed expert?

12 I think this is very serious. We have come a long
13 way in this trial. I think this threatens to upset the
14 apple cart, and I want to make it very clear on the record
15 that I have an objection, and I don't think this is going to
16 resolve it.

17 THE COURT: So what is the issue? Just Ms.
18 Connell, you know, why the time period? And has any
19 discipline gone in to figuring out which sets of figures
20 this witness can rely upon?

21 MS. CONNELL: Yes, your Honor. There has been
22 quite a bit of discipline and also in assessing the control
23 environment within the NRA and how long violations of
24 that -- the NRA's internal controls have been occurring and
25 how long the NRA has an ineffective control environment.

KM

2972

Proceedings

1 Mr. Hines has looked at some historical data, and sometimes
2 it was necessary -- for example, the jury's already heard
3 that the NRA signed a services agreement with Ackerman I
4 believe in 1999, and that agreement remained in effect until
5 2017.

6 So Mr. Hines of course had to look back at 1999 and
7 then what with, look at what occurred in that arrangement
8 moving forward.

9 That's not to say that at closing and before
10 closing we can't make sure that we are not saying the wrong
11 thing in regard to damages, that no party is, but that's
12 necessary. It gives necessary background. It goes to --
13 for the individual defendants -- negate any defense of good
14 faith, that they didn't know about certain things, that they
15 were unaware of things, that they shouldn't have realized
16 it. It shows that the lack of proper oversight of the NRA's
17 assets was ongoing for some period of time.

18 And in regard to this particular slide, I can
19 explain the background. The jury has heard quite a bit
20 about out-of-pocket expenses from Ackerman McQueen, and Mr.
21 Hines not only looked at those expenses to ascertain whether
22 they were a violation of the NRA's internal controls but
23 also whether there were forensic risk indicators present in
24 that arrangement based on what he saw, and he is going to
25 couch everything like that. He is not going to narrate to

KM

2973

Proceedings

1 the jury or dictate to the jury what they should find.

2 He did look at in furtherance of his inquiry a
3 subset of the out-of-pocket expenses.

4 THE COURT: What's the relevance of a financial
5 analysis?

6 Again, I don't know exactly what period of time
7 this chart on Page 47 covers. Assuming it goes back
8 20 years or whatever it is, longer than anyone believes the
9 Statute of Limitations is, what is the evidentiary relevance
10 of putting the numbers in for a period that goes beyond the
11 Statute of Limitations? Because I think I understand your
12 philosophical point which is yes, the jury is going to be
13 asked whether there was a violation of the statute from
14 let's say 2014 to 2020, and so that's really all you're
15 going to be asked to do.

16 And as I've done to some extent with -- on both
17 sides, there could be relevance to things that happened
18 before the date and after in making that evaluation in some
19 situations. I kind of get that, but their point -- one of
20 their points is that when you start bringing numbers in
21 without regard to when the beginning and end date is, does
22 that become confusing.

23 MS. CONNELL: Your Honor, I don't think it does
24 become confusing.

25 The Attorney General is trying to admit some

KM

2974

Proceedings

1 summary evidence, as you know, and I was about to give you a
2 binder with that. These includes charts that have years on
3 them. And so for example, it would be very easy for the
4 jury to look and say, okay, this is how much was spent in a
5 given year. And if we -- you instruct the jury -- now, I
6 think we are going to submit a letter tomorrow. The Statute
7 of Limitations here is six years not including the fiduciary
8 tolling. But even if you were to find it were three years,
9 you can instruct the jury the relevant period of time for
10 anything that you're going to consider. And I'm not even
11 saying they should look at this -- look at this year
12 forward. That's your instruction, and it's very clear from
13 the chart, but I think it's important that the jury have
14 more information than that. Because we have heard a lot of
15 evidence, and you know, the Attorney General's objections to
16 the course correction and more recent actions, you know,
17 that we haven't gotten discovery. You know, a lot of it's
18 been foreclosed from us. The jury has heard a lot of that,
19 and we have heard some evidence that there were foot falls
20 or failure to dot the I's and cross the T's or as soon as
21 the Attorney General's leadership -- I mean, the NRA's
22 leadership became aware of a problem, they acted on it. But
23 when you see that a contract was signed in 1999 and another
24 noncompliant contract was signed in 2011, and this is all
25 stuff that's already admitted, by the way, and then you see

KM

2975

Proceedings

1 that these are in serious internal control problems and that
2 they are red flags and they should -- you know, they have
3 serious meaning.

4 THE COURT: Well, look. I -- and in agreeing that
5 you should be able to go back to some extent in the past, I
6 agree with you that if the -- if the part of the defense is
7 going to be that subsequent events are relevant because, oh,
8 my gosh, as soon as we realized that these things were going
9 on, we corrected the course. And you know, this is the kind
10 of as Judge Learned Hand -- I think that's the judge -- that
11 it bears on your good faith at the time because, you know,
12 you realized the mistake and quickly resolved.

13 I think the length of time that it's going on is
14 relevant to rebutting that kind of a defense. It's -- it --
15 I'm not saying it does rebut it, but it is at least relevant
16 to rebutting it that this was not a momentary hiccup that
17 was then fixed if it's something that goes on longer and
18 longer.

19 But so I think in principle, I understand -- and
20 that's the reason why I think there shouldn't be a sort of a
21 black box for everything that happened before 2014 or 2017
22 even. But again -- so the question is how do we avoid any
23 inadvertent spillover.

24 I tend to agree that in the end of the day, when it
25 gets down to the instructions, they will be told what time

KM

2976

Proceedings

1 period is relevant. And when they say is Defendant A
2 liable, that is based on conduct that occurred during the
3 relevant period.

4 And I think, you know, there is the same issue on
5 their course correction stuff that there is a possibility of
6 the jury gets confused and starts figuring out that maybe I
7 should think about what happened six years after the
8 violation. And so the instructions are designed to try to
9 get at that from both ends.

10 So the question is -- is, you know, whether at
11 appropriate point during this testimony -- I'm not striking
12 it. I don't think there is sort of the -- you know, the
13 grave issue that has been suggested, but I do think it's
14 important that the jury understand whether from me or from
15 however you do this -- this questioning that some of this is
16 background and that what the case is about is a period of
17 time that the judge will tell you is relevant to assessing
18 these claims, and I'm happy to do that without giving them
19 the actual date yet.

20 MS. CONNELL: Judge, I would just ask you to hold
21 off on that because there was something I had wanted to
22 raise with you in regard to instructions.

23 There was an instruction you gave I think yesterday
24 about -- and I wanted to pull the language from the
25 transcript. It might have been the day before. Time has

KM

2977

Proceedings

1 ceased to have meaning for me personally, but about things
2 that occurred in the past and not being relevant or
3 something like that. And I thought I got the point you were
4 trying to make, but I thought that there should be a
5 corresponding discussion about more recent events, and I
6 think, your Honor, I just --

7 THE COURT: I don't remember that at all.

8 MS. CONNELL: Right. That's why I want to find the
9 language. I don't want to misrepresent.

10 Before you say some instruction that this -- all of
11 this evidence or any evidence before certain date is not
12 relevant --

13 THE COURT: No. No. No. I -- the point is is
14 that to tell them at the end of the day I will give you a
15 time period, that your verdict is going to be asked to
16 determine whether there were violations during a particular
17 time period, and you may hear evidence from things that
18 happened before and things that happened after, and the
19 question you will ultimately decide is the relevance of
20 those -- of all the evidence you hear to determine
21 liability, and you know, damages during a period that I will
22 describe to you in the instructions.

23 MS. CONNELL: Your Honor, I don't in principle like
24 object to that. Obviously, it's your choice. It's not
25 mine, but I just want to avoid -- I note for the record that

KM

2978

Proceedings

1 I don't think this is apples and oranges.

2 These documents that Mr. Hines opines from and the
3 information he opines upon is regards from the NRA from the
4 NRA's vendors. It's information they have had for years.
5 The defendants have had for years. His report was issued in
6 September --

7 THE COURT: They are not raising a surprise issue.
8 They are raising a jury confusion or prejudice issue.

9 MS. CONNELL: Yeah. No. My point was going to be
10 apples and oranges with what happened in the past versus
11 what's happened in the NRA right now for which we don't have
12 discovery, and there is a surprise issue, and there is sort
13 of a trial ambush.

14 THE COURT: I'll give you a hypothetical; right.
15 Let's assume there was a related-party transaction in 1995
16 that you allege cost the company \$100 million, and it's the
17 worst thing that's ever happened.

18 MS. CONNELL: Right.

19 THE COURT: Dropping that into the middle of sort
20 of background, could -- the argument would be made could
21 prejudice the jury saying, well, you know, we better hit
22 them now because look at all these horrible stuff that
23 happened before. I think that's an unusual example.

24 So the only relevance, and the only reason you
25 should be using things going back in time before even the

KM

2979

Proceedings

1 farthest Statute of Limitations, it really has to be
2 tethered to the relevant period, and it has to be, you
3 know -- so him finding that there were, you know -- giving
4 evidence about transactions and occurrences that happened in
5 the distant past, I have to understand how does -- how does
6 that tether back to the relevant period. And if I feel like
7 it's, you know, not tethered, then I will restrain.

8 MS. CONNELL: Okay. That's fine, your Honor.

9 THE COURT: But let me ask you that question on the
10 slide that we were just looking at.

11 You know, there is --

12 MS. CONNELL: Sorry, your Honor. I'm getting
13 instructions. Go ahead. I don't want to interrupt.

14 THE COURT: The slide we were just talking about
15 has a bunch of undifferentiated expense which I'm assuming
16 from the objections I am hearing cover a long period of
17 time.

18 MS. CONNELL: It talks about -- sorry -- the
19 out-of-pocket expenses. But actually, the out-of-pocket
20 expenses that Mr. Hines looks at and focused on are only
21 from 2015 through 2019, so that's what he gives numbers for.
22 That's what he is talking about.

23 THE COURT: So the numbers on this page I thought
24 Mr. Correll said like hair and makeup services, that goes
25 back before 2014. Is that right?

KM

2980

Proceedings

1 MR. CORRELL: 2017.

2 THE COURT: So that's the three-year, six-year
3 thing which we are not at this point -- I haven't made a
4 ruling on it. So --

5 MS. CONNELL: And your Honor, this is an example of
6 the types of invoices he found in the category in
7 out-of-pocket expenses for which there was some sort of
8 substantiation. He is just talking about his analysis.

9 THE COURT: Well, look. I'm not going to start out
10 with this instruction, but I -- I am not persuaded by the
11 broad-based defense objections that this witness can't have
12 a -- an analysis that spans a period before the Statute of
13 Limitations period to explain his conclusions about internal
14 controls and everything else during the relevant period.
15 The -- and that's the only relevance of that prior period.
16 And if -- I haven't looked at every single one of these
17 slides, and I can't micromanage everything upfront. But you
18 know, anything that strikes me as a gratuitous reference to
19 very old -- to older transactions where I think it's
20 slipping over from just providing, you know, background to
21 understand that this is not a new phenomenon is going to
22 be -- going to be restrained.

23 MS. CONNELL: We don't want to waste the Court or
24 jury's time on that.

25 In regard to the concerns for fraud, I tried to

KM

2981

Proceedings

1 right out of the gate to take that off the table.

2 THE COURT: So Mr. Correll --

3 MR. CORRELL: Yes, your Honor. How in the world is
4 the jury going to get these huge numbers out of it's head?
5 And if you give them a cut-off period, it would take Mr.
6 Hines to come back in and explain to them what those numbers
7 would be if he cabined them to the appropriate time period.

8 I don't know if these jurors are taking notes. If
9 they write these numbers down, it's going to be very hard to
10 remove that prejudice in the deliberations.

11 THE COURT: Again, the numbers that we are talking
12 about now are not damages numbers. They are impact numbers
13 from internal control with failures that they are alleging.

14 So yeah, I get it, but the liability questions that
15 I think that are impacted by this are not the ones that go I
16 think to your client so much, but I understand your point.
17 I -- I disagree with the point that these financial impact
18 opinions are prejudicial and -- but you've made your record.
19 I understand it.

20 MR. CORRELL: Thank you, your Honor.

21 MR. FLEMING: Your Honor, I just had a quick point,
22 and I apologize. I know we are trying to get to the jury.

23 One of the slides I wanted to talk about was what I
24 will call the related-party transactions slides which says
25 there is lack of advance for authorization.

KM

2982

Proceedings

1 THE COURT: What's the -- what number?

2 MS. ROGERS: slide 71.

3 MR. FLEMING: 72.

4 MS. ROGERS: There is a few more.

5 MR. FLEMING: My only point on this is this.

6 Mr. Frazer is in a little bit different position.

7 He wasn't here in '99 or 2010. We have gone through the
8 evidence about how he made attempts, precourse correction to
9 course correct and bring into compliance. And as you
10 recall, the government had exhibits on their exhibit list
11 that I painfully tried to get in. I was --- they objected
12 vociferously.

13 The reason to get those documents in was because
14 witnesses were going to testify that this was exactly that.
15 It was board advance authorization. Those documents are
16 out. That's fine for the time being, but now all of a
17 sudden, we have a witness coming in saying there is no board
18 advance authorization.

19 So it just strikes me -- what I worry about is
20 creating a sort of a counter-factual world that the jury
21 will be confused by.

22 THE COURT: Okay.

23 MR. WERBNER: If I could just take -- it's slide 66
24 that's pertained to Mr. Phillips specifically, and this
25 slide does have some summary of testimony.

KM

2983

1 I understand the Court's distinction, but if you
2 look at the three red X's, he is summarizing the testimony.

3 THE COURT: But this is exactly what the
4 instructions to juries about expert witnesses say. I had
5 that pulled up before. The -- the instructions will say --
6 the instructions to jurors on expert witnesses. You may
7 reject any opinion if you find the facts to be different
8 from the facts that form the basis for the opinion.

9 So this is sort of classic cross-examination. And
10 you know, experts all the time base their opinions on an
11 assumed set of facts or facts that they contend or whatever
12 it is, and one of the best ways to cross-examine and argue
13 against is to say, well, your facts are wrong.

14 So you know, seems like this is one of those slides
15 that you would want to use and say, they put a check mark
16 here. That's wrong. They put a check mark here. That's
17 wrong. So you can ignore this guy because he's just a paid
18 expert coming in here to testify on facts that are wrong.
19 That's cross-examination. That's not striking it.

20 I think him putting the factual premise on which is
21 opinions, and in fact, he calls these the bases for his
22 opinions, chip away at him. That's the plan. Okay.

1 MS. CONNELL: Your Honor, at some point we need to
2 put in the clip reports for the deposition designations
3 since the court reporters don't transcribe. I understand
4 the clip reports --

5 THE COURT: You need to enter them into evidence?

6 MS. CONNELL: Yes, please.

7 THE COURT: Absolutely. So, that would be before
8 you close up. Are you giving exhibit numbers to them?

9 MS. CONNELL: Yes, your Honor. Go ahead, Mr.
10 Thompson.

11 MR. THOMPSON: These will be Court Exhibits III
12 through VII, your Honor, and we pre-marked them as such.

13 THE COURT: Well, let's get the jury in. We'll do
14 this before you close. Get the witness and the jury.

15 Those are the -- Mr. Thompson, those are the actual
16 transcripts that were played?

17 MR. THOMPSON: Yes, your Honor, and nothing more.

18 THE COURT: Has the other side seen them and able
19 to review them?

20 MR. THOMPSON: We did provide an electronic copy,
21 but it was yesterday evening so they may not have had an
22 opportunity to review them yet.

23 MR. WERBNER: Those are Court Exhibit only, right?
24 They're not going to the jury, the transcript, any kind --

25 MS. CONNELL: My understanding is if they ask for a

BP

2985

E. Hines - by Plaintiff - Direct/Ms. Connell

1 read-back, then it is read to them because there's no
2 transcription.

3 MR. WERBNER: But it's a Court Exhibit for the time
4 being.

5 THE COURT: In other words, if they want a
6 read-back, they have to watch it again?

7 MS. CONNELL: Or that someone can read back from
8 that clip report.

9 MR. WERBNER: All the exhibits at the end of the
10 case go to the jury these, will not be included.

11 THE COURT: We wouldn't typically send them all.
12 We'll send them whatever they ask for.

13 I think there should be something in the court
14 record because the video is not going to be in it. So, if
15 calling it Court Exhibits for now is fine. It should be
16 part of the trial record one way or the other. It was
17 played in open court.

18 So, I'm not sure I necessarily agree that it's
19 not -- well, Court Exhibit will be part of the trial record
20 so I'm not going to spend too many brain cells trying to
21 figure out if it's a Court Exhibit or trial exhibit, but
22 should be an exhibit.

23 So, if the defendants can -- I'm going to assume
24 that the transcripts are faithfully transcribed and are
25 exactly what was played and I'll admit them, subject to

BP

1 hearing some -- something from the defendants that rebuts
2 that. But, if based on the representation that this is
3 exactly what was played in open court, I will admit those as
4 Court Exhibits --

5 MR. THOMPSON: III through VII, your Honor.

6 THE COURT: III through VII, provisionally, subject
7 to any objections that the defendants have upon reviewing it
8 and finding any errors.

9 MS. CONNELL: Thank you, your Honor.

10 MR. THOMPSON: Thank you.

11 THE COURT: You guys keep things lively, I will

9 MS. CONNELL: Thank you, your Honor.

10 DIRECT-EXAMINATION

11 BY MS. CONNELL: (Continuing)

12 Q Mr. Hines, are you ready to resume questioning?

13 A Yes, I am.

14 Q Thank you. I think when we left off, Mr. Hines, we
15 were discussing fraud risk indicators; if you recall that?

16 A I do.

17 Q And I think you were talking about some types of fraud
18 risk indicators like overly complex transactions.

19 Can you explain briefly to the jury what you mean by
20 that as a fraud risk indicator?

21 A Sure. So, an example of an overly complex transaction
22 would be, for example, if there's one arrangement that's split
23 into multiple pieces, or payment structures or arrangements that
24 are indirect, that would be an example of complex transactions.

25 So, that's what that would include, among other

BP

2988

E. Hines - by Plaintiff - Direct/Ms. Connell

1 things.

2 Q And why would the examples you give be a fraud risk
3 indicator?

4 A Well, fraud risk indicators are as they suggest, kind
5 of steer towards heightened risk of fraud, waste and abuse.

6 So, in my profession we look for fraud risk indicators
7 as an indicator that there may be control deficiencies and other
8 issues that need to be addressed.

9 Q Mr. Hines, actually, there's something I omitted doing
10 in the beginning of this case when I started questioning you.

11 We're showing the jury and the Court slides, correct?

12 A Yes.

13 Q Do you recognize these slides?

14 A Yes.

15 Q Did you help prepare these slides?

16 A Yes, I did.

17 Q Why did you do that?

18 A To help assist in my testimony and make sure that it is
19 accurate and truthful.

20 Q Mr. Hines, I would like to ask in performing your
21 analysis here, did you identify as a forensic accountant the
22 presence of any fraud risk indicators in the transactions you
23 reviewed?

24 A Yes, I did.

25 Q Can you describe for the jury the types of fraud risk

BP

2989

E. Hines - by Plaintiff - Direct/Ms. Connell

1 indicators you observed?

2 A Complex transactions, numerous violations of policies
3 and procedures and internal controls. Some of the contract
4 awarding steps did not follow policies, and I saw that a number
5 of times which is also a fraud risk indicator. Missing
6 documents, altered documents, modified documents and also
7 conflict-of-interest items that are not disclosed.

8 THE COURT: I give one caution to the jury. I've
9 done this with other experts.

10 The witness is going to give his opinions based on
11 his certain assessment of things. The ultimate questions of
12 fact that are embedded in what he's just described is for
13 you to decide, and he's not a fact witness on those. And.

14 I'll give you advice at the end for all the experts
15 that you can evaluate the facts upon which expert opinions
16 are based. If you don't agree with the facts on which
17 they're based, you can take that into account in evaluating
18 the expert's testimony.

19 Again, not a fact witness, but he's allowed to talk
20 to you about evidence in the record and then his opinions
21 based on that.

22 Okay, all right.

23 MS. CONNELL: Thank you, your Honor.

24 Q Mr. Hines, I would like to move on to discussing
25 specific work you did in relation to the NRA.

BP

2990

E. Hines - by Plaintiff - Direct/Ms. Connell

1 As part of your work on this case, did you analyze the
2 NRA's relationship with certain vendors?

3 A Yes, I did.

4 Q And was that analysis based upon your experience,
5 education and training as a forensic accountant?

6 A Yes, it certainly was.

7 Q And in connection with that analysis, did you form
8 opinions on whether the relationships that you looked at
9 reflected the presence of internal control failures?

10 A Yes, I did.

11 Q And did you also form opinions on whether the vendor
12 relationships you looked at reflected the presence of fraud risk
13 indicators?

14 A Yes.

15 Q As part of your analysis, did you look at the NRA's
16 relationship with several entities under the control of David
17 McKenzie?

18 A Yes, I did.

19 Q And do you know what those entities -- what entities
20 those were?

21 A My understanding is that those include Membership
22 Marketing Partners, Concord, Allegiance Creative Group and
23 Associated Television International.

24 Q And the jury has heard some testimony about them; but
25 if I refer to Membership Marketing Partners as MMP, will you

BP

E. Hines - by Plaintiff - Direct/Ms. Connell

1 understand what I'm referring to?

2 A Yes, I will.

3 Q And if I refer to Membership Marketing Partners
4 together with Concord and Allegiance as the MMP entities, will
5 you understand what I'm referring to?

6 A Yes.

7 Q Thank you. Mr. Hines, in analyzing the NRA's
8 relationship with the MMP entities, did you form an opinion on
9 whether the relationship reflected the presence of internal
10 control failures?

11 A Yes.

12 Q And what was that opinion?

13 A I found that there were a number of internal control
14 failures.

15 Q First, just to take a step back for a second, we're
16 referring to the MMP entities as three entities grouped
17 together.

18 What was your understanding about the relationship
19 between those three entities, if you had one?

20 A I understand that they were under common ownership or
21 control, located at the same location with the same or similar
22 employees and provided similar services. That's my
23 understanding.

24 Q Was that significant to you as a forensic accountant?

25 A It was.

BP

2992

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q Can you explain to the jury why?

2 A I considered that in evaluating the nature of the
3 arrangements. There were three separate agreements in
4 consideration of the controls related to those and with respect
5 to evaluation of potential fraud risk indicators.

6 Q When you were looking at the NRA's relationship with
7 MMP entities, did you review any documents?

8 A Yes.

9 Q What types of documents or information did you review?

10 A I reviewed contracts with those respective entities. I
11 reviewed accounting information from the NRA's general ledger,
12 and I reviewed supporting documents related to the fees with
13 respect to that -- those three arrangements. I reviewed
14 correspondence, deposition testimony and some other things, as
15 well.

16 Q Are those the types of information that a forensic
17 accountant would normally perform or rely -- excuse me -- rely
18 upon in rendering opinions on internal control failures?

19 A Certainly, yes.

20 Q And the type of information a forensic accountant would
21 rely upon in rendering opinions on fraud risk indicators?

22 A Yes.

23 Q Mr. Hines, can you please summarize for the jury your
24 main opinions regarding the NRA's relationships with the MMP
25 entities?

BP

2993

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A Sure. So, I found that the relationship -- are you
2 asking about the specific relationships or my opinions?

3 Q Your opinions, sir.

4 A Okay. I found -- my opinions were that the contracts
5 with those respective entities did not adhere to the NRA's
6 internal controls, that they were entered into without the
7 appropriate review and approval.

8 I found that there were -- based on my understanding of
9 the documents, I found that there were disclosure problems with
10 respect to potential conflicts of interest.

11 I found indicators that with respect to certain fees
12 that were increased on those arrangements, they were
13 undocumented based on my review of the documents.

14 I also found indicators of poor tone at the top with
15 respect to changes to those respective fees, again, based on my
16 understanding of the information.

17 THE COURT: Just, again, not to harp on this, but
18 to be careful; some of the things you described as your
19 opinions at least sounded to me like facts that you were
20 assuming in rendering your opinions. Is that accurate?

21 THE WITNESS: I'm really articulating that I found
22 a number of internal control failures and fraud risk
23 indicators. Some of these items are the specific bases for
24 those opinions.

25 THE COURT: But those are -- a number of the things

BP

2994

E. Hines - by Plaintiff - Direct/Ms. Connell

1 you said are facts that you are basing your opinions on.

2 So, if I can ask you as you answer Ms. Connell's
3 questions, to try to distinguish between facts that you are
4 assuming to be true or that your opinions are based on from
5 your opinions, that would be helpful. Because, again, the
6 jury is going to decide whether certain things were or were
7 not approved or -- or all the underlying facts; okay?

8 THE WITNESS: Understood.

9 Q So, Mr. Hines, I'll try and be clear when I'm asking
10 you to state your opinions, and then I'll ask you what bases
11 there are and you'll describe your understanding of the facts;
12 okay?

13 A Sounds good.

14 Q If I'm following the Judge's instructions correctly.

15 I think you said you looked at the contractual
16 relationship between the NRA and the MMP entities; is that
17 correct?

18 A That's correct.

19 Q Did you look particularly at -- did any particular --
20 strike that.

21 In deciding that -- excuse me.

22 In forming the opinion that the NRA's relationship with
23 the MMP entities demonstrated internal control failures, on what
24 did you base that opinion?

25 A I based that opinion based on my understanding and

BP

2995

E. Hines - by Plaintiff - Direct/Ms. Connell

1 review of certain documents and review of certain accounting
2 information.

3 Q Did you look at -- did any particular document inform
4 your opinion?

5 A Yes.

6 Q And what document is that?

7 A In particular, the initial contracts with those
8 entities and related -- internal controls documentation.

9 Q So, are you referring to the 2011 NRA contracts with
10 the MMP entities?

11 A Yes.

12 Q Could we take a look at the 2011 NRA contract with
13 MMP.

14 A Sure.

15 Q Did you analyze that contract as part of your work in
16 this case?

17 A I did.

18 MR. CORRELL: Objection, your Honor, relevance.

19 THE COURT: Overruled.

20 Q Did you form any opinion about whether the contractual
21 relationship complied with the NRA's internal controls?

22 A I did.

23 Q And what was that opinion?

24 A My opinion was that it did not comply with internal
25 controls.

BP

2996

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q And what's the basis for that opinion?

2 A The basis for that is my review of the related
3 documentation and my understanding of that documentation, that I
4 observed that the control process was not followed.

5 Q And can you explain in what way you found or you
6 believed the internal controls were not followed?

7 A Yes. So, based on my experience and education and
8 training, typically in evaluation of controls involves looking
9 at evidence with respect to that control being performed, and in
10 this particular instance I observed that a review set of
11 paperwork evidencing the review of that particular contract was
12 dated at a date after the contract had actually been executed,
13 again, based on my understanding of the information.

14 So, assuming those records reflect what they read, then
15 it would indicate to me that the control was not followed due to
16 the fact that the contract was executed before it was actually
17 subject to a full review.

18 Q So, Mr. Hines, am I correct in understanding that based
19 upon your review, the NRA -- the NRA's contract with MMP was
20 entered into and signed before it was subject to review and
21 approval?

22 A Yes.

23 Q And is that significant to you as a forensic
24 accountant?

25 A Yes, it is.

BP

2997

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q Why?

2 A Because it speaks to the effectiveness or lack thereof
3 of the control environment, and it speaks to the tone at the top
4 with respect to the control environment of the organization and
5 general view of controls.

6 Q Why would it speak to the tone at the top?

7 A Well, in this particular instance, my understanding of
8 the facts is that Mr. LaPierre and Mr. Phillips executed that
9 contract.

10 MR. CORRELL: Your Honor, objection. He's
11 testifying as to facts.

12 MS. CONNELL: Your Honor, he's testifying as to the
13 basis of how he observed an internal control failure. He's
14 not going to walk through every failure that he observed in
15 this case, but this is a key example.

16 THE COURT: Again, it is not a finding of fact. It
17 is the -- his assumed facts leading to his opinion. It is
18 up to the jury to decide the facts.

19 MS. CONNELL: I'm sorry, can we have that last
20 question read back?

21 (Whereupon, at this time the court reporter read
22 back the requested portion.)

23 Q And is that significant to you as a forensic
24 accountant?

25 A Yes, it is.

BP

2998

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q Why?

2 A Well, in my experience as a forensic accountant
3 evaluating internal control processes, the involvement of senior
4 management or executives in the control process is an important
5 concept. As we spoke about tone at the top, setting that kind
6 of cultural example of commitment to controls is important.

7 So, based on my experience and my profession, it
8 certainly is relevant to consider the individuals that were
9 involved in executing a particular arrangement that based on my
10 understanding and assumptions of the facts, that it did not
11 comply with the policy.

12 Q Were there any other aspects of the NRA's execution of
13 this 2011 agreement that struck you as significant?

14 A Yes.

15 Q What were those?

16 A Again, based on my understanding of the documents and
17 the facts, the contract as executed has different terms in the
18 contract that was reviewed.

19 Q And what were the terms that were different?

20 A Specifically, with respect to the inclusion as I
21 understand it of a ten-percent cap on the annual increases to
22 fees under that contract.

23 Q So, Mr. Hines, if we look at the slide that's currently
24 up and is displaying PX 1695 or portions of PX 1695 and PX 1725,
25 would I be correct in understanding that the reviewed version of

BP

2999

E. Hines - by Plaintiff - Direct/Ms. Connell

1 the contract contained a term that was not in the contract that
2 had previously been signed by the NRA?

3 A That is my understanding.

4 Q What is the significance of the difference in terms?

5 A My understanding is the difference would result in one
6 contract not having a cap on the increases to fees and one
7 contract would have a cap and limit the amount of those fees
8 could go up over the years.

9 Q Which contract had a cap that would limit the fees?

10 A The contract subject to review based on my
11 understanding of that document.

12 Q So, the contract executed in December 16, 2011, if
13 that's what occurred did not have a ten-percent cap; is that
14 right?

15 A That is my understanding based on my review, yes.

16 Q And when it was subsequently approved in February 2012,
17 the version that was given for review contained a ten-percent
18 cap; is that right?

19 A Yes.

20 Q And why is that significant to you?

21 A It is significant to me based on my experience as a
22 forensic accountant because it indicates a failure of the
23 control. In particular, assuming the facts here to be true,
24 that it indicates that the control process broke down because
25 the reviewers that were reviewing that particular arrangement

BP

3000

E. Hines - by Plaintiff - Direct/Ms. Connell

1 didn't have the accurate information, so the contract had
2 already been executed based on my understanding and at different
3 terms.

4 It's also significant to me because I think that
5 particular control breakdown is a strong fraud risk indicator
6 with respect to having different terms in those contracts.

7 Q We've been talking about a cap on the management fee.
8 Is the management fee in the MMP contract the primary means of
9 compensation under the contract?

10 A Yes, that's my understanding.

11 Q And did you analyze -- as part of your work in this
12 case, did you analyze the management fees the NRA paid to MMP
13 over the course of its vendor relationship with MMP?

14 A Yes.

15 Q Can you describe to the jury what you did to analyze
16 those management fees?

17 A My analysis including -- included looking at the
18 contractual rates and supporting documents and accounting
19 records and determining and calculating what those particular
20 fees were as they occurred over the course of time from
21 approximately 2011 to 2021.

22 Q So, was there a contractual -- or what was the
23 contractual rate in the 2011 contract that was executed between
24 NRA and MMP, just the single MMP unit?

25 A My understanding based on review of that document is

BP

3001

E. Hines - by Plaintiff - Direct/Ms. Connell

1 that it was \$400,000 per month.

2 Q And did you find that the amounts actually paid to the
3 MMP by the NRA over time were larger than that?

4 A Yes.

5 Q What -- what were your findings in that regard?

6 A My findings based on my understanding and review of the
7 documents and underlying data indicates that the fee increased
8 approximately 140 percent over the next ten or so years, going
9 from \$400,000 a month to 962,000 approximately.

10 Q Mr. Hines, did you create this table that's displayed
11 on the slide?

12 A Yes.

13 Q What did you use to create this table?

14 A This would be based on my review of the contracts and
15 also looking at general ledger information from the NRA.

16 Q Okay, and can you describe very briefly for the jury
17 what this table reflects?

18 A This table reflects my understanding of the MMP
19 specific contract and the management fees with respect to those
20 contracts or that contract, the period of those fees were
21 effective and the changes in each respective year. And the
22 columns at the right both represent dollar change and a
23 percentage change in those contracted rates.

24 Q So, in some years is it fair to say the increase in the
25 contract rate was greater than ten percent?

BP

3002

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A Yes, that's what I calculated.

2 Q And is that reflected in the column to the far right?

3 A It is.

4 Q Okay. Mr. Hines, did your analysis of the MMP
5 contract, did you do a further analysis of the NRA's payments to
6 MMP under the 2011 contract?

7 A Yes, I did.

8 Q And can you describe the analysis that you did --
9 actually let me stop for a second.

10 Does this slide reflect tables that you prepared?

11 A Yes.

12 Q And can you describe to the jury what you did to
13 prepare these tables?

14 A Sure. So, my analysis was to evaluate what the amount
15 would have been paid by the NRA under two different scenarios,
16 making certain assumptions.

17 The first one was if it was assumed that the stated
18 contractual rate in the MMP contract as executed in 2011 had
19 been paid for the rest of that contract period or the rest of
20 the period covering December 11th through December of 2021, I've
21 calculated what that annual amount would have been.

22 Q What would that annual amount have been?

23 A \$48.4 million.

24 Q Is that's what's reflected in table MMP 8, Scenario 1?

25 A Yes.

BP

3003

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q Can you describe what other analysis you did?

2 A So, the second scenario that I looked at, again, using
3 the assumption that a potential fee increase of ten percent per
4 year is contemplated in the contract version that was subject to
5 a review process; if that fee increase had been in place, I
6 calculated what the annual amount that would have been paid to
7 the MMP entity was over that period of time and in the
8 aggregate.

9 Q And what did you find that amount would have been?

10 A I found that amount was approximately \$77.5 million.

11 Q And in calculating these amounts, what documents did
12 you -- sorry, strike that.

13 In calculating the amount that the NRA would have paid
14 under the contract if it had been enforced -- if we can go back
15 to the last slide -- if it had been enforced as written, what
16 did you rely upon to make that calculation?

17 A Two things: So, for the scenario one calculation, that
18 assumes the stated contract rate of \$400,000 per month from the
19 2011 contract that I understand -- at least in my review -- was
20 executed, it assumes that rate was -- would have continued.

21 So, that was -- that particular figure is based on that
22 executed contract amount.

23 And for the second scenario, the ten percent annual
24 increase in management fees was based on my understanding that
25 the reviewed version had that ten percent language in it, so it

BP

3004

E. Hines - by Plaintiff - Direct/Ms. Connell

1 would come from that underlying reviewed contract.

2 Q Mr. Hines, is it your opinion based upon the records
3 that you reviewed that the NRA actually paid MMP more than
4 either of these amounts under either scenario?

5 A Yes.

6 MR. CONNELL: And if we can move on to the next
7 slide, please, Jonathan.

8 (Displayed)

9 Q Mr. Hines what is this?

10 A This is a graphical representation of those
11 calculations I just described.

12 Q Did you prepare this?

13 A Yes.

14 Q And does this reflect at least some of the data from
15 the previous slide?

16 A Yes.

17 Q And what information did you rely upon in preparing
18 this graph?

19 A It would also be the same information with respect to
20 the contracted rates and my understanding of those contracted
21 rates. It would also be other underlying documents that I
22 reviewed and accounting data that indicated that those
23 particular contracted rates were, were -- that supported those
24 contracted rates and the actual rates that were paid.

25 So, I also looked at information with respect to what

BP

3005

E. Hines - by Plaintiff - Direct/Ms. Connell

1 rates I understand were paid over time.

2 Q So, can you explain to the jury what's reflected in
3 green, the pink and the orange portions of this chart?

4 A Sure. So, looking at this graph, the very top line
5 represents the amount, and it is a line chart that goes across
6 and represents per year the total amount paid in the MMP
7 contract, so that's the actual figures paid based on the
8 management fees that I identified.

9 The second line down represents what the -- just above
10 the light pink section there represents the management fees.
11 Had they been capped at that ten percent amount, that my
12 understanding is was subject to the review and approval process.

13 And the third line just above the green, represents the
14 management fee over time as it would have been in as I
15 understand it, the stated contract rate, specifically in the
16 executed contract.

17 Q How -- what amount did you determine NRA actually paid
18 to the NRA over this time period?

19 A The --

20 Q I'm sorry the NRA actually paid to MMP over this time
21 period?

22 A Based on my analysis and understanding of the record,
23 it was approximately 93.2 million.

24 Q And what information did you look at to come to that
25 conclusion?

BP

3006

1 A Again, that was information supporting the management
2 fees in each particular year and used underlying documents and
3 corroborated that with accounting information.

4 Q Is that the type of analysis a forensic accountant
5 would normally perform?

6 A Yes.

7 Q And did you rely on the type of information a forensic
8 accountant would normally rely upon?

9 A Yes, I did.

10 Q Am I correct in understanding that if the 2011 MMP
11 contract had been enforced, the amount the NRA would have paid
12 over this period of time was 48.4 million?

13 A That would be the amount that reflects the stated rate
14 in the MMP contract based on my review of that document and
15 understanding of it, yes.

1 Q Okay. And am I correct in understanding based upon
2 your review, your opinion is that the actual amount paid to MMP
3 by the NRA over the same period was actually 93.2 million?

4 A Yes.

5 Q Okay. In your view, why are these calculations
6 significant?

7 A They are important to my opinions about the internal
8 controls and my opinions with respect to forensic risk
9 indicators.

10 I believe -- look, in my experience, a difference
11 between -- it shows the difference between the approved amounts
12 or potentially approved amounts -- executed amounts of those
13 contracts based on my understanding of those contracts and the
14 actual amount that I identified, and I think it is impactful and
15 important because it reflects the potential spend differential
16 between the reviewed and approved versions as I understand it
17 which has a direct impact on my internal controls opinion
18 because I think it shows that where I have identified a control
19 deficiency, there is an impact in dollars going out of the NRA.

20 A Yes.

21 Q As part of your work in this case, did you analyze
22 the management fees the NRA paid to the other two MMP entities
23 Concord and Allegiance?

24 A Yes, I did.

25 Q Did you perform the same type of analyses?

KM

3008

Hines - by Plaintiff - Direct/Ms. Connell

1 A I did.

2 Q And not going through the whole graph process again,
3 but what did your analyses show?

4 A My analyses showed that for the other two contracts
5 for Concord and Allegiance, that there were -- the -- that my
6 understanding of the information I reviewed, that the rates
7 increased also over the course of those ten years from 135,000 a
8 month for Concord to approximately 373, and the Allegiance
9 contract also increased from 40,000 to 90 by end of 2021.

10 Q And did you have similar concerns about internal
11 failures with regard to Concord and Allegiance?

12 A Yes.

13 Q And did you have similar concerns with regard to --
14 well, strike that.

15 Mr. Hines, I'm showing you a slide. Have you -- do you
16 know what this is?

17 A Yes, I do.

18 Q What is it?

19 A This is a combined chart that shows the management
20 fees for each of the three entities by year.

21 Q So the first three columns show those management fees
22 for each year and each contract and then the fourth column
23 labeled "Total MMP Entity Management Fee" is the aggregate of
24 those three and the total change, and total change is a
25 percentage column or represent those dollar changes and

KM

3009

Hines - by Plaintiff - Direct/Ms. Connell

1 percentage changes by year.

2 Q And Mr. Hines, in relying upon -- strike that. In
3 preparing this table, did you perform the type of analysis a
4 forensic accountant would normally perform?

5 A Yes.

6 Q And did you rely on the type of materials a forensic
7 accountant would rely upon to make these calculations?

8 A Yes.

9 Q What did that information consists of?

10 A It consisted similar to what we discussed before.
11 Based on my review and understanding of the underlying contract
12 documents, supporting information that indicated those fees were
13 in fact the fees paid and review of accounting data.

14 MS. CONNELL: Your Honor, that table itself at Tab
15 1 of the thin binder in front of you, this is part of the
16 summary evidence we had circulated and filed notice of
17 summary evidence, and I would ask that it be moved into
18 admission.

19 MS. ROGERS: Since we don't have the binder, which
20 exhibit is this?

21 MS. CONNELL: PX 5122, and it was attached as part
22 of our previous -- we previously provided it, but I can
23 certainly -- I'm sorry.

24 THE COURT: The binder itself.

25 MS. CONNELL: I did make a binder. We previously

KM

Hines - by Plaintiff - Direct/Ms. Connell

1 provided it.

2 THE COURT: Okay. I have previously reviewed
3 these, and so it's admissible.

4 MS. CONNELL: Thank you, your Honor. We can move
5 on to the next chart please, Jonathan.

6 THE COURT: Again, folks, this is a specific kind
7 of exhibit that we permit. It summarizes evidence that has
8 already been admissible, so it's -- sometimes it's called a
9 compilation.

10 So although it's in an unusual form when there is a
11 huge volume of information, Courts have permitted parties to
12 submit a compilation prepared by somebody based solely on
13 admissible evidence, and you know, subject to people asking
14 questions about how you put it together, but it's designed
15 to -- for situations where there is just so much volume that
16 it would be overwhelming for a jury to try to hold hundreds
17 of invoices together. So it's admitted for that purpose.
18 It's not itself evidence, but it summarizes evidence that
19 has been admitted.

20 Okay. So the other side can ask questions about
21 how we put it together and all of that. So that's the basis
22 upon which this has been admitted.

23 MS. CONNELL: Thank you, your Honor.

24 Q Mr. Hines, do you see what's on the screen right now?

25 A Yes, I do.

KM

3011

Hines - by Plaintiff - Direct/Ms. Connell

1 Q Can you -- did you prepare this table?

2 A Yes.

3 Q And can you describe to the jury what this table
4 shows?

5 A Yes. This is a graphical representation of the
6 table -- the previous table which shows the management fees paid
7 to each respective entity and in the aggregate by year from 2011
8 through 2021.

9 Q Is it fair to say this table shows that the
10 management fees paid for these entity increased over time?

11 A Yes, it is.

12 Q Did you as a forensic accountant identify any issues
13 with regard to these increased payments?

14 A Yes.

15 Q Can you describe to the jury what you found, what you
16 opined about?

17 A Well, in my opinion, based on my experience and
18 training as a forensic accountant, I concluded that there were
19 internal control failures with respect to those fee increases.

20 Q And what were those internal control failures with
21 respect to the fee increases?

22 A That they were almost entirely undocumented and not
23 formally memorialized in the amendment to the contract or
24 arrangement.

25 Q In your experience, would you have expected the fee

KM

3012

Hines - by Plaintiff - Direct/Ms. Connell

1 increases to have been formally and approved in writing?

2 A Yes.

3 Q Why is that?

4 A Well, based on my experience as an accountant, and a
5 forensic accountant documentation of arrangements is critical as
6 an audit trail and in order to support what's expected of one
7 entity or another with respect to an arrangement, and it's an
8 important part of the internal control process.

9 Q You just used the term "audit trail." Can you tell the
10 jury what that means.

11 A Sure. By audit trail, I'm referring to the various
12 pieces of information, documentation and evidence or support for
13 what actually occurred with respect to financial transactions or
14 operational transactions is the way I would describe it.

15 Q Okay, Mr. Hines. I'd like to try and close out the
16 discussion of MMP. But based on your understanding, was the
17 NRA's contractual arrangement with MMP entities ever
18 restructured?

19 A Yes.

20 Q And as you understand it, how was that arrangement
21 restructured?

22 A My understanding of the restructure was that it was
23 -- it consolidated those three arrangements into one, and that
24 -- it reduced the fees.

25 Q And so it's your understanding that that

KM

3013

Hines - by Plaintiff - Direct/Ms. Connell

1 restructuring had an impact on the fees the NRA was paying to
2 the MMP entities; correct?

3 A Yes.

4 Q Does that change your opinions that there were
5 internal control failures with regard to MMP?

6 A No.

7 Q Why not?

8 A Well, for one, based on my review of the documents
9 and my understanding of the record, I identified what I believed
10 to be additional internal control failures with respect to that.

11 Q All right. Do you know when that restructuring
12 occurred?

13 A I believe it was the Summer of 2022.

14 Q Okay. What internal control failures do you believe
15 occurred at that time?

16 A Based on my review and understanding of the
17 documents, in particular the execution of a Memorandum of
18 Understanding, I didn't identify a fully signed review sheet for
19 that.

20 And again, my understanding is also that given
21 conflict-of-interest issues with respect to that particular
22 arrangement, that it would have required separate approval by a
23 majority of the Audit Committee. And in my experience as an
24 accountant looking at that, I did not see that.

25 Q And why is that a problem?

KM

3014

Hines - by Plaintiff - Direct/Ms. Connell

1 A Well, it indicates another potential control
2 deficiency, another actual control deficiency.

3 Q And I think you said you looked at the -- how the
4 restructuring affected the fees the NRA paid to MMP; is that
5 correct?

6 A I did, yes.

7 Q And how did it effect them?

8 A The fees were reduced by about 46 percent and
9 -- approximately.

10 Q And as a forensic accountant, did you form any
11 opinion about that reduction in management fees?

12 A I did.

13 Q And what is that opinion?

14 A One I found as we talked about the complexity, the
15 arrangement is restructuring the contract seemed to reduce the
16 complexity.

17 Second, I also found that the fee reduction seemed to
18 call into question the prior fees.

19 Q You said reduce that complexity.

20 How did the 2022 restructuring reduce that complexity
21 from what you observed?

22 A Well, the contracts as I understand them were three
23 separate segregated contracts and consolidated to one.

24 Q One under the name Allegiance; right?

25 A Correct.

KM

3015

Hines - by Plaintiff - Direct/Ms. Connell

1 Q And I think you said you had an opinion about the fee
2 reduction as well; right?

3 A Yes.

4 Q What's your opinion about the fee reduction?

5 A Specifically, that I think it -- given there was a
6 conflict-of-interest issue based on my understanding, that it --
7 and that the prior fees as I understand those were undocumented
8 and formal arrangements and had internal control deficiencies,
9 the fee puts into question whether the initial fees or the
10 previous fees were appropriate.

11 Q Mr. Hines, using your experience, education and
12 training as a forensic accountant, did you identify the presence
13 of any fraud risk indicators in the NRA's relationship with MMP?

14 A Yes.

15 Q Can you describe to the jury the specific fraud risk
16 indicators you identified in this one vendor relationship?

17 A Sure. So there is a number of forensic risk indicators
18 that I identified. The first would be overly complex
19 transactions specifically, with respect to the fact that
20 arrangements were desegregated.

21 The second would be the number of review and approval
22 processes and the issues with respect to the initial contract
23 having my understanding having contradictory terms between what
24 was reviewed and approved.

25 I also concluded that the inadequate and missing

KM

3016

Hines - by Plaintiff - Direct/Ms. Connell

1 documentation with respect to lack of support with respect to
2 the management fee increases is a forensic risk indicator.

3 In addition, my understanding of the NRA's policies
4 analysis that where there is not a competitive bidding
5 situation, typically, there is an evaluation of the goods and
6 services provided, and I did not see that with respect to cost.
7 And the last would be forensic risk indicator with respect to
8 conflicts of interest, and my understanding that there were
9 undisclosed conflicts of interest.

10 THE COURT: It's time for our afternoon break. We
11 will take a short break.

12 THE COURT OFFICER: All rise. Jury exiting.
13 (Whereupon, at this time the jury exits
14 the courtroom.)

15 THE COURT: Counsel, can I get a -- do we have an
16 hours count as between the two sides as we are heading
17 toward the end of the plaintiff's case?

18 MR. FARBER: Do you want the witness here, your
19 Honor?

20 THE COURT: No. There is nothing prejudicial about
21 it.

22 MS. CONNELL: Sure. Can I just check my --

23 THE COURT: Yes.

24 MS. ROGERS: Your Honor, by our count, the Attorney
25 General has taken 40 hours and 51 minutes and the defendants

KM

3017

Hines - by Plaintiff - Direct/Ms. Connell

1 have taken -- what is it; 22 minutes -- 22 hours and
2 39 minutes.

3 THE COURT: Does that sound roughly correct?

4 MS. CONNELL: I don't even want to say, your Honor.
5 I just want to check.

6 THE COURT: The troops are working on it.

7 MS. CONNELL: We have a designated timekeeper, but
8 he is not in the courtroom. If you just give me a minute.

9 MS. ROGERS: In the past I think that our times
10 have aligned pretty well.

11 THE COURT: Well, my only observation is, you know,
12 the -- there is going to be a need for a sense of urgency to
13 get through all of this and everything is proceeding at a
14 deliberate pace, and that's been true on both sides,
15 frankly. The cross-examinations have been long and to some
16 extent duplicative, and the direct exams are, you know,
17 deliberate, and I'm -- I have made the ground rules for this
18 trial clear for a number of months. And you know, it will
19 become much more clear in the next two weeks as you have
20 less and less time to continue to budget and allocate and
21 from the -- certainly, the plaintiff's perspective, this
22 will have implications in terms of how much time you have to
23 cross the defense witnesses. And you know, my view is I'm
24 going to keep reminding you all about this because I -- as I
25 said a number of times, I am -- I really am not interested

KM

3018

Hines - by Plaintiff - Direct/Ms. Connell

1 in hearing during the last week that it's outrageous and
2 unfair because this is all about allocation decisions that
3 have been made along the way, and I don't question them.
4 Because, you know, everybody makes their own judgments as to
5 whether it takes -- it's worth doing extensive
6 cross-examination of witnesses, even if it may duplicate
7 some things that others have already done. And on the other
8 side, this examination that we are in the middle now, if it
9 proceeds at this pace will go deep into Monday, a fifth
10 week.

11 MS. CONNELL: That was the biggest unit, your
12 Honor, and I was hoping to pick up some speed.

13 THE COURT: I'm just looking at the slide deck. So
14 next week is the fifth week. So I just -- my role in this
15 is to oversee the process and make sure it's fair to both
16 sides, but every decision you all make in terms of time you
17 spend -- just you just have to keep it in mind because the
18 alternative is to have this jury be here forever.

19 MS. ROGERS: We understand, your Honor, and we are
20 very mindful of the chess clock and as plaintiff's case has
21 proceeded perhaps longer than we expected, you know, we have
22 relied on that clock to be enforced. By our count, they
23 have about four hours left including cross and including
24 closing.

25 THE COURT: Well, we also have to include your

KM

3019

Hines - by Plaintiff - Direct/Ms. Connell

1 closing.

2 MS. ROGERS: I think we have included closing in
3 that calculation. So we intend at least speaking for the
4 NRA, we know that our case will role out as a narrower
5 stance than theirs, but of course, there will be four hours
6 including cross-examination and closing.

7 THE COURT: There is also three less people doing
8 cross, but they only have one. So I don't expect their
9 cross to have to be quite as drawn out. But yeah. No.
10 That's kind of the reason why I wanted to do this analysis.
11 And again, I'm not making any judgments about anyone, but
12 you know, we just have a finite amount of time, and I think
13 its been a reasonable amount of time, if properly used. So
14 let's reconvene when the jury's back.

15 MS. CONNELL: I will just say our calculation is
16 38 hours.

17 MR. FLEMING: Does that include today?

18 MS. CONNELL: Our calculation is 38 hours
19 12 minutes for us and 23 hours and 8 minutes for defendants.

20 THE COURT: Well, why don't you all not do this
21 live on the record. Why don't you -- whoever is doing this,
22 try to see if we can reconcile. It might have had something
23 to do with Mr. Lee's time yesterday. I don't know.

24 All right. I'll see you soon.

25 MS. CONNELL: Thank you, your Honor.

5 courtroom.)

6 THE COURT: Please have a seat.

7 MS. CONNELL: Thank you, your Honor.

8 CONTINUED DIRECT EXAMINATION

9 BY MS. CONNELL:

10 Q Mr. Hines, I'd like to move on to a different topic.

11 As part of your work in this case, did you analyze the
12 NRA's relationship with its vendor Ackerman McQueen and Mercury
13 Group?

14 A Yes.

15 Q And did you form any opinions with regard to that
16 relationship?

17 A Yes, I did.

18 Q And what were those opinions?

19 A I found the presence of internal controls failures with
20 respect to that relationship, and I also found the presence of
21 forensic risk indicators.

22 Q What was the basis of your opinion that there were
23 internal control violations?

24 A Based on my review of documents and my understanding, I
25 identified instances where policies were not followed. In

KM

3021

Hines - by Plaintiff - Direct/Ms. Connell

1 particular, with respect to services contracts that were entered
2 into.

3 I also identified instances with respect to what I
4 understand the out-of-pocket expense arrangement, and my
5 conclusion was that that circumvented internal controls with
6 respect to the billing practices and the travel and
7 reimbursement policy.

8 Q You referenced to services agreements; is that right?

9 A Yes.

10 Q Did you look at the NRA's -- excuse me. Ackerman's
11 services agreements with the NRA --

12 A Yes.

13 Q -- as part of your work?

14 And is it accurate or can you describe what internal
15 control violations you observed with regard to those services
16 agreements?

17 A I can. So based on my understanding of the NRA's
18 policy for procurement and contracting, and based on my review
19 and understanding of the services agreements, they required
20 specific sign-offs and authorization to be evidenced in a
21 signature review sheet, and they required separate analyses of
22 the business case with respect to those, and I did not identify
23 that that occurred.

24 Q Okay. And did you review a 1999 services agreement
25 between Ackerman and the NRA?

KM

3022

Hines - by Plaintiff - Direct/Ms. Connell

1 A Yes.

2 Q And was there anything significant about that that
3 struck you as a forensic accountant?

4 A Yes, there was.

5 Q What was significant about that?

6 A Well, in addition to my opinion that there were
7 internal control failures, I found it significant that the
8 agreement was only signed by Mr. LaPierre.

9 Q And why would that be significant?

10 A As I spoke to before with respect to internal controls
11 and the concept of tone at the top, the involvement of the
12 executive vice-president in a contract that didn't in my opinion
13 follow policy is a significant finding.

14 Q And did that contract as far as you understand it
15 remain in place until a new services agreement was signed in
16 2017?

17 A Yes.

18 Q Okay. I'd like to move on. I think you mentioned
19 out-of-pocket expenses. Is that correct?

20 A Yes.

21 Q And can you explain to the jury -- I think they have
22 heard a lot about out-of-pocket expenses, but what you
23 understand them to be.

24 A Okay. My understanding is the out-of-pocket expenses
25 with Ackerman McQueen included reimbursement and other general

KM

3023

Hines - by Plaintiff - Direct/Ms. Connell

1 business expenses of various sorts that were billed through
2 Ackerman McQueen so paid for by Ackerman and then reimbursed by
3 the NRA, and that process as I understand it was done using
4 essentially lump sum invoices, and I understand that the NRA did
5 not receive supporting documents behind that.

6 Q And is this an example of the type of invoice you're
7 talking about?

8 A Yes.

9 Q And did you review invoices sent between Ackerman
10 McQueen -- sent by Ackerman McQueen to the NRA?

11 A Yes, I did.

12 Q And did you review other documentation or information
13 as part of your analysis of the out-of-pocket expense
14 reimbursement arrangement?

15 A Yes, I did.

16 Q And what information did you review?

17 A I reviewed the general ledger information for the NRA.
18 In particular, with respect to disbursements and transactions
19 with Ackerman McQueen, I looked for and identified a number of
20 transactions that were labeled as out-of-pocket expenses and
21 quantified that amount, and that was a total of \$4.3 million
22 that I identified from 2015 to 2019. I also wanted to
23 understand what was underneath those expenses.

24 You know, typical for my practice and my business would
25 be wanting to understand the nature of the underlying expenses

KM

3024

Hines - by Plaintiff - Direct/Ms. Connell

1 that went through that expense arrangement, and I identified
2 that while the NRA did not in the normal course as I understand
3 it receive supporting documents behind those expenses, that
4 Ackerman McQueen had retained documentation, and I understand
5 that that was produced in litigation matters. So I reviewed
6 those invoices from Ackerman McQueen with underlying supporting
7 documents in order to understand the nature of those expenses
8 and what was included in the out-of-pocket expense category.

9 Q So Mr. Hines, you found \$4.3 million of out-of-pocket
10 expense invoices were paid by the NRA between 2015 and 2019?

11 A Yes.

12 Q Would I be correct in understanding that you had
13 supporting documentation for a smaller subset of those that you
14 obtained to review?

15 A That's correct. So I was able to locate invoices for
16 2016 through 2018 that totaled approximately \$2.8 million.

17 Q And did you take a look at those invoices to see --
18 well, let me ask you. What did you do in regard to those
19 invoices for which you had substantiation or were able to get
20 substantiation?

21 A I reviewed those invoices and the underlying support
22 that was attached to those invoices, and that included receipts,
23 underlying invoices from vendors that were billed through the
24 out-of-pocket expense category.

25 I cataloged all those expenses on a line-by-line basis,

KM

3025

Hines - by Plaintiff - Direct/Ms. Connell

1 and then I put those into various kind of account categories or
2 buckets so I could understand what was included in those which
3 is what is presented here.

4 Q I would like to draw your attention to the table on the
5 left.

6 Did you prepare that table?

7 A Yes, I did.

8 Q And what does it reflect?

9 A That reflects the categorization of the \$2.8 million in
10 Ackerman McQueen supporting documents related to out-of-pocket
11 expenses that I identified.

12 Q I'd like to look at just a few examples of them.

13 MS. CONNELL: If we can go to slide 43, please,
14 Jonathan.

15 Q You categorized -- is this correct \$240,106 over that
16 time period for Tyler Schropp credit card expenses?

17 A Yes.

18 Q And is this invoice to the right an example of one of
19 the invoices you looked at?

20 A This is an example of one of those invoices, and as you
21 can see, this is included in the out-of-pocket expense support
22 for this particular month, and I identified -- this is one
23 example. It's a \$4,685 hotel stay over two nights at the
24 Beverly Hills Hotel.

25 Q Did you find this significant as a forensic accountant?

KM

3026

1 A Yes, I did.

2 Q Why?

3 A Well, in my experience and based on my education and
4 training, I would say the entire out-of-pocket expense
5 arrangement was high risk and susceptible to fraud, waste and
6 abuse and circumvented internal controls and reimbursement
7 expense.

8 So for one, I think it's significant just for -- not
9 just, but primarily for that reason. I also found it
10 significant, the nature of some of the charges that were
11 included which in my experience indicated that there were
12 charges for higher cost items which I find to be associated with
13 higher risk of fraud, waste and abuse as well.

2 Q I think you said they circumvented review and approval,
3 something to that effect?

4 A Yes.

5 Q Can you explain to the jury what you meant by that?

6 A Sure. So, in a -- if these were business expenses that
7 would be potentially reimbursed, including with respect to the
8 NRA policies as I understand it for travel and entertainment,
9 they would have to be submitted to the organization,
10 appropriately reviewed and compared to policy requirements to
11 determine if the charges met those policy requirements, and by
12 virtue of these expenses being passed through Ackerman McQueen
13 indirectly, and the NRA as I understand it not seeing that
14 supporting documentation when it paid invoices, it effectively
15 circumvented the control process, which would be a review and
16 approval of expenses.

17 Q Is it your understanding that the NRA from time to time
18 went to Ackerman McQueen to look at information maintained by
19 Ackerman McQueen?

20 A Yes.

21 Q And does that change your opinion as to whether the
22 out-of-pocket expense reimbursement process ended any internal
23 controls concerns?

24 A No.

25 Q Why not?

BP

3028

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A The expenses for NRA employees still went through a
2 process that didn't -- didn't involve the review of travel and
3 reimbursable expenses. Based on my analysis and review of
4 documents, my understanding is that those initial reviews of
5 some of the out-of-pocket expenditures identified some of the
6 same concerns that I have as a forensic accountant, which were
7 expenses that were questionable.

8 MS. CONNELL: I'd like to take a look at slide 46
9 if we could jump to that one please, Jonathan.

10 (Displayed)

11 Q This is another category you had for car services over
12 that time period in the subset OOP invoices. You found that
13 \$67,000 approximately was used on black car services; right?

14 A That's correct.

15 Q And is this an example of the type of invoices you
16 looked at?

17 A This is one, yes.

18 Q And did this -- did this invoice or these types of
19 expenditures support your -- support your opinion that the OOP
20 arrangement represented a failure of internal controls?

21 A It did.

22 Q Why?

23 A It also went through the same indirect process to be
24 billed through Ackerman McQueen, which would essentially avoid
25 the review of travel and entertainment expenses; and based on my

BP

3029

E. Hines - by Plaintiff - Direct/Ms. Connell

1 review of the NRA's policy, I'm also aware that the travel
2 entertainment policy or business reimbursable expense policy
3 indicates that car services and travel should be at the least
4 expensive way possible to get from one place to a place.

5 So, for those reasons I thought it was clearly a risk
6 indicator and, also, indicative of the internal controls
7 failures.

8 MS. CONNELL: If we could jump ahead to slide 47,
9 please, Jonathan.

10 (Displayed)

11 Q You found that approximately \$62,000 was spent on hair
12 and makeup services; is that right?

13 A Yes.

14 Q Including this invoice, right?

15 A Yes.

16 Q And this also supported your conclusion that there was
17 a internal control failure; right?

18 A It did.

19 Q Mr. Hines, you have a category here on your table to
20 the left of "Missing Supporting Detail."

21 Do you see that?

22 A Yes.

23 Q What did you mean by that?

24 A Those are dollars that were billed through the
25 out-of-pocket expense arrangement that I did not find supporting

BP

1 documents for.

2 MS. CONNELL: Your Honor, the table on the left
3 is -- has been previously marked as PX 5123. It is at Tab 2
4 of the binder.

5 This is summary evidence, and I would move for its
6 admission.

7 THE COURT: Okay, previously reviewed that and I've
8 concluded that, again, this is another one of these
9 compilation exhibits. So, my point about those is so far
10 just it is this exhibit and the one before it. I did not
11 mean to include all these charts that are in this slide
12 deck.

13 Unless you hear me say it is admitted, which now
14 that chart on the left is as a separate exhibit; and the
15 other one, it is not in evidence. But, yes, this one is in
16 evidence.

17 MS. CONNELL: Thank you.

18 (Whereupon, at this time Plaintiff's Exhibit 5123
19 was admitted and received into evidence.)

20 Q Mr. Hines, using your experience, education and
21 training as a forensic accountant, did you identify the presence
22 of fraud risk indicators with the NRA'S relationship with
23 Ackerman McQueen?

24 A Yes, I did.

25 Q Can you briefly state to the jury what fraud risk

BP

3031

E. Hines - by Plaintiff - Direct/Ms. Connell

1 indicators you found?

2 A Sure. So, I found another example of an overly complex
3 transaction arrangement. In particular, given the out-of-pocket
4 expenses were a passthrough indirectly and paid by the NRA
5 through Ackerman McQueen, missing documents and unsupported
6 transactions. In my experience, the invoices that were paid by
7 the NRA which showed just lump sum amounts without reviewing
8 underlying support, fits that fraud risk indicator category.

9 In addition, where transactions are not timely recorded
10 or properly recorded, I think the fact that expenses for NRA
11 employees circumvented the travel and entertainment business
12 expense review process is also a fraud risk indicator. And I
13 also concluded that just poor documentation with respect to the
14 award of the contracts, themselves, lack of evidence of the
15 appropriate signatures and in review processes and the fact that
16 the out-of-pocket arrangement was largely undocumented except
17 for individual invoices fit the risk category for a fraud risk
18 indicator.

19 Q Thank you. Mr. Hines, I'd like to move on to another
20 vendor that you looked at, Under Wild Skies. Are you familiar
21 with that NRA vendor?

22 A Yes.

23 Q Did you perform an analysis as a forensic accountant
24 with respect with regard to the NRA transactions with Under Wild
25 Skies?

BP

3032

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A Yes, I did.

2 Q Did you also conclude that there were fraud risk
3 indicators and internal control violations with regard to this
4 relationship?

5 A Yes.

6 Q Mr. Hines, do you know whether Under Wild Skies had any
7 connection with Ackerman McQueen?

8 A I believe there's some connection, yes.

9 Q And what's that belief based upon?

10 A My review of documents and understanding from the
11 record.

12 Q What was the connection, as you understand it?

13 A As I understand it, Under Wild Skies -- the president
14 of Under Wild Skies, Tony Makris, who's also the president of
15 the Mercury Group, a subsidiary of Ackerman McQueen.

16 Q And, Mr. Hines, did you look at or what type of
17 analysis did you perform in regard to the NRA's relationship
18 with Under Wild Skies?

19 A I reviewed the underlying contract information,
20 supporting documents, such as invoices. I reviewed accounting
21 data and deposition testimony, as well.

22 Q And did you find internal control violations?

23 A Yes, I did.

24 Q And what's that based on?

25 A It's based on my understanding and review of documents

BP

3033

E. Hines - by Plaintiff - Direct/Ms. Connell

1 that indicated that the contracts with Under Wild Skies were not
2 properly authorized in accordance with policy, and my
3 understanding that in at least some instances payments were made
4 absent a contract altogether.

5 Q Did you attempt to quantify the amount of money that
6 was paid to Under Wild Skies by the NRA, both under a contract
7 and not under a contract?

8 A Yes.

9 Q Okay. We'd like to -- I'd like you to take a look at
10 the table that's on the screen, on the screen right now.

11 (Displayed)

12 Did you prepare this table?

13 A Yes, I did.

14 Q What does this table reflect?

15 A This table reflects my analysis of information included
16 in the NRA's general ledger, and it categorizes different types
17 of expenses that I observed in that general ledger, including
18 some related to advertising and sponsorship fees and some that
19 are just based on the underlying invoices described as
20 supplemental income, and a few other categories that I saw in
21 that population.

22 Q What's the total amount you found was paid to Under
23 Wild Skies by the NRA between 2015 and 2019?

24 A \$12,375,000.

25 Q And, Mr. Hines, did you do any further analysis with

BP

3034

E. Hines - by Plaintiff - Direct/Ms. Connell

1 regard to those -- those amounts paid?

2 A Yes.

3 Q And what was that analysis?

4 A I looked to see how many of -- what portion of those
5 dollars I could tie to a contract that was in place, even if it
6 had not been properly reviewed and approved.

7 And this table here, I broke that amount down between
8 the amounts I could tie to a contract and the amounts I was
9 unable to tie to a formal arrangement.

10 Q So, what amount were you able to tie to at least to a
11 signed contract?

12 A It was \$8,075,000.

13 Q And that was through advertising contracts and
14 sponsorship contracts?

15 A Yes.

16 Q What amount did you find was paid to Under Wild Skies
17 with no supporting contract?

18 A That would be \$4.3 million.

19 Q So, Mr. Hines, is it your testimony that the \$8,075,000
20 paid in connection with contracts complied with the NRA's
21 internal controls?

22 A Can you ask it again?

23 Q Are you saying that the \$8 million in payments
24 supported by agreements complied with the internal controls; is
25 that your opinion?

BP

3035

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A No.

2 Q Why not?

3 A It's \$8 million I found it had an underlying agreement
4 that was executed by the NRA; but that amount based on the
5 contracts I reviewed did not have the appropriate supporting
6 documentation evidencing the review and approval processes that
7 occurred.

8 Q Okay. I'd like to talk --

9 MS. CONNELL: You can move on to the next slide,
10 please, Jonathan.

11 Q I think you identified payments that were for
12 supplemental invoices; is that correct?

13 A Yes.

14 Q What did you understand the supplemental payments to
15 be?

16 A Well, they're not defined or are articulated in terms
17 of what those services actually are on the documents I reviewed.

18 My understanding, based on review of testimony, is that
19 they were for donor -- seeking donor cultivation is what I
20 recall.

21 Q Is that how they were reflected in the NRA's general
22 ledgers?

23 A No.

24 Q How were they reflected in the NRA's general ledger?

25 A I believe they were categorized in an account that

BP

3036

E. Hines - by Plaintiff - Direct/Ms. Connell

1 referenced production or production costs.

2 Q Mr. Hines, did you prepare the table that's currently
3 on the screen?

4 A Yes, I did.

5 Q What does this table reflect?

6 A This table reflects the payments I was able to identify
7 related to the supplemental income arrangement, and it shows by
8 year that they were approximately six payments per year, exactly
9 six payments per year, so one every other month for an amount
10 that I believe was 97,500 every other month.

11 Q And what was the total amount of payments?

12 A \$2,340,000.

13 MS. CONNELL: Your Honor, this is a summary
14 evidence exhibit that's at Tab 4 of the binder and it is
15 PX 5126.

16 I would ask that it be moved into admission -- be
17 admitted into evidence.

18 THE COURT: Admitted for the same purposes.

19 (Whereupon, at this time Plaintiff's Exhibit 5126
20 was admitted and received into evidence.)

21 THE COURT: You had also identified Tab 3 earlier
22 on. Did you mean to include that?

23 MS. CONNELL: I did. I thought I had moved that
24 into evidence, but may I please move that into evidence?

25 THE COURT: I don't recall you doing that, but if

BP

3037

E. Hines - by Plaintiff - Direct/Ms. Connell

1 you want to.

2 MS. CONNELL: I'm sure you're right. It is
3 PX 5124.

4 THE COURT: That's the payments by category, right?

5 MS. CONNELL: Yes.

6 THE COURT: That's admitted as well, as a
7 compilation exhibit.

8 (Whereupon, at this time Plaintiff's Exhibit 5124
9 was admitted and received into evidence.)

10 MS. CONNELL: Thank you, your Honor.

11 Q Mr. Hines, moving to the next slide. Is this an
12 example of the supplemental invoices that -- an example of the
13 type of supplemental invoices that the NRA received from Under
14 Wild Skies?

15 A Yes.

16 Q And as a forensic accountant, did this raise concerns
17 for you?

18 A Yes, it did.

19 Q Why?

20 A In my concerns where invoices, in particular, ones
21 where I haven't identified an existing underlying contract or
22 arrangement, have nondescript or generic terms and don't
23 actually define what the services being paid for are, it's
24 consistent with a fraud risk indicator.

25 Q Why is it important for the contract to set out what

BP

3038

E. Hines - by Plaintiff - Direct/Ms. Connell

1 the services are being paid for?

2 A Well, in this case, I didn't identify a contract; but
3 it is important for a contract to articulate as an internal
4 control manner what the parties understood the deliverables are,
5 how those will be priced and what other terms the arrangement
6 might be important to the parties as a business matter.

7 Q Would that same reasoning apply to invoices where there
8 is no contract?

9 A Yes.

10 Q Mr. Hines, based upon your experience and expertise and
11 training as a forensic accountant, did you find fraud risk
12 indicators in the NRA's relationship with Under Wild Skies?

13 A Yes, I did.

14 Q And what were they?

15 A I found that, again, overly complex transactions. So,
16 there were multiple agreements with Under Wild Skies for
17 different items, and that's consistent with a fraud risk
18 indicator, including one arrangement that was not formalized in
19 any sort of contract.

20 Missing documentation and unsupported transactions
21 would refer to the supplemental invoices, which have just the
22 generic description of supplemental invoice and the fact that
23 the NRA's ledger categorized those as production with the rest
24 of the Under Wild Skies charges. The poor documentation
25 specifically relates to the fact that there were no supporting

BP

3039

E. Hines - by Plaintiff - Direct/Ms. Connell

1 contracts for the supplemental payments.

2 And I also noted that the sponsorship contracts and
3 advertising contracts that did not follow the authorization
4 procedures fall into that category.

5 And I also based on my understanding that there were
6 conflict-of-interest items that required disclosure, I did not
7 see disclosure of that with respect to Mr. LaPierre for the
8 Under Wild Skies arrangement and relationship with the
9 principal.

10 Q Thank you, Mr. Hines. I'd like to move on to another
11 topic.

12 Mr Hines, as part of your engagement in this case, did
13 you look at NRA payments to former NRA employees?

14 A Yes, I did.

15 Q I'd like to focus your attention right now just on
16 three of them, if that's acceptable to you?

17 A Sure.

18 Q In specific, specifically, I would like to talk about
19 Wilson Woody Phillips, Robert Weaver and Mark Marcellin.

20 Did you analyze part of your work payments by the NRA
21 to these three gentlemen?

22 A Yes.

23 Q Can you describe for the jury what, generally, you did
24 in -- as part of this analysis?

25 A I'd be happy to. So, I looked at the corresponding

BP

3040

E. Hines - by Plaintiff - Direct/Ms. Connell

1 contract and documentation. I look the at where there was
2 supporting information and accounting records, those underlying
3 records. I reviewed deposition, sworn testimony, and financial
4 data as well. So, information on those payments.

5 Q And that's the type of information a forensic
6 accountant would normally look at?

7 A Absolutely, yes.

8 Q And the type of analysis a forensic accountant would
9 normally do in the course of this?

10 A Yes, everyday.

11 Q Did you form opinions about whether these payments to
12 these former employers complied with the NRA's internal
13 controls?

14 A Yes.

15 Q And what was that opinion?

16 A That they did not comply with the NRA's internal
17 controls.

18 Q Why didn't they comply with the NRA -- what do you base
19 your opinion on that it didn't comply with the NRA internal
20 controls?

21 A I base that opinion on the fact that the arrangements
22 didn't follow the review and approval processes as required, in
23 terms of proper authorization and signatures of those and having
24 supporting analyses that describe the business purpose of those
25 arrangements. And I also noted that there were, typically, a

BP

3041

E. Hines - by Plaintiff - Direct/Ms. Connell

1 lack of supporting information regarding what those services
2 would be.

3 And, at least in one instance, I identified what I
4 understand to be an indirect payment between the NRA and one of
5 the former employees that I would consider a fraud risk
6 indicator in a high-risk transaction.

7 Q I'm talking about Mr. Phillips first.

8 Did you identify any internal control failures or is it
9 your opinion that there were internal control failures with
10 regard to payments made to Mr. Phillips?

11 A Yes.

12 Q And what's if the basis for your opinion?

13 A The basis for that is my understanding and based on my
14 review of the documentation that it was not the proper sign-offs
15 required for his post-employment contract.

16 Q Did you quantify the amounts paid to Mr. Phillips under
17 that contract?

18 A Yes.

19 MS. CONNELL: Your Honor, I would like to seek the
20 admission of Tab 6. It is marked PX 5137. This is the
21 computation of payments made for the consulting agreement
22 with Mr. Phillips.

23 THE COURT: Do you want to put anything on the
24 screen or --

25 MS. CONNELL: Yes. I believe -- actually, Jesse,

BP

3042

E. Hines - by Plaintiff - Direct/Ms. Connell

1 can we pull up PX 5137 if that's possible.

2 (Displayed)

3 Q Mr. Hines, did you prepare this table?

4 A Yes.

5 Q How did you prepare this table?

6 A I prepared it using the underlying accounting records
7 for the NRA.

8 Q And did you use the methodologies that are standard in
9 your field?

10 A Yes.

11 Q Is it accurate to the best of your knowledge?

12 A Yes.

13 MS. CONNELL: Your Honor, I ask for the admission
14 of this exhibit.

15 MR. WERBNER: No objection.

16 THE COURT: It's admitted.

17 (Whereupon, at this time Plaintiff's Exhibit 5137
18 was admitted and received into evidence.)

19 Q Mr. Hines, did you also look at the NRA's arrangement
20 with Robert K. Weaver?

21 A Yes, I did.

22 Q And can you find that that Weaver -- excuse me, Mr.
23 Weaver, did you find that that arrangement violated the NRA's
24 internal controls?

25 A Yes.

BP

3043

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q In what way did it violate NRA's internal controls?

2 A My --

3 Q Based on your understanding of the facts?

4 A Based on my understanding of the facts and my review of
5 the documentation, I did not see evidence that that contract was
6 properly authorized in accordance with NRA procurement contract
7 and policies.

8 Q Did you calculate the amount paid to Mr. Weaver after
9 he left the NRA employ under that agreement?

10 A Yes.

11 Q What was that amount?

12 A I identified it \$1,680,000.

13 Q And moving on to the final one that we're going to talk
14 about today, Mr. Marcellin. Did you analyze the NRA's payment
15 arrangement with Mr. Marcellin?

16 A Yes, I did.

17 Q And did you find that that payment arrangement violated
18 the NRA internal controls?

19 A Yes.

20 Q And what's the basis for that opinion?

21 A Based on my understanding of the documents that I
22 reviewed, the contracts for his post-employment compensation
23 were not properly reviewed and approved or evidenced as they
24 would be required to be evidenced within internal control
25 documentation.

BP

3044

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q Was -- were there any other concerns with regard to Mr.
2 Marcellin's agreement that you recall?

3 A Yes. In particular, what really stood out to me, given
4 my experience as a forensic accountant, was the way
5 Mr. Marcellin was paid which involved, again, based on my review
6 of the documents and understanding of the facts, payments being
7 made not directly by the NRA, but by a third party that,
8 essentially, made Mr. Marcellin's compensation arrangement not
9 be paid on the NRA's side of the house and books.

10 Q So, if I understand you correctly, that other third
11 party paid Mr. Marcellin and then the NRA paid that amount to
12 that third party; correct?

13 A Yeah, I don't know if it was a -- the NRA paid, it was
14 a royalty. My understanding of the facts is is that the NRA was
15 owed royalties and I believe it was short paid from that.

16 Q When you say "short paid," what do you mean?

17 A That the third party paid Mr. Marcellin, and the NRA
18 presumably received less royalties.

19 Q As a forensic accountant, does that raise concerns to
20 you?

21 A It does.

22 Q Why?

23 A Well, for one, the arrangement was with the NRA and
24 Mr. Marcellin, and he was paid essentially in a way that kept it
25 off of the ledger of the NRA. And I think it created or it was

BP

3045

E. Hines - by Plaintiff - Direct/Ms. Connell

1 in fact a high-risk transaction that was susceptible to fraud,
2 waste and abuse.

3 THE COURT: Counsel, can I ask you, can you confirm
4 that the information underlying this is all based on
5 admissible evidence that's been admitted so far in the
6 trial?

7 MS. CONNELL: Yes, I believe, your Honor, it was --
8 well, I can ask.

9 THE COURT: I'm trying to remember everything, but
10 I just didn't remember this name.

11 MS. CONNELL: Yes, your Honor, I believe it was
12 based upon the NRA general ledgers. I think we got
13 Mr. Marcellin's agreement in.

14 MS. ROGERS: The general ledgers are not in.

15 MS. CONNELL: Well, the general ledgers are not in
16 because the NRA objected to them as being too large. We
17 broke them into smaller, but they admitted that there's a
18 ledger admissible.

19 THE COURT: Again, my question still stands is this
20 transaction in the record at this point?

21 MS. CONNELL: You know, your Honor, for everything
22 else we tried to put the admitted exhibit at the bottom. I
23 don't see it here, so maybe I'll move on and you can
24 instruct the jury to disregard this until I straighten this
25 out.

BP

3046

E. Hines - by Plaintiff - Direct/Ms. Connell

1 THE COURT: Again, this witness can only testify
2 based on evidence that's either in the record or shortly
3 will be during plaintiff's case; and at this point, I'm not
4 sure -- counselor's not sure so this entire section about
5 payments to Mr. Marcellin, you should -- I'm going to strike
6 that for now.

7 I may be wrong. I just don't remember this
8 particular this.

9 MS. CONNELL: We tried to be very careful only to
10 used admitted evidence, your Honor. I'm sorry there's not a
11 citation at the bottom of that screen.

12 Q Mr. Hines, in looking at the payments to the NRA's
13 former employees, did you find fraud risk indicators present?

14 A Yes.

15 Q And for the moment, can you exclude Mr. Marcellin from
16 your consideration?

17 A Certainly.

18 Q What fraud risk indicators did you find?

19 A I saw missing documentation or lack of supporting
20 evidence that based upon my understanding, some of those
21 consulting services attached to those arrangements were actually
22 provided; and where the arrangements were not properly reviewed
23 and approved, that would fall under the fraud risk indicator
24 report documentation supporting the award of contracts.

25 Q Thank you. I'd like to move on to payments to board

BP

3047

E. Hines - by Plaintiff - Direct/Ms. Connell

1 members by the NRA, if that's okay with you?

2 A Sure.

3 Q Mr. Hines, as part of your work in this case, did you
4 look at payments to NRA board members?

5 A Yes.

6 Q By the NRA?

7 A I did.

8 Q And did you form opinions on these payments?

9 A Yes, I did.

10 Q And at a high level, what were those opinions?

11 A That there were a number of internal control failures,
12 and that there were fraud risk indicators with respect to those
13 payments.

14 Q For the purposes of our discussions today, I'd like to
15 focus on four board members: Marion Hammer, Dave Butz, David
16 Keene and Sandra Froman, if that's okay with you?

17 A Sure.

18 Q Can you describe for the jury what type of analysis you
19 did with regard to payments to these four board members?

20 A I reviewed accounting information such as ledger data
21 and other documents with respect to payment information. I also
22 reviewed where they existed certain contracts with those
23 individuals.

24 I also reviewed meeting minutes of the board and Audit
25 Committee meeting minutes, deposition and sworn testimony.

BP

3048

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q Starting with Ms. Hammer, did you look at NRA payments
2 to Ms. Hammer?

3 A Yes.

4 Q And did you find -- did you form any opinions as to
5 whether they were violations of the -- they violated the NRA
6 internal controls?

7 A Yes, I did.

8 Q What was the basis of those opinions?

9 A The basis of that opinion that there were internal
10 control violations is my understanding based on review of
11 documents that there were payments made to Ms. Hammer from the
12 ILA for a number of years without a contract in place at all.
13 That there were also payments made to Ms. Hammer with respect to
14 contracts with the NRA directly, which based on my understanding
15 were also not properly authorized and approved in accordance
16 with policy.

17 And I also saw a -- the fact that given these are board
18 member payments, they would require separate authorization from
19 the board or the Audit Committee, and I saw evidence that that
20 did not occur typically.

21 Q Mr. Hines, did you do any work to quantify the amounts
22 that the NRA paid to Ms. Hammer?

23 A Yes.

24 MS. CONNELL: And I'd like to bring up PX 5142,
25 your Honor.

BP

3049

E. Hines - by Plaintiff - Direct/Ms. Connell

1 This is a summary evidence exhibit that we seek
2 admission of. It totals NRA ILA payments to Ms. Hammer.

3 Can we bring it up on the screen?

4 (Displayed)

5 Q Mr. Hines, did you prepare this chart?

6 A Yes.

7 Q How did you prepare this chart?

8 A I prepared it from underlying records of the NRA,
9 including general ledger and other financial data.

10 Q And is this chart true and accurate to the best of your
11 knowledge?

12 A Yes.

13 MS. CONNELL: Your Honor, I ask this be moved into
14 admission.

15 THE COURT: Again, the assumption is I don't know
16 exactly what your conversation was about the general ledger,
17 but this is going to be moved into evidence before the close
18 of the plaintiff's case?

19 MS. CONNELL: I believe, your Honor, that it could
20 be moved into evidence now. Again, we spoke about the
21 general ledger, if we were to print it out and admit it,
22 would be wheel barrels of documents, of pages.

23 There's no contest -- there's no question it came
24 to us from the NRA. It was produced by them. Mr. Hines
25 examined it. They have had the general ledgers. They were

BP

3050

E. Hines - by Plaintiff - Direct/Ms. Connell

1 produced the segments that --

2 THE COURT: So, if it is admissible evidence --

3 MS. CONNELL: Exactly.

4 THE COURT: It hasn't been admitted in its native
5 form because it is not practical to do so?

6 MS. CONNELL: Exactly, this is the type voluminous
7 papers --

8 THE COURT: All right, so sometimes you have the
9 evidence in the record itself.

10 MS. CONNELL: Right.

11 THE COURT: So, the NRA disagree that the evidence
12 would be admissible if we had enough wheel barrels?

13 MS. ROGERS: Well, there are general ledger
14 excerpts that were generated for purpose of litigation
15 rather than the ordinary course; and if there's a particular
16 page or entry from that that the plaintiff wants to admit,
17 we'd be happy to review that.

18 We haven't had that discussion thus far. And based
19 on some of the issues raised in our letters regarding
20 witness summary evidence and the accuracy of the same, I'm
21 hesitant to just say that sure, whatever is underlying this
22 is admissible.

23 THE COURT: Well, the specific question I had is if
24 we had enough space, is there any objection -- any question
25 that the general ledger wall of documents would be

BP

3051

E. Hines - by Plaintiff - Direct/Ms. Connell

1 admissible as a business record?

2 MS. ROGERS: I think there exists some documents
3 fitting a description that would be admissible as a business
4 record. I just don't know which document in the record
5 they're using here.

6 MS. CONNELL: Your Honor, I'm just going to say
7 this came up in the bankruptcy and came up again in this
8 case.

9 The NRA fought us giving their entire general
10 ledger because it contained donor information. We
11 negotiated and agreed to excepts which they produced, which
12 are also exceedingly large. I'm happy to have those
13 admitted as business records --

14 THE COURT: I don't want to overcomplicate it, but
15 your point is this witness was able to view NRA produced
16 financial and accounting records that are the basis for
17 these calculations, right?

18 MS. CONNELL: That's exactly right, your Honor.

19 THE COURT: So, whatever their disagreement was
20 about some things you could or couldn't get, this you were
21 able to receive?

22 MS. CONNELL: Yes, your Honor.

23 THE COURT: Do you still have it in your
24 possession?

25 MS. CONNELL: Yes, your Honor, we still have it in

BP

1 our possession.

2 THE COURT: So your point is that you actually did
3 receive information, you used that information to provide
4 this witness and that is the basis for these calculations?

4 MS. CONNELL: That's exactly right.

5 MS. ROGERS: Do we have a Bates number, what

7 MS. CONNELL: Your Honor, we put on the slides and
8 we put in Mr. Hines' report the exact citations to the Bates
9 numbers. They have had it since September.

10 THE COURT: I'm admitting -- I just want to make
11 sure the record is clear. I guess I understand what you're
12 saying now is this is admissible evidence, but because of
13 the unusual circumstances that even if we wanted to admit
14 it, it would be extraordinarily impractical to do it.

15 MS. CONNELL: Yes, and --

16 THE COURT: So as long as they had the ability to
17 cross-examine.

18 What I want to make sure is clear is that they have
19 enough information. I mean, I guess they deposed him,
20 although not necessarily on these charts because these

4 I'm just saying as long as they have -- they know the source
5 documents that lead to this and they can say, well, no, it's
6 not this number, it's that number, you added it wrong or
7 something. As long as it's not a black box.

8 MS. CONNELL: It's 100 percent not a black box.
9 It's the NRA's own document, their own general ledger of
10 information they have, monies they paid out.

11 THE COURT: All right. I'll admit it.

12 MS. CONNELL: Similarly, your Honor, we'd seek the
13 admission of what is in the binder of Tab 10 PX 5143.

14 Q Mr. Hines, did you prepare this chart?

15 A Yes.

16 Q And what does that chart reflect it?

17 A Reflects ledger payments to Ms. Hammer of the NRA.

18 Q Separate from the previous chart which is NRA-ILA
19 payments; right?

20 A Yes.

21 Q And did you gather this information from the NRA's
22 general ledgers?

23 A Yes.

24 MS. CONNELL: Your Honor, we move for its
25 admission.

KM

3055

1 THE COURT: And all the same questions and answers

3 MS. CONNELL: Exactly.

4 MS. ROGERS: Yes, your Honor, and I have located

6 the moment.

7 THE COURT: I'm sorry.

8 MS. ROGERS: Yes.

9 THE COURT: All right. It's admitted.

10 MS. CONNELL: Thank you, your Honor.

11 Q Mr. Hines, moving on to Dave Butz. Did you look at NRA
12 payments to Board member Dave Butz?

13 A Yes, I did.

14 Q And did you form any opinion as to whether those
15 payments were in compliance with the NRA's internal controls?

16 A I did.

17 Q And what opinions did you form?

18 A I found that the arrangements were not in compliance.

19 Q And why not?

20 A Well, Mr. -- based on my understanding of the facts,
21 Mr. Butz received payments in years without any contract in
22 place and certain years without properly approved contract and
23 Board authorization.

24 Q Did you quantify the amount of money that the NRA paid
25 to Mr. Butz?

KM

3056

Hines - by Plaintiff - Direct/Ms. Connell

1 A I did.

2 Q And how much money did you find that it paid to him and
3 for what years?

4 A It was \$897,432 from 2013 to 2020.

5 MS. ROGERS: Objection to the witness making
6 findings about payments.

7 Q What was your understanding about the amount of money
8 paid to Mr. Butz by the NRA?

9 A My understanding the amount?

10 Q Yes.

11 A I quantified it was \$897,432 based on --

12 Q What was that based on?

13 A Based on my review of the financial information from
14 the general ledger.

15 Q Thank you.

16 And moving on to Mr. Keene, you also looked at the
17 NRA's payments to NRA Board member Mr. Keene; correct?

18 A Correct.

19 Q And did you find -- do you have an opinion as to
20 whether those payments violated the NRA's internal controls?

21 A Yes.

22 Q And what's your opinion?

23 A That they were internal control failures.

24 Q What were the internal control failures?

25 A Specifically, based on my understanding of the facts

KM

3057

Hines - by Plaintiff - Direct/Ms. Connell

1 that Mr. Keene received payments without a contract in place
2 from at least 2017 through the end of 2019.

3 Q Do you know whether Mr. Keene ever had a contract in
4 place?

5 A I believe so.

6 Q At some point?

7 A Yes.

8 Q Okay. But is it your opinion that at -- that payments
9 to him that you identified still violated the NRA's internal
10 controls?

11 A There were payments made that certainly violated
12 internal controls, yes.

13 Q And did you total payments made to Mr. Keene?

14 A I totaled those payments, yes.

15 Q What did they -- what -- how much did you find that the
16 NRA paid Mr. Keene based upon your understanding of the NRA's
17 financial records?

18 A Based on my understanding, \$153,305.

19 Q Over what time period?

20 A 2015 through 2020.

21 Q And finally, Mr. Hines, did you look at NRA payments to
22 Board member Sandra Froman?

23 A Yes.

24 Q And did you form an opinion as to whether those
25 payments violated the NRA's internal controls?

KM

3058

Hines - by Plaintiff - Direct/Ms. Connell

1 A Yes, I did.

2 Q And what was your opinion?

3 A My opinion was that they did violate the internal
4 controls, and the basis for that opinion is my understanding
5 that Ms. Froman -- I did not identify any contract in place with
6 her.

7 Q Did you endeavor to quantify the amount paid by the NRA
8 to Ms. Froman?

9 A Yes.

10 Q And what amount did you find the NRA paid Ms. Froman?

11 A My total was \$216,545.

12 Q This is also over what time period?

13 A 2013 to 2018.

14 Q What's that based upon?

15 A I believe that's based upon a review of ACH or form of
16 electronic wire transaction information.

17 Q And did you summarize your findings in a table?

18 A Yes.

19 MS. CONNELL: Your Honor, I would ask that PX 5141
20 which is Tab 12 in you're binder be admitted as an exhibit.

21 THE COURT: Okay. It's admitted. And did you -- I
22 can't recall.

23 MS. CONNELL: We did not have one for Mr. Butz.

24 Yeah, I don't know why.

25 THE COURT: For Keene or Mr. Butz?

KM

3059

Hines - by Plaintiff - Direct/Ms. Connell

1 MS. CONNELL: Actually, I do have one for Mr.
2 Keene.

3 THE COURT: And Mr. -- is Tab ten.

4 MS. CONNELL: Yes. Actually, I'm seeing that. I
5 didn't put it in my outline.

6 Jesse, can we bring up PX 5143. That one is
7 already admitted.

8 THE COURT: The next page should be another Tab
9 number. 5138, I think.

10 MS. CONNELL: Well, let's go to Mr. Keene first
11 which is Tab 11.

12 Jesse, can you bring up 5140. Never mind.

13 Well, we have Butz up. Let's deal with Butz.

14 Q Mr. Hines, did you prepare this table?

15 A Yes.

16 Q And how did you prepare this data? I mean, this table.

17 A I believe this is from wire transfer documents and data
18 that we received.

19 Q Okay. And did you calculate it using methodology that
20 are accepted in your field?

21 A Yes.

22 Q And is this a true and accurate representation of
23 monies you found from NRA records to have been paid to Mr.
24 Keene?

25 A I believe so, yes.

KM

3060

Hines - by Plaintiff - Direct/Ms. Connell

1 MS. CONNELL: Your Honor, I ask that that be
2 admitted.

3 THE COURT: Well, the true an accurate part, I
4 mean, you are saying that he faithfully transferred it over
5 from what he -- from what he read in the -- in the records
6 into this chart?

7 MS. CONNELL: Yes, your Honor. That's frequently a
8 question for summary evidence. I'm happy to withdraw it.

9 THE COURT: The way you phrased it was him
10 testifying that it was truly and accurately paid.

11 MS. CONNELL: Got it.

12 THE COURT: You are saying this is what the
13 accounting records show.

14 MS. CONNELL: That's right.

15 Q Mr. Hines, is this what -- is this an accurate
16 representation of what you found the accounting records to show?

17 A Yes.

18 MS. CONNELL: Your Honor, I ask that PX 5140 be
19 admitted.

20 THE COURT: It's admitted.

21 MR. FARBER: There is a mis-match between what's on
22 the screen and what we are talking about.

23 THE COURT: What's on the screen is Mr. Butz. I'm
24 not sure which one.

25 MR. FARBER: The questions were about Mr. Keene.

KM

3061

1 MR. FLEMING: The document is 5138.

2 MS. CONNELL: 5138 be admitted.

3 THE COURT: All right.

4 MS. CONNELL: Mr. Butz is 5138.

5 THE COURT: The questions you asked him, were they
6 about Mr. Butz or Mr. Keene? They were --

7 Why don't we tie that up.

8 MS. CONNELL: I think I just cross-referenced them.
9 Let's just make it clean.

10 Can we please bring up 5138 which relates to Mr.
11 Butz.

12 THE COURT: We can.

13 MS. CONNELL: Your Honor, I ask that this table be
14 admitted.

15 THE COURT: Has the witness confirmed that this is
16 a true and accurate reflection of what you found in the
17 corporate records?

18 Q Mr. Hines --

19 THE WITNESS: Yes, your Honor.

20 MS. CONNELL: Thank you.

21 THE COURT: It's admitted.

22 MS. CONNELL: Thank you.

23 THE COURT: We are getting to the end of our day.

24 MS. CONNELL: Jesse, can you please bring up 5140.

25 Q Mr. Hines, what is this table?

KM

3062

Hines - by Plaintiff - Direct/Ms. Connell

1 A This is a summary of payments to Mr. Keene.

2 Q And what did you base this summary upon?

3 A NRA financial data.

4 Q And is this table a true and accurate reflection of
5 what you believe NRA financial data reflects regarding payments
6 to Mr. Keene?

7 A Yes.

8 MS. CONNELL: Your Honor, I ask that this table be
9 admitted. That's PX 5140.

10 THE COURT: It's admitted, and that will close us
11 for the day.

12 So you're going to not see us for a whole three
13 days now. We will see you on Monday morning at 9:30. Have
14 a good weekend. Relax and remember the instructions about
15 not discussing the case, not doing any research. I will see
16 you then.

17 THE COURT OFFICER: All rise. Jury exiting.

18 (Whereupon, at this time the jury exits
19 the courtroom.)

20 THE COURT: Just before we leave, Counsel, do you
21 have an estimate how much longer on direct.

22 MS. CONNELL: 15 minutes.

23 THE COURT: I figured you were closing in.

24 Any estimate at this point now on the cross or is
25 this --

KM

3063

Hines - by Plaintiff - Direct/Ms. Connell

1 MS. ROGERS: I expect about 30 minutes of cross.

2 MR. CORRELL: Depends on what she does.

3 MR. FARBER: About 15 minutes.

4 MR. FLEMING: I would say 15.

5 THE COURT: Hopefully, we will consolidate. As far
6 as I'm aware, is there anything else that you are going to
7 need to move into evidence or is that going to be likely the
8 end of the plaintiff's case?

9 MS. CONNELL: That's going to be the end of
10 plaintiff's case in chief.

11 THE COURT: Okay. So we will -- if there are any
12 motions to be made at that point, I will, you know, dismiss
13 the jury briefly -- well, for as long as it takes, but I do
14 want you to use the time between now and then to just hone
15 in, and let's just try to make the presentations as tight as
16 we can to the extent possible if you can coordinate so that
17 you don't have to duplicate each other. I'd very much
18 appreciate it because as much time as we are all trying to
19 preserve -- roughly I think I calculated 96 or so hours
20 total. You know, let's just try to use the time wisely, and
21 I'd like to cap it as -- well, I -- whatever number I give
22 you, it may be longer than you were thinking, so I won't
23 tell you what the number is, but it's not longer than an
24 hour.

25 MS. CONNELL: The defendants have identified two

KM

3064

1 witnesses Sandra Froman and Lisa Supernaugh as their first
2 two witnesses which they thought would not take a whole day.

3 Because of the length of the Defense exhibit list,
4 I would just ask for notice of a couple of more witnesses
5 past that.

6 THE COURT: I would -- I think that makes sense
7 because we don't know how fast we are going to get through
8 all this, and we are giving document exhibit notice 24 hours
9 as we've --

10 MS. ROGERS: 24 hours in advance, your Honor, and I
11 think we've had to adjust the witness order as things have
12 gone longer than expected, and I think one witness might
13 have a conflict, and over the weekend, we will produce an
14 updated order and exhibit list.

15 THE COURT: If you can let us know. All right.
16 Have a good weekend.

Proceedings

1 THE COURT: One question I just received. The rule
2 against witnesses being in the audience typically doesn't
3 apply to experts. So, my understanding is that there's an
4 expert witness in the audience and in my view, experts are
5 permitted to watch the testimony; in fact, often times it is
6 a good idea.

7 MS. ROGERS: That's correct, your Honor. We have
8 our expert here.

9 THE COURT: So, I just wanted to make it clear that
10 that in my view does not violate the normal rule against
11 witnesses.

12 MS. CONNELL: Your Honor, yes, one question. I'm
13 going to go back to Mr. Hines's discussion of Michael
14 Marcellin. I did pull up from the record where it had come
15 up before.

16 THE COURT: Well, the documents that were cited in
17 there, are they in evidence?

18 MS. CONNELL: The underlying document, his contract
19 did not come in; but Mr. LaPierre admitted that he had -- he
20 had known about the payments to Michael Marcellin and he
21 knew that they were \$2.5 million or he said he wasn't aware
22 of that number, but that he knew that there had been
23 payments and that it had been reported to him and it was
24 over a million and he knows now it was inappropriate. And
25 we have the underlying 990s that report it in evidence.

BP

3067

Proceedings

1 THE COURT: I see. So, that's listed in the 990s
2 as excess benefits?

3 MS. CONNELL: It is listed in 990s as transactions
4 with related person.

5 MS. ROGERS: Your Honor, there are facts on
6 Mr. Hines's slide that are not on the record. So, for
7 example, the contract review signature sheet, the lack of
8 written approval, lack of business case analysis.
9 Mr. LaPierre said he was aware of payments, but there's no
10 testimony indicating this was inappropriately complex
11 business arrangement, which the slide also asserts. Nothing
12 about the payment being indirect is in the record.

13 THE COURT: Yes, that was my recollection, as well.

14 I think there's still things in his testimony that
15 are not in evidence, so I'm going to keep it -- unless,
16 unless any of those exhibits and they haven't been admitted
17 at the moment, I'm not inclined to have this last witness be
18 the one who brings that in.

19 MS. CONNELL: Your Honor, just to be clear, though,
20 Mr. LaPierre did say that he was aware that Mr. Marcellin
21 received payment indirectly through an NRA vendor, Lockton
22 Affinity.

23 THE COURT: I understand that, but expert's opinion
24 is not predicated on the existence of the transaction, but
25 on the internal controls issues which are not in evidence.

BP

3068

Proceedings

1 All the other ones you have the relevant records in
2 evidence.

3 MS. CONNELL: Final ditch effort, your Honor. On
4 the 990s they acknowledge -- the NRA acknowledges it is
5 their own 990s that Mr. Marcellin received payments by
6 unrelated organization and it was inadvertently excluded
7 from prior years, and they reflected payments from the
8 organization that the NRA ultimately gave.

9 THE COURT: I'll accept the fact that the existence
10 of some sort of a transaction with him is in the record
11 somewhere; but the predicate for the opinion about that
12 particular transaction not being -- not being in compliance
13 allegedly with internal controls is not. Look, I think it
14 is just where we are.

15 MS. CONNELL: I understand.

16 MR. FLEMING: Your Honor, just to be clear, no need
17 to cross-examine him on that; right?

18 THE COURT: I didn't let him testify about it. I
19 guess it came in and I struck it.

20 MS. CONNELL: I believe you did, your Honor.

21 THE COURT: So it is out.

22 MS. ROGERS: And so that slide in the demonstrative
23 won't be shown then?

24 MS. CONNELL: No, your Honor.

25 THE COURT: Well, it may have been shown, but it

BP

3069

Proceedings

1 can't be shown again.

2 Okay, let's get the witness and the jury. It was a
3 busy letter writing weekend even for you guys. I don't
4 really want to discourage it because they are useful, but
5 it's gone a little bit unstructured where everybody just
6 feels like they can just -- we're all close, but we're not
7 pen pals at this point. I do have to have some sort of a
8 limit on how this stuff comes in, but they were very
9 helpful. Thank you.

10 (Whereupon, at this time the witness,
11 ERIC HINES, having been previously duly sworn/affirmed by
12 the Clerk of the Court, resumed the witness stand and
13 testified as follows:)

14 THE COURT: Remind me at the break to speak to 4
15 and ten.

16 Have you all worked out the time allocation issues?

17 MS. ROGERS: So, your Honor, we've reconciled our
18 minutes and hour counts, and I think we're almost exactly
19 synchronized. We had a difference of three minutes, which I
20 think we can further work out.

21 THE COURT: What do you have?

22 MS. ROGERS: Our account, the defendants are about
23 20 hours behind plaintiffs.

24 THE COURT: Give the numbers.

25 MS. ROGERS: I can bring up the exact numbers.

BP

3070

E. Hines - by Plaintiff - Direct/Ms. Connell

1

2

THE COURT: We can do that at a break. I think once we have that and once the State rests, you'll be able to figure the math out exactly of each minute of defense case, what's the ratio of government case, if they want to try to keep track.

6

7

Anyway, we'll figure that out, but I would like to hear the numbers once we have a break.

8

9

COURT OFFICER: All rise, jury entering.

10

(Whereupon, at this time the jury then entered the courtroom.)

11

12

THE COURT: Good morning, everyone. Please have a seat. Welcome back, everyone.

13

14

We're going to continue with the State's expert witness. Ms. Connell, are you ready?

MS. CONNELL: I am.

21

MS. CONNELL: Thank you, your Honor.

24

Q Good morning, Mr. Hines.

25

A Good morning.

BP

3071

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q As part of your analysis in this case, did you look at
2 or summarize the NRA's payments through an ACH system?

3 A Yes, I did.

4 Q Can you describe for the jury what an ACH system is?

5 A It is a form of electronic wire transfer, which is a
6 bank-to-bank transfer that goes through a clearinghouse.

7 Q Okay.

8 MS. CONNELL: Your Honor, I would like to --

9 Q In looking at the ACH system, did you look at amounts
10 that were paid out through the ACH system to various NRA
11 vendors?

12 A Yes.

13 Q And, Mr. Hines, if I can direct your attention to Tab
14 13 which is PX 5120 in the binder?

15 A Yes.

16 MS. CONNELL: Your Honor, this is a piece of the
17 summary evidence that we had submitted and given notice of.

18 Q Mr. Hines, can you describe is reflected in this table?

19 A Sure. So, this table reflects by year from 2013
20 through 2020 the total of the ACH transfers or wire transactions
21 from Wells Fargo, the NRA's bank and it's presented by entity.

22 Q Did you prepare this table?

23 A Yes.

24 Q Is it accurate based upon your review of the ACH
25 records?

BP

3072

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A Yes.

2 MS. CONNELL: Your Honor, I'd move for admission.

3 THE COURT: Okay, it is admitted.

4 MS. CONNELL: Thank you.

5 (Whereupon, at this time Plaintiff's Exhibit 5120
6 was admitted and received into evidence.)

7 THE COURT: Bonnie, we're not getting the realtime.

8 (Brief pause)

9 Q Mr. Hines, continuing --

10 MS. CONNELL: Jonathan, I'd like to go to slide 78,
11 if that's possible.

12 Q Mr. Hines, as part of your work in this case did you
13 look at the NRA's arrangement with an individual named Gayle
14 Stanford?

15 A Yes.

16 Q And can you give the jury a brief overview of the type
17 of analysis you did with regard to Ms. Stanford?

18 A Sure. I reviewed transactions with Ms. Stanford,
19 documented in invoices sent to the NRA. I reviewed underlying
20 supporting information. With respect to those invoices where it
21 existed, I also reviewed deposition sworn testimony, and I
22 reviewed financial transactions on the NRA's general ledger and
23 the ACH transactions we just spoke about and some other
24 supporting information on the financial transactions.

25 Q And in regard to the transactions with Ms. Stanford,

BP

3073

E. Hines - by Plaintiff - Direct/Ms. Connell

1 did you identify a violation of the NRA's internal controls?

2 A Yes.

3 Q And in regard to those transactions, did you identify
4 fraud risk indicators?

5 A I did.

6 Q Mr. Hines, did you -- well, can you describe for the
7 jury briefly what you observed that constituted fraud risk
8 indicators or violations of the NRA's internal controls?

9 A I'd be happy to. So, with respect to the internal
10 control failures, I concluded that there were -- well, based on
11 my understanding of the facts, there were no contracts in place
12 with Ms. Stanford over the better part of over two decades, I
13 believe and that is inconsistent with the NRA's requirement to
14 have contracts and appropriate review and approval procedures.

15 So, I identified that as an internal control breakdown.

16 I, also, identified a number of instances where the
17 payment structure with respect to Ms. Stanford was what in my
18 experience as forensic accountant would be overly complex. She
19 was paid through a number of different arrangements, and some of
20 those were direct by the NRA. Some of those were through
21 indirect payments made via Ackerman McQueen.

22 I observed a number of fraud risk indicators with
23 respect to the billing practices broadly, and those included
24 changing invoice information, in certain circumstances splitting
25 up invoices into smaller pieces, lack of supporting information

BP

3074

E. Hines - by Plaintiff - Direct/Ms. Connell

1 and documentation with respect to those particular invoices as
2 well.

3 Q As part of your work, did you quantify amounts of money
4 paid to Ms. Stanford by the NRA directly or indirectly?

5 A Yes, I did.

6 Q Mr. Hines, I'd like to direct your attention to Tab 15
7 of your binder. This is PX 5127.

8

9 A Okay.

10 Q Mr. Hines, can you -- did you prepare this table?

11 A Yes.

12 Q Can you describe what it reflects?

13 A It reflects a summary of the monthly fees paid to
14 Ms. Stanford over the course of the period from 2015 through
15 2019.

16 Q Ms. Stanford had been paid by the NRA for longer
17 periods than that, is that right?

18 A Yes.

19 Q But this just reflects those years?

20 A It does.

21 Q What did you find in regard to the total amounts paid?

22 A I found and quantified a total of monthly management
23 fees of \$1,159,159.

24 Q Thank you.

25 MS. CONNELL: Your Honor, I'd ask PX 5127 be moved

BP

3075

E. Hines - by Plaintiff - Direct/Ms. Connell

1 into evidence.

2 THE COURT: It is admitted.

3 (Whereupon, at this time Plaintiff's Exhibit 5127
4 was admitted and received into evidence.)

5 Q Mr. Hines, I'd like to draw your attention to Tab, 16
6 which is PX 5128.

7 Did you prepare this table?

8 A Yes, I did.

9 Q And what does this table reflect?

10 A This table reflects payments to Ms. Stanford for what
11 were referred to as retroactive fees, so amounts that were paid
12 typically early in the year following services that they were
13 reported to be related to.

14 MS. CONNELL: Your Honor, I would move for the
15 admission of this table.

16 THE COURT: It is admitted.

17 (Whereupon, at this time Plaintiff's Exhibit 5128
18 was admitted and received into evidence.)

19 Q So, Mr. Hines, if I understand correctly, Ms. Stanford
20 was paid in January this retroactive fee in addition to the
21 monthly fee we just looked at; right?

22 A That's correct, based on my understanding, yes.

23 Q And if we can turn to Tab 17, please. This is PX 5129.

24 Did you prepare this table, Mr. Hines?

25 A Yes.

BP

3076

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Q And what is it?

2 A This table represent fees paid to Ms. Stanford via
3 Ackerman McQueen primarily through the out-of-pocket expense
4 arrangement.

5 Q And did you -- is this an accurate reflection of the
6 records you reviewed?

7 A Yes.

8 Q Is this the type of analysis someone in your field
9 would normally pursue?

10 A Yes, it is.

11 MS. CONNELL: Your Honor, I move that this be
12 admitted into evidence, PX 5129.

13 THE COURT: It is admitted.

14 (Whereupon, at this time Plaintiff's Exhibit 5129
15 was admitted and received into evidence.)

16 Q And this was paid in addition to the two other -- the
17 retroactive fee and the monthly fee that we previously saw?

18 A That's correct.

19 Q Mr. Hines, going back?

20 MS. CONNELL: If we can go to Tab 81, please
21 Jonathan.

22 Q Did you calculate the amounts that the NRA paid
23 Ms. Stanford overall from January 2015 through February 2020?

24 A Yes.

25 Q And what did you find?

BP

3077

E. Hines - by Plaintiff - Direct/Ms. Connell

1 A I calculated the total to be \$2,674,320.

2 Q And that's just for services?

3 A Yes.

4 Q That's not just for the underlying travel costs?

5 A That is correct.

6 Q Did you -- as part of your analysis, did you take a
7 look at Ms. Stanford's or the billing practices between the NRA
8 and Ms. Stanford?

9 A Yes, I did.

10 Q And what did you find?

11 A I found there were a number of billing anomalies that
12 in my professional education and training would be consistent
13 with fraud risk indicators.

14 Q What type of anomalies are you talking about?

15 A Invoices that were changed from draft to draft,
16 including removing information with respect to destinations,
17 passengers, and invoices that lacked supporting information
18 provided with that when they were actually submitted for
19 payment.

20 There were instances where invoices were for a larger
21 amount related to the same vendor around the same day, were
22 split into smaller pieces; and that process was contemplated
23 based on my understanding the fact that a larger amount would
24 have required second approval, that sort of thing.

25 Q Could we quickly walk the jury through some of these

BP

3078

E. Hines - by Plaintiff - Direct/Ms. Connell

1 billing anomalies I think you mentioned. I think you said you
2 saw invoices that were changed to remove information.

3 If you look at the screen right now, is this an example
4 of one of what you're talking about?

5 A Yes.

6 Q Can you explain to the jury what's on the screen?

7 A I'd be happy to. So, on this left-hand side is a
8 version of an invoice for charter air flight services, and that
9 is the invoice that would be initially sent to Ms. Stanford
10 based on --

11 Q Could I stop you there one second. "CAA invoices to
12 Ms. Stanford," can you explain what that means?

13 A Sure. So, Ms. Stanford is the travel consultant for
14 Mr. LaPierre primarily, would arrange for charter flights; and
15 my understanding is that the vendor for those charter flights
16 was, typically, Corporate America Aviation. They would invoice
17 Ms. Stanford. Ms. Stanford would then bill that through for the
18 underlying services to the NRA by adding a markup.

19 So, the invoice on the left-hand side here is the
20 actual invoice from that vendor that provided the air charter
21 services to Ms. Stanford.

22 Q So, in addition to the monthly fees, she was paid --
23 Ms. Stanford got a markup on the travel charges she booked?

24 A That's correct.

25 Q What's the farthest right, the document on the farthest

BP

3079

E. Hines - by Plaintiff - Direct/Ms. Connell

1 right?

2 A The farthest right is a version of an invoice sent by
3 Ms. Stanford to the NRA after it had been changed working with
4 certain individuals at the NRA based on my understanding of the
5 facts, and that was the version that was used and provided to
6 the finance group at the NRA to actually process the payment.

7 Q And did this altered billing have significance to you
8 as a forensic accountant?

9 A Yes, it did.

10 Q Can you explain to the jury what that significance is?

11 A Well, the significance, first off, is that the
12 information, the underlying itineraries was modified from the
13 underlying details on the Corporate America Aviation document.

14 As you can see from left to right in this particular
15 slide here, the Corporate America Aviation itinerary lists
16 Washington DC, Milwaukee, Wisconsin, Nebraska and the Bahamas.

17 The middle version of the invoice was sent by
18 Ms. Stanford, as I understand it, to the NRA; and the
19 destination is changed from Washington to Milwaukee and it lists
20 Florida as the destination.

21 And the final column with the invoice actually provided
22 to the Financial Services Division to process for payment
23 removed the destinations altogether, so that it is significant
24 in my experience as a forensic accountant because it,
25 essentially, makes the audit trail -- the ability to follow the

BP

3080

E. Hines - by Plaintiff - Direct/Ms. Connell

1 documentation record, it makes it opaque unless obvious as to
2 what the actual flight is for and what the NRA was paying for.

3 Q I think you also said larger invoices were sometimes
4 broken up; is that accurate?

5 A Correct.

6 Q Can you explain why that's significant?

7 A It is significant because, one, it indicates that based
8 on my review of the underlying records and awareness that the
9 larger dollar value invoices would have required separate
10 approval and signoff; and by those larger dollar amounts being
11 slid into smaller components, it essentially bypasses separate
12 signoff for checks that were disbursed.

13 Q So, just to move things along, can you describe what
14 the jury is seeing on the bottom half of the screen right now?

15 A Sure. So, I identified based on my review of the
16 general ledger that there were invoices paid to Ms. Stanford in
17 the amounts that corresponded on the right where it has
18 invoice amount.

19 As you can see, there's a total of \$171,000
20 approximately of expenses that are just labeled as May 2018
21 Dallas expenses. They're all consecutively numbered invoices.
22 They're all given the same invoice date, and they're all just
23 about below the threshold that I observed which is \$50,000 that
24 would have required additional signature.

25 So, in my experience this is an example of what would

BP

3081

E. Hines - by Plaintiff - Direct/Ms. Connell

1 be an example of a fraud risk indicator with respect to
2 splitting those invoices in contemplation of a control step.

3 Q Thank you. Mr. Hines, a second ago we referenced CAA
4 as providing invoices to Ms. Stanford; correct?

5 A Correct.

6 Q Did you do any analysis of CAA invoices and
7 Ms. Stanford's invoices?

8 A Yes, I did.

9 Q If you could turn, please, to Tab 19 of your binder.
10 It is PX 5116.

11 THE COURT: This one needs to come with a
12 magnifying glass.

13 MS. CONNELL: I know. I'm sorry, your Honor. It
14 is a lot of information, so it was more pages or smaller
15 type.

16 Q Mr. Hines, did you prepare this table?

17 A Yes.

18 Q And can you describe what it is?

19 A It is a summary of invoices related to the Corporate
20 America Aviation vendor for charter flights; and it summarizes
21 the invoice number, invoice date, the date of the trip or the
22 itinerary, the passengers that were described on those invoices,
23 the itinerary destinations and the amount indicated as the total
24 due for that charter and it does that for, I believe, it is
25 approximately 180 invoices.

BP

E. Hines - by Plaintiff - Direct/Ms. Connell

1 MS. CONNELL: Your Honor, I'd ask this be moved
2 into evidence.

3 MS. ROGERS: The NRA reiterates its previous
4 objections to this summary, but has no others.

5 THE COURT: It is admitted.

6 If it is possible to make one with larger type even
7 if it doubles the number of pages, it's only three pages.
8 I think that would be useful, but substantively it is
9 admitted.

10 MS. CONNELL: We'll circulate one with larger type,
11 your Honor, and ask that it be admitted in that fashion; but
12 for the time being --

13 THE COURT: Yes, if the only thing that you do is
14 make it bigger, you can just remark this as PX 5116 and you
15 don't have to seek to have it readmitted.

16 MS. CONNELL: Thank you, your Honor.

17 Q Mr. Hines, while we have the book open, can you please
18 look at Tab 18.

19 A Okay.

20 Q Did you prepare this table?

21 A Yes.

22 Q What does this table reflect?

23 A This table reflects a summary of those Corporate
24 America Aviation invoices, and it categorizes various attributes
25 with respect to those invoices, including grouping them by

BP

3083

E. Hines - by Plaintiff - Direct/Ms. Connell

1 flights where Mr. LaPierre was included as a passenger as
2 presented on those invoices.

3 The column with respect to the middle column are
4 itineraries where Mr. LaPierre was excluded, and it identifies
5 the Sterners as being included on those flights.

6 And the third column shows the account of itineraries
7 for Mr. LaPierre were excluded for all other itineraries. It
8 shows the total counts, and then on the furthest left-hand side
9 it represents the locations or itineraries that included
10 locations of the Bahamas, Nebraska, both and all other; and it
11 provides specific counts with respect to itineraries that have
12 attributes and the percentages of the total.

13 Q Did you ever summarize the results of this --

14 MS. CONNELL: Your Honor, I move this into
15 evidence.

16 THE COURT: 5117?

17 MS. CONNELL: I believe this is 5116. I think I
18 made a mistake. I think I switched the order.

19 THE COURT: Well, Tab 18 is 5117; isn't it? Is
20 that the one you were on?

21 MS. CONNELL: I think it got turned around, your
22 Honor. I think we just moved 5116 into evidence already.

23 THE COURT: Okay.

24 MS. CONNELL: So, let's just move on to 5117.

25 THE COURT: Wait, 5116 is the small one.

BP

3084

E. Hines - by Plaintiff - Direct/Ms. Connell

1 MS. CONNELL: That's right.

2 THE COURT: 5117 is the one that's Tab 18. That's
3 admitted.

4 (Whereupon, at this time Plaintiff's Exhibit 5117
5 was admitted and received into evidence.)

6 MS. CONNELL: That's right.

7 Q So, Mr. Hines, did you prepare this table that's at
8 5117, PX 5117?

9 A Yes, this is the one I just described. You may have
10 been off.

11 MS. CONNELL: Your Honor, I move for this to be
12 moved into admission.

13 THE COURT: I'll move again if you want.

14 MS. CONNELL: I do want that. Thank you, your
15 Honor.

16 Q Mr. Hines, can you describe for the jury again just
17 briefly what this reflects?

18 A Sure. So, this is a summary of the previous table that
19 itemized the invoices with Corporate America Aviation, and it
20 includes line items that represent whether those invoices
21 included itineraries that referenced the Bahamas, Nebraska and
22 all other.

23 And the columns as you go from left to right tabulate
24 the amounts with respect to those itineraries and accounts of
25 those itineraries where Mr. LaPierre was included or where

BP

3085

E. Hines - by Plaintiff - Direct/Ms. Connell

1 Mr. LaPierre was excluded; but it identifies the Sterners as
2 being on those itineraries.

3 And the third column where Mr. LaPierre was excluded
4 for all other transactions, and then it provides totals and
5 itinerary counts on the right-hand side, and then certain
6 summarizations of those in the sections in green and yellow
7 below.

8 Q So, you found flights that the invoices reflected
9 flights that Mr. LaPierre was not even on and you totalled
10 those?

11 A Yes.

12 Q And you found flights where the Sterners were on
13 without Mr. LaPierre?

14 A Yes.

15 Q And Mr. Sterners are Mr. LaPierre's niece and her
16 family?

17 A That is my understanding.

18 Q And you totalled them up, and that's reflected in this
19 chart?

20 A Yes.

21 Q And flights -- can you tell the jury how much you found
22 for flights that on which Wayne LaPierre was not even a
23 passenger?

24 A It would be the total of the columns to the right -- or
25 the middle and the second column. It is approximately, I

BP

1 believe, it is 8. -- or 870,000 so it would be the total of the
2 column Wayne LaPierre excluded and Sterners included and then
3 Wayne LaPierre excluded. So, it would be the total of those
4 dollars.

1 MS. CONNELL: Jonathan, if we can go back to slide
2 84 please.

3 Q Mr. Hines, did you find any other billing practices
4 that you deemed problematic with regard to the NRA's payments to
5 Ms. Stanford?

6 A Yes, I did.

7 Q And what were they?

8 A I noted a number of instances where the charges from
9 Ms. Stanford didn't include detailed descriptions. This table
10 on the slide presented, it showed some examples of that where it
11 would just list gratuities or charges with a city destination
12 name and lack of detailed description with respect to what
13 underlied those particular expenses.

14 Q And Mr. Hines, did you also look at black car
15 services retained or used by -- booked by Ms. Stanford for the
16 NRA executives?

17 A Yes.

18 Q And did you endeavor to quantify the amount spent on
19 that?

20 A I believe so.

21 MS. CONNELL: Actually, before we move on to black
22 car services, if we can go to slide 86, please, Jonathan.

23 Q Does this total your analysis of CAA invoices regarding
24 the flights that we talked about just before?

25 A Yes.

KM

3088

Hines - by Plaintiff - Direct/Ms. Connell

1 Q And so can you describe for the jury the total amounts
2 that you found?

3 A Yes, I can. So across a population of 188 invoices
4 from May of 2015 through September of 2019, the total was
5 approximately 6.6 million.

6 I identified 57 invoices for \$2.6 million approximately
7 with destinations that included Nebraska or the Bahamas.

8 I also identified 41 invoices totalling \$872,000, and
9 these amounts don't include Ms. Stanford's markup. I should
10 mention that. But that \$872,000 did not include Mr. LaPierre as
11 a passenger and also identified 19 invoices for 686,000 where a
12 member of the Sterner family was listed as a passenger.

13 Q Mr. Hines, I'd like you to take a look at Tab 20 in
14 your book. This is PX 5119.

15 A Okay.

16 Q Actually, let's first look at Tab 21 which is PX 5118.
17 Did you prepare this table?

18 A Yes.

19 Q Can you describe to the jury what's in this table?

20 A This table represents the line item invoices that were
21 sent to the National Rifle Association for Ms. Stanford which
22 covered the period from late 2011 through October of 2019 and
23 includes each invoice that I was able to identify from
24 remittance information which is essentially a form of support
25 that the invoices were paid, and I've categorized those with the

KM

3089

Hines - by Plaintiff - Direct/Ms. Connell

1 invoice number, the remittance reference number, the invoice
2 date and noted where there were air transportation amounts, not
3 air transportation amounts, the total invoice amount, and the
4 reference to the particular document number.

5 MS. CONNELL: Your Honor I'd move PX 5118 into
6 evidence.

7 THE COURT: It's admitted.

8 Q Mr. Hines, did you endeavor to take the information
9 reflected on PX 5118 analyze it in a different form?

10 A Yes.

11 Q I direct your attention to Tab 20 in your book which
12 is PX 5119.

13 A Okay.

14 Q Can you describe to the jury what this reflects.

15 A Sure. So on this particular document, it reflects a
16 count of -- there is two different pie charts hereby.

17 THE COURT: The one -- the document that's on the
18 screen is not the document that the witness is describing.
19 I see the jury is looking at the one on the screen.

20 MS. CONNELL: The jury is looking at the one on the
21 screen, but a easier version of this --

22 THE COURT: I had a feeling that when you said
23 "describe for the jury," they thought he was going to be
24 describing the one that's on the screen. I don't want you
25 to put it on there, but I just want to make sure they

KM

3090

Hines - by Plaintiff - Direct/Ms. Connell

1 understood he is talking about a different thing.

2 MS. CONNELL: I am trying to move rather quickly
3 through this.

4 Q So Mr. Hines, did you prepare those graphics?

5 A Yes. I think they are not on the screen if that --

6 Q Right. The ones that we are looking at, PX 5119 --

7 A Correct.

8 Q -- in preparing them, did you use the type of
9 methodology that would normally be used by a forensic
10 accountant?

11 A Yes.

12 MS. CONNELL: I would move PX 5119 into evidence.

13 THE COURT: It's admitted. Now you can put it up
14 so they can see what you were talking about.

15 Q So now Mr. Hines, can you describe to the jury what's
16 reflected in these charts?

17 A I can. So the first pie chart here shows a breakdown
18 of the invoices paid by the NRA to GS2 which is Ms. Stanford --
19 one of her business entity names from December '11 to October of
20 '19. It showed those invoices that included air transportation
21 and those without air transportation, an account of those
22 invoices.

23 Q And if we move to the second chart. Can you describe
24 that breakdown.

25 A So this takes the same population of invoices and

KM

3091

Hines - by Plaintiff - Direct/Ms. Connell

1 breaks it down between the cost. So the red represents the air
2 transportation cost identified from those invoices and the gray
3 area represents the non-air transportation cost itemized in
4 those invoices.

5 Q So --

6 A Go ahead.

7 Q Would it be fair to say that your analysis of the
8 invoices demonstrated that the NRA paid over \$13 million in
9 flight-related costs or air-related costs.

10 A Yes.

11 Q And about \$4.6 million in non-air related costs booked
12 through Ms. Stanford?

13 A Yes.

14 Q What would be included in those non-air related costs
15 or what's your understanding of what's included in the non-air
16 costs?

17 A It would be based on my review of the documents things
18 like black car services, some other miscellaneous travel and
19 business expenses but categories that were outside of air
20 travel.

21 Q And Mr. Hines, just to recap, you found fraud risk
22 indicators in regard to the NRA's relationship with Ms.
23 Stanford?

24 A Yes.

25 Q And again, can you quickly walk the jury through what

KM

3092

Hines - by Plaintiff - Direct/Ms. Connell

1 those were.

2 A Sure. So there were a number of fraud risk indicators
3 that I identified. Specifically the complexity of the
4 transaction.

5 As I noted before, Ms. Stanford billed through multiple
6 legal entities, names of business that she billed under. There
7 were disaggregated fee structures. She was paid in multiple
8 different ways including commissions or markups on particular
9 travel costs, monthly fees, retroactive fees, indirect payments
10 through Ackerman McQueen.

11 Documents that were modified or altered including the
12 example we walked through before with respect to travel
13 itineraries being taken off of invoices sent to the National
14 Rifle Association, invoices that were split into smaller
15 component parts. Missing documents and unsupported transactions
16 is another fraud risk indicator based on my experience and
17 education and training.

18 Ms. Stanford's invoices typically didn't include
19 supporting documents underlying those charges.

20 I also noted based on my review and understanding of
21 the record that Ms. Stanford was actually instructed on how to
22 bill from the NRA which I thought was also a fraud risk
23 indicator of.

24 MR. CORRELL: Objection, your Honor. Objection,
25 your Honor. The testimony is in conflict on this, and this

KM

3093

Hines - by Plaintiff - Direct/Ms. Connell

1 witness is purporting to resolve credibility issues between
2 different witnesses. I would move to strike.

3 THE COURT: Look, I think the witness has been
4 pretty clear throughout that he's giving his understanding
5 of the facts.

6 If the jury disagrees with his understanding of the
7 facts and finds a different set of facts is true, then they
8 can reject this testimony.

9 MS. CONNELL: Thank you, your Honor.

10 MR. CORRELL: Thank you, your Honor.

11 Q Were you finished walking through the fraud risk
12 indicators?

13 A No. There's a couple more. I can continue if you'd
14 like.

15 Q Very quickly, please.

16 A Sure. So transactions not recorded in a timely manner
17 or improperly recorded where there were circumvention of NRA's
18 policies with respect to Ms. Stanford's arrangements. Invoice
19 splitting as we discussed previously are consistent with fraud
20 risk indicators and the documentation of the award of her paid
21 arrangement being undocumented not subject review and approval
22 processes and having those be largely verbal agreements is a
23 fraud risk indicator as well.

24 Q Mr. Hines, would I be correct in understanding that
25 based upon the review you performed and in your experience,

KM

3094

Hines - by Plaintiff - Direct/Ms. Connell

1 education and training as a forensic accountant, you identified
2 internal control failures in every vendor relationship that you
3 looked at?

4 A Correct.

5 MR. CORRELL: Leading, your Honor. I move to
6 strike.

7 THE COURT: That was leading.

8 MS. CONNELL: It was leading, your Honor. I'm
9 sorry. Just trying to move things along, but I can ask.

10 Q Mr. Hines, how would you describe the results of your
11 review of the NRA's relationship with its vendors that you
12 reviewed?

13 A I identified internal controls and consistency in
14 internal controls and all the arrangements that I reviewed.

15 Q How would you describe your review of every NRA vendor
16 relationship that you -- that you looked at in terms of whether
17 or not there were presence of fraud risk indicators?

18 A I identified fraud risk indicators with respect to
19 each one.

20 Q Did you form an opinion about whether for the period of
21 time you looked that the NRA had an effective internal control
22 environment.

23 A I did.

24 Q What was that opinion?

25 A My opinion that it did not. Was that it did not.

6 Q Good morning, Mr. Hines. Can you hear me?

7 A Yes.

8 MS. ROGERS: Can the jury hear me? Okay.

9 Q My name is Sarah Rogers. I represent the NRA.

10 Mr. Hines, before you joined us Friday, did you observe
11 any testimony by any other witnesses in this case?

12 A No.

13 Q Did you review transcript of any testimony by any other
14 witnesses in this case?

15 A I did not.

16 Q You're being paid as you sit here testifying; right?

17 A Correct.

18 Q When you gave a deposition earlier in this case, I
19 think you estimated that the Government would pay between 1.1
20 and \$1.2 million to your firm for your testimony.

21 Do you recall that?

22 A I do.

23 Q Have you gotten the million dollars yet?

24 A I believe we have been paid about a million or
25 somewhere thereabouts.

KM

3096

Hines - by Plaintiff - Cross/Ms. Rogers

1 Q All right. You testified just a moment ago that in
2 every vendor relationship you looked at, you saw fraud risk
3 indicators.

4 You recall that; right?

5 A I do.

6 Q What percentage of the NRA's vendor relationships did
7 you look at?

8 A I don't know the total as a percentage of either vendor
9 count. I know in dollar basis it was quite large.

10 Q And the Government told you which vendor relationships
11 they wanted you to look at.

12 A They were the ones that were alleged to have been
13 improper in the complaint, so that was the scope of my analysis,
14 yes.

15 Q If I were to represent to you that you looked at less
16 than one percent of vendors by vendor count, would you have any
17 knowledge inconsistent with that?

18 A No, but I would say that dollars are more relevant than
19 vendor count in my experience.

20 Q We will talk about dollars later.

21 Now, these fraud risk indicators, I'm going to call
22 them FRIs for short.

23 We heard testimony that an FRI is absolutely not --
24 those were your words "absolutely not the same thing as actual
25 fraud;" right? It is not a conclusion that there is fraud;

KM

3097

Hines - by Plaintiff - Cross/Ms. Rogers

1 correct?

2 Q Right. And it's not -- setting aside fraud finding, an
3 FRI or risk indicator doesn't mean that you found actual waste
4 of corporate assets either; right?

5 A It's an indicator of fraud, waste and abuse

6 Q An indicator for?

7 A Correct.

8 Q But not actual fraud, waste or abuse?

9 A It's an indicator, so yes.

10 Q In fact, a transaction could have multiple risk
11 indicators and not contain any fraud, any waste or any abuse.

12 A That is possible

13 Q You're certainly not telling the jury that anybody
14 broke any law.

15 A I'm not reaching a legal conclusion, no.

16 Q You're not telling them that anyone at the NRA broke
17 any law concerning related-party transactions; right?

18 A Again, I'm not reaching any legal conclusions.

19 Q Right. And you haven't reached the conclusion that
20 anyone broke any law regarding the administration of charitable
21 dollars; right?

22 MS. CONNELL: Objection, your Honor. The witness
23 can not give legal conclusions.

24 THE COURT: She can ask.

25 Q You are not giving a legal conclusion that anyone at

KM

3098

Hines - by Plaintiff - Cross/Ms. Rogers

1 the NRA broke any law governing the administration of charitable
2 dollars; right?

3 A That's correct.

4 Q And in fact, when you looked at those dollars, the
5 dollars you said were more important than vendor count, you
6 didn't check whether the dollars you were analyzing came from
7 the NRA's 501c charitable fund or from its general funds; right?

8 MS. CONNELL: Objection, your Honor.

9 A I don't know the answer to that question.

10 MS. CONNELL: One second. This gets into a legal
11 issue that we spoke about previously about the 501(c)(3)
12 versus (c)(4) and the charity and whether the NRA is a
13 charity which it is under New York.

14 MS. ROGERS: I am only asking if the witness
15 considered the distinction.

16 THE COURT: Overruled.

17 Q Did you consider whether any of those dollars were
18 important, the dollars that you were phrasing -- did you look at
19 whether they came from tax deductible charitable donations or
20 from the NRA's general funds?

21 A I did not perform analysis.

22 Q Okay. And you did not perform an analysis of whether
23 the NRA broke any law governing whether forms filed with the
24 Government are true or false; right?

25 A That was not part of the scope of my analysis, no.

KM

3099

Hines - by Plaintiff - Cross/Ms. Rogers

1 Q Now, isn't it true that a transaction bearing a risk
2 indicator can still be a great deal for the company?

3 A Hypothetically, that's possibly, yes.

4 Q Right. Like under internal controls, the contract
5 should have four signatures. It has three, but it's entirely
6 possible that that contract could make a ton of money for the
7 company; right?

8 A Theoretically possible, yes.

9 Q And you'd also agree with me that any organization no
10 matter how good the control environment, there is also some risk
11 of fraud.

12 A Correct.

13 Q In fact, there was a major fraud at your former firm
14 Arthur Anderson; right?

15 A I don't know if I -- I don't know what the legal
16 conclusion is with respect to that, but I did work at a firm
17 that had a issue.

18 Q You worked at Arthur Anderson in 2001; right?

19 A 2001 to 2002.

20 Q And that was the year that the Enron fraud came out --

21 A Yes.

22 Q -- that Arthur Anderson worked on.

23 A Yes.

24 Q So even if you can't reach a legal conclusion, as a
25 layman, do you have a conclusion as to whether that Enron action

KM

Hines - by Plaintiff - Cross/Ms. Rogers

1 was a pretty big fraud?

2 A I would agree it's a pretty big fraud.

3 MS. CONNELL: Objection.

4 THE COURT: On what grounds?

5 MS. CONNELL: She is asking for a legal conclusion
6 about Enron. It's collateral.

7 MS. ROGERS: I am asking for a layman's conclusion
8 because some of the lay people in the courtroom heard of
9 Enron too.

10 THE COURT: I'm failing to understand. Did this
11 witness have anything to do with that engagement?

12 Q Well, you were at Arthur Anderson at this time.

13 A I was at Arthur Anderson in a completely different
14 office. Never touched Enron.

15 THE COURT: I will sustain the objection. This has
16 nothing to do with this witness.

17 Q But you would agree that even a good company, even a
18 company committed to controls can end up in a transaction that
19 bears fraud risk indicators.

20 A That's possible.

21 Q Okay. Now a risk indicator can be remediated; right.

22 A It could be, yes.

23 Q Okay. But you didn't offer the jury an opinion about
24 whether or when any of the risk indicators you identified were
25 fixed by the NRA?

KM

3101

Hines - by Plaintiff - Cross/Ms. Rogers

1 A I did not observe that, but that is not part of my
2 opinion.

3 Q Okay. All right. I want to put up a demonstrative we
4 made last Friday while you were testifying, and it's just an
5 image of one of your slides.

6 And what I have done is I've taken these vendors you
7 looked at and put them in buckets for ease of description.

8 The McKenzie companies. Can you list for the jury what
9 the McKenzie companies are?

10 A That would be Concord Allegiance MMP and also
11 Associated Television International.

12 Q Right. Now, is it your understanding that David
13 McKenzie controls each of those companies or is he just a
14 shareholder?

15 A I understand he's got control of those entities and is
16 also a shareholder.

17 Q In the context of corporations, have you ever heard the
18 term "alterego?"

19 A I have, yes.

20 Q Would be fair to say that an alterego is a shell
21 company different on paper from the person or entity that
22 controls it but really the money is going to the same place?

23 MS. CONNELL: Objection, your Honor.

24 THE COURT: Sustained.

25 A I don't know.

KM

1 THE COURT: When there is an objection -- I'm not
2 sure exactly where you're going. That's a complicated
3 question even for lawyers.

4 MS. ROGERS: All right. Well, I'll ask this.

5 Q You did not reach a conclusion that any of these
6 McKenzie companies were alteregos of David McKenzie; right?

7 MS. CONNELL: Objection, your Honor.

8 THE COURT: Did you address that question?

9 THE WITNESS: No.

10 Q Okay. You did not address or conclude whether these
11 companies were alteregos of each other; right?

12 MS. CONNELL: Objection, your Honor.

13 THE COURT: Overruled. You can answer.

14 A No.

15 Q Okay. Do you think that the NRA's relationship with
16 every McKenzie company exhibited FRIs or just MMP?

17 A Well, I would believe that -- the fact there were
18 internal control failures with respect to all of the entities
19 would be consistent with the fraud risk indicator, and
20 my observation that the arrangements were less given the
21 multiple contracts with those multiple companies I think if too
22 would apply to those all of those.

23 Q But the NRA stopped paying Associated Television
24 International in 2018 six years ago; right?

25 A I don't recall the specific date.

KM

3103

Hines - by Plaintiff - Cross/Ms. Rogers

1 Q In forming your expert opinion about the transaction,
2 did you check whether the transaction was ongoing or had ended?

3 A I believe that's in my schedules, yes. I just don't
4 recall as I sit here right now.

5 Q If I were to represent to you that the NRA stopped
6 paying Associated Television six years ago, would you have any
7 knowledge inconsistent with that?

8 A No.

9 Q You didn't observe the other testimony in this case,
10 but if one of the Attorney General's own witnesses Chris Cox
11 testified that MMP was a life blood of the NRA, would you have
12 knowledge inconsistent with that?

13 A No. I have no way to opine on that one way or the
14 other.

15 Q Well, let's look back at your slide 29 which is about
16 those companies. All right.

17 You pointed out -- I think the point you're making on
18 this slide right is that the NRA paid MMP more during the 2010
19 under the contract it actually signed than would have been
20 allowed under an earlier version that had a ten percent cost
21 increase limit; right?

22 A That's certainly part of this analysis, yes.

23 Q Are you offering the jury any opinion about whether the
24 -- whether the NRA paid MMP too much?

25 A Could you define "too much?"

KM

3104

Hines - by Plaintiff - Cross/Ms. Rogers

1 Q Sure. Too much relative to the value it was receiving.

2 A I didn't do a fair market value analysis. This
3 calculates the difference between the contract it actually
4 signed, the contract that was reviewed and approved and what was
5 actually paid.

6 Q Right. And you didn't do any analysis on whether
7 during these years MMP brought in more money than MMP was paid.

8 A No.

9 Q And you didn't do any analysis on whether during these
10 years the contract helped or hurt the NRA's non-profit mission?

11 A No. That's outside of the scope of my analysis.

12 Q The earlier version of the contract, the one that was
13 reviewed had a ten percent cost increase allowance; right?

14 A I believe it was the reviewed version had a ten percent
15 cap on annual fee increases.

16 Q And you performed no analysis over whether the NRA's
17 membership based, the people serviced by MMP grew more than ten
18 percent during these years.

19 A I did not.

20 Q And you performed no analysis on whether the money
21 brought in by MMP increased by more than ten percent during
22 those years.

23 A No.

24 Q All right. Now the scarlet segment of this graph is
25 what the NRA actually paid under the contract that was actually

KM

3105

Hines - by Plaintiff - Cross/Ms. Rogers

1 signed; right?

2 A Can you say that one more time?

3 Q Sure. The scarlet red segment of this graph is what
4 the NRA actually paid under this contract, what it actually
5 signed; right.

6 A It's what it actually paid. It's not what the contract
7 actually called for.

8 Q Right. And the version of the contract that you
9 compared it to, the one with the ten percent rate increase
10 limiter, what the NRA could have paid under this contract is
11 represented in pink; right?

12 A Correct. Well, the pink is the differential between
13 the stated contract rate and the ten percent growth rate.

14 Q Right. So you would agree with me that under your
15 graph, the NRA's fees to MMP increased during the 2010s and then
16 levelled off?

17 A That's correct.

18 Q And you would also agree with me that by 2021, the
19 amount paid under the actual contract had pretty much converged
20 with what your version of the contract would have allowed;
21 right?

22 A In terms of the annual amount?

23 Q Yes.

24 A They are approximately in the same vicinity.

25 Q Okay. Let's look at your -- well, actually, I have one

KM

3106

Hines - by Plaintiff - Cross/Ms. Rogers

1 more question about this graph.

2 In forming your expert opinions, did you do any work to
3 match these trend lines with trends in the NRA's membership
4 count or fundraising volume?

5 A No. It wasn't relative to my analysis given I'm
6 looking at the contract rates and reviewed rates and what was
7 actually paid.

8 Q Would it be fair to say when you looked at the MMP
9 contract, you had looked at what the NRA was paying but not what
10 the NRA was getting?

11 A That's correct.

12 Q Mr. Okay. All right. Now, let's look at your slide
13 35.

14 Are you telling the jury that the NRA was wrong to
15 renegotiate the MMP contract at a better price in 2022?

16 A No.

17 Q Okay. And in forming the view that this renegotiation
18 reflected a fraud risk indicator, did you do any assessment of
19 whether the services provided by MMP actually changed?

20 A I didn't come to a specific analysis of each service,
21 but based on my review of the record, my recollection and
22 understanding was that the NRA employees internally themselves
23 described that the contracts were for similar services and that
24 there were -- it was more market rate and that they were
25 favorable terms for the new contract.

KM

3107

Hines - by Plaintiff - Cross/Ms. Rogers

1 Q In forming the view that the NRA striking a better deal
2 in 2022 reflected a fraud risk indicator, did you analyze
3 whether MMP fundraising volume changed?

4 A I did not.

5 Q All right. Let's go back to go our demonstrative with
6 the four buckets on it.

7 In addition to the McKenzie companies, you also looked
8 at Ackerman McQueen and two related entities, Mercury Group and
9 Under Wild Skies; right?

10 A Correct.

11 Q The NRA stopped paying Ackerman and sued Ackerman in
12 2019; right?

13 A That is my understanding.

14 Q Same for Mercury Group?

15 A I believe that's correct.

16 Q And the NRA also stopped paying Under Wild Skies and
17 sued Under Wild Skies.

18 A I believe that's accurate.

19 Q Ackerman broke the promise it made in the contract to
20 the NRA?

21 MS. CONNELL: Objection, your Honor.

22 A I have no opinion on that.

23 THE COURT: Hang on when there is an objection.

24 What's the objection?

25 MS. CONNELL: It calls for a legal conclusion about

KM

3108

Hines - by Plaintiff - Cross/Ms. Rogers

1 the contract, what was required by the contract and whether
2 they were breached, and that was the subject of lawsuits
3 which were settled as we know.

4 THE COURT: He can give his understanding. You can
5 answer.

6 A Can you ask the question again.

7 Q Would you agree with me that Ackerman broke the
8 promises it made to the NRA in those contracts?

9 A I would say I have not done a legal analysis nor would
10 I be -- I'm not a lawyer, so I don't know the answer to that
11 question.

12 Q So in analyzing whether the contract bore a fraud risk
13 indicator, you didn't analyze whether Ackerman breached the
14 contract?

15 A Again, it calls for a legal conclusion. That is not
16 the scope of my analysis.

17 Q Well, did you read the provisions of the contract
18 dealing with travel and entertainment expenses?

19 A I read the contracts, yes.

20 Q Even as a non-lawyer, you would understand that that
21 contract required for Ackerman to follow NRA policy with respect
22 to the expenses it invoiced; right?

23 A That is -- I don't recall the specific language, and I
24 also understand the contracts specifically stated that they
25 couldn't operate or act without Mr. LaPierre's direction. Those

KM

3109

Hines - by Plaintiff - Cross/Ms. Rogers

1 two things should be considered together.

2 Q Do you have a recollection as to whether the contract
3 stated that Ackerman was required to follow NRA's written
4 expense policies?

5 A I don't recall the explicit language in the contract.

6 Q Now, let's talk about direction given by Mr. LaPierre
7 and what the record shows and what you looked at.

8 Have you heard of a firm called Forensic Risk Alliance?

9 A Yes.

10 Q They are a forensic accounting firm; right?

11 A Yes.

12 Q Would you say they have a good reputation in the
13 forensic accounting field?

14 A I think it's a fine one. I don't have a specific
15 opinion one way or another.

16 Q You testified earlier fraud risk indicators can be
17 fixed. Do you remember that?

18 A They can be in certain circumstances with the
19 appropriate diligence and processes.

20 Q And one example of an appropriate policy might be to
21 hire a forensic firm like Forensic Risk Alliance to look at the
22 subject expense; right?

23 A That could be part of the fact finding. I think you
24 need to be careful in my experience not to conflate fact finding
25 with remediation.

KM

3110

1 Q You understand the NRA did hire FRA to look at
2 Ackerman's expenses?

3 MS. CONNELL: Objection, your Honor.

4 Q Do you understand that?

5 MS. CONNELL: Your Honor, may we approach. This
6 addresses an evidentiary issue.

7 MS. ROGERS: It's in his report.

8 THE COURT: Yeah. Overruled.

9 A Can you repeat the question?

10 Q Sure. You understand the NRA hired a forensic
11 accounting firm FRA to look at Ackerman's out-of-pocket
12 expenses; right?

13 A I am aware that they hired FRA.

14 Q In fact, FRA generated a voluminous spreadsheet of its
15 findings.

16 Do you remember that?

17 A I recall they had spreadsheets. I don't recall how
18 voluminous.

19 Q You recall that you relied on that spreadsheet when you
20 did your expert report?

21 A I reviewed it and considered it, and my recollection is
22 I recall findings being similar and having observations with
23 respect to the issues with the out-of-pocket expense arrangement
24 that were available.

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 THE COURT: Okay, why don't you come forward.

2 (Whereupon, the following ensued at side bar on the
3 record with the Court and all counsel as follows:)

4 MS. CONNELL: Your Honor, this FRA spreadsheet is
5 something that is at issue in this case. There's no
6 foundation for Mr. Hines to look at it because it was
7 produced by the NRA. However, the NRA's appropriate rep can
8 testify, we propose can he testify. He says that he never
9 presented a spreadsheet to the NRA as part of his work, that
10 they screen share the spreadsheet and he couldn't say this
11 was the final spreadsheet that they actually had prepared.

12 Furthermore, he didn't know how it got to the NRA
13 and he, himself, didn't have firsthand knowledge of it which
14 is not unusual; but he also wasn't able to speak to certain
15 other people who did have firsthand knowledge. One person
16 who did have firsthand knowledge was Susan Dillon who left
17 the Brewer firm to work at FRA for a brief period of time
18 during this engagement and then returned to the Brewer firm.
19 But we don't have a corporate rep that can say to my
20 knowledge that these were the spreadsheets used, they were
21 the ones drafted and that this witness should not be a
22 vehicle for their admission because Mr. Hines looked at
23 these spreadsheets that were provided and produced by the
24 NRA.

25 MS. ROGERS: Mr. Hines said his conclusions were

BP

3113

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 similar to the ones -- I want to ask the expert questions
2 about how he considered and interpreted this.

3 There's also been some representations by
4 Ms. Connell that I'd like to address. So, this idea that an
5 employee left the Brewer firm to work at FRA and then come
6 back. As this employee was laid off from COVID -- I just
7 want to note your Honor, FRA filled out a business record --

8 THE COURT: Hold on. The question is whether this
9 document is what you're describing it to be is what was
10 shown actually used, because there could have been any
11 number of iterations of this.

12 MS. ROGERS: Well, FRA filled out an affidavit in
13 the bankruptcy offering this document, and the expert
14 testified that he considered it and reached similar
15 conclusions.

16 THE COURT: Which expert?

17 MS. ROGERS: This expert just now.

18 THE COURT: Again, it still -- if you want to -- if
19 you want to impeach him or something about what his
20 testimony, that's okay with this; but putting it in as
21 substantive evidence without -- you can in your case if you
22 can lay a foundation for an FRA report that was shown to the
23 company as part of your defense, that's fine.

24 The question is whether I have a basis to admit
25 this in as a trial exhibit through this witness. I don't

BP

3114

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 think so. I think the -- the only thing you can do is if he
2 has testified that his assumption is that FRA did something
3 based on what he reviewed, you can say, well, this is what
4 you reviewed, doesn't say that does it? That's not
5 admitting it for substantive evidence yet.

6 MS. ROGERS: I'm content to question the witness
7 from the document, reserving rights to admit it later.

8 THE COURT: Yes, and during your case if you can
9 admit something like this, that's fine.

10 MS. CONNELL: Thank you, your Honor.

11 (Whereupon, at this time the side bar ended and the
12 following ensued in open court as follows:)

13 THE COURT: Sorry for the side bar part of it, but
14 it is important.

15 I'm going to let counsel ask some questions about
16 this document to this witness but since -- if they want to
17 try to move a document like this into evidence, they can try
18 it in their case in chief.

19 This isn't a witness who can provide a foundation
20 for admitting it now, so I'm not going to admit the exhibit
21 yet, but you may see it again.

22 MS. ROGERS: Thank you, your Honor.

24 Q Mr. Hines, I'd like to direct your attention to the key

BP

3115

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 A Okay.

2 Q I questioned you before about your understanding of the
3 provisions of the Ackerman McQueen contract you analyzed. Do
4 you recall that?

5 A Yes.

6 Q And I asked you whether it was your understanding that
7 Ackerman adhered to NRA policies; right?

8 A That was your representation, yes.

9 Q Would you agree that representation was consistent with
10 what the other forensic accountants wrote in that first cell of
11 that spreadsheet?

12 A I'd like to read it.

13 Q Of course. You would agree with me what I said about
14 the contract that Ackerman had to adhere to written procedures
15 established by the NRA vis-à-vis its expenses. That
16 representation is consistent with what the other forensic
17 accountants observed; right?

18 A That language appears to be generally consistent;
19 although, I haven't analyzed it against the specific contract
20 with this document that I'm seeing here, but...

21 Q Okay. Now, when I made that representation to you
22 before, you noted that Ackerman was only authorized under the
23 contract to take direction from the executive vice president who
24 was Wayne LaPierre.

25 Do you recall that discussion we had?

BP

3116

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 A Yes.

2 Q I'd like to direct your attention now to cell four of
3 the spread from the other accountants that you reviewed. I'm
4 going to read a sentence to you and you tell me if you have any
5 knowledge inconsistent with it.

6 MS. CONNELL: Objection, your Honor.

7 THE COURT: Sustained. That's the same thing as
8 admitting the document.

9 Q Well, I'm going to try to ask this a slightly different
10 way.

11 Mr. Hines are you aware of any evidence in the record
12 to indicate that the out-of-pocket expenses billed by Ackerman
13 were in connection with special assignments or were approved by
14 the NRA executive vice president or his designee?

15 A Specifically, with respect to the special assignments
16 or I guess --

17 Q Well, did you see any written approvals in the record
18 consistent with what we just discussed indicating that Wayne
19 LaPierre had approved these expenses you reviewed?

20 A I don't recall.

21 Q Okay. And when you say you don't recall, do you mean
22 you don't recall whether you saw any; or sitting here today, you
23 have no current specific recollection of seeing any document in
24 the record evidencing a written approval by Mr. LaPierre of
25 these expenses, which you've opined were fraud risk indicators?

BP

3117

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 A I don't recall specifically whether that exists or not.
2 I do recall testimony that indicated that the individuals at the
3 NRA were aware of the arrangement, the out-of-pocket expense
4 arrangement given this is what we're talking about. I don't
5 recall specifically if there's a signed document or not.

6 MR. CORRELL: Your Honor, objection to the
7 characterization of the testimony and move to strike.

8 THE COURT: Denied.

9 Q I'm going to dig into the characterization. Whose
10 testimony?

11 A I recall based on my recollection and understanding of
12 the facts Mr. Phillips --

13 THE COURT: Hang on a second. Are you talking
14 about testimony in the trial or at some other point in
15 time?

16 THE WITNESS: I'm referring to testimony that I
17 reviewed in deposition transcripts, your Honor.

18 THE COURT: If that's not in evidence, then I'll --
19 I change my mind as to striking it.

20 MR. CORRELL: Thank you, your Honor.

21 MS. ROGERS: Then I'll move on.

22 Q But you don't recall seeing any written approvals in
23 the record consistent with the contract; right?

24 A Not as I sit here right now.

25 Q In forming your expert opinions about the Ackerman

BP

3118

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 relationship, one relevant fact you considered was that Tony
2 Makris was friends with Wayne LaPierre; right?

3 A I think that is a relevant piece of information.

4 THE COURT: Is a relevant or irrelevant?

5 THE WITNESS: One relevant piece of information,
6 yes.

7 Q I wasn't clear from your earlier testimony, do you
8 think that a friendship poses a conflict of interest for
9 internal controls or not?

10 A My view would be, one, you'd have to consider the
11 policy and I think the specific receipt of gifts and
12 entertainment accompanies a friendship would be certainly
13 relevant and disclosable as I understand it under the policy;
14 but if you can ask the question again.

15 Q Sure. Well, I suppose -- is it your testimony or your
16 opinion that the Ackerman contracts should have been subject to
17 a conflict analysis on the basis that Mr. LaPierre and
18 Mr. Makris were friends?

19 A I don't necessarily have a specific opinion on that
20 directly. I don't believe I have a specific observation about
21 the Ackerman contract with respect to conflicts of interest; but
22 I think if it is based on my experience as a forensic
23 accountant, if there is a personal relationship with a
24 significant vendor and there's goods and services exchanged and
25 potential -- any sort of remuneration of gifts or entertainment,

BP

3119

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 I think it would certainly warrant consideration for a
2 disclosure.

3 Q If plaintiff's other expert, Jeffrey Tenenbaum, told
4 the jury that a friendship is not a conflict of interest for
5 purposes of nonprofit government best practices, would you have
6 any opinions inconsistent with that?

7 MS. CONNELL: Objection, mischaracterizes his
8 testimony.

9 THE COURT: Hang on. I sitting here can't remember
10 exactly what the witness said, so why don't you just ask the
11 question of this witness.

12 Q Well, I'll move on, because we'll revisit that later.

13 You would agree with me that if a personal connection
14 between Mr. LaPierre and Mr. Makris is relevant to your
15 analysis, it would also be relevant, wouldn't it, to consider
16 whether Ackerman engaged in the same expense misconduct with
17 respect to other clients who had nothing to do with Wayne
18 LaPierre and where there was no personal friendship with the
19 CEO?

20 A My analysis was looking at what the NRA paid for, and
21 so I considered the information that I had in front of me and
22 I'm not sure what Ackerman did with its other clients would
23 change any of my opinions whatsoever.

24 Q So, you have no opinion about whether Ackerman's
25 conduct has anything to do with any personal relationship that

BP

3120

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 it had with the NRA. As far as you're concerned, Ackerman might
2 have expensed every single client the exact same way?

3 A I have no basis to even take a guess at what Ackerman
4 did with its other clients.

5 Q Did you ask the attorney general whether there were any
6 other Ackerman clients that testified in the cases in which you
7 reviewed testimony?

8 A I did not specifically do that, no.

9 Q And they didn't tell you?

10 A Not that I recall.

11 Q All right, let's go back to the four buckets, our
12 demonstrative.

13 Third bucket, contracts with board members and with
14 people who used to work for the NRA.

15 You left out the largest related-party contract in the
16 NRA history when you did this analysis. You left out the Oliver
17 North contract; right?

18 A That was not in the scope. I didn't -- it was not part
19 of what I was asked to analyze. As I understand, it was not
20 part of the complaint.

21 Q Did the Government tell you that the NRA had a
22 contract worth about 6.9 million dollars with one of its board
23 members, Oliver North?

24 A I was generally aware there was a contract, yes.

25 Q Did you omit this from your analysis because Colonel

BP

3121

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 North agreed to testify for the Government?

2 A No.

3 Q You omitted it from your analysis because they didn't
4 ask you to include it?

5 A Because it was not part of the complaint, as I
6 understand it.

7 Q So, if you reviewed the complaint and it didn't talk
8 about that contract, that would be consistent with your
9 recollection?

10 A I don't recall specifically, but it was not one of the
11 arrangements that I reviewed.

12 Q Well, setting aside the North contract and looking back
13 at contracts you did consider, you didn't analyze the value of
14 the services provided under any of the contracts; right?

15 A As a fair value issue?

16 Q Did you analyze the value provided under these
17 contracts from any perspective?

18 A That would be from what I understand your question to
19 be is a fair-market value analysis, and no.

20 Q So, you didn't analyze whether the NRA was getting its
21 money's worth for what it paid under any of these?

22 A That was not part of the scope of my analysis.

23 Q All right, so as far as you know, each of those
24 contracts was a fantastic deal for the NRA's members; right?

25 A Or it could have been a terrible deal. I don't know.

BP

3122

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 Q You have no idea?

2 A I have not done that analysis, no.

3 Q And except for Marion Hammer who's a gun lobbyist,
4 every single one of the contracts you looked at ended years ago;
5 right?

6 A I don't know -- well, what do you mean by "years ago?"

7 Q Well, let's talk about them. You looked at a contract
8 with David Keene; right?

9 A Yes.

10 Q If I represent to you that that contract, that ended
11 three years ago in 2021; would you have any knowledge
12 inconsistent with that?

13 A No. I believe that sounds correct.

14 Q And you looked at one with Dave Butz, do you recall
15 that?

16 A Yes.

17 Q If I represent to you that that contract ended in 2019
18 which was five years ago, you'd have no knowledge inconsistent
19 with that; right?

20 A I believe that's correct.

21 Q You looked at a brief contract with Mr. Phillips. If I
22 were to represent to you that that contract had also ended five
23 years ago, you'd have no knowledge inconsistent with that;
24 right?

25 A No.

BP

3123

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 Q You looked at a contract with Mike Marcellin. Do you
2 recall that?

3 A Yes.

4 Q If I represent to you that contract ended five years
5 ago, you have no inconsistent knowledge; right?

6 A I believe that is approximately correct.

7 Q Okay, and then there was -- if I represent to you that
8 there was any lawsuit with Mr. Marcellin that settled, would
9 that be consistent with your review of the record?

10 A Generally, yes.

11 Q Okay. And you looked at a contract with a board member
12 named Sandra Froman. If I represent to you that that contract
13 ended six years ago, you'd have no inconsistent knowledge;
14 right?

15 A I don't recall the specific timing, but, no.

16 Q Okay. All right, now, let's talk about the travel
17 consultant. One best practice in response -- with respect to
18 a business relationship like this would be to shut it down;
19 right?

20 A Potentially, I think a better practice would be to
21 understand how it happened in the first place.

22 Q Do you think the NRA should have continued doing
23 business with Gayle Stanford?

24 A I did not say that.

25 Q You'd agree with me that it is probably a good thing

BP

3124

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 that the NRA stopped doing business with her; right?

2 A I don't know if it is a good or bad thing -- well, what
3 I would say is the undocumented nature of the arrangement
4 certainly is a bad thing. It is an internal controls issue, a
5 significant one from my perspective.

6 Q And the fact that the invoices were altered, that's a
7 bad thing; right?

8 A In my experience, those are consistent with fraud risk
9 indicators, and I would not call them a good thing for sure.

10 Q The fact there were surcharges added to the invoices
11 which weren't reflected on them, the ten percent, that's a bad
12 thing; right?

13 A There you're referring to the lack of documentation
14 with respect to the commission?

15 Q Right. I'm referring to the fact that a private jet
16 invoice would come in for 10,000 dollars and Ms. Stanford would
17 charge the NRA an extra ten percent on top of it. That's a bad
18 thing; right?

19 A I don't believe I have an opinion that the fact that
20 there's a markup specifically is a bad thing. The undocumented
21 nature of it is something that I would view as a fraud risk
22 indicator certainly.

23 Q Do you think it is suspicious at all that the markup
24 only appeared on charges like the charges for private aviation
25 where the price wasn't publicly verifiable and Ms. Stanford

BP

3125

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 didn't apply the markup to things like commercial tickets where
2 the NRA could have easily checked the price? As a forensic
3 accountant, was that suspicious to you?

4 MS. CONNELL: Objection, your Honor.

5 THE COURT: Overruled.

6 A Your question kind of lost me. Was-- was what
7 suspicious?

8 Q Well, you didn't have an opinion on whether it was good
9 or bad for the NRA to end this relationship. So, I guess I want
10 to revisit your opinions about some of the aspects of this
11 relationship.

12 You told me you didn't have an opinion on whether
13 Ms. Stanford adding this ten percent markup was good or bad; and
14 I guess I'm curious about that because I thought it was bad,
15 right? I mean, she adds this ten percent markup only to
16 purchases like private aviation where the price isn't publicly
17 verifiable.

18 Did that stand out to you at all?

19 A No, not specifically. What stood out to me was the
20 fact that the fee arrangement was undocumented that the NRA paid
21 for those amounts without any supporting information, and that
22 the billing was not transparent with respect to the entire
23 arrangement. That there were all the multiple ways that Ms.
24 Stanford was paid. Based on my review of the record, the
25 billing practices involved individuals at the NRA, those are the

BP

3126

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 things that really stood out to me.

2 Q Did it stand out to you that the ten-percent markup was
3 never itemized or disclosed on any of the invoices?

4 A I believe I did mention that point, and I think that it
5 is significant that the markup was not specifically itemized or
6 called out by contract or disclosed.

7 Q Would you say it is generally a good practice to run a
8 bidding process for a new vendor contract?

9 A Yes.

10 Q And you understand that the NRA stopped paying Gayle
11 Stanford and ran a bidding process for travel consultancy about
12 four years ago?

13 A I don't recall the specifics, but my understanding was
14 the NRA had a travel agent even during the period it was using
15 Ms. Stanford, as well.

16 Q If I represent to you that the NRA stopped doing
17 business with Ms. Stanford four years ago and ran a request for
18 a proposal or RFP bidding process to replace her, would you have
19 any knowledge inconsistent with that?

20 A I don't know the answer to that one way or another.

21 Q And you didn't consider whether the NRA fired or placed
22 and ran a bidding process for replacement of Ms. Stanford; you
23 didn't consider that in forming any of your expert opinions,
24 right?

25 A They would not have had any impact on my conclusions

BP

3127

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 related to Ms. Stanford or the other control violations I
2 observed.

3 Q All right. We talked before about how possible to fix
4 control violations or address risk indicators; and I want to run
5 some things by you, and I want you to tell me whether these are
6 things a company might properly do to address risk indicators.

7 MS. CONNELL: Objection, your Honor.

8 MS. ROGERS: I was interrupted by the microphone.

9 Let make the record clear.

10 Q I'm going to run a few things by you, and I want you to
11 tell me whether in your expert opinion these are things a
12 company might reasonably do to address fraud risk indicators.
13 Does that make sense?

14 A Yes.

15 MS. CONNELL: Objection, your Honor. This goes to
16 the post talk remedial discussion we've had. This goes to
17 whether that excuses the violations in the past. This is
18 plaintiff's point. You gave the --

19 MS. ROGERS: Object to speaking objections.

20 THE COURT: Yeah, look, I'll instruct the jury at
21 the appropriate time the relevance or potential relevance of
22 these subsequent efforts, but I'm not going to preclude the
23 defense from asking.

24 So, overruled.

25 Q All right, what about doing a risk assessment, that's

BP

3128

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 something a company might reasonably do in the presence of fraud
2 risk indicators; right?

3 A I just want to make sure I understand the question. Is
4 it specific fraud risk indicators or is it internal control
5 failures or both?

6 Q Well, let me ask you said you disapproved of the NRA
7 internal control environment. That's a fair summary of your
8 testimony; right?

9 MS. CONNELL: Objection.

10 A I believe I said --

11 THE COURT: Hang on. I think -- overruled on that.
12 You can answer.

13 Q You disapproved of the NRA internal control
14 environment; right?

15 A I believe my conclusion I found it was ineffective due
16 to poor tone at the top.

17 Q A company desiring a more effective control environment
18 might perform a risk assessment within the meaning of COSO;
19 right?

20 A That would certainly be one potential step and one that
21 is typical, yes.

22 Q And special procedures by the auditors, those might
23 help improve the control environment; right?

24 A I would not agree with that. Your auditors are not a
25 function -- outside auditors do not serve as an internal control

BP

3129

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 for the organization. So, it would be what the organization
2 does, not what its auditors do as part of their standard
3 procedures.

4 Q If auditors do special procedures specifically focused
5 on internal controls, is that something you'd even consider when
6 you're forming a view of the NRA control environment?

7 A It would be a relevant data point, but not in and of
8 itself evidence that the organization has addressed or
9 remediated internal controls.

10 Q Is it a data point you considered here?

11 A I believe I did consider it with respect to my reports.

12 Q Which special procedures did you consider?

13 A My recollection is the ones that were performed at some
14 point in 2020 or '21. I don't recall the specifics.

15 Q In forming your expert opinions, did you -- did you
16 develop a view of what -- whether the special procedures
17 revealed any control problems?

18 A I believe in my report, my rebuttal report I did
19 address some of those in response to NRA witnesses.

20 Q Sitting here today, can you think of any allegations
21 made by the Government that Aronson does not address in its
22 special procedures?

23 A I don't recall specifically what special procedure
24 document itemized. I do recall that some of the individual
25 transactions they looked at in my view didn't identify or look

BP

3130

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 at some of the same issues with respect to those contracts that
2 I identified in my analysis, and I don't recall, like, each
3 itemized issue that they particularly focused on.

4 Q Well, let's talk about the specific issues you focused
5 on in your analysis and I want to look at your slide 42.

6 All right, this -- on the left side of slide 42 is one
7 of the summary charts you prepared; right?

8 A Yes.

9 Q And I'll represent to you this is the same chart
10 admitted into evidence Friday as PX 05123. You were here to
11 testify as to the accuracy of the summary; right.

12 A Correct.

13 Q And you would agree accuracy is very important in the
14 profession of forensic accounting?

15 A Sure.

16 Q Precision is important; right?

17 A Sure.

18 Q All right, then let's start with the expense that you
19 highlight here on your PowerPoint slide. On the screen we see
20 you tell the jury that the NRA paid \$42,915 in flight tickets
21 for Wayne LaPierre, his wife and Tony Makris.

22 Do you see that?

23 A Yes.

24 Q And you got this number from PX 03151, a collection of
25 Ackerman expense reports; right?

BP

3131

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 A I believe that's accurate.

2 Q Let's look at that exhibit, PX 03151, and I'm going to
3 direct the witness to page 127, which I believe is where he got
4 the excerpt he put in his slide.

5 Let's zoom in.

6 (Displayed)

7 All right, this is the source for your PowerPoint
8 slide; right?

9 A It may be.

10 Q This is a purchase of three airline tickets for
11 Mr. LaPierre, Mrs. LaPierre and Tony Makris for \$14,000 a piece
12 totalling about \$42,000; right?

13 A Yes.

14 Q And that's what you show on your slide?

15 A Yes.

16 Q But you don't show that the tickets for the LaPierres
17 were cancelled and credited back to the NRA, not debited from
18 the NRA?

19 A I'd have to go back and look at the documents and
20 see --

21 Q Well, we've got the document right in front of us, so
22 let's look at page 284.

23 A Of this particular schedule?

24 Q Of this Plaintiff's Exhibit which is the source for
25 your schedule, I believe.

BP

3132

E. Hines - by Plaintiff - Cross/Ms. Rogers

1 All right, do you see where it says at the very bottom,
2 "Credit Air for WLP," and it credits the NRA negative \$14,303?
3 Do you see where it says, "Credit Air WLP could not make the
4 trip"; and you would agree with me that that cost of negative
5 \$14,000, that's a credit back, right?

6 A It looks like it might be, yes.

7 Q Did you in developing your summary consider whether any
8 of the expenses you added up were credited back?

9 A I believe we did in looking at what was actually paid,
10 yes.

11 Q All right, let's look at another summary you prepared
12 and showed to the jury, and this one is going to be PX 5116, and
13 I would like to show a version of this exhibit on which I've
14 highlighted just two flights.

15 Mr. Hines, you prepared an earlier version of this
16 schedule, which you amended some time last week. Do you recall
17 that?

18 A Yes.

19 Q And the reason you amended it is because we found
20 that you had double counted several flights in your analysis;
21 right?

22 A I believe there were certain invoices that were unclear
23 whether they had occurred, and that was -- they were removed
24 based on some review.

25 Q Agree or disagree with the following statement:

BP

3133

1 When a careful professional sees red flags, he looks
2 closer?

3 A I would generally agree.

4 Q Okay. Would you agree with me that it is a red flag
5 when opposing counsel alerts you that there are several invoices
6 in your summary chart, which may or may not ever have occurred
7 or been paid?

8 A Yes, we removed those from this particular invoice.

9 Q And a careful accountant would then look at the other
10 invoices to make sure those were real and actually paid;
11 right?

12 A That's what we did.

9 A I'd actually like to look at the exhibit.

10 Q This is Page 2.

11 MS. CONNELL: Can you tell me which exhibit?

12 MS. ROGERS: Exhibit A to --

13 MS. CONNELL: This is the exhibit that was admitted
14 earlier today.

15 MS. ROGERS: I think it's Exhibit A. It's -- it's
16 your amended Exhibit A. It's NYSCEF -- well, you put it in
17 as 5116.

18 THE COURT: 5116 that's what you're looking for,
19 Ms. Connell.

20 MS. CONNELL: Right. My 5116 comes up something
21 different.

22 MS. ROGERS: It says Exhibit A. It's the same

2 Is it possible to use this one?

3 MS. ROGERS: I was working with the version
4 Plaintiff sent us.

5 Q Well, let me just ask Mr. Hines. When you say there
6 was an unfiltered version that was the inadvertently sent, what
7 do you mean?

8 A My understanding was last week in preparing this
9 schedule, there was a version that all the invoices and the
10 final version, and the final version that was sent over didn't
11 have the filter that removed the duplicates on it.

12 Q Are so you are representing that 5116 has no duplicates
13 in it?

14 A That's my understanding that based -- our analysis
15 looking at those particular invoices and comparing the trip
16 dates, itineraries and whether they had actual catering charges
17 and a number of other items, yes.

18 MS. CONNELL: Your Honor, I will represent that in
19 conveying the summary evidence, we did make an error and
20 sent the wrong chart and corrected it, so I want to make
21 sure that wasn't causing the confusion.

22 MS. ROGERS: I admit I was confused. I was using
23 the chart you sent me.

24 MS. CONNELL: Your Honor, we corrected it with an
25 explanation.

KM

3136

Hines - by Plaintiff - Cross/Ms. Rogers

1 Q Mr. Hines, do you have an understanding as to how those
2 duplicates got into your chart in the first place?

3 A I believe there was certain flights that had certain
4 drafts -- drafted those invoices, and some of them had different
5 dates and some of them had different itineraries and different
6 planes and so they were included with duplicates that appeared
7 to have happened.

8 Q Right. And so sometimes an invoice would be issued and
9 then the flight would be rescheduled or cancelled and that copy
10 of the invoice would still be sitting in the travel consultant's
11 computer; right?

12 A There were some of those; right.

13 Q But what if a flight was canceled and never
14 rescheduled. Then there would just be one copy, no duplicate,
15 and you would have no way of knowing whether the flight was real
16 or fake.

17 A Based on my analysis, we also looked for whether they
18 were credited. It looked for credits for this duplicates,
19 looked for other potential indicators that the flight didn't
20 happen, but I'm obviously placing it on those invoice.

21 Q Sir, did you compare these to the ACH banking records
22 that you looked at?

23 A These are not paid by ACH banking records because they
24 go through a -- it's part of the challenge with these invoices
25 as going from -- Ms. Stanford marks them up, takes off

KM

3137

Hines - by Plaintiff - Cross/Ms. Rogers

1 information, and that's what is ultimately paid by the NRA. So
2 the ACH and the general ledger transaction would reflect what's
3 actually paid based on Ms. Stanford's version of the bills.

4 THE COURT: Counsel, when you can find a convenient
5 breaking point --

6 MS. ROGERS: I have like two more things and then
7 you're done.

8 Q You've seen numerous cases, right, Mr. Hines, where a
9 later reconsideration of the transaction leads to a different
10 accounting result.

11 A That can happen.

12 Q And looking at something in hindsight can lend a better
13 perspective due to the passage of time?

14 A Potentially.

15 Q So the fact that a company restates or changes
16 something does not mean their judgment was inadequate in the
17 first place; right?

18 A Potentially.

19 Q Well, potential. That's in fact testimony that you
20 gave verbatim in another case last year; right?

21 A I don't recall specifically those exact words.

22 Q If I tell you that the case is SEC v Rosenberger,
23 22cv4736 in the Southern District of New York, would go that
24 refresh your recollection?

25 MS. CONNELL: Your Honor, if she's going to

KM

3138

Hines - by Plaintiff - Cross/Ms. Rogers

1 impeach, he should be shown the testimony, the
2 question/answer content.

3 THE COURT: We haven't gotten there yet.

4 A What was the question?

5 Q I'm just asking if you agree with this statement that
6 the fact that a company restates or changes something doesn't
7 mean their judgment was wrong in the first place; right?

8 A That specific matter relates to a technical financial
9 reporting issue with respect to revenue recognition, but I would
10 still agree with that.

11 Q Would you agree in contrast to a hindsight
12 investigation, business decision that occurs in real time during
13 the normal course are limited by what information is available
14 at the time; right?

15 A That can be the case; right.

16 Q And those real time business decisions are limited by
17 the expertise and experience of the individuals involved; right?

18 A Say that one more time.

19 Q Those real time business decisions, these real time
20 business judgments, they are limited by the expertise and
21 experience of the individuals involved; right?

22 A It can be.

23 Q Okay. In forming your expert opinions, did you even
24 ask to speak to any of the people at the NRA making these
25 decisions?

KM

3139

Hines - by Plaintiff - Cross/Ms. Rogers

1 A I did not have such access.

2 Q And you didn't speak with anyone at the NRA who made
3 any of these decisions; right?

4 A No, not directly. Reviewing evidence.

5 THE COURT: We will take our morning break. We
6 will be back shortly.

7 THE COURT OFFICER: All rise. Jury exiting.

8 (Whereupon, at this time the jury exits
9 the courtroom.)

10 (Whereupon at this time there was a recess taken.)

11 THE COURT: Just a brief update on the jury issues
12 we discussed.

13 The one juror with the family issue, that juror is
14 going to confirm to me by the end of the day. It seems like
15 that juror -- it's highly likely will not be able to be here
16 either Wednesday or Thursday. And if that is confirmed, I
17 have explained to the juror that we will have to exclude the
18 juror, and the juror understands. So we'll learn more about
19 that at the end of the day.

20 The second juror who has an issue beginning
21 apparently after -- at end of business on the 20th, so --
22 and potentially can push off what is the conflict even into
23 the 21st, so the issue with that one is, you know, we are
24 all making assumptions as to when the case is going to be
25 given to the jurors for deliberations. What we can't know

KM

3140

Hines - by Plaintiff - Cross/Ms. Rogers

1 is how long the jurors will deliberate. And I explained
2 briefly that I don't want to be in a situation where if
3 we're into deliberations past the 20th, we lose one of our
4 six jurors. So we don't have to make a decision on that
5 juror right now because we don't know what's going to happen
6 between now and then.

7 You know, I'd like to think that we would have a
8 verdict by the 20th if we proceed as planned where we have
9 closing arguments on the 15th and hopefully either finish
10 instructions that same day or complete them in the morning
11 of the 16th. The jury would have all of the 16th and all of
12 the 20th to deliberate.

13 I would -- one hopes that's enough, but we can't be
14 sure. So I'd like you to at least think about how we deal
15 with that risk of at least one juror who is already saying
16 in advance that they might not be able to be here past the
17 21st or something along those lines. So I don't think we
18 have to make any decisions on that. Obviously, we still
19 have extra jurors, so we are not losing -- we are not in any
20 danger of going below six, but that's an update.

21 MS. CONNELL: Your Honor, I don't know if it's
22 permissible to the Court, but sometimes to speed jury
23 deliberations and avoid delay, we can -- the parties can
24 agree to send in lunch to the jurors during deliberations.

25 THE COURT: We can do all sorts of things, but none

KM

3141

Hines - by Plaintiff - Cross/Ms. Rogers

1 of those are going to guarantee, you know -- this has been a
2 long trial, and the verdict sheet which we are -- I'm going
3 to have to work on with you all again, I think in my
4 experience, that's a lot of time for the jury to deliberate
5 and one would hope, but there is a risk, and we have to
6 think about the pros and cons of whether to have somebody go
7 into the deliberations with the possibility of not being
8 able to complete them which, you know, concerns me because
9 as much fun as this trial has been, I only want to do it
10 once.

11 So -- and then -- we were about to get to the time
12 calculations. Putting aside today, what was the consensus
13 on the allocation of time between the two sides?

14 MS. ROGERS: So putting aside today, our
15 understanding which we think mirror Plaintiff almost to the
16 second is that Defendants have taken 23 hours 11 minutes and
17 the Attorney General has taken 41 hours and 43 minutes. So
18 they are essentially ahead of us by like 12 hours.

19 MS. CONNELL: Ours are slightly different by about
20 half an hour I think so.

21 THE COURT: I can guess which direction, but all
22 right. So they are all going to be rough justice, I'm sure
23 so.

24 MS. ROGERS: Just to correct something I said, they
25 are ahead of us by 18 hours. Not 12.

KM

Hines - by Plaintiff - Cross/Ms. Rogers

1 THE COURT: Yeah. The way this will work is, you
2 know, we will get through the Plaintiff's case. If there
3 are motions by either side, the party bringing the motion
4 will bear the time of arguing the motion. Right.

5 So if -- maybe you both will make motions. I don't
6 know. It will be a little more unusual for the Plaintiff to
7 make a directed verdict motion, but I guess you can. But if
8 there are motions by both, then we will split the time for
9 who gets charged for the time to argue that motion. But
10 once we are done with all that and the Defense has started,
11 you should be able to -- I think its been a relatively
12 consistent four hours per day and just plan that out.
13 And -- but I appreciate you keeping such careful track of
14 it. But I do think it's important that we really work hard
15 to get the all the evidence in by the end of the day on the
16 14th. And so that we are ready for closing arguments on the
17 15th because you'll probably want to know everything that's
18 in and not in rather than having that happen in the middle
19 of a day. Okay. So I won't do all the math for you, but
20 you can -- you can figure it out.

21 So the Plaintiff obviously has -- and this is not
22 unusual, has spent -- has spent more of the time. So you'll
23 have to just assess how much time to spend on crossing
24 witnesses, and -- but that's the plan, and I do plan on
25 enforcing it, being done with the evidence at the end of the

KM

3143

Hines - by Plaintiff - Cross/Ms. Rogers

1 14th. So that's another -- after today, it's one, two,
2 three, four, five, six days.

3 MS. ROGERS: So after today I think there is like
4 28 hours left of trial time basically.

5 THE COURT: Is it even 28 or six more days because
6 Monday is a holiday?

7 MS. ROGERS: 24. Oh, because of Monday.

8 THE COURT: Okay. Is the jury ready?

9 (Whereupon, at this time there was a pause in the
10 proceedings.)

11 THE COURT: We received a note from one juror which
12 we will mark as Court Exhibit VIII. It's not really a
13 question. It's sort of a comment on evidence. I think I'm
14 just going to give you both a copy of the note. I don't
15 think there is anything to do with it, but you know, since I
16 have it, you should have it. It just seems to be sort of an
17 observation by one juror about evidence, so we will give one
18 to each side. I couldn't entirely make all of the words
19 out. Again, it seems to be more of a musing. So I don't
20 want to spend really too much time scrutinizing it since
21 there is really nothing to be done other than for me to just
22 give it to you.

23 Just for the public record, it just says we haven't
24 seen certain evidence of a certain thing or a certain type
25 and ends with that. So I will mark this -- can we mark that

KM

3144

Hines - by Plaintiff - Cross/Ms. Rogers

1 as Court Exhibit VIII

2 (Whereupon, the aforementioned Jury Note
3 was marked as Court's Exhibit VIII as of this date
4 by the Reporter.)

5 THE COURT: If anyone thinks there is something I
6 should do in response to this -- I don't. You can think
7 about it.

8 All right. Anything else before we get the jury?
9 All right. Let's get them. Let's get the witness. Let me
10 just -- I want to make sure we have copies of the Court
11 exhibits in one place. Ms. Hill can either keep them or the
12 court reporters can keep them.

13 I think the other Court exhibits were -- I believe
14 the Plaintiff marked transcript excerpts as Court exhibits;
15 right. So if you want to have us keep a copy of all the
16 Court exhibits, then just make sure Ms. Hill has a complete
17 set.

18 MS. CONNELL: Okay. We will confer with the
19 Defendants and make sure there is a complete agreed upon
20 set.

21 (Witness resumed the witness stand.)

22 THE COURT: It will be good if we can get to the
23 motions either right before or after the lunch break so we
24 don't have to have a stop and a start. So if we can get
25 through this witness before the lunch break, I won't object.

6 THE COURT: Please have a seat.

7 MR. CORRELL: May I proceed, your Honor?

8 THE COURT: Mr. Correll.

9 CROSS-EXAMINATION

10 BY MR. CORRELL:

11 Q Good morning, Mr. Hines. I'm Kent Correll, and I
12 represent Wayne LaPierre.

13 A Good morning.

14 Q At the beginning of your testimony today, you indicated
15 that you had some knowledge of Wayne LaPierre's knowledge
16 concerning the Marcellin contract. Do you recall testifying
17 about that?

18 MS. CONNELL: Objection, your Honor.

19 A I don't recall.

20 THE COURT: Hang on. Is that the testimony I
21 struck?

22 MR. CORRELL: I don't believe so, your Honor.

23 MS. CONNELL: Your Honor, this is what we discussed
24 before the jury came in this morning as to whether we would
25 revisit the Marcellin. That's what you struck the other

KM

3146

Hines - by Plaintiff - Cross/Ms. Rogers

1 day.

2 THE COURT: Well, there was a slide that came up,
3 and it turned out that it was based on some -- the exhibits
4 that are referenced weren't admitted into evidence, so I
5 struck the portion of that testimony. If there was
6 subsequent testimony and there was a little bit and just in
7 the last round, you can ask about that.

8 MR. CORRELL: Yes, your Honor.

9 Q You indicated that Wayne LaPierre had some knowledge of
10 the Marcellin contract earlier in your testimony; correct?

11 MS. CONNELL: Objection. Misrepresenting the
12 testimony.

13 MR. CORRELL: Well, we can read it back if you'd
14 like.

15 THE COURT: Overruled.

16 Q Do you recall testifying -- using the word "Marcellin"
17 earlier today in your testimony?

18 A I don't recall today or the other day.

19 Q Do you recall saying earlier today that Mr. LaPierre
20 knew about the indirect payments to Marcellin?

21 THE COURT: That it was your understanding of the
22 facts that he knew.

23 Q It was your understanding of the facts that he -- that
24 Mr. LaPierre knew about the indirect payments to Marcellin.

25 A I'm a little confused. I don't specifically recall

KM

3147

Hines - by Plaintiff - Cross/Ms. Rogers

1 that exact point but --

2 Q So let me make it easier for you. Do you have as you
3 sit here today any knowledge that Wayne LaPierre knew about
4 these indirect payments to Mr. Marcellin that you say you saw
5 evidence of in the documents?

6 A Not that I recall as I sit here right at this moment.
7 Maybe we were referring to specific testimony that I reviewed
8 before.

9 Q I'm getting to just your testimony as you sit here
10 right now.

11 Do you have any knowledge that Mr. LaPierre knew that
12 there were indirect payments to Marcellin?

13 A I don't recall at the moment, no. Not that I recall.

14 Q Do you have any knowledge -- personal knowledge as to
15 whether Mr. LaPierre knew that Gayle Stanford was marking up
16 invoices?

17 A Can you ask the question one more.

18 Q Do you have any personal knowledge as to whether Mr.
19 LaPierre knew that Gayle Stanford was marking up invoices?

20 A Personal knowledge as in my own direct experience with
21 the individuals?

22 Q Yes or by looking at documents.

23 THE COURT: Yeah. I think it would be helpful to
24 be clear about that.

25 Just so the jury is clear, the witness doesn't have

KM

3148

Hines - by Plaintiff - Cross/Ms. Rogers

1 personal knowledge of anything. The testimony is based on
2 his review of the record and so if you want to ask it that
3 way.

4 MR. CORRELL: Your Honor, if I could just get a yes
5 or no, do you have any personal knowledge. Then I can go to
6 the next question, do you have any secondhand knowledge.

7 THE COURT: Okay. If you want to spend the time
8 asking a witness who has no personal knowledge whether he
9 has no personal knowledge, go ahead.

10 Q Sir, can we agree that you have no personal knowledge
11 of any of the facts of this case; correct?

12 A Correct. If you're speaking of personal knowledge as
13 in my participation, then correct.

14 Q Right. You are not a percipient witness with respect
15 to this case; correct?

16 A No, sir.

17 Q You have looked at some documents; correct?

18 A More than some. Quite a few.

19 Q And you have said things that are based on your looking
20 at documents; correct?

21 Q And based on your looking at documents, you haven't
22 seen anything that indicates that Wayne LaPierre knew that Gayle
23 Stanford was marking up invoices; correct?

24 A What do you mean by marking up? Are you talking about
25 adding a percentage on top of invoices or adjusting the

KM

3149

Hines - by Plaintiff - Cross/Ms. Rogers

1 descriptions.

2 Q I am talking about adding a cost, a charge to an
3 invoice.

4 A I don't recall specifically anything that indicated Mr.
5 LaPierre's knowledge of that as I sit here today.

6 Q And you didn't see anything that indicated that any of
7 those invoices were sent to Wayne LaPierre; correct?

8 A I don't believe so.

9 Q Okay. So as you sit here today, you can't say that Mr.
10 LaPierre was aware of -- that those -- that Gayle Stanford was
11 doing anything to these invoices; correct?

12 MS. CONNELL: Objection.

13 Q I'll withdraw the question and go to the next one.

14 Q Do you know whether Wayne LaPierre has paid for any of
15 the flights that you included in your summary?

16 A I'm generally aware that there's been some
17 reimbursements, but I don't know specifically.

18 Q But you didn't include those in your summaries?

19 A No. Those are summaries of the invoices that were
20 submitted to Ms. Stanford.

21 Q Okay. And if you had knowledge that Mr. LaPierre had
22 paid for flights, would you have adjusted your charts to reduce
23 the figures?

24 A It would not have changed those summary of invoices
25 that were sent to Ms. Stanford from CAA.

KM

3150

Hines - by Plaintiff - Cross/Ms. Rogers

1 Q And so the numbers that you put in your demonstratives,
2 in your power point wouldn't have changed if some of those
3 flights had been paid for by Mr. LaPierre?

4 A Well, I would view the initial invoicing and billing as
5 separate and apart from any potential reimbursement. So my
6 analysis was to summarize the amount of the private charter
7 invoices and the GS2 invoices billed to the NRA.

8 Q But you didn't give Mr. LaPierre credit for any
9 payments he might have made for any of those flights; correct?

10 A Again, it was summary evidence. There is nothing to
11 credit for. I was actually just summarizing, but those
12 schedules summarized those CAA invoices and GS2 invoice.

13 Q Sir, did you see any evidence of a change in work flow
14 with respect to the MMP company during the time period you
15 looked at?

16 A Can you define change in work flow?

17 Q More services provided.

18 A I don't have any details with respect to that, no.

19 Q Did you look to see whether any additional revenue was
20 coming in?

21 A I observed additional management fees over the course
22 of a number of years, certainly.

23 Q Did you see additional revenue coming to the NRA from
24 MMP?

25 MS. CONNELL: Objection.

KM

3151

Hines - by Plaintiff - Cross/Ms. Rogers

1 A What do you mean revenue? Sorry.

2 Q Money coming in to the NRA through MMP's efforts.

3 A My analysis was on the contract and the expenditure
4 portion of that, not the revenue related to the NRA or donations
5 and inflow.

6 Q Would it surprise you if the number coming in over that
7 period was \$1.7 billion?

8 MS. CONNELL: Objection, your Honor. No foundation
9 in evidence.

10 THE COURT: Sustained.

11 MS. CONNELL: Your Honor, we can connect that up in
12 our case in chief.

13 Q So fair to say that you really didn't care about how
14 much money MMP was bringing in. You only cared about how much
15 money the NRA was paying MMP when you did your analysis.

16 A I would say my analysis was focused on the specific
17 expenditures and the controls related to those expenditures
18 which is separate and apart from the receipt of donations and
19 funds. So as in a financial matter, as a controls matter, they
20 are separate.

21 Q And you are an accountant; right?

22 A I am.

23 Q You know what materiality means?

24 A Yes.

25 Q Did you make any attempt to make a materiality

KM

3152

Hines - by Plaintiff - Cross/Ms. Rogers

1 determination by comparing the cost versus the benefit that the
2 NRA was getting from this relationship with MMP?

3 MS. CONNELL: Objection, your Honor.

4 THE COURT: Overruled.

5 A Again, I did not look at the revenue reflected from
6 that particular arrangement which would be separate and distinct
7 from the expenditures. Nor do I think you would do a
8 materiality analysis purely based on the ratio of that number.

9 In my experience, it's not how materiality is done, and
10 it would consider both the quantitative and qualitative factors
11 with respect to the arrangement.

12 Q Let's talk about quantitative.

13 What would be a typical range of materiality in terms
14 of percentage in your view?

15 A Materiality of what?

16 Q Of forensic risk analysis looking for fraud risk
17 indicators.

18 A Well, typically, materiality is in reference to either
19 financial statements or internal controls.

20 With respect to internal controls, materiality is
21 typically looking at the likelihood of a risk occurring and the
22 potential for that to have an impact on the financial
23 statements.

24 Where I do analyses in the forensic world, materiality
25 can be focused on specific subparts of a financial statement.

KM

3153

Hines - by Plaintiff - Cross/Ms. Rogers

1 It can be on specific transactions. It can be on specific
2 contracts. So I think the question is generally too broad for
3 me to answer that specifically.

4 It's purely facts and circumstances based, but you
5 would consider the magnitude of the dollars. You would consider
6 other factors qualitative.

7 Q So as you sit here right now, you can't give us a range
8 of one percent to ten percent or anything in between that might
9 be -- kind of bracket your analysis in terms of materiality with
10 respect to the -- this assignment? This particular assignment.

11 A Well, again, there is different benchmarks for
12 materiality, some based on a percentage of revenue or a
13 percentage of change in assets. So obviously, it's highly
14 dependent on the particular facts and each particular
15 materiality assessment.

16 Q What is your hourly rate?

17 A In this matter \$520 an hour.

18 Q How much hours did you spend working on this case?

19 A Hundreds. I don't know exact number.

20 Q Did you enter into a contract with respect to this
21 work?

22 A Yes. We have a contract with the State -- the Attorney
23 General's Office.

24 Q Did you sign the contract?

25 A I believe I did with our financial group that handles

KM

1 all the contracting processes.

2 Q Did anyone else sign the contract for your firm?

3 A I honestly don't recall.

4 Q How many people signed the contract for the AG?

5 A I don't recall.

6 MS. CONNELL: Objection, your Honor.

7 Q Who signed the contract for the AG?

8 A I don't recall.

10 A I would agree with that, not necessarily. It could.

11 Q Do you know who Pete Ricketts is?

12 A No.

13 Q Governor of Nebraska?

14 A No.

15 Q You tabulated a bunch of flights to Nebraska. Why did
16 you pick Nebraska?

17 A I was asked by the Attorney General's office to include
18 that as one of the categories.

19 Q And did they tell you why they asked you to include
20 that?

21 A I -- my understanding is that it was a destination that
22 they found was related to Mr. LaPierre's flights.

23 Q Did they tell you why they found it of interest?

24 A I understand it is where certain family members live.

25 Q And it is also where Governor Pete Ricketts lives,

BP

2 A It may be.

5 A That's not information that's available on the
6 itineraries.

7 Q Did you see any indication in the documentation that
8 there were gun shows in Nebraska?

9 A Again, that's not on the --

10 Q So, Mr. LaPierre could have been traveling there for
11 gun shows; correct?

12 A It is possible.

13 Q Did you see any indication that there were friends
14 dinners, friends of the NRA dinners that were held in Nebraska?

15 A Again, that's not on the itineraries or the Stanford

17 Q And the attorney general didn't tell you that any
18 friends dinners were held in Nebraska; correct?

19 MS. CONNELL: Objection, your Honor.

20 MR. CORRELL: Your Honor, it is fair enough. They

22 THE COURT: There's nothing unfair about the

25 MR. CORRELL: Mr. LaPierre will testify to it when

BP

1 he comes on in the case in direct.

2 THE COURT: Overruled.

3 Q Do you know whether pheasant hunts are held in Nebraska
4 for NRA members and supporters?

5 A No.

6 Q So, when you did what the AG told you and just added up
7 trips to Nebraska, were you trying to get the jury to believe
8 that these were all trips to see his family in Nebraska?

9 A I was not trying to get the jury to believe anything.
10 I was preparing summary evidence and summarizing information in
11 the format I was asked to summarize it, yes.

12 Q Based on the AG's request; correct?

13 A Based on my discussions with counsel about the
14 schedules, yes.

15 Q And were you asked to segregate out the flights that
16 landed in Kearney, Nebraska, versus the flights that landed in
17 Kearney, Nebraska, versus the flights that landed in Omaha
18 versus the flights that landed in Rapid City?

19 A No, but that detail was all included in the summary
20 evidence prepared.

21 Q Assuming the itinerary is properly or do include the
22 destination cities you just mentioned, did the AG also ask you
23 just to hone in on flights to the Bahamas?

24 A No. It was one of the categories; but, obviously,
25 there's a schedule that had every single invoice included in

BP

3159

E. Hines - by Plaintiff - Cross/Mr. Correll

1 that particular supporting information.

2 Q Well, did you come up with the idea of focussing on the
3 Bahamas on your own or was that something the AG gave to you?

4 A No, it was in discussion with the AG and, also, in
5 understanding certain allegations in the case.

6 Q Did they tell that you Mr. LaPierre went to the Bahamas
7 every year for a celebrity retreat to try and develop
8 relationships with celebrities to benefit the NRA?

9 A I understand that's one of the concepts. I don't have
10 specific -- it's not certainly something that was told to me. I
11 recall reading that certain information.

12 Q But you didn't separate out the data for those trips
13 from any other trips Mr. LaPierre took to the Bahamas; correct?

14 A I'm not sure how I would do that, but --

15 Q Well, how about by date? Do you know the celebrity
16 retreat was held each year in December?

17 A That's possible. I don't know that.

18 Q And do you know that the allegations that Mr. LaPierre
19 traveled to the Bahamas during off season in the summer where he
20 stayed on David McKenzie's yacht?

21 MS. CONNELL: Objection, your Honor.

22 THE COURT: Well, the objection is overruled. You
23 said, Yes, I am aware of that?

24 THE WITNESS: I'm generally aware based on looking
25 at flight information at what points Mr. LaPierre and others

BP

2 Q So, you could have segregated out the flights in
3 December from the flights in the summer; correct?

4 A Again, they're all included in the same detailed
5 schedules, but that same information in it so it's in there.

6 Q But the AG didn't ask you to filter the data in that
7 fashion; correct?

8 A No. Again, it is summary evidence, summarizing the
9 information across the population of invoices, which is what I
10 do.

11 Q Do you know who Larry the Cable Guy is?

12 A I heard of him, yeah.

13 Q Do you know where he lives?

14 A I don't.

15 Q Nebraska. I'll represent to you he lives in Nebraska.
16 Do you know that he's an NRA supporter?

17 A No.

18 Q Do you know whether Wayne flew to Nebraska to meet with
19 Larry the Cable Guy?

20 A I do not.

21 Q Do you of any basis for suggesting that Wayne LaPierre
22 knew about any flights taken by Tony Makris when he wasn't
23 present?

24 A Can you ask the question again?

25 Q Yes. Do you have any basis for suggesting to the jury

BP

3161

E. Hines - by Plaintiff - Cross/Mr. Correll

1 or anyone else that Wayne LaPierre knew about flights Tony
2 Makris took when Wayne wasn't present?

3 A I'm not sure if -- are you referring to the summary
4 schedules for the CAA invoices.

5 Q Let me ask it another way. Did you include flights or
6 invoices for flights listing Makris as a passenger when Wayne
7 LaPierre was not listed as a passenger?

8 A I believe so.

9 Q And do you have any idea whether Wayne LaPierre was
10 aware that Tony Makris had taken those flights?

11 A I don't have any direct personal knowledge about that.

12 Q So, to the extent that your data might have suggested
13 that Wayne knew, that is pure supposition; that would be pure
14 supposition on your part, correct?

15 MS. CONNELL: Objection, your Honor.

16 THE COURT: Overruled.

17 A I'm not sure it suggests one way or another.
18 Obviously, the information summarizes those CAA invoices given
19 the attributes and facts included on them.

20 Q In the course of your work, your millions of dollars of

19 Woody Phillips caused the NRA; correct?

20 A Again, I haven't calculated.

21 Q And that's why you can't say, right?

22 A I can't say because I haven't performed that analysis.

23 Q All right. And you're not offering any specific
24 opinion about what intent Woody Phillips had; are you?

25 A No.

1 Q Okay --

2 A My experience intent is a legal conclusion, and I'm not
3 rendering a legal conclusion.

4 Q So, you're not saying that Woody had any bad intent or
5 did anything wrong; are you?

6 MS. CONNELL: Objection, your Honor.

7 THE COURT: Overruled.

8 A Again, no, my understanding --

9 Q Okay, I don't want your understanding.

10 Are you able -- have you formed an opinion, have you
11 formed an opinion about Mr. Phillips' intent?

12 A No.

13 Q And, therefore, you can't say whether he's done
14 anything wrong with intent; isn't that true?

15 MS. CONNELL: Objection, your Honor, whether he's
16 done anything wrong --

17 THE COURT: Overruled. You can answer.

18 These are yes or no questions. You can answer them
19 yes or no; or if you don't think you can, you can explain
20 why.

21 A What was the -- what was the last question?

22 Q That you're not saying that Woody Phillips acted with
23 intent knowing something he did was wrong; are you?

24 A No.

25 Q Okay. You haven't specifically calculated any damages

BP

1 caused by Woody Phillips; have you?

2 A No.

3 MS. CONNELL: Objection.

4 Q You said earlier that you didn't interview any
5 witnesses; is that correct?

6 A Correct.

7 Q Did you ask, yes or no?

8 A No.

9 Q I assume you've read all the trial transcripts in the
10 last four, five weeks that we've been here; is that right?

11 A Not a single one.

12 Q With your 1.1 to 1.2 million dollars you didn't think
13 it was necessary to review the people who have testified based
14 on the available transcripts here?

15 A No, I didn't want to potentially have any impact on my
16 opinions that I've already reached given in my analysis.

17 Q So, you don't know that LaPierre testified in this
18 case that Woody did work under his post-retirement agreement?

19 MS. CONNELL: Objection, your Honor. There's
20 contradictory testimony on that point.

21 THE COURT: Yeah, rather than summarizing the
22 testimony which is kind of difficult, you can ask it without
23 asking the witness to accept your characterization.

24 Q So, you don't know one way or the other what Mr. Wayne
25 LaPierre said to this jury when he testified; do you?

BP

E. Hines - by Plaintiff - Cross/Mr. Werbner

1 A No.

2 Q And you don't know what Mr. Erstling or Ms. Rowling
3 testified about the MMP contract; do you?

4 A No.

5 Q You don't know if Woody was even asked to do something
6 under his agreement that he failed or refused to do; do you?

7 A Well, based on my review of the record evidence, I'm
8 aware of just based on my understanding of testimony outside of
9 the trial from deposition transcripts that individuals were not
10 aware of his services. But if you're asking specifically about
11 trial testimony, then I'm not aware of that.

12 Q Doesn't that leave a pretty big hole in your
13 understanding if you haven't read any of the testimony from over
14 four or five weeks?

15 A No. My understanding is that I shouldn't be reading
16 trips.

17 Q Who told you that you should not read transcripts that
18 the jury has heard for the last four, five weeks?

19 A Based on my understanding.

20 Q Who told you?

21 MS. CONNELL: Objection, your Honor.

22 THE COURT: Let him answer.

23 A My understanding in discussion with counsel.

24 Q What counsel?

25 A The attorney generals.

BP

E. Hines - by Plaintiff - Cross/Mr. Werbner

1 Q They told you it wasn't necessary to read what's been
2 going on in the trial so you would know what people have
3 testified to?

4 A No, not that it wasn't necessary; but that given I'm a
5 witness in the trial, I should be cautious about reviewing
6 information, about things what happened.

7 Q You think it's careful to give opinions without
8 considering what people have said about the facts in the case?

9 A I prepared my opinion based on extensive review of the
10 facts in the case.

11 Q You think that's careful work to leave out all of the
12 testimony that the jury has heard; is that a yes or no?

13 A I do think it is careful work, and I do think it
14 considers the guidance and my extensive review of the documents
15 that I analyzed.

16 Q How much money from your understanding of the facts did
17 the NRA pay to Woody Phillips?

18 A Can you be specific about a period of time or --

19 Q You know for the ten years -- let's just take ten years
20 from 2011 to 2024. That's even more than ten years. Everything
21 that you reviewed, some of that went back to 2010 or 2011;
22 correct?

23 A Correct.

24 Q From all that ten-plus years, can you tell the jury how
25 much Woody Phillips received from the NRA?

BP

3167

E. Hines - by Plaintiff - Cross/Mr. Werbner

1 A Again, are you talking about his salary, his
2 compensation?

3 Q Is there some reason you're dancing around with this
4 question?

5 A It is not a specific question.

6 Q It is a specific question. The question is based on
7 all the work that you've done for which you've charged over a
8 million dollars, can you tell the jury -- yes or no --- how much
9 money Woody Phillips received from the NRA? Can you do that or
10 can you not do that?

11 MS. CONNELL: Objection, your Honor.

12 THE COURT: Well, it's a fair question, whether the
13 witness has that number.

14 A I do not have payroll information, so I don't know the
15 answer to his specific paycheck and payroll; but what my
16 analysis did calculate was the amount received post his
17 employment.

18 Q And that was \$170,000; right?

19 A Correct.

20 Q So, Woody Phillips received \$170,000 and you've gotten
21 over a million pursuant to your contract; correct?

22 A That would be factually accurate.

23 Q All right. Now, you know Woody Phillips retired five
24 years ago; don't you?

25 A Yes.

BP

2 Phillips, you said that he hadn't gotten any written approval
3 from the appropriate parties; correct?

4 A I'm not sure that's the exact words, but -- but that
5 the agreement with the Mr. Phillips was not subject to proper
6 review and approval.

7 Q Well, it was signed by the president of the NRA; wasn't
8 it?

9 A I believe that's true.

10 Q And it was signed by the first vice president of the
11 NRA; right?

12 A I believe there's a signature at the bottom.

13 Q So, isn't -- aren't those two signatures appropriate?

14 A They're part of the population of individuals that
15 would have to sign that contract, but not all of those.

16 Q Are you just nitpicking there?

17 MS. CONNELL: Objection, your Honor.

18 THE COURT: Overruled.

19 A Certainly not nitpicking. Those policies and
20 procedures are, one, they were set by the board a number of
21 years ago; and they're in place for a particular reason and
22 that's to ensure that the NRA complies with its own spending
23 procedures and it's an internal control feature so I don't
24 classify it --

BP

1 A I do not view that as nitpicking. I view those as
2 crucial controls with respect to the expenditures of the

4 Q Do you make room for the possibility that it was an
5 honest mistake to get the president of the association and the
6 first vice president to sign it; that that wouldn't be
7 sufficient, do you make room for that possibility that that was
8 a good-faith error? Do you make room for that possibility?

9 A Is it possible that it was --

10 Q In your mind --

11 A I'm not sure what the question is.

12 Q You're not sure of the question?

13 A No.

14 Q What don't you understand about the question? Let me
15 repeat it.

16 Do you make room for the possibility that when Woody
17 Phillips got the president and the first vice president to sign
18 his post-retirement consulting agreement, that he did that in
19 good faith?

20 A That's a possibility. I'm not offering any opinions on
21 good faith or intent.

22 Q So, you don't know if he acted in good faith or not?

23 MS. CONNELL: Objection, your Honor.

24 THE COURT: Sustained.

25 Q You had a chart that showed the out-of-pocket expenses

1 from Ackerman McQueen.

2 Do you remember that?

3 A Yes.

4 Q Let's put that up. I think that's slide 42. You see
5 this slide that has the \$2.7 million broken out that came from
6 the out-of-pocket expenses.

7 Do you remember that?

8 A Yes.

9 Q Out of that \$2,758,189, that 2.7 million, how much of
10 that money from the out-of-pocket expenses went into Woody
11 Phillips' pocket?

12 A I believe it was a small amount related to parking.

13 Q Tell the jury out of the 2.7 million from the Ackerman
14 McQueen out-of-pocket expenses, out of that 2.7 million, how
15 much went into the pocket of Woody Phillips?

16 A I don't recall the precise number. I believe it was a
17 few thousand dollars that I could identify.

18 Q Was it about \$2,000 for parking?

19 A I don't recall the exact number, but --

20 Q Well, I'm not asking you for an exact number. You said
21 it was a small number, and I want the jury having the benefit of
22 your million dollar work. How much went in the out-of-pocket to
23 Woody Phillips?

24 A Through this particular arrangement, I believe from
25 what I could identify it was 2 or 3,000 dollars is my

1 recollection.

2 Q For parking at Ackerman McQueen? Do you find anything
3 wrong with Woody Phillip getting parking when he went to
4 Ackerman McQueen offices?

5 A Other than the fact that --

6 Q Do you find anything wrong with that; yes or no?

7 MS. CONNELL: Objection, your Honor. The witness
8 was answering. He should be permitted to answer.

9 THE COURT: Agreed.

10 Q Do you find anything wrong with him getting parking at
11 Ackerman McQueen?

12 A I find given its part of the out-of-pocket expense
13 billing scheme which I do find, I do have a problem with and I
14 do think is an internal control example of internal control
15 failure.

16 Q Right --

17 THE COURT: Let him finish, please. Hang on. Are
18 you done with your answer?

19 THE WITNESS: I kind of lost my train of thought.

20 Q Let me repeat the question for you.

21 We know that you don't like the out-of-pocket
22 arrangement at Ackerman McQueen. We know that.

23 But the fact is is that all you can say that Woody
24 Phillips benefitted from that was 2 to 3,000 dollars in parking,
25 and I'm asking you do you think it is wrong that he had his

BP

1 parking paid for when he went to Ackerman McQueen; yes or no?

2 A Yes, I think it is wrong given it was not through the
3 proper overview and approval processes.

4 Q So, you fault him for the parking at Ackerman McQueen
5 in the way that it was paid; yes?

6 A Well, I fault the entire arrangement for being not
7 consistent with its own internal controls.

8 Q Right, but not to repeat the point you itemize that
9 based on your work at \$2.7 million; correct?

10 A Yes.

11 Q And there's this tiny, tiny fraction of the benefit
12 that Woody Phillips got; isn't that true?

13 A It is.

14 Q You said that you've been paid at the time of your
15 deposition between 1.1 million and 1.2 million; correct?

16 A I don't believe I said that.

17 Q What did you say?

18 A At my deposition?

19 Q As of the time of your deposition, how much had you
20 been paid?

21 A I believe it was much less than that, and the question
22 I was asked about my estimate for this case.

23 Q Oh, so have you put that much more work into it since

9 Q Yes.

10 A I don't have the exact date, but that sounds consistent

12 Q Okay. And you know that Mr. Frazer led the effort to
13 have the organization adopt that policy in January 2016; right?

6 MR. FLEMING: I can connect it later. I can assure

8 THE COURT: Go ahead.

9 Q Are you aware that your client has characterized that

11 A I believe I was aware of this from my deposition.

12 Q Are you also aware that they have characterized that
13 the policy defines conflict of interest more broadly than
14 required by New York law?

15 A I don't recall that specifically.

16 Q Now, did you learn in part of your work that Mr. Frazer

18 A I don't -- I believe I have a recollection that that is

21 Q Okay, and you would view expanding a questionnaire to

1 Q Now, you reviewed a lot of e-mails as part of your

3 A Yes.

4 Q Now, did you know that Mr. Frazer from these e-mails
5 worked with the NRA's Financial Services Division accountants to
6 crosscheck to determine whether any payments were made to board
7 members?

8 A I don't recall that specifically from e-mails.

9 Q Okay. Well, if that happened as a way of detecting
10 whether a payment was made to a board member who had not
11 disclosed a conflict of interest or related-party transaction,
12 that would be an additional measure that you would consider
13 good; is that right?

14 A I would agree so as long as the crosscheck was thorough
15 and looked in the various ways and places that payments might be
16 made.

17 Q Well, if they look at the accounts payable function to
18 see if payments were made to known directors, that would be what
19 you're talking about?

20 A That would be one step. I just also observed in my
21 analyses that some payments to directors were not always in the
22 general ledger or identifiable as such.

23 Q But that step, if it was taken, would not be a
24 negative; is that right?

25 A No.

BP

8 MR. FLEMING: Well, your Honor, I mean, the cross
9 is about his analysis.

10 His testimony is about his analysis, and his
11 analysis is based upon a review of the minutes. I don't
12 know how I could be foreclosed from asking about that.

13 THE COURT: Well, your crossing his testimony at
14 trial. Not his -- and if you think some of his prior work

16 MR. FLEMING: It's not a inconsistency, but he

18 MS. CONNELL: Your Honor, we haven't seen the

1 do that. But if it's separate things that he hasn't talked
2 about the fact related to, then that's beyond the scope. If
3 you think it goes to the facts that he testified to -- many
4 times he was assuming or based on his understanding, and if
5 these are facts that go to his things that he told the jury
6 he was basing his opinion on, that's fine.

7 Q Mr. Hines, you testified, did you not -- correct me if
8 I'm wrong, that related-party transactions were not approved by
9 the NRA until late 2018, 2019. Isn't that what your testimony
10 was?

11 MS. CONNELL: Objection.

12 THE COURT: Overruled.

13 A I think it sort of mischaracterizes.

14 Q How? Tell me how it does.

15 A I believe my testimony reflected that the transactions
16 with related parties included board members typically were
17 not -- prior -- did not receive prior approval from the Board or
18 Audit Committee and lacked written contracts or properly
19 authorized contracts.

20 I don't recall specifically addressing the timing or
21 minutes that you just referred to.

22 Q But you reviewed minutes, right, by the Audit
23 Committee?

24 A I have reviewed certain minutes, yes.

25 Q And you saw that those minutes at least reflected that

KM

3181

Hines - by Plaintiff - Cross/Mr. Fleming

1 the Audit Committee had addressed related-party transactions;
2 isn't that true?

3 A My recollection is that the minutes in some instances
4 reflected a discussion about related parties.

5 In some instances, it was unclear exactly what was
6 discussed or whether the minutes were signed or formalized or
7 not. And in some instances, there were related-party
8 transactions with board members that were specifically included
9 in minutes, and I don't recall all the specifics in terms of
10 timing.

11 My recollection is the documentation around that was
12 very inconsistent and unclear.

13 Q Okay. If it was unclear, that's fine, but I'm asking
14 you a separate question. I'm asking you whether the minutes
15 showed correctly or incorrectly that the Audit Committee
16 addressed related-party transactions in 2016.

17 MS. CONNELL: Objection, your Honor.

18 THE COURT: Overruled.

19 A I don't -- my recollection is that there is a reference
20 to a discussion of related-party transactions. I don't know
21 what you mean by the Board addressed in this particular
22 instance, but there is a reference to that term. But again, I'm

6 that Mr. Butz's arrangement, Ms. Froman's arrangement and Ms.
7 Hammer's arrangement were discussed in minutes by the Audit
8 Committee; right?

9 MS. CONNELL: Objection, your Honor. Move to
10 strike.

11 THE COURT: That's overruled.

12 A I don't recall specifically what the minutes

14 individuals, and I can't recall if it's specific to discussion
15 about the existence of some of those arrangements or approvals
16 or not. It's --

17 Q Well, you asked me what I meant by "addressed."

18 You saw those minutes that the Audit Committee voted

2 set of notes that you went through that I didn't admit, but
3 there is also Audit Committee minutes where there are
4 indications of committee review. I just don't know --

5 MS. CONNELL: We don't know the time. It's very
6 unclear what timing we are specifically speaking about with
7 some of those questions, and we are I think getting into --

8 THE COURT: No. It's hard for us to keep in our

10 MR. FLEMING: There is an exhibit that has not been
11 admitted that we have tried to several times off of their
12 exhibit list to try to get admitted.

13 THE COURT: Well, I can explain to you during a
14 break why I haven't admitted it.

15 There are actual minutes that do address board
16 member compensation, I believe, so you can ask that.

17 MR. FLEMING: I'm not sure I'm following. You're
18 talking about from admitted exhibits?

19 THE COURT: I'm distinguishing from formal board
20 members that have been admitted into evidence where there is
21 discussion of related-party transactions, and there is one
22 that, you know, I'm not going to discuss in front of the

1 there, but the only reason this becomes important is because
2 the Attorney General is creating a -- presenting a position
3 that these -- those approvals didn't occur until much later.

4 THE COURT: Well, the jury has heard all of the
5 evidence about it so -- and you can argue to the jury based
6 on the evidence that's coming in what was reviewed at
7 various times. So I'm not sure -- it's difficult to -- the
8 way you're questioning the witness without a specific
9 document is a little vague.

10 MR. FLEMING: I agree. It's part of the difficulty
11 I wrote your Honor about but --

12 THE COURT: Well, some documents are exhibits and
13 some are not.

14 Q Now, Mr. Butz's arrangement started in 2002; correct?

15 A I believe that's correct, yes.

16 Q Okay; and Ms. Froman's started in 2013; is that right?

17 A That sounds correct; yes.

18 Q And Ms. Hammer's started in or about 2004; right?

19 A As far as I'm aware.

20 Q And Mr. Frazer started in his position in 2015; is that
21 correct?

22 A I don't recall the exact date, but that sounds correct.

23 Q Do you recall that he started in those positions after
24 those arrangement were entered into by -- with those board
25 members?

KM

Hines - by Plaintiff - Cross/Mr. Fleming

1 A That sounds correct; yes.

2 Q Now, do you have any dispute with the fact the Audit
3 Committee putting aside the time period ratified each of those
4 transactions?

5 A I believe there is -- my recollection is there is some
6 ratification at some point.

7 Q And you understand when the Audit Committee ratifies a
8 transaction they are saying that that transaction is fair,
9 reasonable and in the best interest of the NRA; right?

10 MS. CONNELL: Objection, your Honor. This speaks
11 to the legal conclusion under 715J.

12 MR. FLEMING: It's fact.

13 THE COURT: You mean, the actual document in which
14 they approve that says those words.

15 MR. FLEMING: That is what ratification and
16 approval of the Audit Committee means.

17 MS. CONNELL: Your Honor --

18 THE COURT: Well, in this specific exhibit, I think
19 the jury has seen those words are used.

20 MR. FLEMING: They are, and they are used for a
21 reason.

22 THE COURT: That's what you're referring to.

23 MR. FLEMING: That's right.

24 Q Did you answer?

25 A I lost the question.

KM

3186

Hines - by Plaintiff - Cross/Mr. Fleming

1 Q Well, the question is what you understand when
2 transactions are ratified by the Audit Committee.

3 The Audit Committee is determining that those
4 transactions are fair, reasonable and in the best interest of
5 the NRA; right?

6 THE COURT: You can't ask that question in
7 abstract. These are specific- they have seen specific
8 documents where that has happened.

9 Q But he's just testified he knows that the Audit
10 Committee at some point ratified these particular transactions.
11 And when they ratified those particular transactions, you
12 understand that they determined that those transactions were
13 fair, reasonable and in the best interest of the NRA; is that
14 right?

15 MS. CONNELL: Your Honor, I'm going to object to
16 this, which transactions were ratified when. It makes a
17 difference.

18 THE COURT: Well, right now the question is fair
19 because he said "ever ratified."

20 Go ahead.

21 A My understanding is that those words were used at some
22 point. I don't recall the precise timing of each one of those.

23 With respect to the transactions that I discussed, in
24 some cases without specific details about the arrangements is my
25 recollection.

KM

3187

Hines - by Plaintiff - Cross/Mr. Fleming

1 Again, I don't recall the specific timing for those
2 after-the-fact Audit Committee ratifications. Obviously, I'm
3 not rendering any opinion on the legal appropriateness of that,
4 but that's my general recollection is those words were used for
5 certain individuals.

6 Q Fair enough. Now, you heard -- you testified that you
7 went through the NRA's general ledgers.

8 Do you recall the testimony?

9 A Yes.

10 Q And do you recall Ms. Connell saying those were
11 voluminous documents requiring a wheel barrow if they were
12 brought into the court.

13 Do you remember that?

14 A Vaguely, yes.

15 Q And that must have taken a lot of time I imagine to do.

16 A Yes.

17 Q Okay. Are you familiar with the form 990s?

18 A Yes.

19 Q And you reviewed those as part of your work?

20 A I certainly looked at some of those, yes.

21 Q So when you looked in those 990s, you saw, did you not,
22 that each one of those related-party transactions and the
23 contract amounts and the amounts paid to those Board of
24 Directors -- these directors were disclosed in the Form 990
25 isn't; is that right?

KM

3188

Hines - by Plaintiff - Cross/Mr. Fleming

1 MS. CONNELL: Objection, your Honor. Your Honor,
2 when was it disclosed? How was it disclosed? It's a
3 compound question.

4 THE COURT: That's for -- you can ask-- I assume
5 you're asking if they were enclosed in any Form 990 at this
6 point.

7 MR. FLEMING: It's hard to -- I can bring in all
8 the documents and show him, but right now, that's the
9 question.

10 Q Do you recall seeing those amounts paid to those
11 directors Mr. Butz, Ms. Froman, Ms. Hammer disclosed in the
12 990s?

13 MS. CONNELL: I'm going to note my objection.

14 THE COURT: When you say "the 990s", you mean all
15 of them?

16 Q Well, let's start with 2015. Do you remember it in the
17 2015 990?

18 A I recall seeing some of those disclosed at some point
19 in time in some 990. I have not committed to memory which
20 amount for which directors at which point in time.

21 THE COURT: Counsel, we are going to have to --

22 MR. FLEMING: One question, your Honor. Seriously,
23 this time. One question.

24 THE COURT: I hope it's a good one.

25 Q Do you dispute that those amounts paid to Mr. Butz,

KM

3189

Hines - by Plaintiff - Cross/Mr. Fleming

1 paid to Ms. Froman, paid to Ms. Hammer and then ultimately
2 starting in 2017 paid to Mr. Keene were disclosed in each 990,
3 2015, 2016, 2017, 2018 forward?

4 MS. CONNELL: Objection, your Honor.

5 Q Do you dispute it?

6 THE COURT: Overruled.

7 A Again, I have not committed to memory each one of those
8 disclosures, so I don't know the answer to that question as I
9 sit here right now.

10 Q Well, that wasn't the question. The question was do
11 you dispute it. It's a yes or no.

12 MS. CONNELL: Objection, your Honor.

13 THE COURT: I think that's asked and answered.

14 MR. FLEMING: Well, unfortunately, I'm not
15 finished.

16 THE COURT: We will pick this back up at 2:15.

17 Again, the same instructions. You are going to be
18 still on the stand during the break.

19 I'll see you all the 2:15.

7 MS. CONNELL: That's correct.

8 THE COURT: You want to do that on the record.

9 Am I correct that there is going to be some motion

18 CONTINUED CROSS-EXAMINATION

19 BY MR. FLEMING:

20 THE COURT: Okay. Mr. Fleming, you may continue.

21 MR. FLEMING: Thank you, your Honor.

22 Q I'm going to mercifully get you off this witness stand
23 soon, but I do have to show a couple of documents. So I would
24 like to go call up JFX39 for identification. It is a 990. It
25 is in evidence I don't know which document is in evidence, so

KM

Hines - by Plaintiff - Cross/Mr. Fleming

1 that's why I'm putting up this version.

2 THE COURT: So this document you know is in
3 evidence, but you're not sure if this version is.

4 MR. FLEMING: Right. The 990 is in evidence. I
5 just don't know what the document exhibit number is.

6 THE COURT: I imagine that someone in this grand
7 room knows. If you say the year of the 990, they will know
8 what number it is.

9 MR. FLEMING: 2016.

10 MS. CONNELL: I don't know if it's in under this
11 number.

12 THE COURT: I would much prefer to not have the
13 multiple exhibits which cover the same thing.

14 MS. CONNELL: It's in under PX 3565, your Honor.

15 THE COURT: I knew it.

16 MR. FLEMING: Thank you.

17 THE COURT: Does that sound right?

18 Q So Mr. Hines, as part of your work, did you review this
19 2016 NRA 990?

20 A I believe so.

21 Q Okay. If I could turn to Part VII. Thank you. And in
22 particular, the lines we talked about.

23 So Mr. Hines, are you familiar with Part VII of the
24 990?

25 A Generally, yes.

KM

3192

Hines - by Plaintiff - Cross/Mr. Fleming

1 Q Okay. What is Part VII?

2 A I believe it's disclosure related to compensation.

3 Q Okay. And I'm going to ask you to draw your attention
4 to the highlighted portions and tell me if this refreshes any
5 recollection that payments made to Ms. Froman and Ms. Hammer
6 were disclosed in the 2016 990?

7 A It would appear so.

8 Q If I can just do one more to Mr. Butz.

9 THE COURT: In the same document?

10 MR. FLEMING: It's Page 18 I believe of the same
11 document.

12 Q Mr. Hines, do you see this as well?

13 A Yes.

14 Q Okay. And you recall that this was disclosed in the
15 2016 990?

16 A It would appear so based on this. I don't recall
17 specifically just based on my memory, but yes.

18 Q Okay. And these amounts that you just seen roughly
19 accord to the amounts that you determined from the general
20 ledger; isn't that right?

21 A I they seem like they are directionally correct.

22 Q I'm certainly not testing your memory. I'm just trying
23 to avoid having to go into documents.

24 So are you familiar with the NRA's secretary's reports?

25 A Generally speaking. But are you talking about with

KM

3193

Hines - by Plaintiff - Cross/Mr. Fleming

1 respect to the Board?

2 Q Well, the report of the secretary of the NRA to the
3 Board of Directors.

4 A As part of the overall Board minutes.

5 Q That's right.

6 A Generally speaking, yes.

7 Q Okay. And did you review secretary's reports as part
8 of your work?

9 A I don't recall specifically. I may have.

10 Q Okay. Well, I'll ask the question anyway. Do you
11 recall that these amounts paid to these directors were disclosed
12 in the secretary's reports as well?

13 A I do recall some instances where there were disclosures
14 about some of these items.

15 Q Okay. I will spare showing you those.

16 Now you testified last week about something called the
17 "COSO framework."

18 Do you recall that?

19 A Yes.

20 Q And I believe you said it was the standard for internal
21 controls principles; is that right?

22 A It's a framework and provides internal control
23 guidelines and principles, yes.

24 Q Now, the COSO framework though is not law; isn't that
25 right?

KM

3194

Hines - by Plaintiff - Cross/Mr. Fleming

1 A As far as I know, yes, you're correct.

2 Q And to your understanding, the COSO framework is not
3 mentioned in the New York not-for-profit corporation law; is
4 that right?

5 A I don't know the answer to that.

6 Q Okay. Do you know whether it's mentioned in New York's
7 Estate Powers and Trusts Law?

8 A I don't.

9 Q Last question. Do you know whether it's mentioned in
10 New York's Executive Law?

11 A I don't.

12 Q Now you were also asked questions last week about the
13 NRA's vendors.

14 Do you recall the questions?

15 A Yes.

16 Q All right. Can I call up the demonstrative. Page 31,
17 I think it is. I'm going to copy Ms. Rogers if you will allow
18 me. I've learned something.

19 So you recall this demonstrative?

20 A Yes.

21 Q All right. Now, this shows -- well, before I get to
22 this, Ackerman McQueen, that was one of the vendors you were
23 asked about; right?

24 A Yes.

25 Q You're aware -- are you aware of the events of

KM

3195

Hines - by Plaintiff - Cross/Mr. Fleming

1 whistleblowers from the NRA's Financial Services Division coming
2 forward in July of 2018?

3 A Yes.

4 Q And do you recall that soon thereafter began a sequence
5 of events which resulted in the termination of Ackerman McQueen
6 as a vendor relationship?

7 A Generally speaking, yes. I don't know the exact
8 characterization, but I'm aware that Ackerman was no longer a
9 vendor.

10 Q Okay. And you understand or maybe you don't that that
11 sort of flowed from the whistleblowers' expression of Top
12 Concerns; right?

13 A My understanding is there is some relation there. I
14 don't know if that's the only driver.

15 Q And this chart talks about MMP; is that right?

16 A Correct.

17 Q Okay. Now in 2018, I'll just direct your attention to
18 the last column here where you talk about total change in
19 percentage; right?

20 A Yes.

21 Q And there is some numbers here that, you know, however
22 you want to characterize them, but in 2018, the numbers go
23 downward; isn't that right?

24 A Are you talking about the percentage change amounts?

25 Q Right.

KM

3196

Hines - by Plaintiff - Cross/Mr. Fleming

1 A They do in 2019.

2 Q Well, in 2018 which is the first 5.9 percent; right?

3 A Correct.

4 Q That's a reduction obviously from the 14 and a half
5 percent change that had occurred the prior year.

6 A That was a reduction in the increase.

7 Q Reduction in the increase?

8 A It's not a reduction in the fee. That is the amount
9 grew but by a smaller amount.

10 Q I didn't mean to imply otherwise, but it's a reduction
11 in the increase?

12 A Correct.

13 Q After that you see a change upwards. An increase,
14 nevertheless, of 0.2 percent; right?

15 A Yes.

16 Q And then this flat lines after that, so there is no
17 increases.

18 A Yes.

19 Q And your chart ends in 2021; right?

20 A It does.

21 Q And in 2022, you testified there was a renegotiation of
22 the MMP contract; right?

23 A Yes.

24 Q And a substantial reduction in the overall cost; is
25 that fair?

KM

3197

Hines - by Plaintiff - Cross/Mr. Fleming

1 A Yes.

2 Q And so in 2022, would you expect this percentage change
3 would go into negative territory?

4 A Across all three, yes.

5 Q All right. And so starting in 2018, there is a
6 definite trajectory of getting MMP under control. Isn't that
7 fair?

8 MS. CONNELL: Objection.

9 THE COURT: Overruled.

10 A I don't know about your characterization of getting it
11 under control.

12 My understanding is during that entire time period,
13 there was still contracts that had not -- contracts that had not
14 been properly authorized and no documentation for the fee
15 increases. Maybe you could clarify what you mean by "under
16 control."

17 Q Well, certainly the total change goes from -- reduces;
18 correct?

19 A The change in fee from year to year reduces.

20 Q Right. And then it goes down to zero, so there is no
21 increase; right?

22 A Correct.

23 Q And then in 2022 even though you don't have the
24 numbers, it probably goes into negative territory so that there
25 is a change for the positive in the sense of less payments to

KM

3198

Hines - by Plaintiff - Redirect/Ms. Connell

1 MMP; right?

2 A I believe that would be the case assuming the 2022
3 contract was adhered to, yes.

4 MR. FLEMING: I have nothing further. Thank you.

5 THE COURT: Okay. Anything further from the State?

6 MS. CONNELL: Famous last words, but very, very
7 brief, your Honor.

8 REDIRECT EXAMINATION

9 BY MS. CONNELL:

10 Q Could we please bring up PX 3565. Could we please go

12 Mr. Hines, did you see this -- I'm showing you the
13 document that Mr. Fleming just showed you.

14 Would you like to see the first page to make sure?

15 A No. I can see it here.

16 Q Okay. Could I please direct your attention to question
17 28.

18 Do you see that?

19 A Yes.

20 Q And that question asks whether the organization that's
21 filing this was a party to a business transaction with one of
22 the following parties, and it says a current or former officer,
23 director, trustee or key employee.

24 Do you see that?

25 A Yes.

KM

3199

Hines - by Plaintiff - Redirect/Ms. Connell

1 Q What did the NRA check off?

2 A "No."

3 Q Thank you. You can take that down.

4 Mr. Hines, to your knowledge, is disclosing amounts
5 made in someplace else within this 990 the same as having the
6 NRA's Audit Committee approve a related-party transaction in
7 advance?

8 MS. ROGERS: Objection.

9 MR. FLEMING: Objection.

10 THE COURT: Overruled.

11 A Based on my understanding, no.

12 Q Okay. Mr. Hines, you were asked about the NRA's
13 relationship with MMP; right?

14 A Yes, I was.

15 Q And you were asked whether the MMP had given any value
16 to the NRA, and you said that you hadn't specifically looked at
17 that; correct?

18 A Correct.

19 THE COURT: Leading being.

20 MS. CONNELL: I'm setting it up for a question.

21 THE COURT: Still leading.

22 MS. CONNELL: I apologize, your Honor.

23 Q Why -- would the answer to that question affect your
24 opinions in this case?

25 A Whether I looked at the fair market value.

KM

3200

Hines - by Plaintiff - Redirect/Ms. Connell

1 Q Yes.

2 A No.

3 Q Why not?

4 A Because my analysis was whether the NRA followed its
5 own policies and procedures and internal control structure, and
6 that doesn't depend on the market value of the service.

7 Q What finding, if any, did you make about that?

8 A That they were -- there were internal control
9 violations.

10 Q You were asked about the relationship -- the NRA's
11 relationship to Ackerman McQueen; correct?

12 A Yes.

13 Q How long was the NRA's relationship with Ackerman
14 McQueen ongoing that you know of?

15 A I believe it was 30 or 40 years sticks out in my head
16 for some reason.

17 Q Do you know who, if anyone, signed the 1990 services
18 agreement between the NRA and Ackerman McQueen?

19 A I believe it was Mr. LaPierre.

20 Q Okay. And do you know how long the out-of-pocket
21 expense reimbursement process was ongoing within the NRA?

22 A Based on the record I read and I've seen it and my
23 understanding of that evidence, I believe it was at least early
24 2000.

25 Q To your knowledge, did the NRA pay invoices during

KM

3201

Hines - by Plaintiff - Recross/Ms. Rogers

1 those years that just said "out-of-pocket expenses?"

2 A Yes.

3 Q You testified that in 2022, the NRA tried to
4 renegotiate a deal and you were just asked about that.

5 Do you recall that?

6 A Yes.

7 Q Did you form any opinions about that renegotiation?

8 A Yes.

9 Q And what were those opinions?

10 A That the renegotiated contracts reduced the three
11 contracts to one eliminating some of that complexity, and that
12 in my view, it called into question the reasonableness of the
13 fees and in periods prior to that under the fee arrangements
14 given what I saw and based on my understanding of the facts
15 there was fee increases were not documented and authorized and
16 concurrent with what I understand to be conflict of interest
17 issues.

18 MS. CONNELL: Thank you, Mr. Hines.

20 MS. ROGERS: Very -- just very briefly.

1 than they gave you as an exhibit.

2 MS. CONNELL: Objection, your Honor. That's an
3 unfair characterization.

4 Q The point of the question is not the characterization.
5 So withdrawn.

6 I want to ask you some questions about the other
7 version, and they are not going to be substantive questions.
8 It's sort of a process question.

9 MS. CONNELL: This is also beyond the scope, your
10 Honor, and this is -- this characterization is still just
11 very prejudicial and unfair.

12 THE COURT: Yeah. I am going to let her do this
13 because I assume she was looking at the wrong one, but you
14 are not going to take a long time.

15 MS. ROGERS: It's not going to take a long time,
16 and I am just going to hand the witness my version for
17 identification.

18 THE COURT: The incorrect version?

19 MS. ROGERS: Correct, the version that he said was
20 filtered to create today's version.

21 MS. CONNELL: May we approach? This is a version
22 that he indicated was sent in error by counsel that's not
23 the final version that he prepared. It's not the version
24 admitted, and it's wrong to have it put in front of this
25 jury earlier.

KM

1 THE COURT: I agree.

2 MS. ROGERS: I don't want to put it in front of the

4 THE COURT: Sustained.

5 MS. CONNELL: Thank you.

3 A I believe that's correct.

4 Q Do you recall how long the version of the spreadsheet
5 was that was provided by your counsel before you corrected it?

6 MS. CONNELL: Objection, your Honor.

7 THE COURT: Overruled.

8 A No.

9 Q If I represent to you that the spreadsheet was six
10 pages before you took out the entries that were wrong, would
11 that sound right to you?

12 MS. CONNELL: Objection, your Honor.

13 THE COURT: Overruled.

14 A That would sound right except for the characterization
15 of the invoices that were wrong that include duplicates that I
16 identified and removed, cancelled flights. So, the
17 characterization I did not agree with.

18 Q What about characterized the spread sheet shrunk in
19 half from six to three pages when you took out the entries that
20 were duplicates or were cancelled?

21 A I would say those individual items that were duplicates
22 were -- shouldn't have been in that spreadsheet in the first
23 place. So, shrinking by half, I don't necessarily
24 mathematically between those two pages that's correct; but the
25 final version reflects the invoices that are included on the

3 there.

4 One more thing. In the course of the documents and
5 testimony that you've reviewed, from an internal control
6 perspective, do you think the NRA did anything right?

7 A Well, I have certainly seen some instances of contracts
8 that did have signatures and review sheets and certainly things
9 along the way.

10 Q Do you have any view -- you opined earlier that it was
11 wrong for Woody to have a parking space. Do you think it was
12 right or wrong to get rid of Ackerman McQueen?

13 A I don't have an opinion.

14 MS. CONNELL: Objection, your Honor.

15 Q The Government didn't ask you if it was right or wrong
16 to get rid of Ackerman McQueen; right?

17 MS. CONNELL: Objection, your Honor.

18 THE COURT: Overruled.

19 Q You can answer.

20 A I was not asked to give an opinion on that.

21 Q And the Government didn't ask you to tell the jury
22 whether it was right or wrong to get rid of the Mercury Group;
23 right?

24 A No.

1 whether it was right or wrong to use a bidding process for
2 flights instead of using Gayle Stanford; right?

3 A No.

4 Q And the Government didn't ask you to tell the jury
5 whether it was right or wrong to appoint a new CFO who had been
6 a whistleblower who in a Federal Court described as a champion
7 of compliance?

8 MS. CONNELL: Your Honor, outside the scope. It's
9 incorporating hearsay statements that are not before the
10 jury, and the question of whether we were supposed to have
11 an expert opine on right and wrong is --

12 THE COURT: Overruled.

13 MS. ROGERS: Your Honor, they can't use speaking
14 objections to get more time.

15 THE COURT: Overruled.

16 A What was the question?

17 Q The Government didn't ask you to tell the jury whether
18 it was right or wrong to appoint a whistleblower, Sonya Rowling,
19 as CFO; right?

20 A That was not in the scope of my analysis.

21 Q The Government didn't tell you that a Federal Court
22 described her as a champion of compliance; right?

23 MS. CONNELL: Objection, your Honor.

24 THE COURT: Sustained.

25 Q So, as far as you're concerned, none of those

2 A I didn't say that one way or another. I just said --

4 your question was right and wrong, no.

5 MS. ROGERS: All right, pass the witness.

6 MR. CORRELL: Pass the witness.

14 MR. FLEMING: It is -- well, with respect to the

16 THE COURT: That's what I meant.

25 A I may have. I don't recall just by reading it here for

2 Q Okay, and the first sentence it says: "The Audit

4 Do you see that?

5 A Yes.

6 Q And I would like to draw your attention to the
7 "Disclosure of Financial Interests" paragraph and have you read
8 that to yourself.

9 A Okay.

10 Q Do you recall reading either this document or any other
11 document which indicated that the Audit Committee considered
12 related-party transactions at its March 8, 2016, meeting and
13 deferred consideration or further evaluation of the more
14 substantial related-party transactions until its meeting in

16 MS. CONNELL: Objection, your Honor.

17 THE COURT: You asked him about a box check in 990,

6 THE COURT: Well, he hasn't done anything with it
7 yet except ask the witness if he's seen it.

8 MS. CONNELL: I understand, your Honor. I'm
9 lodging an objection from earlier, preserving the objection.

10 THE COURT: Just getting warmed up?

11 MS. CONNELL: I'm getting warmed up, your Honor,
12 just getting warmed up.

13 A I may have seen this document. I've seen versions of
14 documents like this, draft versions. I can't recall if it is
15 this exact version that I'm looking at right here.

16 Q And Ms. Connell asked you a question just a moment ago
17 about how it's different -- I'm paraphrasing, so if I get it
18 wrong you correct me -- how it's different to list the amounts
19 that directors get on a 990, how that's different from an Audit
20 Committee voting to approve related-party transactions. Do you
21 recall the question?

22 A Yes.

23 Q Did I get it correctly?

24 A Generally speaking, yes.

25 Q Do you recall from any of the work that you did for the

BP

1 attorney general in this case whether you saw any evidence that
2 the Audit Committee approved related-party transactions in
3 September 2016?

4 A I don't recall specifically. There may have been, and
5 I can't recall if that's a ratification after the fact which to
6 me is much different than approval in advance.

7 I just don't recall the specific difference for that
8 particular meeting.

9 Q Well, regardless of what your view is of the difference
10 between approvals in advance and ratifications, you would agree,
11 would you not, that a ratification or approval in advance is
12 approval?

13 A It is an approval, but for my perspective as a forensic
14 accountant, it has a drastically different impact on the
15 internal controls which requires advanced approval.

16 MR. FLEMING: Nothing further.

17 THE COURT: Anything else?

18 All right, hearing nothing, sir, you're free to

20 THE WITNESS: Thank you, your Honor.

21 THE COURT: Thank you.

1 THE COURT: Okay, folks, we're going to take a
2 short break because when one side rests, there's a couple of
3 procedural things we have to take care of before we start
4 the other side so we're going to take our break a little
5 early today.

6 COURT OFFICER: All rise, jury exiting.

7 THE COURT: And the break may be a little longer
8 than usual, so.

9 (Whereupon, at this time the jury then left the
10 courtroom.)

11 Okay, have a seat. In an orderly way, can I ask if
12 there are any motions to be made at the conclusion of the
13 State's case, starting with the defense?

14 MS. ROGERS: Your Honor, the NRA moves for a
15 directed verdict on the whistleblower claim as to a number
16 of the whistleblowers specified in the contention
17 interrogatory responses, and we move for a directed verdict
18 on EPTL count one.

19 THE COURT: Anybody else?

20 MR. CORRELL: Your Honor, Mr. LaPierre moves
21 pursuant to CPLR 4401 for judgment as matter of law on the
22 second cause of action asserted against him to the extent
23 that it seeks removal pursuant to N-PCL 706(d) and 714(c),
24 the fundamental element of a cause of action for removal of
25 director or officer if the person is in fact a director or

BP

3212

Proceedings

1 officer. No proof has been adduced that Mr. LaPierre is
2 still a director or officer, so that cause of action or that
3 part of the cause of action is moot.

4 With regard to the rest of that cause of action, I
5 raise an issue that's been raised before which is the
6 question of whether the attorney general lacks authority to
7 seek relief beyond the relief provided in Section 720.
8 Particularly with respect to 720(a)(1), it is Mr. LaPierre's
9 position that the attorney general lacks authority to seek
10 monetary relief. That if the attorney general had wanted to
11 seek monetary relief, she should have sought it under 720
12 (a)(2) which requires a showing of an unlawful transfer with
13 knowledge of its unlawfulness.

14 In addition, Mr. LaPierre seeks judgment as a
15 matter of law on the sixth cause of action, which is
16 asserted under the EPTL. The attorney general has presented
17 no proof that Mr. LaPierre ever held and administered
18 property for charitable purposes pursuant to a will, trust,
19 other agreement or instrument, court appointment or
20 otherwise pursuant to law.

21 His having been an officer of the NRA was not a
22 sufficient basis on which to find that he was holding
23 property under the N-CPL. Only the corporation has the
24 power to hold property.

25 So, as a matter of fact and as a matter of law,

BP

3213

Proceedings

1 there's no claim against him. Even if there were, it is
2 duplicative of the second cause of action and should be
3 dismissed on that basis, as well.

4 The tenth cause of action should also be dismissed
5 as a matter of law because there's no proof that A) that it
6 was a related-party transaction since it related to
7 compensation of an employee; B) that any -- there was any
8 acquisition by him transferred to others, loss or waste of
9 corporate assets due to his signature of that agreement;
10 C) that he signed the agreement in an individual capacity as
11 opposed to in his capacity as an officer; and, lastly, the
12 evidence -- the AG has presented no evidence that the
13 agreement is still in force and, in fact, the evidence shows
14 conclusively that it was superseded by subsequent agreement
15 that provides for no payment whatsoever to Mr. LaPierre
16 except that the option of the NRA.

17 THE COURT: Thank you.

18 Anything from Mr. Phillips?

19 MR. CORRELL: Excuse me. One more, your Honor.

20 Mr. LaPierre takes the position that the three-year
21 statute of limitations in CPLR 214 (2) applies; and he is
22 entitled to judgment as a matter of law in dismissing all
23 claims based on any act or omission that occurred before
24 August 6, 2017.

25 MR. FARBER: The arguments that Mr. Correll made

BP

3214

Proceedings

1 with respect to the EPTL claim against Mr. LaPierre and the
2 related-party claim against Mr. LaPierre, we'd adopt those
3 for the claims against Mr. Phillips, but I won't repeat
4 them.

5 In addition, with respect to the EPTL claim, an
6 additional ground that we move on is that essentially
7 adopting an argument that the NRA made in its letter brief
8 that I -- or their memorandum of law that I think they filed
9 sometime this morning while we were in court essentially
10 arguing that all the State has proved has been violations of
11 internal policies or procedures, which we submit cannot form
12 the basis for a claim of improper administration.

13 In addition, as to the breach of duty under the
14 N-CPL claim against Mr. Phillips, there's been no proof
15 whatsoever that any of the conduct alleged caused any injury
16 or damage to the NRA; and on that basis, we think that claim
17 fails.

18 And I should add we adopt the position that
19 Mr. Correll articulated with regard to the statute of
20 limitations and any conduct preceding that date being
21 barred.

22 MR. FLEMING: Your Honor, Mr. Frazer moves for a
23 directed verdict on the entirety of the case against him.

24 We adopt, of course, many of the arguments of the
25 other defendants which apply equally. I'll just add on the

BP

3215

Proceedings

1 EPTL claim, to the extent Mr. Correll didn't address it, it
2 has been litigated for a long time that the definition of
3 trustee under the EPTL 8-1.4(a) is for an individual. They
4 have to act pursuant to a will, trust, instrument and so
5 forth, whatever the statutory language is.

6 There's been absolutely no proof of that. We all
7 raised that issue before the trial. The attorney general
8 was on notice that this was a definitional requirement and
9 there's been no proof on that.

10 And just before I forget, I also adopt the statute
11 of limitations arguments.

12 But, to address further the N-PCL argument against
13 Mr. Frazer, you know there really has been no evidence of
14 fault about against him which is a requirement. Grasso says
15 it. They define 720 as having a fault requirement, and, of
16 course, there's 717 where the proof has to be that
17 Mr. Frazer -- and this is an element of the claim as I've
18 argued in prior briefing. Mr. Frazer has to be proven --
19 and they have the burden -- of failing to discharge his
20 duties in good faith and with the reasonable care and due
21 care of a person in like position.

22 They have not done that and the statute makes clear
23 that where they have not done that, an officer of a
24 not-for-profit organization shall have no liability.

25 In fact, I would argue that the evidence has been

BP

3216

Proceedings

1 entirely to the contrary about how about Mr. Frazer from the
2 moment he started devoted the entirety of his good faith and
3 good efforts to try to improve the organization. The
4 testimony has been uncontradicted in that respect.

5 The only testimony against Mr. Frazer has come from
6 Ms. Schneider who said conclusorily that he failed to live
7 up to his duties. That's all she said. On this the
8 particulars of his failures, I believe we disproved them.
9 He met with her. He discussed with her the investigations
10 that were being done, and she didn't want to hear it.

11 Lieutenant Colonel North said that Mr. Frazer was
12 unreasonable. I think to the contrary. The evidence has
13 been clear that Mr. Frazer addressed Lieutenant Colonel
14 North's claim to the extent it was a whistleblower claim,
15 obtained outside counsel's view on it, resolved the issue;
16 and then after that the claim changed to a dispute about the
17 level of the Brewer invoices which he was reviewing, which
18 Craig Spray, the treasurer, was reviewing, which an outside
19 law firm on behalf of the insurance company which had a
20 financial incentive not to repay these expenses reviewed and
21 each time, each review resulted in an approval of these
22 expenses.

23 And, so, I view that to be reasonable as well the
24 uncontradicted testimony is that Mr. Frazer made the
25 invoices as to which Lieutenant Colonel North did not have a

BP

3217

Proceedings

1 conflict available to him and nothing was done of that.

2 So, I view that testimony to be not -- does not --
3 is not proof of liability in this case.

4 And the final piece of testimony and this is it --
5 just three -- is Mr. Cox's testimony that Mr. Frazer was
6 unqualified. Well, lack of qualifications is not a basis
7 for liability. Performance of the job is what matters.

8 And, so, I would submit that there's no basis
9 whatsoever for a 720 claim against Mr. Frazer.

10 And, lastly, to the Executive Law. The Executive
11 Law requires and we put this in briefing as well; and, by
12 the way, we have a directed verdict brief which we can file
13 when your Honor would like it.

14 You have to prove falsity is an element. You have
15 to prove responsibility for the falsity, and you have to
16 prove materiality. Our argument has been all along there's
17 been no falsity proven by the attorney general. We've
18 talked about travel expenses. We've been through that sort
19 of at length. There was a box check. The box check had
20 been checked yes as following a written policy of the NRA
21 for charter and first-class travel since Schedule J, which
22 is where that box is located since it was first inaugurated
23 in 2008.

24 We had testimony that the people advising on that
25 issue were -- one word was legends. The other word was

BP

3218

Proceedings

1 supreme reputation is the best in the world at this.

2 And, further, we showed the travel policy, itself,
3 which said in the language that this policy cannot cover all
4 situations. You have to use business judgment and common
5 sense in determining whether it is permitted; and our
6 argument has been all along throughout the entirety of this
7 case that it is commonsensical and good business judgment to
8 make sure that the executive vice president of the
9 organization arrived at his destination alive. And I don't
10 mean to be flip, but there's been lots of testimony about
11 severe security issues.

12 And so Mr. Frazer stepped into this role in 2015
13 with a seven or eight-year history of this box being checked
14 yes, had when he looked at the travel policy no reason on
15 its language to say, Hey, wait a second. We got to change
16 this. And it wasn't until 2019 -- actually in late 2020 for
17 the 2019 990 that Craig Spray, three months after the
18 attorney general had filed their complaint, spooking
19 everyone, Craig Spray decided to change the box. Craig
20 Spray had a cow about "Wayne said" approvals. Craig Spray
21 refused to sign the 990.

22 I think that's ample evidence of a reaction to the
23 attorney general having created the very climate that caused
24 this change they are now seeking to explore.

25 So, I think in these circumstances and those are

BP

3219

Proceedings

1 the falsities that I'm aware of; they said that Mr. Frazer
2 had no personal knowledge of the excess benefits Schedule L
3 disclosures in 2019.

4 I have a tough time trying to figure out what is
5 keeping him in this case, and I know I've been a broken
6 record and maybe I'm myopic and I don't see it, but I don't
7 see it.

8 So, for those reasons and others, we move for a
9 directed verdict of the entirety of the case.

10 Thank you.

11 MR. CORRELL: Your Honor, what he said I'll adopt
12 and also what Seth said.

13 THE COURT: Okay. So, before I ask the attorney
14 general about any responses, does the attorney general have
15 any motions it wishes to make?

16 MS. CONNELL: Your Honor, we wanted to move
17 particularly given the admissions that have been made in
18 this case, particularly by Mr. LaPierre as drawn out
19 particularly in a nice clean fashion by the NRA; but given
20 the way the Court is counting the time, we're just going to
21 reserve it and save for the end.

22 THE COURT: Okay.

23 So, traditionally, I have exercised my discretion
24 most of the time, and I think some of the Appellate courts
25 agree with this to defer ruling on directed verdict motions,

BP

3220

Proceedings

1 to let the trial play out to avoid -- if you make a mistake
2 on a directed verdict motion, you don't let the trial play
3 out, if it is reversed you have to do the trial again. So
4 there's all sorts of reasons not to.

5 However, while that is still going to be my view
6 with respect to a lot of what I've heard from the
7 defendants, I will say that as the evidence has un-whirled,
8 I have been watching with some increasing wariness -- that's
9 wary, not weary -- the claims against the individual
10 defendants under the EPTL, and so I do want the Government
11 to, in particular, focus on a couple of things with me.

12 I do at a high level see a fair amount of
13 duplication between those claims of the individual
14 defendants under the EPTL and the claims against those same
15 defendants under the N-PCL.

16 I have difficulty identifying any damages that
17 would be different between the two, for example.

18 I, also, note that given the overarching structure
19 of the statutory framework governing not-for-profits, the
20 EPTL and the N-CPL refer to each other a fair amount.

21 The N-CPL has various specific provisions aimed
22 right at people like the individual defendants, officers,
23 directors, key persons and goes into great detail about a
24 bunch of specific kinds of claims that one can bring against
25 those people. They're on all sorts of notice that that is a

BP

3221

Proceedings

1 statutory scheme that they are governed by.

2 The EPTL by contrast or a little interestingly has
3 a number of similar provisions. It has a related-party
4 transaction provision. It has a whistleblower provision,
5 but the focus of the EPTL is on a person called a trustee.
6 It doesn't talk about officers and directors of
7 not-for-profit corporations.

8 The NRA is very clearly a trustee under the
9 specific language of the statute, the EPTL statute; but it
10 doesn't say anything about officers and directors. So, it
11 does seem to me at a high level that the distribution of
12 responsibility between the statutes is largely that the
13 individual responsibility for not-for-profit corporations is
14 governed by the N-CPL and the focus of the EPTL is really on
15 the not-for-profit corporation, itself.

16 Now, again, the EPTL, a lot of it focuses on things
17 other than not-for-profit corporations; but so my first
18 overarching point is that it seems that these claims are
19 largely if not entirely duplicative.

20 But then the other point that the defendants make
21 is where is the evidence that they are trustees under the
22 statute? They point out that the -- the definition of
23 trustee in addition to one subparagraph that is right
24 between the eyes the NRA, specifically says a trustee is any
25 nonprofit corporation organized under the laws of this state

BP

3222

Proceedings

1 for charitable purposes. I think we've talked about the
2 fact that charitable purposes is described fairly broadly
3 including educational and other beneficial purposes in terms
4 of charitable property and trusts.

5 But when it talks about an individual, the
6 definition is "Any individual, group of individuals,
7 executor, trustee, corporation or other legal entity holding
8 and administering property for charitable purposes whether
9 pursuant to any will, trust, other instrument or agreement,
10 court appointment or otherwise pursuant to law over which
11 the attorney general has enforcement or supervisory
12 powers."

13 Now, out of that list certainly wills, trusts, and
14 other instruments don't seem to apply. Agreement, only I
15 suppose if you say that an employment agreement could apply;
16 but, again, when officers and directors, the employment
17 agreements I've seen in this case don't make any reference
18 to control any charitable assets.

19 And I, also, want to refer to one more thing and
20 I'm sorry for the long buildup here. I also noticed that
21 EPTL 8-1.4, which is the portion of the statute under which
22 this claim is brought has a couple of other things to say
23 about trustees and in particular Section C says "The
24 attorney general shall establish and maintain a register of
25 all trustees containing such information as the attorney

BP

3223

1 general deems appropriate."

2 I have not seen any evidence admitted in this case
3 that the attorney general included in its list or if it
4 created a register as was required, I have not seen any
5 evidence that any notice was provided to the many officers
6 and directors of not-for-profit corporations throughout this
7 state that the attorney general considers them to be on this
8 register of trustees.

9 So, I have real concerns as to whether people in
10 the position of these individual defendants -- well, let me
11 be more narrow. I only mean for this purpose care about
12 these three individuals. What notice would they have had
13 that they are subject to being treated as trustees under
14 this statute?

BP

1 THE COURT: Again, if one is to assume there are
2 any different obligations under this statute as compared to
3 the not-for-profit corporation law. And the final thing
4 I'll add is that as a practical matter as I work myself --
5 my way through the instructions and to some extent keeping
6 an eye on the verdict form, one of the strangely complicated
7 things that I have been running into is trying to explain to
8 the jury how the -- how they should deal with the EPTL and
9 N-PCL claims and how that flows into the damages, and it
10 does seem to me candidly that it will be a lot simpler for
11 the jury if they have a single set of claims against the
12 individual defendants under the statute that clearly applies
13 to them rather than having to try to wrestle with what
14 conceptual differences there might be between holding them
15 accountable for essentially the same conduct under two
16 different statutes that use some similar words. So when you
17 pull all that together, I see a lot of advantages -- well,
18 most importantly is the merits as to whether a reasonable
19 jury could find that these individuals were trustees and
20 that they had improperly administered charitable
21 assets and -- but also, that there is a significant benefit
22 in terms of making this case easier for the jury to
23 understand by putting all of the focus on whether they
24 violated the duties that they clearly undertook as officers,
25 directors and key persons.

KM

3225

Proceedings

1 So, all of that is a long lead-in to say that
2 although I usually don't want to dip my toe in the water of
3 dismissing a claim on directed verdict, I am -- I see a
4 number of reasons to consider doing so with respect to those
5 three claims.

6 I do want to add one other that I've been thinking
7 about. I have not go through the full list that the NRA
8 pointed to about the whistleblowers, so we may need to do
9 that in some greater details.

10 One that came up during the discussion, and I think
11 it's incorporated in what Mr. Phillips' counsel said
12 although they didn't get into it specifically, I have looked
13 at the definition of "relative" in the statute governing
14 related-party transactions, and I don't understand what the
15 rationale would be to saying that the HomeTelos transaction
16 is a related-party transaction. So that's a narrow one
17 because to be a relative, the closest -- the closest thing I
18 think is a domestic partner, but that as a very technical
19 definition, detailed definition that -- so anyway, they
20 didn't bring that up.

21 As I was going through all the instructions, I
22 couldn't figure out what the argument would be that that
23 person with whom that transaction was undertaken, how that
24 person is a relative, you know. Maybe they are a relative
25 under the internal guidelines. Maybe. I don't know, but I

KM

3226

Proceedings

1 don't see how they're relative under the statute.

2 MR. FARBER: Your Honor, I think I can answer that.

3 Their cause of action for related-party transaction
4 alleges only one related-party transaction as to Phillips,
5 and that's his post-employment consulting agreement.

6 That's actually the reason why when we were talking
7 about the verdict form, if there is going to be -- if that
8 related-party transaction claim goes to the verdict, I think
9 it needs to spell out precisely what the transaction is at
10 issue; otherwise, the jury is going to have similar
11 confusion.

12 THE COURT: So I don't have to dismiss it because
13 it doesn't exist is what you're saying.

14 MR. FARBER: You don't have to dismiss it as to the
15 HomeTelos contract because they haven't -- that's not their
16 claim.

17 THE COURT: Okay.

18 MR. CORRELL: Your Honor, to answer your question,
19 it's my understanding that the definition of "relative" is
20 the same in the statute and in the financial disclosure
21 questionnaire.

22 I would add that although there has not been a
23 formal application that there was any related party
24 transaction with Colleen Sterner, she is actually the
25 daughter of the sister of LaPierre's wife which puts her

KM

3227

Proceedings

1 outside the scope of that definition. So I would urge the
2 Court to apply that definition to her as well as to the
3 extent that the AG is planning to argue to the jury that any
4 contract with her was a related-party transaction.

5 THE COURT: Okay. So putting aside the
6 whistleblowers and seeing whether there's any specific ones
7 that I would take action on here, but the remaining issues,
8 I'm inclined not to get too deeply into. You know, I -- I
9 don't think they are ripe for directed verdict.

10 The one exception is the Statute of Limitations. I
11 am working my way through. I have received lots of
12 interesting letters. I need to resolve those for purposes
13 of various parts of the instructions. I don't think it's --
14 that's not a directed verdict kind of a motion because
15 that's just -- well, it determines what will go to the jury,
16 to what extent it will.

17 I should -- I'll make a couple of comments, and
18 just to be helpful, maybe, but we are still actively
19 considering it. The arguments that have been made -- this
20 is a tougher question than I had envisioned. I -- so far I
21 am persuaded that the statutory causes of action related to
22 related-party transactions and whistleblowers are I think
23 creatures of statute, not at common-law, and they would be
24 by the plain language of CPLR 214 the subject to a
25 three-year Statute of Limitation.

KM

3228

Proceedings

1 I'm less sure about that with respect to the N-PCL
2 717 and 720 claims because I think there is a much more
3 robust argument that those are claims that were codified but
4 which existed at common-law. And unlike the Credit Suisse
5 case in which the Court found that the legislature's
6 adoption of a statutory claim under the Martin Act would
7 punish behavior that would not be punishable at common-law,
8 here, I don't see that same argument. And so I think it is
9 much more similar to the common-law breach of fiduciary
10 duty. And if anything, maybe even a bit friendlier to the
11 defense than the common-law might be.

12 That then leaves the question of whether the claim
13 is predominantly for money damages as one ground for why it
14 might be a three-year Statute of Limitations anyway even if
15 it's considered a fiduciary duty claim. Fiduciary duty
16 claim, and I'm still considering the impact of CPLR 213
17 Paragraph 7 as to whether that claim is analogous or
18 essentially a claim by or on behalf of a corporation
19 alleging waste and similar kinds of claims and an
20 accounting.

21 There was a peculiar use of the word "account" in
22 the N-PCL. It's not as clear to me whether that impacted,
23 certainly not being tried that way as an accounting because
24 an accounting is an entirely different kind of a process
25 where the defendants have to come forward with an accounting

KM

3229

Proceedings

1 and then you -- you evaluate it. This is a claim for
2 damages which is much more similar to a traditional
3 fiduciary duty kind of a claim.

4 Anyway, talking more about that going further into
5 it than I probably want to, but I think the State should be
6 at least prepared that there is a reasonable argument that
7 I'm seriously considering that even if the 720 claim under
8 the N-PCL is not a statutory claim for purposes of CPLR 214,
9 that it is the kind of fiduciary duty claim that
10 traditionally has been subject to a three-year Statute of
11 Limitations in so far as it is asserted against the
12 individual defendants. And so I do see it as a statutory
13 oddity to all of this in that, you know, if the claims were
14 brought by the NRA, they would arguably be able to have an
15 argument for a six year statute under CPLR 213, so there is
16 a bit of a tension in my mind as to, well, what sense does
17 it make to have the Attorney General who while this is not a
18 derivative case in form, effectively, the Attorney General
19 is not seeking to recover for the State of New York, is
20 seeking to recover for funds that should go to the NRA, and
21 it is a bit of a tension to suggest that on the same facts,
22 the Attorney General can only recover to the NRA three years
23 where the NRA bringing the same claim or the, you know,
24 arguably the Attorney General suing in the name of the
25 members could arguably claim a six-year Statute of

KM

3230

Proceedings

1 Limitations.

2 I don't really want to argue this. I'm just
3 telling you the various things I am mulling in trying to
4 figure this out.

5 So with all that, and I'm sorry for this long
6 soliloquy, but I very much want to talk to the State about
7 the EPTL.

8 MS. CONNELL: Thank you, your Honor.

9 First, I want to say, your Honor, that I have no
10 doubt that you had trouble finding sort of jury charges or
11 model jury charges for the EPTL because it's an equitable
12 statute. And pursuant to EPTL 8-1.4(n), it's supposed to be
13 broadly interpreted to effectuate remedial purpose.

14 I'll note that you said --

15 THE COURT: Have they ever been listed as trustees
16 in any register that the Attorney General's put together.

17 MS. CONNELL: No, and I'll tell you why, your
18 Honor.

19 I would point you to 8-1.4(b)(9), and we believe
20 they fall under that exception. But as you know, the NRA,
21 it has filed under the EPTL every year for --

22 THE COURT: The NRA has. The NRA is is trustee. I
23 have no doubt.

24 MS. CONNELL: But your Honor, what I just pointed
25 you to is an exception to the reporting and registration

KM

3231

Proceedings

1 requirement that we think is applicable here.

2 THE COURT: Okay.

3 MS. CONNELL: And that's why there is no
4 registration that would apply to them, your Honor.

5 THE COURT: What's the cite?

6 MS. CONNELL: 8-1.4(b)(9).

7 THE COURT: Okay.

8 MS. CONNELL: It says, your Honor, "Any person who
9 in his or her capacity as an officer, director or trustee of
10 any corporation or organization mentioned in this paragraph
11 hold property for the religious educational or charitable
12 purposes of such corporation or organization so long as such
13 corporation or organization is registered with the Attorney
14 General pursuant to the section."

15 In that case, if they qualify under that, they need
16 not register. And I would say, your Honor, or that the EPTL
17 plays a special role in regard to supervising and the
18 Attorney General's oversight of charitable entities.

19 As you know the N-PCL applies to charitable and
20 non-charitable entities. The EPTL broader relief applies to
21 charitable entities, and it effectuates that purpose
22 accordingly. And your Honor, other Courts have applied the
23 definition of "trustee." You are not the first Court -- to;
24 individuals who oversee a charitable entity. You are not
25 the first Court --

KM

3232

Proceedings

1 THE COURT: I am seeing the Trump case and others,
2 you know, where the -- it's a charitable foundation where he
3 said lead director and essentially it's an opimus
4 organization. But are there cases against people like these
5 individuals? I haven't found them.

6 MS. CONNELL: Well, your Honor, I would say
7 something like Lower Esopus River Watch, LERW case, it was a
8 not for profit -- person who managed the not for profit
9 corporation affairs was deemed a trustee and liable under
10 the EPTL, and that case although that's a Supreme Court
11 opinion, it analyzes the statute in detail.

12 THE COURT: Under your reading -- your reading
13 thousands of people in the State are trustees under the
14 EPTL; right? Every director and officers of not-for-profit
15 corporation in the State is a trustee.

16 MS. CONNELL: A charitable not-for-profit
17 corporation in the State could be a trustee, your Honor.
18 Yes, they could. And that's to protect the charitable
19 assets and the charitable corporation themselves and to
20 subject them to regulation to prevent waste and loss of the
21 type that we've seen here.

22 THE COURT: Then those same people are by
23 definition subject to direct and clear scrutiny under the
24 N-PCL; right. So why do you need both?

25 MS. CONNELL: Yes, they are, but the remedies are

KM

3233

Proceedings

1 different. The remedies are different.

2 The EPTL allows broad, equitable, remedial relief,
3 and we think it kind of fills in the gap.

4 THE COURT: What broad remedial relief are you
5 seeking against these three individuals that you can't get
6 under the N-PCL?

7 MS. CONNELL: For example, Mr. LaPierre's counsel
8 just stood up and said he can't be removed under 706 or 714
9 of the N-PCL.

10 While we disagree with that, we would say, for
11 example, we can seek a bar on working as a fiduciary in a
12 New York not-for-profit or a not-for-profit that does
13 business in New York.

14 THE COURT: You can seek that only under the EPTL?

15 MS. CONNELL: Well, we think it's clear under the
16 EPTL.

17 Under the N-PCL, there are specific provisions
18 under 706 and 714.

19 We would refer you to Abrams versus Arcadipane, but
20 it's in our prior briefing.

21 MR. SHIFFMAN: It's actually a case that Mr.
22 Phillips submitted this morning. It's a case that they
23 submitted for the 213-7 argument, but in that, it also
24 asserted EPTL claims that were sustained. And in that case,
25 Judge Mazarelli for the appellate term found that there was

KM

3234

Proceedings

1 actually a six-year applicable Statute of Limitations, but
2 it dealt with the issue of 8-1.4 and claims against the
3 individuals there.

4 MR. CORRELL: Your Honor, that was pre-Grasso.

5 THE COURT: I'm still with you.

6 So again 8-1.4(b)(9), it talks about officers and
7 directors. It's true of a corporation if they hold
8 property; right. So it's -- so that determines whether the
9 registration and reporting provisions apply to those people.
10 So you're just saying that's why they are not in a register.

11 MS. CONNELL: That's right, your Honor. That's why
12 they are not in the registry. And frankly, this is meant to
13 reach -- the statute is meant to reach individuals or groups
14 of individuals who control charitable organizations and
15 entities.

16 THE COURT: So why don't we see lots of cases under
17 the statute against?

18 MS. CONNELL: We have seen a number of cases. The
19 fact is as we have told you before in general, we
20 investigate cases and either the leadership when they
21 identify someone who is breaching or has breached their
22 fiduciary duty to the organization, you know, will oust
23 them. They will try and take care of them and we resolve
24 them. Those -- we don't see a lot of cases under the N-PCL
25 either. But when you have a case like this where you have

KM

3235

Proceedings

1 such extraordinary ongoing long-running violations and you
2 know mission conduct, the EPTL is completely appropriate to
3 protect the charity and the charitable assets. Not just
4 against the organization.

5 If it didn't have the word "individual" or groups
6 of individuals there, I think it would be a stronger point,
7 but it's meant to get at the people who control that
8 organization and control those charitable assets. And your
9 Honor, we think while the EPTL may be hard to explain to a
10 jury, again, it's meant entirely for -- primarily for a
11 Court and for bench trials, but it's a valid statute that
12 applies to the defendants' conduct here.

13 And unfortunately, even though it may lead to a,
14 you know, complex verdict sheet, it's appropriate here, and
15 we think it would be wrong to not allow that claim to go
16 forward against the individual defendants.

17 THE COURT: So on the duplication front, so is the
18 only relief that is different, the barring prospectively
19 future service as a director or an officer of a charity?

20 MS. CONNELL: You know, your Honor, the language of
21 the EPTL, and I can't think of it off the top of my head
22 right now is quite a bit broader just in terms of the equity
23 and equitable relief it allows.

24 We've heard arguments from the defendants that
25 because of the statutory relief laid out in the N-PCL

KM

3236

Proceedings

1 sections or the only thing this Court can award while we
2 disagree and believe that the Court always has equitable
3 relief, that's an argument we are facing. So this is a tool
4 we should still have in our tool belt because equity should
5 be done here.

6 I mean, we heard Mr. LaPierre list down just a list
7 of things that he did last week that he now knows are wrong
8 but nothing happened to him as a result of it. You know,
9 nothing happened to him as a result. That's the type of
10 conduct that should not be permitted under either the N-PCL
11 or the EPTL.

12 THE COURT: Well, the N-PCL has a fairly aggressive
13 array of tools to address claims against officers and
14 directors.

15 MS. CONNELL: All right, your Honor, but if Mr.
16 LaPierre's argument -- let's just take one of the arguments.

17 If Mr. LaPierre's argument prevails that the Court
18 can not under N-PCL 706 or 714 have the jury determine
19 removal. Again, we disagree with that. Then removal -- and
20 under that statute, if you recall, the jury determines
21 whether there is cause for removal only. Then the Court
22 determines the length and scope of such removal.

23 If the Court finds or were to hold that that remedy
24 is no longer available, that remedy is moot, Mr. LaPierre
25 who until five days or six days ago was the EVP of the NRA

KM

3237

Proceedings

1 could return as EVP of the NRA in three weeks from now.

2 There's nothing preventing him to. He wasn't
3 disciplined. He wasn't suspended. He wasn't -- there's no
4 Board resolution that we don't know. We don't have
5 discovery, but no Board resolution that we know that would
6 prevent him from turning right back around and signing
7 another poison pill contract and getting him right back in
8 leadership. That is allowed under the EPTL. And your
9 Honor, again, if the statute applies, it applies, and it
10 should apply here.

11 THE COURT: Okay.

12 MS. ROGERS: Can I just be heard very briefly?

13 THE COURT: On this issue?

14 MS. ROGERS: Yes. So there are broad equitable
15 remedies that the Attorney General could seek using
16 corporate law if they went through the derivative standing
17 gauntlet.

18 There are procedural constraints built into the
19 NRA's corporate structure and that of any corporation, and a
20 shareholder or a NRA member or a NRA director does have the
21 power to, for example, precluding from being reappointed, to
22 propose the corporation try to claw back his salary. So
23 there's other latitudes or other kind of relief that does
24 exist, and this also reconciles the Statute of Limitation
25 issue when you think about.

KM

3238

Proceedings

1 It's perfectly appropriate that the NRA or a
2 plaintiff whose actually satisfied derivative standing has
3 more remedies available to it and has a different statute
4 available to it than the Government acting in a very limited
5 enforcement context which Grasso discusses.

6 MR. CORRELL: Your Honor, another point is the
7 Government gets reports every year which the corporation
8 wouldn't necessarily get, and they have the resources,
9 virtually unlimited resources of the taxpayers to pursue
10 anyone. They've got strong subpoena power. They've got all
11 these other agencies, so it makes perfect sense to ask the
12 Government to act promptly, to provide guidance for
13 not-for-profit corporations to not to sit back for 12 years
14 and play gotcha for organizations they don't like.

15 THE COURT: Ms. Connell, let me just ask you
16 another question just to respond. This 8-1.4 (b)(9), it
17 does -- if I'm reading the words right, it -- it's not part
18 of the definition of trustee. It's sort of a separate
19 provision about who is not covered by the registration
20 requirements, but the -- if I'm reading the syntax
21 correctly, it says, Any person who -- and then has comma and
22 a bunch of clauses talking about in their capacity as an
23 officer, blah, blah, blah, but it has to be any person who
24 holds property for the religious, educational or charitable
25 purposes of such corporation or organization.

KM

3239

Proceedings

1 How is that a fit for these three? In what way did
2 they hold property?

3 MS. CONNELL: Your Honor, "hold" clearly in this
4 context must mean control property, and a charitable
5 organization is not an empty -- it's not a physical being
6 that can itself take, hold, expend money. It has to act
7 through the actions of its officers, directors and key
8 persons. And so that clearly means control. And all three
9 of these defendants clearly controlled both the organization
10 which the EPTL applies to and the charitable assets of that
11 organization, and we've heard a lot of evidence about that,
12 your Honor, and I would just -- I would say that the
13 application of the EPTL was also -- it's a very important
14 tool in the regulation of charities. It's extremely
15 important to our office. And concerns that it may be
16 duplicative of N-PCL claims are not a reason to get rid of
17 it. At a minimum, it should be done on full briefing, I
18 would suggest to you.

19 The other thing --

20 THE COURT: Duplicativeness is a very common reason
21 for getting rid of claims.

22 MS. CONNELL: But to say that an EPTL claim can not
23 be asserted against these officers is I think, your Honor,
24 would be an extraordinary holding given the case law that
25 applies here.

KM

3240

Proceedings

1 THE COURT: Tell me about the case law. I mean,
2 maybe this is one. I mean, the ones that I've seen are
3 typically much more typical charitable foundation. You know
4 the Trump Foundation. Mr. Trump was found to be a trustee.
5 Basically it was -- you know, it's a one-person show kind of
6 situation, but with the number of not-for-profit
7 corporations that there are, it's just interesting to me
8 that there aren't a lot of examples of what I would say is a
9 vast expansion of the definition of "trustees" to say that
10 if you are a senior member -- you know, the general counsel
11 for gosh sake, you know, probably pretty far away from the
12 finance side of the house, you're by definition -- anyone
13 who gets hired as an officer of a not-for-profit
14 corporation, you are now a trustee under this statute which
15 is -- I mean, let's be clear -- is largely about -- you
16 know, it does include not-for-profit corporations for
17 charitable purposes, but it's people covered by wills,
18 trusts, estates, that kind of normal ordinary course of
19 things that goes back a thousand years.

20 I just -- I really do wonder whether somebody who
21 signs up for a job as a general counsel at a not-for-profit
22 is realizing that they are covered by normal fiduciary duty
23 law but they're a trustee.

24 MS. CONNELL: Your Honor, I mean, I would say that
25 a general counsel who year after year checks off the box

KM

3241

1 saying this is a dual filing under the EPTL and doesn't
2 familiarize themselves with the EPTL to know what that could
3 mean, that that itself is an indication --

4 THE COURT: Well, you would have to read the EPTL
5 long and hard before you could conclude that "you" means
6 every officer and every director is not only covered by
7 fiduciary duty law but is by also a trustee. It talks about
8 the individuals who are covered. It's holding and
9 administering property pursuant to a will. No. Trust? No.
10 An instrument or agreement? No. Or otherwise pursuant to
11 law. Which of them is it?

12 MS. CONNELL: Your Honor, I think it's an
13 instrument or agreement. It's the People who are -- yes. I
14 think it's people like pursuant to the NRA Bylaws and
15 pursuant to the operations of the NRA who can -- for
16 example, bind the NRA in a contract, who can spend large
17 non-nominal sums of the NRA's funds.

18 You're talking about people who control the
19 corporation. We are not talking about a low level manager
20 here. We don't have the assistant director of HR here. We
21 have the top three officers who are appointed by the Board,
22 and we have the top three salaried officers here in terms of
23 having overall oversight over the NRA.

24 (Continued on the following page.)

25

KM

3242

Proceedings

1 MS. CONNELL: And at some point they have to be
2 responsible if for years and years and years the charitable
3 assets of that corporation are being misused and the Bylaws
4 and policies set by the board are being ignored, violated
5 evaded or overridden with the help of a small group of
6 entrenched board members and like leadership; and that's
7 exactly the type of reason the statute was enacted. It was
8 enacted to give broad protections to charitable
9 organizations.

10 THE COURT: All right --

11 MR. CORRELL: Your Honor, if I may just very
12 briefly. The core holding of Grasso was the attorney
13 general does not have the authority to rewrite a statute.

14 I think the quote was the right to enforce a
15 statute does not entail the right to amend the statute.

16 And what is happening here is the AG is trying to
17 amend the EPTL to drop the word hold and administer property
18 out and include control. And it is the same kind of
19 expansion of the exposure of people who serve often as
20 volunteers for these organizations to give the attorney
21 general more power to intrude more deeply into the private
22 affairs of private citizens, and the Court has to hold the
23 line.

24 THE COURT: All right, here's -- hang on. Here's
25 my plan for this one.

BP

3243

Proceedings

1 Look, I am skeptical. I do understand that making
2 a -- I wouldn't consider a wrath decision, but a decision
3 based on an hour oral argument and no papers is on an area
4 that, you know, may have broader implications. It's maybe
5 something that I should think through.

6 So, I'll let the parties brief it and defer ruling
7 on it until I see that briefing. It is going to have to be
8 fairly quick, but I do want you to touch each of the points
9 that we've talked about.

10 I am now deferring until after trial all the
11 remaining arguments, unless there's something on the
12 whistleblower list that's very, very specific.

13 MS. ROGERS: Your Honor, so the NRA filed during
14 lunch a directed verdict motion, and we appended a chart of
15 all the whistleblowers they identify and explained
16 discretely why there's no evidence on each. For a lot of
17 them, there's literally no evidence in the record. For a
18 couple of others there are brief references; but we don't
19 think they satisfy the whistleblower elements.

20 This is a lurid and offensive claim that we
21 retaliated against whistleblowers; and so we have short time
22 to present our defense case, it would be nice to know which
23 ones are totally out of the case.

24 THE COURT: Well, if they have not mentioned some
25 of the people on that list, I would think that they are

BP

3244

Proceedings

1 precluded from seeking to add them to whatever goes to the
2 jury. I haven't kept track of the two lists, whatever one
3 they provided you and what they have been doing.

4 Ms. Connell, I don't know if you've had a chance to
5 look at their motion. Are there any that you would just
6 withdraw on the ground that you didn't get to them?

7 MS. CONNELL: Yes, your Honor. I haven't looked at
8 whatever was filed over lunch, I don't think. I don't know
9 what time this came in; but I agree, we had to as I
10 disclosed to defendants and the Court just in the interest
11 of time, we couldn't introduce evidence of every related
12 party, every conflict of interest, every whistleblower
13 transaction.

14 Just going through, Emily Cummins who's number two,
15 we have not introduced any evidence to her. As to her, so
16 we will not be raising that.

17 I think I would want to -- we're just going to --
18 actually, your Honor, if I could just reread them and get
19 back to them later this afternoon. I don't want to make a
20 snap call.

21 THE COURT: I think that's right, I'd like to see a
22 response maybe to that motion. I saw part of it was about
23 vagueness.

24 Again, the proper approach is not to just deny
25 things; but just to defer rulings until after trial so you

BP

3245

Proceedings

1 don't have to address in your briefing the vagueness point.
2 That's going to be a posttrial thing anyway.

3 And the other arguments that the defendants raise
4 and I'm not wiping them away as being insignificant; but
5 they're not the ones that I'm thinking of taking the more
6 unusual step of just terminating.

7 So, I would focus the briefing on the EPTL claims
8 and any whistleblower claims as to which there may be a
9 continuing dispute between you and the NRA.

10 And I'll have to think about when how quickly that
11 gets briefed because it is getting late early, and I'd be
12 inclined to have whatever opposition by the end of the week,
13 especially since it is very narrowly tailored pretty much to
14 the EPTL point that we've already been talking about and
15 whatever institutional concerns you have about a broad
16 ruling with respect to who's a trustee or not.

17 Again, I wouldn't necessarily have to make a ruling
18 that no officers or directors are trustees. I was listening
19 very carefully to the actual evidence that came in in this
20 actual case to see if I heard anything that sounded like it
21 came within the definition of trustee.

22 So, I wouldn't be making a broad ruling that under
23 no circumstance can an officer or director of a
24 not-for-profit corporation be a trustee, just I didn't -- I
25 did not hear evidence as to these three that led me to think

BP

3246

Proceedings

1 that a reasonable jury could conclude that they held
2 charitable assets in the way that the statute requires. So,
3 I would focus it very narrowly on that. You can make
4 whatever broad points you want, but I'm not suggesting a
5 broad ruling.

6 MS. CONNELL: I just wanted to ask for one
7 clarification. So, you want us to focus on the EPTL claims
8 as to the individual defendants or as to the NRA as well?

9 THE COURT: Just the individual defendants. I
10 think -- obviously, the NRA is a trustee by definition under
11 the statute; and I think it has admitted by making these
12 filings every year that it is covered by the statute. And
13 the fact questions about liability are the kinds of things
14 that I would not grant a directed verdict motion on at this
15 point.

16 So, all right, it took a little longer than I
17 thought, but I did want to make sure you knew I was
18 seriously thinking about those three claims.

19 MR. FARBER: Could I raise one sort of procedural
20 question, your Honor?

21 THE COURT: Yes.

22 MR. FARBER: So, this morning you indicated that
23 any time spent on these directed verdict motions should be
24 chargeable to the party who made them. I submit I don't
25 think that's appropriate in the context where we've made a

BP

Proceedings

1 motion that is -- you may not ultimately rule in our favor;
2 but, plainly, there's a strong basis for it. And in,
3 addition, with respect to the NRA's motion, the State has
4 already admitted that they failed to adduce evidence on at
5 least some of it which necessitated the NRA raising it.

6 So, I think the fair way of doing this would be to
7 allocate the time to neither party.

8 THE COURT: Good try, but no.

9 Each side makes arguments the way I would normally
10 do it. It is just an hour, but I think it is part of the
11 defense case and a good part of the defense case; so the
12 fact that it was well spent doesn't mean it is not spent.

13 So, we're going hear from the jury for the second
14 stage. Let's go get them.

15 Wait, I haven't asked if any of you need a short
16 break before we do that?

17 MR. FARBER: Can we have two minutes, your Honor?

18 THE COURT: All right, why don't we get them in two
19 minutes.

20 (Whereupon, at this time a short recess was then
21 taken.)

THE COURT: Let's reconvene here. Two quick things. The juror we talked about this morning is going to have to be excused because she cannot be here Wednesday, and then there were ten.

5

6

7

9

10

11

Second, on this briefing, I do want the defendants to address one point. Since part of what their argument is on duplicativeness, I would like to know whether they believe that any of the relief that is sought against them under the EPTL claim is beyond my equitable power in fashioning relief if there is liability under the N-PCL.

12

13

14

15

16

17

So, if you're going to make the argument later that some relief that is specifically called for or by case law permissible under the EPTL cannot be also granted under the N-PCL that undermines the duplicativeness portion of your argument, which is not the whole thing, but I would like to know your position on that so it is not just up in the air.

18

20

21

22

Finally, you have a demonstratives objection?

MS. CONNELL: Yes, your Honor. Last night we -- within the 24-hour rule I think -- we got demonstratives for the proposed expert witness and you've gotten our letter regarding Mr. Sullivan.

23

24

25

But, also, we got demonstratives for a fact witness, and I gather there will be more for fact witnesses coming up and we're -- we object to demonstratives. First,

BP

3249

Proceedings

1 we object to getting the documents and demonstratives late.
2 But, moreover, these demonstratives we don't think are the
3 type of traditional type of demonstratives that allow the
4 fact witnesses. We think they're sort of intended to do
5 what defendants objected, and we had to modify Mr. Hines
6 who's an expert slides to do which is kind of put down
7 facts, just offload facts this witness may not be able to
8 testify to with the foundation in front of the jury.

9 THE COURT: Yeah, my -- well, I don't want to
10 assume since I haven't seen them all, but demonstratives of
11 a fact witness are a different kettle of fish and much more
12 concern about prompting as to substantive testimony than I
13 would worry about with an expert who was writing their own
14 chart.

15 So, anything in particular -- who's the first
16 witness?

17 MS. ROGERS: Our first witness will be Congressman
18 Bob Barr.

19 THE COURT: Is there any demonstratives that relate
20 to that witness? Because we're probably not going to get
21 past one witness.

22 MS. ROGERS: I don't believe so, no.

23 MR. THOMPSON: These are the second witness,
24 Mr. King, your Honor.

25 THE COURT: Why don't we get the first witness out

2 COURT OFFICER: All rise, jury entering.

3 (Whereupon, at this time the jury then entered the
4 courtroom.)

5 THE COURT: Okay, please have a seat.

6 We're now shifting to the defense portion of the
7 case.

8 And so I'll ask the defendants, who is your first
9 witness?

10 MS. ROGERS: Thank you, your Honor. The NRA calls
11 Congressman Bob Barr.

2 MS. EISENBERG: Good afternoon, ladies and
3 gentlemen of the jury. Can you hear me?

4 DIRECT-EXAMINATION

5 BY MS. EISENBERG:

6 Q Good afternoon, Congressman Barr.

7 A Good afternoon, ma'am.

8 Q Can you please tell us a little bit about your
9 background?

10 A I live in Atlanta, Georgia. I have lived in Atlanta,
11 Georgia, since the late 1970s. I moved to Atlanta after working
12 up here in Virginia, the District of Columbia for a number of
13 years. Worked for the CIA, went to law school and grad school
14 here in Washington DC, and then moved down to Georgia in the
15 late 1970s to practice law. I've practiced law off and on ever
16 since then, including currently.

17 I was appointed by former President Reagan to serve as
18 the United States Attorney for the Northern District of Georgia
19 which is headquartered in Atlanta. In 1986, I was honored to
20 serve in that capacity for approximately four years. Went back
21 to the practice of law. Was elected to the United States
22 Congress, the House of Representatives from the 7th District of
23 Georgia in 1994, served there until early 2003 after which time
24 I went back to the private practice of law and have engaged in
25 other activities such as writing articles for various electronic

BP

1 newspapers and others.

2 THE COURT: Well, we'd like to consider ourselves
3 the first capital of the United States. We're not the
4 current capital, so we're not quite here in DC right now,
5 but with that, you can go ahead.

6 MS. EISENBERG: Thank you, your Honor. Thank you,
7 Congressman.

8 Q Did there come a time when you ran for president of the
9 United States?

10 A I did. I was the libertarian part of nominee for
11 president in 2008, obviously, unsuccessful, counsel.

12 Q Did there come a time when you worked with the ACLU?

13 A I did. After leaving the Congress in early 2003, I did
14 work on privacy issues and surveillance issues for both the ACLU
15 and the American Conservative Union or ACU at the same time. I
16 was not employee of the ACLU, but I was a consultant for them on
17 privacy issues.

18 Q Did there come a time when you became involved with the
19 NRA?

20 A Yes.

21 Q Please tell us about that?

22 A I was elected to the board of the National Rifle
23 Association of America in 1997. I served on the board ever
24 since then, being elected every three years -- being reelected
25 every three years since then.

BP

3253

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 Q What position do you currently hold on the board?

2 A In addition to being a board member, I currently serve
3 as the first vice president of the NRA.

4 Q How did you become the first vice president of the NRA?

5 A I was nominated for that position and elected to that
6 position by the NRA board of directors in I think it was May of
7 last year, 2023.

8 Q Who serves as the NRA's president and second vice
9 president currently?

10 A The current president of the NRA is Charles Cotton.
11 The current second vice president is David Coy.

12 Q I apologize, I just want to make sure we have water for
13 you.

14 A I have some right here.

15 Q You're all set, okay. Good, thank you.

16 Coming back to your board service, in your capacity as
17 a board member or first vice president, are you compensated for
18 your time?

19 A No. I've never been compensated by the NRA either as a
20 board member or as the first vice president.

21 Q And is it fair to say that the NRA's board has a number
22 of standing committees?

23 A It does.

24 Q Have you served on a committee?

25 A I have served on various committees. I'm a long-time

BP

3254

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 member of the legislative affairs committee given my background
2 in legislation, and on the international affairs subcommittee;
3 and currently as the first vice president, I'm a member of all
4 standing committees.

5 Q Let's talk a little bit about the international affairs
6 subcommittee of the legislative affairs committee. Can you he
7 please tell us a little bit about its purpose?

8 A Certainly. Although, the primary focus and main
9 activities of the National Rifle Association are domestic
10 oriented; that is, with our 2nd Amendment rights here in the
11 United States, since the year 2001 the United Nations has become
12 involved in a number of ways on firearms issues. And insofar as
13 those policies can impact our rights here in this country, our
14 National Rifle Association international affairs subcommittee
15 follows those issues very importantly so that we're aware of any
16 problems that might crop up.

17 Q Since becoming first vice president, have you had
18 occasion to attend meetings of the NRA's Audit Committee?

19 A I have.

20 Q And while doing that, have you formed any impressions
21 about the committee's work?

22 A I have.

23 Q What are they?

24 A As a regular board member for many years, I was not
25 intimately aware of or familiar with the work of the Audit

BP

3255

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 Committee; but, certainly, as first vice president now and
2 having attended the various Audit Committee meetings since
3 becoming first vice president, I've been very impressed with the
4 thoroughness, the professionalism, and ethics that are displayed
5 by the Audit Committee in carrying out its very important
6 responsibilities.

7 Q Who is Robert Mensinger?

8 A Robert or Bob Mensinger currently is the managing
9 director for compliance for the National Rifle Association.

10 Q And were you involved in any way in bringing him on
11 board?

12 A I was.

13 MR. THOMPSON: Objection, your Honor, relevance.

14 THE COURT: Overruled.

15 Q You may answer.

16 A Yes, I am and I was.

17 Q What was the nature of your involvement?

18 A I had the opportunity when we were looking at
19 Mr. Mensinger to come on as our managing director of compliance
20 to interview him in person, to review thoroughly his background
21 and CV and was very impressed with the talents that he brought
22 to the possible position as compliance with the NRA.

23 Q Is the NRA in the process of potentially amending its
24 Bylaws to create a new officer position?

25 A Yes, they are.

BP

3256

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 MR. THOMPSON: Objection, your Honor.

2 THE COURT: Sustained.

3 Q Did there come a time when the Audit Committee had a
4 meeting with Wayne LaPierre pertaining to certain repayments
5 that he had made to the NRA?

6 A Yes.

7 Q Did you attend that meeting?

8 A I did.

9 Q Please tell us about it?

10 A I don't remember the exact date of the committee.

11 THE COURT: Hold on.

12 MR. THOMPSON: Hearsay and no discovery into this
13 issue, your Honor. Need a foundational question as to
14 whether this meeting occurred, your Honor.

15 THE COURT: Are you saying that this was barred
16 from discovery on privilege grounds?

17 MR. THOMPSON: This occurred in the last -- since
18 November we think or something along those lines.

19 THE COURT: Overruled.

20 Q Please tell us about that meeting between the Audit
21 Committee and Wayne LaPierre?

22 A Okay. Again, as first vice president, I am a member of
23 the Audit Committee and have attended all of the meetings since
24 assuming that position. And there was a meeting just a few
25 months ago at which Mr. LaPierre attended and presented to the

BP

3257

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 Audit Committee or discussed with the Audit Committee repayment
2 of number of expenses that had been paid to him, not intended to
3 be paid to him by the NRA.

4 Q Did the NRA or anyone at the NRA conduct any type of
5 quality control with regard to his repayments?

6 MR. THOMPSON: Objection, same objection. No
7 discovery into this issue, your Honor, and hearsay.

8 THE COURT: Overruled.

9 A Yes.

10 Q What is your understanding of that?

11 A At that meeting which Mr. LaPierre made his
12 presentation, our treasurer, CFO Ms. Sonya Rowling was present
13 and stated that she had reviewed the materials presented by
14 Mr. LaPierre and agreed that they -- that they appeared to be
15 what he presented them as comprehensive.

16 MR. THOMPSON: Your Honor, just move to strike on
17 hearsay.

18 THE COURT: Let me -- have you requested -- you
19 know about this meeting. Have you requested information and
20 not been provided it?

21 MR. THOMPSON: This was the subject of our motions
22 in limine, your Honor, in lack of discovery in 2023.

23 THE COURT: My question was did you ask for
24 information and not received it?

25 MR. THOMPSON: In our motions in limine we asked to

BP

3258

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 preclude discussion of this or else discovery --

2 MS. ROGERS: Your Honor, the answer to your
3 question is they did ask for the information and the motion
4 filed in October 2022 before the Special Master, the Special
5 Master granted the motion and we produced the information as
6 it was created, including this information.

7 MS. CONNELL: Your Honor, that's not accurate.

8 THE COURT: This meeting happened in 2023?

9 MS. ROGERS: So, they asked in 22 for ongoing
10 productions after close of discovery, so newly created
11 documents.

12 THE COURT: Let me cut to the chase.

13 Before you get further into this, were there
14 minutes or documents or whatever created around this whole
15 process that you're getting into now?

16 MS. EISENBERG: I believe so. I'm not one hundred
17 percent sure, your Honor.

18 THE COURT: Were they produced to the other side in
19 the ordinary course given what I just heard was a continuing
20 obligation?

21 MS. EISENBERG: I'm not one hundred percent sure,
22 your Honor, that that has happened; but that was my last
23 question about the topic.

24 MS. ROGERS: And there were documents produced
25 regarding Ms. Rowling's review of these expenses. Plaintiff

BP

3259

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 moved to exclude them.

2 THE COURT: Well, I saw that, but this is something
3 else. So, if there are documents about these meetings that
4 were not produced, then I'm afraid I have to exclude any
5 testimony about the meeting, itself, because that's not the
6 way this process works.

7 So, you can disregard anything about the meeting,
8 itself, because the other side hasn't had a chance to do --
9 get any evidence about the meeting, but the other documents
10 that I heard about before, those had been produced and you
11 can get into those with the other witnesses.

12 MS. CONNELL: Your Honor, we'd note our exception
13 to that ruling.

14 THE COURT: Which one?

15 MS. CONNELL: The ruling about the other documents
16 that we received in December 2023.

17 THE COURT: I'm going to make those decisions when
18 they come up. So, I'm not ruling in advance on any
19 admissibility of documents before I have a witness in front
20 of me. But as to this one, I don't think you had fair
21 notice of questions about that meeting, so.

22 MS. EISENBERG: Thank you, your Honor.

23 Q Congressman Barr, if the NRA's Bylaws are amended to
24 create the chief compliance officer position, what is your
25 understanding about the reporting structure with regard to that

BP

3260

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 position?

2 MR. THOMPSON: Objection, your Honor.

3 THE COURT: Sustained. You can talk about things
4 that have been done maybe, but not things that might be
5 done.

6 Q Is it fair to say that there is a specific Bylaws
7 amendment that's up for consideration by the members at the
8 moment?

9 A Yes, there is.

10 Q And according to that proposed amendment, to whom would
11 the chief compliance officer report?

12 A Chief compliance officer if approved by the membership
13 at our next meeting would report to the board of directors.

14 Q And would the executive vice president have the power
15 to hire, fire or suspend the chief compliance officer?

16 A No.

17 Q Is that important?

18 A It is important to maintain the objectivity of the
19 chief compliance officer.

20 Q Let's talk about the Special Litigation Committee. Is
21 that a committee on which you have served, as well?

22 A It is.

23 Q When did you join that committee?

24 A I joined the Special Litigation Committee last year
25 shortly after being elected to the post of first vice president.

BP

3261

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 Q What is the purpose of the Special Litigation
2 Committee?

3 A The Special Litigation Committee was formed in 2020 for
4 the expressed purpose of handling and being the go-between
5 so-to-speak to handle litigation, including the litigation
6 currently before this Court and related litigation.

7 The primary reason for that was so that individuals
8 involved in the litigation, Mr. LaPierre and Mr. Frazer, who
9 would normally be involved in the NRA's handling corporate
10 handling of that litigation would not be involved.

11 Q What does the Special Litigation Committee do in order
12 to carry out its mission?

13 A The Special Litigation Committee has regular, that is,
14 weekly telephone conferences with outside counsel to be made
15 aware of the progress and status of the litigation, any matters
16 that might need to be decided by the NRA which would be made in
17 this litigation, by the Special Litigation Committee would be
18 handled and the Special Litigation Committee also reports as
19 necessary and as appropriate to the board of directors.

20 Q How many members does the SLC have?

21 A Currently, there are three members, two in addition to
22 myself that serve on the SLC.

23 Q Does the SLC have any responsibility with regard to the
24 review of outside counsel's invoices?

25 A Yes.

BP

3262

B. Barr - by Defendants - Direct/Ms. Eisenberg

1 Q What is that responsibility?

2 A The members of the SLC which currently are myself,
3 Mr. Cotton and Mr. Coy -- the other member is on medical leave
4 of absence from the Special Litigation Committee -- we are
5 tasked with reviewing and approving monthly invoices from
6 outside counsel involved in these litigation matters.

7 Q Let's talk a little bit about the Legal Affairs
8 Committee.

9 Have you served on that committee, as well?

10 A Yes.

11 Q Since when?

12 A I think probably since 2022, but I don't recall
13 exactly.

14 Q And does it from time to time receive updates from
15 outside litigation counsel with regard to various litigation in
16 which the NRA is involved?

17 A Yes.

18 Q Does that include the matters within the purview of the
19 Special Litigation Committee, as well?

20 A It does. Not in the same way that those matters are
21 brought to the Special Litigation Committee, but for
22 informational purposes, yes.

23 Q What is the frequency with which the Legal Affairs
24 committee meets?

25 A As necessary and as appropriate.

BP

1 Q Let's talk a little bit about the NRA's defense in the
2 various litigations in which it's involved. Is it fair to say
3 that in your capacity as a member of the SLC you have been
4 involved in overseeing outside counsel's work in connection with
5 important litigation matters?

6 A Yes.

1 Q And in connection with such oversight, have you formed
2 an opinion as to the value of their services?

3 MR. THOMPSON: Objection.

4 THE COURT: Overruled.

5 Q What is your opinion?

6 A My opinion as an attorney myself, certainly that those
7 services are extensive, appropriate, professional and absolutely
8 essential to meet the challenges, the existential challenges
9 that the NRA faces as a result of litigation within the
10 responsibility of the SLC.

11 Q Congressman Barr, are you aware of the NYAG allegation
12 that the NRA has spent too much on legal fees?

13 A I'm aware of such allegations, yes.

14 Q What is your reaction to such allegations?

15 A Those allegations are wrong.

16 Q Why is that?

17 A Because facing the threats that the NRA is facing in
18 the litigation, it would be an irresponsible abrogation of our
19 duty to our responsibility to our members not to have the most
20 competent and highly-respected lawyers handling our cases.

21 Q How would you describe the threat that the NRA has
22 faced since 2018?

23 A Those threats are substantial existential, if you will,
24 both by the way of pronouncements by the NYAG as well as through
25 the litigation itself.

KM

3265

Barr - by Defendant - Direct/Ms. Eisenberg

1 Q You said existential. What did you mean by that?

2 A What I mean by that is threat to dissolve and dismantle
3 the association itself.

4 Q Whose threats?

5 A The NYAG.

6 Q Is it your understanding that the NYAG tried to
7 dissolve the NRA?

8 MR. THOMPSON: Objection. Leading.

9 THE COURT: Sustained.

10 Q Could you tell -- it's suggested that the NRA's Board
11 is too big.

12 What is your opinion on that issue? Do you think it is
13 too big?

14 A No, I do not.

15 Q Why is that?

16 A The NRA represents millions of citizens including more
17 than 4 million dues-paying members on Second Amendment issues
18 ranging from law enforcement to women's shooting to youth
19 shooting to law enforcement to black powder. And having a large
20 board as we do have with 76 members, it provides an opportunity
21 for all of those different interests to be heard and handled by
22 the Board of Directors.

23 MS. EISENBERG: I'll pass the witness. Thank you,
24 Congressman.

9 A Good afternoon, Counsel.

10 Q My name is Stephen Thompson, and I represent the
11 Plaintiff, the People of the State of New York. Just -- I
12 promise. I mean this. A few questions.

13 So I believe you testified that in your capacity as the
14 First Vice-President, you're a member of all standing committees
15 by default; is that correct?

16 A That is correct.

17 Q Prior to becoming the First Vice-President, you were
18 never a member of the Audit Committee; correct?

19 A That is correct.

20 Q And you were never a member of the Finance Committee;
21 is that correct?

22 A That is correct also.

23 Q And I believe you testified that you have attended some
24 Audit Committee meetings; is that correct?

25 A It is.

KM

3267

Barr - by Defendant - Cross/Mr. Thompson

1 Q And have you attended any Audit Committee meetings
2 prior to becoming the First Vice-President in 2023?

3 A Yes. I occasionally sit in on them, but not formally.

4 Q Okay. And you never sat in on the meetings of the
5 Audit Committee while they sat in executive session; is that
6 correct?

7 A No, not until serving as a member as the First
8 Vice-President.

9 Q Okay; and then you testified about Mr. Mensinger being
10 hired by the NRA; is that right?

11 A Yes, sir.

12 Q That occurred in 2023; is that correct?

13 A Yes.

14 Q And prior to Mr. Mensinger hiring, the NRA did not have
15 a dedicated compliance officer; is that correct?

16 A That is correct.

17 Q And so that occurred -- that hiring occurred three
18 years after this litigation was commenced; is that correct?

19 A It took place last year.

20 Q Okay. And Congressman, you voted to ratify the NRA's
21 filing of bankruptcy in 2021; is that correct?

9 Do you know Mr. Frazer?

10 A Yes.

11 Q How long have you known him for?

12 A Many years. I couldn't tell you exactly, but many
13 years.

14 Q Do you have -- are you able to tell us what your
15 general experience has been with Mr. Frazer?

16 A I am --

17 MR. THOMPSON: Scope, your Honor.

18 THE COURT: I'm trying to figure this out.

19 When you all call witnesses, are you all calling
20 the witness?

21 MR. FLEMING: Your Honor, at the beginning of the
22 case you may not remember I had talked about --

23 THE COURT: I'm not that old.

24 MR. FLEMING: Well, I too was trying to figure out
25 how it would work. So rather than calling witnesses for a

KM

Barr - by Defendant - Direct/Mr. Fleming

1 second or third or even fourth time, I thought would be best
2 to start with --

3 THE COURT: Well, in this case I'm going to change
4 the order I do things in because I limited the Attorney
5 General to what was raised by the NRA.

6 If each you are going to want to ask direct
7 testimony of this witness, then you all should go first and
8 then the Attorney General should go. So in other words,
9 this is not cross-examination. This is direct examination.

10 MR. FLEMING: Yes.

11 MR. FARBER: To answer your question, I don't agree
12 that the notion that the Defendants -- if the NRA calls a
13 witness, we are calling him as a group.

14 THE COURT: You don't have to, but you need to tell
15 me if you are intend to offer this witness affirmatively so
16 that you don't have to be bound by the scope of the first
17 direct.

18 MR. FARBER: Understood.

19 MR. CORRELL: I would like to take that
20 opportunity. Just a couple of questions on direct that
21 aren't limited to the scope.

22 THE COURT: Careful what you suggest for me; right.

23 Okay. Well, look, more than one of you I guess can
24 call a witness. So go ahead. But that just means the AG is
25 going to have another shot at it.

KM

Barr - by Defendant - Direct/Mr. Correll

1 Q I think I asked you about your general experience with
2 Mr. Frazer.

3 Were you able to describe what that is or what that has
4 been?

5 A Yes. Over the many years that I have known Mr. Frazer
6 both before he assumed his current position with the NRA and
7 currently, I have very high regard for him. He has always
8 behaved professionally, responsive and ethically in my dealings
9 with him.

10 Q Well, you sort of beat me to the punch with the
11 questioning because I recall your testimony where you talked
12 about I believe it's the ethical nature of the Audit Committee.

13 Based on your observations of Mr. Frazer, have you
14 formed any view about the ethical nature of his conduct?

15 A Yes.

16 Q And what is that?

17 A That in all of my dealings with him, my observations,
18 he is a highly ethical character.

19 MR. FLEMING: Thank you very much.

20 DIRECT EXAMINATION

21 BY MR. CORRELL:

22 Q Good afternoon, Congressman Barr. I'm Kent Correll. I
23 represent Wayne LaPierre.

24 A Yes, sir.

25 Q I want to ask basically the same questions about Mr.

KM

3271

Barr - by Defendant - Direct/Mr. Correll

1 LaPierre.

2 Have you had an opportunity to observe him over your
3 time on the Board?

4 A Yes, I have.

5 Q And have you formed any opinion as to his competence?

6 A Yes, I have.

7 Q What is that opinion?

8 A This is a man in my view who has given a lifetime to
9 the National Rifle Association, its members and the United
10 States of America in a highly competent and energetic, selfless
11 way.

12 Q Have you had an opportunity to assess whether he's
13 discharged the duties of his position in good faith?

14 A I believe he has.

15 Q And have you been in a position to observe whether he's
16 discharged the duties of his position with care?

17 MR. THOMPSON: Leading, your Honor.

18 THE COURT: Overruled.

19 A Yes; but as all of us, he's made mistakes.

20 Q And has he owned up to those mistakes and squared
21 things up?

22 A Yes, he has.

23 MR. CORRELL: No further questions, your Honor.

24 THE COURT: Okay. Anything -- I don't know which
25 way to turn now.

KM

3272

Barr - by Defendant - Redirect/Ms. Eisenberg

1 Anything further? I think I have to go back and
2 see if there's any further cross before I go back to the
3 redirect.

4 MR. THOMPSON: No further cross, your Honor.

5 THE COURT: Okay.

6 MS. EISENBERG: May I briefly, your Honor.

7 THE COURT: Yes.

8 REDIRECT EXAMINATION

9 BY MS. EISENBERG:

10 Q Congressman Barr, who at the NRA performed the role
11 that Mr. Mensinger will be performing going forward?

12 A I'm sorry.

13 Q Historically, who at the NRA was in charge of some of
14 the things that Mr. Mensinger was recently hired to do?

15 A I would say primarily the Audit Committee.

16 Q And in what way?

17 A Well, the job of the Audit Committee is to basically
18 oversee any of the outside audits, certainly internal controls,
19 conflicts of interest and so forth. It's an extremely important
20 function.

21 Q And what, if any, responsibilities does the treasurer
22 have under internal policies to conduct periodic compliance
23 reviews?

24 A A very important one. The treasurer Ms. Rowling works
25 closely with both the Audit Committee and the Finance Committee

KM

3273

Barr - by Defendant - Redirect/Ms. Eisenberg

1 to insure that they have all the information they need and that
2 her input is made and accounted for and considered.

3 MS. EISENBERG: Thank you. I have no further
4 questions.

5 MR. THOMPSON: Nothing further, your Honor.

6 THE COURT: All right. That was one of the more
7 complicated set of questioning for a very short witness.

8 Thank you, sir. You are I think free to step down.

9 THE WITNESS: Thank you, your Honor.

10 THE COURT: Thank you.

11 Do we have time to begin our next witness.

12 MS. ROGERS: The NRA's next witness is an expert
13 Ryan Sullivan, and Plaintiff filed a motion today regarding
14 his testimony that if your Honor would like to hear argument
15 on, it should probably be done outside the presence of the
16 jury before he testifies.

17 THE COURT: I am -- I think we should proceed with
18 the testimony, and I'll deal with objections as they come.

19 MS. ROGERS: Understood. The NRA calls Ryan --

20 THE COURT: Hang on.

21 MS. CONNELL: We had been told Tom King was going
22 to go second and had prepared for that, and that's why we
23 raised the issue.

24 MS. ROGERS: Mr. Sullivan has a travel conflict, so
25 we would like to call him next and we provided his

KM

1 demonstratives yesterday.

2 MS. CONNELL: Yesterday evening.

3 THE COURT: So you had Tom King coming second.

4 MS. CONNELL: We had Tom King coming second.

5 Last night we got Mr. King's documents and then
6 later yesterday evening we got his --

7 THE COURT: Let me ask you this way.

8 Is the person who is going to be handling the
9 questioning of this next witness here?

10 MS. ROGERS: Yes. Well, I am here.

11 THE COURT: I mean, for -- I figured you were
12 ready.

13 MR. THOMPSON: Yes, your Honor, we do have the
14 attorney handling Mr. Sullivan.

15 MS. CONNELL: We do, but we had asked for some voir
16 dire on the opinions he was going to offer.

17 If you recall, you had ruled some of them not fair
18 game here.

19 MS. ROGERS: The NRA does not intend to elicit
20 opinions that would be inappropriate for this phase of the
21 trial.

22 THE COURT: Yeah, I read the letter. I viewed the
23 letter you sent as kind of assuming certain things were
24 going to happen, and I think I am -- rather than taking a
25 break and talking through all the things that could happen,

KM

3275

Sullivan - by Defendant - Direct/Ms. Rogers

1 I will just handle objections as they come up. I did -- you
2 know, I have a -- I certainly didn't exclude this testimony,
3 and my assumption is that we would deal with objections on a
4 one-by-one basis so I'd say we get started.

5 MS. ROGERS: The NRA calls Dr. Ryan Sullivan.

6 THE COURT: We are probably not going to get too
7 far into the substance anyway.

8 Good afternoon.

9 THE WITNESS: Thank you.

10 R Y A N S U L L I V A N, a witness called on behalf of the
11 Defendant, after having been first duly sworn, took the witness
12 stand and testified as follows:

13 THE CLERK: State your name.

14 THE WITNESS: Ryan Michael Sullivan,
15 S-U-L-L-I-V-A-N.

16 THE CLERK: Thank you. You may be seated.

17 DIRECT EXAMINATION

18 BY MS. ROGERS:

19 Q Good afternoon, Dr. Sullivan.

20 Please introduce yourself to the jury.

21 A My name is Ryan Sullivan. I serve as a managing
22 director of an advisory firm known as Secretariat, and I work as
23 an economist. This means that I use data and information to
24 evaluate business performance. And in particular, economics is
25 the science of decision making when there are scare resources,

KM

3276

Sullivan - by Defendant - Direct/Ms. Rogers

1 meaning resources are limited. Economics has the tools that are
2 used to evaluate and make decisions.

3 Q Thank you, Dr. Sullivan.

4 Have you prepared some demonstratives for the jury
5 today?

6 A Yes, I have. I prepared these demonstratives, and the
7 title slide is up on the screen right now.

8 Q All right. Let's proceed.

9 THE COURT: As I have said for other expert
10 witnesses, these demonstratives are not themselves evidence
11 but are just designed to organize and display for your
12 benefit, but the testimony is what the witness says.

13 Q Dr. Sullivan, can you tell the jury a bit about your
14 professional credentials and background.

15 A Sure. I -- academically, I earned a bachelors degree,
16 a master degree and I Ph.D. They are all in economics and all
17 from the University of California in San Diego.

18 Subsequently, I worked with the University of
19 California as a member of what is known as the economics
20 leadership counsel. And in that role, I have advised the
21 faculty at the Department of Economics on the practice of
22 economics and in private industry.

23 I also -- well, I have been working as an economist for
24 over 30 years now. I have had the good fortune of publishing my
25 work in what is considered top-tier peer review journals. This

KM

3277

Sullivan - by Defendant - Direct/Ms. Rogers

1 means that the work that I have performed has been evaluated by
2 other economists in the field to determine whether or not the
3 work is credible and appropriate but also a sufficient advance
4 in the science of economics such that it should be published in
5 journals such as the Journal of Finance.

6 Q You testified I think that economics is the science of
7 making decisions under scarcity and constraints; right?

8 A Yes.

9 Q What kind of constraints have you considered in your
10 professional work?

11 A Oh, goodness. So many different kinds. I mean, at its
12 most basic level, we are all facing constraints all the time.

13 Often times, those are in terms of time and money terms
14 of constraints, in terms of ability of what can be done. So so
15 many different constraints that are evaluated.

16 Q Doctor, and can you describe the extent to which you
17 have expertise and experience relating to decision-making under
18 regulatory constraints?

19 A Yes. I have, and this starts to get into some more
20 slides that I have put together, but I have worked with a number
21 of different organizations over the years, and some of those
22 have been in private industry and corporations and businesses.
23 Some have been non-profits. Some have been regulated entities
24 such as in telecommunications and energy and certain other
25 non-profit type laws as well.

KM

3278

Sullivan - by Defendant - Direct/Ms. Rogers

1 Q Can you tell the jury a little bit about the
2 similarities and differences that distinguish for profit from
3 non-profit clients you have worked for and advised.

4 A Sure. There are many, many similarities.

5 THE COURT: I'm sorry. Do you want to have the
6 witness qualified before you start?

7 MS. ROGERS: I was doing this as part of that.

8 THE COURT: I thought you were moving out of
9 background into the substance.

10 MS. ROGERS: I offer Dr. Sullivan as an expert in
11 economics, finance and accounting.

12 MR. CONLEY: Your Honor, we object to Dr.
13 Sullivan's admission as an expert for the reasons set forth
14 in our motion papers, and we do not believe that he is
15 qualified to testify on not-profit governance and
16 accounting.

17 THE COURT: Overruled subject to specific
18 objections as to specific questions.

19 Q Thank you, your Honor.

20 Dr. Sullivan, can you explain to the jury some
21 similarities and differences that would apply to for profit and
22 non-profits clients?

23 A Sure. There are far more similarities than there are
24 differences, and you can see that because -- well, on the screen
25 are entities that I've work for. So let me try to make this a

KM

3279

Sullivan - by Defendant - Direct/Ms. Rogers

1 little bit more tangible.

2 On the left-hand side towards the top left you will see
3 some of the life sciences and biologics companies that I've
4 worked for. And Memorial Sloan Kettering, for example, is a
5 non-profit organization, and thus, their objectives is mission
6 driven versus profit driven, so that's a unique objective. But
7 the way to get there is based upon similar types of paths.
8 Meaning, there are still finance roles. There are still revenue
9 objectives. There is still an acknowledgment of cost and
10 evaluating what those costs are. There's an issue of controls.
11 So albeit, that the objectives are different, the means of
12 trying to attain an objective such as a mission versus profit
13 which may also have mission components to it, there is
14 similarity in that.

15 I have found that there are so many similarities which
16 has allowed me to do a lot of work that I do across various
17 types of industries. That's why I have had the opportunity to
18 work for consumer products companies such as Skechers, many
19 high-technology companies such as Microsoft and Apple.

20 I have worked with universities such as Columbia, MIT
21 and Harvard among many others. Actually, a lot of my work is --
22 the fact of it and the actual work is maintained confidential,
23 but these are some of the clients that I am able to disclose
24 publically.

25 Q Let's go to the next slide.

KM

3280

Sullivan - by Defendant - Direct/Ms. Rogers

1 Dr. Sullivan, can you tell the jury about the kinds of
2 business analytic advice you give and talk about some samples of
3 projects you've worked on.

4 A Sure. So I here too have had good fortune of working
5 on some really interesting projects. This is just a small
6 sampling of ones that I've thoroughly enjoyed.

7 I served as the lead economist negotiating the
8 collective bargaining agreement between the NBA, the National
9 Basketball Association and the players' association. This was
10 at a time when there was a large influx of revenue to the NBA
11 because in large part people who were starting to time shift the
12 TV that they were watching as DVR and Tivos became very popular.
13 So around 2016, 2017 there was this big shift which caused a lot
14 of the sports-related TV to become more valuable, and that
15 created more opportunity, but then also a lot of constraints
16 associated with it.

17 A couple of others I can mention briefly. Perhaps this
18 is not the best forum to talk about the Boston Red Sox;
19 however --

20 THE COURT: I was going to say will you want a
21 curative instruction on that.

22 MS. ROGERS: We hope the testimony would be more
23 probative than prejudicial.

24 THE COURT: Your choice.

25 A I got to work with the Red Sox to help them on pricing

KM

3281

Sullivan - by Defendant - Direct/Ms. Rogers

1 of their tickets to be able to advance those, the pricing
2 algorithms they use so that they could get more people into the
3 seats, they could increase fan engagement. So there again,
4 there may have been a profit objective underlying it, but there
5 was much more of a mission based objective of trying to get
6 greater fan engagement and the constraints associated with it in
7 terms of the number of seats that they have and which games are
8 being played at various times.

9 And then a little bit different was working with the
10 real life Joy Mangano who sold the Miracle Mop on Home Shopping
11 Network, and some of you may have seen the movie Joy that came
12 out in 2015, and we were using that movie of her which was
13 effectively a biography to be able to explain to them how to
14 launch into brick and mortar. So into Target and Bed, Bath and
15 Beyond and into Macy's and making that transition from purely
16 Home Shopping Network on-line to brick and mortar, and we
17 handled the logistics launch strategy with it.

18 MS. ROGERS: I think we are coming up to a
19 transition from background to merits, so this might be a
20 good time to break.

21 THE COURT: Let's reconvene at 9:30.

22 THE COURT OFFICER: All rise. Jury exiting.

23 (Whereupon, at this time the jury exits
24 the courtroom.)

25 THE COURT: Just for the witness, during the --

KM

3282

Sullivan - by Defendant - Direct/Ms. Rogers

1 while we are on break, you are effectively still on the
2 stand, so you shouldn't discuss the substance of your
3 testimony with anyone including counsel.

4 THE WITNESS: Understood.

5 THE COURT: See you all at 9:30.

6 MS. CONNELL: Can we just know who is testifying
7 tomorrow and what order?

8 THE COURT: We have a few minutes. You can step
9 down and I'd also -- if there are going to be any issues on
10 demonstratives, I'd like to get a copy and understand before
11 they come at me without notice.

12 MS. ROGERS: Of course, your Honor.

13 THE COURT: So what's the run of play tomorrow?

14 MS. ROGERS: So tomorrow we are going to finish
15 with Mr. Sullivan and then call Tom King and then Sonya
16 Rowling if we have time.

17 THE COURT: In that order?

18 MS. ROGERS: Yes.

19 THE COURT: Anything else?

20 MS. CONNELL: No, your Honor. I just want to raise
21 one more time -- I'm sorry.

22 We just had reference when Congressman Barr was
23 speak about Ms. Rowling kind of blessing the calculation and
24 Mr. LaPierre coming even.

25 This is stuff that we do not have discovery on.

KM

3283

Sullivan - by Defendant - Direct/Ms. Rogers

1 It's prejudicial to the Plaintiff. It's unfair. We have
2 moved again and again about it. It's stuff that was blocked
3 by privilege earlier on. We will keep making this
4 objection.

5 THE COURT: Well, one thing while I'm thinking
6 about and the instructions are clear in my mind, my view is
7 that on the repayment front, as one of I think three areas
8 of identifiable burden of proof shifts to the defense. So
9 to both prove -- whether it's setoff -- if the defense is
10 going to raise repayment as a setoff, the burden is on
11 whoever that is to put that evidence in in admissible form.
12 And you know, if we get to that point and they are -- they
13 either object to questions on the ground of privilege or it
14 becomes apparent to me that they are affirmatively raising
15 things that, you know, would require them not to adhere to
16 prior decisions on privilege, we will have a discussion, and
17 you know, they -- they may either lose that argument or use
18 that defense.

19 MS. CONNELL: But your Honor, respectfully, this
20 has already been done. We have been trying to calculate
21 and --

22 THE COURT: They have been generally talking about
23 repayments, and that is not going to be sufficient to
24 satisfy any burden. It has to be concrete, specific, and it
25 has to be done in a way that the jury can -- you know, and

KM

3284

1 maybe the defendants aren't planning this, but to the extent
2 that someone is planning to do that, it's not just one lump
3 sum number because you can't give a credit if the jury were
4 to find -- you know, let's say \$1,000 is what the damages
5 are. You can't just say, well, we paid \$700 back because
6 there is no way unless you provide the proof to know whether
7 the 700 applies to the thousand that the jury found as
8 opposed to the other 2,000 the jury didn't find. And so you
9 know, I don't know exactly how the defendants are going to
10 bring this all in, but at the moment, just general
11 statements about repayment is meaningless.

Proceedings

1 MS. CONNELL: Your Honor, Mr. LaPierre's counsel
2 asked and got a positive answer from Congressman Barr as to
3 whether he become even or broke even.

4 THE COURT: All square, I heard that.

5 MS. CONNELL: All square, and then we had reference
6 to Ms. Rowling's memos from, like, December 4th where she
7 blessed things that we still haven't seen.

8 THE COURT: I heard both of those things, and I
9 think the defense elicited those, and I am -- look, I don't
10 know the details of the questions that were asked and not
11 answered; but the defense has now put squarely in front of
12 the jury whether -- at least in Mr. LaPierre's case he was
13 quote, all square; and if, if -- well, let me just ask the
14 defendants.

15 Is it your position that positions taken with
16 respect to privilege are irrelevant to that question?

17 MS. ROGERS: Yes, your Honor. We've produced -- in
18 connection with one or six or seven motions they filed on
19 this topic, we produced a detailed chart of every
20 spreadsheet, every payment blessed -- in their terms -- by
21 Ms. Rowling and showed where it was produced to them during
22 discovery.

23 THE COURT: So, that gets to the -- so that tells
24 you which payments were made and as to which, for example,
25 expenses they relate?

BP

3286

Proceedings

1 MS. ROGERS: Correct, your Honor. So, for example,
2 there will be spreadsheets listing every flight that was
3 repaid and the destinations and so on. The defense is not
4 asserting -- the NRA is not making the argument that a
5 lawyer told us which ones had to be repaid and we demanded
6 repayment of those, and that's why we met our obligations.
7 But they're making what has been until awaiting your Honor's
8 charge has been an amorphous argument about failure to
9 discipline or improper administration. You hear them say
10 today and Mr. LaPierre faced no consequences, nothing
11 happened.

12 And so we think even though the NRA is not claiming
13 a damages setoff, that it's relevant to have directors
14 testify that there is a squaring off in our review.

15 THE COURT: The question was what was -- what was
16 blocked on privileged grounds?

17 MS. ROGERS: So, what was -- there were exchanges
18 in depositions, and they actually got a supplemental
19 deposition to give them more; but during early depositions
20 there were things like, you know, what -- and I can't recite
21 the Q and A from memory; but it was things basically like
22 don't testify about legal advice you got about taxes or
23 payments. And it was difficult for some fact witnesses to
24 negotiate that line between did I repay the flight that
25 happened on April 1st and did I talk to a lawyer about it.

BP

3287

Proceedings

1 So, we actually gave them a supplemental corporate
2 representative deposition answering what documents were
3 looked at, what sources were used, which items were repaid
4 and the general rationale for it.

5 I actually don't know. They claimed that all of
6 this has been blocked on privileged and when we briefed
7 this, the NRA has put in excerpts of deposition pages where
8 these questions are answered and privilege is not asserted;
9 but the general line that we tried to draw in discovery is
10 they're entitled to know what the NRA did. They're entitled
11 to know what the NRA's fiduciaries and considered; but just
12 because the NRA received a legal advice about repayments
13 doesn't make the repayments privileged. It just means the
14 legal advice stays privileged and the cost of that for us is
15 that we can't say we repaid the ones the lawyer told us had
16 to be repaid. We're going to say we repaid the ones that
17 were to personal destinations. For example, where we
18 demanded repayment of those.

19 THE COURT: Look, it seems to me my view and this
20 is why this has not -- I've not viewed this as a large -- a
21 large issue, frankly, that the "Y" of it is not that
22 important.

23 The jury is going to decide whether a trip -- I
24 mean hypothetically -- trips A, B and C were some statutory
25 violation that somebody should pay the NRA back for; and

BP

3288

Proceedings

1 they may decide that A and B, yes; C, no. So, in this
2 setting knowing whether A and B were paid back and C not or
3 some combination, those are the facts that you're saying at
4 least at this point that have not been blocked.

5 So, I don't know that the plaintiff is harmed by
6 not knowing the rationale behind all of the decisions. I
7 don't know that that's relevant.

8 MS. CONNELL: Your Honor, I'm sorry --

9 MR. THOMPSON: Just to try and make this a little
10 more concrete briefly, your Honor. So, one of the charts in
11 question that we're talking about is a chart of flights that
12 is Mr. LaPierre and members of his family took to various
13 places. That chart was produced to us we think by accident
14 because it was work products during the bankruptcy, and that
15 chart, we questioned the corporate representative about it
16 several times over the course of discovery. He could not
17 identify whether that was -- what the chart was, where it
18 came from and the metadata shows it was created by an
19 employee of the Brewer firm.

20 And then that chart is now attached to a memorandum
21 that Ms. Rowling prepared in late November, early December
22 of last year and then produced to us in mid December where
23 she says, I looked at this and everything is square.

24 THE COURT: Well, what does "everything is square"
25 mean?

BP

3289

Proceedings

1 MR. THOMPSON: It means as far as she's aware,
2 there are no other flights that are improper, that
3 everything is A-okay.

4 THE COURT: Her decision or the NRA's decision
5 about what flights should have been paid back is really not
6 something that the -- the jury is going to make that
7 decision.

8 Now, to the extent that Ms. Rowling's own
9 determination of what square means, have you -- is it your
10 view that you can't question her about the process that led
11 to just her determining that it was, quote, square?

12 MR. THOMPSON: That's right, your Honor.

13 THE COURT: Did you try?

14 MR. THOMPSON: We didn't have the memoranda until
15 mid December of last year.

16 MS. CONNELL: 2023, your Honor.

17 MR. THOMPSON: 2023. She was deposed in I think
18 July of 2022.

19 THE COURT: So you haven't re-deposed her since all
20 this came out?

21 MR. THOMPSON: That's correct. It was part of our
22 motion that we either wanted this testimony precluded or the
23 opportunity for additional discovery.

24 MS. ROGERS: We offered an opportunity for
25 additional discovery, including a deposition of Ms. Rowling

BP

3290

Proceedings

1 which the New York Attorney General rejected.

2 MR. THOMPSON: We decided that it was not an
3 economic use of time with the two weeks prior to trial to
4 take another fact deposition raised on recently created
5 evidence.

6 THE COURT: Just so it is clear, repayment or
7 something like repayment which would be relevant to setoff
8 under any circumstances is not something that would be
9 blocked because it happened just before trial. If it's been
10 repaid, that's a relevant fact regardless of when it
11 happened, okay.

12 Her testimony that it is everything that needs to
13 happen; again, I don't recall preventing a deposition of
14 her, but I think can you cross-examine that.

15 I would be, I guess, surprised if the chief
16 financial officer says that she can't answer a question
17 about why she concluded something because it was based on
18 what the lawyers told her.

19 MS. CONNELL: Your Honor, I'm just going to say
20 that to conduct, essentially, discovery deposition on the
21 stand here in tight times is simply unfair. We asked
22 multiple, multiple NRA witnesses how this was calculated and
23 it's not the amount. Mr. LaPierre is free to say or anyone
24 is free to say I paid this amount to the NRA.

25 It's the characterization of a complete repayment.

BP

3291

Proceedings

1 When you make a representation that you investigated this
2 and these are all amounts owed, we should be able to
3 challenge it.

4 THE COURT: The completeness of it is an objective
5 -- at some level an objective fact. You know all the things
6 that you're challenging, right, as violations of something.
7 And you also have a list of everything that's been paid
8 back. So, your version of whether it is complete or not is
9 up to you.

10 MS. CONNELL: Well, not really, your Honor, because
11 they're standing up saying, yes, we looked at this. We
12 blessed it. We think this is good, but we don't know
13 everything they looked at to consider that.

14 THE COURT: So, when you have Ms. Rowling, you say,
15 well, your list doesn't include this transaction; why not?

16 MS. CONNELL: Your Honor, we're going to have to
17 then do, essentially, a long deposition of her on the stand
18 at trial and that's not fair.

19 And, remember, there were the documents withheld
20 from us is related to the course correction is privileged.
21 These are things that we've been raising for some time. So
22 offering appointed deposition of her when they produced
23 memos that she created late November, early December 2023 is
24 really not curing that for us.

25 THE COURT: Well, I think there was time to take a

BP

3292

1 subsequent deposition, and I know you were all busy; but
2 that ship has sailed. We need to close for the night.

3 I continue to view this whole sword and shield
4 thing and opening the door to privilege thing, something
5 that I have to evaluate based on what the defendants argue
6 and what they block and I will continue to be alert to that
7 issue.

8 Thus far, I haven't seen any examples of situations
9 where they argue something and then block or have blocked
10 you from finding out how to counter it. If I find that, I
11 will act accordingly.

12 All right, see you tomorrow.

Proceedings

1 THE COURT: Good morning, everyone. Couple of
2 things. We -- we have looked at the Spray excerpts, and I'm
3 pretty sure my law clerk will be able to get those back to
4 you this morning. It wasn't really that much.

5 On the bankruptcy transcript, I can't recall
6 whether I have asked the State what their -- what their
7 position is with respect to Mr. Phillips's objection. You
8 may have been sending me letters.

9 I have to tell you the flow of letters is getting
10 to the point where it's beyond our bandwidth to field them,
11 especially on the timeframe that you all are suggesting. So
12 there may be times when I ask you to repeat things in court.

13 So Mr. Phillips' position. My assumption is that
14 he wasn't at the bankruptcy represented to be able to
15 cross-examine, and so I -- that argument does resonate with
16 me to some extent.

17 So what's the State's position on that?

18 MS. CONNELL: Your Honor, this came up with the
19 State's designation. We resolved it because the only
20 portions of the bankruptcy deposition for Mr. Spray that we
21 designated had to do with his qualifications, and Mr.
22 Phillips ultimately said that's fine.

23 I think, and I don't want to have this wrong, that
24 our objection to the bankruptcy designation of Mr. Spray now
25 by the NRA is there are new designations that was not

KM

3295

Proceedings

1 previously given to the parties in December and otherwise,
2 you know --

3 THE COURT: No. But Mr. Phillips has objected
4 to -- I think he objects to the designations by the NRA and
5 the People, right, from that transcript?

6 MR. FARBER: That's correct, your Honor.

7 THE COURT: So does the State have any reaction to
8 that, whether it should be admissible as against Mr.
9 Phillips?

10 MS. CONNELL: Ours are just counter-designations to
11 the new designations.

12 THE COURT: Well, okay.

13 MS. CONNELL: I would have to look at that. I'm
14 sorry, your Honor. I didn't look at that.

15 THE COURT: It's a legal question; right. I mean,
16 he doesn't have -- I could see how the other defendants who
17 are current officers and obviously were part of the defense
18 team. They may disagree with me, but I think Mr. Phillips
19 was clearly an outsider at that time. So I mean, if I
20 didn't hear any compelling argument to the contrary, I'm
21 going to agree with them that they weren't there to
22 cross-examine; therefore, that's one of the basic indicia of
23 permitting prior sworn testimony.

24 MS. CONNELL: I agree, your Honor. You are not
25 going to hear a compelling argument otherwise from the

KM

3296

Proceedings

1 State.

2 THE COURT: And from the NRA?

3 MS. ROGERS: We have no objection to a limiting
4 instruction that these -- most of what we have designated is
5 Mr. Spray saying the leadership supported the course
6 correction which doesn't really go for or against Mr.
7 Phillips.

8 THE COURT: Look, I read it, and there is some
9 -- there is not a lot of specific darts thrown, but there
10 are things like -- things needed to be cleaned up and along
11 those lines, but I think just in principle, since he wasn't
12 a party and certainly was not part of the team representing
13 the NRA at that time -- I see Mr. Correll standing up who is
14 going to maybe have a different position on that.

15 MR. CORRELL: Your Honor, cross-examination was one
16 thing Mr. LaPierre did not have, and he was also not a
17 party. So both of those two indicia of unfairness exist as
18 to him.

19 I would argue we are taking the same position that
20 nothing should be admissible against him.

21 THE COURT: Yeah. I'm not persuaded by that. I
22 think -- well, first of all, I don't -- from what I
23 received, the only objections to hearsay were from the
24 Phillips side, and they seem well-taken to me.

25 You know, we can get into evidentiary question of

KM

3297

Proceedings

1 whether, you know, as a practical matter Mr. LaPierre's
2 interests were being represented. You know, he is guiding
3 the company at that point. I think that's a tougher sell to
4 me, to be honest with you.

5 MR. CORRELL: Mr. LaPierre made a blanket objection
6 early on to any use of any testimony from the bankruptcy, so
7 we didn't feel the need to repeat that.

8 THE COURT: I understand. I just think you're
9 differently situated as frankly is Mr. Frazer, but go ahead.

10 MR. FLEMING: Just same thing. We had objected,
11 your Honor, may recall at the beginning of the trial when
12 Mr. Spray's designations by the Plaintiff were put forth.
13 And so the fact being that I didn't object specifically to
14 the NRA's designations, I felt the objection was continuing.

15 THE COURT: Well, given how quickly things are
16 moving, and I am getting transcripts that say objection by X
17 or Y, I would not take that for granted.

18 Do -- does the AG take a position as to whether
19 this should be admissible as against the current officers?

20 MS. CONNELL: Your Honor, we don't take a position
21 on that, but we do -- I just want to reiterate this is a new
22 designation, so this is a designation made after the start
23 of trial, and you have recognized in the past that where a
24 live witness is not here to cross-examine, it can prejudice
25 a party. That's why we do these designations in advance and

KM

3298

Proceedings

1 we object.

2 I just want to be clear we do object on the basis
3 of these Spray designations being wholly new, and that's the
4 basis for our objection. We don't take issue with the
5 individual defendant position.

6 THE COURT: I think there is a danger as we get
7 further into the trial and everybody is a little bit tired
8 and things are moving quickly that we've lost a little
9 internal control, and I do have my eye on that, and I do
10 need to insist that -- you know, because part of this does
11 come back to me because I end up getting, you know, lots of
12 things sent to me with, oh, this is coming up tomorrow.

13 That's just not going to work. It wasn't the way
14 it worked the first few weeks of the trial, but I do, having
15 been there, understand that this is -- nobody's working
16 under ideal conditions. So I'm not being too petulant about
17 the whole thing, but I do need you to respect each other's
18 time as well. And so I do need to insist that there's
19 enough advance notice so that I'm not getting jammed at the
20 end because, I mean, at the end of the day, I will just
21 delay your testimony coming in if I feel like I don't have
22 enough time to review. And so, that's not good for you
23 either.

24 Anything else?

25 MS. ROGERS: We understand, your Honor.

KM

3299

Proceedings

1 MR. CORRELL: I have one small item to avoid a
2 motion.

3 Just in reviewing documents, we noticed that Mr.
4 LaPierre's personal information, driver's license number and
5 bank account number were in documents. We'd like to redact
6 it rather than filing a formal motion to seal.

7 THE COURT: That's granted. I think that's
8 statutory with respect to bank accounts. But you mean, it's
9 in an exhibit that's already been admitted?

10 MR. CORRELL: I'm not sure if it has been admitted
11 or not yet, but it's in documents that I think maybe --

12 THE COURT: That's kind of information that is in a
13 very rare category that would be sealed even in -- and there
14 is no reason for it even being shown in open court because
15 it's not relevant I assume as an evidentiary matter.

16 MR. CORRELL: It's not. So we'd like --

17 THE COURT: That's granted. You can represent
18 -- but it doesn't need to be sealed. You can just redact it
19 as an exhibit.

20 MR. CORRELL: That's what we are asking for, your
21 Honor.

22 THE COURT: So if it's not used in open court with
23 the confidential information in it, then you don't need to
24 seal it.

25 MR. CORRELL: Perfect. Thank you, your Honor.

KM

3300

Proceedings

1 MR. FLEMING: Just one last point. On Mr. Frazer's
2 case, we intend to show again also some portions of the
3 Spray deposition. And just to kind of advertise where we
4 are going, obviously, since December we have had weeks of
5 testimony, so some changing of those designations will
6 occur. I will get it to the Government as soon as I can,
7 and they are minor, but I just wanted to flag that because I
8 do think it's necessary. Some of it is rebuttal.

9 THE COURT: This raises another sort of curious
10 question to me.

11 My assumption has been -- I don't want to be
12 reviewing the Spray transcripts five times.

13 I mean, are you not able to send me one defense
14 group of -- from what you just said, it sounds like there is
15 going to be another round of designations and
16 counter-designations for each defendants.

17 Is that what you're planning? Because if that's
18 what you're planning, I don't like it.

19 MR. FLEMING: Well, your Honor, the history of it
20 is in December all the parties made designations and
21 counter-designations, and we went through that round back
22 and forth.

23 So the intention always in -- on our witness was
24 Craig Spray obviously done by video. And you know, although
25 the defendants have tried to coordinate, it's not as though

KM

3301

Proceedings

1 we are acting as a perfect team. So obviously, there is
2 some sort of dislocation in that respect. But yeah, the
3 intention was always to have a small portion of Craig
4 Spray's deposition played. We were happy to have it done on
5 Plaintiff's case, but your Honor said that needs to be
6 reserved for ours -- our designations, and that's what we
7 are intending to do.

8 THE COURT: I am only reviewing these once, let me
9 make it clear. And you know, I can not describe to you what
10 it does to our schedule when we start getting transcripts
11 that have to be rereviewed. I'm not sure how to deal with
12 that exactly. My assumption was that we were getting the
13 defense sides' Spray designations.

14 MR. CORRELL: Your Honor, may I make a suggestion
15 that we -- the defendants work together to do one
16 designation, and the NRA can play it for all of us.

17 THE COURT: Well, look, this is the defense case;
18 right. I haven't certainly in my mind designated this as
19 this is the NRA's case and then there will be a separate
20 case for each of you.

21 So I'm -- I have an issue with the way that whole
22 thing is phrased. I mean, we could do it that way, I
23 suppose, but obviously, we are going to have -- you're going
24 to question -- the witnesses aren't going to come back
25 multiple times; right. So I think that the combined

KM

3302

Proceedings

1 designations should be played once.

2 I mean, the jury is going to not be very happy with
3 you all if they sort of get the sense that they are hearing
4 different parts of Spray's deposition at different times.
5 So that whole thing doesn't work. So you're going to have
6 to work together, to put it mildly, I think.

7 I understand that there are different positions and
8 you're going to make those during your arguments, but the
9 evidence has to come in in an organized way.

10 MS. ROGERS: Your Honor --

11 MR. FARBER: I completely agree with the logistics
12 of it coming in in an organized way. And just as sometimes
13 the Plaintiff's case, if there may be a nonparty witness who
14 is here, they will do everything together. I agree about
15 the efficiency of not having repeated, you know, series of
16 defense witnesses, but I object to this being presented as a
17 defense case.

18 THE COURT: I'm not presenting it to the jury that
19 way. I'm saying from my perspective, the defense case is --
20 is a block of time that you all have to figure out how to
21 allocate.

22 MR. FARBER: I understand that, your Honor, and
23 don't have a quarrel with that point.

24 MS. ROGERS: From the NRA's perspective, we
25 certainly don't intend, for example, Ms. Rowling to show up

KM

3303

Proceedings

1 three times and be crossed by each defendant. So -- and
2 with respect to Mr. Spray, I don't imagine that there will
3 be divergent interests in which testimony are designated.
4 So why don't we coordinate, and if there is any loose ends,
5 we can apprise the Court, but I suspect we can get a unified
6 submission.

7 THE COURT: You have already thrown us off because
8 my law clerk and I have spent time reviewing a set of
9 designations, and now it sounds like we are going to get at
10 least one other one. So we will deal with that one, but
11 that's not happening again.

12 Okay. I guess as to each witness, you need to tell
13 me I suppose in some way all the direct should happen and
14 then all the crosses should happen. Right. And I'll need
15 to figure out to at least -- I guess if you're calling
16 them -- if the NRA is calling them, then the lawyers who
17 should get up in series are the ones who are taking direct
18 from that witness. You know, I don't know whether it's a
19 hybrid or not. But before the State has to get up, all the
20 direct should be out so that the scope of the cross is
21 clear.

22 MR. FARBER: On that point, your Honor. So if, for
23 example, I want to cross a witness that the NRA has
24 presented, does that mean I should wait until after the
25 State goes? I mean, I'll do it either way. I just want to

KM

3304

Proceedings

1 know the Court's preference.

2 THE COURT: I -- well, I think you should wait till
3 all the directs go so you know what the scope of the cross
4 is. Right.

5 Whether you go before the State, I think it might
6 make sense for the -- I don't have an answer to that really
7 that I care about. You know, you can -- you can go as part
8 of the defense group. It may not be as obvious to the jury
9 what you're doing if you go along the line of the directs.

10 So what would you prefer?

11 You didn't like that question coming back to you;
12 did you?

13 MR. FARBER: I think I'd prefer to go after the
14 direct if that's what we are doing.

15 THE COURT: Okay. And then the State after that.
16 Is that what you meant?

17 MR. FARBER: I'm fine with that.

18 I mean, if they bring up something new, I get to go
19 back to it, so it doesn't really affect me one way or the
20 other.

21 THE COURT: Okay. All right. So we should get
22 started. Can we get our witness back.

23 Get the jury, please.

24 MS. CONNELL: Your Honor, just to flag it for you,
25 the witness after that as we've been told is Mr. King who

KM

3305

Proceedings

1 has the demonstratives. He is a fact witness.

2 THE COURT: Okay. I did see something. I mean,
3 just so you're aware, my law clerk is also out the last few
4 days, so I haven't really looked at stuff that came in. I'm
5 going to have to take a short look at it.

6 Do you have a hard copy of the demonstratives?

7 MS. ROGERS: We will get one, your Honor. Use of
8 demonstratives with fact witnesses where we think are
9 supported, these are designed to be illustrative.

10 THE COURT: Well, demonstratives, there is no
11 separate test for it. In my experience, they are very
12 rarely used to get at, you know, some summary of a lot of
13 data but not as a like a Power Point presentation where it
14 becomes a cue for memory.

15 It's designed to -- if the witness is testifying
16 first about a very complicated series of things, then you
17 can say, well, did you make a chart to make this clearer for
18 the jury. That's okay. But -- and again, I haven't looked
19 at it, but if it's the normal kind of Power Point you see
20 with an expert, that I think is -- raises some different
21 issues.

22 MS. ROGERS: So we will bring hard copies. These
23 aren't expert style Power Points that outline testimony.
24 But for example, we have a witness we want to prove up the
25 portion of our opening that deals with here are the

KM

3306

Proceedings

1 charitable things the NRA does, and so we will have a
2 picture of a map with here's all the NRA chapters, something
3 of that nature.

4 THE COURT: If the witness can't remember that,
5 that's a problem.

6 MS. ROGERS: Right. I mean, they are illustrative
7 in their design to make clearer what the witness --

8 THE COURT: I'm inclined against something like
9 that. You know, again, the demonstrative in the fact
10 witness setting really should be a picture that helps to
11 illustrate a point that the witness is independently making.
12 That's the way I've seen it used, and I think that way
13 avoids the risk -- frankly, it's not very good for
14 credibility anyway to have it look like the witness is
15 reading from a script, but it also is a little dangerous, I
16 think. So I don't want to prejudge it because I don't know
17 what it looks like, but if it's -- in principle, a fact
18 witness should not need memory cues. If they do, then do it
19 the normal way where you refresh their recollection with
20 admissible evidence.

21 MS. ROGERS: We understand. We will print them.
22 They were intended as illustrative aids, not memory cues,
23 but we will print them, and we will discuss them.

24 THE COURT: The point is for them to be helpful to
25 the jury. Not to the witness.

1 MS. ROGERS: Yes. Exactly.

2 (Witness resumed the witness stand.)

3 THE COURT OFFICER: All rise. Jury entering.

4 (Whereupon, at this time the jury entered the
5 courtroom.)

6 THE COURT: Good morning, folks. Welcome back.

7 Please have a seat.

8 Counsel, you may proceed.

9 MS. ROGERS: Thank you, your Honor.

10 CONTINUED DIRECT EXAMINATION

11 BY MS. ROGERS:

12 Q Good morning. Can everyone hear me? Great.

13 Dr. Sullivan, yesterday you testified about some of the
14 business analytics projects you've done.

15 You also work as an expert; right?

16 A Yes. That's right.

17 Q Can you describe the breakdown of your work? Do you
18 testify usually for plaintiffs or for defendants?

19 A My work -- my litigation and dispute-related work is
20 split roughly 50/50 between working on behalf of plaintiffs and
21 working on behalf of defendants. And roughly speaking, my work
22 is split about 50/50 between pure business advisory type work
23 and decision making versus litigation and disputes such as this
24 one.

25 Q All right. And I think -- is the Power Point working?

KM

3308

Sullivan - by Defendant - Direct/Ms. Rogers

1 I think we are ready to move ahead here.

2 In addition to your professional experience advising
3 for profit and non-profit companies, do you have any personal
4 experience on non-profit Boards or Councils?

5 A I do. As I mentioned yesterday, I served on the
6 Economic Leadership Council at University of California, San
7 Diego, and I also had an opportunity to work with San Diego's
8 Zoo Global which is now known as the San Diego Zoo Wildlife
9 Alliance. That was over the course of a five-year period from
10 2016 through 2020.

11 I served on two different Boards at the organization.
12 First was what was known as the Foundation Board, and that was a
13 fundraising and friend-raising Board. I did not have
14 operational or fiduciary duties or anything like that.

15 After a couple of years on that Board, I transitioned
16 to Board of Trustees wherein I did have fiduciary duties. And
17 for the last two years, I served as an officer, and I was the
18 treasurer for the San Diego Zoo Global Organization. In which
19 case I had responsibility for all of the financials and
20 financial performance regarding the organization.

21 Q And what have you been asked to do in this case?

22 A In effect, it is applying my expertise in economics and
23 finance and accounting and using those tools to evaluate the
24 control efforts that were undertaken by the NRA.

25 Q Are you being compensated for your work?

KM

3309

Sullivan - by Defendant - Direct/Ms. Rogers

1 A My employer Secretariat is compensated at the rate of
2 \$2,000 per hour for the work that I perform in this case.

3 Q How much has your employer been paid so far for your
4 work?

5 A I do not know.

6 Q And does your compensation depend in any way on what
7 you say?

8 A No, not at all.

9 Q Does it depends in any way on whether the NRA wins or
10 loses?

11 A No.

12 Q What kind of materials did you consider in forming your
13 expert opinions?

14 A A great deal of information. Really comes into two
15 categories or buckets. One is the set of information that I
16 received as part of this litigation that I either asked for or
17 received from counsel for the NRA. That's including Board
18 minutes and financial statements and Audit Committee meeting
19 minutes and things of that nature.

20 There is also a set of information that I obtained
21 independently through my research in the marketplace, and I'm
22 going to talk a little bit more about the framework that I
23 utilized in terms of how I evaluated the NRA's control efforts,
24 and that was obtained independently through my own work that I
25 did.

Sullivan - by Defendant - Direct/Ms. Rogers

1 Q Now, before testifying today, what kind of work have
2 you already done?

3 A So I performed my research, performed my analysis. I
4 set that forth in two different reports. There was an initial
5 report, and then I had an opportunity to submit a rebuttal
6 report in response to work that was done by the experts for the
7 AG.

8 Subsequently, I sat for deposition and provided
9 testimony at deposition, and the purpose of this is to provide
10 as much transparency and clarity to the work that I have done
11 and to be able to communicate that both to the AG and in the
12 court.

13 Q And what are the key topics you are going to be
14 testifying about today?

15 A I'd like to start off talking about just an overview or
16 a summary of what I did and what I found.

17 Second, I'd like to discuss the framework that I
18 utilized for performing my analysis.

19 And then third, applying that framework to some of the
20 information in this case. And in particular, with regards to
21 the corrective actions that were undertaken by the NRA.

22 Q All right. Well let's start with your summary.

23 A All right. For context, I am in part responding to the
24 work that was performed by Mr. Hines that he presented to you on
25 Friday and Monday.

KM

3311

Sullivan - by Defendant - Direct/Ms. Rogers

1 At a high level, Mr. Hines was explaining that the
2 control environment at the NRA was not effective and that there
3 were a number of what he found to be fraud risk indicators
4 associated with the work done at the NRA.

5 Q Now, you are not a forensic accountant like Mr. Hines;
6 right?

7 A That's right. So I am an economist. I use accounting
8 throughout my work as an economist, but I'm not a forensic
9 accountant. And thus, Mr. Hines and I approach our work
10 differently as a result of that, and that is part of why I want
11 to set forth the framework that I have utilized so you can
12 understand how it is I had went about my work and why.

13 Q And in the course of your work, can you describe
14 whether you help interpret the findings of forensic accountants?

15 A Yes. Part of the work as an economist and the work
16 that I do not surprisingly is based upon financial information
17 and financial reporting utilizing financial reports, looking at
18 auditing, the work that auditors have performed, looking at the
19 influence and affects of various control activities, and I think
20 this probably makes sense when we go back to think about what is
21 economics. You know, often considered the decision science, and
22 it is the study and the science of evaluating decision making
23 and actions that are taken by individuals and organizations and
24 companies and countries when there are scarce resources and
25 constraints, and that all is utilizing financial information.

KM

3312

Sullivan - by Defendant - Direct/Ms. Rogers

1 So in the course of my work, I am frequently utilizing
2 accounting work.

3 Q All right. And what opinions have you reached in this
4 case?

5 A As I'll explain, there are basic principles of
6 economics and accounting. These include things like cost
7 benefit analysis and materiality and prudent business person
8 judgment, and these principles are reflected in what we see in
9 industry practices.

10 Now, when I say "industry" here, I'm not referring to a
11 particular industry like the shoe industry or the hospital
12 industry or the automobile industry.

13 What I'm referring to is -- are the practices that are
14 utilized by organizations within industry meaning this is both
15 for private and public entities, and it is both profit and
16 non-profit entities.

17 Q And can you summarize the opinion you've reached?

18 A Based upon my research, my analysis which I'll
19 summarize here today, in my view the NRA's course correction has
20 been effective. And what that means is that they have taken
21 action. They have made decisions and certain activities that
22 have effectively changed their course in a way that I view as
23 positive.

24 Q And do we have an overview of your basis for that
25 opinion?

KM

3313

1 A Yes, and I will describe this in more detail, but what
2 I am depicting here is effectively a timeline.

3 So scrutiny was initially being placed on the NRA in
4 2017. In 2018 there were changes that were occurring within the
5 organization. Mr. Spray came in as CFO in March of 2018.
6 Subsequent to that, there was a Top Concerns memo in the middle
7 of 2018 that expressed a number of different issues. It was
8 really at that point in time with the catalyst for the course
9 correction that took place. Around the same time compliance
10 seminars were implemented. There were a number of actions that
11 were taken with regards to restitution or repayment by
12 employees.

13 A number of employees, their employment with the NRA
14 was terminated. And in addition, those are some of the internal
15 side of things.

16 On the external side with the vendors, you know, as you
17 may know, there were several of those that were either
18 terminated, renegotiated or in other ways corrected throughout
19 the process.

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 Q Can you talk about the economics finance accounting
2 framework you used to conduct your analysis?

3 A Yes. A framework is important because it provides a
4 principled way of performing an evaluation, of being able to
5 analyze and make a decision and inferences based upon
6 information and that's why it is important.

7 The first three principles I have listed here, cost
8 benefit analysis, materiality and prudent business person
9 judgment, these are basic principles of economics, finance and
10 accounting; and those principles are reflected in what are
11 referred to as industry standards or sometimes referred to as
12 industry practices.

13 And, I think it would be helpful to go through each
14 one.

15 Q Absolutely. So, what do you mean when you say "cost
16 benefit analysis?"

17 A At its most basic level, it is very simple. Although
18 there's been just a ton of economic research on different types
19 of analyses for cost benefits, it is also something that we all
20 do on a daily basis. You know, when we decide to take a subway
21 versus an Uber versus a taxi, and we're evaluating the costs
22 relative to the benefits that we get. And the more material,
23 the more important the issue is, the more effort that we tend to
24 put into it.

25 I might not put too much effort into determining

BP

3315

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 whether it is Uber or lift; but if I'm going to rent an
2 apartment, if I'm thinking about purchasing a vehicle, then I'm
3 going to put a lot of time and effort into that analysis to
4 figure out am I going to get the benefits that outweigh the
5 costs associated with that.

6 Q Can you talk a little more about this business concept
7 of materiality?

8 A Sure. I was trying to think of the best way to explain
9 this, and I was in a market the other day and it occurred to me
10 that perhaps potato chips and diamonds. So, if we're at the
11 corner market and one is looking at controls in that market,
12 there's not going to be too much concern over the potato chips
13 if a bag or two of potato chips goes missing or perhaps not all
14 of them were received, that the package -- the box of potato
15 chips is short a bag.

16 But if you're up in the diamond district and there's
17 diamonds being brought in, sold, transferred, there's going to
18 be far more scrutiny paid to how those are handled, looking at
19 both employees and at customers to make sure that the diamonds
20 don't go into somebody's pocket and just walk out and, thus,
21 that becomes very important.

22 Now, more formally speaking, materiality is when a
23 particular financial information is such a magnitude that when
24 it is reported differently, it causes different decisions to be
25 made as a result; and, thus, that level of materiality is

BP

3316

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 contextual. It varies based upon the situation; but, of course,
2 it affects how one thinks about the proper course of action to
3 take.

4 Q Can you talk a little bit about the concept of prudent
5 prudent business judgment?

6 A There's really two things to be thinking about here:
7 Prudent and person.

8 When judgments or decisions are being made, it is being
9 made by humans, by people. And we are -- and much to my chagrin
10 -- inherently imperfect; and as a result, we're not always
11 making perfect decisions, but we're doing so in a prudent way.
12 That means we're gathering a reasonable amount of information in
13 order to make the decision that we're making.

14 Again, if I'm choosing between Uber and Lift, I'm
15 probably not going to be putting too much thought into that.
16 But if I am making a decision on renting an apartment, then,
17 again, I'm going to be putting much more thought. I'm going to
18 be doing research. I'm going to be doing analysis to bring that
19 in.

20 But, what that ultimately reflects is what I am viewing
21 to be a good decision at that moment. We have to ensure that
22 there's not the so-called paralysis by analysis where we do so
23 much analysis that we delay a decision, and we don't take any
24 action; but, yet, we also want to make sure we have enough
25 information.

BP

3317

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 It is trying to find that reasonable balance for being
2 able to make decisions.

3 Q You heard Mr. Hines testify that sometimes decisions
4 are revisited or changed in hindsight.

5 Can you describe how time interacts with prudent person
6 business judgment?

7 A Absolutely. In economics, we refer to this as X-ante
8 versus X-post. I suppose folks somewhere along the way enjoyed
9 the Latin side of things. And clearly once we have hindsight
10 and we're looking back on decisions, that gives us an
11 opportunity to better understand what has transpired and whether
12 a decision is accurate with that hindsight.

13 When we're only looking with foresight going forward,
14 we can make the best decision that we can. Sometimes that --
15 even a good decision might lead to a bad outcome and vice versa.
16 That just is inherent in life and with uncertainty.

17 Q You also heard Mr. Hines testify about a COSO framework
18 for internal controls.

19 Can you describe how your work and analysis touches on
20 COSO?

21 A Yeah, so the three principals I just described, cost
22 benefit analysis, materiality and prudent business judgment;
23 those are reflected in industry practices and standards.

24 COSO, which is the committee on sponsoring
25 organizations of the tread way commission is a framework that

BP

3318

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 is in part focused on internal controls; and that framework,
2 which is used across many different organizations within
3 for-profits, within non-profits, it is very widely utilized and
4 it is a framework implemented by NRA throughout the course
5 correction, in particular, in order to improve the controls.

6 Q And do you improve controls once or repeatedly or can
7 you describe how that works over time?

8 A Absolutely. It is a continuous process.

9 It is not a one in done. It is not a singular event.

10 The notion of continuous improvement is observed across
11 different types of organizations in the areas. There's Lean
12 Manufacturing, for example; or you may have heard of Six Sigma
13 which is an approach towards trying to make continuously improve
14 operations in a way that makes them more efficient.

15 COSO is this continuous improvement framework that
16 applies to internal controls, and it is a collection of looking
17 at the control environment, performing risk assessments, control
18 activities, improving information and communication in
19 monitoring. What that means is that there's always a continuous
20 process of seeking to detect issues that are arising, seeking to
21 correct those, taking that information, learning from it to
22 improve policies so that there's less likelihood of something to
23 occur in the future; and if so, to be able to detect it.

24 There's not a perfect set of internal controls. They
25 are only one set simply continued to improve over time.

BP

3319

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 Q We've heard a lot of references over the course of this
2 trial about audits and auditors. Can you talk about how your
3 analysis touches on that?

4 A Yes. Here, again, the principles I was referring to
5 earlier are reflected in the auditing process that is undertaken
6 for organizations and, specifically, here with regards to the
7 NRA.

8 So, in the 2000s up to about 2019 through 2018, the
9 NRA used a company known as RSM, which is a reputable accounting
10 firm; and then in 2019, switched over to Aronson, another
11 reputable accounting firm to perform an audit.

12 What the auditors have done and do is multifold. One
13 is to review the underlying information for the financial
14 statements to determine whether or not those are reasonably
15 accurate.

16 The interesting part about that is it is not simply
17 looking at the numbers, themselves, but it is digging in to
18 understand the internal controls. It is not an audit of the
19 controls, themselves; but in order to be able to render an
20 opinion on whether the audit process and, thus, the financial
21 statements are accurate, it is necessary for the auditors to
22 dig into and understand and work with the internal controls to
23 be able to know whether or not their process of auditing results
24 in something that's accurate.

25 When they release their results, they do provide

BP

3320

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 letters to management, and those letters typically have
2 improvements that can be suggested for how to make things even
3 better. And, just like --

4 MR. CONLEY: Objection, your Honor, Factual
5 narration.

6 THE COURT: That wasn't the one I was expecting,
7 but that one I'll overrule.

8 Q You can continue.

9 A An organization is much like an organism, evolves,
10 grows, develops, matures over time, and those management letters
11 help with that.

12 In 2019 when Aronson was beginning their work as
13 auditors, clearly --

14 THE COURT: I will interrupt just for a second
15 because I've done this with the other experts to make the
16 point maybe that Mr. Conley was making.

17 As with the other experts, this expert is not a
18 fact witness. So when he's relaying his understanding based
19 on his review of whatever he's reviewed, you can take that
20 as part of the basis for his opinion he's giving you; but
21 he's not a fact witness on all these things having happened.

22 Although sometimes people -- and I don't think it
23 is a problem -- don't always include "It is my understanding
24 that" before everything they say; that's -- that's how you
25 should take this. This is him not narrating facts as a

BP

3321

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 witness who saw them; but as showing you what the basis for
2 his opinion is. Okay.

3 MR. CONLEY: Your Honor, I'd also like to object
4 that this is outside the scope of Dr. Sullivan's expertise
5 getting into audits and accounting standards.

6 THE COURT: That's what I thought you were going to
7 say last time.

8 To some extent, this witness is an economist and so
9 his testimony about what auditors do or don't do about
10 internal controls does strike to be outside his area.

11 MS. ROGERS: Well, I think he's testified -- and we
12 can voir dire him on this if the Court would like -- that
13 when he's giving business analytic advice, he has to
14 interpret these findings and know what they mean.

15 THE COURT: I think that's different than -- I
16 think the testimony that I was hearing was what auditors
17 actually do, and maybe there's a basis for that, but
18 that's -- he was approved as an expert on economics and in
19 analyzing this, so I think that references to what auditors
20 do may be part of his background understanding of the world,
21 but it is not a basis of an opinion.

22 MS. ROGERS: And we did also offer Dr. Sullivan as
23 an expert on finance and accounting. We offered him as an
24 expert on economics, finance and accounting.

25 MR. CONLEY: No, your Honor, my understanding is he

BP

3322

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 was offered as an expert in economics and he coauthored this
2 expert report with Bruce Blacker, who is a CPA and
3 accountant.

4 THE COURT: Yeah, I did not -- just listening to
5 the witness, I'd be surprised if he suggested he's an expert
6 witness in the field of accounting. I did not admit him for
7 that purpose.

8 So, anyway, I don't think anything dramatic has
9 happened; but I viewed it more as background, but it did
10 sort of sound like he was giving a view as to what in the
11 ordinary course auditors are supposed to do with respect to
12 internal controls and maybe you can ask him questions to see
13 whether he has an expert basis to make those kind of
14 statements. But, otherwise, I would keep to his area of
15 expertise.

16 Q Dr. Sullivan, do you have expertise or experience
17 relating to accounting and auditing?

18 A I do. I am a user of the information that is produced
19 by accountants and auditors; and as a user of that because I am
20 an economist performing analysis in many different types of
21 engagements from my clients, I am required in those instances to
22 have an understanding as to what is being performed by
23 accountants and auditors, what those documents mean and how to
24 use them.

25 I -- I am not offering up any expertise in being an

BP

3323

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 auditor or being an accountant; but rather it is the user, how
2 to interpret them and what they mean and how one can rely upon
3 them, which is what I do day in and day out.

4 THE COURT: Well, I think in that context, if you
5 go back and read some of the answers, I was listening for
6 that distinction. Some of them did sound like this is what
7 auditors have to do in reviewing internal controls is
8 different than a user's take on what in the real world he's
9 observed them doing.

10 I can -- I'm okay with the latter as part of his
11 general background, but let's just be careful. As he said,
12 we're all users of doctors, that doesn't make us doctors;
13 but we do understand what doctors tell us and so we can give
14 you background as to how that process works.

15 So, that's the distinction I'm going to hold to.
16 Okay.

17 MS. ROGERS: Thank you, your Honor.

18 Q So, Dr. Sullivan, from your perspective as someone who
19 uses and interprets the findings of auditors, can you talk about
20 management letters and special procedures and how they're used?

21 A Yes, indeed.

22 MR. CONLEY: Objection, your Honor, I'm sorry, this
23 is outside the scope of his expertise.

24 THE COURT: Overruled.

25 A As a user, information from auditors, including the

BP

3324

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 information that I have on this slide, what I did in this case
2 is based upon my review of the facts and the information and it
3 is just that, it is just my review of that; but what I observed
4 is that there were management letters that were supplied by the
5 auditors to the NRA. Those management letters provided
6 suggestions or comments in terms of how to improve their
7 internal control processes.

8 When Aronson was determining whether to engage with the
9 NRA as an auditor which at the time the NRA was undergoing
10 considerable and substantial scrutiny, of course Aronson --

11 MR. CONLEY: Objection, your Honor, this is factual
12 narrative.

13 THE COURT: Overruled. Again, he's not saying it,
14 but this should all be interpreted as his understanding from
15 things he's read, which should all be in evidence anyway;
16 but, periodically, you might phrase it that way so that the
17 jury doesn't get confused. But, this jury seems like they
18 get what I'm -- how I'm advising them.

19 MR. CONLEY: I'm sorry, but we object. We don't
20 think this is in evidence, your Honor.

21 MS. ROGERS: So, we have a witness from Aronson.
22 He just hasn't testified yet. That will be part of our
23 direct case.

24 THE COURT: Right, and as I said before, at
25 instruction time I will tell you that if you find that any

BP

3325

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 of the factual basis for any expert that you don't agree
2 with based on the evidence, then you can disregard what the
3 expert says.

4 That's the way this works.

5 MS. ROGERS: Understood, your Honor.

6 Q Thank you, Dr. Sullivan. Can you continue telling the
7 jury what you observed from the documents that you looked at
8 that helped you form an understanding about what the auditors
9 did?

10 A Absolutely, and just to be clear, this is all based
11 upon my review, it is my understanding, my interpretation. I am
12 not rendering an opinion on what the facts are.

13 However, when Aronson -- and this is based upon the
14 documents I reviewed. This is set forth in my expert reports.

15 When Aronson was making a decision to undertake the
16 engagement with the NRA as I noted there was substantial
17 scrutiny that the organization was facing; thus, Aronson put in
18 a special procedures to evaluate and make a determination on how
19 to proceed with the engagement. And those special procedures
20 went through and evaluated many different control items; and, in
21 particular, part of what they did was address the issues that
22 were --

23 MR. CONLEY: Objection, your Honor, I'm sorry. The
24 witness is evaluating evidence that isn't -- is evaluating
25 evidence that isn't in the record.

BP

3326

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 THE COURT: That is true. Not yet, anyway.

2 MS. ROGERS: Not yet, your Honor. Just as they led
3 off their case with an expert and then put in factual
4 evidence.

5 Our goal here is to have Dr. Sullivan frame this
6 analysis; and then, obviously, we have a witness on our list
7 from Aronson. We have these documents on our exhibit list.
8 They're discussed in his expert report. They'll come in.

9 THE COURT: I'll take that representation; and if
10 it doesn't match up, the jury will make its evaluation.

11 MR. CONLEY: Your Honor, we think it is
12 inappropriate that the expert is describing what Aronson's
13 state of mind was, what their motivations were.

14 THE COURT: Overruled.

15 Q You can continue, Dr. Sullivan.

16 A Thank you. I think that comes close to rapping up what
17 I intended to convey with Aronson.

18 Q Okay, great.

19 Let's talk about the industry standards you're familiar
20 with concerning regulatory filings.

21 A When non-profits provide their financial information,
22 they file it in what is known as a Form 990. This provides the
23 public with an opportunity to review and view the financial
24 performance of the organization.

25 I did a review and analysis of other organizations,

BP

3327

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 other tax exempt organizations in terms of their Form 990s I did
2 die this for a two-year period of 2019 to 2020 to determine
3 whether or not there were excess benefit disclosures in other
4 organizations, and I found that there were 206 organizations
5 that also had excess benefit disclosures.

6 One of the things that I find interesting, again, as a
7 user of accounting information as an economist performing the
8 work that I do is that in the Form 990, there's a section that
9 is specifically intended to identify whether or not there are
10 excess benefits to be disclosed, and this is indicative of being
11 able --

12 MR. CONLEY: Objection, your Honor, outside the
13 scope of his expertise.

14 MR. FLEMING: Your Honor, could we maybe let the
15 answer come in before the objection?

16 THE COURT: No, that's the opposite of what it is
17 supposed to be.

18 But, was this in the expert disclosures?

19 MS. ROGERS: This was in one of the reports. That
20 was a portion of his report --

21 THE COURT: Was it rebutting --

22 MS. ROGERS: It was rebutting something, so I don't
23 want to spend too much time on.

24 THE COURT: Rebutting something that I've excluded;
25 right?

BP

3328

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 MS. ROGERS: Yes.

2 Q So, let's move on to your next slide.

3 THE COURT: Yes, you can disregard this section.

4 Q So, you heard Mr. Hines testify that he hadn't formed
5 an opinion on whether any of the fraud risk indicators were
6 corrected by the NRA. Do you recall that?

7 A I do.

8 Q Have you looked at any of that?

9 A I have looked at a great deal of information to
10 determine whether or not the course correction undertaken by the
11 NRA has been effective; and the bases that were presented by
12 Mr. Hines for his opinions are set forth on this slide in terms
13 of these different elements.

14 So, what I've done here is go through each of those
15 with the economic tools that I have used to evaluate it.

16 Q All right --

17 MS. CONNELL: Objection, your Honor. I'm sorry, a
18 lot of what is going to be covered is outside the scope of
19 Dr. Sullivan's reports.

20 MS. ROGERS: It is not outside the scope of his
21 reports.

22 MR. CONLEY: It is, your Honor.

23 MS. ROGERS: It's pages 35 and 36 of his rebuttal
24 report addressing Hines.

25 MR. CONLEY: But, your Honor, Dr. Sullivan does not

BP

3329

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 discuss the consulting arrangements and the board member
2 arrangements that are set forth in the slide deck.

3 MS. ROGERS: That's nowhere on the slide, nowhere
4 on the next slide and the continued objections are -- we
5 didn't do this during their trial time.

6 THE COURT: We're going to take a short break
7 because I'd like to evaluate all these things wholistically
8 and not waste the jury's time with all these objections,
9 which may be well-founded or may not.

10 So, let's take a break and we'll try to get things
11 moving a little more smoothly after.

12 COURT OFFICER: All rise, jury exiting.

13 (Whereupon, at this time the jury then left the
14 courtroom.)

15 MS. ROGERS: Should we keep the witness or get rid
16 of the witness? Not get rid of him, but --

17 THE COURT: He doesn't need to leave the room.

18 MS. ROGERS: Okay.

19 (Whereupon, at this time the witness stepped down.)

20 THE COURT: Well, this hasn't gone very smoothly.

21 Why don't I start with, I guess, Ms. Rogers, first
22 of all, the part about the 990s --

23 MS. ROGERS: That was a mistake, your Honor.

24 THE COURT: Yeah. So, help me understand the scope
25 of the report because, obviously, a part of what his report

BP

1 did ended up being rebutting things that didn't come in.
2 So, there's no reason for that.

3 Help me understand why they're wrong about their
4 scope objections?

5 MS. ROGERS: Sure. So on page -- so, Dr. Sullivan
6 offered rebuttal testimony to several experts, including
7 both Harris which we're cutting out and Hines, which is
8 right on point.

9 So, on pages 35 and 36 of Dr. Sullivan's rebuttal
10 report delivered with Bruce Blacker and I'm sorry --

11 THE COURT: You're going to have to go a little
12 more slowly.

13 MS. ROGERS: Sorry. 35 -- it is actually page 37
14 of Dr. Sullivan's rebuttal report dated October 7, 2022,
15 which he delivered with Bruce Blacker.

16 THE COURT: I don't have all of this stuff at hand,
17 but...

18 MS. STERN: Your Honor, I have a copy for the
19 Court.

20 (Handed up to the Court)

21 THE COURT: Go ahead.

22 MS. ROGERS: So, if we look at pages -- it starts
23 -- actually I keep saying the page numbers wrong.

24 So, we'll start on page 34 where it says
25 "Evaluation of Hines Report," and he goes through the same

BP

3331

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 buckets that Hines testified about which are discussed on
2 some of these slides.

3 There's also McKenna, which Hines didn't testify
4 about which is not -- we do not have a slide in here on
5 McKenna.

6 So, he summarizes Hines' testimony and then says
7 that Hines fails to consider corrective actions with respect
8 to each of these; and there's a chart attachment, E-1 to
9 this report, which is a detailed list of corrective actions
10 and evidence for it.

11 THE COURT: The corrective actions part I
12 understood; but, Mr. Conley, what was your out-of-scope
13 objection?

14 MR. CONLEY: Your Honor, the out-of-scope objection
15 was with respect to slides 31 and 32, which were part of the
16 summary on slide 27.

17 The rebuttal report does not discuss as a basis for
18 the opinions anything regarding Sandra Froman, David Keene,
19 David Butz, Marion Hammer --

20 THE COURT: Well, look, if the topic -- you know,
21 if the principles discussed in the report just weren't
22 applied to those individual situations -- you know, it is a
23 trial. He's allowed to comment on what actually happens at
24 the trial, too.

25 If he was bringing a different kind of analysis

BP

3332

R. Sullivan - by Defendants - Direct/Ms. Rogers

1 into play saying, well There's, you know, X-study which
2 shows that this is what happened with Marion Hammer that,
3 you know, X, Y, Z, then I can see your point.

4 If your only point is that he's applying the same
5 analysis to address things that Hines said on the stand, I'm
6 not as convinced by that.

7 MS. ROGERS: And, your Honor --

8 THE COURT: Wait, let me finish with him.

9 MR. CONLEY: Your Honor, there's really no expert
10 analysis here. It is factual recitation; but the -- the
11 facts that it appears that Dr. Sullivan is going to be
12 testifying about just are not discussed or --

13 THE COURT: Well, look his take on this, the expert
14 portion of this which, again, is going to be very prominent
15 in the instructions which, hopefully, you will get today.

16 You know, it is going to be up to the jury to
17 decide whether things that happened in 2018, '19 or whenever
18 are relevant to the -- to whether a violation occurred in
19 prior years. That's a very large issue of relevance that
20 the jury is going to have to grapple with.

21 This witness, obviously, the focus is on talking
22 about the corrective measures.

23 So, I've agreed to let them bring that into the
24 case subject to the jury making a decision about whether any
25 of it impacts whether it is state of mind or good faith or

BP

1 whatever you want to call it at the time of the events,
2 which is actually what they're going to be rendering a
3 verdict on.

4 But, I don't know that I see the need to object to
5 each little time that the corrective measures is applied to
6 something that Mr. Hines said on the stand.

Proceedings

1 MS. STERN: Your Honor, can I just address one
2 point which is a macro point which is this expert issued two
3 reports. The purpose of which was to challenge the
4 propriety remedies, and we now have the expert having
5 retailored his opinion not only to not really offer the
6 opinion that he disclosed, but besides that now to provide
7 particular information.

8 And if you really -- and the time is not now to do
9 this. But if you were to read the report, you will see that
10 it really is just a person who has a title talking about
11 facts.

12 There's no application of any kind of analytical
13 methods that are accepted anywhere outside of what is
14 written in this report by two different people, only one of
15 which is here, and one of which that person didn't even have
16 the expertise that he -- we already saw him trying to talk
17 about.

18 So we have him doing something that is -- we had no
19 disclosure of, we are having to respond to in real time, and
20 it's --

21 THE COURT: Well, can you isolate that for me? I'm
22 not sure I understand what's the "new" that you're
23 responding to that you haven't had disclosure of.

24 MS. STERN: As you have seen, primarily this expert
25 is here to describe the facts as he sees them to the jury.

KM

3335

Proceedings

1 THE COURT: Your expert did the same thing as part
2 of the background. We haven't really gotten to his opinions
3 yet.

4 MS. STERN: Well, that's exactly my point, your
5 Honor.

6 The opinion he offered -- and if you look through
7 his report, he offers opinions that based on this cost
8 benefit analysis, very mushy framework, that it's okay that
9 the NRA sort of got to correcting itself late in the game.
10 That's okay in a cost benefit analysis. It doesn't warrant
11 a independent monitorship. That's what he says in his
12 reports, both of them. And now he is trying to sort of say
13 something that's shy of that because obviously, that's not
14 before the jury.

15 But in the process, he's had to provide a little
16 bit -- something more tangible. And so now he applies it to
17 the things that he never even talked about in his report
18 which means that we did not have an opportunity to
19 cross-examine him in depositions about his application of
20 this framework to particular types of financial
21 transactions.

22 THE COURT: Let me ask the NRA what -- maybe to
23 help me understand exactly how, you know, given that the
24 portion of the report talks about monitorship is not going
25 to come in here which was an important part of it, but I do

KM

3336

Proceedings

1 understand that the -- the standard that the jury is going
2 to be asked is -- it's something like reasonable care and
3 good faith under the circumstances, and I'm not getting all
4 the language right, but -- and is -- ultimately, this come
5 down to also applying the cost benefit analysis to what was
6 being done at the relevant time before the course
7 correction.

8 MS. ROGERS: Correct, your Honor. You see the
9 timeline begins in his slides in 2018, and we talk about the
10 contemporaneous events at the time of their allegations and
11 remedies that unfolded, you know, in real time over these
12 relevant years, the same years during which their evidence
13 is coming in.

14 So they are challenging items that happened in
15 2018, 2019, 2021. He is talking about remedial processes
16 unfolding over the same years and a little bit afterwards.

17 There is a stark mischaracterization we have heard
18 which is that there is new content being populated that was
19 not in the report previously. That's not true.

20 They may not have chosen to focus their cost
21 examination there, but what we essentially did after the
22 motion in limine stage when it was clear that remedies
23 weren't going to be before the jury is we took his verbatim
24 opinions from his report and we lopped off the part about
25 the compliance monitor.

KM

3337

Proceedings

1 So in his expert report he says he is evaluating
2 the reasonableness of the NRA's control efforts. That is
3 exactly what he's told the jury that he's done, and he says
4 that.

5 THE COURT: The control efforts as they changed
6 over time.

7 MS. ROGERS: Yes.

8 THE COURT: Is he also going to offer an opinion as
9 to the controls that were in place in 20 -- you know '17,
10 '16, '15 and the like?

11 MS. ROGERS: So some of what was in place in 2018
12 were from them. So for example, this related-party
13 disclosure policy as we have heard it from Mr. Frazer a bit
14 was kind of rolled out in '15, '16, '17. He's considered
15 that, and he is considering actions the NRA took in response
16 to this information.

17 THE COURT: So he's -- right now we are still in
18 the -- I think the background phase. So he's, you know,
19 populating things that are in his report as you say about
20 the facts of the corrective measures; right?

21 MS. ROGERS: Right.

22 THE COURT: So what is the next part where he says
23 here's my expert opinion about why that should matter?

24 MS. ROGERS: So his -- so he's delivered two expert
25 opinions. One is that you have to evaluate the

KM

3338

Proceedings

1 reasonableness of these control efforts using this
2 framework. You have to consider cost and benefits and
3 materiality. And his second opinion that using that
4 framework, the NRA's corrective efforts have been
5 reasonable, have been effective and --

6 THE COURT: The corrective measures have.

7 MS. ROGERS: The corrective measures.

8 THE COURT: But not, you know, analyzing historical
9 ones.

10 MS. ROGERS: Well, he is saying control efforts and
11 corrective measures, so it is a bit of a blend because the
12 NRA had a whistleblower policy which it updated. The NRA
13 had a related-party transaction policy.

14 THE COURT: This is the slice of it that I thought,
15 you know, was legitimate expert testimony. It's a little
16 out there from what normally you see, but you know, in the
17 -- in a case like this where you're evaluating the
18 reasonableness and good faith of corporate officers and a
19 corporation over time, you know, I think you can -- that
20 this analysis that I think is admissible to make the points
21 you're making about what is reasonable to take into account
22 at a given point in time.

23 So to that extent, I'm sticking with my view that,
24 you know, I did not grant the motion to strike this
25 testimony. It is again unusual in that the report was

KM

3339

Proceedings

1 written by two people, and so we have already seen a little
2 bit of that where that doesn't mean that either of them can
3 testify as to the expertise of the other which I think
4 happened a bit.

5 You know, I'm not sure exactly why you did it that
6 way, but I'm limiting it to whatever portion of that report
7 he can independently verify based on his own expertise.

8 But so, look, I don't know how long more this is
9 going to go on, but the background going through the facts
10 as long as, you know, the points about the course correction
11 are certainly disclosed in the reports to the point where
12 you can clearly cross or depose him on this, I really don't
13 want to have a running series of objections to the
14 background and to his statement about what he thinks
15 happened in the course correction. I think it is fair to
16 say they didn't really do that to your experts.

17 So you know, are there any other opinions -- I have
18 not sort of fly specked this demonstrative because I haven't
19 had time. But are there any opinions coming that you think
20 are just completely not in the report?

21 MS. STERN: Well, I think one issue that I just
22 want to flag is the notion of the economist offering his
23 opinion on the adequacy of internal controls and that being
24 outside the scope. The other --

25 THE COURT: Now, look, I will tell you this. I

KM

3340

Proceedings

1 don't think that internal controls and what is reasonable in
2 the circumstance is entirely the province of any particular
3 sphere of expertise. You know, the whole idea of di minimus
4 tests is at some level is cost benefit. We are not going to
5 say that somebody has violated a duty because of something
6 that really wasn't material. This is a more nuanced and
7 sophisticated take on that as to what is a reasonable set of
8 controls to solve for the important problems but not
9 over-regulate and the like.

10 You know, I don't think that is inadmissible.
11 Whether the jury accepts it or not is up to them, but you
12 know, that's what they disclosed, and that's what I
13 thought -- you know, I'd like to give the parties leeway to
14 make the argument they want to make. And if one of their
15 arguments which it sounds like it is is that, you know, in
16 assessing the reasonableness of how closely you regulate
17 things, you think about cost and benefits. And you know, at
18 some level you could have controls that are too rigid, I
19 suppose, but I haven't heard anything -- look, I think as
20 long as he continues to be careful about when he is talking
21 about facts just making the point that he is not testifying
22 about the facts, I don't see the need for a continuing
23 string of objections on this principle. You can
24 cross-examine him including as to what time period he was
25 looking at, what time period he is not looking at and all

KM

3341

Proceedings

1 the things you want to do, but I'd like to have the
2 testimony come in cleaner than it is right now. I get your
3 point that it's -- things evolved from the reports when
4 there were some plaintiffs' experts that are in that are no
5 longer in. It was also at a point when the trial was going
6 to be bifurcated and so things change, and -- but I'm
7 confident that, you know, I made the decision that I was not
8 excluding this kind of analysis, and I'm sticking to that.

9 MS. STERN: I understand, your Honor. I just
10 -- and we have to make our record, and I think that we did
11 see there was a lot of straying beyond various areas.

12 THE COURT: There was some.

13 MS. STERN: I would trust that opposing counsel now
14 heed the judge's directions and stay within the scope of the
15 report and the area of expertise.

16 THE COURT: Yeah. And given that this was a joint
17 report, it does require some discipline to bear in mind that
18 that doesn't mean that each of them can testify about
19 expertise of the other. It's a little strange, but I will
20 uphold that.

21 MS. ROGERS: We understand, your Honor, and the
22 remaining slides are not -- not accounting heavy. They
23 don't really have accounting informing on them at all. They
24 are bases for his assessment of the reasonableness of the
25 control efforts.

KM

1 THE COURT: Okay.

2 MS. STERN: Thank you, your Honor.

3 THE COURT: All right. So let's try to keep it on
4 both sides as smooth as we can. It's -- let's get through
5 it. There is a point to be made, and then there is a point
6 to be made on cross. It doesn't have to be lawyers talking.

7 Let's -- I don't whether they are going to be ready
8 yet. All right. Let's go -- hang on one more second. I'm
9 not sure there is going to be another break so.

10 MS. ROGERS: Well, this could be mid-morning break.

11 THE COURT: I'm saying if any of you need to take a
12 break, now is the time to do it.

13 (Whereupon at this time there was a recess taken.)

14 (Witness resumed the witness stand.)

15 THE COURT OFFICER: All rise. Jury entering.

16 (Whereupon, at this time the jury entered the
17 courtroom.)

18 THE COURT: Thank you. Please have a seat. So we
19 worked out a few kinks. So things hopefully will move a
20 little more smoothly.

21 Counsel, you may continue.

22 CONTINUED DIRECT EXAMINATION

23 BY MS. ROGERS:

24 MS. ROGERS: Thank you, your Honor.

25 Q Dr. Sullivan, can you walk the jury through the bases

KM

3343

Sullivan - by Defendant - Direct/Ms. Rogers

1 of your opinion that the NRA's corrective efforts were
2 reasonable and effective?

3 A Absolutely. So what I have set forth thus far is the
4 framework that I utilized. I performed my research and my
5 analysis, and what I will describe to you is my opinions based
6 upon my understanding of the facts and based upon my research,
7 my analysis.

8 In effect, I categorized different corrective actions
9 into these different categories; policies and procedures,
10 individuals, and vendors.

11 Just to recap, I showed you this slide earlier in
12 summary form, and the notion here is that there are these
13 different types of corrective actions that were taken over time.
14 I evaluated those actions based upon the principles of economics
15 in order to evaluate the reasonable and the effectiveness of
16 those actions again based upon my opinion.

17 Q All right. And we looked at different categories of
18 risk indicators that Mr. Hines testified about; right?

19 A I did. And in my view, as I go through each one of
20 these, and I have a slide for each one of those to be able to
21 break it down in terms of my analysis of them, but there were
22 corrective actions taken across all of these items including the
23 McKenzie companies, Ackerman McQueen and so forth that in total
24 in my view relate or results in my opinion that those corrective
25 actions have been effective.

KM

3344

Sullivan - by Defendant - Direct/Ms. Rogers

1 Q Well, let's talk about the McKenzie companies first.

2 A So with the vendors including McKenzie, there was
3 activity taken very shortly after the Top Concerns memo was
4 provided by the finance group Ms. Rowling and Mr. Erstling.
5 They provided that Top Concerns memo to the Audit Committee and
6 about ten days later or so, give or take, there were a series of
7 letters that were sent out by the NRA to its vendors to be able
8 to seek more information and to clarify the policies and
9 procedures that the NRA was seeking to implement. And the
10 verbal agreements as I understood them were -- those were
11 conveyed in this Top Concerns memo. There was in 20 -- and all
12 of that was 2018 as I viewed it and my understanding.

13 In 2019, there was a documentation provided by MMP
14 relating to the services that they were providing and the
15 management fees that were being charged. Over time there was
16 some things that occurred in the economy that we are all
17 familiar with of Covid occurring in 2020. I am directly
18 familiar with that in terms of work that I have performed with
19 other entities and with the San Diego Zoo and just the impact
20 that had on organizations.

21 Around that same time there was also the affects that
22 were being felt by NRA as a result of the activities being
23 undertaken by the State and others against the NRA.

24 The -- as I view it based upon my understanding of the
25 facts in this 2022 the agreement with MMP was renegotiated and

KM

3345

Sullivan - by Defendant - Direct/Ms. Rogers

1 as a result, the fees and the services at that point in time
2 were reduced. It was at a time where during that process Mr.
3 LaPierre recused himself from the decision process. The new
4 agreement was reviewed by the Audit Committee; and thus, in my
5 view, this was effectively addressed.

6 Q All right. Why don't you talk about the basis for your
7 opinion that the NRA took effective corrective action on
8 Ackerman McQueen.

9 A Here similar to MMP, there was a letter sent to
10 Ackerman McQueen in 2018 and a second letter as well seeking
11 specific information. And thereafter, in trying to better
12 understand the issues with Ackerman McQueen, in 2019, again
13 based upon my understanding of the facts is that there was a
14 forensic accountant that was hired by the NRA. Ultimately, the
15 NRA opted to file a lawsuit against Ackerman McQueen, and in
16 2019, the contract with Ackerman McQueen was terminated and as
17 such, the corrective actions were eminently effective with
18 regards to Ackerman McQueen.

19 Q Now, there is a related company called Under Wild
20 Skies; right?

21 A There is, and many of the issues that I just described
22 with Ackerman McQueen applies to Under Wild Skies.

23 There was ultimately a lawsuit that was filed against
24 Under Wild Skies and payments to Under Wild Skies based upon my
25 understanding of the facts were stopped in 2019.

KM

3346

Sullivan - by Defendant - Direct/Ms. Rogers

1 So here again, based upon my review and analysis, the
2 Under Wild Skies issue was effectively addressed.

3 Q You also heard Mr. Hines testify about payments to
4 former employees and Board members.

5 Do you recall that?

6 A I do.

7 Q And did you form a view on whether he adequately took
8 into account corrective measures in these areas?

9 A In my view, he did not. In fact, with the three former
10 employees that were addressed by Mr. Hines, I recognized based
11 upon my review and understanding of the facts that the contract
12 with Wilson Phillips was terminated in 2019, that the payments
13 to Marcellin and Weaver, those were completed in 2019. And then
14 there was a dispute with Marcellin and a settlement agreement
15 that was entered into in 2020. And thus, in my view, these
16 issues had been effectively addressed.

17 Q And what about Board member contracts?

18 A Here too my view is that these issues have been
19 effectively addressed. There were new contracts negotiated with
20 Marion Hammer and Dave Butz in the 2018 and 2019 period. There
21 was a separate review by the Audit Committee of the
22 relationships with Dave Butz, Marion Hammer and Sandy Froman.

23 Further, in 2019 the relationship with Ackerman McQueen
24 including payments that were being allocated for Oliver North
25 was addressed and those -- that allocation of payments was

KM

3347

Sullivan - by Defendant - Direct/Ms. Rogers

1 rescinded and as noted a few moments ago, the arrangement and
2 vendor relationship with Ackerman McQueen was terminated.

3 The payments to Mr. Butz and Ms. Froman, those ended by
4 the end of 2019. The payments to David Keene ended in 2021, and
5 I also just have listed here some of the minutes from the Audit
6 Committee describing the importance of the work being performed
7 by Marion Hammer, and thus, payments continuing there.

8 This is -- you know, going back to the framework that I
9 utilized to evaluate my understanding of the facts and thinking
10 about the cost to benefit analysis, this is a perfect example of
11 of that occurring in practice because there are costs that are
12 being incurred by the organization for the activities and
13 services being undertaken by Ms. Hammer wherein they -- the
14 organization determined that the benefits associated with those
15 costs with that service outweighed the cost. And thus, it was
16 beneficial in their view to the organization.

17 Q You also heard me ask Mr. Hines whether it was good or
18 bad that the NRA ended a relationship with a travel consultant
19 named Gayle Stanford.

20 Do you remember that?

21 A Yes.

22 Q He had no opinion on it.

23 A That's right.

24 Q Do you have an opinion on it?

25 A I do.

KM

3348

Sullivan - by Defendant - Direct/Ms. Rogers

1 In my opinion it was a good thing to have that occur.
2 There were challenges and issues that were discovered with Gayle
3 Stanford and her companies in terms of the fees that were being
4 charged and some of the markups that were being placed.

5 As this was discovered, the organization as I
6 understand it based upon my understanding of the facts issued an
7 RFP process. That's a Request For Proposal. It's a typical
8 process that organizations use when they are seeking vendors.
9 They will put out RFPs to different type of vendors, different
10 ones seeking, requesting a proposal for those services. And
11 then shortly after in 2020, the agreement and the services with
12 Ms. Stanford were terminated.

13 Q So can you sum up your opinion for the jury?

14 A Absolutely.

15 I think we have established that I am an economist and
16 that I utilized the framework of economics and as a user of
17 accounting information and the user of accountants and
18 organizations that I have managed that the principles of cost
19 benefit analysis, materiality, prudent business person judgment,
20 those basic principles not only are reflected in how
21 organizations operate; hence, the industry practices that we
22 observe in this industry, but those principles are informative
23 to my evaluation of the -- the factual information. This is my
24 analysis.

25 So I do not perform my analysis in a vacuum. I look at

KM

3349

Sullivan - by Defendant - Direct/Ms. Rogers

1 to the -- specifically with my review of factual information and
2 the evidence, and again, my understanding of it. And based upon
3 my analysis, utilize that framework.

4 In my view, the corrective actions that were undertaken
5 by the NRA were effective, and the items, the fraud risk
6 indicators that were identified by Mr. Hines have all been
7 addressed effectively.

8 MS. ROGERS: Thank you, Dr. Sullivan. Pass the
9 witness.

10 THE COURT: Okay. Are there any other counsel want
11 to elicit direct testimony from this witness? So just
12 cross?

13 MR. CORRELL: Just a little bit of direct.

14 THE COURT: Okay. Is that a little bit of direct
15 and just a little bit of cross?

16 MR. CORRELL: I think a little bit of direct and
17 then you can call it direct or cross. It's within the
18 scope.

19 THE COURT: So it's clear, the scope defined by the
20 direct.

21 MR. CORRELL: We will call it direct.

22 THE COURT: Okay.

23 DIRECT EXAMINATION

24 BY MR. CORRELL:

25 Q Good morning, Dr. Sullivan. I'm Kent Correll, and I

KM

3350

Sullivan - by Defendant - Direct/Ms. Rogers

1 represent Wayne LaPierre?

2 A Nice to meet you.

3 Q Nice to meet you. During your time at the San Diego
4 Zoo, did the corporation provide any charter travel to
5 executives?

6 A Not to my recollection.

7 Q Did the corporation pay for charter travel for animals
8 from time to time?

9 A Yes.

10 Q And why was that?

11 A Well, some of the animals are incredibly valuable and
12 important. There is one distinct memory I have where there was
13 a collection of white rhinos, rhinoceros that were being
14 transported from Africa to San Diego. And as you can imagine,
15 not only are these highly precious because they are endangered.
16 And part of what we were doing at the zoo is to facilitate and
17 hopefully improve the viability of the species, but they are
18 also very big and they require special type of transport.

19 Q When you were treasurer at San Diego Zoo, did you form
20 any conclusion as to your duties as treasurer to that
21 corporation?

22 A Yes. I at the time had a lot of clarity over my roles,
23 responsibilities and obligations. The implementation of that
24 sometimes can be mirky.

25 Q As part of your duties as treasurer, did you understand

KM

3351

1 it was your responsibility to provide the information to the
2 executives that they needed to make good decisions about
3 financial and accounting matters?

4 MR. CONLEY: Objection. Leading.

5 MS. ROGERS: And outside scope.

6 THE COURT: Sustained and sustained.

7 Q At the time that you were treasurer, did you have any
8 sense of what the proper role of a treasurer might be with
9 respect to providing information to executives?

10 MS. ROGERS: Outside scope. He is not here to
11 provide that kind of expert testimony.

R. Sullivan - by Defendants - Direct/Mr. Correll

1 Q You talked about cost benefit analysis on your direct.
2 Do you recall that?

3 A I do.

4 Q And is there a cost benefit analysis that might apply
5 to a corporation providing charter travel to executives?

6 A Generally, yes. As I noted, cost benefit analysis is
7 something that we all engage in on a relatively frequent basis,
8 and it can be very informal or very formal or anywhere in
9 between.

10 Q And if an executive were to have a very heavy travel
11 schedule in which the executive was producing benefits to the
12 corporation, is that a factor that would be taken into account
13 on a cost benefit analysis for charter travel?

14 A It could be. I have not analyzed that issue
15 specifically.

16 Q And what about if they -- if the corporation had a
17 serious security concern involving a particular executive
18 because of his visibility on a controversial issue; would that
19 be a factor that any economist might consider in analyzing the
20 wisdom of a business decision on the part of a corporation to
21 provide travel, charter travel or not?

22 MR. CONLEY: Objection, leading.

23 MR. CORRELL: It is hypothetical, your Honor.

24 THE COURT: I don't think this is a disclosed
25 opinion of this witness, and you can't elicit new opinions.

BP

R. Sullivan - by Defendants - Cross/Mr. Conley

1 MS. ROGERS: And it is not within the scope.

2 THE COURT: Sustained.

3 MR. CORRELL: Thank you very much, Dr. Sullivan.

4 THE WITNESS: Thank you.

5 THE COURT: Any other direct?

6 MR. FLEMING: None from me, your Honor.

7 THE COURT: Okay, so why don't we start with the
8 cross.

9 **CROSS-EXAMINATION**

10 **BY MR. CONLEY:**

11 Q Good morning, Dr. Sullivan. Can you hear me?

12 JUROR: A little more.

13 THE COURT: The higher the better.

14 Q Dr. Sullivan, you were retained by the Brewer firm in
15 this lawsuit; correct?

16 A My employer was engaged by the Brewer firm in behalf of
17 the NRA.

18 Q And the Brewer firm also retained you on behalf of the
19 NRA and another enforcement action pending in the District of
20 Columbia; correct?

21 A There, again, technically my employer was engaged by
22 the Brewer firm on behalf of the NRA in the DC action.

23 Q Understood. And the action was brought by the DC
24 Attorney General; correct?

25 A That is my understanding.

BP

3354

R. Sullivan - by Defendants - Cross/Mr. Conley

1 Q And the action concerns the NRA and NRA allegations --

2 MS. ROGERS: Scope.

3 MR. CONLEY: I'm sorry?

4 MS. ROGERS: Objection, scope.

5 THE COURT: He can probe any relationship.

6 So, I assume you're not going to get into details

7 of the other case; right?

8 MR. CONLEY: No, your Honor, no. This just goes

9 to --

10 THE COURT: Overruled.

11 MR. CONLEY: Okay.

12 Q The action concerns the NRA and the NRA Foundation
13 compliance with Charities laws; correct?

14 A I do not recall the specifics, but it did involve both
15 the NRA Foundation and the NRA.

16 Q And the court in that action excluded you from
17 testifying at trial; correct?

18 A That's right. As I understand it, the issues I was to
19 address were no longer at issue.

20 Q The court held that you were not qualified to testify
21 about nonprofit governance, correct?

22 A That's right.

23 Q And besides the DC Attorney General action where you
24 were found unqualified to testify, you have not worked on any
25 matters involving charitable organizations facing a regulatory

BP

3355

R. Sullivan - by Defendants - Cross/Mr. Conley

1 investigation or action; correct?

2 A I think that's right.

3 Q Ms. Rogers and Mr. Correll asked you some questions
4 about your experience on the San Diego Zoo Global, which is now
5 the San Diego Zoo Wild Life Alliance; correct?

6 A Yes, that's right.

7 Q And you recall being asked about that?

8 A At a high level, yes.

9 THE COURT: You're not going to challenge the rhino
10 transport --

11 MR. CONLEY: No, your Honor.

12 THE COURT: Good. I just wanted to make sure.

13 Q During your time on the board of trustees, you learned
14 that an employee at the San Diego Zoo, Matthew John Anderson,
15 that embezzled money from the zoo; correct?

16 A That's right. It occurred before my time.

17 Q But you learned of it while you were on the board of
18 trustees; correct?

19 A Right. So, I think it occurred in the 2008 to 2016
20 timeframe, and I joined the board of trustees in 2018; and it
21 was somewhere during the time that I was on the board of
22 trustees that I learned about it.

23 Q And he was convicted in 2020 for embezzling
24 approximately a quarter of a million dollars from the San Diego
25 Zoo; right?

BP

3356

R. Sullivan - by Defendants - Cross/Mr. Conley

1 A I don't recall when he was convicted. I do recall he
2 was terminated prior to my joining the board of trustees. My
3 recollection is somewhere on the order of \$200,000 that he
4 embezzled. I don't recall the exact amount.

5 Q And isn't it true that you were unwilling to say in
6 your deposition in this action that Mr. Anderson's embezzlement
7 caused harm to the San Diego Zoo?

8 A That's right. As an economist who operates with
9 prudence, I seek to be thoughtful in the analyses that I
10 undertake. I am also -- often engaged to determine whether
11 there's been harm or damage to entities; and, thus, I do so
12 thoughtfully, not off the cuff.

13 Q Dr. Sullivan, you don't have an accounting degree;
14 correct?

15 A That's right.

16 Q You're not a CPA?

17 A Correct.

18 Q You never conducted a financial statement audit; have
19 you?

20 A Not personally, no.

21 Q And you've never conducted an internal control audit;
22 correct?

23 A Not personally, no, I have not.

24 Q And I believe you testified earlier that you are being
25 paid to provide expert testimony in this matter; right?

BP

3357

R. Sullivan - by Defendants - Cross/Mr. Conley

1 A That is incorrect.

2 Q Your employer is being paid or being paid for you to
3 provide expert testimony in this matter; correct?

4 A My employer is paid for the research and analysis I do,
5 the work that I do, as well as the time that I spend providing
6 testimony.

7 Q Including testifying right now, right?

8 A I would imagine my firm will bill for my time.

9 Q And the NRA paid your employer for you to prepare two
10 expert reports in this matter; correct?

11 A Yes.

12 Q You authored those reports with Bruce Blacker who works
13 with you; correct?

14 A That's right, he is my colleague.

15 Q And he bills his time, also?

16 A I presume so, yes.

17 Q And the NRA paid your employer for your time being
18 deposed in this matter, right?

19 A Well, just for clarity, I am inferring that my firm is
20 invoiced for my time and all of the time I spent working on this
21 matter, including the work I did for the reports, sitting for
22 deposition testimony, the time I spent preparing to provide
23 testimony here today I would imagine also will be invoiced to
24 the NRA.

25 Q But you don't have personal knowledge of that?

BP

3358

R. Sullivan - by Defendants - Cross/Mr. Conley

1 A No, I do not. I am not involved in that part of our
2 company. I was years ago; and, fortunately, I've been able to
3 dispose of most operational obligations and responsibilities so
4 I can focus on doing economics.

5 Q Right. When you were initially engaged in this matter,
6 you were then working as the president of a company called
7 Intensity; correct?

8 A That's right.

9 Q You were the founder of Intensity?

10 A Correct.

11 Q And Intensity was charging the NRA \$2,000 an hour for
12 your time; right?

13 A Correct.

14 Q And Intensity was charging the NRA \$795 per hour for
15 Mr. Blacker's time; is that right?

16 A That sounds about right.

17 Q And a company called Secretariat purchased Intensity
18 last year; right?

19 A There was an acquisition, roughly one year ago.

20 Q And you're currently a managing director there, right?

21 A Correct, I'm a managing director of Secretariat.

22 Q What hourly rate is Secretariat charging for your time?

23 A I believe it is either 2000 or it might have been
24 increased to a higher amount.

25 Q And could you provide an estimate on what Intensity and

BP

3359

R. Sullivan - by Defendants - Cross/Mr. Conley

1 Secretariat has billed to date for this engagement?

2 A I do not know. That is outside my scope, outside my
3 work.

4 Q Couldn't provide any estimate?

5 A Well, I could make a guess or a speculation. I've been
6 told previously to not do that on a witness stand, so I'm
7 hesitant to do so.

8 THE COURT: And I'll tell you again.

9 Q And you recall being deposed in this litigation,
10 correct?

11 A Yes.

12 Q At that time, you gave an estimate that you spent on
13 the order of a couple hundred hours on the engagement; do you
14 recall that testimony?

15 A That sounds about right.

16 Q And it would be fair to say that Mr. Blacker also spent
17 a lot of time on this engagement, correct?

18 A I would imagine that he has.

19 Q If he had testified at his deposition that he estimated
20 spending hundreds of hours on the matter, then you'd have no
21 reason to question the veracity of that testimony; would you?

22 A No, I would not.

23 Q And it would be safe to say that you've spent more time
24 on this engagement since your deposition in 2020; correct?

25 A Yes, mostly very recently.

BP

3360

R. Sullivan - by Defendants - Cross/Mr. Farber

1 Q And you've also had a large team assisting you and
2 Mr. Blacker in this engagement; right?

3 A There were others working with us. I don't know that I
4 would think of it as a large team.

5 Q Mr. Blacker identified eight different people that were
6 working on the engagement with you and him.

7 Does that seem inaccurate to you sitting here?

8 A At various points in time different people were
9 performing different work based upon the work that we needed to
10 be done at any given point in time.

11 Q And, presumably, the NRA paid for their services as
12 well; right?

13 A I think that's a logical inference, yet I do not have
14 personal knowledge of it.

15 MR. CONLEY: I'll pass the witness.

16 THE COURT: Anything?

17 MS. ROGERS: I have very brief, your Honor.

18 MR. FARBER: Why don't we do the rest of the cross,
19 your Honor? May I proceed, your Honor?

20 THE COURT: Yes.

21 CROSS-EXAMINATION

22 BY MR. FARBER:

23 Q Good morning, Dr. Sullivan.

24 A Good morning.

25 Q My name is Seth Farber, and I represent Mr. Phillips in

BP

3361

R. Sullivan - by Defendants - Cross/Mr. Farber

1 this action.

2 I just want to clarify a couple points which you
3 addressed during your direct.

4 MR. FARBER: And to start with, if we could bring
5 up slide 13 from the presentation, the slide.

6 (Displayed)

7 Q So, this is the timeline that you gave of corrective
8 actions; is that right?

9 A It is a timeline I prepared on that, yes.

10 Q Right. And I think if we look over here, you list the
11 course correction 360 review as starting at some point 2018; is
12 that what you indicate there?

13 A In effect. So, what I was describing --

14 Q I just asked whether that's what you indicate there.
15 Is that right?

16 A There's more to it than that.

17 Q I know, but is that what you indicate there?

18 A I would not put that it plainly and simply.

19 Q Well --

20 MR. FARBER: If I can have one moment.

21 (Brief pause)

22 Q So, Dr. Sullivan, I think you testified on direct
23 that you observed some of the testimony in this case; is that
24 right?

25 A I have observed some testimony. I've also had access

BP

3362

R. Sullivan - by Defendants - Cross/Mr. Farber

1 to the transcripts and have gone through those, as well.

2 Q Okay. So, did that include Mr. LaPierre's testimony?

3 A I have taken a look through most all of the testimony.
4 I will admit I have not read all of it, but I've done my best to
5 get through it. There's a lot of it.

6 Q Okay. Do you recall when you reviewed the testimony
7 that Mr. LaPierre testified that the 360 review, quote, "started
8 in 2017 and continued forward for many years?"

9 A That sounds right. As I was describing --

10 Q Thank you.

11 A During my direct --

12 THE COURT: On cross, they can ask close-ended yes
13 or no. If you want to elaborate more you can when the NRA
14 questions you.

15 Q In 2016, that was before Mr. Spray was hired; is that
16 correct?

17 A Yes.

18 Q And Mr. Phillips was the treasurer and CFO at the time;
19 isn't that right?

20 A In 2017?

21 Q Yes.

22 A That is my understanding.

23 Q Okay.

24 MR. FARBER: We can take that slide down for a
25 moment. Thank you. So could we pull up slide 28, please.

BP

3363

R. Sullivan - by Defendants - Cross/Mr. Farber

1 Q And the slide we're going to pull up in a moment is the
2 slide that you made referring to the McKenzie Companies.

3 And I believe during some of your testimony -- I think
4 it was on direct -- you made some reference to economic factors
5 in I don't recall was it '21, 2022 regarding COVID and impact on
6 the NRA.

7 Do you recall that testimony?

8 A In a high level, yes.

9 Q What was the point you were attempting to make in
10 referencing those economic developments during that period of
11 time?

12 A The general point is that the economy in the
13 marketplace underwent changes. Those changes impacted many
14 organizations, including the NRA. As a result, it is sensible
15 in my view based upon my understanding of the facts to then
16 subsequently adjust the services and the fees that were agreed
17 to with MMP thereafter as noted in the slide in 2022.

18 Q So, is the point that the negotiations and MMP's
19 agreement to fee reductions in part reflected those changed
20 circumstances?

21 A Well, of course.

22 Q You've also got a reference in this slide under 2018 to
23 "Vendor Letters sent to McKenzie Companies."

24 Do you see that, Dr. Sullivan?

25 A Yes, I do.

BP

3364

R. Sullivan - by Defendants - Redirect/Ms. Rogers

1 Q And you mentioned some vendor letters that were sent to
2 other NRA vendors around that time. Do you recall that
3 testimony?

4 A Yes. There were many, many letters that were sent out.

5 Q And those were sent by Mr. Phillips; isn't that right?

6 A He was the signatory to those letters.

7 MR. FARBER: Nothing further.

8 THE COURT: Anything, Mr. Fleming?

9 MR. FLEMING: No.

10 THE COURT: Anything further from the NRA?

11 MS. ROGERS: Just a little.

12 REDIRECT-EXAMINATION

13 BY MS. ROGERS:

14 Q Dr. Sullivan, you mentioned with the attorney general
15 that you were not allowed to testify in the DC case against the
16 NRA's charitable foundation affiliate, the NRA Foundation. Do
17 you recall that?

18 A I do.

19 Q I know you're not a lawyer and you didn't work on that
20 case, but are there any differences between that case and this
21 case that you think are relevant?

22 A The issues there as I recall them were distinct and
23 very different than here. It had to do with the relationship --

24 MR. CONLEY: Objection, legal conclusion.

25 THE COURT: You asked the question. I think he can

BP

3365

R. Sullivan - by Defendants - Redirect/Ms. Rogers

1 respond.

2 Overruled.

3 A As I recall it, it involved issues between the
4 relationship between a 501(c)(3) and a 501(c)(4) and, thus, the
5 governance between those two in that relationship.

6 I -- I am an economist as, again, I think we've
7 discussed and mentioned many times; and, thus, as that case
8 evolved based upon my understanding of the facts there, certain
9 claims were dropped from that case which meant that my testimony
10 and my role was no longer relevant.

11 Q Mr. Conley also mentioned that during your deposition
12 you refused to provide expert testimony on damages caused by
13 embezzlement to the San Diego Zoo.

14 Do you recall that?

15 A I do.

16 Q And you said wouldn't testify about harm that was
17 inflicted; right?

18 A That's right.

19 Q Do you think differently about questions like that when
20 you're testifying as an expert than a corporate decisionmaker
21 might think about embezzlement in realtime?

22 MR. CONLEY: Objection, leading.

23 THE COURT: Overruled.

24 A Absolutely. Ex-post versus Ex-ante, so when I am
25 performing analysis of damages or harm as an expert, it is

BP

3366

R. Sullivan - by Defendants - Redirect/Ms. Rogers

1 ex-post. That means it is after the fact, have the benefit of
2 the hindsight, perform the analysis based upon the data and
3 information that actually occurred.

4 When making business decisions in realtime, those are
5 done ex-ante, before hand, when we have the information set only
6 at that point in time and folks make the best decisions that
7 they can. That's the prudent business person judgments based
8 upon what they expect to happen based upon the inherently
9 limited information that they have at any given point in time.

10 Q Acting as a prudent business person rather than an
11 expert witness, did you form a view about whether it was harmful
12 that someone embezzled from the zoo?

13 A Well, certainly -- and I testified to this at my
14 deposition -- it is not a good thing that happens at the zoo or
15 otherwise, we seek to prevent embezzlement. That is a bad
16 thing.

17 But in terms of the harm that was caused when I am
18 engaged as an expert, that becomes an issue of much more
19 precision that I am required to implement in my analysis.

20 Q Finally, you testified with Mr. Conley that the NRA has
21 paid a couple of different firms, Intensity and Secretariat, for
22 your time.

23 Do you recall that?

24 A Generally, yes.

25 Q I just want to make clear for the jury, there was a

BP

3367

R. Sullivan - by Defendants - Recross/Mr. Conley

1 merger and these firms changed names. To your knowledge, the
2 NRA has not paid multiple people for your time at the same time;
3 right?

4 A Absolutely. So, I was employed by Intensity.
5 Approximately one year ago Intensity was acquired by
6 Secretariat; and, thus, our engagement and services simply
7 transitioned at a point in time.

8 MS. ROGERS: Nothing further.

9 THE COURT: Any other questions?

10 MR. CONLEY: Very brief.

11 RECROSS-EXAMINATION

12 BY MR. CONLEY:

13 Q Dr. Sullivan, you were asked about the MMP renegotiated
14 contract.

15 Do you recall that?

16 MS. ROGERS: Scope.

17 THE COURT: Was it just asked about it just now?

18 MR. CONLEY: Yes, by Mr. Farber.

19 THE COURT: Okay.

20 Q Is it your understanding that the NRA renegotiated the
21 fee arrangement with MMP because of COVID?

22 A No. COVID and other factors, including the AG's action
23 against the NRA, are factors that affected that renegotiation in
24 my view.

25 Q And you're aware that the agreement -- the new

BP

3368

R. Sullivan - by Defendants - Recross/Mr. Conley

1 agreement with the MMP, the renegotiated agreement was a
2 three-year term?

3 A That sounds right. I could not validate that for you
4 sitting here right now.

5 Q And it is your understanding that it is for the same
6 services, right?

7 A It is a different scope, but, yet, similar services.
8 That's the point I was seeking to make earlier; hence, the
9 servicing level impacts.

10 MR. CONLEY: Thank you, Dr. Sullivan.

11 THE COURT: Anything else?

12 MR. FARBER: Nothing from me, your Honor.

13 THE COURT: You have to answer one of my favorite
14 questions and somebody asked you if you were the founder of
15 the entity and you were able to answer honestly yes. So
16 that's impressive.

17 THE WITNESS: Well, thank you.

18 THE COURT: All right. Well, anyway, so you're
19 free to go. Thank you.

20 THE WITNESS: Thank you.

21 (Whereupon, at this time the witness was then
22 excused.)

23 THE COURT: Before we get to the next witness
24 because you've now seen a couple times the different
25 defendants' lawyers sort of ask questions in somewhat of a

BP

3369

R. Sullivan - by Defendants - Recross/Mr. Conley

1 different context.

2 So, there's an instruction you'll hear again from
3 me later. I think I've given a similar instruction before;
4 but you know and just to remind you the plaintiff has
5 asserted claims against four defendants here. There's the
6 NRA, the entity, and the three individuals, Mr. LaPierre,
7 Mr. Phillips and Mr. Frazer. So, we're effectively
8 conducting four trials at the same time.

9 It will, ultimately, be your obligation to evaluate
10 the evidence as it applies or fails to apply as to each
11 defendant separately. So, my instructions will tell you
12 that you must consider each defendant separately. So, you
13 have to in the end return a separate verdict concerning each
14 of the causes of action against each defendant, and the
15 verdicts need not be the same, though they may be.

16 So, they each have their own interests; and so
17 while they're all sitting over there together, they have to
18 be evaluated independently. And we'll make that clearer and
19 clear in the instructions, but I just didn't want you to be
20 confused by the fact that sometimes they're cross-examining
21 one of each other's witnesses. There are different claims
22 against different of them.

23 All right, next witness.

24 MR. PETERS: The NRA calls Tom King.

DIRECT-EXAMINATION

12

BY MR. PETERS:

13

Q Good morning.

14

A Good morning.

15

Q Noah Peters for the National Rifle Association.

16

Mr. King, can you state your name for the record?

17

A My name is Thomas H. King.

18

Q You lived in New York all your life?

19

A My entire life.

20

Q Can you tell me about your family background?

21

A Yeah, I've been married for 55 years to the same woman;

22

and I have two children, a boy and a girl and four

23

grandchildren, three boys and a girl.

24

Q Can you tell me a little bit about your education

25

background?

BP

3371

T. King - by Defendants - Direct/Mr. Peters

1 A I went to school on a basketball scholarship
2 originally, decided to become a student. My father got sick.
3 That was at Plattsburgh State University, and I wound up
4 transferring to St. John's Fisher college in Rochester, New
5 York.

6 THE COURT: You have to speak just a tad slower.

7 THE WITNESS: I'll calm down in a minute.

8 THE COURT: It is a big room.

9 Q Can you tell the jury a little bit about your
10 employment history?

11 A Yeah, it's been varied. I started out as a marketing
12 manager for a transportation-related company. I wound up being
13 recruited to go to work for an equity company where I had
14 various duties. I wound up being the vice president and general
15 manager of a division of which I had full profit and loss
16 control.

17 Q And then did you ever come to be involved -- first off,
18 did you ever work in the insurance industry?

19 A Yes, I did. I actually forgot about that. I owned an
20 insurance agency for about twenty years.

21 Q And then how did you come to be involved -- did you
22 come to be involved with the New York State Rifle and Pistol
23 Association?

24 A Yeah, I did, kind of inadvertently. I was familiar
25 with the legislature because of the business that my wife

BP

3372

1 operated, and the president of the New York State Rifle
2 and Pistol Association asked me if I would be willing to
3 take a position as the legislative director of the Rifle and
4 Pistol Association and two, three years later, I wound up as
5 president.

6 Q Now, what is your current position with the -- we'll
7 call it the State Association?

8 A I'm executive director/president of the State
9 Association.

10 Q All right can you tell us before you go further, can
11 you tell us a little bit about the relationship between the
12 State Association and the NRA?

13 A We're a state affiliate of the NRA. We're totally
14 separate corporations, separate board of directors, separate
15 officers; and we do almost everything on our own. What we use
16 the NRA for is for the literature that they can provide and the
17 programs that they developed over their 171 years.

1 Q Now, are you compensated by the State Association?

2 A For the first 13 years, I was not compensated, but
3 after 13 years, the Board of Directors came to me and asked me
4 if I would take the position of executive director.

5 Q Okay. Why are you compensated?

6 A I started out at \$90,000 a year, and I'm now making
7 \$110,000 a year.

8 Q My question is why.

9 A Oh, why. I'm sorry. Because it's a 28/7 job. I get
10 calls all days and nights, people asking what's going on in the
11 state legislature; what's going on with the Second Amendment
12 rights; what are you doing about it? Can you help me do this?
13 I am being persecuted because I can't get a pistol permit. My
14 Second Amendment rights are being violated.

15 And these rank and file people have -- it's a burning
16 fire that they have and a belief in the Constitution, and they
17 don't know any time. I have taken calls at 12:30 a.m., you
18 know, from members.

19 Q So how many hours a day do you think you spent speaking
20 with Grassroots NRA members?

21 A Oh, I have never thought about it that way, but
22 probably -- probably 60 percent of my time.

23 Q Now, do you consider your tenure as president of the
24 State Association you have to have been successful?

25 A You know, I don't like to brag, but yeah, I do.

KM

1 When I started, the State Association had about
2 2,000 -- had about 6,000 members, and they had about \$2,000 in
3 the bank and about \$6,000 in debt.

4 Q How about now?

5 A How about now? Now, we own a building that's valued at
6 about \$350,000. We have a fairly large sum of money in savings
7 and bonds and usually cash balance of around \$40,000 in our
8 operating account, and the last that I saw, our net worth is
9 calculated about 1.2.

10 Q Okay. About how many members do you have?

11 A We have -- in New York State right now, we have about
12 22,000 direct members, and we have 250 sport associations
13 throughout the State that each have, oh, approximately minimum
14 of 100 per organization, you know, bringing it up to a vast
15 number. And you know, somewhere up around 200,000. And I say
16 that to people. And they say, yeah, sure. But it's the truth.
17 We have -- that's how many people we touch on a weekly or daily
18 basis.

19 Q And what kind of programs does the State Association
20 put on?

21 A Well, you know, I -- people ask me that all time, and I
22 said, well, you know, if you -- if you are an NRA member and
23 you're a Rifle and Pistol Association member, the programs are
24 essentially one and the same.

25 We train women in shooting sports. We train -- we have

KM

3375

King - by Defendant - Direct/Mr. Peters

1 a program called Don't Be a Victim, and we tell people the
2 processes to follow so that they are not victimized while they
3 are out on the street or walking.

4 We have shooting programs that compete nationally and
5 state-wide. We -- and the one that I am particularly proud of
6 is we have a program calmed Eddie Eagle that the NRA has that we
7 fully support that -- teaching kids to, if they come upon a gun,
8 to leave the room, tell their parents and/or leave -- leave --
9 tell your parents, don't touch it, and leave the room. Okay.
10 It's a program that teaches avoidance for young kids so that
11 there is not something happening to them.

12 Q And does the State Association ever engage in
13 litigation?

14 A Oh, yes, we do.

15 Q Okay. Does the NRA ever support those efforts?

16 A For the most part, they -- they stand behind us all of
17 the time.

18 Q Okay. Was there -- is there a particular case in 2022
19 with the decision in 2022 that the State Association brought?

20 MS. CONNELL: Objection, your Honor. Your Honor,
21 irrelevant. Not probative of the claims in this case

22 THE COURT: I'm not sure where this is going, but
23 it sounds pretty far afield.

24 MR. PETERS: I am just asking him about the work
25 that the State Association does with the NRA on --

KM

3376

King - by Defendant - Direct/Mr. Peters

1 THE COURT: I know. I just don't know how is that
2 relevant to the case.

3 MS. ROGERS: Your Honor, sorry. The State
4 indicated that it was challenging the NRA's support for its
5 New York affiliate as a related party or conflict
6 transaction.

7 The NRA drives immense value from this including a
8 winning Supreme Court case that we are about to discuss. So
9 if they are going to challenge that transaction, we get to
10 put in evidence about it.

11 MS. CONNELL: We are not challenging the NRA's
12 support activity. So payment for Second Amendment challenge
13 which we have endeavored a great effort to keep out of this
14 case, that's not an issue in this case, and I believe Mr.
15 King just testified the NRA supported that.

16 THE COURT: Well, is there a related-party
17 transaction --

18 MS. CONNELL: We are talking --

19 THE COURT: -- that's come up?

20 MS. CONNELL: The use of any NRA funds to pay Mr.
21 King's 90,000 a year salary, and I'll question him about
22 that.

23 THE COURT: Okay. So I guess I don't recall
24 hearing that during the State's case. Is that one of the
25 related-party transactions?

KM

3377

King - by Defendant - Direct/Mr. Peters

1 MS. CONNELL: It's not something we haven't put in
2 evidence yet.

3 As you know, due to time constraints, we have been
4 trying to pick which related-party transaction we are going
5 to focus on. That wasn't one we put in our case in chief.

6 THE COURT: So it's not in the case.

7 MR. PETERS: She just said they are going to cross
8 him on it.

9 MS. CONNELL: Well, on his receipt of \$90,000.

10 THE COURT: If it's not a claim, it's not a claim;
11 right?

12 MS. CONNELL: Right. That's right, your Honor.

13 MS. ROGERS: So the confusion, your Honor, is that
14 it was in their discovery responses, their list of
15 transaction actions they were trying to put in. They failed
16 to put in any evidence about it.

17 If they're not going to try to shoe horn it into
18 cross, then maybe we don't need direct on it.

19 THE COURT: There is no shoe horning into anything
20 because the State's evidence is in. So if there is no
21 claim -- if this witness is here to testify about a claim
22 that there is no evidence of --

23 MR. PETERS: With all due respect --

24 THE COURT: We have enough to get through.

25 MR. PETERS: I understand. This will be quick. I

KM

3378

King - by Defendant - Direct/Mr. Peters

1 also -- it goes into his role in terms of his board
2 oversight roles, the fact that he does have experience
3 overseeing legal cases, and we are about to get into that
4 directly.

5 THE COURT: He's -- that sounds like you're talking
6 about an expert witness which this would not be.

7 MR. PETERS: We are just talking about a Board
8 member and what his -- what his basis is for the oversight
9 that he exercises over the NRA.

10 THE COURT: That he exercises over the NRA?

11 MR. PETERS: As a Board member.

12 THE COURT: He is a Board member of the NRA?

13 MR. PETERS: Yes.

14 THE COURT: But you hadn't already elicited that.

15 MR. PETERS: No.

16 THE COURT: We -- you can ask him questions about
17 his membership on the NRA Board, but if the transaction that
18 you're about to tie this all into -- I mean, if the jury
19 hasn't heard about it from the State, it's not in the case.
20 So unless you want to bring it into the case, you can skip
21 over it.

22 MR. PETERS: Yeah, I'm not going to bring in the
23 thing about the salary. I was not going to -- that's a
24 first time hearing about that particular thing. I was just
25 going to ask him -- so maybe I'll do it this way.

KM

3379

King - by Defendant - Direct/Mr. Peters

1 THE COURT: But -- all this other stuff that you're
2 about to talk about, I don't think it's -- it's not what
3 this case is about.

4 MR. PETERS: I understand.

5 Q So does the State Association engage in advocacy at the
6 State Capitol in Albany?

7 A Yes. We spend approximately 15 percent of our time at
8 advocacy for the Second Amendment at the State Capitol.

9 Q At some point did you become a member of the NRA's
10 Board?

11 A Yes, I did.

12 Q Okay. Now do you have experience overseeing and
13 working with lawyers and law firms?

14 MS. CONNELL: Objection, your Honor. Leading.

15 THE COURT: What's that?

16 MS. CONNELL: Leading.

17 THE COURT: He just asked.

18 No. Overruled.

19 A Yes. You know, all through my career, I've -- as
20 president -- executive -- I mean, as vice-president and general
21 manager of the corporation I was running, I dealt with lawyers
22 on a weekly basis.

23 Yeah, I have a lot of experience dealing with lawyers.

24 Q What about in your role as executive director of the
25 State Association?

KM

3380

King - by Defendant - Direct/Mr. Peters

1 A Yeah. We have a -- we have a lawyer on our staff and
2 who evaluates legislation and looks at avenues that we should
3 take to see what our goals are and how we are going to reach
4 them.

5 Q Okay. So have you ever been involved in cases that
6 have come before the Supreme Court, for example?

7 A Yes, we have.

8 MS. CONNELL: Objection, your Honor.

9 THE COURT: You can answer. We are not going to
10 get into the details of all of this.

11 MR. PETERS: Okay.

12 A Yes. We have NYSRPA versus Bruen. It was a landmark
13 decision in June of 2022.

14 Q And the State Association was a plaintiff in this case?

15 A We were a plaintiff in that.

16 Q And you worked with the NRA on that?

17 A We worked with the NRA entirely on that.

18 Q What about your experience with financial oversight.
19 Can you describe that a little bit.

20 A Well, yeah, as a vice-president and general manager of
21 a corporation -- New York State corporation, you know, that I
22 had profit and loss experience with. I had to deal
23 with financial dealings, you know, every day I was working.

24 Plus, as the New York State Rifle and Pistol
25 Association executive director and president, we have a yearly

KM

3381

King - by Defendant - Direct/Mr. Peters

1 budget, and we -- you know, we have fundraising goals, and
2 that's all finance. And of course, I dealt with it most of my
3 life.

4 Q So have you used the skills and experience you just
5 discussed in your role as a NRA Board member?

6 A Of course. It's hard not to use your life experience
7 in any issues that you're dealing with.

8 Q So how did you come to be involved with the NRA Board?

9 A It's kind of a funny story. There is a fellow who was
10 really prominently known in the -- in the Second Amendment
11 fight, and I met him at a large event, and this fellow who is a
12 friend of mine said I want to you meet someone and he went up
13 and introduced me to him. And the guy's name was John Sigler.
14 And this friend of mine walked away. And John Sigler happened
15 to be the First Vice-President in the NRA at the time, and he
16 looked at me and he shook my hand. He said, it's good to meet
17 you. And I said, It's fine to meet you. But who are you?

18 There was a few people standing around, and that
19 brought a lot of chuckles. Honestly, I thought it was going to
20 end my career right then, but obviously, it didn't.

21 Q So how did you -- did you initially after that run for
22 election on the Board or did you do something else?

23 A No. I -- Mr. Sigler came to me and he said because
24 you're involved with the New York State Rifle and Pistol
25 Association, our State Association, I'd like you to serve on our

KM

3382

King - by Defendant - Direct/Mr. Peters

1 Clubs and Associations Committee, and I did that for three
2 years.

3 Q Okay. And then was there a time where you stood for
4 election to the Board of Directors?

5 A Yes, I did. And that was in 2007 I think it was, and
6 yeah. Yes, I did.

7 Q Okay. Have you ever been paid for your service on the
8 Board, by the way?

9 A No, I have not.

10 Q Okay. Now, can you describe how the Board of -- NRA
11 Board of Directors is elected?

12 A Yes. One third -- there is 76 members on the Board.
13 One third of them are elected every year, and there is a 76th
14 director who serves one-year term, and he is selected from the
15 -- one of the people who have not been successful in the
16 election.

17 Okay. The -- the -- the members at large nominate
18 people for the NRA Board, and in our monthly periodical, there
19 is a page that says "Nominate Your Director," and it's a short
20 form that people fill out, and they send it in to the
21 secretary's office who then turns it over to the nominating
22 committee. So we are actually nominated by the rank and file
23 members of the NRA.

24 Q So do you know who recommended you for nomination to
25 the Board?

KM

3383

King - by Defendant - Direct/Mr. Peters

1 A I have no idea.

2 Q Okay. You -- were you selected by anyone or were you
3 elected some other way?

4 A I'm not sure I understand.

5 Q Were you at any point elected by the NRA's members?

6 A Oh, yeah. After the nominating committee made their
7 choices and recommended the slate to the NRA Board of Directors,
8 it's published, and there is a national election, and the
9 ballots are published in our monthly periodicals to all Life
10 Members of the Association. And like I said, it's a national
11 election, and you run on what people can know about you, what
12 you've accomplished and --

13 Q So do people campaign for seats on the Board, so to
14 speak?

15 A Yes, they do. You know, it's -- and it gets more and
16 more competitive every year.

17 There is -- if you go to Facebook, you go to Twitter,
18 you go to LinkedIn, you go to any of the websites, you will see
19 advertisements. My name is Jack Smith. I am running for the
20 NRA Board of Directors. Please support me. And there is
21 usually a short bio. It's very competitive.

22 Q If someone isn't selected or placed on to the ballot by
23 the nominating committee, does that mean they can't be on the
24 Board of Directors?

25 A No. There is another process where you can go out and

KM

3384

King - by Defendant - Direct/Mr. Peters

1 get a number of petitions signed, and you submit it to the
2 secretary's office. And if you reach that number of signatures
3 on the petition, and they are all legal voters in the NRA, that
4 in turn is turned over to the nominating committee. And then
5 the full -- a full list or a full slate of candidates will come
6 out including the recommended members from the nominating
7 committee as well as the prospective Board members who came on
8 by a petition.

9 Q So have you known of Board of Directors who have
10 been -- gotten on the ballot by petition who are elected?

11 A Yes. There is four or five on the Board right now.
12 And over the course of my career at the NRA, I would say there
13 had to be 12 or 15, and I actually -- I don't know the exact
14 number, but it's more than ten. I know that.

15 Q Now, have you ever -- now, when the votes -- when
16 people cast their ballots, is there anyway to verify the votes
17 and tabulate them independently of the NRA?

18 A Oh, the NRA doesn't count them. It goes to an
19 accounting firm, and they receive the ballots by a direct mail.
20 They count them, and they are the ones that bring the results to
21 the NRA at our annual meeting where the successful candidates
22 are announced.

23 Q So you've spoken a little bit about the nominating
24 committee.

25 Can you -- have you served on the nominating committee?

KM

3385

King - by Defendant - Direct/Mr. Peters

1 A Yes, I have. I have served on the committee, and I
2 have been Chairman of the Committee.

3 Q Okay. How does the nominating committee select or how
4 does the nominating committee kind of vet people for the ballot?

5 A Well, they -- they submit their application with a bio,
6 and there is usually I think about nine members on the
7 nominating committee, and the applications are spread evenly
8 amongst the members, and we all vet the number of people that we
9 have had, and we come back at another meeting and report on
10 those members and discuss them, and you know, vet whatever
11 problems there may be or whatever successes they may have, and
12 that's what we -- that's what's used to pick the members who are
13 running for the Board.

14 Q At any point did an officer tell you who to put on the
15 ballot of the NRA?

16 MS. CONNELL: Objection, your Honor. Leading.

17 THE COURT: Overruled.

18 Q Go ahead.

19 A You know, I don't want to sound -- no, no one has ever
20 told me anything, okay, and I would be very offended if someone
21 told me who I had to vote for.

22 Q And so are all people on the nominating committee
23 members of the Board or are some not members of the Board?

24 A No. Approximately half of the nominating committee are
25 Non-Board members.

KM

3386

King - by Defendant - Direct/Mr. Peters

1 Q Okay. Now at high level, could you tell me about the
2 credentials of your fellow Board members?

3 A Yeah. If -- I'll never forget the first Board meeting
4 that I went to, and I walked in and I said, wow, there is
5 Congressman Bob Barr, there is Senator so and so, Governor --
6 the Governor of Maryland, the Governor of Missouri, you know,
7 and lawyers, bankers. You know, all level -- high-level people
8 as well as rank and file members. Okay. And it's an amazing
9 Board. Okay. And one of the things that I can really say that
10 out of the 76 board members, there is 76 Type A personalities.

11 Q Now, do you think it's appropriate for a member -- for
12 a director of a State Association to also be a Board member of
13 the NRA?

14 A Yeah. I don't see any reason why we shouldn't be
15 because we are the grassroots association and the grassroots
16 connection to -- at the State level to the NRA.

17 You know, this is a big nation; okay. And if you had
18 to put somebody on the ground everywhere to try to support your
19 cause, it wouldn't work. That's what the -- that's what the --
20 the State associations are for.

21 And as an aside, in 1871 when the NRA was formed, they
22 were formed by the New York State Rifle and Pistol Association
23 because we predated them.

24 Q About how many State associations are there?

25 A There is about -- there is usually 50. I think there

KM

3387

King - by Defendant - Direct/Mr. Peters

1 is 48 or 49 right now.

2 Q How many local affiliates are there of the NRA?

3 A Oh, thousands. I have no idea. I mean, like I said
4 earlier, we have 250 in New York, and there are some that are
5 not affiliated with us that are affiliated with the NRA. I
6 honestly don't have no idea, but there's somewhere around 5
7 million gun owners in New York State.

8 Q Do the members of the Board of the NRA Board always
9 agree?

10 A Well, I think I just said that there were Type A
11 personality, and no -- that -- that doesn't happen. No is the
12 answer.

13 Q Is there ever a debate between the Board members about
14 decisions that they come to?

15 A Oh, sure, there is always a debate. You know, the --
16 we all have opinions. We all have ideas how things should be.
17 Debates.

18 If you come out during any of the breaks and in any of
19 the action of the committee meetings or even the Board meeting
20 and you sit at a table where three or four Board members are
21 drinking coffee, you're always going to hear them talking about
22 issues.

23 Q So in what ways do you -- does the Board exercise
24 oversight over the NRA?

25 A Well, just to that we -- the Bylaws state that we have

KM

3388

King - by Defendant - Direct/Mr. Peters

1 procedural -- operational procedures that we set in place that
2 guide the NRA. We hire Wayne LaPierre. We hire the secretary,
3 and we hire the treasurer on a yearly basis at our annual
4 meeting.

5 Q Do you understand the Board as having governing
6 responsibility for the NRA?

7 A Oh absolutely.

8 Q Okay. Now you talked about the NRA hiring Wayne
9 LaPierre.

10 So how are officers of the NRA chosen?

11 A They are chosen from the Board of Directors, and they
12 have to go before the nominating committee again and convince
13 the nominating committee again that they are the best for the
14 office, and they -- you know, I've -- on the committee that I
15 have sat on, I had talked to a prospective secretary
16 vice-president for probably 45 minutes, you know, and it's not
17 something that we take lightly.

18 Q So how often does the Board vote on who should serve as
19 executive vice-president?

20 A Every year.

21 Q Okay. What about -- same for secretary?

22 A Same for secretary.

23 Q All right. What about for treasurer?

24 A Same for treasurer.

25 Q Okay. Now, is there ever a debate among the Board

KM

3389

King - by Defendant - Direct/Mr. Peters

1 members as to whether someone should continue in those roles?

2 A Oh, of course. All the time.

3 Q Okay. What about the president? How is the president
4 chosen?

5 A Through the nominating committee recommended to the
6 Board of Directors. And then in an election at the annual
7 meeting, he is elected.

8 Q Okay. And what about the vice-president?

9 A Same way.

10 Q Okay. Now, how are committee assignments determined at
11 the NRA?

12 A That's the prerogative of the president. You know, he
13 knows -- you know, the presidents are usually longer serving
14 Board members who been there, and they know the people. They
15 know their strengths, and they -- he selects the chairman and
16 the committee members based on their strengths and where he
17 feels they could best serve the members and serve the NRA.

18 Q About how many committees does the NRA have?

19 A Oh, I think 32, 33.

20 Q Do they exercise oversight of the NRA?

21 A They recommend to the Board of Directors who has the
22 oversight.

23 Q Okay. Now, have you ever been -- how many -- do you
24 regularly attend different committee meetings?

25 A Yeah. I serve on five or six committees, okay, and any

KM

3390

King - by Defendant - Direct/Mr. Peters

1 committee meeting -- and I attend a lot more as long as it
2 doesn't -- it doesn't conflict with the committees that I serve
3 on.

4 Q Have you ever been denied information that you felt you
5 needed to do your job as a Board member?

6 A Never.

7 Q Okay. Have you ever -- always felt well-informed in
8 your role on the Board of Directors?

9 A Yes. You know, if you pay attention at the Board
10 meetings, the information is always always given to the Board,
11 and if there is anything you miss, we get a compendium of the
12 minutes that's probably 150 pages long that's mailed to us
13 shortly after the Board meeting by the secretary's office. And
14 any of the questions you may have or what went on, the answers
15 are in the minutes.

16 Q Has anyone ever told you how to vote for an NRA officer
17 position when the Board is exercising that responsibility?

18 A No.

19 Q Do you oversee the NRA's legal spends?

20 A No. The Board --

21 Q Let me strike that. Does the Board of Directors
22 oversee the NRA's legal spends?

23 A Only in that we have, you know, the oversight approval,
24 and if there is bills that are coming up, we will discuss them
25 and vote on them and whether or not we are going to continue to

KM

3391

King - by Defendant - Direct/Mr. Peters

1 spend the money and how we are going to do it.

2 Q Without getting into privilege information, are you
3 ever briefed by the NRA's lawyers as a Board member?

4 A Every since this action started, they brief us at every
5 Board meeting, and they also -- there are occasional, you know,
6 privileged communications that are sent out to us.

7 Q Okay. Now, in your role as a Board member, do you ever
8 talk to -- how often do you communicate with the officers of the
9 NRA?

10 A You know, frequently. I mean, you know, there are
11 times that I'll talk with them three or four times a week.
12 There are times I'll talk to them twice a month. Okay. It just
13 depends on what's going on. And Wayne has always been
14 available. I had Wayne's cell phone number. I do call him, and
15 if he was busy, he would call me back.

16 Q Do you ever talk with other directors about matters
17 pertaining to NRA's governance?

18 A Oh, yeah. It's not a matter of having to speak about
19 it because everybody is concerned about that.

20 Now, you got to remember, the people that are on this
21 Board, the people have great reputations; okay. Ex-senators,
22 congressmen, you know, governors, lawyers; okay. They don't
23 want to do anything, and they will not -- they would not -- you
24 know, neglect their fiduciary responsibility and take the risk
25 of ruining their reputation.

KM

3392

1 Q Now, in your role as a Board member, did you ever have
2 discussions with government officials?

3 A Oh, absolutely all the time and as a State Association
4 executive director as well.

5 Q Did you ever have any discussions in 2017 with
6 government officials that gave you concern?

7 A Oh, yes, I did. I had a call from the then Attorney
8 General who called me and who I have had a kind of a working
9 relationship with, and he said, you know, you got to be careful,
10 Tom. There's a storm coming. There's some people aligning
11 against you and the NRA, and I would suggest that you take this
12 very seriously and that you hire a good attorney -- good New
13 York City attorney who knows his way around the courts and can
14 do a good job for you.

15 Q When -- when did that conversation take place?

16 A Late Spring of -- I mean, late Fall of 2017.

17 Q What was your reaction upon hearing this information?

18 A Well, I -- immediately I called -- I called the NRA and
19 talked to Wayne and explained to him what I had been told and
20 what was going on.

21 (Continued on the following page.)

2 Q And what did you tell Wayne?

3 A I told him about the conversation, and I told him that
4 we were advised that we should probably hire a good New York
5 city attorney to represent us in the case.

6 Q Now, was it general idea that the government agencies
7 would be exercising oversight, was that different in some way to
8 you?

9 A Well --

10 MS. CONNELL: Objection, your Honor.

11 THE COURT: Overruled.

12 A No, I've been involved in -- tangentially in the
13 political system for twenty years, and I've watched the
14 regulations increase and I've watched the ideological divide
15 between people. I've watched the animus for the 2nd Amendment
16 grow and grow and grow.

17 And so, no, I wasn't surprised at this at all. I
18 watched it on an everyday basis.

19 Q So, after you had that conversation with Mr. LaPierre,
20 what did the NRA do after that?

21 A Well, I'm sure there was some discussion that I wasn't
22 privy to; but a couple weeks, maybe two, three weeks later
23 I got a call from Mr. LaPierre; and he asked me if I could
24 recommend an attorney from New York.

25 And the reason he did that, he was aware that I had

BP

T. King - by Defendants - Direct/Mr. Peters

1 just previously six months had hired a very good New York city
2 law firm.

3 MS. CONNELL: Objection, your Honor. Move to
4 strike to the extent he's talking about what Mr. LaPierre
5 said out of court and Mr. LaPierre's state of mind.

6 THE COURT: Overruled.

7 A He asked -- you know he asked me -- he knew that I had
8 just hired a New York city law firm to rewrite the Bylaws of the
9 State Association because I was concerned before I got any
10 warning at all that there was a storm coming, I knew that it was
11 going to happen.

12 I had a daily -- daily basis I dealt with the
13 politicians in New York, and I knew that it was coming. So, we
14 had this very, very high priced law firm rewrite all of our
15 Bylaws to make sure that we were in line with what the New York
16 State laws not-for-profit laws call for.

17 Q When you say the storm is coming, what do you mean by
18 that?

19 A Well --

20 MS. CONNELL: Objection, your Honor.

21 THE COURT: Overruled.

22 A The -- what was happening was that the -- the voice was
23 getting louder. There were more people legislatively and
24 media-wise that were promoting this anti-gun clause and ignoring
25 -- ignoring the facts, and I knew that it was going to come down

BP

3395

T. King - by Defendants - Direct/Mr. Peters

1 to, you know, associations were going to be looked at. They
2 were going to be investigated.

3 And so that's -- that's what I meant by the storm,
4 okay. There was an offensive coming against the 2nd Amendment.

5 Q Do you know whether the NRA ended up retaining counsel
6 in response to these conversations you described?

7 A Well, yeah, I recommended the law firm I was with, but
8 they couldn't take the job because it was conflict of interest.
9 But the lawyer that I dealt with recommended two law firms,
10 okay; and one of them was the Brewer firm and the other I just
11 don't remember the name now because it was -- I just don't
12 remember it.

13 Q Without getting into privileged information, did you
14 hear -- were you part of presentations from multiple law firms?

15 A Yes, at a -- at a -- I think it was an executive
16 counsel board. It may have been a special board meeting that a
17 number of -- a number of attorneys came in and for lack of a
18 better term made a pitch to the NRA to represent us in all the
19 troubles that were coming.

20 Q And so you made a recommendation to leadership as to
21 who it should hire?

22 A I recommended that I think we should go with the Brewer
23 firm.

24 Q Do you -- without discussing privileged communications,
25 do you still think that hiring the Brewer firm was a good

BP

1 idea?

2 MS. CONNELL: Objection, your Honor.

3 THE COURT: Overruled.

4 A Yes, I do.

5 Q Okay. All right, so when -- were there any other
6 events in late 2017 or early 2018 that increased your concern
7 about the -- about the regulatory situation in New York?

8 MS. CONNELL: Objection, your Honor.

9 THE COURT: This is in connection with legal spend
10 still?

11 MR. PETERS: Yes.

12 THE COURT: Overruled.

13 A There was a press release that then Governor Cuomo
14 released that was in all of the newspapers that was touting what
15 the Department of Financial Services -- what he instructed the
16 Department of Financial Services to do; the financial companies
17 and the insurance companies to take a look at their relationship
18 with the NRA because the State was going to take a look at their
19 relationship with the companies if they didn't.

20 Q At any point did the State Association lose its
21 insurance policies?

22 A We lost all of them. Within a very short period of
23 time we received cancellation notices from our insurance
24 companies. At the end of your term, we're sorry to say that
25 you're no longer going to be covered, okay.

BP

3397

T. King - by Defendants - Direct/Mr. Peters

1

2 Q Was that in relation to guns specific insurance or --

3 A No, no, this had to do with my directors and officers
4 insurance, errors and omissions insurance. The insurance on the
5 building that we owned, okay and the -- we go to gun shows where
6 we put on exhibits, okay, showing, you know, the programs that
7 we have; and they cancelled our liability insurance so that we
8 wouldn't be able to do that.

9 And besides that, I had hundreds, I mean hundreds of
10 members calling and telling me that their --

11 MS. CONNELL: Objection, your Honor.

12 THE COURT: Counsel, the only relevance of this is
13 that there's been a challenge to the legal spend, and we
14 don't need to get into the details of satellite litigation.

15 THE WITNESS: I'm sorry, your Honor.

16 THE COURT: No, it is not -- you were answering the
17 question.

18 Q So, did the NRA file a lawsuit in response to the
19 things that you're describing?

20 A Yes they did.

21 MR. PETERS: I'd like to move PX 352 into evidence,
22 or at least have our -- it is tab 3.

23 MS. CONNELL: Objection, your Honor.

24 MR. FARBER: Tab 3 of what?

25 MR. PETERS: Well, it should come up on the screen.

BP

3398

T. King - by Defendants - Direct/Mr. Peters

1 There it is.

2 THE COURT: Look, I'm going to sustain the
3 objection. The details of any other litigation is really
4 not what this case is about. You've made the point about
5 there being other litigation. I think that's really as
6 far as we need to go. The rest of it is I don't think
7 relevant.

8 MR. CORRELL: Your Honor, Mr. LaPierre has been
9 accused of failing to perform the duties of his position
10 appropriately, and one of the issues the AG has raised is
11 the amount of legal spend. It is hard for them to argue the
12 legal spend is excessive without allowing us to put before
13 the jury what the legal spend was for.

14 THE COURT: I've permitted him to answer questions
15 about the other litigations. It is just I think there's got
16 to be some boundary around it; otherwise, we're going to
17 have at some level all the court papers for all of these
18 cases would come flowing in here which is not something I
19 think makes any sense.

20 MS. ROGERS: Your Honor, if I may make a related
21 point. We agree that we don't want many trials on all the
22 other court cases or all the dockets come in. When other
23 separate lawsuits have been discussed, a pleading or two or
24 a filing has been introduced, we got that with the action
25 involving Colonel North.

BP

3399

T. King - by Defendants - Direct/Mr. Peters

1 And so if this were to come in, we would not spend
2 the time delving into and reading off into the record the
3 details of it. It would just be an evidentiary benchmark of
4 what was filed.

5 MS. CONNELL: Your Honor, the issues raised by the
6 attorney general on legal spend were issues raised by
7 multiple NRA board members about the amount of legal
8 spending; and the fact that the Brewer firm wasn't retained
9 correctly which was found to be true and that they asked for
10 an independent audit. That's what we raised, and that's
11 what's been raised here.

12 Letting the North complaint in is relevant because
13 it goes to the whistleblower retaliation that he was sued to
14 be ousted as a member. Letting this in when Mr. King has
15 said that he commenced an action and that the NRA has
16 supported the legal action was a backdoor method to get in
17 information that you, your Honor, has already precluded.

18 It is not relevant. It is not necessary. It is
19 prejudicial.

20 MS. ROGERS: Object to the characterization that
21 Colonel North was sued to be ousted as a member. That's a
22 mischaracterization of the court proceeding.

23 THE COURT: Insofar as it is relevant here, there
24 are claims that have been made about the amount of legal
25 spending. I've permitted some discussion about rationale

BP

3400

T. King - by Defendants - Direct/Mr. Peters

1 for it and the various litigations that have gone on.

2 I'm just thinking for a second. Now, is it your
3 intention, by the way, to bring in the court papers of
4 everything that the lawyers had worked on in the however
5 many year period of this case?

6 MR. PETERS: No.

7 THE COURT: Well, I am trying to get a sense for --
8 look, I think there is tangential relevance if there's a
9 dispute about legal fees. This is an example of a court
10 paper that the lawyers worked on.

11 So as long as we're not going down a hole of
12 getting into what each of these cases is about and getting
13 into the details of it, I'll permit this as an exemplar of
14 work that was done; but I'm really -- we all really have to
15 keep our eye on the ball here to get through this in time.

16 Without further adieu, I'll admit this PX 352 as an
17 example of the work that was done.

18 MS. CONNELL: Your Honor, please note it is over
19 plaintiff's objection as prejudicial and calling for
20 collateral matters.

21 THE COURT: Well, to be clear, we are not going to
22 walk through all these allegations and none of the things
23 that are alleged in the suit are evidence.

24 So, it is simply to show that this is work that was
25 done. Okay?

BP

3401

T. King - by Defendants - Direct/Mr. Peters

1

2

MR. PETERS: Okay. Thank you, your Honor.

3

Q So PX 352, you've reviewed --

4

THE COURT: So, it is admitted.

5

MR. PETERS: Okay.

6

(Whereupon, at this time Exhibit PX 352 was

7

admitted and received into evidence.)

8

Q So, PX 352, is that the loss that the NRA filed in

9

response to what you described with the insurance and DFS?

10

A Yes, it is.

11

Q Did you receive regular briefings as a board member

12

about the status of this case?

13

A At every board meeting.

14

Q Do you know the status of the case right now?

15

A Yeah, it is before the US Supreme Court.

16

Q Okay. Now, you testified before about attorney --

17

getting a call from former Attorney General Schneiderman. Was

18

there anything else that occurred in 2018 that increased your

19

concern about the regulatory situation before the NRA?

20

MS. CONNELL: Objection, your Honor.

21

THE COURT: Overruled.

22

A Yeah. You know the media -- the media was covering

23

the merit of statements that Governor Cuomo that were coming out

24

of the attorney general's office that were come out of the

25

legislature about what was -- what was going on and how it was

BP

3402

T. King - by Defendants - Direct/Mr. Peters

1 limited and -- and just about every gun magazine and gun paper
2 and gun log was covering it.

3 So, it became a major concern because at that time we
4 had no -- we had no alternatives and, we were scrambling to find
5 insurance for our members.

6 Q Okay, what about was there anything else that happened
7 in 2018 that gave you cause for concern?

8 A Well --

9 MS. CONNELL: Objection, your Honor.

10 THE COURT: Overruled.

11 A There were, there were -- I mean there was, you know, a
12 couple press releases that the Governor made and there was the
13 filing of this; and I'm sure there were others, but I don't
14 recall right now.

15 Q Okay. Now, when you discussed before the lawsuit that
16 the attorney general filed, did you ever -- was there ever a
17 time when Mr. LaPierre addressed the board regarding the need to
18 undertake a course correction?

19 A Oh, of course. It was early on. I think it was in
20 2017 or 2018 he made that statement at a board meeting that
21 there were mistakes made -- and they were going to be rectified.
22 There was a new policy, essentially, a new sheriff in town, and
23 there were new procedures that were going to be followed and we
24 went on from there.

25 Q Did you ever ask Mr. LaPierre questions about the

BP

3403

T. King - by Defendants - Direct/Mr. Peters

1 allegations being made by the NYAG in her complaint?

2 A You know, not directly, but Mr. LaPierre addressed
3 those, okay; and he said there were mistakes made and
4 restitution was going to be made.

5 Q Did -- could this -- so, when this statement was made,
6 was it possible that it was made in April of 2019?

7 MS. CONNELL: Objection, your Honor.

8 THE COURT: On leading grounds?

9 MS. CONNELL: Yes, your Honor.

10 THE COURT: Overruled.

11 A That's -- that's when it happened. You know, the --
12 and the date sometimes it becomes foggy; but, yes, they were,
13 you know. The NRA board became very, very interested in what
14 was going on and very involved in what was going on; and, you
15 know, we were all looking to see what changes were going to be
16 made, how it was going to happen, how we were going to proceed
17 from there.

18 And, you know, frankly, you know did Wayne LaPierre
19 make mistakes? Yes, he did. Did Wayne LaPierre stand up and
20 say "I made these mistakes?" Yes, he did and he made
21 restitution. And, you know, and I love him for that because
22 there's -- there's not many people that will stand up and say
23 "I made a mistake and I'm taking the blame for it."

24 Q After Mr. LaPierre made these statements in April 2019,
25 did you perceive that the NRA was making progress in coming into

BP

3404

T. King - by Defendants - Direct/Mr. Peters

1 compliance with its policies?

2 MS. CONNELL: Objection, your Honor.

3 THE COURT: Sustained.

4 Q Did Mr. LaPierre's actions after April 2019 convince
5 you that he supported the course correction efforts?

6 MS. CONNELL: Objection, your Honor.

7 THE COURT: Less leading, I'll give you that so
8 I'll let it go.

9 A Yeah, yes, he did. Every board meeting it was
10 discussed at, there was a new financial team that came in.
11 There were some new chairmen. The Audit Committee was just
12 extremely active in looking at everything, and it was -- it was,
13 it was a new NRA.

14 Q Do you think that the board would have continued to
15 reelect LaPierre to his position if he had not supported the
16 course correction efforts?

17 A No.

18 MS. CONNELL: Objection -- sorry, slow on the draw.

19 Q Okay, so in your role as a board member you said
20 before, did you not, that you received regular briefings about
21 the progress of the course correction?

22 A Of course. At every board meeting and, you know, it
23 was in the minutes. Anybody who wanted to know anything could
24 get it out of the minutes or if they paid attention at the board
25 meetings, could understand what was going on.

BP

3405

T. King - by Defendants - Direct/Mr. Peters

1 Q Do you have any doubts about the NRA's ability to
2 fulfill its mission going forward?

3 A No, none at all.

4 Q And were you aware of as a board member, were you aware
5 of Mr. LaPierre's private plane travel prior to 2019?

6 A No, I was not.

7 Q Was anyone on the board aware of it?

8 A I don't know, I can't answer that question.

9 MR. FARBER: Objection, your Honor. Calls for
10 things that are firsthand knowledge, your Honor, of anybody
11 on the board would have.

12 THE COURT: Well, I guess he answered "I don't
13 know," so you were right.

14 Q Okay, so now are you currently -- did you come to have
15 any position with the NRA Foundation?

16 A Yes, I'm president of the NRA Foundation.

17 Q Can you explain the difference between the NRA
18 Foundation and the NRA?

19 A Yeah, we're two separate --

20 MS. CONNELL: Objection, your Honor.

21 THE COURT: Grounds?

22 MS. CONNELL: Your Honor, to the extent we're going
23 to get into that (c)(3) (c)(4) issue, it is a legal
24 distinction.

25 THE COURT: Overruled.

BP

3406

T. King - by Defendants - Direct/Mr. Peters

1 A 501(c)(3) is the NRA Foundation. 501(c)(4) is the NRA.
2 We have separate board of directors, although there are -- there
3 are NRA directors that serve on the trustee committee; but
4 there's also four or five nonmembers that are on the committee.
5 We make our own decisions. We have our own meetings, and we're
6 totally separate corporation.

7 Q And can you -- can you describe what programs the
8 (c)(3) supports?

9 A Yeah, we support all of the 501(c)(3) products that the
10 NRA has, like, a Woman on Target, Supporting the Shooting, the
11 shooting events, okay. Eddie Eagle, like I mentioned earlier,
12 Don't be a Victim, okay, and the National Shooting Champions,
13 Championships.

14 I think which is the jewel in our crown is is that we
15 have just entered into an agreement with the USA Shooting
16 Foundation which runs the shooting sports in the Olympics, and
17 we are a prime supporter of USA Shooting for the US team in the
18 Olympics.

19 Q So, are the Foundation's assets kept separate from the
20 (c)(4)'s assets?

21 A Totally separate.

22 Q Now, we were talking before very briefly about -- one
23 of the objections talked about Oliver North.

24 To your knowledge, did the NRA ever file lawsuits
25 seeking to expel Mr. North?

BP

3407

T. King - by Defendants - Direct/Mr. Peters

1 A I don't know. I don't think there was a lawsuit.

2 Q Okay, did you at any point file an ethics complaint
3 against --

4 A I filed an ethics complaint, yes.

5 Q Do you know what the status of that complaint is?

6 A I think it is on hold.

7 Q Have you been made aware of any hearings or any actions
8 taken on it?

9 A Not to date, no.

10 Q Were you as a board member, were you aware of the
11 bankruptcy action before it was filed?

12 A Yes, I was.

13 Q Did you support the bankruptcy filing?

14 A Yes, I did.

15 Q Why is that?

16 A Because I -- like I said earlier, I knew the dangers
17 were coming down the road and I was hoping that -- and this is
18 something that I thought of that I wasn't instructed by anyone,
19 but I thought that it might give us an opportunity to get out of
20 the state.

21 Q And is that because you don't like New York or because
22 you're concerned about the regulatory environment?

23 A I love New York. Okay, I've lived here all my life. I
24 love New York, but the regulatory system in New York State has
25 just gotten totally out of control.

14 A Good afternoon.

15 Q Do you know what a Form 990 is?

16 A Yes.

17 Q Were Form 990s presented to the board at board
18 meetings?

19 A Yes.

20 Q Did you -- how were they provided? Were they provided
21 one per person or in some other way?

22 A No, they were not -- they were -- some other way, okay.
23 I don't recall exactly. I think there was a -- a number of
24 financial binders that were passed out that they were in and
25 they were spoke about.

BP

T. King - by Defendants - Direct/Mr. Correll

1 And I'm very familiar with them because as a
2 not-for-profit in New York State, we file 990s.

3 Q And those 990s are available, they're open to public
4 for inspection as well; correct?

5 A Absolutely.

6 Q You can go on the internet and Google the NRA and the
7 990 will pop up?

8 A Yeah, Google NRA 990s and you'll get about three
9 different sites you can find them on, four maybe.

10 THE COURT: Nobody here is going to be Googling
11 anything, right?

12 THE WITNESS: Okay, I'm sorry about that.

13 Q And there's a section of the 990 that lays out the
14 compensation of officers, correct?

15 A Correct.

16 Q And there's also a section of the 990 that lays out --
17 that asks the question in the last year has the corporation
18 provided any of the following, and one box is first class for
19 charter travel; right?

20 A Yes.

21 THE COURT: Is this direct or cross?

22 MR. CORRELL: Well, it can be either.

23 THE COURT: Well, no. To get into areas that were
24 not addressed on direct by the NRA, I would just ask you to
25 ask questions in the normal way.

BP

T. King - by Defendants - Direct/Mr. Correll

1 MR. CORRELL: I would call Mr. King as a witness in

4 having all the directs happen at around the same time to
5 avoid bringing witnesses back.

6 So, you can ask -- I'm not objecting to your
7 questions if they're direct testimony, but just go ahead.

8 MR. CORRELL: I intend to keep this very short and
9 because I don't want to be limited to the scope of the
10 direct, I'm going to treat this as my direct.

11 THE COURT: Right. So, just don't ask leading
12 questions.

13 MS. CONNELL: Right, sorry. Trying to move it
14 along.

15 Q So, are you familiar with Schedule J of the 990?

16 A Yes, I am.

17 Q And could you tell the jury what kinds of things are --
18 what kinds of questions are asked in Schedule J?

19 A Yeah, it's, you know -- I always look at it as
20 extraordinary expenses outside of possibly the realm of the --
21 the moneys that the Association might be, might be responsible
22 for, like, like, plane trips, you know, and parties and things
23 like that and they have to be explained.

5 fair?

6 A Not at the time, I probably didn't.

7 MR. CORRELL: No further questions.

8 THE COURT: Anything else before we break?

9 MR. FLEMING: I could probably finish before lunch.

20 A Yes, I was.

21 Q Do you recall Mr. Frazer joining as secretary and
22 general counsel in that year?

6 Q And the board has elected him every year since 2015?

7 A Every year since then.

8 Q Even though there's, as you say, type As, you don't
9 always agree on everything?

10 MS. CONNELL: Objection to leading, your Honor.

11 A Yes.

12 THE COURT: Getting one free leading question per
13 round.

14 Anything further from the defendants on direct?

15 MR. FARBER: Not on direct.

16 MR. CORRELL: A little cross for me, your Honor.

17 THE COURT: Well, let's pick back up after lunch.
18 We'll figure out the order when we get back.

19 During the break, sir, you're still on the stand so
20 you shouldn't discuss the substance of your testimony with
21 anyone, including counsel.

22 THE WITNESS: Okay.

23 THE COURT: Thank you.

24 COURT OFFICER: All rise, jury exiting.

25 THE COURT: 2:15 we'll resume.

2 * * * * *

3 THE COURT: My law clerk will be sending you at
4 long last the jury instructions.

5 MR. FARBER: He did.

6 THE COURT: Okay. That was faster than I thought.
7 Was it a PDF? We are trying to work on getting you a Word
8 version so it's easier to edit, but we are not really quite
9 sure how to do that, so we are working on it and it also
10 indicated -- hopefully, you're free to meet on Friday at
11 three to discuss them.

12 MR. CORRELL: Your Honor, did you contemplate a
13 simultaneous briefing on that or were we going to respond to
14 the AG's?

15 THE COURT: Which are we talking about; the
16 directed verdict?

17 MR. CORRELL: I'm sorry.

18 MS. CONNELL: I think there are two issues, your
19 Honor.

20 MR. CORRELL: Pardon me.

21 MS. CONNELL: I thought there were two issues. We
22 were tasked with briefing the EPTL as against the individual
23 defendants and then I thought there was something you had
24 asked.

25 THE COURT: Yeah. These can be letters or however

KM

3415

Proceedings

1 you want, but on the defense front, one of the issues was
2 whether the two claims are duplicative, the EPTL claims and
3 the N-PCL claims. And on that front, the Government is at
4 least concerned that the position the defendants will take
5 is some of the relief you're seeking you can't get under the
6 N-PCL but only the EPTL. That might not be outcome
7 determinative on whether the claims have any merit, but I
8 would at least be interested to know the Defendant's
9 position because to the extent that I'm going to rely on
10 duplicativeness, it typically means that the facts and --
11 are roughly the same and the relief is the same.

12 So if you disagree that the relief is the same,
13 that's worth me knowing.

14 MR. CORRELL: Thank you.

15 THE COURT: All right. Let's get to it. Hang on a
16 second.

17 MR. THOMPSON: Because I think we are going to be
18 getting to Ms. Rowling relatively quickly. There is an
19 issue with the demonstrative that the NRA intends to use,
20 and we also have some evidentiary objection that might be
21 more efficient to deal with before the jury comes in or we
22 get Ms. Rowling on the stand.

23 THE COURT: Okay. Well, what do I need in front of
24 me to decide any of this?

25 MR. THOMPSON: I can hand up a copy of the

KM

3416

Proceedings

1 demonstratives, your Honor.

2 THE COURT: Okay.

3 MR. THOMPSON: In terms of the exhibits, we can
4 bring them up on the screen with respect to the ones that we
5 have particular objections to.

6 THE COURT: Okay.

7 MR. THOMPSON: So first, with respect to the
8 demonstratives, Ms. Rowling is a fact witness and these
9 slides seem to be aimed at guiding her testimony, reminding
10 her or treating her as an expert witness, and we don't think
11 that that's appropriate.

12 THE COURT: I mean, candidly, I agree. This is the
13 kind of slick presentation you put on with an expert, not a
14 fact witness. I don't -- I'm not used to seeing this kind
15 of thing with fact witnesses.

16 MS. ROGERS: Your Honor, the only one that I think
17 or one of these that I think aligns with your guidance
18 earlier is this COSO framework which Ms. Rowling gave
19 deposition testimony about and two experts have talked
20 about. It's all the experts who implemented describe it
21 using the three dimensional cube, and they talk about how
22 the different parts of the cube intersect.

23 THE COURT: I am okay with the cube.

24 MS. ROGERS: Okay. So we can keep the cube. And
25 then we have pictures of the people which is really more --

KM

3417

Proceedings

1 THE COURT: Just so it's clear, is this something
2 that she created or who? Where is this from?

3 MS. ROGERS: So I don't have personal knowledge, so
4 I don't know. I think it was a collaborative effort of Ms.
5 Rowling and counsel. This is pictures of the people we are
6 talking about.

7 If your Honor --

8 THE COURT: The reason why this doesn't trouble me
9 is, you know, this is a graphic depiction that I think can
10 be helpful to the jury to see it, and it doesn't suggest any
11 testimony, and it doesn't guide any testimony. So this is
12 more like what I have seen which is a graphical depiction of
13 something that is easier to see than to describe. So I'm
14 fine with that one page.

15 MS. ROGERS: Okay.

16 MR. THOMPSON: Just for the record, your Honor,
17 this cube is actually part of the COSO framework. Like,
18 it's generated by COSO, and it wasn't created by Ms.
19 Rowling, and you may -- if your Honor says that this is just
20 a Cross issue, then that's fine, but during her deposition,
21 Ms. Rowling had taken one continuing education class on
22 COSO. She's not an expert.

23 THE COURT: I'm not assuming that this is going to
24 be her expounding on COSO as much as this is -- maybe I
25 thought this through the wrong way. But is this going to

KM

3418

Proceedings

1 just be her way of -- her personal way of describing the way
2 things work at the NRA, not COSO?

3 MS. ROGERS: Correct, your Honor. She's not an
4 expert witness on COSO, but the cube which Ms. Rowling may
5 have helped create the deck, but she did not invent the
6 cube. It's sort of an industry standard cube.

7 MS. ROGERS: Mr. Thompson is right. She will
8 testify about she follows and implements the policy
9 interaction sections that the cube prescribes.

10 THE COURT: Yeah. I don't have a problem with
11 that.

12 MS. ROGERS: And then the other slide's different.
13 Your Honor's guidance this morning, if your Honor doesn't
14 want to put them up, we won't. I think one of them which is
15 just photographs of people we are talking about is not
16 really -- the witness knows what these people look like. It
17 would really be a reminder for the jury who they are. And
18 if your Honor would like us to omit that, we can.

19 THE COURT: I'd stick with the cube.

20 MS. ROGERS: Okay. Just the cube.

21 THE COURT: All right. Thank you. Is there
22 anything else?

23 MR. THOMPSON: There are a number of evidentiary
24 issues with documents that we expect to come up with Ms.
25 Rowling. It may be more efficient to deal with it now, your

KM

3419

Proceedings

1 Honor.

2 THE COURT: Okay.

3 MR. THOMPSON: So I'm going to put aside the
4 objections to the lateness of the documents that we have
5 preserved otherwise. But there are a few independent
6 grounds.

7 THE COURT: Oh, you mean the ones that were
8 produced in 2023.

9 MR. THOMPSON: Correct, your Honor.

10 THE COURT: Okay.

11 MR. THOMPSON: But with respect to some memoranda
12 that Ms. Rowling prepared -- let me pull up the exact DX
13 number. DX 1-837. If we can pull that up please, Jesse.

14 This document is not a business record. It is
15 hearsay, and it contains hearsay within hearsay in the form
16 of conversations that Ms. Rowling had with Mr. LaPierre and
17 Mr. Correll.

18 It also refers to the Audit Committee meeting that
19 your Honor had precluded testimony about with Congressman
20 Barr that we did not get any discovery into, and the
21 attachments to this are work product created by counsel that
22 were also not business records that Ms. Rowling is then
23 performing some sort of independent or purporting to perform
24 some independent review of.

25 THE COURT: This version doesn't seem to have

KM

3420

Proceedings

1 attachments.

2 MR. THOMPSON: The attachments are separate
3 exhibits. So we can just take a look at DX 1-835 which is
4 Attachment A to the memorandum.

5 MS. ROGERS: Your Honor, this memorandum is a
6 business record to the same extent as other internal
7 memoranda that were admitted as part of Plaintiff's case.

8 For example, memoranda from Colonel North, there
9 were similar issues that attached copies of documents
10 analyzing.

11 The purpose of this exhibit would not be to admit
12 layers of hearsay and use the document to get in front of
13 the jury what Ms. Rowling thought someone else said for its
14 truth, but the NRA has essentially been brought before the
15 Court on charges of failing to oversee and consider, analyze
16 documents and issues like this. This is a memorandum that
17 the CFO put together reflecting and encapsulating her
18 analysis of issues and documents like this, and she should
19 be allowed to testify about it.

20 THE COURT: Do you have a hard copy of this?

21 MR. THOMPSON: I apologize. I do not, your Honor.

22 MR. CORRELL: For Mr. LaPierre's point of view,
23 it's a party admission.

24 I know that the -- Mr. LaPierre and the NRA are
25 separate parties, so to the extent that this is Sonya

KM

3421

Proceedings

1 Rowling writing about matters, it's an admission.

2 MR. THOMPSON: Party opponent admission. I don't
3 think Mr. LaPierre is a party opponent to the NRA.

4 THE COURT: He is not.

5 MR. CORRELL: Well, that will derisive and sneering
6 comment is actually quite untrue, and I think there is
7 adversity.

8 THE COURT: It's not literally a party opponent. A
9 party opponent is when somebody is suing another party.
10 It's not different than an adverse party.

11 MR. CORRELL: I understand that, your Honor, but --
12 well, I'll leave it there for the moment.

13 THE COURT: Can I just read this first. It
14 wouldn't be a terrible idea to send these to me the day
15 before so I wouldn't be reading this while the jury is
16 waiting. Just a head's up. Maybe you already did, and I
17 didn't see it. I mean, this is exactly -- the first page is
18 her detailing a conversation with Mr. LaPierre setting forth
19 a bunch of facts that I assume you want them to believe are
20 true.

21 MS. ROGERS: Well, it wouldn't be admissible for
22 the truth of what Mr. LaPierre told her, but they protested
23 that we blocked examination on what were you considering,
24 which flights did you check were repaid. And so the fact
25 that -- the fact she conducted the diligence, the statements

KM

3422

Proceedings

1 were made to her, and they informed her analysis is what's
2 relevant here. They can separately cross-examine, you know,
3 was that flight really \$10,000. Did he really repay it?
4 Was it really business or personal?

5 MR. CORRELL: Both Mr. LaPierre and Sonya Rowling
6 are witnesses, and Mr. LaPierre is a party.

7 I'm not sure -- I think that informs the analysis.
8 If we have to, Mr. LaPierre can testify as to what he said
9 he said, and she can testify as to what --

10 THE COURT: Well, that's what hearsay is. They are
11 here. They can testify live about this stuff.

12 Why would you use somebody else's recorded
13 recollection out of court instead of that?

14 MR. CORRELL: Well we could use it to refresh their
15 recollection if we have to, but we are under time
16 constraints, and we are hoping to move this along.

17 MS. ROGERS: We have seen other documents including
18 very old documents.

19 THE COURT: This is a way for the jury not to be
20 able to test his credibility because it's written by
21 somebody else. So, look, it seems to me, and you know,
22 given the timing of this, this is kind of difficult to
23 believe this wasn't partly prepared for trial.

24 I mean, it's a month before trial started. This
25 does not sort of out of the blue --

KM

3423

Proceedings

1 MS. ROGERS: It's not out of the blue. But when
2 you have the progression toward trial overlapping with the
3 NRA making these efforts internally, obviously, there is
4 going to be overlap.

5 I think the fact that Ms. Rowling prepared the
6 document and conducted the analysis is relevant. The fact
7 that she interviewed and was briefed by particular people on
8 these issues is relevant.

9 We had been happy -- we'd be obviously content with
10 an instruction to the jury that things people told Ms.
11 Rowling aren't being admitted for their truth, but she is
12 essentially being called negligent and incompetent, and this
13 is a record she generated at part of her job, and she should
14 be able to explain to the jury what kind of analysis she
15 did.

16 THE COURT: I'm not sure anybody has called her
17 incompetent, but what is -- so she makes findings at the end
18 here.

19 MS. ROGERS: So she's doing testing essentially.
20 So there were payments made in earlier years, but some of
21 them were made as a result of a process where Mr. LaPierre
22 and his lawyer went through expenses and said I want to
23 repay these. These were personal. There was an effort to
24 make sure that was tested. It wasn't on the honor system;
25 right.

KM

3424

Proceedings

1 So this is the treasurer who was one of the
2 whistleblowers sitting down and scrutinizing these expenses.

3 THE COURT: Did she -- I can't remember. Did she
4 testify about some of this analysis when she was here
5 before?

6 MS. ROGERS: I don't -- not that I can recall. I
7 don't believe so.

8 THE COURT: Well, look. I think that the NRA
9 treasurer's analysis of all of this stuff is independently
10 relevant. You know, late though it may be. In other words,
11 the -- or it would be independently relevant. I guess let
12 me put it that way.

13 I'm -- this is a close one because it does awfully
14 sound like vouching in a way for another witness'
15 credibility, but it's -- it's, you know -- ultimately, the
16 burden of proving the repayment, proving it will have to be
17 done by actual evidence. Not this. So I'm not sure I
18 understand what this adds other than you want to be able to
19 point out that this examination occurred. That's all this
20 is for.

21 MS. ROGERS: Correct, your Honor.

22 The NRA, we are not really concerned with taking on
23 the burden of proving a setoff against damages that are
24 being paid to us. We have coming at this from a proper
25 administration perspective, a properly administered

KM

3425

Proceedings

1 non-profit checks and test issues like this and as a CFO
2 would do this kind of analysis.

3 THE COURT: In December of 2023, one month before
4 trial.

5 MS. ROGERS: Our case isn't that the -- this is the
6 first or only time something like this was done, but a theme
7 of our case as you saw with Sullivan, this is a continuing
8 process.

9 THE COURT: Frankly, I suspect the plaintiff can
10 make as much use of this as you can in some ways. But how
11 do we get over the hearsay? I mean, first of all, whoever
12 the witness is on the stand -- oh, Ms. Rowling is going to
13 be the witness.

14 MS. ROGERS: Ms. Rowling will be the witness.

15 THE COURT: So she is going to lay a foundation
16 that this is the ordinary course of her business to write
17 things like this.

18 MS. ROGERS: Right. As the ordinary course of her
19 business as treasurer, she, financial compliance officer
20 side or part of her job, and this is one of the issues she
21 analyzed. And we could even frame the question as --

22 THE COURT: Will she say she wrote this entirely on
23 her own or with counsel?

24 MS. ROGERS: She wrote this on her own. There are
25 document attached to it and plaintiff hasn't made much of

KM

3426

Proceedings

1 this.

2 If you look at the metadata of some of the
3 spreadsheet, you will find that counsels paralegal prepared
4 it.

5 THE COURT: If you can establish that she wrote it
6 on her own, and it's, you know, in the ordinary course of
7 her business to send notes to file when summarizing things
8 that she does, and that this is an example of that, I'll
9 permit it with an instruction that none of the -- it's to
10 prove the fact that the analysis was undertaken but not for
11 the truth of any of the underlying facts including the
12 conversations with Mr. LaPierre. But I think as a process
13 matter, it is part of the story that, you know, however late
14 it was done. I don't know that it adds a lot honestly, but
15 I can't say that it's inadmissible or unduly prejudicial in
16 this regard because they either come up with the evidence or
17 they don't.

18 MR. THOMPSON: Your Honor, if I may just note a few
19 objections for the record. So we don't think that there is
20 any plausible explanation that this was created in the
21 ordinary course of business a month before trial when they
22 have had these documents. I mean, these payments go back to
23 2019 and all of a sudden she is doing this review and.

24 THE COURT: Sounds like a heck of a
25 cross-examination, Mr. Thompson.

KM

3427

Proceedings

1 MR. THOMPSON: I know, and it will be, but ideally
2 not to have to deal with it.

3 THE COURT: It will be fun.

4 MR. THOMPSON: It will be fun.

5 And then with respect to the attachments, these are
6 lawyer work product that she's trying to turn --

7 THE COURT: What are the attachments?

8 MR. THOMPSON: We can bring up DX 1-835, please,
9 Jesse.

10 I would scroll down a few pages to get to the
11 actual chart. Yeah. So this chart was produced to us in
12 the bankruptcy. It was created by an employee.

13 THE COURT: I have no idea what this is.

14 MS. ROGERS: I will explain what this is because
15 its been mischaracterized repeatedly.

16 So what the record about this chart shows, and this
17 charity has been the subject of voluminous cross-examination
18 is that in 2020 when Mr. LaPierre repaid certain flights, a
19 non-lawyer employee of my firm sat with him and transcribed
20 into a spreadsheet clerically his explanation of where he
21 was flying and what he was doing on each of these dates.
22 That's not legal advice. It's not. If we had put this in
23 our in-camera sample, it would probably have to be deemed
24 non-privileged, and it was produced three years ago.

25 THE COURT: Where does the foundation in terms of

KM

3428

Proceedings

1 something happening in court in front of the jury that these
2 need to put in? Everything you have just said may be true,
3 but this witness is not going to be able to tell me that.

4 MS. ROGERS: Well, what this witness will tell you,
5 this was provided to her. It was a part of a court record
6 at that point, and it informed her analysis of the
7 repayments. So this is what Wayne said he repaid. I'm
8 testing.

9 THE COURT: So this document is in fact something
10 that was submitted to the bankruptcy court.

11 MS. ROGERS: Oh, yes. Well, it was produced in the
12 bankruptcy. I can't remember if it's an exhibit in the
13 bankruptcy. I suspect it was, but I can't represent that
14 with 100 percent confidence.

15 MR. CORRELL: Mr. LaPierre is going to testify as
16 to the process he followed in going back through records and
17 identifying invoices that he examined to determine whether
18 he wanted to make payments to resolve issue that had been
19 raised by the Attorney General.

20 THE COURT: I'm just trying to get over this thing.
21 So this witness who is going to be -- it's going to be
22 introduced in front of -- is going to just testify she was
23 given this by the law firm?

24 MS. ROGERS: Correct, your Honor. And I think -- I
25 expect -- I'm not putting the witness on, but that's my

KM

3429

Proceedings

1 understanding of the testimony is this is what I tested.
2 This is what was written to me, and this is the work I did.

3 THE COURT: Okay. I think that falls within the
4 same. And was any inquiry into this document blocked by
5 privilege?

6 MS. ROGERS: No, your Honor. We produced this
7 document and no lawyer -- no lawyer participated in creating
8 this document, so we couldn't have asserted privilege.

9 THE COURT: In depositions if people were asked
10 about it, were questions blocked?

11 MS. ROGERS: I can't recall if the initial
12 depositions, there were objections. Fact witnesses will
13 freeze up sometimes. I don't know. I know that there was a
14 supplemental 30(b)(6) corporate rep deposition.

15 THE COURT: They freeze up when they are instructed
16 not to answer maybe.

17 MS. ROGERS: Sometimes they don't know. Sometimes
18 they recall they had a bunch of of conversations about it,
19 and they have been sitting there for seven hours hearing
20 that they are not supposed to talk about lawyers. But for
21 that reason, we gave yet another corporate rep deposition
22 where there were pages of testimony about this.

23 MR. THOMPSON: At which the corporate
24 representative was not able to identify this document
25 because he didn't know what it was.

KM

3430

Proceedings

1 MS. ROGERS: The document -- we have been arguing
2 about this document for years. We have not -- we have not
3 asserted privilege over it or anything about it.

4 MR. PETERS: We offered another deposition in
5 December as well.

6 MS. CONNELL: Your Honor, in December, you held
7 that the Plaintiff need not prove the current state of
8 what's going on in the NRA as part of our claims. You noted
9 that it was impractical for us because we didn't have
10 discovery going up to that point and also noted that trial
11 by ambush would not be permitted.

12 In November and December, the NRA produced over
13 11,000 pages of documents including these belated memos.
14 This is trial by ambush textbook. That's hearsay within
15 hearsay and things we tried to get out earlier --

16 MS. ROGERS: False.

17 THE COURT: I think -- this is largely about
18 something that's already been testified a lot about. It's
19 about were repayments made and what were they for.

20 I think that's something that the defendants are
21 going to have to prove one way or the other, and I do think
22 that the process is relevant. You know, whether it's
23 persuasive or not is a different question. Whether it's too
24 late or not is a different question. And so I'm going to
25 permit it.

KM

3431

Proceedings

1 MR. THOMPSON: Your Honor --

2 THE COURT: And if I get a feel that, you know,
3 your cross-examination is hindered by some document that
4 they have not produced, I may require that it be produced.

5 MR. THOMPSON: A similar issue just in terms of any
6 limiting instruction to the jury would be for DX 1-855.
7 It's a separate memo. We won't get into it, but just in
8 terms of any instructions that your Honor provides with
9 respect to this memorandum.

10 THE COURT: Is it a similar?

11 MR. THOMPSON: Related to Tyler Schropp.

12 THE COURT: It's her process and going through the
13 same thing. Okay; and this is an attachment to the 837?

14 MR. THOMPSON: Separate memorandum, your Honor.

15 THE COURT: These are separate exhibits. All right.
16 So I'm going to be careful with it, but I'll let them --
17 I'll let them -- this is part of jury narrative which you
18 have every ability to cross-examine and argue against.

19 All right. Let's go get them.

20 MR. FARBER: Judge, while we are waiting for the
21 witness --

22 THE COURT: Well, we are not getting the witness
23 yet. I'm sorry. Why didn't we finish this witness before
24 we did that.

25 MR. FARBER: I don't know. But my question

KM

3432

Proceedings

1 concerns the draft of the jury instructions. It was just
2 sent to us, and there is a reference to "verdict sheet."

3 Has the Court prepared a draft verdict sheet?

4 THE COURT: No.

5 MR. FARBER: Are we supposed to just propose one?

6 THE COURT: I want you to take the first shot at
7 it. The ones I saw I think it's at a time before a lot of
8 claims have changed and things have changed. I want you to
9 take a better run at it because -- and frankly, I don't have
10 the time or the manpower at the moment. I have had to do
11 the instructions nights and weekends, so I didn't want to do
12 the verdict sheet at the same time. The verdict sheet is
13 extremely important, and you'll see that at least I do show
14 the verdict sheet during the instructions so they know what
15 they are going to get. So I do want very smart people
16 taking a good hard look at how to get what needs to be on
17 this verdict form and not make it 1,000 pages long.

18 MR. FARBER: Understood.

19 THE COURT: I did envision that the related-party
20 transactions would be listed out separately. I didn't
21 envision every like plane flight would be out separately.
22 So I'm going to leave it to you guys in the first instance
23 to come up with something brilliant, and I'm going to keep
24 my fingers crossed.

25 MR. FARBER: Thank you, your Honor.

3 THE COURT OFFICER: All rise. Jury entering.

6 THE COURT: All right. Please have a seat. Sorry
7 to keep you waiting. We are trying to do as many of these
8 objections and arguments off -- when you are not here to
9 avoid wasting your time. So we have gotten through a bunch
10 of that.

11 Who is up next?

12 MR. FARBER: I think it's cross, your Honor so --

13 THE COURT: Let's start with the State.

14 MS. CONNELL: We are done with direct.

15 THE COURT: Direct is over.

16 MS. CONNELL: As far as we know.

17 CROSS-EXAMINATION

18 BY MS. CONNELL:

19 Q Good afternoon, Mr. King. How are you?

20 A Pretty good. How are you?

21 Q Good. Thank you.

22 Mr. King, you're a big fan of Wayne LaPierre; correct?

23 A Yes.

24 Q And you have been a supporter of his over the years;
25 right?

KM

King - by Defendant - Cross/Ms. Connell

1 A Yes.

2 Q And you voted for him every year that he ran for EVP
3 even until 2023; right?

4 A That is correct.

5 Q Okay. Mr. King, you believe that no one is exempt from
6 breaking the NRA's rules or violating the NRA's bylaws; right?

7 A I certainly do.

8 Q Okay; and that includes Mr. LaPierre?

9 A That includes everybody.

10 Q Okay. Are you aware that Mr. LaPierre has admitted on
11 questioning from NRA's counsel that he violated the Board's
12 authorizations by sending a private plane, for example, to pick
13 up his niece's husband in Las Vegas because his niecекnees child
14 needed a babysitter?

15 MR. PETERS: Objection to characterization of
16 testimony. Also, he is not supposed to hear the testimony
17 from other witnesses. He is a fact witness, but we object
18 to the characterization.

19 MS. CONNELL: Your Honor, I can point to the page
20 in the transcript, but this is the general tenor. The jury
21 can decide if I am reflecting the testimony correctly or
22 accurately.

23 MR. CORRELL: Misstates the testimony, your Honor.

24 THE COURT: I know it's more tedious, but I think
25 when we are talking about testimony from at least a number

2 MS. CONNELL: Okay. I don't know -- okay. Can we
3 please bring up the 4:21 p.m. I'm sorry. 1/29/24 transcript
4 at Page 2397, Lines 22 to 2398, Line 5.

5 Q Mr. King, are you aware that Mr. LaPierre admitted that
6 he sent a plane to pick up his niece's husband in Las Vegas
7 because the kid needed a babysitter?

8 A I had no idea what the reason was, but I was aware of
9 that after Mr. LaPierre had stated that, yes.

10 Q And you're aware that he acknowledges now that that's
11 -- that was a violation of Board authorization; right?

12 A Yes, I do, and as I stated earlier, that's --

13 Q Mr. King, I'm sure that the NRA counsel and that full
14 table of defense counsel can ask you questions. I'm going to
15 ask you answer my question.

16 A Apologize.

17 Q Thank you. And you're aware if we turn to Page 2924 at
18 2398, Lines 10 to 19 that he admitted that --

19 THE COURT: Let's get it up there.

20 Q 2398, Lines 10 to 19.

21 And you're aware that he also acknowledged that it was
22 wrong for the NRA to pay for his niece and her baby to fly on a
23 private jet because she was "stuck at an airport and their
24 flight had been delayed;" right?

25 A As I stated in the last question you asked, I knew that

KM

1 that had happened. I had no idea what the reasons were and
2 because he apologized and made restitution --

3 Q Well, let's talk about that.

4 You said Mr. LaPierre made restitution; right?

5 A Yes.

2 Q You don't have personal knowledge of how much money
3 Mr. LaPierre owed the NRA; is that correct?

4 A Well, personal knowledge, no.

5 Q So, Mr. King, you don't have personal knowledge of
6 whether any amount Mrs. LaPierre repaid to the NRA were full
7 restitution for amounts he admits he wrongfully spent; right?

8 A Yes.

9 Q That's correct, right? Just to clear.

10 A Yes.

11 Q Thank you. And you're aware that Mr. LaPierre has
12 admitted this wrongdoing that he -- that he said occurred in the
13 past; right?

14 A Yes.

15 Q And Mr. LaPierre's retirement went into effect a few
16 days ago, correct?

17 A Correct.

18 Q And he was -- he left the NRA under his own steam;
19 right?

20 A Yes.

21 Q He wasn't fired; right?

22 A No.

23 Q Not suspended?

24 A No.

25 Q Nothing prevents him from coming back to the NRA should

1 he choose to do so in terms of a rule or determination within
2 the NRA; right?

3 A As far as I know, no.

4 Q Okay. You mentioned before that you would be offended
5 if someone told you how to vote; right?

6 A Yes.

7 Q But you know that Millie Hallow distributed crib sheets
8 of nominees and told board members who they should vote for;
9 right?

10 A I never received one, but I understand that that
11 happened and from what I understand they were suggestions.

12 Q You understand that Ms. Hallow distributed the crib
13 sheets to board members with suggestions on how to vote?

14 A Yes.

15 Q And that they came from Wayne LaPierre; right?

16 A That I don't know.

17 Q Did you ever ask who gave Ms. Hallow those crib sheets?

18 A I never got one, so I never asked.

19 Q You just heard about the crib sheets and didn't ask?

20 A Yeah, there was a board member who used to make a joke
21 about it all the time.

22 Q And you considered that a good joke?

23 A At the time it was funny, yes, the way it was done.

24 Q So, Mr. King, you said that the NRA welcomes spirited
25 debate among board members?

BP

3439

T. King - by Defendants - Cross/Ms. Connell

1 A Yes.

2 Q And that there's to your knowledge no retaliation for
3 dissenting voices in the NRA board?

4 A That's true.

5 Q You sometimes discuss NRA's business via text, right?

6 A Via text did you say?

7 Q Yes, like text message on your phone?

8 A Rarely.

9 Q You've exchanged texts with Ms. Hallow, correct?

10 A You know, I assume so, I don't know.

11 Q Let's take a look at PX 16 -- well, actually before we
12 get into that --

13 MR. PETERS: I'm going to object that this is
14 outside the scope of the direct. He never spoke about
15 Ms. Hallow or texts he received from her during his direct.

16 THE COURT: Overruled.

17 MS. CONNELL: Thank you, your Honor.

18 Q You have said before, Mr. King, that NRA members who
19 support accountability should be neutralized; right?

20 A I never said that.

21 Q Okay, so let's pull up PX 1620.

22 MS. CONNELL: This has not been admitted into
23 evidence, your Honor. I'm using it for impeachment.

24 I have a hardcopy if you'd like, but I'm going to
25 show it to...

1 (Handed up to the Court)

2 MS. CONNELL: I think we can bring it up and show
3 it to the witness since it is for impeachment, your Honor.

4 THE COURT: All right, so you're not seeking to
5 admit this and just to take it off the screen.

6 So, you're not publishing it?

7 MS. CONNELL: Why don't we not publish it right now
8 and I'll use it for the impeachment, but I will move to
9 admit it as well. So why don't we not publish it yet and
10 I'll ask him about it.

11 THE COURT: Okay.

12 Q Mr. King, this is a text stream between you, Joel
13 Friedman, Millie Hallow, Sandra Froman, Charles Cotton and
14 others; right?

15 A That's what it says, but I don't recall ever writing
16 this at all.

17 Q So, you exchanged texts with those people at times,
18 right?

19 A Certainly.

20 Q And I'll represent to you that this was a document
21 produced by the NRA in discovery. So you have no reason to
22 doubt that this is a text stream that you shared with these
23 people; right?

24 A I have no doubt that my name is on it, but I do not
25 remember doing that and I have no idea who Muhammad Ahmed is or

BP

3441

T. King - by Defendants - Cross/Ms. Connell

1 Alex Arnau. I never heard those names before until today.

2 Q You know who Willes Lee is; right?

3 A I absolutely know who Willes Lee is.

4 Q And you know who Charles Cotton is?

5 A I certainly do.

6 Q Marion Hammer?

7 A Yes.

8 Q Jay Prince?

9 A And I very rarely ever exchange e-mails with Marion
10 Hammer.

11 Q Jay Prince?

12 A Jay Prince, I very rarely exchange e-mails with Jay
13 Prince.

14 Q But you have texted with them, right?

15 A Or I text -- I very rarely. I can't even remember one
16 time texting Jay Prince.

17 Q But you have texted with him; right?

18 A I don't know. I just said I can't remember doing it.

19 Q So, let's take a look at this and let's see.

20 Okay, well, actually, Mr. King, you have the version
21 that will be brought up on the screen, has the phone numbers
22 redacted. But if you could look at the number that's there for
